CITY shall not be responsible for monitoring CONTRACTOR'S compliance with any laws and regulations. CONTRACTOR shall promptly notify CITY if the Contract Documents are observed by CONTRACTOR to be at variance therewith.

6.15 Risk of Loss; Title.

The risk of loss, injury or destruction shall be on CONTRACTOR until Final Completion and acceptance of the Project. Title to the Work shall pass to CITY upon Final Completion and acceptance of the Work by CITY.

6.16 Taxes.

CONTRACTOR shall pay all sales, consumer, use and other similar taxes required to be paid by CONTRACTOR in accordance with the laws and regulations of the State of Florida and its political subdivisions. CONTRACTOR is responsible for reviewing the pertinent state statutes involving such taxes and complying with all requirements. CITY and CONTRACTOR shall jointly cooperate so that CITY may order and pay for goods and supplies which will be incorporated into the Work; the goods and supplies that may be purchased by CITY shall be approved in advance by the parties. Even though the CITY may purchase such goods and materials, the same shall be stored at the site in the same manner as goods and materials purchased by the CONTRACTOR, and CONTRACTOR shall bear the risk of loss.

6.17 Use of Premises.

6.17.1 CONTRACTOR shall confine equipment, the storage of materials and equipment and the operations of workers to the Project site and areas identified in and permitted by the Contract Documents and shall not unreasonably encumber the premises with equipment or other materials. CONTRACTOR shall assume full responsibility for any damage to any such land or area, or to the owner or occupant thereof or of any land or areas contiguous thereto, resulting from the performance of the Work. Should any claim be made against CITY by any such owner or occupant because of the performance of the Work, CONTRACTOR shall promptly attempt to settle with such other party by agreement or otherwise resolve the claim. The general indemnification provided elsewhere in this Contract specifically applies to claims arising out of CONTRACTOR'S use of the premises.

6.17.2 During the progress of the Work, CONTRACTOR shall at all times keep the premises free from accumulations of waste materials, rubbish and other debris resulting from the Work. At the completion of the Work CONTRACTOR shall remove all waste materials, rubbish and debris from and about the premises as well as all tools, appliances, equipment and machinery, and surplus materials, and shall leave the site clean and ready for occupancy by CITY. CONTRACTOR shall restore to original condition all property not designated for alteration by the Contract Documents.

6.17.3 CONTRACTOR shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall CONTRACTOR subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

6.18 Access to Work.

CONTRACTOR shall provide CITY, CITY'S consultants, representatives and personnel, independent testing laboratories and governmental agencies with jurisdictional interests with access to the work at reasonable times for their observation, inspection and testing. CONTRACTOR shall provide them proper and safe conditions for such access; and shall advise them of CONTRACTOR'S site safety procedures and programs so that they may comply therewith.

Safety and Protection.

6.19.1 CONTRACTOR shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work to prevent damage, injury or loss to all employees on the work site and other persons and organizations who may be affected thereby; all the Work and materials and equipment to be incorporated therein, whether in storage on or off the site; and other property at the site or adjacent thereto.

6.19.2 CONTRACTOR shall comply with all applicable laws and regulations of any public body having jurisdiction for the safety of persons or property or to protect them from damage, injury or loss.

Indemnification.

6.20.1 **GENERAL INDEMNIFICATION:** The parties agree that one percent (1%) of the total compensation paid to CONTRACTOR for the Work under this Agreement shall constitute specific consideration to CONTRACTOR for the indemnification to be provided under this Agreement. CONTRACTOR shall indemnify, defend, save and hold harmless the CITY and the CITY's elected officials, public employees, consultants and separate contractors, any of their subcontractors, sub-subcontractors, agents and employees from and against any and all claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of or related to and/or resulting from performance of the Work. These indemnification obligations shall include claims, damages, losses or expenses (1) that are attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself) including loss of use resulting therefrom, and/or (2) to the extent such claims, damages, losses or expenses are caused in whole or in part by negligent acts or omissions of the CONTRACTOR'S, anyone directly or indirectly employed by either or anyone for whose acts either may be liable, regardless of whether or not they are caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge or otherwise reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this Article.

6.20.2 In claims against the CITY or its consultants and its contractors, their subcontractors, sub-sub-contractors, agents or employees by an employee of the CONTRACTOR, its contractors, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under this Article 19.1 shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for the City, or a CONTRACTOR's contractor, under workers' or workmen's compensation acts, disability benefits acts or other employee benefit acts.

Patent and Copyright Indemnification.

CONTRACTOR agrees to indemnify, defend, save and hold harmless the CITY, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against CITY, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent and/or for the infringement of any and all copyrights or patent rights claimed by any

person, firm, or corporation. CONTRACTOR shall pay all claims, losses, liens, settlements or judgments of any nature whatsoever in connection with the foregoing indemnifications including, but not limited to, reasonable attorney's fees and costs. CITY reserves the right to select its own legal counsel to conduct any defense in any such proceeding and all costs and fees associated therewith including any costs or fees of an appeal shall be the responsibility of CONTRACTOR under the indemnification agreement. Nothing contained herein is intended nor shall it be construed to waive CITY'S rights and immunities under the common law or Florida Statute 768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party described in this Paragraph and its subparts.

6.22 Survival of Obligations.

All representations, indemnifications, warranties and guarantees made in, required by, or given in accordance with this Agreement, as well as all continuing obligations indicated in the Contract Documents, shall survive final payment, completion and acceptance of the work and termination or completion of this Agreement.

6.23 Correction or Removal of Defective Work.

If required by CITY, CONTRACTOR shall promptly, as directed, either correct all defective Work, whether or not fabricated, installed or completed, or, if the Work has been rejected by CITY, remove it from the site and replace it with non-defective Work. CONTRACTOR shall bear all direct and indirect costs of such correction or removal (including but not limited to fees and charges of engineers, architects and other professionals) made necessary thereby.

