GRAINGER
FOR THE ONES WHO GET IT DONE

Grainger

Maintenance, Repair and Operations (MRO) & Industrial Supplies

Grainger is America's #1 source for industrial-grade supplies and safety products. For over 90 years, Grainger has built a tradition of serving businesses, big and small, with effortless ways to get the products and services they need. We do this by providing a huge selection of over 2 million products from 5,000 trusted suppliers. Our world-class supply chain means we can get those products to 97% of the U.S. with next-day delivery. And when you need something the same day, you can stop by one of our 350+ branches nationwide. Grainger backs up this promise to OMNIA Partners members with 24/7 customer service and free technical support from industry experts. And if digital is your thing, Grainger.com® offers powerful online tools and a mobile app that makes ordering (and controlling what you order) fast, easy and ready to go whenever and wherever you are. For all the things you do to get the job done, Grainger's got your back®.

The Bronze Partnership Excellence Award is a testament to the commendable dedication of our valued suppliers. This esteemed medallion is presented to those who have demonstrated a steadfast commitment to our partnership.

UNIVERSITY OF CALIFORNIA

Amendment to Agreement

This Amendment 4 to Agreement 2018.000207 ("Agreement") is entered into between The Regents of the University of California (UC) and Supplier.

AMENDMENT TO AGREEMENT
The Agreement is hereby amended as follows:

1. Section 2. Term of Agreement
    a. The term of the Agreement will extended from July 1, 2018 through June 30, 2026. UC may renew the Agreement according to policy for two more years with a maximum contract term of 10 years. Suppliers will be notified in writing before extending the contract past June 30, 2026.

All other terms, conditions and provisions of the Agreement shall remain in full force and effect.

This Amendment is signed by the parties' duly authorized representatives, and shall be effective as of January 16th, 2024.

THE REGENTS OF THE UNIVERSITY OF CALIFORNIA	**W.W. Grainger, Inc.**

UNIVERSITY OF CALIFORNIA

Purchasing Agreement # 2018.000207

As a result of Request for Proposal # RFP-MRO-UCSystemWide-Jan312018 for Maintenance Repair and Operations (MRO) Supplies and Related Services, the Agreement to furnish certain goods and services described herein and in the documents referenced herein ("Goods and/or Services") is made by and between The Regents of the University of California, a California public corporation ("UC") on behalf of the University of California and the supplier named below ("Supplier"). This Agreement is binding only if it is negotiated and executed by an authorized representative with the proper delegation of authority.

1. Statement of Work

Supplier agrees to perform the Services listed in the statement of work attached as Attachment A ("Statement of Work") and any other documents referenced in the Incorporated Documents section herein, at the prices set forth in the Statement of Work and any other documents referenced in the Incorporated Documents section herein. Unless otherwise provided in the Agreement, UC will not be obligated to purchase a minimum amount of Goods and/or Services from Supplier.

2. Term of Agreement/Termination

a) The initial term of the Agreement will be from July 1, 2018 and through June 30, 2023 (Initial Term) and is subject to earlier termination as provided below. UC may renew the Agreement for Two (2) successive **One (1)** -year periods (each, a Renewal Term), by providing Supplier with at least **Thirty (30)** calendar days' written notice before the end of the Initial Term or any Renewal Term.

b) UC may terminate the Agreement for convenience by giving Supplier at least **Thirty (30)** calendar days' written notice.

c) UC or Supplier may terminate the Agreement for cause by giving the other party at least **Fifteen (15)** days' notice to cure a breach of the Agreement (Cure Period). If the breaching party fails to cure the breach within the Cure Period, the non-breaching party may immediately terminate the Agreement.

3. Purchase Order; Advance Payments

Unless otherwise provided in the Agreement, Supplier may not begin providing Goods and/or Services until UC approves a Purchase Order for the Goods and/or Services.

4. Pricing, Invoicing Method, and Settlement Method and Terms

Refer to Statement of Work or Purchase Order for Pricing. For system wide agreements, each UC Location will specify the Invoicing Method and Payment Options that will apply, taking into account the operational capabilities of Supplier and the UC Location. See UC's Procure to Pay Standards http://www.ucop.edu/procurement-services/_files/Matrix%20for%20website.pdf for the options that will be considered. In the case of systemwide agreements, each UC Location will specify these terms in a Statement of Work or Purchase Order, as the case may be.

Supplier will submit invoices following the designated invoice method directly to UC Accounts Payable Departments at each UC Location, unless UC notifies the Supplier otherwise by amendment to the Agreement.

DocuSign Envelope ID: 028E053C-8A1D-4DFD-B34F-3B09DF0CE566

Settlement Method and Terms

Notwithstanding the provisions of Article 3 of the Terms and Conditions of Purchase, the Settlement Method and Terms will be as follows: **Settlement Matrix Option 1. Net 30 or Virtual/Ghost Card Net.**

5. Notices

As provided in the UC Terms and Conditions of Purchase, notices may be given by overnight delivery or by certified mail with return receipt requested, at the addresses specified below. Additionally, notices by Email will be considered legal notice if such communications include the following text in the Subject field:

To UC, regarding contract issues not addressed above:

Name	Adrian Ferreira
Phone	858-534-5618
Email	Adrian.Ferreira@ucop.edu
Address	7835 Trade Street
	San Diego, CA 92121

To Supplier:

Name	Denise Childress
Phone	520-205-2023
Email	denise.childress@grainger.com
Address	100 Grainger Parkway
	Lake Forest, IL 60045

6. Intellectual Property, Copyright and Patents

/___/ The Goods and/or Services involve Work Made for Hire

/_X_/ The Goods and/or Services **do not** involve Work Made for Hire

7. Patient Protection and Affordable Care Act (PPACA)

/___/ Because the Services involve temporary or supplementary staffing, they are subject to the PPACA warranties in the T&Cs.

/_X_/ The Services do not involve temporary or supplementary staffing, and they are not subject to the PPACA warranties in the T&Cs.

8. Prevailing Wages

/_X_/ Supplier is not required to pay prevailing wages when providing the Services.

DocuSign Envelope ID: 028E053C-8A1D-4DFD-B34F-3B09DF0CE566

9. Fair Wage/Fair Work

/___/ Supplier is not required to pay the UC Fair Wage (defined as $13 per hour as of 10/1/15, $14 per hour as of 10/1/16, and $15 per hour as of 10/1/17) when providing the Services.

10. Restriction Relating to Consulting Services or Similar Contracts – Follow-on Contracts

Please note a Supplier that is awarded a consulting services or similar contract cannot later submit a bid or be considered for any work "required, suggested, or otherwise deemed appropriate" as the end product of the Services (*see* Public Contract Code Section 10515).

11. Insurance

Deliver the Certificate of Insurance to UC's Buyer, by mail or overnight delivery. Additionally, this requirement will be considered satisfied if a PDF version of the Certificate of Insurance is sent by Email and includes the following text in the Subject field: CERTIFICATE OF INSURANCE – **W.W. Grainger, Inc.**

12. Records about Individuals

Records created pursuant to the Agreement that contain personal information about individuals (including statements made by or about individuals) may become subject to the California Information Practices Act of 1977, which includes a right of access by the subject individual. While ownership of confidential or personal information about individuals is subject to negotiated agreement between UC and Supplier, records will normally become UC's property, and subject to state law and UC policies governing privacy and access to files. When collecting the information, Supplier must inform the individual that the record is being made, and the purpose of the record. Use of recording devices in discussions with employees is permitted only as specified in the Statement of Work.

13. Cooperative Purchasing

Supplier agrees to extend pricing and Goods and/or Services to the California State University institutions (CSU), California Community Colleges (CCC) and agencies nationwide registered with National Intergovernmental Purchasing Alliance Company ("National IPA") under the terms of the Agreement. All contractual administration issues (e.g. terms and conditions, extensions, and renewals) will remain UC's responsibility except as outlined in the above referenced RFP. Operational issues, fiduciary responsibility, payment issues, performance issues and liabilities, and disputes involving individual CSU, CCC or Participating Agencies will be addressed, administered, and resolved by each CSU or CCC campus or Participating Agency.

14. Incorporated Documents

The following documents are incorporated and made a part of the Agreement by reference as if fully set forth herein, listed in the order of precedence following the Agreement:

a) Statement of Work – Attachment A

b) UC Terms and Conditions of Purchase, dated 11/29/17

DocuSign Envelope ID: 028E053C-8A1D-4DFD-B34F-3B09DF0CE566

c) Attachment B – Appendix Electronic Commerce

d) UC Request for Proposal# RFP-MRO-UCSystemWide-Jan312018 ("RFP")

e) Supplier's responses thereto submitted on or about March 26, 2018 ("RFP Response")

f) Attachment C – Category Discount Pricing

g) Attachment D – Grainger MRO Related Services

h) Attachment E – National IPA Requirements

i) Attachment F – National Core List

j) Attachment G – UC Participating Entities

k) Attachment H – CSU Participating Entities

l) Attachment I – CCC Participating Entities

m) Attachment J – AICCU Participating Entities

n) Attachment K - Sustainability Specifications

15. Entire Agreement

The Agreement and its Incorporated Documents contain the entire Agreement between the parties and supersede all prior written or oral agreements with respect to the subject matter herein.

The Agreement is signed below by the parties' duly authorized representatives.

This Agreement can only be signed by an authorized representative with the proper delegation of authority.

ATTACHMENT A TO PURCHASING AGREEMENT # 2018.000207

STATEMENT OF WORK

This Statement of Work ("SOW") is issued pursuant to Purchasing Agreement # 2018.000207 dated July 1, 2018 ("Agreement") between UC and Supplier ("Grainger" and/or "Supplier").

