DATE: October 1, 2016

TO: ALL PROSPECTIVE PARTICIPANTS

FROM: Steve Casey, Executive Director Peggy Goff, Deputy Executive Director Drew Terpak, Business Operations Manager Annette Grissom, Cooperative Bid Coordinator

RE: Bid Number: FSA16-VEH14.0 Cab & Chassis Trucks & Other Fleet Equipment

We are pleased to announce that the Florida Sheriffs Association and the Florida Association of Counties has successfully conducted its 14th statewide competitive bid for vehicles and heavy equipment which includes trucks, backhoes, motorgraders, agriculture type tractors, skid steer loaders, street sweepers, generators, and light towers. This contract is effective beginning October 1, 2016 through September 30, 2017, as long as vehicles are available through fleet.

Bids will be extended and guaranteed to any and all units of local governments/political subdivisions including but not limited to county, local county board of public instruction, municipalities and/or police agencies, other local public or public safety agencies or authorities within the State of Florida, and the state universities and colleges. In addition, bids will be extended and guaranteed to any other entities approved by manufacturers to participate in this contract. The participating agencies cannot guarantee any order other than those ordered through each individual agency.

All agencies are bound by their local governing purchasing ordinances, rules and regulations and shall apply to purchases made under this contract. All awarded Vendors/Dealers are governed by their manufacturer's agreement.

Out of State Sales are permitted under this contract however, again ALL agencies are bound by their local governing purchasing ordinances, rules and regulations and shall apply to purchases made under this contract. All contractor/dealers are governed by their manufacturer's agreement. All contractor/dealers referencing this contract for the purpose of facilitating sales (purchase authority) outside the State of Florida must accept the terms and conditions of this contract.

In order to ensure quality service for our user agencies, we are requesting each of you to notify the Florida Sheriffs Association regarding any problems encountered in working with the awarded dealers. Any issues, including but not limited to, receipt of confirmation of order, delivery problems and communication problems, should be reported to us by e-mail at fleet@flsheriffs.org. This information will be considered in future bid awards in order to ensure that agencies are receiving the level of service required of dealers who wish to participate in this program.

CONTRACT ORDERING INSTRUCTIONS

All interested parties who wish to purchase from this contract may do so by following these simple procedures:

1. Contact the awarded dealership listed in the zone from which you wish to purchase and advise them of your interest to purchase from **Bid No. FSA16-VEH14.0**. They will assist you with the placement of your order and answer any questions you may have regarding the vehicles purchased through this program. You can only purchase from a dealer who is listed as a winner of one of the four zones for the vehicle you wish to purchase. However, you may purchase from any awarded dealer within any zone (additional delivery fees may apply).

Agencies ordering a Ford, General Motors, Chrysler, or Toyota product, please be advised that you must use the appropriate FIN Code/FAN Code for the Florida Sheriffs Association in order to obtain the manufacturer's concessions. Also, you must use your FIN Code/FAN Code as a secondary number. For further assistance call the Fleet Customer Information Center for your appropriate manufacturer.

Manufacturer	Type Code	FSA Code	Fleet Center Contact Numbers	
Ford	FIN Code	QE065	1-800-34-FLEET	(1-800-343-5338)
General Motors	FAN Code	917872	1-800-FLEET OP	(1-800-353-3867)
Chrysler	FAN Code	48830	1-800-999-FLEET	(1-800-999-3533)
Toyota	FIN Code	GE159	1-800-732-2798	

2. Basic information required on all purchase orders is listed in this Bid Award Announcement. Purchase orders lacking the required basic information listed may result in the delay of placement and/or confirmation of orders. **NOTE:** The agency is responsible for obtaining a "Confirmation of Order" from the respective dealership. Dealers are required to complete a "Confirmation of Order" and send it to the purchaser within fourteen (14) calendar days after receipt of purchase order. Purchasers are encouraged to contact the dealer if a "Confirmation of Order" has not been received within a reasonable time.

Purchasers are reminded that the issuance of a purchase order does not in itself guarantee the placement of an order.

The purchase order should include FSA's Contract Number FSA16-VEH14.0 as well as the specification number, make and model of each item purchased. Please attach the dealer quote when available.

3. **Purchasers must send a copy of the original purchase order sent to the participating dealer in pdf format to: COOP@flsheriffs.org.**

4. Dealers have already included a three-quarter of one percent (.0075) administrative fee in their base pricing and all add options that are listed. Dealers' quotes to purchasers should not include the FSA administrative fee indicated as a separate line item on any purchase order.

No other administrative fee(s) will be applicable to any transaction relative to the contract.

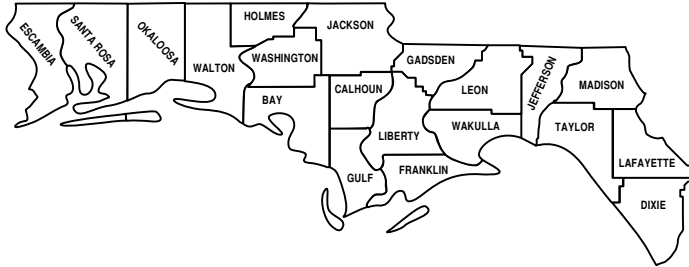

5. In order to ensure quality service for our user agencies, we are requesting that you notify the Florida Sheriffs Association, in writing, regarding any problems encountered in working with the awarded dealers. Any issues, including but not limited to, receipt of confirmation of order, delivery problems and communication problems, should be reported to us by e-mail at fleet@flsheriffs.org. This information will be considered in future bid awards in order to ensure that agencies are receiving the level of service required of dealers who wish to participate in this program.
6. Add/delete options might include a superscript listed by the Order Code. The purpose of the superscript is to identify which options correlate to a specific zone. Superscripts will be numbered between 1 and 4, and will correspond as follows:

1 = Western zone dealer	2 = Northern zone dealer
3 = Central zone dealer	4 = Southern zone dealer

If a dealer has been awarded more than one zone, they will only have one superscript number assigned, and it will be the lowest numeric number that applies to their awarded zones. For example: If a dealer is awarded the northern and southern zones, their add/delete options for both zones will be represented by a "2" superscript.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

OFF-ROAD ALL TERRAIN VEHICLES - 4 WHEEL DRIVE SPECIFICATION #1

2017 Honda Four Trax Foreman 500 (TRX500FA5H)

The Honda Four Trax Foreman 500 (TRX500FA5H) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$8,044.00	\$7,899.00	\$7,742.00	\$7,745.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

OFF-ROAD ALL TERRAIN VEHICLES - 4 WHEEL DRIVE SPECIFICATION #1

2017 Yamaha Kodiak 700 (YFM70KDXHG)

The Yamaha Kodiak 700 (YFM70KDXHG) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	★Central	★Southern
BASE PRICE:	\$6,850.00	\$6,615.00	\$6,409.00	\$6,412.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

OFF-ROAD UTILITY VEHICLES - 4 WHEEL DRIVE SPECIFICATION #2

2017 Kawasaki Mule 4010 4X4

The Kawasaki Mule 4010 4X4 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	★Northern	★Central	★Southern
BASE PRICE:	\$9,292.00	\$9,092.00	\$8,888.00	\$8,848.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

OFF-ROAD UTILITY VEHICLES - 4 WHEEL DRIVE SPECIFICATION #2

2017 Yamaha Viking (YXM70VDXHG)

The Yamaha Viking (YXM70VDXHG) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$11,257.00	\$11,092.00	\$10,932.00	\$10,942.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #4

2017 Ford F-350 (F3G)

The Ford F-350 (F3G) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$21,351.00	\$21,351.00	\$21,351.00	\$21,351.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #4

2017 GMC Sierra 3500 HD (TC36003)

The GMC Sierra 3500 HD (TC36003) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$24,471.00	\$23,971.00	\$23,471.00	\$24,471.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #4

2017 Ram 3500 (DD3L63)

The Ram 3500 (DD3L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$24,410.00	\$24,335.00	\$24,365.00	\$24,335.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #5

2017 Chevrolet Silverado 3500 HD (CK36003)
2017 Ford F-350 (F3H)
2017 GMC Sierra 3500 HD (TK36003)
2017 Ram 3500 (DD8L63)

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. Manufacturer's standard gas engine, alternator, battery and cooling package.

2. **TRANSMISSION/AXLES:**

- a. Manufacturer's standard automatic transmission.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.
- c. Manufacturer's standard transfer case
- d. Limited slip differential on rear axles

3. **PERFORMANCE ITEMS:**

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. **COMFORT ITEMS:**

- a. Manufacturer's standard air conditioning with 134A system.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. **SAFETY ITEMS:**

- a. Dual mount outside mirrors to provide field of vision for vehicles to 96" wide.
- b. Interior dome lights with left and right door activated switches.
- c. Manufacturer's standard air bags.

6. **BRAKES:**

- a. Four wheel anti-lock brake ABS system.

7. **TIRES AND WHEELS:**

- a. Manufacturer's standard tires and wheels.

8. CHASSIS, FRAME, CAB:

- a. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- b. Manufacturer's standard fuel tank.
- c. Manufacturer's standard bumper.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #5

2017 Chevrolet Silverado 3500 HD (CK36003)

The Chevrolet Silverado 3500 HD (CK36003) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$25,840.00	\$25,440.00	\$25,640.00	\$26,150.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #5

2017 Ford F-350 (F3H)

The Ford F-350 (F3H) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$25,328.00	\$25,328.00	\$25,328.00	\$25,328.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #5

2017 GMC Sierra 3500 HD (TK36003)

The GMC Sierra 3500 HD (TK36003) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$26,762.00	\$26,262.00	\$25,762.00	\$26,762.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #5

2017 Ram 3500 (DD8L63)

The Ram 3500 (DD8L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$24,139.00	\$24,064.00	\$24,053.00	\$24,064.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2017 Kenworth K270
2017 Mitsubishi FE130
2017 Peterbilt 220

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. Manufacturer's standard diesel engine
- b. Heavy duty alternator
- c. Maintenance free heavy duty battery
- d. Manufacturer's heavy duty engine cooling

2. **TRANSMISSION/AXLES:**

- a. Manufacturer's standard automatic transmission.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. **PERFORMANCE ITEMS:**

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. **COMFORT ITEMS:**

- a. Manufacturer's standard air conditioning with 134A system.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. **SAFETY ITEMS:**

- a. Dual mount outside mirrors to provide field of vision for vehicles to 96" wide.
- b. Interior dome lights with left and right door activated switches.
- c. Manufacturer's standard air bags, if available.
- d. Manufacturer's standard convex mirrors.

6. **BRAKES:**

- a. Four wheel anti-lock brake ABS system.

7. TIRES AND WHEELS:

- a. BSW steel belted radials, 215/85R16E minimum.
- b. 16 x 6.0 steel - 6-hole disc wheels.
- c. Tire capacity: front - 2,400 lbs. (ea.); rear - 2,200 lbs. (ea.).

8. CHASSIS, FRAME, CAB:

- a. Minimum 12,000 lb. GVWR.
- b. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- c. Manufacturer's standard fuel tank.
- d. Manufacturer's standard bumper.
- e. Cab with 45-degree mechanical tilt with torsion assist.
- f. Tilt cab & chassis only.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

TILT CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #6

2017 Isuzu NF154

The Isuzu NF154 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$36,799.00	\$36,799.00	\$36,799.00	\$36,799.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

TILT CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #6

2017 Kenworth K270

The Kenworth K270 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$68,416.00	\$68,166.00	\$70,969.00	\$71,462.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

TILT CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #6

2017 Mitsubishi FE130

The Mitsubishi FE130 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$36,499.00	\$36,499.00	\$36,499.00	\$36,499.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

TILT CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #6

2017 Peterbilt 220

The Peterbilt 220 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$71,408.00	\$71,408.00	\$71,408.00	\$75,029.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

- a. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- b. Manufacturer's standard front bumper, bright or painted.
- c. Fuel tank capacity, 25 gallons minimum.
- d. Cab to center of rear axle - 60" approximately.
- e. Minimum 15,000 lbs. GVWR.
- f. Cab & chassis only.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #7

2017 Ford F-450 (F4G)

The Ford F-450 (F4G) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$33,800.00	\$33,800.00	\$33,800.00	\$33,800.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #7

2017 Ram 4500 (DP4L63)

The Ram 4500 (DP4L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$37,423.00	\$37,348.00	\$37,275.00	\$37,348.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #8

2017 Ford F-450 (F4H)
2017 Ram 4500 (DP9L63)

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. Manufacturer's standard diesel engine.
- b. Maintenance free heavy duty battery
- c. Manufacturer's heavy duty engine cooling.
- d. Heavy duty alternator

2. **TRANSMISSION/AXLES:**

- a. Manufacturer's standard automatic transmission
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.
- c. Manufacturer's standard transfer case
- d. Limited slip differential on rear axles

3. **PERFORMANCE ITEMS:**

- a. Heavy duty front and rear shocks.
- b. Manufacturer's standard gauges.
- c. Manufacturer's standard power steering.

4. **COMFORT ITEMS:**

- a. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).
- b. Vinyl seating with head rests to accommodate 3 passengers. Purchaser will select color at time of order.
- c. Heavy duty rubber floor covering instead of carpet.
- d. Manufacturer's standard AM/FM stereo.
- e. Manufacturer's standard tinted glass all around.
- f. Air conditioning, factory installed.

5. **SAFETY ITEMS:**

- a. Air bags for driver and right front passenger, if available.
- b. Interior dome lights with left and right door activated switches.
- c. Dual mount outside mirrors must provide a field of vision for vehicles to 96" width, and for towing.

6. **BRAKES:**

- a. Rear anti-lock brakes, minimum.

7. **TIRES AND WHEELS:**

- a. BSW all season tread radial, 19.5" heavy duty truck tires.

8. CHASSIS, FRAME, CAB:

- a. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- b. Cab & chassis only.
- c. Minimum 15,000 lbs. GVWR.
- d. Cab to center of rear axle - 60" approximately.
- e. Manufacturer's standard front bumper, bright or painted.
- f. Fuel tank capacity, 25 gallons minimum.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #8

2017 Ford F-450 (F4H)

The Ford F-450 (F4H) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$36,675.00	\$36,675.00	\$36,675.00	\$36,675.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #9

2017 Ford F-550 (F5G)
2017 Freightliner M2
2017 Kenworth T170
2017 Peterbilt 325
2017 Ram 5500 (DP5L63)

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. Diesel engine, minimum 190 HP
- b. Maintenance free heavy duty battery
- c. Manufacturer's heavy duty engine cooling.
- d. Heavy duty alternator

2. **TRANSMISSION/AXLES:**

- a. Manufacturer's standard automatic 4-speed transmission with overdrive and manufacturer's heavy duty cooling.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. **PERFORMANCE ITEMS:**

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.
- c. Heavy duty front and rear shocks.

4. **COMFORT ITEMS:**

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Vinyl seating with head rests to accommodate 3 passengers. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. **SAFETY ITEMS:**

- a. Dual mount outside mirrors must provide a field of vision for vehicles to 96" width, and for towing.
- b. Interior dome lights with left and right door activated switches.
- c. Air bags for driver and right front passenger, if available.

6. **BRAKES:**

- a. Rear anti-lock brakes, minimum.
- b. Power brakes, front brakes disc type, rear brakes may be drum or disc.

7. TIRES AND WHEELS:

- a. BSW all season tread radial, 19.5" heavy duty truck tires.

8. CHASSIS, FRAME, CAB:

- a. Fuel tank capacity, 24 gallons minimum.
- b. Manufacturer's standard front bumper, bright or painted.
- c. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- d. Cab & chassis only.
- e. Minimum 17,501 lbs. GVWR.
- f. Cab to center of rear axle - 60" approximately.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #9

2017 Ford F-550 (F5G)

The Ford F-550 (F5G) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$34,775.00	\$34,775.00	\$34,775.00	\$34,775.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #9

2017 Kenworth T170

The Kenworth T170 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$65,784.00	\$65,534.00	\$67,950.00	\$66,350.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #9

2017 Peterbilt 325

The Peterbilt 325 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$66,101.00	\$66,101.00	\$66,101.00	\$65,034.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #9

2017 Ram 5500 (DP5L63)

The Ram 5500 (DP5L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$39,579.00	\$39,499.00	\$39,340.00	\$39,499.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #10

2017 Ford F-550 (F5H)
2017 Freightliner M2
2017 Ram 5500 (DP0L63)

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. ENGINE:

- a. Diesel engine, minimum 190 HP
- b. Maintenance free heavy duty battery
- c. Manufacturer's heavy duty engine cooling.
- d. Heavy duty alternator

2. TRANSMISSION/AXLES:

- a. Manufacturer's standard automatic transmission
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.
- c. Manufacturer's standard transfer case
- d. Limited slip differential on rear axles

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.
- c. Heavy duty front and rear shocks.

