

NOVEMBER 30, 2020

To Whom It May Concern:

The members of our Golden Isles Homeowners Association board of directors write this letter in full support of the City of Hallandale Beach's application to change our narrow Intracoastal Waterway to a Slow Speed Zone.

We have observed firsthand the very unsafe boating speeds and reckless behavior endangering our residents. This has continued unabated for many years, despite recent marine enforcement with over 200 speeding citations issued, due to the current unwarranted 25 mph speed zone.

We firmly believe that the City's requested Slow Speed Zone is much needed to protect both our residents and boaters in our seaside community.

Thank you.

A handwritten signature in black ink, appearing to read "Faith Fehr", written over a horizontal line.

**Faith Fehr