1. Title and Description of the Scope of Goods and/or Services

A complete and comprehensive offering of MRO supplies such as but not limited to appliances, material handling repairs, air filters, batteries, electrical, fasteners, hand tools, HVAC, lighting, lamps, ballast, fixtures, material handling repairs, motors, outdoor equipment, paint and equipment supplies, plumbing, pneumatic tools, power tools and accessories, safety, security, welding and soldering, public safety and any other miscellaneous MRO supplies offered by Supplier. Also include sourcing options for items not readily available.

Related Products and Services– A complete range of related products and services offered by Supplier including, but not limited to, supplier-managed inventory, vending machines, storehouse analytics, inventory management, safety training, and any other related services.

A. SCOPE:

a. UC Locations. Supplier agrees to extend the pricing basis, terms and conditions of the Agreement to all UC locations Supplier will make available to any UC location its improved pricing basis, terms or conditions resulting from increased usage or aggregation of activity by multiple UC locations. All contractual administration issues (e.g. terms and conditions, extensions, and renewals), operational issues, fiduciary responsibility, payment issues, performance issues and liabilities, and disputes involving individual UC locations will be addressed, administered, and resolved by each UC location. Any delay in payment or other operational issue involving one UC location will not adversely affect any other UC location.

b. California State University System. Supplier agrees to extend pricing and services to the California State University institutions (CSU) under the terms of the Agreement. All contractual administration issues (e.g. terms and conditions, extensions, and renewals) will remain UC's responsibility. Operational issues, fiduciary responsibility, payment issues, performance issues and liabilities, and disputes involving individual CSU campuses will be addressed, administered, and resolved by each CSU campus.

c. California Community Colleges. Supplier agrees to extend pricing and services to the California Community Colleges (CCC) under the terms of the Agreement. All contractual administration issues (e.g. terms and conditions, extensions, and renewals) will remain UC's responsibility. Operational issues, fiduciary responsibility, payment issues, performance issues and liabilities, and disputes involving individual CCC campuses will be addressed, administered, and resolved by each CCC campus.

2. Term of SOW

This SOW will begin on **July 1, 2018** ("Effective Date") and continue through **June 30, 2023**. This SOW may not be renewed or otherwise amended except through a Change Order pursuant to the Change Management section below.

DocuSign Envelope ID: 028E053C-8A1D-4DFD-B34F-3B09DF0CE566

3. Key Tasks and Activities, Deliverables and Completion Timeframe

Supplier Obligations				
Task		Activities	Deliverables	Completion Date or Timeframe
1	Sales Report	Provide Quarterly Sales report for all CHESS sales transaction.	Exhibit X- Quarterly Report	Quarterly
2	Service Level Agreement Report	Report in which outlines the details and supplier performance specificed in SLA.	SLA Report	Quarterly
3	Green Spend Report	Report in which outlines the total sales classified as "green and or sustainable "	Green Spend Report	Quarterly

4. Key Personnel

Supplier's Account Manager is listed below, is subject to UC approval, and has overall responsibility for managing the UC/Supplier relationship:

Name	Denise Childress
Phone	520-205-2023

Address	100 Grainger Parkway
	Lake Forest, IL 60045

Supplier's Account Management Team is:

Name	Kari Stoltz
Title	Director, Government Sales
Phone	651-491-3442
Email	Kari.Stoltz@grainger.com
Name	Tim Sweat
Title	Regional Sales VP, Government West
Phone	214-274-2331
Email	Tim.Sweat@grainger.com

5. Reporting Requirements

Supplier agrees to provide other reports as reasonably requested by UC during the Term of the Agreement and any extension(s) to the Term at no additional cost to UC.

DocuSign Envelope ID: 028E053C-8A1D-4DFD-B34F-3B09DF0CE566

6. Service Level Agreement (SLA)

During the term of this Master Agreement and any extension(s) of such term, Supplier agrees to the following Service Metrics details and specifications. UC service standards provides guarantees that Supplier shall consistently adhere to the standards for all Participating Locations:

6.1 Stock Item Delivery: Orders placed before 5:00 p.m. local time should be shipped the same day for next day delivery.

6.2 Non Stock Item Delivery: Contractor shall place the order on the same day it receives the order from a Location. Contractor shall then deliver the Product the next day after Contractor's receipt of the item unless the item is shipped direct to the ordering Location from the Manufacturer.

6.3 Fill Rate: 98% order fill rate; 98% line fill rate

6.4 Returns: Full credit guaranteed, minus special handling and/or shipping cost, if applicable, on any return of Supplier's Catalog Product regardless of reason if within thirty (30) days of receipt with receipt, invoice, packing slip or similar documentation. Custom orders and sourcing orders may be subject to "Final Sale" basis. This will be identified on the Quote prior to purchase.

6.5 Return Pick-up: All products sold are warranted by Grainger only to purchasers for use in business or original equipment manufacturer. The warranty covers defects in workmanship or materials, under normal use, for one year from date of purchase from Grainger, unless otherwise stated in the product listing in the General Catalog. Any part which is determined by Grainger to be defective in material or workmanship and returned to a Grainger branch or authorized service location, as Grainger designates, with shipping costs prepaid, will be, as the exclusive remedy, repaired or replaced, at Grainger's option.

6.6 Credits: Full credit issued in same form as payment and referencing the original purchase order number.

6.7 Report Requests: Standard reports will be generated at the CHESS and Location or Participating Agency level quarterly or as necessary to track compliance.

6.8 Delivery Accuracy: 98% calculated based on percent of entire order fulfilled accurately.

6.9 On-Time Delivery: 98% calculated based upon the percent of the entire order arriving at the customer's required time.

6.10 Invoice/Billing Accuracy: 99%

6.11 Customer Service Satisfaction: Average score of 3.75 or better on a 5 point scale.

6.12 Quote Turnaround: Customer requests for quotes for product or services not found in Suppliers catalog and/or online offering, also known as Sourced product and/or service requests, will generally be returned to the customer within 24 to 48 hours.

6.13 Response Time: Emergency Calls 1 hour; Non-Emergency Calls 4 business hours; Emergency Resolution Time Best efforts until issue is resolved

The minimum service standards set forth above recognize that occasional errors are likely; however, Supplier further agrees to use its best efforts to achieve 100% of service levels. Should the service levels fall below the minimum standards and Supplier does not take corrective action within fourteen (14) days following UC written notification, UC reserves the right to terminate the Agreement immediately.

7. Pricing and Invoicing Method

Pricing is addressed below. The Invoicing Method and Terms are addressed in the applicable Agreement. As regards Invoicing Method and Terms, the terms of the applicable Agreement will take precedence over any conflicting terms in this Statement of Work.

7.1 Pricing:

a. National Core List, which is also referred to as the Market Basket – Provides for the deepest discounts on a variety of products to agencies nationwide. Pricing on the

DocuSign Envelope ID: 028E053C-8A1D-4DFD-B34F-3B09DF0CE566

National Core List shall be provided to all Participating Agencies. Please refer to Attachment F – National Core List

b. Customized Core List, which is also referred to as the Hot List - In addition to the National Core List, Offerors MUST provide customized core lists to agencies, structure, implementation, and management. Custom Core List pricing will be held for a period of one (1) year, evaluation and selection of items will be mutually agreed upon. Supplier(s) will support a Participating Agency, if assistance is needed to create a Customized Core List of up to one-thousand (1000) Supplier Catalog Product that brings greatest value.

c. Category Discount – All percentage-off discounts for Catalog Products shall be deducted from the Contract Reference Price ("CRP") in effect at the time the Catalog Product is purchased by UC from Supplier. Current Contract Reference Prices for Catalog Products shall be available when UC logs into its account on Supplier's Website. The proposed discount percentages must not exceed 2 digits (i.e., 10.37% is acceptable while10.37862% is not).please refer to Attachment C – Category Discount Pricing

7.2 Catalog Adjustments:

a. Price Updates. As described above in Product Pricing, prices for Core List shall be reviewed and subject to change once per year from 1st January. Third Party Product pricing and pricing for special price promotions shall be reviewed and updated on a quarterly basis (or earlier if mutually agreed). Price decreases shall be implemented on the quarterly review (or such ealier date mutually agreed by the parties). Changes to price file shall be submitted to UC and shall have a maximum period of 30 days to review and approve updates or raise objections. Objections shall be reviewed on a case by case basis with the balance of price amendments being approved for upload. In the event that UC does not approve or reject any updates within 30 days of the revised file being submitted to UC, then Seller shall be entitled to load the new pricing.

b. Other Catalog Updates. Seller may provide other updates to the catalog quarterly or as mutually agreed. These updates may include (without limitation) changes to content, the addition of new products, removal of discontinued items, updates to unit of measure, and special promotional offers.

