The parking ALPRs will compare the license plates on vehicles parked in city managed parking areas with the vehicle's plates submitted into the city's parking payment software. The vehicle tags which have outstanding payments or did not pay for parking will be flagged alerting the parking enforcement specialist. As an added benefit, the information captured on the ALPR will also compare the plates to the Florida Department of Law Enforcement's database. This database, also known as the hotlist, is a compilation of license plates connected to criminal activity such as a stolen vehicle. When there is a match, Police are alerted and can immediately respond to intercept the vehicle; and