ARTICLE 7 - CITY'S RESPONSIBILITIES

7.1 CITY shall furnish data required of CITY under the Contract Documents promptly. The CONTRACTOR understands and agrees that any information provided to it by the CITY as to any aspect of the Project is not guaranteed.

7.2 CONTRACTOR shall secure all necessary easements, assessments, and charges required for construction, use, or occupancy of permanent structures or permanent changes in existing facilities.

7.3 If the Work is defective, or CONTRACTOR fails to supply sufficient skilled workers or suitable materials or equipment, or fails to furnish or perform the Work in such a way that the completed Work will conform to the Contract Documents, CITY may order CONTRACTOR to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of CITY to stop the Work shall not give rise to any duty on the part of CITY to exercise this right for the benefit of CONTRACTOR or any other party.

7.4 CITY may assist CONTRACTOR with expedient processing of permits. The CITY makes no guarantee of approval or waiver of any requirements of the CITY's code of ordinances.

ARTICLE 8 – PROJECT MANAGER

8.1 The Project Manager will be CITY'S contact person during the construction period and until final payment is due to CONTRACTOR.

8.2 Visits to Site.

Project Manager may, at its sole discretion, make visits to the site to observe the progress and quality of the executed work.

8.3 Authorized Variations in Work.

Project Manager may authorize minor variations in the Work from the technical requirements of the Contract Documents which do not involve an adjustment in the Guaranteed Maximum Price or the Contract Time and are consistent with the overall intent of the Contract Documents. These may be accomplished by a Field Order and will be binding on CITY and on CONTRACTOR who shall perform the work involved promptly.

8.4 Rejecting Defective Work.

If Project Manager becomes aware of any fault or default in the Work, he/she may give written notice thereof to CONTRACTOR. The failure to provide notice shall not waive the warranty of the CONTRACTOR that the work is to be free of defect whether latent or patent.

ARTICLE 9 - BUILDING DIVISION'S RESPONSIBILITIES

9.1 It is understood and agreed by the CONTRACTOR that the Building Division and its inspectors are professionals who are dedicated to providing efficient and courteous service to all residents, professionals, contractors and the public at large through plans processing, inspections and building maintenance, which ensures the protection of the citizens and enhances the quality of life within the CITY. For the purposes of this Project the Building Division is not a surrogate of the CITY. All decisions by the Building Division as to whether some aspect of the Project is or is not in compliance with the Florida Building Code, Florida Fire Prevention Code and/or any other applicable codes, regulations, laws and ordinances are independent of and not deemed to be an act or decision by the CITY. The CONTRACTOR agrees that it shall be the responsibility of the CONTRACTOR to ensure compliance with all applicable codes, regulations, law and ordinances. As noted in Article 3 of this Agreement the CONTRACTOR warrants and accepts that any and all work necessitated by inspections which is not prescribed in the Plans or Specifications, but necessitated to bring the project into conformity with the Contract Documents and all applicable laws, codes, regulations, procedures and/or considered inside the contemplation of the Contract Documents shall be deemed the responsibility of the CONTRACTOR and included in the Guaranteed Maximum Price.

ARTICLE 10 - BONDS AND INSURANCE

10.1 Payment and Performance Bonds.

10.1.1 Within fifteen (15) calendar days after Notice of Award and in any event prior to commencing work, the CONTRACTOR shall execute and furnish to CITY a performance bond and a payment bond in a form acceptable to the CITY, each written by a corporate surety, having a resident agent in the State of Florida and having been in business with a record of successful continuous operation for at least five (5) years. The surety shall hold a current certificate of authority from the Secretary of Treasury of the United States as an acceptable surety on federal bonds in accordance with United States Department of Treasury Circular No. 570. If the amount of the Bond exceeds the underwriting limitation set forth in the circular, in order to qualify, the net retention of the surety company shall not exceed the underwriting limitation in the circular and the excess risks must be protected by coinsurance, reinsurance, or other methods, in accordance with Treasury Circular 297, revised September 1, 1978 (31 DFR, Section 223.10, Section 223.11). Further, the surety company shall provide CITY with evidence satisfactory to CITY, that such excess risk has been protected in an acceptable manner. The surety company shall have at least the following minimum qualification in accordance with the latest edition of A.M. Best's Insurance Guide, published by Alfred M. Best Company, Inc., Ambest Road, Oldwick, New Jersey 08858: A to A+.

10.1.2 Two (2) separate bonds are required and both must be approved by the CITY. The penal sum stated in each bond shall be the amount equal to the total amount payable under the terms of the contract. The performance bond shall be conditioned that the CONTRACTOR perform the contract in the time and manner prescribed in the contract. The payment bond shall be conditioned that the CONTRACTOR promptly make payments to all persons who supply the CONTRACTOR with labor, materials and supplies used directly or indirectly by the CONTRACTOR in the prosecution of the work provided for in the Contract and shall provide that the surety shall pay the same in the amount not exceeding the sum provided in such bonds, together with interest at the maximum rate allowed by law; and that they shall indemnify and save harmless the CITY to the extent of any and all payments in connection with the carrying out of said Contract which the CITY may be required to make under the law.

10.1.3 Pursuant to the requirements of Section 255.05(1)(a), Florida Statutes, it shall be the duty of the CONTRACTOR to record the aforesaid payment and performance bonds in the public records of Broward County, with the CONTRACTOR to pay all recording costs.