7.3 Product Pricing:

Pricing shall be a fixed percentage (%) off catalog/list pricing by Product Category.

a. Price Increase Documentation and Price Update Procedure: It should not be a forgone conclusion that Supplier automatically be granted a price increase each year on all items in the Supplier's catalog or Market Basket. Supplier must provide a minimum thirty (30) day notice of a price increase. CHESS will evaluate price increase supporting documents if provided and implement upon mutual acceptance. It is the intent of both parties that the Supplier(s) utilize best practices in Supply Chain Management to minimize cost increases.

b. Volatile Product Price Increases: For any Supplier's catalog or Market Basket Item deemed a Volatile Product, pricing for that product will be based on market conditions at the time of purchase. Supplier shall provide UC, as requested, with justification for proposed Volatile Product price increases in excess of 3%.

c. Price Decreases: UC will be provided product price decreases as soon as they are available and can be entered into e-procurement or e-commerce purchasing processes. Notwithstanding anything to the contrary, Supplier shall upload new product content files reflecting price decreases up to three (3) times per year.

d. Special Discounts: At a Participating Agency's request, Suppliers may offer discounts such as discounts based on large volume, sales growth, single delivery location, etc.

e. Manufacture Direct Pricing Agreement: UC may request Supplier(s) to negotiate directly with manufactures for better pricing and or discounts, for the benefit of UC and/or each Participating Agency. Further, UC reserves the right, as mutually agreed upon by the parties, to negotiate directly with manufactures for items purchased. Upon mutual agreement, Supplier may be selected to distribute the Product to UC and/or Participating Agency.

DocuSign Envelope ID: 028E053C-8A1D-4DFD-B34F-3B09DF0CE566

f. Contractor Participation Contractors and Subcontractors: At the direction of Participating Public Agencies, to other Participating Agency Contractors or subcontractors, contractors shall extend this Agreement's pricing and category discounts to other UC Contractors and Subcontractors (herein referred to as "Other UC Contractor") for UC-related spend if Other UC Contractor provides Contractor with valid UC issued Letter of Authorization which shall include project number/project name and the Product is to be shipped directly to the Participating Agency related to the project. Contractor has the right to verify with UC and the UC Project Number/Project Name. Contractor also has the right to limit or terminate an Other UC Contractor use of this Agreement if the Other UC Contractor fails to timely pay Contractor for Product, fails to establish and maintain adequate credit worthiness or utilizes this Agreement for the benefit of anyone other than the Participating Agency for which the project relates.
   i. Other UC Contractors are not required to use Contractor for materials, therefore it is important that Contractor pricing be attractive and act as an incentive to purchase against this Agreement.
   ii. Other UC Contractors are responsible for payment to Contractor and UC has no liability for OTHER UC Contractor purchases. Contractor shall extend payment options to Other UC Contractor such as Purchase Order or Procurement Credit Cards, or other order placement and payment methods agreed upon by Contractor.
   iii. Contractor shall track Other UC Contractors purchases and report on their purchases by, Other UC Contractor Name, product description, SKU and other spend related information that Contractor has available.
   iv. Other UC Contractor purchases shall apply to the particular Participating Agency location's contract purchases for purpose of Supplier Consolidation and Annual Incremental Growth and shall be calculated in contract purchases for the benefit of Participating Agency.
   v. Other US Contractor purchases shall be reported to National IPA as "*Other US Contractor Name*, on behalf of UC."

7.4 Invoices and Payments:

a. Invoices are required to contain the following information:
   i. California sales tax as a separate line item
   ii. Shipping costs as a separate line item
   iii. UC or each respective Participating Agency's Purchase Order, Release Number, or Agreement Number
   iv. Description, quantity, catalog number and manufacturer number of the item ordered
   v. Pricing per unit of purchase
   vi. Extended price
   vii. Total Amount Due
   viii. Any pay/earned/dynamic discount
   ix. Reference to original order number for all credit memos issued

b. Modification of Terms: Participating Agencies commonly require a modification to a term of the Master Agreement (e.g. governing law). Supplier and Participating Agency may agree to modify terms on any specific purchase by a Participating Agency without being in conflict with the Master Agreement.

c. Problems regarding billing or invoicing shall be directed to the Participating Agency as listed on the Purchase Order.

8. Incentives and Rebates

8.1 Growth Incentive: Participating Agencies are eligible to earn an Annual Growth Incentive on their incremental purchases if their prior Contract Year Net Annual Spend meets or exceeds an established growth threshold.

DocuSign Envelope ID: 028E053C-8A1D-4DFD-B34F-3B09DF0CE566

i. A one percent (1%) incentive will be paid on growth in Net Annual Spend that is ten percent (10%) or greater than prior Contract Year Net Annual Spend.
ii. A two percent (2%) incentive will be paid on growth in Net Annual spend that is twenty percent (20%) or greater than prior Contract Year Net Annual Spend. Notwithstanding the foregoing, Grainger may, at its sole discretion, award a growth incentive to a Participating Agency pursuant to alternate terms.
iii. Net Annual Spend is the total invoice price of all Contract Year Grainger contract purchases less: refunds; credits on returns; discounts; freight; taxes; other credits issued by Grainger during the calendar year; and monies paid on any purchases pursuant to the Grainger Distributor Alliance Program.
iv. The Growth Incentive shall be paid to qualifying Participating Agencies on an annual basis for all qualifying purchases made by the Participating Agencies directly from Grainger between January 1st and December 31st of an Agreement year (the "Contract Year").
v. Payment of the Growth Incentive will be made to Participating Agencies by Grainger within ninety (90) days of the close of the prior Contract Year. Grainger will work with National IPA on the distribution of funds.

8.2 Ecommerce Incentive: Participating Agencies are eligible to earn an e-commerce incentive if 50% or more of their calendar year Net Annual Spend is made through a Grainger approved e-commerce platform.

i. A 1% incentive will be paid on all e-commerce spend, to any Participating Agency if 50% to 74% of their Contract Year Net Annual Spend is made through a Grainger approved e-commerce platform.
ii. A 2% incentive will be paid on all e-commerce spend, to Participating Agnecy if 75% or more of their Contract Year Net Annual Spend is made through a Grainger approved e-commerce platform.
iii. Ecommerce Incentives shall be paid to qualifying Participating Agencys on an annual basis for all qualifying purchases made through a Grainger approved e-commerce platform between January 1st and December 31st of an Agreement year (the "Contract Year") less: refunds; credits on returns; discounts; freight; taxes; other credits issued by Grainger during the calendar year; and monies paid on any purchases pursuant to the Grainger Distributor Alliance Program.

8.3 Grainger Choice Incentive: Participating Agencies that recognize the cost savings and quality associated with Grainger Choice items can benefit from an additional incentive tied to Grainger Private Label purchases.

i. A 1% incentive will be paid to a Participating Agency on all their Grainger Choice purchases if a minimum of 25% of a Participating Agency's total qualifying Contact Year Net Annual Spend is for the purchase of Grainger Choice brand product.
ii. Net Annual Spend is the total invoice price of all Contract Year Grainger contract purchases less: refunds; credits on returns; discounts; freight; taxes; other credits issued by Grainger during the calendar year; and monies paid on any purchases pursuant to the Grainger Distributor Alliance Program.
iii. The Grainger Choice Incentive shall be paid to a qualifying Participating Agency on an annual basis for all their qualifying purchases made directly from Grainger between January 1st and December 31st of an Agreement year (the "Contract Year").

8.4 Green Products Incentive: Participating Agencies that recognize the Green Product value and sustainability benefits associated with Grainger items can benefit from an additional incentive tied to Grainger Green Product purchases .

i. A 1% incentive will be paid to a Participating Agency on all their Certified Grainger Green product purchases if a minimum of 20% of a Participating Agency's total

DocuSign Envelope ID: 028E053C-8A1D-4DFD-B34F-3B09DF0CE566

qualifying Contract Year Net Annual Spend is for the purchase of Certified Grainger Green product.

ii. Net Annual Spend is the total invoice price of all Contract Year Grainger contract purchases less: refunds; credits on returns; discounts; freight; taxes; other credits issued by Grainger during the calendar year; and monies paid on any purchases pursuant to the Grainger Distributor Alliance Program.

iii. The Green Products Incentive shall be paid to a qualifying Participating Agency on an annual basis for all their qualifying purchases made directly from Grainger between January 1st and December 31st of an Agreement year (the "Contract Year").

8.5 Last Mile: Grainger is developing a Last Mile Incentive Delivery program. Once operational, a point two five percent (.25%) incentive will be paid on a Participating Agency's total qualifying Contract Year Net Annual Last Mile Deliveries. Incentive details will be provided to Participating Agencies.

i. Qualifying Contract Year Net Annual Last Mile Deliveries is the total invoice price of all Contract Year Grainger product delivered in compliance with Grainger's Last Mile Delivery incentive program less: refunds; credits on returns; discounts; freight; taxes; other credits issued by Grainger during the calendar year; and monies paid on any purchases pursuant to the Grainger Distributor Alliance Program.

ii. The Qualifying Contract Year Net Annual Last Mile Deliveries Incentive shall be paid to a qualifying Participating Agency on an annual basis for all their qualifying deliveries made between January 1st and December 31st of an Agreement year (the "Contract Year").

8.6 Customized Contract Incentives: Grainger is committed to working with each Participating Agency to achieve their unique contracting goals and objectives. Grainger has the ability to provide each Participating Entity Agency a customized contract offer. Incentives offered will be defined, in part, by each Participating Agency's contracting goals and objectives as well as factors such as Participating Agency contract commitment, single award status, market competition, etc.

9. Program Requirements

a. Shipping Terms: All domestic ground shipments shall be FOB Destination, Freight Prepaid and Included. Any handling fees shall also be included in the pricing.

b. Minimum Order: There shall be no minimum order requirement during the term of this Agreement and any extension(s) of such term.

c. Online Catalog: Online/ecommerce capability to access catalog reflecting contract pricing of all products.

d. Acceptance (if required): Upon delivery and successful installation, the material(s) shall be deemed accepted and the warranty period shall begin. All documentation shall be completed prior to final acceptance.

e. Training: Supplier(s) to provide detailed list of training that is offered under proposal and all additional training. Provide any details that are available if training can be conducted from manufacture direct, with the support of Supplier/Distributor.

f. Background Check: Every new hire who has accepted an offer of employment with Grainger is required to pass a background check. Any rehire being hired back to Grainger is required to pass a background check if their break in service is over 60 days.

