## National Security, Public Safety, and First Responder Plans & Solutions

### Custom 4G Unlimited Smartphone Plan with Mobile Broadband Priority for National Security, Public Safety, and First Responders

Government Liabe Subscribers Only

The plan below reflects the monthly access charge discount. No additional discounts apply.

Only 4G LTE GSM/UMTS global-capable smartphones can be activated on this plan.

Monthly Access Fee	<b>\$39.99</b>
Monthly Minutes in U.S	Unlimited
Domestic Data Allowance <sup>(1)</sup>	Unlimited
Domestic Messaging Allowance	Unlimited

#### Optional Service Features

Domestic Mobile Hotspot	\$5.00 additional per month
Push-to-Talk	\$2.00 additional per month

**NOTE:** No domestic roaming or long distance charges. Coverage includes the Verizon Wireless 4G network; and the 3G and 3G Extended networks, while available. <sup>(1)</sup> Data usage on this rate plan is not subject to speed reductions ("throttling") within a given billing cycle. However, in the event data usage exceeds 25GB each billing cycle for three (3) consecutive billing cycles, data throughput speeds will automatically be reduced for data usage exceeding 25GB per billing cycle on a go-forward basis. Data usage for actively engaged and deployed fire, police, emergency medical technicians, emergency management agency, and assigned federal law enforcement users on this plan will not be subject to speed reductions regardless of data usage during any billing cycle. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at 480p. This service plan includes Mobile Broadband Priority. Mobile Broadband Priority ensures customers can connect to the network with priority by leveraging a pool of radio resources dedicated to enable their connection. Mobile Broadband Priority identifies the user with an Access Priority setting, giving them higher priority for network access than lower Access Class users. This service plan is available to National Security, Public Safety, and First Responders customers only as defined by the following NAICS (formerly SIC) Codes: (PP# 16807)

485111 Mixed Mode Transit Systems (Rail/Bus)	922190 Other Justice, Public Order, and Safety Activities

## Verizon Wireless Preemption Service Feature for National Security, Public Safety, and First Responders

Government Liable Subscribers Only

Monthly Access Fee Per MDN

**\$0.00**

**NOTE:** Verizon Wireless Preemption Service ("Preemption") is a capability that reallocates network resources to customers so that they can connect in emergencies. In those uncommon times when the network is fully utilized, Preemption automatically activates to provide approved personnel uninterrupted access to the network. It helps ensure our public safety customers can continue to communicate with each other during times of high network use. Preemption capability is available on the Verizon Wireless 3G, 4G and LTE data network. While Preemption capability may also be available on the networks of Verizon Wireless's domestic roaming partners, Verizon Wireless makes no representation of Preemption availability or reliability on such networks. Preemption is limited to select service rate plans and cannot be used in conjunction with devices or service plans utilized in conjunction with dedicated internet connections (including but not limited to, stationary wireless networking router devices), streaming video on non-smartphone devices (including but not limited to, body cameras and stationary video surveillance cameras), and IoT devices are expressly prohibited on this rate plan. This feature is available to National Security, Public Safety, and First Responder customers only as defined by the following NAICS (formerly SIC) Codes:

In order to qualify for these plans customer must use 4G capable equipment. Unless otherwise negotiated, Customer must provide its own equipment when activating service on Machine to Machine data plans, or may purchase Equipment at full retail price. If Customer's total number of M2M lines exceeds the highest number in the range of the tier upon which its monthly access fees are then being based, upon written notice from Customer, Verizon Wireless will change the monthly access fees to be based upon the tier in which Customer's total number of M2M lines then falls. If Customer's total number of M2M lines falls below the lowest number in the range of the tier upon which its monthly access fees are then being based, Verizon Wireless reserves the right to change the monthly access fees to be based upon the tier in which Customer's total number of M2M Lines then falls. **Data Sharing:** Sharing among M2M Lines is available only among M2M Lines active on this Plan. At the end of each bill cycle, any unused data allowances for lines sharing on the same account will be applied to the overages of the other lines on the same account beginning with the line with the lowest overage need.

### Custom 4G High Use Pooled Machine-to-Machine Primary Access Plan

Airtime for Field Force Manager service is included in the Monthly Charge and its use is subject to the Unlimited VZAccess terms and conditions. Not all devices are eligible to Field Force Manager.

## Regulatory Surcharges and Fees

Verizon Wireless' pricing does not include federal, state, local or foreign fees, assessments or other charges (collectively "fees"), which must be billed based on the jurisdiction in which the subscriber's cellular number is set up and located. Fees vary by state and local areas and are subject to change without notice.

Verizon Wireless cannot provide a comprehensive list of all charges and regulatory fees required and assessed when using a wireless device because they vary greatly from one jurisdiction to another.

In addition to taxes, surcharges and fees that we are required to collect, we will also collect charges to recover or help defray costs of taxes and governmental surcharges and fees imposed on us, and costs associated with governmental regulations and mandates on our business. These charges include, among others, a Regulatory Charge and a Federal Universal Service Charge, and are described below in more detail. These charges are Verizon Wireless charges, not taxes, and are subject to change. Because these charges are not taxes, your tax exemptions, if any, will not apply to these charges.

### **Federal Universal Service Charge**

Wireless carriers are assessed by the federal government to fund the delivery of universally-affordable telecommunications and information services under the Federal Universal Service Fund (FUSF) program.

