Short Title:

A RESOLUTION OF THE MAYOR AND CITY COMMISSION OF THE CITY OF HALLANDALE BEACH, FLORIDA, SUPPORTING THE BROWARD METROPOLITAN PLANNING ORGANIZATION'S (MPO) PROPOSED PROJECTS FOR THE CITY OF HALLANDALE BEACH IN COMMITMENT FOR THE 2045 METROPOLITAN TRANSPORTATION PLAN (MTP); FURTHER WORKING WITH THE BROWARD MPO, ITS TRANSPORTATION PARTNERS, AND THE PUBLIC TO PREPARE ALL THE PROJECTS FOR PROGRAMMING

IN THE BROWARD MPO'S TRANSPORTATION IMPROVEMENT PROGRAM; AND AUTHORIZING THE CITY MANAGER TO EXECUTE ALL NECESSARY DOCUMENTS TO SUBMIT APPLICATIONS AND IMPLEMENT THE PROJECT WITH THE BROWARD MPO; AND PROVIDING FOR AN EFFECTIVE DATE.

Staff Summary:

Summary:

The proposed Resolution supports all the Broward MPO (Metropolitan Planning Organization) proposed projects committed in the MPO's 2045 MTP (Metropolitan Transportation Plan) for the City of Hallandale Beach, except for a portion of the Hallandale Beach bypass project. The Resolution further supports and provides the necessary authorizations for the City's continued coordination with MPO, its partners and the public in the preparation and implementation of the schedule of projects from the Transportation Improvement Program.

Background:

The Broward Metropolitan Planning Organization (Broward MPO or MPO) is a federally-mandated agency that is responsible for making policy on local transportation issues and deciding how to spend federal money on transportation projects within Broward County. The Broward MPO kicked off development of its Metropolitan Transportation Plan, Commitment 2045 in 2018. The plan allocates available funding to maintain and improve Broward's transportation system now and in the future. Working with the cities, it serves as the basis for identifying priorities and transportation projects that will be implemented in the coming years and through 2045.

At the April 4, 2018 City Commission meeting, staff brought forward a list of proposed transportation projects for discussion in response to the Broward MPO's MTP call for projects. The City Commission supported a response to the MPO's call for projects with a list of proposed transportation projects. The original list included 6 transportation projects, 5 of those projects were deemed eligible for the MTP by the MPO. The projects included in the MPO's draft MTP are listed below.

Staff does not agree with that portion of the project described as "an express left turn bypass on westbound Hallandale Beach Blvd to southbound US-1;" because it is inconsistent with the urban environment envisioned by the City's Master Plan.

**Scenario 2: Highway Projects - On-State System Funding Program
Commitment 2045 MTP - Cost Feasible Plan**

13	Hallandale Beach & NE 14th Ave Dual Turn Lanes	State	Add Turn Lane	Hallandale Beach & NE 14th Ave Dual Turn Lanes	Implement a double left-turn lane from eastbound Hallandale Beach Boulevard to northbound NE 14th Avenue.
23	Hallandale Beach Boulevard Bypass	State	Add Lanes & Reconstruct	Hallandale Beach Blvd from Dixie Highway to NE 8th Ave	Install a 4-lane bi-directional express bypass on Hallandale Beach Blvd across FEC rail lines. Install an express left turn bypass on westbound Hallandale Beach Blvd to southbound US1.

**Scenario 2: Highway Projects - Off-State System Funding Program
Commitment 2045 MTP - Cost Feasible Plan**

3	SE 9th Street FEC Rail Crossing Realignment	Local	Multimodal Improvements	Dixie Highway to US1	Provide a new FEC rail crossing at SE 9th St, with bike lanes/sharrows, on-street parking, 7' wide sidewalks, curb and gutter drainage, and pedestrian crossings including upgrades to meet all ADA standards.
4	SE 2nd Street/ Hibiscus Street/ Church Street Extension Project	Local	New Road Construction	US-1 to Church Street	provide a two-lane bi-directional new facility with bike lanes, 7' wide sidewalks, pedestrian scale lighting, and curb/gutter drainage.

**Scenario 2: Highway Projects - Off-State System Funding Program
Commitment 2045 MTP - Unfunded Needs**

49	South Old Dixie Highway 2-way Conversion Project	County	Capacity	Pembroke Road to SW 11th Street	Conversion of Dixie Highway from 4-lanes in one-way to 4 lanes in two-ways. Includes restriping, new signage, installation of traffic control devices, mini-medians, 7' wide sidewalks, ADA upgrades, and 12' wide shared use path along FEC.
----	--	--------	----------	---------------------------------	---

Why Action is Necessary:

Federal law requires the Broward MPO (and MPO's across the country) to update their Metropolitan Transportation Plan every five years. Commitment 2040, the previous MTP, was adopted by the MPO Board in December 2014. Work on Commitment 2045, the update of Commitment 2040, began in December 2017 and will be complete in 2019 with adoption of the final plan by the Broward MPO. Projects included as part of Commitment 2045 can be completed in as little as six years, depending on funding availability.

The Broward MPO is requiring all projects identified in the draft Commitment 2045 MTP as “cost feasible” have a local resolution of support to remain in the final MTP. Projects without a resolution by August 1, 2019 will be removed from the MTP and/or placed in the “needs and unfunded” portion of the MTP.

Proposed Action:

Staff recommends the Mayor and City Commission adopt the resolution by which the City supports all the Broward Metropolitan Planning Organization’s (MPO) proposed projects for the City of Hallandale Beach in Commitment 2045 Metropolitan Transportation Plan (MTP) except that portion of the Hallandale Beach Boulevard Bypass project described as “an express left turn bypass on westbound Hallandale Beach Blvd to southbound US-1;” further working with the Broward MPO, transportation partners, and the public to prepare all the projects for programming in the Broward MPO’s Transportation Improvement Program; and authorizing the City Manager to execute all necessary documents to submit applications and implement the project with the Broward MPO.