DocuSign Envelope ID: 028E053C-8A1D-4DFD-B34F-3B09DF0CE566

g. Surveys: Supplier will, at Participating Agency request, conduct customer surveys. The content of these surveys will be approved by Participating Agency. Participating Agency will be responsible for the tabulation of these surveys.

h. Program Management: Supplier will provide the necessary staff and resources to support CHESS program management function as outlined in the RFP and Supplier's Response including, but not limited to:
   i. Marketing Program to increase sales activity;
   ii. Coordinating Program implementation;
   iii. Providing superior customer service;
   iv. Promoting alternate Services to reduce cost and to meet CHESS sustainability objectives;
   v. Demonstrating new Services;
   vi. Managing the continuous improvement process;
   vii. Providing on-going contract monitoring and maintenance;
   viii. Offering Services cost reduction and process improvement opportunities to CHESS;
   ix. Conducting monthly account review meetings.

i. Project Manager: Supplier will assign a project management team to coordinate Participating Agency implementation of the Agreement.

j. Order Packaging and Labeling. Supplier agrees that each UC order will be individually wrapped and labeled with the following information:
   i. Purchase Order number;
   ii. Product description, quantity and catalog number of the product ordered and an open 30-character field for internal identification e.g., UC storehouse catalog numbers and/or internal customer order numbers; and
   iii. Other information, as may be requested by ordering UC Location.
   iv. Packaging slips will be attached to the outside of the package such that it can be inspected by UC at the requesting department and/or receiving dock.

k. Receiving Locations. Supplier agrees to provide desktop and dock delivery to all UC current and future authorized personnel delivery points, as requested by UC.

l. Delivery Delays. Supplier will report any delivery delay whatsoever to the ordering Location, as well as its cause, within two (2) hours after Supplier is able to reasonably determine there will be a delay; the report will be provided to UC by telephone, e-mail, or facsimile. Supplier will keep UC fully informed and will take all reasonable action in eliminating the cause of delay.

m. Rush Delivery Requirements. Should a Participating Agencydetermine that rush shipping or other alternate shipping is required, it shall notify the Supplier. The Supplier shall determine any additional costs associated with such delivery terms and communicate that cost to the Participating Public Agency.

n. Out of Stock Items. If there is an out of stock situation of any ordered inventoried item(s), the out of stock item will be added to the back order file and will be delivered to UC when the item is in stock without a further order being submitted.

o. Substitutions. UC encourages Supplier to offer substitute or alternate items, brands or generic items to end users when the offer adds value to the procurement of goods and services. No substitutions of alternate items for products ordered will be permitted except with the express approval from authorized UC or Participating Agency personnel. Supplier shall not substitute and/or interchange a different brand or generic product or package size,

DocuSign Envelope ID: 028E053C-8A1D-4DFD-B34F-3B09DF0CE566

other than the specific product ordered, without authorization from UC or Participating Agency. Any such authorization is granted on a per order basis and is not to be considered as justification for a Product substitution on any future orders or shipments.

p. Additional Services. Supplier will offer Change Management support to improve the adoption rate, achieve a successful implementation of solutions, and meet desired goals. Supplier will provide guidance and expertise in managing the change process with relevant solutions. Those solutions can be defined but not limited to: inventory management, vending machines, process changes, supplier consolidation, product standardization, and ecommerce. Refer to additional services attached by Supplier.

q. Environmentally Preferable Product And Program Options. Supplier shall use best efforts to comply with the most current version of the University of California System recommendations as referenced in Attachment K – Sustainability Specifications.

r. Emergency Disaster Response. In the event of natural disasters or emergency situations where the humans health and welfare are at risk, Supplier gives priority to emergency response personnel and entities including first responders, first receivers, emergency management agencies and similar entities and individuals. To the extent that Participating Agencylocations or portions of them fall within these parameters, Supplier shall give those Locations priority over other customers but not priority over others falling within these parameters.

s. Hazardous Materials and Safety Data Sheets (SDS). Supplier shall retain title and/or ownership and responsibility for hazardous materials delivered to Participating Agencies at all times.

t. Safety Data Sheets (SDS). In addition to existing regulatory requirements to provide Safety Data Sheets (SDS), Supplier shall make available at all times current SDS at an electronic website address accessible to the UC. To the extent available and upon request Supplier shall provide an electronic SDS for each Product ordered, in a format compatible with the UC's SDS database.

u. Chemical Tracking and Hazardous Substance Database. Each Participating Agency Location will work with the Supplier to implement, to the best of Supplier's current capabilities, any current and new future technology to ensure Supplier's compliance with the Department of Transportation Regulations as they relate to the transport of hazardous materials. Supplier will coordinate with each Location's Office of Environmental Health and Safety (or equivalent) to ensure the compatibility of information technology hardware and software. At a minimum, the following information must be provided for each UC Locations' chemical inventory databases:

   i. Chemical/product name Physical state at standard temperature and pressure
   ii. Type of container
   iii. Size of container
   iv. Unit of measure
   v. Supplier shall also provide each Location with an annual summary of all hazardous chemicals purchased the previous year.

v. Product Promotions/Sales Incentives. Supplier must communicate and make available any special Product promotional sales incentive offers to all Participating Agency Locations. All marketing and sales promotional materials must be submitted to each Participating Agency Location's Materiel Management or Strategic Sourcing Department, as determined during local implementation, for approval prior to distribution.

DocuSign Envelope ID: 028E053C-8A1D-4DFD-B34F-3B09DF0CE566

w. Discontinued Products. Supplier shall notify the UC sixty (60) days in advance of any National Market Basket Products being discontinued or as soon as practicable following Supplier's receipt of notification of a discountinued product from its supplier, vendor or manufacturer. Supplier shall work with the UC to identify a suitable replacement for any discontinued Market Basket Products.

x. Quality Management and Continuous Improvement Process . The UC expects on an on-going basis to receive, review, consider and utilize suggestions, cost reduction opportunities and or recommendations as offered by the Contractor based on their professional experience. The performance philosophy of this Agreement is based on continuous improvement. This philosophy ascribes to the improvement in quality, costs and service. Supplier shall leverage its consulting services group to perform indirect materials management consulting. This team will work with Participating Agency Locations to build a comprehensive total cost summary and make recommendations on opportunities for improvement, including, but not limited to:

i. **Productivity improvement** - Supplier approach will be to understand the people, steps, and policies for purchasing MRO Products and help identify opportunities to streamline the process and reduce complexity.
ii. **Inventory optimization** – Analysis focuses on inventory dynamics which lead to identification of challenges which can include overstocking, availability, and obsolescence opportunities. Supplier strategies for inventory optimization will help drive cost savings to the bottom line.
iii. **Total Cost Savings** – Supplier approach will provide a comprehensive analysis of Participating Agency Locations' current environment and will help to prioritize strategies to improve service levels and lower overall MRO management costs (e.g., Product/Supplier Consolidation, Cost-in-Use and Energy).

Supplier shall present an annual plan that describes their strategy for quality management and process for continuous improvement. Supplier and the Participating Agency Locations will work to identify and implement additional opportunities to reduce costs, such as Supplier's Consulting Services, inventory solutions, and other programs at no additional cost to the UC and/or Participating Agency Location.

10. Changes to the Services

UC may desire to change the Goods and/or Services following execution of an SOW. If so, UC will submit a written Amendment to Supplier describing the changes in appropriate detail. If an Amendment does not require Supplier to incur any additional material costs or expenses, then Supplier will make the modification within ten (10) business days of Supplier's receipt of UC's Amendment. If an Amendment does require that Supplier incur additional material costs or expenses, then Supplier in good faith will provide UC with a written, high level, non-binding assessment of the costs and expenses and the time required to perform the modifications required by the Amendment, within ten (10) business days of Supplier's receipt of UC's Amendment. UC will notify Supplier in writing within ten (10) business days after receipt of Supplier's response to the Amendment as to whether UC wishes Supplier to implement the Amendment based on the response. UC will compensate Supplier for implementation of an Amendment in accordance with the terms and conditions of the relevant Amendment and Supplier's response to the Amendment, if any. Supplier's implementation of an Amendment will not delay the performance of Services and/or the delivery of deliverables not reasonably affected by an Amendment.

11. No Mandatory Use

Because there is no mandatory use policy at UC, nothing in this Statement of Work will be construed to prevent UC from entering into similar agreements with any third parties including, without limitation, suppliers that may be in competition with Supplier.

Terms and Conditions of Purchase

ARTICLE 1 – GENERAL

The equipment, materials, or supplies ("Goods") and/or services ("Services") furnished by Supplier (together, the "Goods and Services") and covered by the UC Purchase Order ("PO") and/or other agreement (which, when combined with these Terms and Conditions and any other documents incorporated by reference, will constitute the "Agreement") are governed by the terms and conditions set forth herein. As used herein, the term "Supplier" includes Supplier and its sub-suppliers at any tier. As used herein, "UC" refers to The Regents of the University of California, a corporation described in California Constitution Art. IX, Sec. 9, on behalf of the UC Location(s) identified in the Agreement and/or the PO. UC and Supplier individually will be referred to as "Party" and collectively as "Parties." Any defined terms not defined in these Terms and Conditions of Purchase will have the meaning ascribed to such term in any of the other documents incorporated in and constituting the Agreement. No other terms or conditions will be binding upon the Parties unless accepted by them in writing. Written acceptance or shipment of all or any portion of the Goods, or the performance of all or any portion of the Services, covered by the Agreement, will constitute Supplier's unqualified acceptance of all of the Agreement's terms and conditions. The terms of any proposal referred to in the Agreement are included and made a part of the Agreement only to the extent the proposal specifies the Goods and/or Services ordered, the price therefor, and the delivery thereof, and then only to the extent that such terms are consistent with the terms and conditions of the Agreement.