4. COMFORT ITEMS:

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Vinyl seating with head rests to accommodate 3 passengers. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Dual mount outside mirrors must provide a field of vision for vehicles to 96" width, and for towing.
- b. Interior dome lights with left and right door activated switches.
- c. Air bags for driver and right front passenger, if available.

6. BRAKES:

- a. Rear anti-lock brakes, minimum.

7. TIRES AND WHEELS:

- a. BSW all season tread radial, 19.5" heavy duty truck tires.

8. CHASSIS, FRAME, CAB:

- a. Cab to center of rear axle - 60" approximately.
- b. Minimum 17,501 lbs. GVWR.
- c. Cab & chassis only.
- d. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- e. Manufacturer's standard front bumper, bright or painted.
- f. Fuel tank capacity, 25 gallons minimum.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #10

2017 Ford F-550 (F5H)

The Ford F-550 (F5H) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$37,650.00	\$37,650.00	\$37,650.00	\$37,650.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #10

2017 Ram 5500 (DP0L63)

The Ram 5500 (DP0L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$40,524.00	\$40,449.00	\$40,412.00	\$40,449.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #11

2017 Hino 268A
2017 Ford F-650 (F6D)
2017 Freightliner M2
2017 International Durastar
2017 Kenworth T270
2017 Peterbilt 330

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. ENGINE:

- a. Diesel engine, minimum 200 HP

2. TRANSMISSION/AXLES:

- a. All axles, synthetic lube.
- b. Manufacturers standard automatic transmission or approved equivalent (with PTO provision).
- c. 17,500 lb. rear axle

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. COMFORT ITEMS:

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Dual mount outside mirrors must provide a field of vision for vehicles to 102" width, and for towing.
- b. Convex mirrors mounted below standard mirrors.
- c. Interior dome lights with left and right door activated switches.

6. BRAKES:

- a. Factory air brakes
- b. Anti-lock brake system

7. TIRES AND WHEELS:

- a. BSW 11R22.5 (14 PR) or approved equivalent, front and rear.
- b. Oil bath hubs, with synthetic lube.

8. CHASSIS, FRAME, CAB:

- a. Minimum 25,500 lbs. GVWR.
- b. Cab & chassis only.
- c. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- d. Manufacturer's standard front bumper, bright or painted.
- e. Factory front tow hooks.
- f. Fuel tank capacity, 45 gallons minimum.
- g. Cab to center of rear axle - 84" approximately.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #11

2017 Hino 268A

The Hino 268A purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$60,969.00	\$60,969.00	\$60,969.00	\$60,969.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #11

2017 Ford F-650 (F6D)

The Ford F-650 (F6D) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$47,250.00	\$47,250.00	\$47,250.00	\$47,250.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #11

2017 Freightliner M2

The Freightliner M2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$50,685.00	\$50,685.00	\$50,685.00	\$50,685.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #11

2017 International Durastar

The International Durastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$60,400.00	\$59,400.00	\$58,995.00	\$58,611.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #11

2017 Kenworth T270

The Kenworth T270 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$67,864.00	\$67,614.00	\$68,680.00	\$68,290.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #11

2017 Peterbilt 330

The Peterbilt 330 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$73,003.00	\$73,003.00	\$73,003.00	\$71,879.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. Diesel engine, minimum 200 HP

2. **TRANSMISSION/AXLES:**

- a. Manufacturers standard automatic transmission (with PTO provision) minimum, or approved equivalent.
- b. 21,000 lb. rear
- c. All axles, synthetic lube.

3. **PERFORMANCE ITEMS:**

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. **COMFORT ITEMS:**

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. **SAFETY ITEMS:**

- a. Dual mount outside mirrors must provide a field of vision for vehicles to 102" width, and for towing.
- b. Convex mirrors mounted below standard mirrors.
- c. Interior dome lights with left and right door activated switches.

6. **BRAKES:**

- a. Factory air brakes
- b. Anti-lock brake system

7. TIRES AND WHEELS:

- a. BSW 11R22.5 (14 PR) or approved equivalent, front and rear.
- b. Oil bath hubs, with synthetic lube.

8. CHASSIS, FRAME, CAB:

- a. Minimum 30,000 lbs. GVWR.
- b. Cab & chassis only.
- c. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- d. Manufacturer's standard front bumper, bright or painted.
- e. Factory front tow hooks.
- f. Fuel tank capacity, 45 gallons minimum.
- g. Cab to center of rear axle - 84" approximately.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #12

2017 Hino 338

The Hino 338 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$61,940.00	\$61,940.00	\$61,940.00	\$61,940.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #12

2017 Ford F-750 (F7D)

The Ford F-750 (F7D) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$47,250.00	\$47,250.00	\$47,250.00	\$47,250.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #12

2017 Freightliner M2

The Freightliner M2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$39,720.00	\$39,720.00	\$39,720.00	\$39,720.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #12

2017 International Durastar

The International Durastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$61,230.00	\$60,230.00	\$59,945.00	\$59,263.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #12

2017 Kenworth T370

The Kenworth T370 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$67,972.00	\$67,722.00	\$68,972.00	\$67,408.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #12

2017 Peterbilt 337

The Peterbilt 337 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$69,980.00	\$69,980.00	\$69,980.00	\$70,809.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #12

2017 Western Star 4700

The Western Star 4700 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$76,783.00	\$76,783.00	\$76,783.00	\$76,783.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. ENGINE:

- a. 350 HP 6 cylinder diesel engine, manufacturer's 11L minimum

2. TRANSMISSION & CLUTCH:

- a. The following or approved equivalents are acceptable:
- b. Fuller 14210B 10 Speed Manual with OD

3. ENGINE EQUIPMENT:

- a. Alternator – 12 volt 100A
- b. Premium engine hoses
- c. Injection pump – electronic engine control
- d. Radiator – aluminum core
- e. Air restriction monitor – intake mounted

4. CAB:

- a. Cab – welded steel galvanized or aluminum shell with rust preventative coating.
- b. Floor covering – black rubber mats
- c. Seating – driver air suspension mid back, passenger fixed mid back.
- d. Steering wheel – 18" two spoke
- e. Standard air conditioning & heating

5. FRAME:

- a. Frame – steel construction matched to GVW and mounted body of truck
- b. Wheelbase – 187"
- c. Load platform – 161" 56" AF
- d. Front bumper – painted steel
- e. Fuel tank – 70 gallon, minimum
- f. Air dryer – Bendix AD9 heated, or approved equivalent.

g. 5th wheel - stationary with left hand release.

6. SAFETY:

- a. Horn – single air trumpet
- b. Mirrors – West Coast for 102" trailer widths to include 7.5" convex mounted to lower mirror bracket.
- c. Brakes – "S" cam type 16.5" x 5" Q + front and 16.5" x 7" Q + rear with anti-lock without automatic traction control, or approved equivalent.
- d. Slack adjusters – Haldex automatic front and rear.
- e. Daytime running lights.
- f. Backup alarm
- g. Electrical plug holder includes glad hand storage.
- h. Tractor package to include valves, trailer lines & frame access

7. FRONT AXLE:

- a. Axle – 12,000 lb.
- b. Front wheels – steel 10 hole hub piloted
- c. Front tires – 11R22.5 Goodyear G397LHS, steer or approved equivalent.
- d. Front hubs – Ferrous, or approved equivalent.
- e. Oil type with synthetic lube

8. REAR AXLE:

- a. Minimum 40,000 lb. rated axle and suspension
- b. Rear wheels – steel 10 hole hub piloted
- c. Rear tires – 11R22.5 Goodyear G124 unisteel traction or approved equivalent.
- d. Hubs – Ferrous, or approved equivalent.
- e. Power divider with warning light and buzzer (includes in cab control)

9. ELECTRICAL:

- a. Circuit protection – fuses except headlamp and wiper circuits which utilize circuit breakers.
- b. Hand throttle – electronic hand throttle operated through cruise control when in PTO mode only.
- c. Engine protection – engine shut down system monitoring high water temp, low oil pressure, high exhaust temp, high transmission temp.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY) SPECIFICATION #13

2017 Freightliner M2-112

The Freightliner M2-112 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$77,697.00	\$77,967.00	\$77,967.00	\$77,967.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY) SPECIFICATION #13

2017 International Workstar

The International Workstar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$90,875.00	\$89,875.00	\$89,250.00	\$89,168.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY) SPECIFICATION #13

2017 Kenworth T880

The Kenworth T880 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$103,192.00	\$102,942.00	\$103,995.00	\$103,429.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY) SPECIFICATION #13

2017 Mack C or G Series

The Mack C or G Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$99,190.00	\$99,190.00	\$99,190.00	\$99,190.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY) SPECIFICATION #13

2017 Volvo V Series

The Volvo V Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$92,406.00	\$92,406.00	\$91,169.00	\$91,169.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. ENGINE:

- a. 350 HP 6 cylinder diesel engine, manufacturer's 11L minimum

2. TRANSMISSION & CLUTCH:

- a. The following or approved equivalents are acceptable:
- b. Fuller 14210B 10 Speed Manual with OD

3. ENGINE EQUIPMENT:

- a. Alternator – 12 volt 100A
- b. Premium engine hoses
- c. Injection pump – electronic engine control
- d. Radiator – aluminum core
- e. Air restriction monitor – intake mounted

4. CAB:

- a. Cab – welded steel galvanized or aluminum shell with rust preventative coating.
- b. Floor covering – black rubber mats
- c. Seating – driver air suspension mid back, passenger fixed mid back.
- d. Steering wheel – 18" two spoke
- e. Standard air conditioning and heating

5. FRAME:

- a. Frame – steel construction matched to GVW and mounted body of truck.
- b. Wheelbase – 187"
- c. Front bumper – painted steel
- d. Fuel tank – 70 gallon, minimum
- e. Air dryer – Bendix AD9 heated, or approved equivalent.

6. SAFETY:

- a. Horn – single air trumpet
- b. Mirrors – West Coast to include 7.5" convex mounted to lower mirror bracket.
- c. Brakes – "S" cam type 16.5" x 5" Q + front and 16.5" x 7" Q + rear with anti-lock without automatic traction control, or approved equivalent.
- d. Slack adjusters – Haldex automatic front and rear.
- e. Daytime running lights.
- f. Backup alarm

7. FRONT AXLE:

- a. Front axle – 12,000 lb.
- b. Front wheels – steel 10 hole hub piloted
- c. Front tires – 11R22.5 Goodyear G397LHS, steer or approved equivalent.
- d. Front hubs – Ferrous, or approved equivalent.
- e. Oil type with synthetic lube

8. REAR AXLE:

- a. Rear axle – 40,000 lb.
- b. Rear wheels – steel 10 hole hub piloted
- c. Rear tires – 11R22.5 Goodyear G124 unisteeel traction or approved equivalent.
- d. Hubs – Ferrous, or approved equivalent.
- e. Power divider with warning light and buzzer (includes in cab control)

9. ELECTRICAL:

- a. Circuit protection – fuses except headlamp and wiper circuits which utilize circuit breakers.
- b. Hand throttle – electronic hand throttle operated through cruise control when in PTO mode only.
- c. Engine protection – engine shut down system monitoring high water temp, low oil pressure, high exhaust temp, high transmission temp.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2017 Freightliner M2-112

The Freightliner M2-112 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$60,697.00	\$60,967.00	\$60,967.00	\$60,967.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2017 International HX

The International HX purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$101,500.00	\$100,500.00	\$99,985.00	\$101,600.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2017 International Workstar

The International Workstar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$90,975.00	\$89,975.00	\$89,750.00	\$88,453.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2017 Kenworth T880

The Kenworth T880 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$101,836.00	\$101,586.00	\$102,475.00	\$100,305.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2017 Mack C or G Series

The Mack C or G Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$110,602.00	\$110,602.00	\$110,602.00	\$110,602.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2017 Peterbilt 567

The Peterbilt 567 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$103,657.50	\$103,657.50	\$103,657.50	\$111,898.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2017 Volvo V Series

The Volvo V Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$91,756.00	\$91,756.00	\$91,756.00	\$91,359.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #14

2017 Western Star 4700

The Western Star 4700 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$86,463.00	\$86,463.00	\$86,463.00	\$86,463.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2017 Peterbilt 320 -520

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. 300 HP 6 cylinder diesel engine, manufacturer's 11L minimum

2. **TRANSMISSION:**

- a. Allison 4500 RDS automatic transmission

3. **ENGINE EQUIPMENT:**

- a. Alternator – 12 volt 100A
- b. Premium engine hoses
- c. Injection pump – electronic engine control
- d. Radiator – aluminum core, or approved equivalent
- e. Air restriction monitor – intake mounted

4. **CAB:**

- a. Cab – welded steel galvanized or aluminum shell with rust preventative coating.
- b. Low cab, forward mounted, tilt type.
- c. Floor covering – black rubber mats
- d. Seating – driver air suspension mid back, passenger fixed mid back.
- e. Steering wheel – 18" two spoke
- f. Standard air conditioning and heating

5. **FRAME:**

- a. Frame – steel construction matched to GVW and mounted body of truck.
- b. Wheelbase – 209"
- c. Front bumper – painted steel
- d. Fuel tank – 70 gallon, minimum
- e. Air dryer – Bendix AD9 heated, or approved equivalent.

6. **SAFETY:**

- a. Horn – single air trumpet

- b. Mirrors – West Coast to include 7.5" convex mounted to lower mirror bracket.
- c. Brakes – "S" cam type 16.5" x 5" Q + front and 16.5" x 7" Q + rear with anti-lock without automatic traction control, or approved equivalent.
- d. Slack adjusters – Haldex automatic front and rear.
- e. Daytime running lights.
- f. Backup alarm

7. FRONT AXLE:

- a. Front axle – 20,000 lb.
- b. Front wheels – steel 10 hole hub piloted
- c. Front tires – 315/80R/22.5 Goodyear G289
- d. Front hubs – iron, or approved equivalent.
- e. Oil type with synthetic lube

8. REAR AXLE:

- a. Rear axle – 40,000 lb.
- b. Rear wheels – steel 10 hole hub piloted
- c. Rear tires – 11R22.5 Goodyear G124 unisteeel traction or approved equivalent.
- d. Hubs – iron, or approved equivalent.
- e. Power divider with warning light and buzzer (includes in cab control)

9. ELECTRICAL:

- a. Circuit protection – fuses except headlamp and wiper circuits which utilize circuit breakers.
- b. Hand throttle – electronic hand throttle operated through cruise control when in PTO mode only.
- c. Engine protection – engine shut down system monitoring high water temp, low oil pressure, high exhaust temp, high transmission temp.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

60,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE REFUSE TRUCK (ONLY) SPECIFICATION #15

2017 Autocar ACX64

The Autocar ACX64 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$142,480.00	\$143,480.00	\$155,938.00	\$138,850.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

60,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE REFUSE TRUCK (ONLY) SPECIFICATION #15

2017 Crane Carrier LET2

The Crane Carrier LET2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$174,778.00	\$174,778.00	\$174,778.00	\$174,778.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

60,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE REFUSE TRUCK (ONLY) SPECIFICATION #15

2017 Peterbilt 320 -520

The Peterbilt 320 -520 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$131,929.00	\$131,929.00	\$131,929.00	\$133,007.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. DECK:

- a. Mower shall be rotary, flex wing style.
- b. 10 gauge steel minimum
- c. Replaceable full length skid shoes
- d. Shall be easy clean style

2. BLADE CARRIER & BLADES:

- a. 7 gauge steel minimum
- b. 1 inch thick cross bar weldment
- c. "Stump Jumper" pan design
- d. 2 free swinging updraft cutting blades 1/2 inch thick, heat treated alloy steel minimum
- e. Blades shall overlap a minimum of six inches for uniform cut.
- f. Blade spindles shall be 1 1/4 inch diameter minimum.

3. WHEELS/TIRES:

- a. 6 replaceable puncture resistant foam filled airplane tailwheels.

4. POWER DISTRIBUTION:

- a. Main driveline shall be CAT 5
- b. Slip clutch protection shall be featured.
- c. Gears shall be straight bevel with tapered roller bearings.
- d. A power divider shall have a rating of 190 HP minimum.
- e. Center and wing gearboxes shall have a minimum rating of 190 HP.

