1. PURPOSE OF BID

The City of Tamarac is hereby requesting Bids, from qualified bidders, to supply quicklime per the conditions and specifications contained in this document. The contract term shall be for an initial period of three (3) years, beginning November 1, 2017. The City reserves the right to renew the contract for three (3) additional one (1) year periods, providing all parties agree to the extension and renewal terms.

This is a Cooperative Invitation to Bid issued by the City of Tamarac on behalf of the participating governmental entities, referenced within this bid document. All quantities given are estimates of annual usage and may be increased or decreased to meet the requirements of each participant. No warranty is given or implied as to the exact quantities that will be used during the term of this contract.

2. CONSIDERATION FOR AWARD

The City reserves the right to consider a Bidders history of citations and/or violations of environmental regulations in determining a Bidder's responsibility, and further reserves the right to declare a bidder not responsible if the history of violations warrants such determination. A complete history of all citations, violations, notices or dispositions shall be submitted with bid. The non-submission of any such documentation shall be deemed an affirmation by the Bidder that there are no citations or violations. Bidder shall notify the City immediately of any citation or violation received after the Bid opening date and during the time of performance of any contract awarded to Bidder.

Other considerations for award include:

- A. The ability and capacity of the Bidder to perform the requirements of the bid.
- B. The availability and quality of the Bidder's product to the required use.

3. PRICING

Prices quoted shall be F.O.B. destination, according to the rate in effect on the date set forth in the proposal and shall include all fuel surcharges and demurrage charges.

- A. Contract Pricing shall be based on delivered cost per ton. The Contract sum includes all labor, materials and freight charges Pricing will be subject to adjustment on a quarterly basis in accordance with Section 3.C, "Escalation / De-escalation" shown herein.
- B. In consideration of fluctuations in fuel prices, the City will allow rail and trucking fuel surcharges during the term of the contract.

Rail Surcharge – The rail fuel surcharge rate will be based on actual contracts, invoices or published rates of the contractor's rail carrier. Contractor shall provide documentation regarding the rail carrier's pricing as a part of the request for an adjustment to the rail surcharge. No surcharge will be applied on top of another one. The Bidder should provide a rail fuel surcharge schedule as part of their bid submittal in the area provided in Appendix B herein.

Trucking Surcharge - The truck fuel surcharge rate will be based on the Trucking Fuel Surcharge Scale contained in Appendix B herein, which shall be determined by referencing the U.S. On-Highway Diesel Fuel Prices – U.S. (Average), as published by the U.S. Department of Energy, Energy Information Administration (DOE) for the third Monday of the final month of each quarter. The truck fuel surcharge will be applied to the base contract price per ton of quicklime transported effective with the start of the next quarter. No surcharge will be applied on top of another one. The bidder shall utilize the trucking fuel surcharge scale included in Appendix B as a basis for adjustment, and

surcharge adjustments will be based on that scale. The DOE Retail On-Highway Diesel Price – US Average index may be found at: <https://www.eia.gov/petroleum/gasdiesel/>.

C. Escalation/De-escalation:

1. The City will accept price adjustments on a quarterly basis on January 1st, April 1st, July 1st and October 1st of each year. The Contractor must submit sufficient documentation to be given consideration for a price increase, and must pass-on a price decrease when the Contractor's costs are reduced. Approved documentation includes, but is not limited to published U.S. Department of Energy (DOE) reports on coal costs, Platt's Coal Index, U.S. Bureau of Labor Statistics (BLS) reports on Producer Price Index (PPI) for all commodities, U.S. Energy Information Administration WTI publications on spot crude oil prices, BLS Electric Power Generation, Transmission and Distribution Index, BLS Crushed and Broken Limestone Index, BLS mining Machinery and Equipment Index; and copies of vendor monthly internal cost reports and/or actual invoices.
2. Rail and Truck freight charges and changes for transfer costs require written verification from vendor's freight and transfer subcontractors, provided to the Purchasing & Contracts Division prior to initial contract term expiration of the Agreement. All Rail and Truck fuel surcharges will be applied initially on November 1, 2017, subject to change in accordance with the schedule provided in Section 3.C.1 herein.
3. The City acknowledges that Contractor's rail and truck carriers adjust fuel surcharges monthly. The Contractor will apply fuel surcharges for each quarter based on the amount of the rail and truck fuel surcharges in effect for the month preceding the quarterly price change as calculated in accordance with Special Conditions Section 3.B "Pricing", herein and utilizing Appendix B to this bid. At the end of each quarter, the Contractor will process a "true up" by comparing the actual monthly rail and truck fuel surcharges for the quarter to the rail and truck fuel surcharges implemented at the time of the quarterly price change. Based on this comparison, the Contractor will issue the City a credit or debit that represents the variance.
4. **Cost adjustments, in all cases, shall reflect only a direct pass-through of costs, and no changes to the Contractor's profit margin shall be permitted. The City and the Contractor may also utilize recognized government/industry indices or combination of indices to be mutually agreed upon by the City and Contractor, when determining price increases.**