10.2 Bonds, Reduction after Final Payment.

Such bonds shall continue in effect for one (1) year after final payment becomes due except as otherwise provided by law or regulation or by the Contract Documents with the final sum of said bonds reduced after final payment to an amount equal to fifty percent (50%) of the Guaranteed Maximum Price, or an additional bond shall be conditioned that CONTRACTOR shall correct any defective or faulty Work or material which appears within one (1) year after final completion of the Contract, upon notification by the CITY. Notwithstanding the foregoing, after final payment, the CONTRACTOR may request reduction in the bond to 10% of all monies previously earned and all monies earned there after

10.3 Duty to Substitute Surety.

If the surety on any Bond furnished by CONTRACTOR is declared bankrupt or becomes insolvent or its right to do business is terminated in the State of Florida or it ceases to meet the requirements of other applicable laws or regulations, CONTRACTOR shall within seven (7) days thereafter substitute another bond and surety, both of which must be acceptable to CITY.

10.4 Insurance.

10.4.1 UPON EXECUTION OF THE CONTRACT, THE CONTRACTOR SHALL SUBMIT CERTIFICATE(S) OF INSURANCE EVIDENCING THE REQUIRED COVERAGES AND SPECIFICALLY PROVIDING THAT THE CITY OF HALLANDALE BEACH IS AN ADDITIONAL NAMED INSURED RESPECT TO THE REQUIRED COVERAGE AND THE OPERATIONS OF THE CONTRACTOR UNDER THE CONTRACT. The certificates of insurance shall not only name the types of policies provided, but shall also specifically refer to this Agreement and shall state that such insurance is as required by Article 10 and its subparts of this Agreement. CONTRACTOR shall not commence work under this Agreement until after CONTRACTOR has obtained all of the minimum insurance herein described and the policies of such insurance detailing the provisions of coverage have been received and approved by CITY. CONTRACTOR shall not permit any subcontractor to begin work until after similar minimum insurance to cover subcontractor has been obtained and approved. In the event the insurance certificate provided indicates that the insurance shall terminate and lapse during the term of this Agreement, then in that event, CONTRACTOR shall furnish, at least thirty (30) calendar days prior to expiration of the date of such insurance, a renewed certificate of insurance as proof that equal and like coverage and extension thereunder is in effect. CONTRACTOR shall not continue to perform the services required by this Agreement unless all required insurance remains in full force and effect.

10.4.2 Insurance Companies selected must be acceptable to the CITY. All of the policies of insurance so required to be purchased and maintained shall contain a provision or endorsement that the coverage afforded shall not be canceled, materially changed or renewal refused until at least thirty (30) calendar days written notice has been given to CITY by certified mail.

10.4.3 The CONTRACTOR shall procure and maintain at its own expense and keep in effect during the full term of the Contract a policy or policies of insurance which must include the

The certificate of insurance for professional liability shall reference any applicable deductible and the work of this Agreement.

10.4.3.2 Worker's Compensation Insurance for statutory obligations imposed by Worker's Compensation or Occupational Disease Laws, including, where applicable, the United States Longshoremen's and Harbor Worker's Act, the Federal Employers' Liability Act and the Homes Act. Employer's Liability Insurance shall be provided with a minimum of One Hundred Thousand and xx/100 dollars (\$100,000.00) per accident. 10.4.3.4.6 Personal Injury coverage with employment contractual exclusions removed and deleted.

10.4.3.4.7 Explosion, collapse, underground coverage (XC-U)

10.4.4 CONTRACTOR shall maintain the Products/Completed Operations Liability Insurance for a period of at least one (1) years after final payment for the Work and furnish CITY with evidence of continuation of such insurance at final payment.

10.4.5 The required insurance coverage shall be issued by an insurance company authorized and licensed to do business in the State of Florida, with the following minimum rating of B+ to A+, in accordance with the latest edition of A.M. Best's Insurance Guide.

10.4.6 All required insurance policies shall preclude any underwriter's rights of recovery or subrogation against CITY with the express intention of the parties being that the required insurance coverage protects both parties as the primary coverage for any and all losses covered by the above described insurance.

10.4.7 The CONTRACTOR shall ensure that any company issuing insurance to cover the requirements contained in this Contract agrees that they shall have no recourse against CITY for payment or assessments in any form on any policy of insurance.

10.4.8 The clauses "Other Insurance Provisions" and "Insurers Duties in the Event of an Occurrence, Claim or Suit" as it appears in any policy of insurance in which CITY is named as an additional named insured shall not apply to CITY. CITY shall provide written notice of occurrence within fifteen (15) working days of CITY's actual notice of such an event.

10.4.9 The CONTRACTOR shall not commence performance of its obligations under this Agreement until after it has obtained all of the minimum insurance herein described and the same has been approved.

10.4.10 All required insurance policies shall preclude any underwriter's rights of recovery or subrogation against CITY with the express intention of the parties being that the required insurance coverages protect both parties as the primary coverages for any and all losses covered by the above described insurance.

10.4.11 The CONTRACTOR agrees to perform the work under the Contract as an independent CONTRACTOR, and not as a sub-contractor, agent or employee of CITY.

10.4.12 CONTRACTOR shall require each of its subcontractors of any tier to maintain the insurance required herein for each category, and CONTRACTOR shall provide verification thereof to CITY upon request of CITY. Notwithstanding the foregoing, the CONTRACTOR may provide insurance for subcontractors.

10.4.13 Violation of the terms of this Article and its subparts shall constitute a breach of the

Contract and CITY, at its sole discretion, may cancel the Contract and all rights, title and interest of the CONTRACTOR shall thereupon cease and terminate. Notwithstanding the foregoing, the CONTRACTOR shall be given thirty (30) days to cure any breach.

10.5 CITY'S Liability and Insurance.

CITY shall not be responsible for purchasing and maintaining any insurance to protect the interests of CONTRACTOR, subcontractors or others on the Work. CITY specifically reserves all statutory and common law rights and immunities and nothing herein is intended to limit or waive same including, but not limited to, the procedural and substantive provisions of Section 768.28, Florida Statutes and Section 95.11, Florida Statutes.