5. GENERAL FEATURES:

- a. Mower shall attach to the rear of the tractor using a self level-lift hitch.
- b. Front and rear chain deflectors.
- c. Tounge shall have a jack stand.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15 FT. FLEX WING ROTARY MOWER - PTO DRIVEN SPECIFICATION #16

2017 Alamo Eagle 15

The Alamo Eagle 15 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$17,964.00	\$17,964.00	\$17,964.00	\$17,964.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

15 FT. FLEX WING ROTARY MOWER - PTO DRIVEN SPECIFICATION #16

2017 Landpride Batwing (RC5615)

The Landpride Batwing (RC5615) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	Central	Southern
BASE PRICE:	\$13,900.00	\$13,900.00	\$13,900.00	\$14,310.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. 25 horsepower gas engine
- b. 7 gallon fuel tank
- c. Positive feed oil system with spin on filter.
- d. Heavy duty air cleaner
- e. Electric start

2. **DRIVE TRAIN/AXLES:**

- a. Hydraulic gear pumps
- b. High torque wheel motors
- c. Spin on hydraulic filters

3. **DECK:**

- a. 60" heavy duty mower deck
- b. 3 blade spindles
- c. Belt driven
- d. Manual deck lift
- e. 1" to 5" cutting height
- f. Deck engagement electric clutch

4. **WHEELS:**

- a. Front wheels - 13x6-6 ribbed, minimum
- b. Rear wheels - 24x11.5-12 turf

5. **COMFORT & CONVENIENCE:**

- a. High back full suspension seat
- b. Adjustable steering/motion control levers
- c. Flip up hood
- d. Easy access operator controls

- e. ROPS bar

6. APPROXIMATE MACHINE DIMENSIONS:

- a. Length - 82"
- b. Height - 72" with ROPS
- c. Width - 63" without chute

7. CONDITIONS:

- a. In addition to equipment specified, mower will be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA emission standards and all motor vehicle standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.
- b. The successful bidder shall be responsible for delivering the unit properly serviced, clean and in first class operating condition. Pre-delivery service at a minimum shall include the following:
 - c. Complete lubrication
 - d. Check all fluid levels
 - e. Adjustment of engine to proper operating condition
 - f. Inflate tires to proper pressure
 - g. Proper operation of all accessories.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

ZERO TURN RADIUS COMMERCIAL GRADE MOWER SPECIFICATION #17

2017 Dixie Chopper 2760 EFI

The Dixie Chopper 2760 EFI purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$8,596.00	\$8,421.00	\$8,271.00	\$8,296.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ZERO TURN RADIUS COMMERCIAL GRADE MOWER SPECIFICATION #17

2017 Gravely Proturn 260

The Gravely Proturn 260 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$7,819.00	\$7,819.00	\$7,819.00	-- No bid --

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

REMOTE CONTROLLED BRUSH MOWER SPECIFICATION #18

2017 Alamo Ridgerunner

The Alamo Ridgerunner purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$44,598.00	\$44,598.00	\$44,598.00	\$44,598.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

- a. 30+ commercial grade attachments for a variety of applications (sold individually, not factory installed)
- b. Uses Ventrac quick hitch system for quick transition between applications

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

COMPACT CENTER ARTICULATING TRACTOR - AWD SPECIFICATION #20

2017 Ventrac 3400 Series

The Ventrac 3400 Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$12,889.05	\$12,889.05	\$12,889.05	\$12,889.05

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SMALL AGRICULTURE TYPE TRACTOR (4 WHEEL DRIVE) SPECIFICATION #21

2017 Kubota L3901 DT

The Kubota L3901 DT purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$15,600.00	\$15,250.00	\$15,250.00	\$15,562.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. Liquid cooled diesel with minimum of 75 PTO hp @ 2200 rpm.

2. **TRANSMISSION:**

- a. Synchroshuttle type with a minimum of 8 forward and 3 reverse speeds.

3. **FUEL TANK:**

- a. Minimum 23 gallon capacity.

4. **BRAKES:**

- a. Oil cooled hydraulic.

5. **POWER TAKE OFF:**

- a. Speeds RPM - 540/1000

6. **HYDRAULIC SYSTEM:**

- a. Open center system with standard remotes.
- b. Standard output @ remote gpm - 10
- c. Main pump flow 17 gpm

7. **POINT HITCH:**

- a. Electronic or mechanical 3 point hitch control
- b. Category II
- c. Telescopic stabilizers
- d. SAE lift capacity @ 24" standard lbs. - 3,600
- e. Lower draft arm link ends - extendable

8. **TIRES:**

- a. Not less than 18.4R - 28 R1 radials

b. Not less than 7.5L - 15 6 Ply F2

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

AGRICULTURE TYPE TRACTOR (2 WHEEL DRIVE) SPECIFICATION #22

2017 Case IH Farmall 100C

The Case IH Farmall 100C purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$38,880.00	\$38,850.00	\$38,330.00	\$38,330.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

AGRICULTURE TYPE TRACTOR (2 WHEEL DRIVE) SPECIFICATION #22

2017 Kubota M5-091

The Kubota M5-091 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$30,680.00	\$30,480.00	\$30,480.00	\$30,680.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. Liquid cooled diesel with minimum of 95 PTO hp @ 2200 rpm.

2. **TRANSMISSION:**

- a. Synchroshuttle type with a minimum of 16 forward and 16 reverse speeds.

3. **FUEL TANK:**

- a. Minimum 38 gallon capacity.

4. **BRAKES:**

- a. Oil cooled hydraulic.

5. **POWER TAKE OFF:**

- a. Speeds RPM - 540/1000

6. **HYDRAULIC SYSTEM:**

- a. Closed center system with standard remotes.
- b. Maximum pressure psi - 2,900
- c. Standard output @ remote 17 gpm
- d. Total of 29 gpm combined flow

7. **POINT HITCH:**

- a. Category II
- b. Telescopic stabilizers
- c. SAE lift capacity @ 24" standard lbs. - 5,000
- d. Lower draft arm link ends - extendable

8. **TIRES:**

- a. Not less than 13.6R24 R1 rear radials
- b. Not less than 18.4R30 6 Ply F2

9. MOUNTED BOOM MOWER:

- a. Minimum 23' boom reach.
- b. Forward and reverse swing break away.
- c. Integral frame.
- d. Separate hydraulic circuit for mower head.
- e. 5' rotary cutter head.
- f. Disc or bar type blade holder.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

AGRICULTURE TYPE TRACTOR WITH BOOM MOWER (4 WHEEL DRIVE) SPECIFICATION #23

2017 Case IH Maxxum 115 with Motrim Boom Mower

The Case IH Maxxum 115 with Motrim Boom Mower purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$108,850.00	\$108,550.00	\$108,300.00	\$108,300.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

AGRICULTURE TYPE TRACTOR WITH BOOM MOWER (4 WHEEL DRIVE) SPECIFICATION #23

2017 John Deere 6120M Alamo Industrial Mower

The John Deere 6120M Alamo Industrial Mower purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$128,737.00	\$128,737.00	\$128,737.00	\$128,737.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

AGRICULTURE TYPE TRACTOR WITH BOOM MOWER (4 WHEEL DRIVE) SPECIFICATION #23

2017 John Deere 6120M with Tiger Bengal Boom Mower

The John Deere 6120M with Tiger Bengal Boom Mower purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$134,230.00	\$134,230.00	\$134,230.00	\$134,230.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

AGRICULTURE TYPE TRACTOR WITH BOOM MOWER (4 WHEEL DRIVE) SPECIFICATION #23

2017 New Holland TS6.130 Alamo Industrial Mower

The New Holland TS6.130 Alamo Industrial Mower purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$115,060.00	\$115,060.00	\$115,060.00	\$115,060.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

LARGE, DIESEL RIDE-ON INDUSTRIAL TOOL CARRIER **SPECIFICATION #24**

2017 MowerMax Industrial Tool Carrier

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. 99.9 HP Tier III Turbo Diesel
- b. Heavy duty radiator with high flow fan with reversing, clean out valve
- c. Canister style air cleaner with pre-cleaner
- d. Electric start with engine pre-heat
- e. Full engine gauge package
- f. 32 gallon fuel tank

2. **POWER TRAIN:**

- a. Hydrostatic, variable displacement piston transmission pump in a closed loop system
- b. Two, heavy-duty, 4 wheel drive, steerable axles with parking and service brake
- c. 3 steering modes – 4 wheel round, front wheel and 4 wheel crab
- d. High torque, two-speed, hydraulic piston drive motor for front axle and drive shaft for rear axle
- e. Joystick for speed and directional (forward/reverse) control
- f. GVW (without attachments): Approximately 9000lbs

3. **TRAVEL SPEED:**

- a. Work Mode – Variable 0-5 MPH Travel Mode – Variable 0-20 MPH

4. **WHEELS:**

- a. Standard -15-19.5 Industrial tires Optional - 38x18.00-20 Lug tires

5. **COMFORT, CONVENIENCE & SAFETY:**

- a. Full air ride, suspension seat with lumbar support and integrated operator-presence safety switch
- b. Certified ROPS Canopy with AC, heat, AM/FM radio with Bluetooth
- c. Tilt steering column with horn
- d. Seat belt with safety switch
- e. Turn signals and brake lights
- f. Flashing safety lights as well as DOT reflector tape
- g. Engine gauge package

6. **ATTACHMENT OPTIONS:**

- a. Front lift arms with universal skid steer mounting plate for 10+ skid steer attachments: a.Broom/sweeper b.90in rotary mower c.88in flail mower d.Dozer blade e.Stump grinder f.Pallet forks g.Cold planer h.Big roll sod installer i.Landscape rake j.Rotary tiller

- b. Right side rotary mower
- c. Right side flail mower
- d. Right side boom/reach mower
- e. 15 ft Belly Mower

7. CONDITIONS:

- a. In addition to equipment specified, mower will be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA emission standards and all motor vehicle standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.
- b. The successful bidder shall be responsible for delivering the unit properly serviced, clean and in first class operating condition. Pre-delivery service at a minimum shall include the following: a. Complete lubrication b. Check all fluid levels c. Adjustment of engine to proper operation condition d. Inflate tires to proper operating pressure e. Proper operation of all accessories

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

LARGE, DIESEL RIDE-ON INDUSTRIAL TOOL CARRIER SPECIFICATION #24

2017 MowerMax Industrial Tool Carrier

The MowerMax Industrial Tool Carrier purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$107,500.00	\$107,500.00	\$107,500.00	\$107,500.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

4X4 LOADER BACKHOE WITH CANOPY (STANDARD STICK) SPECIFICATION #25

2017 Case 580 SN
2017 Caterpillar 416
2017 John Deere 310SL

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. Minimum 87 HP Diesel engine
- b. Dry type, radial seal air cleaner and pre-cleaner unit
- c. Spin on type engine oil filter

2. **TRANSMISSION:**

- a. Four speed power shift or power shuttle transmission

3. **OPERATOR ENVIRONMENT:**

- a. OSHA approved ROPS canopy shall be integral
- b. Two front and two rear work and driving lights
- c. Stop and turn signals with flashing hazard lamps
- d. Instrument panel with a complete set of gauges or an electronic monitoring device
- e. Standard horn and audible back-up alarm

4. **BRAKES:**

- a. Brakes shall be oil immersed, hydraulically actuated, multiple disc on final drive input shaft
- b. Brakes shall be completely enclosed and sealed, fully self-adjusting

5. **LOADER (SINGLE TILT CYLINDER):**

- a. Loader shall be equipped with a return to dig mechanism
- b. Loader shall have positive down pressure sufficient to lift the tractor front end off level ground
- c. Loader bucket SAE heaped capacity of minimum 1.3 yards with replaceable bolt on edge

6. **BACKHOE:**

- a. Fixed length dipper stick digging depth approximately 14'
- b. Reach from swing center, approximately 18'
- c. Dump height, approximately 11'3"
- d. Digging force approximately 8,000 lbs.
- e. Bucket dig force, approximately 11,990 lbs.
- f. 24" general purpose bucket with replaceable teeth

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

4X4 LOADER BACKHOE WITH CANOPY (STANDARD STICK) SPECIFICATION #25

2017 Case 580 SN

The Case 580 SN purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$68,115.00	\$68,115.00	\$68,115.00	\$68,115.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. Minimum 3 cylinder 56 HP Diesel

2. **TRANSMISSION:**

- a. Hydrostatic Drive
- b. Forward, reverse, travel speed controlled by two hand levers

3. **ENGINE EQUIPMENT:**

- a. Spin on type filters
- b. Dry type air filter

4. **OPERATOR ENVIRONMENT:**

- a. OSHA approved ROPS canopy shall be integral
- b. Front and rear work lights, hazard lights
- c. Engine monitoring system or gauges, with audible alarm
- d. Tires 10x16.5 extra wall
- e. Horn and backup alarm

5. **BRAKES:**

- a. Parking brake
- b. Hydrostatic main braking

6. **LOADER:**

- a. Front auxillary hydraulics
- b. Foot or hand controls for bucket
- c. Minimum 62" wide construction bucket
- d. Operating capacity 1,800 lbs - minimum

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

SKID STEER LOADER - 1850 LB OPERATING CAPACITY WHEELED ONLY SPECIFICATION #26

2017 Bobcat S570

The Bobcat S570 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$28,747.00	\$28,747.00	\$28,747.00	\$28,747.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SKID STEER LOADER - 1850 LB OPERATING CAPACITY WHEELED ONLY SPECIFICATION #26

2017 John Deere 318G

The John Deere 318G purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	★ Southern
BASE PRICE:	\$28,345.00	\$28,345.00	\$28,345.00	\$28,345.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SKID STEER LOADER - 1850 LB OPERATING CAPACITY WHEELED ONLY SPECIFICATION #26

2017 Wacker Neuson SW24

The Wacker Neuson SW24 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$39,350.00	\$39,350.00	\$39,350.00	\$39,350.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

SKID STEER LOADER - 3100 LBS. OPERATING CAPACITY TRACKED ONLY SPECIFICATION #28

2017 Case TR310

The Case TR310 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$41,119.00	\$41,119.00	\$41,119.00	\$41,119.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2017 New Holland C232

The New Holland C232 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	-- No bid --	-- No bid --	-- No bid --

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2017 Caterpillar 287 with Rook Option

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. VEHICLE PLATFORM:

- a. CAT Multi-terrain loader
- b. 84 HP Diesel Engine
- c. 2 Speed powertrain
- d. Operating weight 13,000 lbs.
- e. Fuel Tank 26 gallons
- f. Hydraulic Quick Coupler
- g. Enclosed ROPS cab with air conditioner and heater
- h. Dual level suspension undercarriage with self level.
- i. Advanced machine information and control system

2. CAB ARMORED PROTECTION

- a. Bullet proof glass
- b. NIJ Level IV armor cab reinforcement fabrication

3. ARMORED DEPLOYMENT PLATFORM

- a. Integrated video system
- b. Breaching ram
- c. Vehicle extraction tool
- d. Grapple claw

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

THE "ROOK" TACTICAL VEHICLE SPECIFICATION #29

2017 Caterpillar 287 with Rook Option

The Caterpillar 287 with Rook Option purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$292,600.00	\$292,600.00	\$292,600.00	\$292,600.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

1.5 CU. YD. WHEEL LOADER (Z-BAR LINKAGE BUCKET - PARALLEL ARM OPTION) SPECIFICATION #30

2017 Kawasaki 60Z

The Kawasaki 60Z purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$91,120.00	\$91,120.00	\$91,120.00	\$91,120.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE/CAB:**

- a. Diesel engine, six cylinder, four cycle, liquid cooled, minimum 140 SAE Net HP
- b. Cab with A/C

2. **TRANSMISSION:**

- a. Power shift transmission with torque converter or hydrostatic drive, minimum of four forward and three reverse speeds.

3. **DRIVETRAIN:**

- a. Four wheel drive.
- b. Manufacturer's standard axle.
- c. Inboard or outboard mounted wet disc braking system.
- d. Inboard or outboard mounted planetary final drives.
- e. 20.5 – 25 Bias ply tires mounted on multi piece rims.

4. **LOADER:**

- a. 3.0 cu. yd. general purpose bucket with bolt on cutting edge.
- b. Bucket position indicator.
- c. Automatic return to dig.
- d. Rear drawbar.
- e. Gauges and indicators: visual hydraulic oil level indicator, electronic monitor display of all fluid levels and temperatures.
- f. Deluxe suspension seat with foam padding and backrest.
- g. Articulated steering, 40 degrees minimum each direction
- h. Wheelbase of at 9 feet, 4 inches minimum
- i. Minimum operating weight of 26,000 lbs.

