2. GOLDEN ISLES SAFE NEIGHBORHOOD DISTRICT

**424 LAYNE BOULEVARD

Both District requirements must be in accordance with the terms, conditions, and specifications contained in this Request for Proposals (RFP).

THREE ISLAND SAFE NEIGHBORHOOD SPECIFICATIONS:

The Three Islands Safe Neighborhood District is requesting a proposal for the following:

Three Island Safe Neighborhood District requires a rover. The vehicle must be provided by the Contractor, to patrol the District, forty (40) hours a week, fifty two (52) weeks a year (all holidays included).

There are two entrances, marked by guardhouses, to the Three Islands Safe Neighborhood District located at Atlantic Shores Blvd. and Three Islands Blvd. Stop signs located on Three Islands Boulevard and Atlantic Shores Boulevard at the guardhouses require every vehicle to stop.

The "rover" will be a trained uniformed security guard, unarmed, who will operate a marked vehicle with functioning emergency lights affixed to the top of the vehicle. The "rover" will be tasked with patrolling the entire District between both entrances (guardhouses). The District includes a guard house on Atlantic Shores Blvd. to Three Island Blvd., a guard house on Three Island Blvd. North to the Harbor Island Complex and all of Parkview Dr. and Leslie Drive.

A written procedure must be in place to ensure that guards are on duty, are alert, and cameras are being monitored for proper functioning at all times.

It is not the policy of the Three Islands Safe Neighborhood Districts to deny entrance to anyone. Therefore, the security guards will not be empowered to deny entrance to or be permitted to eject anyone. A telephone will be provided by the Districts inside the guardhouses so the on-duty guards may summon assistance from the police department should the guards at either guardhouse have reason to believe such assistance is necessary and in good judgment.

GOLDEN ISLES SAFE NEIGHBORHOOD SPECIFICATIONS:

The Golden Isles Safe Neighborhood District is requesting proposal for the following options:

Option A: Golden Isles Safe Neighborhood District requires uniformed security guard to man a guard house post, twenty-four (24) hours a day, seven (7) days a week, 365 days a year (all holidays included). Uninterrupted, continuous coverage is required.

Option B: Golden Isles Safe Neighborhood District requires the coverage outlined in option A and in addition a "rover" vehicle and driver (as defined above) to patrol the District, forty (40) hours a week, fifty two (52) weeks a year (all holidays included).

It is not the policy of the Golden Isles Safe Neighborhood Districts to deny entrance to anyone. Therefore, the security guards will not be empowered to deny entrance to or be permitted to eject anyone. Guards may be requested to walk behind a vehicle in the visitor lane and write down the license plate before raising the gate and permitting the vehicle to proceed. A telephone will be provided by the Districts inside the guardhouses so the on-duty guards may summon assistance from the police department should the guards at either guardhouse have reason to believe such assistance is necessary and in good judgment.

The security guards will be required to operate (raise and lower) guard arms for vehicles entering the Golden Isles Safe Neighborhood District, as further described below and ask "May I assist you".

There are two entrance lanes for Golden Isles/Layne Blvd, one (1) lane used for residents and one lane (inside lane next to guardhouse) for visitors/commercial vehicles. The barrier gate (10 feet in length) for the resident's entrance lane will be activated by transponders placed within resident's vehicles. Visitors will only be allowed entry through guard activation of the gate. Stop signs provided by the City will mandate that all vehicles come to a full stop for both lanes.

For the Golden Isles District, residents may purchase transponders via Contractor to open the gate arm in the entering resident lane. Since purchase of the gate openers is not mandatory, the guard shall also open the guard gate in the entering resident lane for residents without gate openers or for visitors who use the resident lane. The two exit lanes out of the District will be equipped with guard gates which will be automatically activated by loop detectors.

B. Surveillance & Transponder System

Through this RFP the City is also requesting the security guards to monitor the surveillance system presently in place and notify the Safe Neighborhood District Liaison of any malfunctions. The security guards will be required to constantly monitor the operation of a surveillance system at the guardhouse located in the Golden Isles Safe Neighborhood District. The guard is required to routinely check the monitor to ensure that clear, crisp

recording is being displayed on the monitors by each of the cameras. This routine function must be accomplished hourly to ensure that the angle of the cameras and the quality of the image is acceptable. Should such not be case, the guard is to immediately contact the supervisor. Supervisor is to notify City Liaison as soon as possible.

The contractor will administer the transponder system for the Golden Isles Safe Neighborhood District to include providing transponder units. The contractor will distribute the transponder units to Golden Isles Neighborhood residents upon their request, log and update the data on the transponder software at their expense. The transponder units and software are presently provided by SIRIT Inc.

Therefore, the awarded Contractor must be or become an authorized provider for SIRIT software within 60 days of award. Contractor will be subject to fines up to 1% of the yearly contract award total for every thirty days (30) not licensed after 60 days of award of service to the Golden Isles Safe Neighborhood District. This deduction will continue every thirty (30) days of violation until a resolution is deemed satisfactory by the city. The contractor can charge residents for transponder units. **The price of the individual transponder unit per vehicle will be included in the Contractor's proposal.**

NUMBER	CRITERIA LISTED	POTENTIAL POINTS
	Did this firm affirm in their proposal, within the title page and/or as an attachment, that firm meets the Minimum Qualification Requirements outlined on page 2	YES NO
1.	Qualifications and Experience	30
2.	Past Performance (References)	20
3.	Training & License Requirements	10
4.	Resources & Financial Ability	10
5.	Cost Proposal	30
	TOTAL POINTS	100

Evaluation of Cost Proposal

The Cost Proposal will be evaluated in the following manner:

The response with the lowest total Cost Proposal will be given the full potential cost points.

Every other response will be given points proportionally in relation to the lowest cost. This point total will be calculated by dividing the lowest cost submitted by the total cost for the Cost Proposal being evaluated with the result being multiplied by the maximum cost points to arrive as a cost score of less than the full score for cost.

Example: Lowest Cost Proposed gets Total Points = 25 points

Lowest Cost submitted is \$100,000 and the Proposer's Proposed Cost being evaluated is \$150,000 = So $\$100,000 / \$150,000 = .67$

$.67 * \text{total \# of points for cost criteria which is 25} = .67 * 25 = 16.75$ which would be the total # of points this Proposer's cost would receive.

Termination for convenience by the CITY shall be effective on the termination date stated in written

notice provided by the CITY, which termination date shall be not less than thirty (30) days after the date of such written notice. This Agreement may also be terminated by the City Manager upon such notice as the City Manager deems appropriate under the circumstances in the event the City Manager determines that termination is necessary to protect the public health or safety. CONTRACTOR and its subcontractors shall keep such books, records, and accounts as may be necessary in order to record complete and correct entries related to the Project. All books, records, and accounts of CONTRACTOR and its subcontractors shall be kept in written form, or in a form capable of conversion into written form within a reasonable time, and upon request to do so, CONTRACTOR or its subcontractor, as applicable, shall make same available at no cost to CITY in written form.