ARTICLE 11 - WARRANTIES; TESTS AND INSPECTIONS; CORRECTION OF DEFECTIVE WORK

11.1 Warranty of Title.

The CONTRACTOR warrants to the CITY that it possesses good, clear and marketable title to all equipment and materials provided hereunder and there are no pending liens, claims or encumbrances whatsoever against said equipment and materials.

11.2 Warranty of Specifications.

The CONTRACTOR warrants that all equipment, materials and workmanship furnished, whether furnished by the CONTRACTOR or its sub-contractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted and that all services will be performed in a workmanlike manner.

11.3 Warranty of Merchantability.

CONTRACTOR warrants that any and all equipment to be supplied pursuant to the Agreement is new, merchantable, free from defects, whether patent or latent in material or workmanship and fit for the ordinary purposes for which it is intended.

11.4 Correction Period.

CONTRACTOR warrants all material and workmanship for a minimum of one (1) year from the date that CITY accepts occupancy of the park plaza. If within one (1) year after the date of Final Completion or such longer period of time as may be prescribed by laws or regulations or by the terms of any applicable special guarantee required by the Contract Documents, any work is found to be defective, whether observed before or after acceptance by CITY, CONTRACTOR shall promptly, without cost to CITY and in accordance with CITY'S written instructions, either correct such defective work, or, if it has been rejected by CITY, remove it from the site and replace it with work that is not defective and satisfactorily correct and remove and replace any damage to other work or the work of others resulting therefrom. If CONTRACTOR does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious

risk of loss or damage, CITY may have the defective workmanship corrected or the rejected Work removed and replaced, and all direct, indirect and consequential costs of such removal and replacement (including but not limited to fees and charges of engineers, architects, attorneys and other professionals) will be paid by CONTRACTOR.

11.4.1 Where defective Work (and damage to other work resulting therefrom) has been corrected, removed or replaced under this paragraph, the correction period hereunder with respect to such Work will be extended for an additional period of one (1) year after such correction or removal and replacement has been satisfactorily completed.

11.4.2 Nothing contained in this Article shall be construed to establish a period of limitation with respect to other obligations which CONTRACTOR might have under the Contract Documents. Establishment of the time period of one (1) year as described in Paragraph 10.4.1 relates only to the specific obligation of the CONTRACTOR to correct the work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish CONTRACTOR'S liability with respect to the CONTRACTOR'S obligation other than specifically to correct the work.

11.4.3 CONTRACTOR warrants to the CITY that it will comply with all applicable federal, state and local laws, regulations and orders in carrying out its obligations under the Contract.

11.4.4 CONTRACTOR warrants to the CITY that it is not insolvent, it is not in bankruptcy proceedings or receivership, nor is it engaged in or threatened with any litigation, arbitration or other legal or administrative proceedings or investigations of any kind which would have an adverse effect on its ability to perform its obligations under the Contract.

11.4.5 CONTRACTOR warrants to the CITY that the consummation of the work provided for in the Contract Documents will not result in the breach of any term or provision of, or constitute a default under any indenture, mortgage, contract, or agreement to which the CONTRACTOR is a party.

11.4.6 CONTRACTOR warrants that there has been no violation or copyrights of patent rights either in the United States of America or in foreign countries in connection with the work of the Contract.

11.4.7 No warranty, either express or implied, may be modified, excluded or disclaimed in any way by CONTRACTOR. All warranties shall remain in full force and effect, notwithstanding acceptance and payment by CITY.

11.5 Tests and Inspections.

11.5.1 CONTRACTOR shall give the Project Manager and Building Division timely notice of readiness of the work for all required inspections, tests or approvals. CONTRACTOR shall assume full responsibility, pay all costs, except for permit fees or other fees imposed by the CITY, in connection therewith and furnish the Building Division, with courtesy copies to the CITY, the required certificates of inspection, testing or approval for all materials, equipment or the Work or any part thereof unless otherwise specified herein.

11.5.2 Inspectors do have the full authority to order the CONTRACTOR to comply with all applicable codes. The CONTRACTOR shall be responsible for complying with all inspections and all costs associated therewith shall be deemed the responsibility of the CONTRACTOR and included in the GMP.

11.5.3 The payment of any compensation whatever may be its character or form, or the giving of any gratuity or the granting of any favor by the CONTRACTOR to any inspectors, directly or indirectly is strictly prohibited and any such action on the part of the CONTRACTOR will constitute a breach of this Agreement.

ARTICLE 12 - CONTRACT TIME

12.1 Change of Contract Time.

ALL TIME LIMITS STATED IN THE CONTRACT DOCUMENTS ARE OF THE ESSENCE OF THE AGREEMENT. EXCEPT AS PROVIDED HEREIN, NO CLAIM FOR DAMAGES OR ANY CLAIM OTHER THAN FOR AN EXTENSION OF TIME SHALL BE MADE OR ASSERTED AGAINST THE CITY BY REASON OF ANY DELAYS. CONTRACTOR shall not be entitled to an increase in the construction cost or payment or compensation of any kind from CITY for direct, indirect, consequential, impact or other costs, expenses or damages including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable; provided, however, that this provision shall not preclude recovery of damages by CONTRACTOR for hindrances or delays due solely to fraud, bad faith or active interference on the part of CITY or its agents. If CONTRACTOR is delayed at any time in the progress of the Work by labor disputes, fire, unusual delay in deliveries, adverse weather conditions not reasonably anticipated (including strong storms, tropical storms and/or hurricanes which are common between June 1 and November 30), unavoidable casualties or other causes beyond the CONTRACTOR's control, or by other causes which the CITY and CONTRACTOR agree may justify delay, then the Contract Time shall be reasonably extended by Change Order. Otherwise, CONTRACTOR shall be entitled only to extensions of the Contract Time as the sole and exclusive remedy for such resulting delay, in accordance with and to that extent specifically provided above. No extension of time shall be granted for delays resulting from normal weather conditions prevailing in the area which necessarily excludes strong storms, tropical storms and/or hurricanes which are common between June 1 and November 30.