The Federal Universal Service Charge (FUSC) is a percentage of the customer's applicable monthly wireless service charges based upon an assessment rate that changes quarterly. The rate for the quarter beginning – April 1, 2021 is 10.41%. The FUSC is determined by calculating a percentage of customer charges for telecommunications services.

Charges include:

- A portion of monthly access charges for voice calling plans
- Airtime used during voice calls
- Long distance charges for voice calls
- Certain data services

Charges excluded in the calculation are:

- Voice mail
- Non-telecommunication charges, such as:
  - Equipment sales & equipment rentals
  - National Access or Mobile Broadband
  - Mobile Web monthly access
  - Media Store downloads
  - Wireless phone insurance
  - Roadside assistance

The FUSC on other separately billed interstate and international long distance charges is 33.40%. The quarterly percentage rate for the FUSC is applied in our billing system. Verizon Wireless also imposes state universal service charges. These charges vary by jurisdiction and are subject to change depending on changes in the state universal service impositions on Verizon Wireless.

### **Regulatory Charge**

The FCC assesses wireless carriers the costs of enforcement, policy and rulemaking. The Regulatory Fee recovers Verizon Wireless' share of these costs, as well as some of the costs of implementing regulatory mandates, such as number portability. The Regulatory Charge is a flat charge of \$0.21 per Mobile Telephone Number (MTN) per month (excluding Mobile Broadband and NationalAccess Plans) and is \$0.02 per mobile number per month for Mobile Broadband and NationalAccess Plans, but is subject to change over time. Regulatory fees impacting the wireless industry are constantly evolving and are subject to change without notice. For more information you can visit the FCC's website at [www.fcc.gov](http://www.fcc.gov).

The FUSC and Regulatory Charge are included in the "Verizon Wireless Surcharges" section of the bill.

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall receive less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act apply.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, de-installation, and reinstallation services under SIN 132-8.

## **ADDITIONAL INFORMATION FOR ORDERING ACTIVITIES APPLICABLE TO ALL SPECIAL ITEM NUMBERS**

### **SPECIAL NOTICE TO AGENCIES: Small Business Participation**

SBA strongly supports the participation of small business concerns in the Federal Supply Schedules Program. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micro purchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service ([www.fss.gsa.gov](http://www.fss.gsa.gov)). The catalogs/pricelists, GSA Advantage!™ and the Federal Supply Service Home Page ([www.fss.gsa.gov](http://www.fss.gsa.gov)) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micro purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

#### **1. Liability for Injury or Damage**

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

#### **2. Statistical Data for Government Ordering Office Completion of Standard Form 279**

Block 9: G. Order/Modification Under Federal Schedule  
Block 16: Data Universal Numbering System (DUNS) Number: 968904698  
Block 30: Type of Contractor - C. Large Business  
Block 31: Woman-Owned Small Business - No  
Block 36: Contractor's Taxpayer Identification Number (TIN): 223372889  
2a. CAGE Code: 1HWU7  
2b. Contractor has registered with the SAM Database.

#### **3. Trade Agreements Act of 1979, as amended:**

This Contract is for commercial wireless service. To the extent that Verizon Wireless provides products on the open market, such products are manufactured by third parties and may contain elements or components produced in foreign countries.

#### 4. Federal Telecommunication standards (FED-STDS):

Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Supply Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

#### 5. Contractor Tasks/Special Requirements (C-FSS-370) (NOV 2001)

(a) Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.

(b) Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub .L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. The Industrial Funding Fee does NOT apply to travel and per diem charges.

NOTE: Refer to FAR Part 31.205-46 Travel Costs, for allowable costs that pertain to official company business travel in regards to this contract.

(c) Certifications, Licenses and Accreditations: As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.

(d) Insurance: As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.

(e) Personnel: The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.

(f) Organizational Conflicts of Interest: Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor's participation in such order may be restricted in accordance with FAR Part 9.5.

(g) Documentation/Standards: The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency's order.

(h) Data/Deliverable Requirements: Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.

(i) Government-Furnished Property: As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.

(j) Availability of Funds: Many Government agencies' operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.

## 6. **Contract Administration for Ordering Activities:**

Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the ordering activity's convenience, and (m) Termination for Cause (See C.1.)

## 7. **GSA Advantage!**

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

- (1) Manufacturer;
- (2) Manufacturer's Part Number; and
- (3) Product categories.

Agencies can browse GSA Advantage! at <https://www.gsaadvantage.gov/>

## 8. **Purchase of Open Market Items**

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract.

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items - - to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, **only if**-

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition

- requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
- (2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
- (3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
- (4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

## 9. Contractor Commitments, Warranties and Representations

- a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:
- (1) Time of delivery/installation quotations for individual orders;
  - (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/service/software package submitted in response to requirements which result in orders under this schedule contract.
  - (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.
- b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

## 10. Overseas Activities

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below:

Not Applicable

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

## 11. Blanket Purchase Agreements (BPAs)

Federal Acquisition Regulation (FAR) 13.303-1(a) defines Blanket Purchase Agreements (BPAs) as "...a simplified method of filling anticipated repetitive needs for supplies or services by establishing 'charge accounts' with qualified sources of supply." The use of Blanket Purchase Agreements under the Federal Supply Schedule Program is authorized in accordance with FAR 13.303-2(c)(3), which reads, in part, as follows: "BPAs may be established with Federal Supply Schedule Contractors, if not inconsistent with the terms of the applicable schedule contract."

