Attention: Lovern Parks (Community Redevelopment Specialist)

Please be advised, after careful consideration I have decided to no longer use Bespoken Homes, LLC (Steel frame homes) as the General Contractor for this project. My reasons for this decision:

- Too time consuming
- Lack of cost clarification
- Confusion of Contractor information/verification
- The design not efficient (bedrooms)

As of today Little River Box Company (Affinity Homes-Modular homes) has provided a more simplified design that is **cost** effective with three (3) bedrooms and precise details in a **time** sensitive manner.

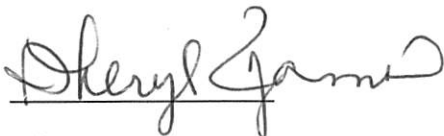

Thank you

Sincerely

Barbara Ferguson