12.2 No Recovery for Early Completion. If the CONTRACTOR submits a schedule or expresses an intention to complete the Work earlier than any required milestone or completion date, the CITY shall not be liable to the CONTRACTOR for any costs incurred because of delay or hindrance should the CONTRACTOR be unable to complete the Work before such milestone or completion date. The duties, obligations and warranties of the CITY to the CONTRACTOR shall be consistent with and applicable only to the completion of the Work and completion dates set forth in this Agreement.

12.3 Liquidated Damages

12.3.1 The CONTRACTOR understands that if the Project or the Work is not substantially completed within 180 days from the date of the Notice to Proceed, then the CITY will suffer damages which are difficult to determine and accurately specify. As such, Liquidated Damages are hereby fixed and agreed upon between the parties, recognizing the impossibility of precisely ascertaining the amount of damages that will be sustained by CITY as a consequence of such delay and both parties desiring to obviate any question of dispute concerning the amount of said damages and the cost and effect of the failure of CONTRACTOR to complete the Contract on time.

12.3.2 Upon failure of CONTRACTOR to complete the Work within the time specified for the substantial completion of the Project (plus approved extensions if any), CONTRACTOR shall pay to CITY the sum two hundred and fifty dollars (\$250.00) for each and every calendar day beyond the time specified in this Agreement for completion, as fixed and agreed liquidated damages and not as a penalty. After substantial completion, should CONTRACTOR fail complete the remaining work as stated in the punch list within the time specified in this agreement plus approved time extensions, CONTRACTOR shall pay the CITY the sum of two hundred and fifty dollars (\$250.00) for each and every calendar day beyond the time specified in this Agreement for completion, The Liquidated Damages shall apply regardless of whether or not a single Contract is involved and shall apply separately to each portion of the Work for which a time of completion is given. CITY shall have the right to deduct from and retain out of moneys which may be then due or which may become due and payable to CONTRACTOR, the amount of such liquidated damages and if the amount retained by CITY is insufficient to pay in full such liquidated damages, the CONTRACTOR shall pay in full such liquidated damages.

12.4 Delay.

Any delay caused by the CITY shall extend the date for substantial completion date by the number of days that resulted from the delay.

ARTICLE 13 - CHANGES IN THE WORK, RESTRICTIONS AND LIMITATIONS

13.1 After the Plans and Specifications have been approved for construction by the Building Division, the CITY, without invalidating this Agreement, may order additions, deletions or revisions to the Work. Such additions, deletions or revisions shall be authorized by a Written Amendment or Change Order.

13.2 All Change Orders which, individually or when cumulatively increase the cost of

the work, or which extend the time for completion, must be formally authorized and approved by the City Commission prior to their issuance and before work may begin. No claim against CITY for Extra Work in furtherance of such Change Order shall be allowed unless prior approval has been obtained. The CONTRACTOR understands and agrees that any work, however characterized, performed by the CONTRACTOR without the CITY'S prior written approval shall not be compensable, without exception. The CONTRACTOR intentionally, knowingly and voluntarily waives any claim for unjust enrichment or quantum meruit with respect to any work performed in the absence of a written Change Order. Any waiver of this provision must be in writing and signed by both Parties and in no event shall such written waiver extend to any subsequent event.

13.3 The Guaranteed Maximum Price and Contract Time shall be changed only by Change Order or Written Amendment approved by the City Commission.

13.4 Proposed Change Orders shall be prepared by the CONTRACTOR.

13.5 The CONTRACTOR shall not be entitled to an increase in the Guaranteed Maximum Price or an extension of the Contract Time with respect to any work performed that is not required by the Contract Documents as amended, modified and supplemented.

13.6 If notice of any change affecting the general scope of the work or the provisions of the Contract Documents is required by the provisions of any bond to be given to a surety, the giving of any such notice will be CONTRACTOR'S responsibility and the amount of each applicable bond shall be adjusted accordingly.

13.7 Any claim for adjustment in the Guaranteed Maximum Price or time shall be based upon written notice delivered by the party making the claim to the other Parties not later than ten (10) days after the occurrence or event giving rise to the claims and stating the general nature of the claim. No claim for an adjustment in the Guaranteed Maximum Price or an extension of the contract time will be valid if not submitted in accordance with this Paragraph.

13.8 CONTRACTOR understands and agrees that any information provided to it by the CITY, at any time, as to any aspect of the Project is not guaranteed. The CONTRACTOR is solely liable for all site conditions, including those that are subsurface or otherwise concealed physical conditions which may differ, materially or not, from those the CONTRACTOR encountered during its initial site inspection. Upon identifying subsurface physical conditions that do differ materially from those identified during the CONTRACTOR'S initial inspection, the CONTRACTOR shall notify CITY immediately. The CONTRACTOR shall promptly investigate such conditions and, if the CITY agrees that the concealed physical conditions could not have been detected through a reasonable inspection, then the CONTRACTOR shall be entitled to an extension of time for the completion of the Project as its sole remedy. The CONTRACTOR accepts that any costs or expense associated with any differing site conditions encountered shall be the responsibility of the CONTRACTOR and included in the Guaranteed Maximum Price.

ARTICLE 14 – NO CHANGES IN GUARANTEED MAXIMUM PRICE

14.1 The Guaranteed Maximum Price constitutes the total compensation (subject to authorized adjustments) payable to CONTRACTOR for performing the Work. All duties, responsibilities and obligations assigned to or undertaken by CONTRACTOR shall be at its expense without change in the Guaranteed Maximum Price.