Federal Supply Schedule contracts contain BPA provisions to enable schedule users to maximize their administrative and purchasing savings. This feature permits schedule users to set up “accounts” with Schedule Contractors to fill recurring requirements. These accounts establish a period for the BPA and generally address issues such as the frequency of ordering and invoicing, authorized callers, discounts, delivery locations and times. Agencies may qualify for the best quantity/volume discounts available under the contract, based on the potential volume of business that may be generated through such an agreement, regardless of the size of the individual orders. In addition, agencies may be able to secure a discount higher than that available in the contract based on the aggregate volume of business possible under a BPA. Finally, Contractors may be open to a progressive type of discounting where the discount would increase once the sales accumulated under the BPA reach certain prescribed levels. Use of a BPA may be particularly useful with the new Maximum Order feature. See the Suggested Format, contained in this Schedule Pricelist, for customers to consider when using this purchasing tool.

## **12. Contractor Team Arrangements**

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Contractor’s Reports of Sales and 552.238-76, Industrial Funding Fee, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

## **13. Prime Contractor Ordering From Federal Supply Schedules**

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order –

- a) A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and
- b) The following statement:

This order is placed under written authorization from \_\_\_\_\_ dated \_\_\_\_\_. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

## **14. Insurance – Work on a Government Installation (JAN 1997) (FAR 52.228-5)**

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government’s interest shall not be effective –

- (1) For such period as the laws of the State in which this contract is to be performed prescribe; or
- (2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

#### **15. Software Interoperability**

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at <http://www.core.gov>.

#### **16. Advance Payments**

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324)

## **Terms and Conditions Applicable to Wireless Services (Special Item Number 517312)**

### **1. Acceptance Testing**

The CRS Verizon Wireless provides is consistent with the highest quality of commercial practices in the industry. Verizon Wireless' inspection system is not subject to approval by the government.

### **2. Equipment**

The Contractor shall make available cellular voice and data devices. The cellular devices offered shall be compatible with the cellular access standards employed within the geographical scope of contract.

The Contractor shall provide programming of any cellular telephone device, including Contractor-provided and ordering activity-furnished devices, that conforms to the cellular service furnished by the Contractor.

### **3. Management and Operations Pricing**

The Offeror shall provide management and operations pricing on a uniform basis. All management and operations requirements for which pricing elements are not specified shall be provided as part of the basic service.

### **4. Training**

The Contractor shall provide normal commercial installation, operation, maintenance, and engineering interface training on the system. If there is a separate charge, indicate below:

Verizon Wireless will provide training assistance at no charge. Please call 1-800-561-6227

### **5. Monthly Reports**

In accordance with commercial practices, the Contractor may furnish the ordering activity/User with a monthly summary ordering activity report.

Verizon Wireless will provide upon request by Ordering Activity.

## VERIZON WIRELESS TERMS AND CONDITIONS

**Calling Plans and Associated Charges:** Some calling plans or monthly access price points may not be available in all markets. Subscriber's first partial and full month's access will not be refunded after activation of the Wireless Service. Activation fees are waived for all Government Subscribers. Charges for calls will be based on the cell sites used, which may be outside the calling plan coverage area even when the Subscriber is physically within the coverage area. Time of the call is based on the telephone switching office that carries the call, which may be different from the time of day shown on Subscriber's phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to the next full minute. Unused minutes and/or Megabytes are lost. On outgoing calls, charges start when Subscriber first presses SEND or the call connects to a network, and on incoming calls, when the call connects to a network (which may be before it rings). A call may end several seconds after Subscriber presses END or the call otherwise disconnects. Calls made on the Verizon Wireless network, are only billed if they connect (which includes calls answered by machines). Billing for airtime and related charges may sometimes be delayed. Calls to "911" and certain other emergency services are toll-free and airtime-free, however, airtime may be charged when dialing toll-free numbers. All features may not be available in all Verizon Wireless markets.

**Home Airtime and Roaming:** Home airtime minutes apply when making or receiving calls from a calling plan's home rate and coverage area. Coverage information is available at [www.verizonwireless.com](http://www.verizonwireless.com). Airtime is rounded up to the next full minute. Allowance minutes/Megabytes are not transferable except as may be available on calling plans with sharing. Subscribers must periodically dial \*228 to update roaming information. Automatic roaming may not be available in all areas and rates may vary. Roaming charges may be delayed to a later bill.

**Long Distance:** Unlimited domestic long distance is included when calling from the calling plan's home rate and coverage area, unless otherwise specified in the calling plan.

**Customer's Cell Phone Number and Caller ID.** Verizon Wireless will assign one Mobile Telephone Number ("MTN") to each Subscriber line. Other than as required to port an MTN, Customer does not have any property right in the MTN and Verizon Wireless may change, reassign, or eliminate an MTN upon reasonable notice to Customer under certain circumstances, including fraud prevention, area code changes and regulatory or statutory law enforcement requirements.

**Verizon Wireless Calling Plan Optional Services:** Additional fees may be required as per the individual calling plans.

Verizon Wireless Calling Plan Included Features	
Call Waiting <sup>1,6</sup>	Three Way Calling <sup>1,6</sup>
Call Forwarding <sup>6</sup>	No Answer/ Busy Transfer <sup>6</sup>
Caller ID <sup>2,6</sup>	Basic Voice Mail <sup>3,6</sup>
411 Connect <sup>sm</sup> <sup>4,6</sup> (Directory Assistance)	Basic TTXt Messaging <sup>5</sup>

<sup>1</sup>Airtime charges apply to all calls simultaneously.