ARTICLE 2 – TERM AND TERMINATION

A. As applicable, the term of the Agreement ("Initial Term") will be stated in the Agreement. Following the Initial Term, the Agreement may be extended by written mutual agreement.
B. UC's obligation to proceed is conditioned upon the appropriation of state, federal and other sources of funds not controlled by UC ("Funding"). UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation in the event that through no action or inaction on the part of UC, the Funding is withdrawn.
C. UC may, by written notice stating the extent and effective date thereof, terminate the Agreement for convenience in whole or in part, at any time with not less than the number of days' notice stated elsewhere in the Agreement. As specified in the termination notice, UC will pay Supplier as full compensation the pro rata Agreement price for performance through the later of the date that(i) UC provided Supplier with notice of termination or (ii) Supplier's provision of Goods and/or Services will terminate.
D. UC may by written notice terminate the Agreement for Supplier's breach of the Agreement, in whole or in part, at any time, if Supplier refuses or fails to comply with the provisions of the Agreement, or so fails to make progress as to endanger performance and does not cure such failure within a reasonable period of time, or fails to supply the Goods and/or Services within the time specified or any written extension thereof. In such event, UC may purchase or otherwise secure Goods and/or Services and, except as otherwise provided herein, Supplier will be liable to UC for any excess costs UC incurs thereby.

ARTICLE 3 – PRICING, INVOICING METHOD, AND SETTLEMENT METHOD AND TERMS. Pricing is set forth in the Agreement or Purchase Order Number. Unless otherwise agreed in writing by UC, Supplier will use the invoicing method and payment settlement method (and will extend the terms applicable to such settlement method) set forth in UC's Supplier Invoicing, Terms & Settlement Matrix. UC will pay Supplier, upon submission of acceptable invoices, for Goods and/or Services provided and accepted. Invoices must be itemized and reference the Agreement or Purchase Order number. UC will not pay shipping, packaging or handling expenses, unless specified in the Agreement or Purchase Order. Unless otherwise provided, freight is to be FOB destination. Any of Supplier's expenses that UC agrees to reimburse will be reimbursed under UC's Travel Policy, which may be found at http://www.ucop.edu/central-travel-management/resources/index.html. Where applicable, Supplier will pay all taxes imposed on Supplier. Notwithstanding any other provision to the contrary, UC will not be responsible for any fees, interest or surcharges Supplier wishes to impose.

ARTICLE 4 – INSPECTION. The Goods and/or Services furnished will be exactly as specified in the Agreement, free from all defects in Supplier's performance, design, workmanship and materials, and, except as otherwise provided in the Agreement, will be subject to inspection and test by UC at all times and places. If, prior to final acceptance, any Goods and/or Services furnished are found to be incomplete, or not as specified, UC may reject them, require Supplier to correct them without charge, or require provision of such Goods and/or Services at a reduction in price that is equitable under the circumstances. If Supplier is unable or refuses to correct such deficiencies within a time UC deems reasonable, UC may terminate the Agreement in whole or in part. Supplier will bear all risks as to rejected Goods and/or Services and, in addition to any costs for which Supplier may become liable to UC under other provisions of the Agreement, will reimburse UC for all transportation costs, other related costs incurred, or payments to Supplier in accordance with the terms of the Agreement for unaccepted Goods and/or Services and materials and supplies incidental thereto. Notwithstanding final acceptance and payment, Supplier will be liable for latent defects, fraud or such gross mistakes as amount to fraud.

ARTICLE 5 – ASSIGNED PERSONNEL; CHARACTER OF SERVICES

Supplier will provide the Services as an independent contractor and furnish all equipment, personnel and materiel sufficient to provide the Services expeditiously and efficiently, during as many hours per shift and shifts per week, and at such locations as UC may so require. Supplier will devote only its best-qualified personnel to work under the Agreement. Should UC inform Supplier that anyone providing the Services is not working to this standard, Supplier will immediately remove such personnel from providing Services and he or she will not again, without UC's written permission, be assigned to provide Services. At no time will Supplier or Supplier's employees, sub-suppliers, agents, or assigns be considered employees of UC for any purpose, including but not limited to workers' compensation provisions.

ARTICLE 6 – WARRANTIES

In addition to the warranties set forth in Articles 11, 12, 17, 23, 24, 25 and 26 herein, Supplier makes the following warranties. Supplier acknowledges that failure to comply with any of the warranties in the Agreement will constitute a material breach of the Agreement and UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation.

A. General Warranties. Supplier agrees that the Goods and Services furnished under the Agreement will be covered by the most favorable warranties Supplier gives to any customer for the same or substantially similar goods or services, or such other more favorable warranties as specified in the Agreement. The rights and remedies so provided are in addition to and do not limit any rights afforded to UC by any other article of the Agreement.

B. Permits and Licenses. Supplier agrees to procure all necessary permits or licenses and abide by all applicable laws, regulations and ordinances of the United States and of the state, territory and political subdivision or any other country in which the Goods and/or Services are provided.

C. Federal and State Water and Air Pollution Laws. Where applicable, Supplier warrants that it complies with the requirements in UC Business and Finance Bulletin BUS-56 (Materiel Management; Purchases from Entities Violating State or Federal Water or Air Pollution Laws). Consistent with California Government Code 4477, these requirements do not permit UC to contract with entities in violation of Federal or State water or air pollution laws.

D. Accessibility Requirements. Supplier warrants that:
   1. It complies with California and federal disabilities laws and regulations; and
   2. The Goods and Services will conform to the accessibility requirements of WCAG 2.0AA.

   Supplier agrees to promptly respond to and resolve any complaint regarding accessibility of its Goods and/or Services.

E. Warranty of Quiet Enjoyment. Supplier warrants that Supplier has the right to use all intellectual property that will be needed to provide the Goods and/or Services.

F. California Child Abuse and Neglect Reporting Act ("CANRA"). Where applicable, Supplier warrants that it complies with CANRA.

G. Debarment and Suspension. Supplier warrants that it is not presently debarred, suspended, proposed for debarment, or declared ineligible for award of federal contracts or participation in federal assistance programs or activities.

H. UC Code of Conduct for Trademark Licensees. If the Goods will bear UC's name (including UC campus names, abbreviations of these names, UC logos, UC mascots, or UC seals) or other trademarks owned by UC, Supplier warrants that it holds a valid license from UC and complies with the Trademark Licensing Code of Conduct policy, available at http://policy.ucop.edu/doc/3000130/TrademarkLicensing.

I. Outsourcing (Public Contract Code section 12147) Compliance. Supplier warrants that if the Agreement will displace UC employees, no funds paid under the Agreement will be used to train workers who are located outside of the United States, or plan to relocate outside the United States as part of the Agreement. Additionally, Supplier warrants that no work will be performed under the Agreement with workers outside the United States, except as described in Supplier's bid. If Supplier or its subsupplier performs the Agreement with workers outside the United States during the life of the Agreement and Supplier did not describe such work in its bid, Supplier acknowledges and agrees that a) UC may terminate the Agreement without further obligation for noncompliance, and b) Supplier will forfeit to UC the amount UC paid for the percentage of work that was performed with workers outside the United States and not described in Supplier's bid.

ARTICLE 7 – INTELLECTUAL PROPERTY, COPYRIGHT AND PATENTS

A. Goods and/or Services Involving Work Made for Hire.
   1. Unless UC indicates that the Goods and/or Services do not involve work made for hire, Supplier acknowledges and agrees that any deliverables provided to UC by Supplier in the performance of the Agreement, and any intellectual property rights therein, (hereinafter the "Deliverables") will be owned by UC. The Deliverables will be considered "work made for hire" under U.S. copyright law and all right, title, and interest to and in such Deliverables including, but not limited to, any and all copyrights or trademarks, will be owned by UC. In the event that it is determined that UC is not the owner of such Deliverables under the

"work made for hire" doctrine of U.S. copyright law, Supplier hereby irrevocably assigns to UC all right, title, and interest to and in such Deliverables and any copyrights or trademarks thereto.

2. The Deliverables must be new and original. Supplier must not use any pre-existing copyrightable or trademarked images, writings, or other proprietary materials (hereinafter "Pre-Existing Materials") in the Deliverables without UC's prior written permission. In the event that Supplier uses any Pre-Existing Materials in the Deliverables in which Supplier has an ownership interest, UC is hereby granted, and will have, a non-exclusive, royalty-free, irrevocable, perpetual, paid-up, worldwide license (with the right to sublicense) to make, have made, copy, modify, make derivative works of, use, perform, display publicly, sell, and otherwise distribute such Pre-Existing Materials in connection with the Deliverables.
3. Whenever any invention or discovery is made or conceived by Supplier in the course of or in connection with the Agreement, Supplier will promptly furnish UC with complete information with respect thereto and UC will have the sole power to determine whether and where a patent application will be filed and to determine the disposition of title to and all rights under any application or patent that may result.
4. Supplier is specifically subject to an obligation to, and hereby does, assign all right, title and interest in any such intellectual property rights to UC as well as all right, title and interest in tangible research products embodying any such inventions whether the inventions are patentable or not. Supplier agrees to promptly execute any additional documents or forms that UC may require in order to effectuate such assignment.