14.2 The Guaranteed Maximum Price may only be changed by a Change Order or by a Written Amendment. Any claim for an increase or decrease in the Guaranteed Maximum Price shall be based on written notice delivered to the other Party (but in no event later than ten (10) days) after the occurrence of the event giving rise to the amount of the claim, along with supporting data which shall be delivered within twenty (20) days after the occurrence of the event giving rise to the amount of the claim and shall be accompanied by claimant's written statement that the amount claimed covers all known amounts (direct, indirect and consequential) to which the claimant is entitled as a result of the occurrence of said event. No resolution of a claim for adjustment in the Guaranteed Maximum Price shall be effective until approved by the City Commission. No claim for an adjustment in the Guaranteed Maximum Price will be valid if not submitted in accordance with this Paragraph. The CONTRACTOR understands and agrees that the CITY shall have the right and discretion to deny the approval of any Change Order, for any reason, despite the CONTRACTOR'S compliance with this Paragraph and/or the existence of an executed written Work Change Directive. If the CITY decides not to approve a Change Order for the work, then the CONTRACTOR will not be entitled to receive compensation under any theory of recovery whether at law or in equity.

14.3 The value of any Work covered by a Change Order or of any claim for an increase or decrease in the Guaranteed Maximum Price shall be determined in one of the following ways:

14.3.1 Where the Work involved is covered by unit prices contained in the Contract Documents, by application of unit prices to the quantities of the items involved.

14.3.2 By mutual acceptance of a lump sum (which may include an allowance for overhead and profit including any subcontractor fees). If the negotiated lump sum change order exceeds the percentages set forth for "Cost of Work," it must be accompanied by a detailed explanation justifying the increase.

14.4 Cost Breakdown Required.

Whenever the cost of any Work is to be determined, CONTRACTOR will submit in form acceptable to Project Manager an itemized cost breakdown together with supporting data. Whenever a change in the work is to be based upon mutual acceptance of a lump sum, whether the amount is an addition, credit, or no-change-in-cost, the CONTRACTOR shall submit an estimate substantiated by a complete itemized breakdown. The breakdown shall list quantities and unit prices for materials, labor, equipment and other items of cost.

ARTICLE 15 - PAYMENTS TO CONTRACTOR AND COMPLETION OF WORK

15.1 Progress Payments during construction phase.

15.1.1 CONTRACTOR pay requisition payments for Work completed during the project at intervals of not more than once a month. The CONTRACTOR shall submit a proposed schedule of values in a form acceptable to the CITY and which will be required to be approved by the CITY before any design Work on this Project can commence. The proposed schedule of values shall be broken into two phases for design and for construction.

Once approved all applications for payment shall be submitted in a form that shows a complete breakdown of the project schedule of values, and actual cost incurred as of the date of the application for payment of the work completed, showing a breakdown of the General Conditions, Construction, included a percentage of the Profit as stated in the GMP breakdown. Each application shall be accompanied by supporting evidence as may reasonably be required by the City. All payments applications shall be accompanied by a certification by the CONTRACTOR that the CONTRACTOR has disbursed to all subcontractors and suppliers their pro-rata shares of the payment out of previous progress payments received by the CONTRACTOR for all work completed and materials furnished in the previous period or properly executed releases of liens by all subcontractors, suppliers and materialmen who were included in the CONTRACTOR'S previous applications for payment, and any other supporting documentation as may be required by the CITY. Each requisition shall be submitted in triplicate to the CITY for approval; CITY shall have fifteen (15) days to approve or disapprove the requisition. If the requisition is not approved, the reasons therefore shall be stated with particularity. The CITY shall make payment to the CONTRACTOR within twenty (20) calendar days after approval by the CITY of the CONTRACTOR'S requisition for payment.

15.1.2 Ten percent (10%) of all monies earned by the CONTRACTOR shall be retained by the CITY until the Work is completed in accordance with the requirements of the Contract Documents and accepted by the CITY as provided herein. After fifty percent (50%) of the Work has been completed, the CONTRACTOR may request reduction in the retainage to five percent (5%) of all monies previously earned and all monies earned thereafter.

15.1.3 The contract price includes a 5.87% of the cost of Construction in contingency amount for unforeseen conditions and/ or owner generated requests, which may be authorized in accordance with applicable City policies and procedures

CONTRACTOR has accepted the following payment term for payment of all work provided during this CONTRACT:

_____ PCard - it is a Visa credit card payment

X Automated Clearing House (ACH) payment. A direct bank draft to a vendor's bank account. This method will only be authorized by the City if your firm provides a discount to the City for this payment method. **Contractor agrees to a 2% discount for payments received with 20 days of receipt complete invoice documentation as described in section 15.1.1.**

15.2 Final Inspection.

Upon written notice from CONTRACTOR that the entire Work or an agreed portion thereof is complete, CITY will make a final inspection and will notify CONTRACTOR in writing of all particulars in which this inspection reveals that the Work is not in accordance with the Contract Documents. CONTRACTOR shall immediately take such measures as are necessary to remedy such deficiencies.

15.3 Final Application for Payment.

After CONTRACTOR has completed all such corrections to the satisfaction of Project Manager and delivered all maintenance and operating instructions, schedules, guarantees, bonds, certificates of inspection and other documents required by the Contract Documents, and after Project Manager has indicated that the work is acceptable, CONTRACTOR may make application for final payment. The final application for payment shall be accompanied by (1) complete and legally effective final releases or waivers of all liens arising out of or filed in connection with the work; or (2) CONTRACTOR'S receipts in full covering all labor, materials and equipment for which a lien could be filed; or (3) a final affidavit stating that all laborers, materialmen, suppliers and subcontractors who worked for CONTRACTOR under this Contract have been paid in full or if the fact be otherwise, identifying the name of each lienor who has not been paid in full and the amount due or to become due each for labor, services or materials furnished. If any subcontractor or supplier fails to furnish a release or receipt in full, CONTRACTOR may furnish a bond satisfactory to CITY to indemnify CITY against any lien.