<sup>2</sup>When making a call, Subscriber's MTN may be displayed to the receiving party with Caller ID capable Equipment. Caller ID service may not be available outside home airtime rate and coverage areas, and may not be compatible with certain enhanced features. Caller ID can be blocked for most calls by dialing \*67 before each call, or by ordering per-line call blocking where available. Calls to some numbers, such as toll-free numbers, cannot be blocked.

<sup>3</sup>Airtime charges apply to message retrieval.

<sup>4</sup>411 Connect, directory assistance with automatic call completion is subject to a per call fee plus airtime charges. Directory assistance rates are subject to change.

<sup>5</sup>TXT Messaging offered at the prevailing rate, currently \$0.02 per inbound and \$0.10 per outbound message per address. TXT message charges are subject to change.

<sup>6</sup>Feature not included on NationalAccess and BroadbandAccess Unlimited or Megabyte (MB) calling plans at no charge, but are available at the prevailing Verizon Wireless rates.

**Push to Talk Plus:** Push to Talk Plus (PTT+) capable Equipment required. Push to Talk Plus capable Equipment can only be used with a Push to Talk Plus calling plan. **Subscribers switching from a Push to Talk Plus Calling Plan to another calling plan may not be able to use certain Push to Talk Plus capable Equipment with the new plan.** Push to Talk Plus calls may only be made with other Verizon Wireless Push to Talk Plus subscribers. Push to Talk Plus Subscribers may initiate or participate on a call, simultaneously, with as many as 250 total participants (total is limited to (50) if interoperating between 3G and 4G participants). Administrators can be designated to manage the Push to Talk contact lists via a single website interface with a single user name/password. Existing Push to Talk Subscriber Equipment may require a software upgrade to use Push to Talk Plus or replacement with a Push to Talk Plus capable device. Push to Talk Plus is only available within the National Enhanced Services Rate and Coverage Area and WiFi access points. There will be a delay from the time a Push to Talk Plus call is initiated until the Push to Talk Plus call is first received by the called party. If an incoming voice call is received while on a Push to Talk Plus call the voice call may be answered and the Push to Talk Plus placed on hold. If an incoming Push to Talk Plus call is received while on a Push to Talk Plus call the PTT call icon can be selected to connect to the Push to Talk Plus call. If the incoming voice or Push to Talk Plus call is not answered a missed call alert will display. Network registration information will be sent to the Equipment each time it is powered on in the National Enhanced Services Rate and Coverage Area, each time the Subscriber travels into the National Enhanced Services Rate and Coverage Area, and every 12 hours if the Subscriber stays within the National Enhanced Services Rate and Coverage Area. While the updated network registration information is being sent to the Equipment, incoming voice calls will go directly to voice mail. Contact list cannot be modified from certain Equipment. Subscriber cannot prevent others who have the Subscriber's MTN from entering the MTN into their Push to Talk contact list. Only one person can speak at a time during a Push to Talk Plus call. In-Call Talker Override (Talker Priority) allows a pre-determined user priority to take the floor to communicate urgent message over participant. Push to Talk Plus services cannot be used for (i) access to the Internet, intranets or other data networks, except as the device's native applications & capabilities permit, (ii) any applications that tether Equipment to laptops, personal computers or other devices for any purpose.

**Push to Talk:** Push to Talk capable Equipment required. Push to Talk capable Equipment can only be used with a Push to Talk calling plan. Subscribers switching from a Push to Talk Calling Plan to another calling plan will not be able to use Push to Talk capable Equipment with the new plan. Push to Talk calls may only be made with other Verizon Wireless Push to Talk subscribers. Push to Talk Subscribers may initiate or participate on a call, simultaneously, with as many as 20 total participants (19 members per group plus the originator). Push to Talk groups must be established via the Push to Talk website

prior to initiating a group call. Subscribers may establish as many as 50 group lists of up to 20 participants (19 members per group plus the originator). Existing Push to Talk Subscriber Equipment may require a software upgrade. Push to Talk is only available within the National Enhanced Services Rate and Coverage Area. There will be a delay from the time a Push to Talk call is initiated until the Push to Talk call is first received by the called party. A Push to Talk call will automatically time out after twenty (20) seconds of inactivity. While on a Push to Talk call, incoming voice calls will go directly to voice mail. When on a voice call, a Push to Talk call cannot be received. Network registration information will be sent to the Equipment each time it is powered on in the National Enhanced Services Rate and Coverage Area, each time the Subscriber travels into the National Enhanced Services Rate and Coverage Area, and every 12 hours if the Subscriber stays within the National Enhanced Services Rate and Coverage Area. While the updated network registration information is being sent to the Equipment, incoming voice calls will go directly to voice mail. Contact list cannot be modified from certain Equipment. Subscriber cannot prevent others who have the Subscriber's MTN from entering the MTN into their Push to Talk contact list. Only one person can speak at a time during a Push to Talk call. Push to Talk services cannot be used for (i) access to the Internet, intranets or other data networks, except as the device's native applications & capabilities permit, (ii) any applications that tether Equipment to laptops, personal computers or other devices for any purpose.