5. **ELECTRICAL:**

- a. 12 or 24 volt electrical system.
- b. Manual battery disconnect switch.
- c. Driving lights, front and rear work lights, stop lights, warning lights and tail lights.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

3.0 CU. YD. WHEEL LOADER (Z-BAR LINKAGE BUCKET - PARALLEL ARM OPTION) SPECIFICATION #31

2017 Case 621F

The Case 621F purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$124,775.00	\$124,775.00	\$124,775.00	\$124,775.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

3.0 CU. YD. WHEEL LOADER (Z-BAR LINKAGE BUCKET - PARALLEL ARM OPTION) SPECIFICATION #31

2017 Hyundai HL940

The Hyundai HL940 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	Northern	Central	Southern
BASE PRICE:	\$109,820.00	\$117,333.00	\$117,333.00	\$117,333.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

3.0 CU. YD. WHEEL LOADER (Z-BAR LINKAGE BUCKET - PARALLEL ARM OPTION) SPECIFICATION #31

2017 Kawasaki 70Z7

The Kawasaki 70Z7 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$138,470.00	\$138,470.00	\$138,470.00	\$138,470.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE/CAB:**

- a. Diesel engine, six cylinder, four cycle, liquid cooled, minimum 280 HP.
- b. Cab with A/C

2. **TRANSMISSION:**

- a. Power shift transmission with torque converter or hydrostatic drive, minimum of four forward and three reverse speeds.

3. **DRIVETRAIN:**

- a. Four wheel drive.
- b. Manufacturer's standard axle.
- c. Inboard or outboard mounted wet disc braking system.
- d. Inboard or outboard mounted planetary final drives.
- e. 26.5 –R25 radial tires mounted on multi piece rims.

4. **LOADER:**

- a. 5.75 cu. yd. general purpose bucket with bolt on cutting edge.
- b. Bucket position indicator.
- c. Automatic return to dig.
- d. Rear drawbar.
- e. Gauges and indicators: visual hydraulic oil level indicator, electronic monitor display of all fluid levels and temperatures.
- f. Deluxe suspension seat with foam padding and backrest.
- g. Articulated steering, 40 degrees minimum each direction.
- h. Wheelbase of 11'4" minimum.
- i. Minimum operating weight of 53,674 lbs.

5. **ELECTRICAL:**

- a. 24 volt electrical system.

- b. Neutral safety start device.
- c. Manual battery disconnect switch.
- d. Driving lights, front and rear work lights, stop lights, warning lights and tail lights.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

5.75 CU. YD. WHEEL LOADER (Z-BAR LINKAGE BUCKET) SPECIFICATION #32

2017 Caterpillar 972M

The Caterpillar 972M purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$387,931.00	\$387,931.00	\$387,931.00	\$390,096.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

The Kawasaki 92Z7 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$282,097.00	\$282,097.00	\$282,097.00	\$282,097.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

MOTOR GRADER - SMALL SPECIFICATION #33

2017 Noram 65E Grader

The Noram 65E Grader purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	Central	Southern
BASE PRICE:	\$153,500.00	\$153,500.00	\$153,500.00	\$153,500.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

MOTORGRADER SPECIFICATION #34

2017 Case 845B
2017 Caterpillar 120M
2017 John Deere 670G

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. Liquid cooled 6 cylinder diesel with minimum of 140 net hp @ 1900 RPM..

2. **TRANSMISSION:**

- a. Power shift with direct drive.
- b. Minimum 8 forward and 4 reverse speeds.

3. **BRAKES:**

- a. Wet multiple disc.

4. **STEERING & ARTICULATION:**

- a. Front steer plus articulated.
- b. Minimum articulation 20 degrees.

5. **MOLDBOARD:**

- a. Minimum 12 ft. long.

6. **OPERATOR ENVIRONMENT:**

- a. Low profile cab.
- b. Cloth adjustable seats.
- c. Gauges including hour meter, fuel, articulation, engine coolant temperature.

7. **TIRES:**

- a. Minimum 13.0 – 24 10 PR 9" single piece rim.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

MOTORGRADER SPECIFICATION #34

2017 Case 845B

The Case 845B purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$179,770.00	\$179,770.00	\$179,770.00	\$179,770.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2017 Case 650L
2017 Caterpillar D3
2017 John Deere 450J

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. ENGINE:

- a. Minimum 4 cylinder 70 Net HP

2. TRANSMISSION:

- a. Hydrostatic, infinitely variable speed.
- b. Constantly variable

3. UNDERCARRIAGE:

- a. Minimum 5 rollers
- b. Standard grouser minimum of 16"
- c. Top roller, each side

4. DOZER:

- a. Minimum 96" wide
- b. Minimum 32" high
- c. Minimum 1.88 cyd blade capacity
- d. Power, angle, tilt (PAT) type blade

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

70 HP BULLDOZER CANOPY TRACTOR (STANDARD TRACK - WIDE TRACK OPTIONAL) SPECIFICATION #35

2017 Case 650L

The Case 650L purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$76,373.00	\$76,373.00	\$76,373.00	\$76,373.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

- a. Minimum 104" wide
- b. Minimum 36" high
- c. Minimum 2.5 cyd blade capacity
- d. Power, angle, tilt (PAT) type blade

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

90 HP BULLDOZER CANOPY TRACTOR (STANDARD TRACK - WIDE TRACK OPTIONAL) SPECIFICATION #36

2017 Case 850M

The Case 850M purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$102,158.00	\$102,158.00	\$102,158.00	\$102,158.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL TERRAIN WALKING EXCAVATOR SPECIFICATION #38

2017 Kaiser S2
2017 Menzi Muck M3

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **WEIGHT:**

- a. 15,873 lbs. 2x4
- b. 17,196 lbs. 4x4

2. **ENGINE/CAB:**

- a. Diesel engine, minimum 95 net horsepower
- b. Roll over enclosed cab air conditioned and heated.
- c. Hinged quick release side window for emergency exit (operational at all boom positions).
- d. Hinged front window opening outward for safety (not inward reducing operator head room).
- e. Gauges or warning indicators for fuel level, engine oil, hydraulic oil and coolant.
- f. Mirrors
- g. Air sprung operators seat
- h. Full size cab (width of machine) for operator comfort and room with toolbox.

3. **TRAVEL SYSTEM:**

- a. Minimum high speed travel - 5 mph
- b. Minimum grade-ability 70%
- c. Four tires

4. **HYDRAULIC SYSTEM:**

- a. Piston type hydraulic pumps.
- b. Digging depth - 15'4"
- c. Auxiliary hydraulic circuit and controls plumbed to the end of stick with disconnect to allow the use of hydro-mechanical work tools.
- d. Hydraulic motor-driven swing system.
- e. Stabilizers to be individually controlled in the vertical and horizontal positions.
- f. Boom assembly hydraulic hoses mounted on left side in operator's field of vision.

5. **ELECTRICAL SYSTEM:**

- a. 12 or 24 volt
- b. 30 amp alternator
- c. Work lights

6. **BUCKET:**

a. 4' wide grading bucket

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

ALL TERRAIN WALKING EXCAVATOR SPECIFICATION #38

2017 Menzi Muck M3

The Menzi Muck M3 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$254,235.00	\$254,235.00	\$254,235.00	\$254,235.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. WEIGHT:

- a. 7,105 minimum capacity weight with canopy

2. ENGINE/CAB:

- a. Diesel engine, minimum 23 net horse power
- b. Rollover and falling object protective structures
- c. Gauges or warning indicators for fuel level, engine oil, hydraulic oil and coolant.

3. TRAVEL SYSTEM:

- a. Minimum high speed travel 2.3 MPH
- b. Minimum gradeability, 20 degrees
- c. 11" wide rubber belt tracks

4. HYDRAULIC SYSTEM:

- a. Gear type hydraulic pump
- b. Digging depth 9' minimum
- c. Auxiliary hydraulic circuit and controls plummed to the end of stick with disconnect to allow the use of hydro-mechanical work tools
- d. Backfill blade
- e. Hydraulic motor-driven swing system

5. ELECTRICAL SYSTEM:

- a. 12 volt electrical system
- b. 40 amp alternator
- c. Sealed electrical connector

d. Work lights

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

HYDRAULIC MINI EXCAVATOR - 7,105 LB. OPERATING WEIGHT SPECIFICATION #39

2017 John Deere 35G

The John Deere 35G purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$38,700.00	\$38,700.00	\$38,700.00	\$38,700.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

HYDRAULIC MINI EXCAVATOR - 7,105 LB. OPERATING WEIGHT SPECIFICATION #39

2017 Kobelco SK35SR

The Kobelco SK35SR purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$33,961.00	\$34,014.00	\$34,014.00	\$34,014.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

HYDRAULIC MINI EXCAVATOR - 7,105 LB. OPERATING WEIGHT SPECIFICATION #39

2017 Wacker Neuson 3503

The Wacker Neuson 3503 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$40,695.00	\$40,695.00	\$40,695.00	\$40,695.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. WEIGHT:

- a. Minimum operating weight 15,590 lb.

2. ENGINE:

- a. Diesel engine, 53 horsepower
- b. Spin on type filter
- c. Two stage air cleaner

3. TRAVEL SYSTEM:

- a. Travel speed of 3.0 mph

4. HYDRAULIC SYSTEM:

- a. Standard auxiliary hydraulic valve
- b. Main hydraulic system flow 33.8 GPM

5. UNDERCARRIAGE:

- a. Overall track length 9'1"
- b. Overall track width 11' minimum 7'6"
- c. Shoe width 17.7" minimum

6. OPERATING STATION:

- a. Cab to be air conditioned, heated and pressurized filtration system
- b. Intermittent windshield wipers

- c. Opening front windshield
- d. Vibration dampening cab mounts
- e. Adjustable suspension type operator seat with safety belt
- f. Tinted safety glass
- g. Engine monitoring system with audible alarms
- h. Work lights

7. STICK, BOOM, BUCKET:

- a. Boom and stick combination to allow minimum reach at ground level of 20'11"
- b. Bucket to be general purpose bucket, appropriately sized for machine and included.

8. SWING SYSTEM:

- a. Swing radius 5'9" approximate
- b. Swing speed 9.0 rmp

9. MISCELLANEOUS:

- a. Fuel capacity of 26 gallons

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

HYDRAULIC EXCAVATOR - 15,590 LB. OPERATING WEIGHT SPECIFICATION #40

2017 Caterpillar 308E2

The Caterpillar 308E2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$93,396.00	\$93,396.00	\$93,396.00	\$89,770.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

HYDRAULIC EXCAVATOR - 15,590 LB. OPERATING WEIGHT SPECIFICATION #40

2017 Kobelco SK-75SR-3E

The Kobelco SK-75SR-3E purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	Northern	Central	Southern
BASE PRICE:	\$75,431.00	\$79,615.00	\$79,615.00	\$79,615.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

HYDRAULIC EXCAVATOR - 15,590 LB. OPERATING WEIGHT SPECIFICATION #40

2017 Wacker Neuson ET90

The Wacker Neuson ET90 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$88,950.00	\$88,950.00	\$88,950.00	\$88,950.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

HYDRAULIC EXCAVATOR - 38,000 LB OPERATING WEIGHT SPECIFICATION #41

2017 Hitachi ZX160LC-5

The Hitachi ZX160LC-5 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$141,990.00	\$141,990.00	\$141,990.00	\$141,990.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

HYDRAULIC EXCAVATOR - 38,000 LB OPERATING WEIGHT SPECIFICATION #41

2017 Kobelco SK170LC

The Kobelco SK170LC purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$137,535.00	\$129,431.00	\$129,431.00	\$129,431.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. WEIGHT:

- a. Minimum operating weight - 76,550

2. ENGINE:

- a. Turbocharged diesel engine 257 HP
- b. Spin on type filters
- c. Two stage air cleaner

3. TRAVEL SYSTEM:

- a. Travel speed of 2.9 mph

4. HYDRAULIC SYSTEM:

- a. Standard auxiliary hydraulic valve
- b. Main hydraulic system flow 144 GPM minimum

5. UNDERCARRIAGE:

- a. Overall track length 16'2"
- b. Overall track width 10'6"
- c. Shoe width 24"

6. OPERATING STATING:

- a. Cab to be air conditioned, heated and pressurized filtration system
- b. Intermittent windshield wipers
- c. Opening front windshield
- d. Vibration dampening cab mounts
- e. Adjustable suspension type operator seat with safety bel
- f. Tinted safety glass

- g. Engine monitoring system with audible alarm
- h. Work lights

7. STICK, BOOM, BUCKET:

- a. Boom and stick combination to allow minimum reach at ground level of 35'6"
- b. Bucket to be a general purpose bucket, appropriately sized for machine and included

8. SWING SYSTEM:

- a. Swing radius 12
- b. Swing speed 9.2 RPM

9. MISCELLANEOUS:

- a. Fuel capacity of 145 gallons minimum

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

HYDRAULIC EXCAVATOR - 76,550 LB OPERATING WEIGHT SPECIFICATION #42

2017 Case CX350D

The Case CX350D purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$266,700.00	\$266,700.00	\$266,700.00	\$266,700.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

HYDRAULIC EXCAVATOR - 76,550 LB OPERATING WEIGHT SPECIFICATION #42

2017 John Deere 350GLC

The John Deere 350GLC purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$261,400.00	\$261,400.00	\$261,400.00	\$261,400.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2017 Volvo EW180E

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **WEIGHT:**

- a. Minimum operating weight - 42,000 lbs.

2. **ENGINE:**

- a. Turbocharged diesel engine 140 hp
- b. Spin on type filters
- c. Two stage air cleaner

3. **TRAVEL SYSTEM:**

- a. Travel speed of 21 mph

4. **HYDRAULIC SYSTEM:**

- a. Standard auxiliary hydraulic valve.
- b. Hydraulic system flow 99 gpm minimum.

5. **WHEEL DRIVE:**

- a. Wheelbase 8' minimum
- b. Tire size 10:00x20
- c. Ground clearance 13" minimum
- d. Gradability 61 percent

6. **OPERATING STATION:**

- a. Cab to be air conditioned, heated, and pressurized filtration system.
- b. Intermittent windshield wipers.
- c. Opening front windshield.
- d. Vibration dampening cab mounts.
- e. Adjustable suspension type operator seat with safety belt.
- f. Tinted safety glass.
- g. Engine monitoring system with audible alarms.

- h. Work lights.
- i. Tail, stop, turn, and emergency flashers.

7. STICK, BOOM, BUCKET:

- a. Boom and stick combination to allow minimum reach at ground level of 30' minimum.
- b. Bucket to be a general purpose bucket, appropriately sized for machine and included.

8. SWING SYSTEM:

- a. Swing radius 7 ft. approximate.
- b. Swing speed 9.5 rpm minimum.

9. MISCELLANEOUS:

- a. Fuel capacity of 77 gallons minimum.

10. BLADE/OUTRIGGERS:

- a. Front blade with 8' minimum
- b. Rear outriggers

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

HYDRAULIC EXCAVATOR, WHEELED TYPE - 42,000 LB. OPERATING WEIGHT SPECIFICATION #43

2017 Caterpillar M318

The Caterpillar M318 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$207,844.00	\$207,844.00	\$207,844.00	\$209,295.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

HYDRAULIC EXCAVATOR, WHEELED TYPE - 42,000 LB. OPERATING WEIGHT SPECIFICATION #43

2017 John Deere 190 GW

The John Deere 190 GW purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$188,990.00	\$188,990.00	\$188,990.00	\$188,990.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

TELESCOPIC EXCAVATOR, TRACK TYPE - 45,000 LB. OPERATING WEIGHT SPECIFICATION #44

2017 Gradall 4200 III

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **WEIGHT:**

- a. Minimum operating weight 45,000 lbs.