CONTRACTOR shall submit to CITY within forty-five days (45) of the date of final inspection and closing of building permit for the applicable portion of the Work the completed set of "As-Built" drawings relative to the park plaza for review and approval. The "As-Built" drawings shall be prepared, sealed and certified by the appropriate professional licensed by the State of Florida. Prior to approval, if necessary, the drawings may be returned to CONTRACTOR for changes or modifications if in the opinion of Project Manager, they do not represent correct or accurate "As-built" drawings.

15.4 Final Payment and Acceptance.

15.4.1 If the Work is not acceptable to the CITY, then the CITY shall indicate the reasons for refusing to make final payment, in which case CONTRACTOR shall make the necessary corrections or compliance and resubmit the Application for payment. If the CITY is satisfied that the Work has been completed in accordance with the Contract Documents and the CONTRACTOR'S other obligations under the Contract Documents have been fulfilled, the CITY will agree to make the final payment.

15.4.2 If, through no fault of CONTRACTOR, final completion of the Work is significantly delayed, CITY may consider making payment of the balance due for that portion of the Work fully completed and accepted. If the remaining balance to be held by CITY for Work not fully completed or corrected is less than the retainage stipulated in the Agreement, and if bonds have been furnished as required, the written consent of the surety to the payment of the balance due for that portion of the Work fully completed and accepted may be submitted by CONTRACTOR for such payment. The CITY may consider making such payment under the terms and conditions governing final payment, except that it shall not constitute a waiver of claims.

15.5 Final payment, constituting the entire unpaid balance of the Guaranteed Maximum Price, shall be paid by the CITY to the CONTRACTOR when the Work has been completed in accordance with the Contract Documents, and this Agreement fully performed. The making of final payment shall constitute a waiver of claims by CITY except those arising from:

15.5.1 Liens, claims, security interests or encumbrances arising out of this Agreement and unsettled.

15.5.2 Faulty or defective work and latent defects discovered after acceptance.

15.5.3 Failure of the work to comply with the requirements of the Contract Documents.

15.5.4 Terms of special warranties required by the Contract Documents.

15.5.5 Any of CONTRACTOR'S continuing obligations under this Agreement.

The acceptance of final payment by CONTRACTOR or the Subcontractor for materials and supplies shall constitute a waiver of claims by that payee except those previously made in writing and identified by payee as unsettled at the time of final application for payment.

15.6 CITY'S Right to Withhold Payment.

The CITY may withhold in whole or in part, final payment or any progress payment to such extent as may be necessary to protect itself from loss on account of:

15.6.1 Defective work not remedied.

15.6.2 Claims filed or reasonable evidence indicating the probable filing of claims by other parties against the CONTRACTOR.

15.6.3 Failure of the CONTRACTOR to make payment to Subcontractors or Suppliers for materials or labor.

15.6.4 Damage to another contractor not remedied.

15.6.5 Liability for liquidated damages has been incurred by the CONTRACTOR.

15.6.6 Reasonable evidence that the work cannot be completed for the unpaid balance of the contract sum.

15.6.7 Reasonable evidence that the work will not be completed within the Contract time.

15.6.8 Failure to carry out the work in accordance with the Contract Documents.

When the above grounds are removed or resolved or the CONTRACTOR provides a surety bond or consent of surety satisfactory to the CITY which will protect the CITY in the amount withheld, payment may be made in whole or in part.

ARTICLE 16 - TERMINATION OF THE CONTRACT

16.1 CITY'S Right to Terminate.

Upon the occurrence of any one or more of the following events:

16.1.4 If a trustee, receiver, custodian or agent of CONTRACTOR is appointed under applicable law or under Contract, whose appointment or authority to take charge of property of CONTRACTOR is for the purpose of enforcing a Lien against such property or for the purpose of general administration of such property for the benefit of CONTRACTOR'S creditors.

16.1.5 If CONTRACTOR admits in writing an inability to pay its debts generally as they

become due.

16.1.6 If CONTRACTOR persistently fails to perform the Work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled Workers or suitable materials or equipment or failure to adhere to the progress schedule as same may be revised from time to time), provided that CONTRACTOR is provided thirty (30) days to cure any breach.

16.1.8 If CONTRACTOR otherwise violates in any substantial way any provisions of the Contract Documents.

CITY may, after giving CONTRACTOR seven (7) days written notice, terminate the services of CONTRACTOR without any liability, of any kind, accruing to the CITY and without prejudice to any right or remedy the CITY may have, and exclude the CONTRACTOR from the site and take possession of the Work and of all tools, appliances, construction equipment and machinery which CITY has paid CONTRACTOR for either stored at the site or which are stored elsewhere, and use the same to full extent they could be used by CONTRACTOR (without liability to CONTRACTOR for trespass or conversion), for and finish the Work as CITY may deem expedient. In such case CONTRACTOR shall not be entitled to receive any further payment until the Work is finished.

16.1.9 During the design phase, if CONTRACTOR fails to provide its deliverables to the CITY in accordance with the deadline stated in the progress schedule, as may be revised from time to time, the CONTRACTOR shall be deemed to be in default under this contract. The CITY shall provide CONTRACTOR with a notice of default allowing the CONTRACTOR seven (7) days to cure the default. If the CONTRACTOR fails to cure the default within 7 days from receipt of the notice of default, the CITY may consider this a material breach that can only be remedied by immediate termination of this agreement without any liability to the CITY. The CITY shall provide payment for any work performed or delivered up until such time.

16.1.9.1 During the construction phase, the CONTRACTOR shall have thirty (30) days after notification from the CITY of a default to cure it.