B. Goods and/or Services Not Involving Work Made for Hire.

1. If the Goods and/or Services do not involve work made for hire, and in the event that Supplier uses any Pre-Existing Materials in the Deliverables in which Supplier has an ownership interest, UC is hereby granted, and will have, a non-exclusive, royalty-free, irrevocable, perpetual, paid-up, worldwide license (with the right to sublicense) to make, have made, copy, modify, make derivative works of, use, perform, display publicly, sell, and otherwise distribute such Pre-Existing Materials in connection with the Deliverables.
2. The Deliverables must be new and original. Supplier must not use any Pre-Existing Materials in the Deliverables without UC's prior written permission.
3. Whenever any invention or discovery is made or conceived by Supplier in the course of or in connection with the Agreement, Supplier will promptly furnish UC complete information with respect thereto and UC will have the sole power to determine whether and where a patent application will be filed and to determine the disposition of title to and all rights under any application or patent that may result.
4. Supplier is specifically subject to an obligation to, and hereby does, assign all right, title and interest in any such intellectual property rights to UC as well as all right, title and interest in tangible research products embodying any such inventions whether the inventions are patentable or not. Supplier agrees to promptly execute any additional documents or forms that UC may require in order to effectuate such assignment.

C. General. Should the Goods and/or Services become, or in Supplier's opinion be likely to become, the subject of a claim of infringement of any patent, copyright, trademark, trade name, trade secret, or other proprietary or contractual right of any third party, Supplier will provide written notice to UC of the circumstances giving rise to such claim or likely claim. In the event that UC receives notice of a claim of infringement or is made a party to or is threatened with being made a party to any claim of infringement related to the Goods and/or Services, UC will provide Supplier with notice of such claim or threat. Following receipt of such notice, Supplier will either (at Supplier's sole election) (i) procure for UC the right to continue to use the affected portion of the Goods and/or Services, or (ii) replace or otherwise modify the affected portion of the Goods and/or Services to make them non-infringing, or obtain a reasonable substitute product for the affected portion of the Goods and/or Services, provided that any replacement, modification or substitution under this paragraph does not effect a material change in the Goods' and/or Services' functionality. If none of the foregoing options is reasonably acceptable to UC, UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation.

ARTICLE 8 – INDEMNITY

Supplier will defend, indemnify, and hold harmless UC, its officers, employees, and agents, from and against all losses, expenses (including, without limitation, reasonable attorneys' fees and costs), damages, and liabilities of any kind resulting from or arising out of the Agreement, including the performance hereunder of Supplier, its officers, employees, agents, sub-suppliers, or anyone directly or indirectly employed by Supplier, or any person or persons under Supplier's direction and control, provided such losses, expenses, damages and liabilities are due or claimed to be due to the acts or omissions of Supplier, its officers, employees, agents, sub-suppliers, or anyone directly or indirectly employed by Supplier, or any person or persons under Supplier's direction and control. UC agrees to provide Supplier with prompt notice of any such claim or action and to permit Supplier to defend any claim or action, and that UC will cooperate fully in such defense. UC retains the right to participate in the defense against any such claim or action, and the right to consent to any settlement, which consent will not unreasonably be withheld.

ARTICLE 9 – INSURANCE

Supplier, at its sole cost and expense, will insure its activities in connection with providing the Goods and/or Services and obtain, keep in force, and maintain the following insurance with the minimum limits set forth below, unless UC specifies otherwise:

A. Commercial Form General Liability Insurance (contractual liability included) with limits as follows:
   1. Each Occurrence $ 1,000,000
   2. Products/Completed Operations Aggregate $ 2,000,000
   3. Personal and Advertising Injury $ 1,000,000
   4. General Aggregate $ 2,000,000

B. Business Automobile Liability Insurance for owned, scheduled, non-owned, or hired automobiles with a combined single limit of not less than one million dollars ($1,000,000) per occurrence. (Required only if Supplier drives on UC premises or transports UC employees, officers, invitees, or agents in the course of supplying the Goods and/or Services to UC.)

C. If applicable, Professional Liability Insurance with a limit of two million dollars ($2,000,000) per occurrence with an aggregate of not less than two million dollars ($2,000,000). If this insurance is written on a claims-made form, it will continue for three years following termination of the Agreement. The insurance will have a retroactive date of placement prior to or coinciding with the effective date of the Agreement.

D. Workers' Compensation as required by applicable state law and Employer's Liability with limits of one million dollars ($1,000,000) per occurrence.

E. If applicable, Supplier Fidelity Bond or Crime coverage for the dishonest acts of its employees in a minimum amount of one million dollars ($1,000,000). Supplier will endorse such policy to include a "Regents of the University of California Coverage" or "Joint Payee Coverage" endorsement. UC and, if so requested, UC's officers, employees, agents and sub-suppliers will be named as "Loss Payee, as Their Interest May Appear" in such Fidelity Bond.

F. Additional other insurance in such amounts as may be reasonably required by UC against other insurable risks relating to performance. If the above insurance is written on a claims-made form, it will continue for three years following termination of the Agreement. The insurance will have a retroactive date of placement prior to or coinciding with the effective date of the Agreement. If the above insurance coverage is modified, changed or cancelled, Supplier will provide UC with not less than fifteen (15) days' advance written notice of such modification, change, or cancellation, and will promptly obtain replacement coverage that complies with this Article.

G. The coverages referred to under A and B of this Article must include UC as an additional insured. It is understood that the coverage and limits referred to under A, B and C of this Article will not in any way limit Supplier's liability. Supplier will furnish UC with certificates of insurance (and the relevant endorsement pages) evidencing compliance with all requirements prior to commencing work under the Agreement. Such certificates will:
   1. Indicate that The Regents of the University of California has been endorsed as an additional insured for the coverage referred to under A and B of this Article. This provision will only apply in proportion to and to the extent of the negligent acts or omissions of Supplier, its officers, agents, or employees.
   2. Include a provision that the coverage will be primary and will not participate with or be excess over any valid and collectible insurance or program of self-insurance carried or maintained by UC.

ARTICLE 10 – USE OF UC NAME AND TRADEMARKS

Supplier will not use the UC name, abbreviation of the UC name, trade names and/or trademarks (i.e., logos and seals) or any derivation thereof, in any form or manner in advertisements, reports, or other information released to the public, or place the UC name, abbreviations, trade names and/or trademarks or any derivation thereof on any consumer goods, products, or services for sale or distribution to the public, without UC's prior written approval. Supplier agrees to comply at all times with California Education Code Section 92000.

ARTICLE 11 – FEDERAL ACQUISITION REGULATIONS – COMMERCIAL GOODS AND SERVICES

Supplier who supplies commercial Goods and/or Services certifies and represents its compliance with the following clauses, as applicable. Supplier shall promptly notify UC of any change of status with regard to these certifications and representations. These certifications and representations are material statements upon which UC will rely:

A. FAR 52.203-13, Contractor Code of Business Ethics and Conduct;
B. FAR 52.219-8, Utilization of Small Business Concerns;
C. FAR 52.222-4, Contract Work Hours and Safety Standards Act;
D. FAR 52.222-17, Nondisplacement of Qualified Workers;

E. FAR 52.222-21, Prohibition of Segregated Facilities;
F. FAR 52.222-26, Equal Opportunity;
G. FAR 52.222-35, Equal Opportunity for Veterans;
H. FAR 52.222-36, Equal Opportunity for Workers with Disabilities;
I. FAR 52.222-37, Employment Reports on Veterans;
J. FAR 52.222-40, Notification of Employee Rights Under the National Labor Relations Act;
K. FAR 52.222-41, Service Contract Labor Standards;
L. FAR 52.222-50, Combating Trafficking in Persons;
M. FAR 52.222-51, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment - Requirements;
N. FAR 52.222-53, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services - Requirements;
O. FAR 52.222-54, Employment Eligibility Verification;
P. FAR 52.222-55, Minimum Wages Under Executive Order 13658;
Q. FAR 52.226-6, Promoting Excess Food Donation to Nonprofit Organizations; and
R. FAR 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels.

In these provisions, the term "contractor" as used therein will refer to Supplier, and the terms “Government” or “Contracting Officer” as used therein will refer to UC. Where a purchase of items is for fulfillment of a specific U.S. Government prime or subcontract, additional information and/or terms and conditions may be included in an attached supplement. By submitting an invoice to UC, Supplier is representing to UC that, at the time of submission:

1. Neither Supplier nor its principals are presently debarred, suspended, or proposed for debarment by the U.S. government (see FAR 52.209-6);
2. Supplier has filed all compliance reports required by the Equal Opportunity clause (see FAR 52.222-22); and
3. Any Supplier representations to UC about U.S. Small Business Administration or state and local classifications, including but not limited to size standards, ownership, and control, are accurate and complete.

ARTICLE 12 – EQUAL OPPORTUNITY AFFIRMATIVE ACTION

Supplier will abide by the requirements set forth in Executive Orders 11246 and 11375. Where applicable, Supplier will abide by 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a), incorporated by reference with this statement: **“This contractor and subcontractor shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability.”** With respect to activities occurring in the State of California, Supplier agrees to adhere to the California Fair Employment and Housing Act. Supplier will provide UC on request a breakdown of its labor force by groups as specified by UC, and will discuss with UC its policies and practices relating to its affirmative action programs. Supplier will not maintain or provide facilities for employees at any establishment under its control that are segregated on a basis prohibited by federal law. Separate or single-user restrooms and necessary dressing or sleeping areas must be provided, however, to ensure privacy.

