If OSP is terminated before the end of the term and the Agency received a CEW, battery and/or holster then (a) the Agency will be invoiced for the remainder of the MSRP for the Products received and not already paid as part of the OSP before the termination date; or (b) only in the case of termination for non-appropriations, return the CEW, battery and holster to Axon within 30 days of the date of termination.

TAP Upgrade Models. Any Products replaced within the 6 months prior to the scheduled upgrade will be deemed the Upgrade Model. Thirty days after the Upgrade Models are received, the Agency must return the Products to Axon or Axon will deactivate the serial numbers for the Products received by the Agency. In the case of Axon cameras, the Agency may keep the original Products only if the Agency purchases additional Evidence.com licenses for the Axon camera Products the Agency is keeping. The Agency may buy a new TAP for any Upgraded Model.

Upgrade Models are to be provided as follows during and/or after the TAP Term: (i) an upgrade will provided in year 3 if the Agency purchased 3 years of Evidence.com Services with Ultimate Licenses or Unlimited Licenses, or TAP as a stand-alone service, and all payments are made; or (ii) 2.5 years after the TAP Term begins and once again 5 years after the TAP Term begins if the Agency purchased 5 years of Evidence.com Services with an Ultimate License or Unlimited Licenses, OSP, or TAP as a stand-alone service, and made all TAP payments.

TAP for CEWs is a 5 year term. Upgrade Models will be provided 5 years after the start of the TAP Term if the Agency made all TAP payments. For CEW Upgrade Models, Axon will upgrade Products, free of charge, with a new unit that is the same Product or a like Product, in the same weapon class (**Upgrade Model**). For example: (a) if the Product is a single bay CEW, then Agency may choose any single bay CEW model as the Agency's Upgrade Model; (b) if the Product is a multibay CEW, then Agency may choose any multi-bay CEW model as the Upgrade Model; and (c) if the Covered Product is a TASER CAM recorder, then the Agency may choose any TASER CAM model as an Upgrade Model. To continue TAP coverage for the Upgrade Model, the Agency must elect TAP and will be invoiced for the first year payment at the time the upgrade is processed. The TAP payment amount will be the rate then in effect for TAP. Agency may elect to receive the Upgrade Model anytime in the 5th year of the TAP term as long as the final payment has been made.

5.1. TAP Axon Camera Upgrade Models.

If the Agency purchased TAP for Axon cameras as a stand-alone service, then Axon will upgrade the Axon camera (and controller if applicable), free of charge, with a new on-officer video camera that is the same Product or a like Product, at Axon's sole option. Axon makes no guarantee that the Upgrade Model will utilize the same accessories or Dock. If the Agency would like to change product models for the Upgrade Model, then the Agency must pay the price difference in effect at the time of the upgrade between the MSRP for the offered Upgrade Model and the MSRP for the model that will be acquired. No

No refund will be provided if the MSRP of the new model is less than the MSRP of the offered Upgrade Model.
- **TAP Termination.** If an invoice for TAP is more than 30 days past due or the Agency defaults on its payments for the Evidence.com Services then Axon may terminate TAP and all outstanding Product related TAPs. Axon will provide notification that TAP coverage is terminated. Once TAP coverage is terminated for any reason, then:
 - **6.1.** TAP coverage will terminate as of the date of termination and no refunds will be given.
 - **6.2.** Axon will not and has no obligation to provide the free Upgrade Models.
 - **6.3.** The Agency will be invoiced for and are obligated to pay to Axon the MSRP then in effect for all Spare Products provided under TAP. If the Spare Products are returned within 30 days of the Spare Product invoice date, credit will be issued and applied against the Spare Product invoice.

Axon Integration Services Appendix

If CAD/RMS Service is included on the Quote, this Axon Integration Services Appendix applies.

- Term. The term of this Appendix commences on the Effective Date. The actual work to be performed by Axon is not authorized to begin until Axon receives the signed Quote or a purchase order for the services described in this Appendix (Integration Services), whichever is first.
- Scope of Integration Services. The project scope will consist of the development of an integration module that allows the Evidence.com Service to interact with the Agency's Computer-Aided Dispatch (CAD) or Records Management Systems (RMS), so that Agency's licensees may use the integration module to automatically tag the Axon recorded videos with a case ID, category, and location. The integration module will allow the Integration Module License holders to auto populate the Axon video meta-data saved to the Evidence.com Service based on data already maintained in the Agency's CAD or RMS. Axon is responsible to perform only the Integration Services described in this Appendix and any additional services discussed or implied that are not defined explicitly by this Appendix will be considered outside the scope of this Agreement and may result in additional fees.
- **Pricing.** All Integration Services performed by Axon will be rendered in accordance with the fees and payment terms set forth in the Quote. The Agency must purchase Axon Integration licenses for every Evidence.com user in the Agency, even if the user does not have an Axon body camera.

4 <u>Delivery of Integration Services</u>.

- 4.1. Support After Completion of the Integration Services. After completion of the Integration Services and acceptance by the Agency, Axon will provide up to 5 hours of remote (phone or Web-based) support services at no additional charge to the Agency. Axon will also provide support services that result because of a change or modification in the Evidence.com Service at no additional charge as long as the Agency maintains Evidence.com subscription licenses and Integration Module Licenses, and as long as the change is not required because the Agency changes its CAD or RMS. Thereafter, any additional support services provided to the Agency will be charged at Axon's then current standard professional services rate.
- **4.2. Changes to Services**. Changes to the scope of the Integration Services must be documented and agreed upon by the Parties in a change order. If the changes cause an increase or decrease in any charges or cause a scheduling change from that originally agreed upon, an equitable adjustment in the charges or schedule will be agreed upon by the Parties and included in the change order, signed by both Parties.
- **4.3. Warranty.** Axon warrants that it will perform the Integration Services in a good and workmanlike manner.
- 5 Agency's Responsibilities. Axon's successful performance of the Integration Services

depends upon the Agency's:

- **5.1.** Making available its relevant systems, including its current CAD or RMS, for assessment by Axon (including making these systems available to Axon via remote access if possible);
- **5.2.** Making any required modifications, upgrades or alterations to Agency's hardware, facilities, systems and networks related to Axon's performance of the Integration Services:
- **5.3.** Providing access to the building facilities and where Axon is to perform the Integration Services, subject to safety and security restrictions imposed by the Agency (including providing security passes or other necessary documentation to Axon representatives performing the Integration Services permitting them to enter and exit Agency premises with laptop personal computers and any other materials needed to perform the Integration Services);
- **5.4.** Providing all necessary infrastructure and software information (TCP/IP addresses, node names, and network configuration) necessary for Axon to provide the Integration Services;
- **5.5.** Promptly installing and implementing any and all software updates provided by Axon;
- **5.6.** Ensuring that all appropriate data backups are performed;
- **5.7.** Providing to Axon the assistance, participation, review and approvals and participating in testing of the Integration Services as requested by Axon;
- **5.8.** Providing Axon with remote access to the Agency's Evidence.com account when required for Axon to perform the Integration Services;
- **5.9.** Notifying Axon of any network or machine maintenance that may impact the performance of the integration module at the Agency; and
- **5.10.** Ensuring the reasonable availability by phone or email of knowledgeable staff and personnel, system administrators, and operators to provide timely, accurate, complete, and up-to-date documentation and information to Axon (these contacts are to provide background information and clarification of information required to perform the Integration Services).
- Authorization to Access Computer Systems to Perform Services. Agency authorizes Axon to access Agency's relevant computers, network systems, and CAD or RMS solely for performing the Integration Services. Axon will work diligently to identify as soon as reasonably practicable the resources and information Axon expects to use, and will provide an initial itemized list to Agency. Agency is responsible for, and assumes the risk of any problems, delays, losses, claims, or expenses resulting from the content, accuracy, completeness, and consistency of all data, materials, and information supplied by Agency.