2. **ENGINE:**

- a. 4 cylinder turbocharged diesel, 170 HP at 2200 RPM
- b. Spin on type filters
- c. Two stage air cleaner
- d. 12 volt 100 AMP alternator
- e. 90 gallon fuel capacity

3. **TRACK DRIVE:**

- a. Two speed, automatic with manual override
- b. High torque piston motors each track
- c. Planetary drives
- d. Travel speed high 3.4 MPH, Low 1.9 MPH
- e. Automatic parking brake
- f. Individual track control

4. **TRACKS:**

- a. 23.6 pad size

5. **OPERATOR'S STATION:**

- a. Acoustical lined
- b. Adjustable seat
- c. Tinted safety glass
- d. Filtered fresh air
- e. Heater, air conditioned, and defroster
- f. Wipers and washers
- g. Skylight
- h. Work lights

6. **OPERATOR'S STATION CONTROLS:**

- a. Electric engine monitoring system

- b. Auto idle
- c. Electronic joysticks on adjustable pedestals
- d. Pedals for travel and steering
- e. Low/high travel switch
- f. Engine speed control

7. SAFETY ITEMS:

- a. Electric horn
- b. Movement alarm
- c. Fire extinguisher
- d. Mirrors, right and left side

8. HYDRAULIC SYSTEM:

- a. Hydraulic oil cooler
- b. 120 HP track drive motors (each)
- c. 64 HP swing motor
- d. Electronic hydraulic system monitor
- e. Spin on hydraulic filters
- f. Swing speed 7.0 RPM
- g. Automatic swing brake

9. BOOM:

- a. Telescopic boom
- b. 180 degree boom rotation
- c. 30' reach at ground level from center pivot to buck cutting edge

10. BUCKET:

- a. 60" ditching bucket provided with machine
- b. Quick attach type

2017 Bomag BW177D-5
2017 Case SV208
2017 Caterpillar CS44
2017 Hyundai HR140C-9
2017 Sakai SV540
2017 Volvo SD-75B
2017 Wacker Neuson RC70

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **WEIGHT:**

- a. Minimum operating weight with open rops 15,200 lbs.

2. **DRUM/VIBRATORY SYSTEM:**

- a. Maximum compaction shall not be less than 30,000 lbs.
- b. Drum shall have a compaction width of not less than 66"
- c. Drum shall be smooth and not be less than 48" in diameter
- d. Vibratory system shall be hydraulically driven and have two amplitude settings
- e. Drum shall be equipped with an adjustable cleaning device
- f. Drum and vibratory pack shall be isolated from the machine during normal operation

3. **ENGINE/CAB:**

- a. Turbocharged diesel engine, minimum 74 HP
- b. Operator station shall be mounted to the frame with rubber mounts to further isolate the operation and controls from machine vibration during operation
- c. Gauges or warning indicators for fuel level, engine oil, hydraulic oil and coolant temperature with an alert sounding device activated whenever a warning indicator is illuminated.
- d. A backup alarm shall emit an audible alarm whenever the propel lever is moved into reverse

4. **TRAVEL SYSTEM:**

- a. A machine must be hydrostatic driven for the rear axle and the drum drive motor

5. **ELECTRICAL SYSTEM:**

- a. 12 or 24 volt electric system
- b. Maintenance free battery supplying 750 cold cranking amps
- c. Wiring harness protected with nylon-braided wrap

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

COMPACTION VIBRATORY ROLLER (SINGLE DRUM) 30,000 LBS SPECIFICATION #46

2017 Bomag BW177D-5

The Bomag BW177D-5 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$86,485.00	\$86,485.00	\$86,485.00	\$86,485.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

COMPACTION VIBRATORY ROLLER (SINGLE DRUM) 30,000 LBS SPECIFICATION #46

2017 Sakai SV540

The Sakai SV540 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$111,330.00	\$116,516.00	\$116,516.00	\$116,516.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

47" SMALL DOUBLE DRUM ROLLER - 5,400 LBS. SPECIFICATION #47

2017 Caterpillar CB24B

The Caterpillar CB24B purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$38,541.00	\$38,541.00	\$38,541.00	\$42,209.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

TRAILER MOUNTED SEWER CLEANER SPECIFICATION #49

2017 Obrien 7018-SC
2017 Pipe Hunter 76418
2017 Vactor RamJet 4018

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. ENGINE

- a. 60 h.p. diesel engine
- b. Water cooled
- c. Engine enclosure
- d. 15 gal. fuel tank

2. HIGH PRESSURE WATER PUMP

- a. 4000 psi at 18 gpm
- b. Pressure relief valve
- c. Triplex type pump
- d. Low water shutdown
- e. Multi-flow type system [pressure change without changes to engine rpm]

3. CONTROLS

- a. Located next to hose reel
- b. Ignition
- c. Throttle
- d. Gauge package [tachometer, hourmeter, oil pressure, volts, and low oil / high temp shutdown]
- e. Water control valve

4. WATER TANK

- a. 700 gal capacity
- b. High density polyethylene with baffles
- c. Sight gauge
- d. 2 1/2" overhead tank fill , anti siphon , air gap type
- e. Strainer
- f. Tank drain

5. HOSE REEL

- a. 800 ' capacity of 1/2" high pressure sewer hose
- b. Hydraulic power in and out

6. HOSE REEL DRIVE HYDRAULIC SYSTEM

- a. Hydraulic pump 8 gpm
- b. 15 gal hydraulic reservoir
- c. Spin on type hydraulic filter

7. TRAILER

- a. 12000 lb gvw
- b. 6" x 3/16" frame
- c. Tandem axle
- d. 2 5/16" hitch
- e. Tongue jack
- f. 235 / 80 r 16" tires
- g. Fenders
- h. Breakaway switch
- i. Lighting as required by Federal and State laws
- j. Reflective striping
- k. Toolbox with locking system
- l. LED directional arrowstick
- m. Warning beacon [tank mounted]

8. EQUIPMENT FURNISHED

- a. 500' of 1/2 " high pressure sewer hose
- b. 100' of 1/4" hose and nozzle for small pipe
- c. Washdown gun and 25 ' of hose with quick dissnnects
- d. Tiger tail hose protector
- e. Nozzles to be furnished, 15 degree, 35 degree, chisel point, grenade flushing type, skid assembly, and rotater nozzle

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

VACUUM EXCAVATOR, TRAILER MOUNTED - 14,000 LB. GVWR **SPECIFICATION #50**

2017 PacificTek PV800
2017 Pipe Hunter (Vac Hunter)
2017 Vermeer LP873SDT
2017 X-Vac X800

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **WEIGHT:**

- a. 6,190 lbs. (without trailer)

2. **ENGINE:**

- a. 36 hp diesel engine
- b. Water cooled
- c. Fully enclosed sound attenuated engine enclosure (including vacuum pump and high pressure water pump)
- d. 15 gallon fuel tank

3. **VACUUM PUMP:**

- a. 580 CFM at 15 inches of mercury
- b. Mounted inside engine enclosure
- c. Washable filtration cylinders
- d. Reverse pressure (to clear hose and offload liquids)

4. **HIGH PRESSURE WATER SYSTEM:**

- a. 400 PSI at 4 GPM water pump
- b. Low water automatic shutdown
- c. Two 100 gallon poly water tanks
- d. 50' high pressure water hose on hose reel
- e. 5' and 3' wand and control handle

5. **CONTROLS:**

- a. Lockable and waterproof
- b. Curbside located
- c. Oil pressure, water temperature, fuel and vacuum gauge
- d. Electronic throttle

6. **TANK:**

- a. Full open rear door
- b. Door hydraulically opened
- c. Twin dump cylinders

- d. 6" stainless steel portal shutoff
- e. 800 gallon debris tank capacity

7. BOOM:

- a. 4" pickup hose
- b. Hydraulically powered in/out and up/down
- c. Boom cradle
- d. 360 degree movement
- e. 2 dielectric 3" suction wands
- f. 33' rubber suction hose

8. TRAILER:

- a. 7,000 lb. dexter torsion axles
- b. 14,000 lb. GVWR
- c. 10,000 lb. jack stand
- d. I beam construction
- e. Pintle hitch
- f. Electric brakes with safety breakaway
- g. LT235/85R16 tires
- h. Stop/tail/turn lights

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

VACUUM EXCAVATOR, TRAILER MOUNTED - 14,000 LB. GVWR SPECIFICATION #50

2017 Vermeer LP873SDT

The Vermeer LP873SDT purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$75,008.00	\$75,008.00	\$75,008.00	\$75,008.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

VACUUM EXCAVATOR, TRAILER MOUNTED - 14,000 LB. GVWR SPECIFICATION #50

2017 X-Vac X800

The X-Vac X800 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$95,605.00	\$95,605.00	\$95,605.00	\$95,605.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

NOTE TO PURCHASERS: This is an INCOMPLETE UNIT. This is a bid award on a combination Sewer Cleaning/Vacuum Unit to be mounted on an appropriate sized cab & chassis truck. Agencies purchasing this unit will need to provide a cab & chassis truck of appropriate size, GVW, and, options necessary to have the selected combination Sewer Cleaner/Vacuuming Unit to be mounted on, or have the truck provider assist in ordering the correctly outfitted truck. Listed above you will find the model numbers of the units that will be included in the years contract. All items factory installed unless otherwise noted.

1. AIR/VACUUM SYSTEM:

- a. Positive displacement vacuum pump or centrifugal compressor
- b. 3500 CFM @ 14.5 inches of mercury, minimum
- c. Muffler
- d. Vacuum relief valves
- e. Centrifugal separator with clean out
- f. PTO or hydrostatic drive

2. DEBRIS TANK:

- a. 10 cu. yard capacity
- b. 45 degree hydraulic dump
- c. Top hinged
- d. Hydraulic door locks
- e. Sight glass or indicator
- f. Drain valve with hose
- g. Check ball system or vacuum breaker

3. BOOM ASSEMBLY:

- a. 270 degree boom working area
- b. Hydraulic up/down
- c. Clean out port
- d. Transport cradle
- e. 8" boom hose
- f. Pendant control

4. WATER PUMP:

- a. 2500 PSI, 80 GPM
- b. Pressure relief valve
- c. Wash down gun with relief valve

5. WATER TANK:

- a. 1000 gallon capacity
- b. Curb side fill
- c. Level indicators

6. HOSE REEL:

- a. 800' of 1" hose capacity
- b. 400' of 1", 2500 PSI hose supplied
- c. Power in/out
- d. Reel speed control system
- e. Position lock system
- f. Engine and hose reel controls
- g. Level wind

7. DRIVE SYSTEM:

- a. Hydrostatic, split PTO, or auxiliary engine

8. MISCELLANEOUS:

- a. Nozzles 15 degree and 30 degree for jet
- b. Wash down gun
- c. 8" intake tube 20' minimum
- d. Flexible hose guide
- e. Hose storage rack

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

The Aquatech B-10 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$189,125.00	\$189,125.00	\$189,125.00	\$189,125.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

3 WHEEL MECHANICAL BROOM STREET SWEEPER SPECIFICATION #52

2017 Elgin Pelican
2017 Global M3

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. 4 cylinder diesel engine 74 HP minimum.
- b. 120 AMP alternator
- c. Fuel water separator
- d. 35 gallon fuel tank capacity

2. **TRANSMISSION:**

- a. Hydrostatic drive type
- b. 35 gallon reservoir
- c. Capable of 20 MPH minimum

3. **CAB:**

- a. Sealed type cab with filtered intake.
- b. Tilt and telescoping steering column
- c. Tinted glass
- d. Sound suppressed
- e. Intermittent windshield wipers with washer
- f. Full gauge and warning lights for engine monitoring
- g. Climate controlled cab, heater, defroster and air conditioned
- h. If cab is not center mounted, it must have dual controls for operating on either right or left hand side.

4. **FRAME:**

- a. 116" wheelbase
- b. Rail type channel frame

5. **SAFETY ITEMS:**

- a. Dual west coast mirrors with spot mirrors
- b. Headlights, turn, brake and hazard lights
- c. Worklights for gutter brooms
- d. Cab mounted warning strobe light with protective cage
- e. Backup alarm
- f. Rearview backup camera

6. **BRAKES/STEERING:**

- a. Hydraulic power assisted service bakes
- b. Parking brake
- c. Turning radius 15' maximum

7. DEBRIS HOPPER:

- a. 3.5 yard capacity minimum
- b. 9'6" minimum dump height

8. CONVEYOR:

- a. Rubber belt type with flights
- b. Hydraulic drive

9. MAIN BROOM:

- a. 32" diameter minimum
- b. 56" width tube type
- c. Hydraulic drive

10. GUTTER BROOMS:

- a. Right & left side brooms to have adjustable down pressure located in cab.
- b. 36" diameter minimum
- c. Segmented type broom
- d. Hydraulic drive

11. WATER SPRAY SYSTEM:

- a. 220 gallon water tank
- b. Run dry type water pump
- c. 15' hydrant fill hose
- d. Water spray jets adjacent to all brooms
- e. Water filter

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

3 WHEEL MECHANICAL BROOM STREET SWEEPER SPECIFICATION #52

2017 Elgin Pelican

The Elgin Pelican purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$199,275.00	\$199,275.00	\$199,275.00	\$199,275.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. CAB & CHASSIS:

- a. Engine:
- b. 6 cylinder diesel 200 HP minimum
- c. Transmission:
- d. Automatic transmission to meet the correct engine size and GVW of vehicle. Hydrostatic drive is acceptable.
- e. Engine Equipment:
- f. Alternator - 12V / 130 AMP
- g. Fuel water separator
- h. Fuel tank – 50 gallon
- i. Cab:
- j. Dual operating position type cab to include: Steering, controls, etc for sweeping from either side.
- k. Rubber floor mats
- l. Air ride seating
- m. Pressurized cab with heat and air conditioning
- n. Instrumentation for truck - oil pressure, water temperatures, voltmeter gauges
- o. Instrumentation for sweeper-tachometer, hour meter, oil pressure, coolant temperature gauges
- p. Frame:
- q. Rail type 80,000 psi
- r. Size – 10.9" x 3.5" x .34"
- s. Frame overhang
- t. Wheelbase 130" minimum
- u. Front steel bumper
- v. Safety:
- w. Dual West Coast bright finish heated mirrors with LH & RH remote
- x. Intermittent windshield wipers
- y. Daytime running lights
- a'. Backup alarm
- aa. Auto shutdown
- ab. Axles:
- ac. Front axle: 11,900 lb. GVW
- ad. Rear axle: 21,000 lb. GVW
- ae. Single speed rear axle
- af. 22.5 x 8.25 steel wheels - disc type
- ag. 11R x 22.5 14-ply radial tires

- ah. Brakes:
 - ai. Antilock brakes
 - aj. Front air brakes - 15 x 4 drum
 - ak. Rear air brakes 16.5 x 7 drum
 - al. Automatic slack adjusters - front and rear
 - am. Air dryer - frame mounted

2. MOUNTED SWEEPER BODY (STANDARD EQUIPMENT):

- a. Engine:
 - b. 4 cylinder diesel - 47 horsepower, governed at 2800 RPM
 - c. Spin-on oil filter
 - d. Alternator – 12V / 60AMP
- e. Side Brooms:
 - f. Right & left side gutter brooms (tilt control in cab)
 - g. Hydraulically raised & lowered
 - h. 42" diameter – segment type
 - i. Adjustable down pressure (Manual) – optional down pressure pump
- j. Main Broom:
 - k. Length - 58" minimum
 - l. Diameter - 35" minimum
- m. Hydraulic motor - direct or chain drive and reversible
- n. Full floating trailing arms w/shocks
- o. Lift Control – inside cab
- p. Sweeper Body:
 - q. Overall height – 10' with strobe
 - r. Lift capacity – 11,000 lbs minimum
 - s. 4.5 cubic yard hopper
 - t. Dump height - 10' minimum
 - u. Lift design – hydraulic 2-stage scissors
 - v. Hopper inspection door
- w. Work lights – 1 on each gutter broom and one in rear
- x. Hydraulic System:
 - y. Hydraulic pump capacity minimum – 24gpm@2600rpm
- a'. Pump: dual tandem gear
- aa. Reservoir – 21 gallons
- ab. Spin-on 10 micron hydraulic pump
- ac. Externally mounted reservoir level indicator
- ad. Water Spray System:
 - ae. Water tank construction – polyethylene and removable
 - af. Water tank capacity - 280 gallons minimum
 - ag. Fill hose 2 1/2" x 16' with NST coupler
 - ah. Diaphragm pump type with run dry capability
 - ai. Pump capacity – 3.0 GPM minimum
 - aj. Minimum of 9 spray nozzles – 2 min per gutter broom, 3 min for main broom
 - ak. Water filter – 80 micron mesh cleanable
- al. Conveyor/Elevator System:
 - am. Minimum of 9 flights – replaceable
 - an. Belt material – rubber reinforced fabric
 - ao. Belt speed – variable with auxiliary engine RPM
 - ap. Drive – reversible with direct drive
 - aq. Elevator jam warning light & buzzer in cab
 - ar. Conveyor flush – built in