ARTICLE 13 – LIENS

Supplier agrees that upon UC’s request, Supplier will submit a sworn statement setting forth the work performed or material furnished by sub-suppliers and material men, and the amount due and to become due to each, and that before the final payment called for under the Agreement, will upon UC’s request submit to UC a complete set of vouchers showing what payments have been made for such work performed or material furnished. Supplier will promptly notify UC in writing, of any claims, demands, causes of action, liens or suits brought to its attention that arise out of the Agreement. UC will not make final payment until Supplier, if required, delivers to UC a complete release of all liens arising out of the Agreement, or receipts in full in lieu thereof, as UC may require, and if required in either case, an affidavit that as far as it has knowledge or information, the receipts include all the labor and materials for which a lien could be filed; but Supplier may, if any sub-supplier refuses to furnish a release or receipt in full, furnish a bond satisfactory to UC to indemnify it against any claim by lien or otherwise. If any lien or claim remains unsatisfied after all payments are made, Supplier will refund to UC all monies that UC may be compelled to pay in discharging such lien or claim, including all costs and reasonable attorneys' fees.

ARTICLE 14 – PREMISES WHERE SERVICES ARE PROVIDED

A. Cleaning Up. Supplier will at all times keep UC premises where the Services are performed and adjoining premises free from accumulations of waste material or rubbish caused by its employees or work of any of its sub-suppliers, and, at the completion of the Services; will remove all rubbish from and about the premises and all its tools, scaffolding, and surplus materials, and will leave the premises "broom clean" or its equivalent, unless more exactly specified. In case of dispute between Supplier and its sub-suppliers as to responsibility for the removal of the rubbish, or if it is not promptly removed, UC may remove the rubbish and charge the cost to Supplier.

B. Environmental, Safety, Health and Fire Protection. Supplier will take all reasonable precautions in providing the Goods and Services to protect the health and safety of UC employees and members of the public and to minimize danger from all hazards to life and property, and will comply with all applicable environmental protection, health, safety, and fire protection regulations and requirements (including reporting requirements). In the event that Supplier fails to comply with such regulations and requirements, UC may, without prejudice to any other legal or contractual rights of UC, issue an order stopping all or any part of the provision of the Goods and/or Services; thereafter a start order for resumption of providing the Goods and/or Services may be issued at UC's discretion. Supplier will not be entitled to make a claim for extension of time or for compensation or damages by reason of or in connection with such stoppage. Supplier will have sole responsibility for the safety of all persons employed by Supplier and its sub-suppliers on UC premises, or any other person who enters upon UC premises for reasons relating to the Agreement. Supplier will at all times maintain good order among its employees and all other persons who come onto UC's premises at Supplier's request and will not engage any unfit or unskilled person to provide the Goods and/or Services. Supplier will confine its employees and all other persons who come onto UC's premises at Supplier's request or for reasons relating to the Agreement and its equipment to that portion of UC's premises where the Services are to be provided or to roads leading to and from such work sites, and to any other area which UC may permit Supplier to use. Supplier will take all reasonable measures and precautions at all times to prevent injuries to or the death of any of its employees or any other person who enters upon UC premises at Supplier's request. Such measures and precautions will include, but will not be limited to, all safeguards and warnings necessary to protect workers and others against any conditions on the premises that could be dangerous and to prevent accidents of any kind whenever the Goods and/or Services are being provided in proximity to any moving or operating machinery, equipment or facilities, whether such machinery, equipment or facilities are the property of or are being operated by, Supplier, its sub-suppliers, UC or other persons. To the extent compliance is required, Supplier will comply with all relevant UC safety rules and regulations when on UC premises.

C. Tobacco-free Campus. UC is a tobacco-free institution. Use of cigarettes, cigars, oral tobacco, electronic cigarettes and all other tobacco products is prohibited on all UC owned or leased sites.

ARTICLE 15 – LIABILITY FOR UC - FURNISHED PROPERTY

Supplier assumes complete liability for any materials UC furnishes to Supplier in connection with the Agreement and Supplier agrees to pay for any UC materials Supplier damages or otherwise is not able to account for to UC's satisfaction. UC furnishing to Supplier any materials in connection with the Agreement will not, unless otherwise expressly provided in writing by UC, be construed to vest title thereto in Supplier.

ARTICLE 16 – COOPERATION

Supplier and its sub-suppliers, if any, will cooperate with UC and other suppliers and will so provide the Goods and/or Services that other cooperating suppliers will not be hindered, delayed or interfered with in the progress of their work, and so that all of such work will be a finished and complete job of its kind.

ARTICLE 17 – ADDITIONAL TERMS APPLICABLE TO THE FURNISHING OF GOODS

The terms in this Article have special application to the furnishing of Goods:

A. Price Decreases. Supplier agrees immediately to notify UC of any price decreases from its suppliers, and to pass through to UC any price decreases.

B. Declared Valuation of Shipments. Except as otherwise provided in the Agreement, all shipments by Supplier under the Agreement for UC's account will be made at the maximum declared value applicable to the lowest transportation rate or classification and the bill of lading will so note.

C. Title. Title to the Goods purchased under the Agreement will pass directly from Supplier to UC at the f.o.b. point shown, or as otherwise specified in the Agreement, subject to UC's right to reject upon inspection.

D. Changes. Notwithstanding the terms in Article 34, Amendments, UC may make changes within the general scope of the Agreement in drawings and specifications for specially manufactured Goods, place of delivery, method of shipment or packing of the Goods by

giving notice to Supplier and subsequently confirming such changes in writing. If such changes affect the cost of or the time required for performance of the Agreement, UC and Supplier will agree upon an equitable adjustment in the price and/or delivery terms. Supplier may not make changes without UC's written approval. Any claim of Supplier for an adjustment under the Agreement must be made in writing within thirty (30) days from the date Supplier receives notice of such change unless UC waives this condition in writing. Nothing in the Agreement will excuse Supplier from proceeding with performance of the Agreement as changed hereunder. Supplier may not alter or misbrand, within the meaning of the applicable Federal and State laws, the Goods furnished.

E. Forced, Convict and Indentured Labor. Supplier warrants that no foreign-made Goods furnished to UC pursuant to the Agreement will be produced in whole or in part by forced labor, convict labor, or indentured labor under penal sanction. If UC determines that Supplier knew or should have known that it was breaching this warranty, UC may, in addition to terminating the Agreement, remove Supplier from consideration for UC contracts for a period not to exceed one year. This warranty is in addition to any applicable warranties in Articles 6 and 11.

F. Export Control. If any of the Goods is export-controlled under the International Traffic in Arms Regulations (22 CFR §§ 120-130), the United States Munitions List (22 CFR § 121.1), or Export Administration Regulations (15 CFR §§ 730-774) 500 or 600 series, or controlled on a military strategic goods list, Supplier agrees to provide UC (the contact listed on the Purchase Order) with written notification that identifies the export-controlled Goods and such Goods' export classification.

ARTICLE 18 – CONFLICT OF INTEREST

Supplier affirms that, to the best of Supplier's knowledge, no UC employee who has participated in UC's decision-making concerning the Agreement has an "economic interest" in the Agreement or Supplier. A UC employee's "economic interest" means:

A. An investment worth $2,000 or more in Supplier or its affiliate;
B. A position as director, officer, partner, trustee, employee or manager of Supplier or its affiliate;
C. Receipt during the past 12 months of $500 in income or $440 in gifts from Supplier or its affiliate; or
D. A personal financial benefit from the Agreement in the amount of $250 or more.

In the event of a change in these economic interests, Supplier will provide written notice to UC within thirty (30) days after such change, noting such changes. Supplier will not be in a reporting relationship to a UC employee who is a near relative, nor will a near relative be in a decision making position with respect to Supplier.

ARTICLE 19 – AUDIT REQUIREMENTS

The Agreement is subject to the examination and audit of the California State Auditor or Comptroller General of the United States or designated Federal authority for a period of up to five (5) years after final payment under the Agreement. UC, and if the underlying grant or cooperative agreement so provides, the other contracting Party or grantor (and if that be the United States or an instrumentality thereof, then the Comptroller General of the United States) will have access to and the right to examine Supplier's pertinent books, documents, papers, and records involving transactions and work related to the Agreement until the expiration of five (5) years after final payment under the Agreement. The examination and audit will be confined to those matters connected with the performance of the Agreement, including the costs of administering the Agreement.

ARTICLE 20 – PROHIBITION ON UNAUTHORIZED USE OR DISCLOSURE OF CONFIDENTIAL INFORMATION

Supplier agrees to hold UC's Confidential Information, and any information derived therefrom, in strict confidence. Confidential Information shall be defined as any information disclosed by UC to Supplier for the purposes of providing the Good and/or Services which is (i) marked as "Confidential" at the time of disclosure; (ii) disclosed orally, identified at the time of such oral disclosure as confidential, and reduced to writing as "Confidential" within thirty (30) days of such oral disclosure; and (iii) if not marked as "Confidential," information that would be considered by a reasonable person in the relevant field to be confidential given its content and the circumstances of its disclosure. Confidential Information will not include information that: (i) Supplier can demonstrate by written records was known to Supplier prior to the effective date of the Agreement; (ii) is currently in, or in the future enters, the public domain other than through a breach of the Agreement or through other acts or omissions of Supplier; (iii) is obtained lawfully from a third party; or (iv) is disclosed under the California Public Records Act or legal process. Supplier will not access, use or disclose Confidential Information other than to carry out the purposes for which UC disclosed the Confidential Information to Supplier, except as permitted or required by applicable law, or as otherwise authorized in writing by UC. For avoidance of doubt, this provision prohibits Supplier from using for its own benefit Confidential Information and any information derived therefrom. If required by a court of competent jurisdiction or an administrative body to disclose Confidential Information, Supplier will notify UC in writing immediately upon receiving notice of such requirement and prior to any such disclosure (unless Supplier is prohibited by law from doing so), to give UC an opportunity to

oppose or otherwise respond to such disclosure. Supplier's transmission, transportation or storage of Confidential Information outside the United States, or access of Confidential Information from outside the United States, is prohibited except with prior written authorization by UC. UC's Appendix – Data Security and Privacy and/or Appendix – HIPAA Business Associate will control in the event that one or both appendices is incorporated into the Agreement and conflicts with the provisions of this Article.

