160 million cats and dogs are part of American families.

95% of these families consider their pets to be an important family member.

They're taking them out to dinner, traveling with them and making them a part of their daily routine.

The Facts...

1 in 3 pets will go missing in its lifetime.

Over 10 million get lost each year.

In the US dogs and cats are put to death in shelters at a rate of six animals every 60 seconds.

***only 1 in 50 cats and 1 in 5 dogs**
who enter shelters will be reclaimed by
their owners.