**Mobile to Mobile:** Mobile to Mobile minutes apply when making calls directly to or receiving calls directly from another Verizon Wireless Subscriber while in the America's Choice Home Rate and Coverage area. Mobile to Mobile does not apply to fixed wireless devices with usage substantially from a single cell site, for Push to Talk calls, if Call Forwarding or No Answer/Busy Transfer features are activated, or to data usage. Mobile to Mobile is not available to Subscribers whose current wireless exchanges restrict the delivery of Caller ID. Mobile to Mobile minutes will be applied before home airtime minutes.\*

**Night and Weekends:** Applies to calls made in a calling plan's home rate and coverage area only during the following hours: 9:01pm Friday through 5:59am Monday and 9:01pm to 5:59am Monday through Friday.\* **\*NOTE:** If both Night and Weekend and Mobile to Mobile minute allowances apply to a given call, Mobile to Mobile minutes will apply before Night and Weekend minutes. However, if either allowance is unlimited, the unlimited allowance will always apply first.

**TXT Messaging:** TXT Messaging includes Short Message Service (SMS up to 160 characters) and Enhanced Messaging Service (EMS up to 1120 characters). Enhanced TXT Messages sent to most SMS handsets will be delivered as multiple TXT messages of up to 160 characters each. Subscribers have the option to have text messages disabled entirely without affecting voicemail or other related services. TXT Messaging plans do not include Operator Assisted Messaging or International Messaging, which is available for 25¢ per message sent and 10¢ per message received; see [www.vtext.com](http://www.vtext.com) for details and countries. Verizon Wireless is not responsible for information sent using TXT Messaging or Enhanced TXT Messaging. Verizon Wireless cannot guarantee that messages will be received and is not responsible for messages that are lost or misdirected. Messages not delivered after 5 days are automatically deleted. Airtime charges do not apply to the sending or receiving of text messages. When sending messages from Equipment, the sender's MTN will always be sent to the destination, even if Caller ID is used to block voice calls.

**Mobile to Mobile Messaging:** Cannot be combined with any other package that includes a TXT or PIX&FLIX allowance. Mobile to Mobile Messaging applies only to TXT/ PIX/ FLIX messages sent to and received from other Verizon Wireless Subscribers' phones, while both wireless Subscribers are within the National Enhanced Services Rate and Coverage Area. Additional messages apply to PIX Place, VTEXT/ TXT Alerts/ getAlerts, Instant Messaging (IM), Email, Premium Text Services, TXT/PIX/FLIX sent to non-Verizon Wireless customers, these messages will be decremented from the Subscriber's Additional Message allowance, or billed as overage. Additional Messages may not be applied toward International TXT Messaging, which cost 25¢ per message sent and 10¢ per message received; see [www.vtext.com](http://www.vtext.com) for details and countries.

**Multi-Media Messaging (MMS):** Multi-Media Messaging (MMS) includes Picture (PIX) and Video (FLIX) messaging and is only available within the National Enhanced Services Rate and Coverage Area. In addition to MMS charges, MMS uses calling plan home airtime minutes or kilobytes. Canceling an MMS after pressing SEND may result in sent messages that contain only partial content. Subscriber will be charged for outgoing MMS, even if not received by the intended recipient, or even if only partial content is delivered. Subscriber will not be charged for incoming MMS unless received. MMS that cannot be delivered within 5 days will be deleted. MMS is not available for use with a Mobile Office Kit. Camera phones are prohibited in some places. Subscribers are solely responsible for complying with all applicable laws, rules, regulations and policies regarding camera phone use.

**Private Network Traffic Management (PNTM):** PNTM allows Customer to configure its Private Network to allow differentiated Quality of Service (QoS) by application over Verizon Wireless's LTE network using standards-based IP packet marking. Customer can identify applications on its 4G LTE devices to get priority QoS over its Private Network. Verizon Wireless makes no guarantee of PNTM bandwidth allocations, which are subject to the limitations of wireless service availability as detailed in the Agreement. Customer is responsible for any charges associated with the customization of its CPE to support PNTM.

**PNTM for Public Safety:** Eligible public safety accounts can take advantage of priority access to a data channel over the Wireless Service for its data traffic during times of heavy network demand. While PNTM for Public Safety enables a dedicated data channel, Verizon Wireless makes no guarantee of Wireless Service availability, which is subject to the limitations of wireless service availability as detailed in the Agreement. PNTM for Public Safety is only available to Customers approved by Verizon Wireless that qualify as Public Safety Entities classified by specific NAICS codes.

**Customer Private Network Contact:** Customer must designate a Private Network representative and provide contact information, including a phone number and email address. The Private Network contact will work with the Verizon Wireless solution engineer through the Private Network implementation and testing processes detailed below. The contact shall be available during business hours and any other time period that Customer utilizes Private Network for the purpose of assisting to resolve service problems and trouble shooting.

**Private Network Implementation and Testing:** Verizon Wireless will implement Customer's Private Network, which requires Customer to a) provide any information (e.g., account numbers, IP address ranges, router/CPE information) necessary to complete the Private Network Connectivity Form; b) participate in a Private Network turn-up call to ensure that CPE is properly configured to support the Private Network connection; and c) participate in a Solution Validation call to confirm that Private Network is working properly from Verizon Wireless to Customer's applications.

**International Long Distance:** International Long Distance is available but may be subject to a 90-day payment history with Verizon Wireless. International long distance rates will vary and do not apply to calls to Canada, Puerto Rico, the U.S. Virgin Islands and some U.S. Protectorates, or to credit card or operator assisted calls.

**Verizon Wireless International Long Distance Value Plan:** Requires subscription to a qualifying calling plan and international dialing capability (I-DIAL). The ability to make international calls is not guaranteed and may be restricted without notice. Rates apply only on calls to Value Plan countries made

from calling plan home airtime rate and coverage areas. If a calling plan includes calls to any Value Plan country, those calls will be billed per the terms of the calling plan except when roaming on another carrier's network, in which case that carrier's rates will apply. Current international calling rates may be found at [www.verizonwireless.com](http://www.verizonwireless.com).

**International Roaming (Global Phone):** Availability of calling features and TXT messaging varies by country and network. Existing Subscribers who purchase a Global Phone may have to set up a new voice mailbox and, if so, will lose access to previously stored messages upon activation of Global Phone. Voice mail messages will be time-stamped Eastern Time. Calls to voice mail will appear on the bill as calls to the Subscriber's MTN. Actual availability of service in foreign countries may vary and is subject to change. Taxes and other regulatory surcharges may apply and may vary by country. While roaming on another carrier's wireless network, dialing rates and country availability may vary due to the roaming carrier's international dialing policies. Billing for airtime used when roaming may be delayed up to two billing cycles. By using Equipment outside the United States, Subscriber is solely responsible for complying with all applicable foreign laws, rules and regulations ("Foreign Laws"), including Foreign Laws regarding use of wireless phones while driving and use of wireless camera phones. Verizon Wireless is not liable for any damages that result from Subscriber's failure to comply with Foreign Laws.

**Roaming in CDMA countries outside of the US:** Roaming in CDMA countries is \$0.69 per minute and only in "CDMA" mode where service is available. An update to Equipment software is required to roam in S. Korea.

**Roaming in GSM countries:** CDMA/GSM Global Phone, activated in the United States with compatible Subscriber Identity Module (SIM) card required. Rates, terms and conditions apply only when roaming on participating GSM networks in published Global Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive incoming calls (including return calls from emergency services personnel) may be restricted. Where TXT messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received. TXT messaging rates are subject to change. TXT messages cannot exceed 140 characters and may be sent only to MTNs of (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in international text messaging.

## VZAccess and VZEmail (Mobile Broadband & Data Services)

**VZAccess and VZEmail Calling Plans and Features:** VZAccess includes NationalAccess (IXRTT) and BroadbandAccess (EVDO/4G) calling plans. VZEmail includes PDA/Smartphone and BlackBerry calling plans. VZAccess and VZEmail usage is subject to VZAccess Acceptable Use Policy, available on [www.verizonwireless.com](http://www.verizonwireless.com). VZEmail optional features may only be purchased in conjunction with eligible voice calling plan with a monthly access fee of \$34.99 or higher. Monthly Megabyte allowances apply only to NationalAccess and BroadbandAccess data transmissions. Other data (Quick 2 Net<sup>SM</sup> or dial-up) transmissions as well as voice calls will be billed at the per minute overage rate according to the VZAccess calling plan. For optional data features, "other data" will be billed as anytime minutes or at the per minute overage rate according to the underlying calling plan. When traveling outside the National Enhanced Services Rate and Coverage Area, Subscribers may be charged at the "other data" rate for data usage. NationalAccess data sessions require a NationalAccess capable PC Card, Smartphone, BlackBerry or handset with its compatible Mobile Office Kit, and must be placed within NationalAccess service area. BroadbandAccess data sessions require BroadbandAccess capable Equipment and must be placed within BroadbandAccess service area. PDA/Smartphone and BlackBerry users that move from a VZEmail plan or feature, or a Voice and Data Choice Bundle to another calling plan will not be able to use their PDA/Smartphone or BlackBerry on the new calling plan and will need to purchase or provide compatible voice Equipment to switch to the new calling plan. All data sessions automatically terminate after 24 hours of activity and on unlimited calling plans after 2 hours if inactivity. Data session is inactive when no data is being transferred. Data session may seem inactive while data is actively being transferred to Equipment, or may seem active when it is actually cached and not transferring data. Subscriber MUST press or click END or DISCONNECT button to ensure that session disconnects and charges cease. Third-party applications may automatically reinitiate data sessions without the Subscriber pressing or clicking SEND or CONNECT button. Voice calls cannot be received when an e-mail or other data transmission is occurring. Voice calls are possible when NationalAccess data session is inactive; however, charges apply simultaneously to the data session and the voice call in accordance with the applicable calling plan. Voice calls are not available with BroadbandAccess. Customer must maintain virus protection when accessing the service. Customer is responsible for all charges, including all data sent and received and "overhead" whether or not Subscriber or recipients actually receive the data. "Overhead" is all data that is in addition to user-transmitted data, such as control, operational and routing instructions, error-checking characters and retransmissions of user-data messages that are received in error. VZEmail calling plans and optional features not available with PC cards or wireless modems, including wireless Equipment tethered to a PC. In order to use some VZEmail features and applications, Subscriber's PC (or server where applicable) must be powered on, able to receive e-mail, and have Equipment manufacturer software (BlackBerry Desktop, Wireless Sync or GoodLink) installed. If Equipment is turned off or if the Subscriber travels outside the NationalAccess service area, e-mail messages will be automatically stored for up to 7 days and forwarded when the Subscriber returns to the NationalAccess service area. Receiving e-mail attachments and graphics may be limited based on the Equipment model or software. With some Equipment, e-mails received may display only the first 2 kilobytes of information with additional 2 kilobyte increments delivered at the Subscriber's request.

