March 10, 2021

Captain Aaron Smith  
Hallandale Beach Police Department  
400 South Federal Highway  
Hallandale Beach, FL 33009

To Captain Smith:

This letter serves as confirmation as the developer and owner of the copyright to the CryWolf false alarm management solution. CentralSquare is the sole source for the purchase of outsource services for the CryWolf solution. Since 1999, CryWolf false alarm management solution has been selected by more than 330 agencies supporting over 500 cities, counties, and other municipalities throughout the United States and Canada, including nearly 35 Florida agencies.

The CryWolf false alarm software already has an operational interface to Broward County's Motorola CAD system. This critical interface provides the ability to import false alarm incidents from the Broward County Motorola Premier CAD to the CryWolf database for daily processing of false alarm violations. This interface is automated, using scheduled data transfers off-peak hours, and does not require any City or County to operate.

Sincerely,

DocuSigned by:
