Hello, my name is Dr. Alex Solomon Matatov and I am a Pharmacist who works in Hallandale taking care of at least 7,000 patients a year. I would like the committee to please approve the Eruv as it is a public health concern for our handicapped, elderly, and insulin dependent citizens. Thank you.

Sheina Baumgarten

My name is Sheina Baumgarten and I am a resident of Hallandale Beach on South Ocean Dr. I am grateful for everything the Mayor, Vice Mayor and Commission do for our city. I am a mother of three young children one of whom is a handicapped and requires a wheel chair for mobile assistance. My youngest is too young to walk very far and needs her stroller for walks to the park, synagogue, visiting family and friends, etc. Saturdays used to be my favorite day of the week when I would see friends and

socialize. Now it has become a day to sit home alone trying to entertain young children in a condo due to the fact that we don't have an Eruv. Worst of all when we do venture out for a short walks my handicapped daughter must be left behind as long as there is no Eruv. It is heart breaking that she cant be treated like everyone else and It's so frustrating to me that something so simple and of no bother to anyone else cannot be supported by the commission. Please do whats right and schedule a hearing to discuss approval of the Eruv so that we can once again take all of our children (regardless of age, mobility & ability) to the park and enjoy time as a family on the weekends.

Thank you for your time and consideration!