**Unlimited Data Plans and Features (such as NationalAccess, BroadbandAccess, Mobile Broadband, Push to Talk, and certain VZEmail services) may ONLY be used with wireless devices for the following purposes:** (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). The Unlimited Data Plans and Features MAY NOT be used for any other purpose. Examples of prohibited uses include, without limitation, the following: (i) continuous uploading, downloading or streaming of audio or video programming or games; (ii) server devices or host computer applications, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing; or (iii) as a substitute or backup for private lines or dedicated data connections. This means, by way of example only, that checking email, surfing the Internet, downloading legally acquired songs, and/or visiting corporate intranets is permitted, but downloading movies using P2P file sharing services and/or redirecting television signals for viewing on laptops is prohibited. For individual use only and not for resale. We reserve the right to protect our network from harm, which may impact legitimate data flows. We reserve the right to limit throughput or amount of data transferred, and to deny or terminate service, without notice, to anyone we believe is using an Unlimited Data Plan or Feature in any manner prohibited above or whose usage adversely impacts our network or service levels. **Verizon Wireless will limit throughput of data speeds should 25GB of data be used within a given bill cycle.**

Anyone using more than 25 GB per line within a given bill cycle is presumed to be using the service in a manner prohibited above, and we reserve the right to immediately terminate the service of any such person without notice. We also reserve the right to terminate service upon notification to the customer.

**Unlimited VZAccess and VZEmail:** NationalAccess, BroadbandAccess, and GlobalAccess data sessions may be used for the following purposes: (i) Internet browsing, (ii) e-mail, and (iii) intranet access (including access to corporate intranets, e-mail and individual productivity applications like customer relationship management, sales force and field service automation). Unlimited VZAccess, VZEmail and Push to Talk services cannot be used (i) for uploading, downloading or streaming of movies, music or games, (ii) with server devices or with host computer applications, other than applications required for BlackBerry or Wireless Sync service, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, Voice over IP (VoIP), automated machine-to-machine connections, or peer-to-peer (P2P) file sharing, or (iii) as a substitute or backup for private lines or dedicated data connections. Additionally, Unlimited VZEmail services cannot be used for, (i) access to the Internet, intranets or other data networks, except as the Equipment's native applications and capabilities permit, or (ii) for any applications that tether Equipment to laptops or personal computers other than for use of the Wireless Sync or BlackBerry Solutions. Unlimited BroadbandAccess and NationalAccess data sessions automatically terminate after 2 hours of inactivity, unless Subscriber has Mobile IP (MIP) capable Equipment.

**VZEmail Megabyte (MB) Data Plans:** Megabyte allowance and charges for kilobytes over the monthly allowance apply to NationalAccess and BroadbandAccess data sessions and are rounded to next full kilobyte at end of each billing cycle. Only total of kilobytes transmitted above allowance each billing cycle may appear on bill.

**VZEmail Server Software (Wireless Sync Enterprise Server, GoodLink Server & BlackBerry Enterprise Server (BES)):** Verizon Wireless is not the licensor of the Wireless Sync Enterprise Server, GoodLink Server or BES Server and makes no representations or warranties whatsoever, either express or implied, with respect to such servers and associated software. The Wireless Sync Enterprise Server software is manufactured by Intellisync. The GoodLink Server is manufactured by, and sold separately by Good Technology. The BES software is manufactured by Research in Motion ("RIM"). Any license for such software must be obtained directly from the software manufacturer either upon purchase or installation of the software. Customer support for the Wireless Sync Enterprise Server, GoodLink, or BES software must be obtained from the software manufacturer. If Verizon Wireless in its sole discretion determines that a Smartphone or BlackBerry related inquiry from a Subscriber is related to the Wireless Sync Enterprise Server, GoodLink or BES software and not one concerning Equipment or desktop software, it may transfer the service request to appropriate representatives of the software manufacturer. When you use Microsoft's Exchange ActiveSync, Notify's NotifyLink, or Intellisync's Intellisync Mobile Suite, every time you receive an email or other update you may be charged for an incoming TXT Message. To avoid TXT Messaging charges, you can set up timed synchronization or manually initiate synchronization.

**NationalAccess Roaming Feature:** Not for use with Mobile Office Kits. Dynamic IP addresses will be assigned when roaming. Usage rounded up to next full kilobyte. For information on where NationalAccess Roaming is available, see [www.verizonwireless.com](http://www.verizonwireless.com).

**GlobalAccess:** Global PC Card required for international use. Global PC Cards will not work in the United States or Canada and GlobalAccess Subscribers will need a NationalAccess or BroadbandAccess PC card for domestic use. The domestic and Global PC Cards cannot be used at the same time. GlobalAccess Subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. Verizon Wireless reserves the right to terminate the service of any Subscriber whose total usage is less than half on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles. Verizon Wireless SIM Cards are for use only with the Global PC Card and only for the purpose of this service. Subscriber is responsible for any unauthorized use of its SIM Cards and must safeguard security codes. Upon termination of service, Subscriber must destroy SIM Card. By using your Global PC Card outside the United States, Subscriber is solely responsible for complying with all applicable Foreign Laws. Verizon Wireless will not be liable for any damages that result from Subscriber's failure to comply with Foreign Laws.