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

CABOVER MECHANICAL BROOM STREET SWEEPER SPECIFICATION #53

2017 Johnston ES351

The Johnston ES351 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$279,150.00	\$279,150.00	\$279,150.00	\$279,150.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

1. OPERATING WEIGHT:

- a. 8800 LBS. GVWR
- b. Empty weight-5900 LBS

2. ENGINE/TRANSMISSION:

- a. 78 hp
- b. Hydrostatic drive

3. BRAKES/TIRES

- a. Drum type brakes [power assist]
- b. Front tire size 6.50 R10 Radial
- c. Rear tire size 225/75 R10 Radial

4. SWEEPER DIMENSIONS:

- a. Height: 72"
- b. Width: 52"
- c. Length: 162"

5. HOPPER:

- a. 2.3 cubic yard capacity

6. GUTTER BROOMS:

- a. Equipped with left and right side gutter brooms
- b. Front mounted 33.5" diameter
- c. Overall sweeping width 122"

7. WATER SYSTEM

- a. 66 gal recirculation water system capacity
- b. 40 gal clean water system capacity

8. LIGHTING / SAFETY

- a. Lighting package to enable vehicle to operate on the road
- b. Work lights for operation of vehicle at night
- c. Amber warning beacon

d. Intermittent wipers

9. COMFORT ITEMS:

- a. Cab to be air conditioned and heated
- b. Suspension type operator seat

10. INSTRUMENTATION:

- a. Full instrumentation to monitor operation of vehicle

11. FAN UNIT:

- a. Centrifugal type fan
- b. Wear resistant blades

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

COMPACT SWEEPER - 2.3 CUBIC YARD AIR SWEEPER SPECIFICATION #54

2017 Johnston C201

The Johnston C201 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$135,050.00	\$135,050.00	\$135,050.00	\$135,050.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. CAB & CHASSIS:

- a. Engine:
- b. 6 cylinder diesel, 200 HP minimum.
- c. Transmission:
- d. Allison 2000 series, 5-speed automatic
- e. Engine Equipment:
- f. Alternator: 12 volt 100 amp
- g. Fuel water separator
- h. Spin-on filters
- i. Cab:
- j. Cab over, steel cab, with rust preventative coating
- k. Dual operating position type cab to include: steering, controls, etc for sweeping from either side
 - l. Rubber floor mats
- m. Air ride suspension seats, both sides
- n. Pressurized cab with heat and air conditioning
- o. Instrumentation for truck - oil pressure, water temperature, voltmeter gauges
- p. Instrumentation for sweeper – tachometer, houmeter, oil pressure, coolant temperature gauges
- q. Frame:
- r. Rail type 80,000 psi 12.69 section modulus
- s. Wheelbase - 152" minimum
- t. Front steel bumper
- u. Fuel tank - 50 gallon
- v. Safety:
- w. West coast mirrors with lower mounted convex mirrors.
- x. Intermittent windshield wipers
- y. Daytime running lights
- a`. Backup alarm
- aa. Auto shutdown system for sweeper power plant
- ab. Axles:
- ac. Front axle: 11,900 lb. GVW
- ad. Rear axle: 21,000 lb. GVW
- ae. Single-speed rear axle

- af. 22.5 x 8.25 steel wheels - disc type
- ag. 11R x 22.5 14 ply tires
- ah. Brakes:
 - ai. Antilock brakes
 - aj. Front - 15 x 4 drum
 - ak. Rear - 16.5 x 7 drum
 - al. Automatic slack adjusters - front and rear
- am. Air dryer

2. MOUNTED SWEEPER BODY:

- a. Engine:
 - b. 4 cylinder turbocharged diesel 99 HP minimum
 - c. Spin-on oil filter
 - d. Dual element air cleaner
 - e. Alternator - 12 volt 65 amp minimum
- f. Blower:
 - g. Direct belt drive
 - h. Blower rating - 20,000 cfm
 - i. Blower housing construction of abrasion resistant steel
 - j. Blower housing rubber lined
- k. Pickup Head:
 - l. 90" OD
- m. Hose size – 14" pressure, 12" suction
- n. Hydraulically raised and lowered
- o. Side Brooms:
 - p. Right and left side gutter brooms
 - q. Hydraulically raised and lowered
 - r. 42" diameter - segment type
 - s. Adjustable downward pressure
- t. Sweeper Body:
 - u. 7 yd. volume metric capacity
 - v. 50 degree dump angle or raker bar
- w. Centrifical dust separator
 - x. Hopper dump door to hydraulically open/close, lock and unlock
 - y. Hopper screen - hinged, quick release
- a`. Hydraulic System:
 - aa. Hydraulic pump capacity - 7.7 gpm at 2500 rpm
 - ab. Direct drive hydraulic pump
 - ac. Reservoir - 23 gal.
 - ad. Spin-on 10 micron hydraulic filter
 - ae. Water Spray Dust Control System:
 - af. Water tank construction - polyethylene
 - ag. 220 gallon capacity
 - ah. Fill hose - 16' long
 - ai. Diaphragm pump type with run dry capability
 - aj. Pump capacity - 5 gpm
 - ak. Pump pressure - 25 psi
 - al. 7 spray nozzles, 4" pickup head, 1" suction tube - 2 on each side of broom
 - am. Filter - 80 mesh cleanable

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

REGENERATIVE AIR STREET SWEEPER SPECIFICATION #55

2017 Schwarze A7 Tornado

The Schwarze A7 Tornado purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$229,936.00	\$229,936.00	\$229,936.00	\$229,936.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SELF PROPELLED HYDROSTATIC BROOM - CENTER SLUNG SPECIFICATION #56

2017 Blaw-Knox CB-90

The Blaw-Knox CB-90 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	★Central	Southern
BASE PRICE:	\$60,022.00	\$61,000.00	\$61,000.00	\$61,000.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. DIMENSIONS:

- a. Deck width - 8'6"
- b. Overall deck length - 25'
- c. Dovetail length - 5'
- d. GVWR - 16,000 lb.

2. FRAME:

- a. 5" channel side rails
- b. 3" channel cross members on 16" centers
- c. 4" channel undercarriage
- d. 2" x 3/8" rub rail with stake pockets
- e. Pintle hitch

3. DECK:

- a. 2 x 8 pressure treated deck
- b. Galvanized deck screws
- c. 5' dovetail
- d. Spring assist stand up ramps

4. AXLES:

- a. Tandem 8,000 lb. Dexter oil bath axles (2)
- b. Electric brakes
- c. Breakaway brake system with well cell battery

5. LIGHTING SYSTEM:

- a. Protected turn/stop/tail lights

- b. Wiring run in conduit
- c. Heavy duty trailer plug

6. MISCELLANEOUS:

- a. Spare tire and rack
- b. Lockable tool box
- c. Primed and painted - choice of color
- d. Tongue jack rated for GVWR of trailer

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

8'6" X 25' DECK OVER FLATBED TRAILER - 16,000 LB GVWR SPECIFICATION #58

2017 All Steel TA8258T

The All Steel TA8258T purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$7,890.00	\$7,640.00	\$7,740.00	\$7,990.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

8'6" X 25' DECK OVER FLATBED TRAILER - 16,000 LB GVWR SPECIFICATION #58

2017 Eager Beaver B8-DOW

The Eager Beaver B8-DOW purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$11,790.00	\$11,790.00	\$11,790.00	\$11,790.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

8'6" X 25' DECK OVER FLATBED TRAILER - 16,000 LB GVWR SPECIFICATION #58

2017 Felling Trailers FT-16-2

The Felling Trailers FT-16-2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$11,607.00	\$12,291.00	\$12,291.00	\$11,800.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

8'6" X 25' DECK OVER FLATBED TRAILER - 16,000 LB GVWR SPECIFICATION #58

2017 Texas Trailer TX85258T

The Texas Trailer TX85258T purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$7,790.00	\$7,440.00	\$7,620.00	\$7,860.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

The Towmaster TC-16 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$14,562.00	\$14,562.00	\$14,562.00	\$12,950.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

14,000 LB. GVWR PULL BEHIND DUMP TRAILER SPECIFICATION #59

2017 Felling FT-12DT-HD

The Felling FT-12DT-HD purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$10,390.00	\$10,980.00	\$10,980.00	\$10,850.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

ARTICULATED OFF ROAD DUMP TRUCK - 50,000 LB. PAYLOAD CAPACITY SPECIFICATION #61

2017 John Deere 250D-II

The John Deere 250D-II purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$304,990.00	\$304,990.00	\$304,990.00	\$304,990.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

80,000 LB. LANDFILL COMPACTOR SPECIFICATION #62

2017 Caterpillar 826

The Caterpillar 826 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$562,869.00	\$562,869.00	\$562,869.00	\$568,865.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

BRUSH CHIPPER - TRAILER MOUNTED SPECIFICATION #63

2017 Bandit 1390XP
2015 DuraTech TC-15
2017 Morbark M15RX
2017 Vermeer BC1500

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. DIMENSIONS:

- a. Weight - 6800 lbs.
- b. Width - 72"
- c. Height - 100"
- d. Length - 176"
- e. 15" chipping capacity

2. ENGINE:

- a. 122 hp diesel engine
- b. Over center type clutch
- c. Heavy duty air cleaner
- d. Spin on type filters

3. CHASSIS:

- a. Main frame constructed of rectangular tubing or "z" section.
- b. 7000 lb. axle torsion type
- c. Electric brakes with breakaway switch
- d. ST 235/80R16 tires load range E
- e. Steel wheels
- f. Drop leg jack
- g. 2 1/2" diameter lunette or 2 5/16" ball hitch
- h. Adjustable height hitch
- i. Safety chains
- j. 6 way light connector
- k. All wiring in conduit to lights
- l. Four function rear lights

4. FEED SYSTEM:

- a. Infeed throat opening - 20" x 15"
- b. Serrated infeed rollers
- c. Feed rollers hydraulically driven
- d. Feed table height - 27"
- e. Feed table length - 30"

- f. Safety control bar a round infeed opening for emergency stop.

5. CHIPPER DRUM OR DISC

- a. Drum type:
- b. Size - 22" diameter x 22" width
- c. 2 knife pockets 180 degrees apart
- d. Dual edge reversible knives
- e. Extreme duty bearings
- f. Adjustable bedknife (reversible)
- g. Disc type:
- h. 37" x 2" diameter disc
- i. 4 knives reversible

6. CHIPPER HOUSING:

- a. Easy access door for knife changes
- b. Drop down door for anvil adjustment or clean out
- c. Chipper housing to be constructed for maximum safety and operator protection

7. DISCHARGE CHUTE:

- a. Rotation of 360 degrees
- b. Adjustable chip deflector
- c. Locking pin for chute rotation

8. MISCELLANEOUS:

- a. 26 gallon fuel tank
- b. Engine shutdown system
- c. Locking tool box
- d. Vandalism protection

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

2017 Vermeer SC362
2017 Toro STX 38EFI

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. 35 H.P. gasoline engine
- b. 6 gallon fuel tank
- c. Positive feed oil system with spin on filter
- d. heavy duty air filter
- e. 12 volt starting/charging system

2. **GROUND DRIVE:**

- a. Hydraulic Ground Drive
- b. 2 speed travel
- c. Hydraulic brake system
- d. Hydraulic steering system
- e. Hydraulic system spin on filter
- f. 4 gallon hydraulic reservoir

3. **CUTTER DRIVE:**

- a. Electric drive clutch
- b. Adjustable V belt drive

4. **CUTTER WHEEL:**

- a. 17" diameter
- b. 16 dual cutting edge teeth
- c. Teeth pocket mounted
- d. Cutter wheel guard

5. **CONTROLS:**

- a. Hourmeter
- b. Low-oil shutdown
- c. Boom swing left and right
- d. Boom up and down
- e. Travel forward and reverse
- f. Steering
- g. Operator presence shutdown

6. **APPROXIMATE DIMENSIONS:**

- a. Weight - 1320lbs
- b. Length - 110"
- c. Width - 49"
- d. Height - 53"

7. CUTTING DIMENSIONS:

- a. Above ground - 24"
- b. Below ground - 15"

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

SELF PROPELLED STUMP CUTTER SPECIFICATION #64

2017 Vermeer SC362

The Vermeer SC362 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$19,084.00	\$19,084.00	\$19,084.00	\$19,084.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SCISSOR LIFT - SELF PROPELLED SPECIFICATION #67

2017 Haulotte Optimum 1930 E

The Haulotte Optimum 1930 E purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$13,192.00	\$13,192.00	\$13,192.00	\$13,192.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$59,995.00	\$59,995.00	\$59,995.00	\$59,995.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

INCLUDED DELIVERY TO THE PURCHASER. OFFLOADING OF THE EQUIPMENT IS UPON THE RECEIVING PURCHASER.

1. GENERATOR REQUIREMENTS:

- a. Standby duty rated at 125.0 kW, 156.3 KVA, 8 power factor.
- b. 480 volts
- c. 3 phase, 60 hertz, 1800 rpm
- d. Directly connected to the engine flywheel housing with flex coupling.
- e. Generator shall meet performance class G3 of IEC.
- f. Unit shall be in compliance with and be UL 2200 labeled.

2. ENGINE:

- a. Water cooled diesel engine, sized for generator set.
- b. Emission compliant engine.

3. CONTROLS:

- a. Solid state, microprocessor based generator controls.
- b. Controls shall provide all operating, monitoring and control functions for generator set.

4. ENCLOSURE/SILENCER:

- a. Complete diesel engine generator set including control panel, engine starting batteries and fuel oil tank shall be enclosed in a factory assembled water protective, sound attenuated enclosure.
- b. Critical grade silencer.
- c. Companion flanges.
- d. Flexible stainless steel exhaust.

5. FUEL TANK:

- a. Double wall sub-base tank integral to enclosure.

- b. 24 hour capacity at 100% at full load.
- c. Rupture basin with 110% capacity.
- d. Locking fuel caps.
- e. Mechanical fuel level gauge.
- f. Low fuel level alarm contact.
- g. Fuel tank rupture alarm contact.
- h. Must meet UL 142 and FDEP standards.

6. BATTERY CHARGER:

- a. Current limiting battery charger to automatically charge batteries.
- b. Charger shall be dual charge rate with automatic switching to boost rate when required.
- c. Charger shall be mounted on genset package.

7. START UP AND TESTING:

- a. Vendor must coordinate all start up and testing activities with the engineer and owner. After installation is completed by others and normal power is available, the vendor must perform a one (1) day start-up including the use of building load. The start-up technician will instruct all necessary personnel how to operate and maintain the equipment in accordance to the manufacturer's requirements.

8. CONDITIONS:

- a. In addition to equipment specified, each generator shall be equipped with all standard equipment as specified by the manufacture for this model and shall include but not be limited to the following necessary items:
- b. Initial filling of oil and antifreeze.
- c. Shrink wrap applied to the product to ensure a clean finish.
- d. During the start-up, the technician shall record the following information and provide to the owner for his records:
- e. Record Operating Voltage, Hz, Ph, and connected load (Amperage)
- f. Package information consisting of Make of generator (Cat, Wacker, or Tradewinds), Model (TJ125 TP20, DP125, etc.), Serial number of complete package, and Start-up date.
- g. Record engine and generator serial numbers.
- h. One complete set of operation and maintenance manuals.
- i. Two (2) year or 1500 hour standard standby generator warranty. Labor, materials, and travel for the warranty period repair will be paid by manufacturer during normal business hours.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

125KW GENERATOR PACKAGE SPECIFICATION #70

2017 Caterpillar D125-8

The Caterpillar D125-8 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$40,618.00	\$40,618.00	\$40,618.00	\$41,000.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

THE TRAILER MUST HAVE A VIN AND A CERTIFICATE OF ORIGIN

1. GENERATOR REQUIREMENTS:

- a. Standby duty rated at 150kwe, 187kva, 8 power factor.
- b. Prime power duty rating 135kwe, 168kva, 0.8 power factor.
- c. Main Breaker shall be equipped with shunt trip.
- d. Generator end shall be Direct coupled to the engine flywheel with a flexible coupling.
- e. Generator shall meet performance class G3 of IEC.
- f. Jacket water heater.

2. ENGINE:

- a. 6 cylinder, water cooled, 1800rpm, diesel engine.
- b. Current emission compliant diesel engine.
- c. Spin on fuel and oil filters.

