Mr. Chavarria,

FPL opposes the resolution as currently written.

The percentage goal referred to in Item I on the agenda would increase the ECCR charge that our customers pay. The ECCR charge is described in the first attachment. That charge is included in the line Non-Fuel charges on the bottom left side of the attached Sample Bill.

To be clear, the ECCR charge is paid by utility customers, not by FPL. We do not want to see it raised.

In consideration of the item tomorrow, please share this information with members of the City Commission. I will be in attendance to explain and answer any questions.

Regards,

Ben