**GlobalEmail:** GlobalEmail capable equipment required. Verizon Wireless reserves the right to terminate the GlobalEmail service of Subscribers that have less than half of their usage on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles. SIM Cards are for use with GlobalEmail Equipment, and only for the purpose of GlobalEmail service. Customer is responsible for any unauthorized use of SIM Cards, and must safeguard security codes. Upon termination of service, please destroy any applicable SIM Cards. Subscribers using GlobalEmail outside the United States, agree that they are solely responsible for complying with all applicable foreign laws, rules and regulations ("foreign laws"). Customer agrees that Verizon Wireless is not liable for any damages that result from Subscriber's failure to comply with foreign laws. GlobalEmail Subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. TXT messaging billed at standard domestic and international TXT Messaging rates. Existing Verizon Wireless Subscribers migrating to GlobalEmail plans may be required to extend their Line Term.

**Mobile Broadband Machine-to-Machine plan sharing options, Account Share:** Customer may activate up to 15 share groups per account. Sharing is available only among M2M Lines on the Mobile Broadband M2M Account Share Plans on the same billing account, in the same usage group (Low Usage and High Usage plans cannot share with each other). Unused KBs will be distributed to M2M Lines with an overage on an as needed basis to M2M Lines on the same billing account that have exceeded their MB allowance during the same monthly billing period. At the end of each bill cycle any unused KBs allowances will be applied to the overages of the other M2M Lines on the same account beginning with the line with the lowest overage need until depleted. Customers subscribing to Mobile Broadband M2M Account Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Profile Share Plans. **Multi-Account Share:** Customer may activate one (1) share group per profile (Low Usage and High Usage plans cannot share with each other); however, customer may have multiple bill accounts on the same profile. Sharing is available only among M2M Lines on the Mobile Broadband M2M Multi-Account Share Plans on the same profile, in the same usage group. Each sharing M2M Lines unused KBs will pass to other sharing M2M Lines that have exceeded their data allowance during the same monthly bill cycle. Unused KBs will be distributed proportionally as a ratio of the KBs needed by each applicable M2M Line to the total KBs needed by all sharing M2M Lines on the same profile. Customers subscribing to Mobile Broadband M2M Profile Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Account Share Plans. Note: A profile is defined as a Customer's overarching account of record under which Customer may have multiple billing accounts.

**Share Option:** Sharing is available only among Government Subscribers on applicable calling plans choosing the Share Option. **America's Choice for Business & Voice and Data Choice Bundles for Business Subscribers:** Sharing on these calling plans is for voice home airtime minutes only. Sharing may require all Subscribers to be on the same billing account. Each sharing Subscriber's unused anytime minutes will pass to other sharing Subscribers that have exceeded their anytime minutes during the same monthly billing period (Mobile to Mobile minutes and Night and Weekend minutes do not share). Each sharing Subscriber's Monthly Home Airtime Allowance Minutes apply first to that line. Unused Monthly Home Airtime Minutes are then shared with other sharing Subscribers that have exceeded their Monthly Home Airtime Allowance in order of highest usage. Calling plan changes may not take effect until the billing cycle following the change request. Accounts that share across Verizon Wireless billing systems require set up that may take thirty (30) to sixty (60) days.

**Call Filter and Call Filter Plus Service:** Call Filter is available to Customer for no additional monthly charges, and provides spam protection (spam alerts, blocking and reporting). Call Filter utilizes network-based functionality to provide spam alerts and caller ID information on Customer's devices, and will not require the Call Filter application for these features. Spam blocking and other enhanced spam protection tools require the Call Filter application and a compatible device. Availability of certain features will vary depending on the device. For a full list of compatible devices and available features by device, click on Supported Devices at <https://www.verizonwireless.com/solutions-and-services/call-filter/>. Basic phones will receive network-based spam protection. Call Filter requires Verizon Wireless's 4G LTE network; limited features of the Service may be available if Customer is roaming on a VoLTE network outside of Verizon Wireless's 4G coverage area. Call Filter is not available for incoming calls from restricted or unlisted numbers. Call Filter does not detect spam calls from international numbers, but Customer may choose to block calls from international numbers. Call Filter utilizes analytics and databases that are continually evolving, including spam reporting by customers. Call Filter may not work with some of our other services like NumberShare or eSIM lines. Call Filter will alert Customer when Customer receives potential spam calls and allows Customer to turn on the spam filter to automatically block (send directly to voicemail) spam calls based on Customer's preferred risk level (as determined by Customer in the Call Filter application). If Customer enrolls in Call Filter through the Call Filter application, Verizon will automatically turn on Customer's spam filter to block all high-risk spam calls, but Customer can always turn off or adjust the blocking within the Call Filter application. Call Filter's spam detection and block management may inadvertently mislabel or block legitimate callers including those to whom Customer may have given consent to communicate with via Customer mobile number. Verizon Wireless does not guarantee that all calls that are spam will be detected. Customer's spam settings such as spam filters and personal block and spam lists will be permanently deleted once Customer changes devices, uninstalls the Call Filter application, unsubscribes or downgrades the Service, or in the case of Android users, disables the Call Filter application or clear application cache or data.