In such a case, the reasons should be clearly stated. This provision is different from the right to terminate set out in other parts of this Agreement. Where the agreement is terminated for these reasons, the notice of termination to CONTRACTOR must state that the Agreement is being terminated for the stated reason(s) under the termination clause and the effective date of the termination. Upon receipt of the notice of termination, CONTRACTOR shall promptly discontinue all Work at the time and to the extent indicated on the notice of termination, terminate all outstanding Subcontractors and purchase orders to the extent that they relate to the terminated portion of the Agreement, and refrain from placing further orders and Subcontracts. CONTRACTOR shall not be paid on account of loss of anticipated profits or revenue or other economic loss arising out of or resulting from such

termination. In the event of a termination under this provision, the CITY shall pay to the CONTRACTOR only those direct costs associated with all Work actually completed. The CONTRACTOR shall be obligated to support its costs with back-up documentation to the CITY'S satisfaction. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, THE CITY SHALL NOT BE LIABLE TO THE CONTRACTOR FOR ANY DIRECT, INDIRECT, SPECIAL AND/OR CONSEQUENTIAL LOSSES OR DAMAGES WHETHER ARISING IN AGREEMENT, WARRANTY, TORT (INCLUDING NEGLIGENCE) STRICT LIABILITY OR ANY OTHER CAUSE OF ACTION AT LAW OR IN EQUITY, INCLUDING BUT NOT LIMITED TO LOSSES OF USE, PROFITS, BUSINESS, REPUTATION OR FINANCING.

In the event CITY terminates the Agreement and proceeds to design and construct the Project through its employees, agents or other third parties, CONTRACTOR shall remain fully liable for the design of the Plans and Specifications and the CITY shall retain all its rights and remedies related thereto.

16.3 Termination by CONTRACTOR.

I. Background-The Importance of the Arts

In recent years, our schools curriculum has shifted heavily toward common core subjects of reading and math, but what about the arts? Although some may regard art education as a luxury, simple creative activities are some of the building blocks of child development. Learning to create and appreciate visual aesthetics may be more important than ever to the development of the next generation of children as they grow up. The process of creating art itself has many developmental benefits, such as motor skills, language development, decision making skills, cultural awareness, and many others.

Studies also show that the arts build self-confidence and helps individuals learn about themselves, at any age. Building self-awareness, is a key component to bringing communities together. A collaborative art project will be beneficial in tying community together both through artistic expression and cultural heritage.

II. Arts/Drawing Contest & Workshop

Participation:

PCMS will provide a workshop with the Children/Community to teach them about Design, Architecture, Construction and the opportunities within these fields. This workshop will be conducted within the first Section (30-60%) of the Design Phase which will allow the community to share their views/insight of the Park.

An Art /Drawing Contest will allow community (Children/Residents) to take part in the beautification of their city, by creating a piece of art that expresses Heritage, Culture, Togetherness, Fun and in turn fosters developmental growth and a move toward a "ONE HALLANDALE".

Schools Selected to participate and Prizes are:

Elementary / Middle School Students from the Local Schools: (Hallandale Elementary/Gulfstream)

Prize: The Winning Work: upon completion PCMS will provide a Pizza Party to the Wining art class.

III. Pioneers of Hallandale Beach Campaign

City of Hallandale Beach Florida

Has come a Long way from only “a dozen families in the 1900 – seven Swedish, three English, and two black. The first school was built in 1904 and had only ten students. The first church, Bethlehem Lutheran, was established in 1906. Originally, Hallandale was a farming community, with farmers using the beach only for recreation. Hallandale officially became a town on May 14, 1927. By that time, there were 1,500 residents, street lights, and electricity in the community. In 1947, Hallandale was reincorporated as a city, and was allowed to annex land to the east. In August of 1999, the city officially changed its name to Hallandale Beach.”

We all have seen the growth from then to now and the Heritage wall presents a great opportunity to introduce the Citizens young and old to the Pioneers/People who worked and is still working to make the City of Hallandale Beach the Success it is today. From City Workers, Business owners, past/current City leaders (Mayor's, Commissioner's, Manger's), to the Young or Elderly who have played a significant role in the enhancement of the community/City Collectively.

1. Community/City Nomination
2. Award /Recognition
3. Placement on the Heritage Wall area dedicated to Pioneers of Hallandale Beach

V. Local Utilization/Integration

Consistent with our commitment to utilize local workforce (LBE's), it is imperative that deliberate engagement take place to ensure that local workers are given the opportunity to receive employment from subcontractors and potentially partner(s). PioneerCMS and partner(s) will align the project workforce to comply with the City's Community Benefit Ordinance of 25% of which PCMS & Sub-contractors shall utilize a minimum local workforce of at least 40%.

A number of issues need to be addressed to ensure the success of this endeavor, including employment readiness, subcontractor agreement to participate and train local workforce. PCMS will work with partner to ensure Subcontractor participation and workforce readiness.

a) PCMS will assist Subcontractors in hiring local trained workers and will become a resource for Partner(s) in complying with the City workforce requirement. PCMS has partnered with South Florida Educational development center (SFEDC) and Career Source who have successfully assisted in previous Local hiring Campaigns on Past projects. Because of the close relationship we have built through-out the Years with our Subcontractors PCMS has on several projects taught the importance of hire Local within the Community/City.

b) PCMS has consecutively employed Local Labor / Local Vendor through its previous projects within various City's/County's. These opportunities are not just for the duration of the project but these Local Labor/Vendors have built a long lasting relationship with PCMS and we intend to do the same system/structure on the Foster Park Plaza Project.

Example of PCMS LOCAL WORKFORCE INITIATIVE

Overtown Community Center Project through the Southeast Overtown-CRA, Local workforce were utilized on this project upon completion "Wayne Johnson" a Resident of the Overtown Community having gained much experience from the Last Quarter of 2014 to the first Quarter of 2016 at the Overtown project and is now a fulltime Employee of PCMS at our Three (3) years project in The Fort Lauderdale Airport - Terminal four (4).