3. VOLTAGE CHANGE OVER SWITCH & DISTRIBUTION:

- a. Manual 3 position voltage change over switch to select each voltage as specified when the unit is not running.
- b. 1ph 120/240, 3ph 120/240, 3ph 120/208, and 3ph 277/480.
- c. A five point connection shall be provided for ease of connection of load leads.
- d. One 50amp, 120/240vac, 1 ph, twist lock receptacle.
- e. One 30amp, 120/240vac, 1 ph, RV type receptacle.
- f. Two 20amp, 120/240vac, 1 ph, duplex receptacle.
- g. Two 20amp, 120/240vac, 1ph, duplex GFI receptacle.
- h. Each receptacle shall be protected by a individual circuit breaker.
- i. A receptacle shall be provided to power both the jacket water heater and on board battery charger.
- j. Two thumb screw type connection points shall be provided for remote auto start.

4. CONTROLS:

- a. Solid state, microprocessor based generator controls.

- b. Controls shall provide all operating, monitoring and control functions for the generator set. Controls shall provide for auto start/stop functions.
- c. A emergency stop push button will be installed.
- d. A voltage adjustment shall be provided in the panel to adjust voltage in all voltage positions.
- e. A switch shall be provided in the panel to turn all power off in the panel if not being used.

5. ENCLOSURE:

- a. Complete diesel engine generator set including control panel, engine starting batteries and fuel tank shall be enclosed in a factory assembled weather protective, sound attenuated enclosure. The sound attenuated enclosure noise level is not to exceed 73 – 75dba @ 21 feet.
- b. Oil and water drain lines shall be provided and extend to the enclosure wall with valves for easy service.
- c. Critical grade silencer.
- d. Companion flanges.
- e. Flexible exhaust-flex.
- f. Keyed alike lockable doors.

6. IN BASE FUEL TANK TRAILER:

- a. Trailer shall be DOT approved with proper serial number data plate indicating weight capacity minimum of 10,000lbs.
- b. Trailer will have dual axles with torque springs to reduce overall height of package.
- c. Standard 7 or 5 pin vehicle hitch receiver to be supplied.
- d. Trailer will have two rear level jacks with sand shoes and front leveling jack.
- e. Trailer will have hydraulic brakes.
- f. Trailer will have all necessary safety equipment to include but not be limited to an adjustable and removable pintle hitch, 30 inch safety chains, fenders, lights per DOT, and break away cable.
- g. Tires will be minimum load range type "D" (8 ply rating) with matching steel rims. Rims are to be finish painted.
- h. Minimum 8 hour capacity at 75% load rating to determine single wall tank size.
- i. A mechanical fuel gauge will be provided.
- j. Locking fuel cap.
- k. Low fuel level alarm.
- l. All necessary vents and caps will be provided along with suction, return, and drain points.

7. BATTERY CHARGER:

- a. Battery will be installed in holding container with battery cables.
- b. Current limiting battery charger to automatically charge batteries.
- c. Charger shall be dual charge rate with automatic switching to boost rate when required.
- d. Charger mounted inside generator set package.
- e. Fully charged battery will be provided at time of delivery and start-up.

8. START UP & COMMISSIONING:

- a. One (1) day start-up including operational test of equipment showing proper connection of cables with safety issues performed by a factory trained technician. The start up technician will instruct personnel how to operate and maintain the equipment in accordance with the manufacturer's requirements.

9. CONDITIONS:

- a. In addition to equipment specified, each generator shall be equipped with all standard equipment as specified by the manufacturer for this model and shall include but not be limited to the following items:
- b. All product shall be new and of current design.
- c. Initial filling of oil and antifreeze. (diesel fuel by others)
- d. During start-up, the technician shall record the following information and provide to owner for his records:
- e. Operating Voltage, Hertz, Phase, and connected load (Amperage). [if any]
- f. Package information consisting of Make of generator (Cat, Wacker, or Tradewinds), Model (TJ125 TP20, DP125, etc.), Serial number of complete package, and Start-up date.
- g. Written Information consisting of make, model, serial number, and start-up date.
- h. Record Engine and Generator Serial numbers.
- i. One complete set of operation and maintenance manuals.
- j. Two (2) year or 1500 hour standard mobile generator warranty will apply. Generator to be transported to authorized servicing dealer for warranty repair during normal business hours.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

150KW MOBILE GENERATOR PACKAGE SPECIFICATION #71

2017 AKSA AT150

The AKSA AT150 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$48,450.00	\$48,450.00	\$48,450.00	\$48,450.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

150KW MOBILE GENERATOR PACKAGE SPECIFICATION #71

2017 Hipower HRJW-175-T6

The Hipower HRJW-175-T6 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$55,548.48	\$55,548.48	\$55,548.48	\$55,548.48

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

150KW MOBILE GENERATOR PACKAGE SPECIFICATION #71

2017 Wacker G180

The Wacker G180 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$95,275.00	\$95,275.00	\$100,490.00	\$100,490.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**LISTED ABOVE YOU WILL FIND THE MODEL NUMBERS OF THE VEHICLES THAT
WILL BE INCLUDED IN THIS YEAR'S CONTRACT. ALL ITEMS FACTORY INSTALLED
UNLESS OTHERWISE NOTED.**

1. GENERATOR REQUIREMENTS

- a. Standby duty rated at 500kwe, 625kva, 0.8 power factor
- b. 480 volts
- c. Voltage options are: 120/240, 120/208 or 277/480 3ph
- d. Directly connected to the engine flywheel housing with a flex coupling
- e. Generator shall meet performance class G3 of IEC
- f. Unit shall be compliance with UL 2200 specifications

2. ENGINE

- a. 6 cylinder, water cooled, 1800rpm, diesel engine
- b. Emission compliant engine to stationary standby regulations

3. CONTROLS

- a. Solid state, microprocessor based generator controls
- b. Controls shall provide all operating, monitoring and control functions for the generator set.
- c. Control panel is NFPA110 Compliant

4. ENCLOSURE/SILENCER

- a. Complete diesel engine generator set including control panel, engine starting batteries and fuel oil tank shall be enclosed in a factory assembled weather protective, sound attenuated enclosure with oil and water drain lines
- b. Enclosure shall be constructed from aluminum, preferably out of .125 thickness and 5058 marine grade aluminum.
- c. Critical grade silencer (25DB Reduction)
- d. Companion flanges
- e. Flexible stainless steel exhausts flex.

5. FUEL TANKS

- a. Double wall sub-base diesel fuel tank shall be integral to the enclosure
- b. 24 hour capacity at 75% load rating
- c. Rupture basin will be of 110% capacity

- d. Locking fuel caps
- e. All necessary vents and caps will be provided
- f. Mechanical fuel level gauge
- g. Low fuel level alarm contact
- h. Fuel tank rupture basin alarm contact
- i. Must meet UL 142 and FDEP standards

6. BATTERY CHARGER

- a. Current limiting battery charger to automatically charge batteries
- b. Charger shall be dual charge rate with automatic switching to boost rate when required.
- c. Charger shall be mounted on genset package.

7. DELIVERY

- a. Net cost includes delivery of equipment to governmental site location.
- b. Coordination and offloading of the equipment at the governmental site location will be the responsibility of the purchasing agency.

8. START UP AND COMMISSIONING

- a. Vendor must coordinate all start up and testing activities with the engineer and owner. After installation has been completed, approved by the local electrical inspector, and normal power is available, the vendor will perform a One (1) day start-up including the use of building load. The start up technician will instruct all necessary personnel how to operate and maintain the equipment in accordance to the manufacturer's requirements.

9. CONDITIONS

- a. In addition to equipment specified, each generator shall be equipped with all standard equipment as specified by the manufacture for this model and shall include but not be limited to the following necessary items:
- b. Initial filling of oil and antifreeze
- c. Shrink Wrap applied to the product to ensure a clean finish
- d. During the start-up, the technician shall record the following information and provide to the owner for his records: Record Operating Voltage, Hz, Ph, and connected load (Amperage); Package Information consisting of Make, Model, Serial number, and Start-up Date; Record Engine and Generator Serial numbers.
- e. One complete set of operation and maintenance manuals.
- f. Two (2) years or 1000 hours standard standby generator warranty, whichever occurs first. Labor, materials, and travel for the warranty period repair will be paid by manufacturer during normal business hours.

DISCLOSURE: THE FLORIDA SHERIFFS ASSOCIATION WORKING IN CONJUNCTION WITH MANUFACTURERS, DEALERS AND DISTRIBUTORS OF VEHICLES/EQUIPMENT DOES THEIR BEST TO ENSURE MODEL NAMES, NUMBERS AND CODES REPRESENT THE LATEST INFORMATION AVAILABLE AT THE TIME THE BID DOCUMENTS ARE PREPARED. HOWEVER, DO TO THE NATURE OF THE BUSINESS, IT IS RECOMMENDED THAT YOU CONFIRM THIS INFORMATION WITH YOUR DEALER REPRESENTATIVE AT THE TIME YOU ARE REQUESTING A CONFIRMING QUOTE.

500KW GENERATOR PACKAGE SPECIFICATION #72

2017 AKSA APD-ULJ500

The AKSA APD-ULJ500 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$86,040.00	\$86,040.00	\$86,040.00	\$86,040.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

500KW GENERATOR PACKAGE SPECIFICATION #72

2017 Caterpillar 15 ACERT

The Caterpillar 15 ACERT purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$121,385.00	\$121,385.00	\$121,385.00	\$121,500.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

500KW MOBILE GENERATOR PACKAGE SPECIFICATION #73

2017 Blue Star Generator (VD500-01 Trailer)
2017 Caterpillar 500 kW (XQ570)
2017 Hipower Generator (HRMW 580 T6)
2017 Generac Magnum (MMG625VT2)
2017 Multi Quip Generator (DCA600SSVC)
2017 Tradewinds TP500

LISTED ABOVE YOU WILL FIND THE MODEL NUMBERS OF THE VEHICLES THAT WILL BE INCLUDED IN THIS YEAR'S CONTRACT. ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE NOTED.

THE TRAILER MUST HAVE A VIN AND A CERTIFICATE OF ORIGIN.

1. GENERATOR REQUIREMENTS

- a. Standby duty rated at 500kwe, 625kva, 0.8 power factor.
- b. Prime power duty rating 450kwe, 563kva, 0.8 power factor.
- c. Main Breaker shall be equipped with shunt trip.
- d. Generator end shall be Direct coupled to the engine flywheel with a flexible coupling.
- e. Generator shall meet performance class G3 of IEC.

2. ENGINE

- a. 6 cylinder, water cooled, 1800rpm, diesel engine.
- b. Current emission compliant diesel engine.
- c. Spin on fuel and oil filters.
- d. Jacket water heater with service valves to ensure coolant does not need to be drained if heater needs service.
- e. 120vac, 1ph, 60hz input 10 amp, 24vdc, output automatic battery charger.
- f. Standard 4D lead acid batteries with battery rack and cables.

3. VOLTAGE CHANGE OVER SWITCH AND DISTRIBUTION

- a. Manual 2 position voltage change over switch to select each voltage as specified when the unit is not running
- b. 3ph 120/208, and 3ph 277/480
- c. Load leads shall be attached to the generator using two (2) forms and shall be rated for 2000 amps. Generator will be equipped with both: c-1. Five (5) compression lugs per phase rated for 400 amps each
- d. A 20 amp, 120vac, 1ph, male receptacle shall be provided to power the jacket water heater.
- e. A 20 amp, 120vac, 1ph, male receptacle shall be provided to power the battery charger.
- f. Two thumb screw type connection points shall be provided for remote auto start.

4. CONTROLS

- a. Solid state, microprocessor based generator controls
- b. Controls shall provide all operating, monitoring and control functions for the generator set. Controls shall provide for auto start/stop functions.
- c. An emergency stop push button will be installed.

- d. A voltage adjustment shall be provided in the panel to adjust voltage in all voltage positions.
- e. A switch shall be provided in the panel to turn all power off in the panel if not being used.
- f. A front face mounted circuit breaker shall be provided to protect the panel from any D.C. spikes.

5. ENCLOSURE

- a. Complete diesel engine generator set including control panel, engine starting batteries and fuel tank shall be enclosed in a factory assembled weather protective, sound attenuated enclosure. The sound attenuated enclosure noise level is not to exceed 80 dba @ 21 feet.
- b. Enclosure shall be constructed from aluminum, preferably out of .125 thickness and 5058 marine grade aluminum.
- c. Oil and water drain lines shall be provided and extend to the enclosure wall with brass ball valves for easy service.
- d. Critical grade silencer (25db reduction).
- e. e.Companion flanges.
- f. f.Flexible exhaust-flex.
- g. g.Keyed-alike lockable doors.

6. IN BASE FUEL TANK TRAILER

- a. Trailer shall be DOT approved with proper serial number data plate indicating weight capacity minimum of 20,000lbs.
- b. Trailer will have dual axles with torque springs to reduce overall height of package.
- c. Standard 7 pin vehicle wiring connector to be supplied.
- d. Trailer will have two rear level jacks with sand shoes and front leveling jack.
- e. Trailer will have hydraulic brakes.
- f. Trailer will have all necessary safety equipment to include, but not be limited to, an adjustable and removable pintle hitch, 36 inch safety chains, fenders, lights per DOT, and break away cable.
- g. Tires will be minimum load range type "D" (8 ply rating) with matching steel rims. Rims are to be finish painted.
- h. h.Minimum 8 hour capacity at 75% load rating to determine single wall tank size.
- i. A mechanical fuel gauge will be provided.
- j. Locking fuel cap.
- k. Low fuel level alarm.
- l. All necessary vents and caps will be provided along with suction, return, and drain points.

7. BATTERY CHARGER

- a. Battery will be installed in holding container with battery cables.
- b. Current limiting battery charger to automatically charge batteries.
- c. Charger shall be dual charge rate with automatic switching to boost rate when required.
- d. Charger mounted inside generator set package.
- e. Fully charged battery will be provided at time of delivery and start-up.
- f. 120 volt shore power connector for battery charger.

8. START UP AND COMMISSIONING

- a. One (1) day start-up including operational test of equipment showing proper connection of cables with safety issues performed by a factory trained technician. The start up technician will instruct personnel how to operate and maintain the equipment in accordance with the manufacturer's requirements.

9. CONDITIONS

- a. In addition to equipment specified, each generator shall be equipped with all standard equipment as specified by the manufacturer for this model and shall include, but not be limited to, the following items:
- b. All product shall be new and of current design.
- c. Initial filling of oil and antifreeze (diesel fuel by others).
- d. During start-up, the technician shall record the following information and provide to owner for his records:i.Operating Voltage, Hertz, Phase, and connected load (Amperage-if any).ii.Written Information consisting of make, model, serial number, and start-up date.iii.Record Engine and Generator Serial numbers.
- e. One complete set of operation and maintenance manuals.
- f. Two (2) years or 1000 hours standard mobile generator warranty will apply, whichever occurs first. Generator to be transported to authorized servicing dealer for warranty repair during normal business hours.

DISCLOSURE: THE FLORIDA SHERIFFS ASSOCIATION WORKING IN CONJUNCTION WITH MANUFACTURERS, DEALERS AND DISTRIBUTORS OF VEHICLES/EQUIPMENT DOES THEIR BEST TO ENSURE MODEL NAMES, NUMBERS AND CODES REPRESENT THE LATEST INFORMATION AVAILABLE AT THE TIME THE BID DOCUMENTS ARE PREPARED. HOWEVER, DO TO THE NATURE OF THE BUSINESS, IT IS RECOMMENDED THAT YOU CONFIRM THIS INFORMATION WITH YOUR DEALER REPRESENTATIVE AT THE TIME YOU ARE REQUESTING A CONFIRMING QUOTE.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

500KW MOBILE GENERATOR PACKAGE SPECIFICATION #73

2017 Blue Star Generator (VD500-01 Trailer)

The Blue Star Generator (VD500-01 Trailer) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$127,700.00	\$127,700.00	\$127,700.00	\$127,700.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

The Tradewinds TP500 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$143,903.00	\$143,903.00	\$143,903.00	\$143,903.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

T200CORD-FS ¹	Additional Options - Specify 200amp, single power cord, 30 feet in length rated for 600v, SO type cable with generator connection (cam lock connector) at one end and bare wire at other end. ¹			\$1,982.00 ¹
T400CORD-FS ¹	Additional Options - Specify 400amp, single power cord, 30 feet in length rated for 600v, SO type cable with generator connection (cam lock connector) at one end and bare wire at other end. ¹			\$2,480.00 ¹
TLIT-FS ¹	Additional Options - Specify Qty. 1, 1500 watt, Halogen telescoping aluminum light mounted to side of portable generator and prewired to load center mounted inside with breaker ¹			\$1,280.00 ¹
TILT-5-FS ¹	Additional Options - Specify Qty. 1, 150 watt, HID on one telescoping aluminum light mounted to side of portable generator and prewired to load center mounted inside with breaker ¹			\$2,180.00 ¹
THREEL100-FS ¹	Additional Options - Specify 12 volt, power rewind cable reel for 5 conductor, 100 amp, 600 Volt, TYPE W cable, 75 foot length. Reel to be used with any above package and includes mounting, wiring of DC motor, and all required accessories. Does not include cable. ¹			\$5,894.00 ¹
THREEL200-FS ¹	Additional Options - Specify 12 volt, power rewind cable reel for 5 conductor, 200 amp, 600 Volt, TYPE W cable, 75 foot length. Reel to be used with any above package and includes mounting, wiring of DC motor, and all required accessories. Does not include cable. ¹			\$9,840.00 ¹
T1200-FS ¹	Additional Options - Specify TWO (2) TIER compliant diesel engines capable of producing: 120/208, 120/240, or 277/480vac, 3pf, rated for 600kwe standby individually and 1200kwe together. Both generators will parallel and close to a dead bus within a single vertical cabinet consisting of two (2) main breakers and one (1) bus breaker rated for supplied voltage. Main panel will allow for one or both generators to power the load based upon connected load. Buss will be wired outside of ISO container to underside or curbside. A 1000 gallon, double wall steel fuel tank will be provided with an electric fuel pump and day tank controls. Container will also be provided with necessary mufflers, flexes, fuel lines, internal lighting, and stairs. Total unit will be mounted in a 40 ISO container with a street legal trailer and have all of the necessary ¹			\$49,856.00 ¹
ALU-OVER-FS ¹	Additional Options - Specify Oversized (gold wing) aluminum cable storage box with keyed alike doors and capable of holding 2,000 feet of 4/0 welding cable with ends. ¹			\$3,800.00 ¹
COMP-400-FS ¹	Additional Options - Specify Compression lug connection box, 400amp phenolic board, latched door with snap action shut off switch. ¹			\$4,889.00 ¹
COMP-800-FS ¹	Additional Options - Specify Compression lug connection box, 800amp phenolic board, latched door with snap action shut off switch. ¹			\$7,304.00 ¹
COMP-1200-FS ¹	Upgrade Equipment - Specify Compression lug connection box, 1200amp phenolic board, latched door with snap action shut off switch. ¹			\$9,437.00 ¹
COV-FS ¹	Upgrade Equipment - Specify Aluminum cover for power connectors. Gas spring lid with snap action limit switch to shut unit off if open, rodent prevention brush, with a lockable latch. ¹			\$3,507.00 ¹
W-4001-OPP-FS ¹	Upgrade Equipment - Specify Flexible Power Cable, 4/0, 1 Conductor, 600/2000V, 90 C, 400amp. Price Per Foot ¹			\$22.00 ¹
TBREAKER-FS ¹	Upgrade Equipment - Specify Upgrade generator circuit breaker to 240vac, 3ph system ¹			\$7,800.00 ¹
TBREAKER2-FS ¹	Upgrade Equipment - Specify upgrade generator circuit breaker to 100% rated breaker with shunt trip added. ¹			\$12,840.00 ¹

600 AMP AUTOMATIC TRANSFER SWITCH SPECIFICATION #74

2017 ASCO Series 300
2017 AKSA 300 Series
2017 Caterpillar CTG Series
2017 GE Zenith ZTG600
2017 Generac GTS600
2017 Tradewinds TT600

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. AUTOMATIC TRANSFER SWITCH:

- a. Maximum voltage rating of 600Vac, 60hz
- b. 1ph or 3ph
- c. Open transition (break-before-make) transfer logic
- d. Transfer switch must meet the related industry standards:
- e. UL 1008 - Automatic transfer switches for use in emergency systems
- f. CSA - Automatic transfer switches
- g. NEMA - Industrial control and systems AC transfer switch equipment
- h. IEC - Automatic transfer switching equipment

2. RATING:

- a. 600 amp, 3 pole, 277/480vac, 60hz
- b. Enclosure type: NEMA 3r

3. FUNCTIONAL:

- a. The automatic transfer switch shall automatically transfer the load to the generator supply in the event of a utility supply failure and return the load to the utility supply upon restoration. The automatic transfer switch power switching devices shall be mechanically and electrically interlocked to prevent the utility and generator supplies from being interconnected.
- b. All timers should be field adjustable to ensure proper field site compatibility.

4. AUTOMATIC SEQUENCE OF OPERATION:

- a. When the voltage on any phase of the utility supply is below present levels of rated voltage for a preset time delay, a contact shall close to initiate start of the standby generator.
- b. The load shall transfer to the generator supply when the generator voltage and frequency have reached acceptable present levels and the warm-up time delay has expired.
- c. When the utility supply is restored to the above present levels of rated voltage on all phases, load transfer from generator to utility supply shall be initiated following expiry of the utility return timer.
- d. Once the transfer mechanism operates and opens the generator power switching device, the transfer mechanism shall stop in the neutral position (i.e. with the both power switching devices open) for the duration of the neutral delay timer setting to allow load voltage to decay prior to reconnecting the utility supply.

- e. The load shall be re-connected to the utility supply once the neutral delay timer expires and the transfer mechanism continues operation and closes the utility power switching device.
- f. The load shall immediately retransfer to the utility supply (if within acceptable limits) should the generator supply fail prior to the expiry of the utility transfer delay.
- g. The generator set shall continue to operate following a load transfer for a cool down delay period, and then a contact shall open to stop the generator set.
- h. An "on load" test mode may be initiated which shall cause a simulated utility failure condition and transfer the load to the generator set. The transfer sequence shall be the same as for a utility power failure except a neutral delay sequence shall occur when transferring from utility to a generator source.
- i. The load shall immediately retransfer to the utility supply (if within acceptable limits) should the generator supply fail during an "on load" test mode.

5. FACTORY TESTING:

- a. A certified factory test report shall be shipped with each switch at time of shipment.
- b. The automatic transfer switch shall be factory tested prior to delivery to the purchaser. The following test shall be conducted by qualified factory personnel:
- c. Visual Inspection
- d. Mechanical Tests
- e. Electrical Tests
- f. Final Inspection

6. FIELD TESTING AND COMMISSIONING:

- a. The automatic transfer switch shall be field tested once installed at the project site to confirm proper operation of the system. Schedule and witness testing activities shall be coordinated with the project engineer, site contractor, and owner as required in advance of the testing date. A qualified local factory-trained field representative shall conduct the necessary test to ensure proper operation of the switch.
- b. Visual Inspection: Electrical and Mechanical inspection to verify the installation is correct as recommended by the transfer switch manufacturer and as per National Electric Code (NEC) requirements.
- c. Mechanical Tests: As a minimum, the following mechanical tests shall be performed on the transfer switch:
- d. Power conductor torque verification
- e. Verification of mechanical interlock
- f. Manual ATS Mechanism Operation
- g. All Mechanical Fasteners/Wire Connections Tight
- h. Confirmations of correct transfer switch voltage, current and withstand ratings as is required for the application.
- i. Meggar testing the power cabling to the transfer switch.
- j. Verification of correct power cabling phasing and phase rotation prior to energization.
- k. Confirmation of settings for all timers & voltages sensors.
- l. Full Function test-normal operation – 3 complete cycles of failing the utility supply, and transfer load to/from the generator set.
- m. Verification of all test modes operates correctly.

7. CONDITIONS:

- a. In addition to equipment specified, each automatic transfer switch shall be equipped with all necessary equipment as specified by the manufacturer for this model and shall include but not be limited to the following necessary items:
- b. Shrink Wrap applied to the product to ensure a clean finish.
- c. One complete set of operation and maintenance manuals.
- d. A two (2) year or 1500 hour from date of standard standby warranty will apply from date of successful start-up. Labor, materials, and travel for the warranty period repair will be paid by manufacturer during normal business hours.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

600 AMP AUTOMATIC TRANSFER SWITCH SPECIFICATION #74

2017 ASCO Series 300

The ASCO Series 300 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$4,270.00	\$4,270.00	\$4,270.00	\$4,270.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

600 AMP AUTOMATIC TRANSFER SWITCH SPECIFICATION #74

2017 GE Zenith ZTG600

The GE Zenith ZTG600 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$6,850.00	\$6,850.00	\$6,850.00	\$6,850.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

6 INCH MOBILE PUMP PACKAGE SPECIFICATION #75

2017 Godwin CD150M
2017 Holland Pumps PT6TPC
2017 Thompson 6JSCEN
2017 Tradewinds TPK064750
2017 Wacker Neuson APT6

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

THE TRAILER MUST HAVE A VIN AND A CERTIFICATE OF ORIGIN

1. DESIGN REQUIREMENTS:

- a. Discharge size: 6 inches
- b. Suction size: 6 inches
- c. Capable of 1750 GPM minimum
- d. Capable of 160 ft. Total Dynamic Head (TDH) minimum
- e. Duty Point, Maximum: 1,000 gallons per minute minimum (GPM) at 120 ft. Total Dynamic Head (TDH)
- f. Impeller Diameter: Manufacturer's standard for pump
- g. Operating Speed Maximum: 2,200 RPM
- h. Solids Handling Size, Maximum: 3 inches

2. ENGINE:

- a. Diesel engine, appropriate to pump size at continuous duty.
- b. Emission compliant engine
- c. Industrial grade exhaust muffler and rain cap
- d. Oil and water drain lines with ball valves
- e. Low water level shutdown switch
- f. 12vdc system with battery rack and cables
- g. 12vdc battery charger
- h. 50 gallon minimum fuel tank with low fuel level alarm and shutdown.

3. PUMP:

- a. Check valve
- b. Impellers
- c. Self priming system

4. CONTROLS:

- a. Solid state, microprocessor based pump controls.
- b. Controls shall provide all operating, monitoring and control functions for the pump set.
- c. Controller will also provide 2 fully programmable contacts for input and output signals accordingly.
- d. Controller will provide remote start stop control with adjustable ramp (speed) time control.

e. UL 508 R and CSA C22.2 No. 14 approved.

5. TRAILER:

- a. The manufacturer shall mount the diesel engine and pump unit with the above 50 gallon subbase tank on a street legal D.O.T. approved trailer. This trailer will be able to be rated for a safe travel at speeds of 60 mpg and not be limited to the following specifications:
- b. Trailer design shall be such that the County/City may easily remove the entire engine, fuel tank and pump from the trailer.
- c. 12vdc electric system
- d. Lunette or military type towing ring with safety chains.
- e. Hydraulic brakes with reverse dump solenoid.
- f. Single point lifting bar.
- g. License plate bracket
- h. Sand shoe type support stands front and rear.
- i. Torque spring axles to meet load of trailer.
- j. Full size spare tire.

6. START UP AND COMMISSIONING:

- a. Vendor must coordinate all start up and testing activities with the engineer/owner. After field delivery of the pump and trailer, an authorized factory representative shall perform the initial start up and field testing of the pump and trailer. If conditions permit, a site will be determined where connection will be made by the County/City to test the pump package. If a site cannot be prepared a standard operational test will be performed.
- b. At the same time the start up test is performed, the factory representative will provide all necessary operation, field maintenance and minor repair training as necessary. This will also include safety procedures and hazard assessment.

7. CONDITIONS:

- a. In addition to equipment specified, each pump package shall be equipped with all standard equipment as specified by the manufacturer for this model and shall include but not be limited to the following necessary items:
- b. Initial filling of oil and antifreeze.
- c. During the start up, the authorized factory representative shall record and provide the County/City with the engine and pump serial numbers for the owner records. At this time the warranty will begin.
- d. One complete set of operations and maintenance manuals.
- e. Two (2) year or 1500 hour standard standby pump package warranty. Labor, materials, and travel for the warranty period repair will be paid by manufacturer during normal business hours.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

6 INCH MOBILE PUMP PACKAGE SPECIFICATION #75

2017 Godwin CD150M

The Godwin CD150M purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$37,650.00	\$37,650.00	\$37,650.00	\$37,650.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

6 INCH MOBILE PUMP PACKAGE SPECIFICATION #75

2017 Holland Pumps PT6TPC

The Holland Pumps PT6TPC purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$39,550.00	\$39,100.00	\$39,100.00	\$39,100.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

6 INCH MOBILE PUMP PACKAGE SPECIFICATION #75

2017 Thompson 6JSCEN

The Thompson 6JSCEN purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$37,750.00	\$37,750.00	\$37,750.00	\$37,750.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

6 INCH MOBILE PUMP PACKAGE SPECIFICATION #75

2017 Tradewinds TPK064750

The Tradewinds TPK064750 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$32,852.00	\$32,852.00	\$32,852.00	\$32,852.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Vendor must demonstrate a discount percentage off of the MSRP or Published Price for non-scheduled options and any optional models bid. This discount only applies to a downgrade/upgrade to the model listed within the specification.

TPK08-FS ¹	Upgrade to 8" pump <i>Increase size of pump from 6 inch to 8 inch. TIER Compliant Diesel Engine to deliver a maximum of 2300 gallons per minute and total dynamic head to 170 feet with a 200 gallon subbase tank, Single lifting bail, and single axle street legal trailer. ¹</i>	\$5,962.00 ¹
TPK10-FS ¹	Upgrade to 10" pump <i>Increase size of pump from 6 inch to 10 inch. TIER Compliant Diesel Engine to deliver a maximum of 3600 gallons per minute and total dynamic head to 180 feet with a 200 gallon subbase tank, Single lifting bail, and single axle street legal trailer. ¹</i>	\$33,248.00 ¹
TPK12-FS ¹	Upgrade to 12" pump <i>Increase size of pump from 6 inch to 12 inch. TIER Compliant Diesel Engine to deliver a maximum of 6000 gallons per minute and total dynamic head to 200 feet with a 200 gallon subbase tank, Single lifting bail, and single axle street legal trailer. ¹</i>	\$46,686.00 ¹
TPK3-SA-FS ¹	Upgrade to aluminum sound attenuated 3" pump package <i>White powder coated marine grade aluminum with stainless steel hardware. 62 dBA @ 21' under normal operating conditions. Oil and water drain lines are extended through wall for ease of maintenance. ¹</i>	\$7,140.00 ¹
TPK4-SA-FS ¹	Upgrade to aluminum sound attenuated 4" pump package <i>White powder coated marine grade aluminum with stainless steel hardware. 62 dBA @ 21' under normal operating conditions. Oil and water drain lines are extended through wall for ease of maintenance. ¹</i>	\$8,242.00 ¹
TPK6-SA-FS ¹	Upgrade to aluminum sound attenuated 6" pump package <i>White powder coated marine grade aluminum with stainless steel hardware. 62 dBA @ 21' under normal operating conditions. Oil and water drain lines are extended through wall for ease of maintenance. ¹</i>	\$15,421.00 ¹
TPK8-SA-FS ¹	Upgrade to aluminum sound attenuated 8" pump package <i>White powder coated marine grade aluminum with stainless steel hardware. 62 dBA @ 21' under normal operating conditions. Oil and water drain lines are extended through wall for ease of maintenance. ¹</i>	\$16,400.00 ¹
TPK10-SA-FS ¹	Upgrade to aluminum sound attenuated 10" pump package <i>White powder coated marine grade aluminum with stainless steel hardware. 62 dBA @ 21' under normal operating conditions. Oil and water drain lines are extended through wall for ease of maintenance. ¹</i>	\$18,840.00 ¹
TPK12-SA-FS ¹	Upgrade to aluminum sound attenuated 12" pump package <i>White powder coated marine grade aluminum with stainless steel hardware. 62 dBA @ 21' under normal operating conditions. Oil and water drain lines are extended through wall for ease of maintenance. ¹</i>	\$29,480.00 ¹
TAUTO-FS ¹	Upgrade - specify <i>Installation of Tradewinds microprocessor controller on diesel driven pump package for automatic start-stop control of package. Can operate on either transducer or water level balls. Panel is configured to work with most SCADA systems. ¹</i>	\$6,480.00 ¹
TPK081-FS ¹	Upgrade - specify <i>Increase size of pump from 6 inch to 8 inch Dry Prime Type. TIER Compliant Diesel Engine to deliver a maximum of 4500 gallons per minute and total dynamic head to 180 feet with a 200 gallon subbase tank, Single lifting bail, and single axle street legal trailer. ¹</i>	\$6,242.00 ¹