ARTICLE 21 – UC WHISTLEBLOWER POLICY

UC is committed to conducting its affairs in compliance with the law, and has established a process for reporting and investigating suspected improper governmental activities. Please visit http://www.ucop.edu/uc-whistleblower/ for more information.

ARTICLE 22 – ENVIRONMENTALLY PREFERABLE PRODUCTS

Supplier will use environmentally preferable products and services (i.e., products and services with a lesser or reduced effect on human health and the environment), to the maximum possible extent consistent with the Agreement. Information on environmentally preferable products and services is available at: http://www.epa.gov/opptintr/epp/.

ARTICLE 23 – PATIENT PROTECTION AND AFFORDABLE CARE ACT (PPACA) EMPLOYER SHARED RESPONSIBILITY

If the Services involve Supplier furnishing UC with temporary or supplementary staffing, Supplier warrants that:

A. If Supplier is an Applicable Large Employer (as defined under Treasury Regulation Section 54.4980H-1(a)(4)):
   1. Supplier offers health coverage to its full-time employees who are performing Services for UC;
   2. Supplier's cost of enrolling such employees in Supplier's health plan is factored into the fees for the Services; and
   3. The fees for the Services are higher than what the Services would cost if Supplier did not offer health coverage to such full-time employees.

B. If Supplier is not an Applicable Large Employer (as defined above):
   1. Supplier offers group health coverage to its full-time employees who are performing Services for UC and such coverage is considered Minimum Essential Coverage (as defined under Treasury Regulation Section 1-5000A-2) and is Affordable (as defined under Treasury Regulation Section 54.4980H-5(e)); or
   2. Supplier's full-time employees who are performing services for UC have individual coverage and such coverage satisfies the PPACA requirements for mandated individual coverage.

Supplier acknowledges that UC is relying on these warranties to ensure UC's compliance with the PPACA Employer Shared Responsibility provision.

ARTICLE 24 - PREVAILING WAGES

Unless UC notifies Supplier that the Services are not subject to prevailing wage requirements, Supplier will comply, and will ensure that all sub-suppliers comply, with California prevailing wage provisions, including but not limited to those set forth in Labor Code sections 1770, 1771, 1771.1, 1772, 1773, 1773.1, 1774, 1775, 1776, 1777.5, and 1777.6. For purposes of the Agreement, the term "sub-supplier" means a person or firm, of all tiers, that has a contract with Supplier or with a sub-supplier to provide a portion of the Services. The term sub-supplier will not include suppliers, manufacturers, or distributors. Specifically, and not by way of limitation, if apprenticable occupations are involved in providing the Services, Supplier will be responsible for ensuring that Supplier and any sub-suppliers comply with Labor Code Section 1777.5. Supplier and sub-supplier may not provide the Services unless currently registered and qualified to perform public work pursuant to Labor Code Section 1725.5 and 1771.1. Notwithstanding the foregoing provisions, Supplier will be solely responsible for tracking and ensuring proper payment of prevailing wages regardless if Services are partially or wholly subject to prevailing wage requirements. In every instance, Supplier will pay not less than the UC Fair Wage (defined as $13 per hour as of 10/1/15, $14 per hour as of 10/1/16, and $15 per hour as of 10/1/17) for Services being performed at a UC Location (defined as any location owned or leased by UC).

The California Department of Industrial Relations (DIR) has ascertained the general prevailing per diem wage rates in the locality in which the Services are to be provided for each craft, classification, or type of worker required to provide the Services. A copy of the general prevailing per diem wage rates will be on file at each UC Location's procurement office, and will be made available to any interested party upon request. Supplier will post at any job site:

A. Notice of the general prevailing per diem wage rates, and
B. Any other notices required by DIR rule or regulation.

By this reference, such notices are made part of the Agreement. Supplier will pay not less than the prevailing wage rates, as specified in the schedule and any amendments thereto, to all workers employed by Supplier in providing the Services. Supplier will cause all subcontracts to include the provision that all sub-suppliers will pay not less than the prevailing rates to all workers employed by such sub-suppliers in providing the Services. The Services are subject to compliance monitoring and enforcement by the DIR. Supplier will forfeit, as a penalty, not more than $200 for each calendar day or portion thereof for each worker that is paid less than the prevailing rates as determined by the DIR for the work or craft in which the worker is employed for any portion of the Services provided by Supplier or any sub-supplier. The amount of this penalty will be determined pursuant to applicable law. Such forfeiture amounts may be deducted from the amounts due under the Agreement. If there are insufficient funds remaining in the amounts due under the Agreement, Supplier will be liable for any outstanding amount remaining due. Supplier will also pay to any worker who was paid less than the prevailing wage rate for the work or craft for which the worker was employed for any portion of the Services, for each day, or portion thereof, for which the worker was paid less than the specified prevailing per diem wage rate, an amount equal to the difference between the specified prevailing per diem wage rate and the amount which was paid to the worker. Review of any civil wage and penalty assessment will be made pursuant to California Labor Code section 1742.

ARTICLE 25 – FAIR WAGE/FAIR WORK

If the Services will be performed at one or more UC Locations, do not solely involve furnishing Goods, and are not subject to extramural awards containing sponsor-mandated terms and conditions, Supplier warrants that it is in compliance with applicable federal, state and local working conditions requirements, including but not limited to those set forth in Articles 11, 12 and 14 herein, and that Supplier pays its employees performing the Services no less than the UC Fair Wage. Supplier agrees UC may conduct such UC Fair Wage/Fair Work interim compliance audits as UC reasonably requests, as determined in UC's sole discretion. Supplier agrees to post UC Fair Wage/Fair Work notices, in the form supplied by UC, in public areas (such as break rooms and lunch rooms) frequented by Supplier employees who perform Services.

For Services that exceed $100,000 annually and are not subject to prevailing wage requirements, Supplier will, a) at Supplier's expense, provide an annual independent audit performed by Supplier's independent auditor or independent internal audit department (http://na.theiia.org/standards-guidance/topics/Pages/Independence-and-Objectivity.aspx) in compliance with UC's required audit standards and procedures (http://www.ucop.edu/procurement-services/_files/fw-fw-annual-audit-standards-procedures.pdf), concerning Supplier's compliance with this provision, and b) ensure that in the case of a UC interim audit, its auditor makes available to UC its UC Fair Wage/Fair Work work papers for the most recently audited time period. Supplier agrees to provide UC with a UC Fair Wage/Fair Work certification annually, in a form acceptable to UC, no later than ninety days after each one year anniversary of the agreement's effective date, for the twelve months immediately preceding the anniversary date.

ARTICLE 26 – MEDICAL DEVICES

This Article applies when the Goods and/or Services involve UC purchasing or leasing one or more medical devices from Supplier, or when Supplier uses one or more medical devices in providing Goods and/or Services to UC.

Medical Device as used herein will have the meaning provided by the U.S. Food and Drug Administration ("FDA") and means an instrument, apparatus, implement, machine, contrivance, implant, in vitro reagent, or other similar or related article, including a component part, or accessory which is: (i) recognized in the official National Formulary, or the United States Pharmacopoeia, or any supplement to them; (ii) intended for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment, or prevention of disease, in man or other animals, or (iii) intended to affect the structure or any function of the body of man or other animals, and which does not achieve any of its primary intended purposes through chemical action within or on the body of man or other animals and which is not dependent upon being metabolized for the achievement of any of its primary intended purposes.

Supplier warrants that prior to UC's purchase or lease of any Goods and/or Services or Supplier's use of any product in providing Goods and/or Services hereunder, Supplier will: (i) perform security testing and validation for each such Goods and/or Services or product, as applicable; (ii) perform a security scan by an anti-virus scanner, with up-to-date signatures, on any software embedded within any Goods and/or Services or products, as applicable, in order to verify that the software does not contain any known viruses or malware; (iii) conduct a vulnerability scan encompassing all ports and fuzz testing; and (iv) provide UC with reports for (i) – (iii). Supplier warrants that all security testing performed by Supplier covers all issues noted in the "SANS WE TOP 25" and/or "OWASP Top 10" documentation.

Throughout Supplier's performance of this Agreement, Supplier will provide UC with reasonably up-to-date patches, firmware and security updates for all Goods and/or Services provided to UC, and other products used in the course of providing Services, as applicable. All such

patches and other security updates will be made available to UC within thirty (30) days of its commercial release or as otherwise recommended by Supplier or Supplier's sub-supplier, whichever is earlier.

Supplier warrants that all software and installation media not specifically required for any products used by Supplier or Goods and/or Services delivered to UC under this Agreement as well as files, scripts, messaging services and data will be removed from all such Goods or products following installation, and that all hardware ports and drives not required for use or operation of such Goods and/or Services or products will be disabled at time of installation. In addition, Medical Devices must be configured so that only Supplier-approved applications will run.

Supplier agrees that UC may take any and all actions that it, in its sole discretion, deems necessary to address, mitigate and/or rectify any real or potential security threat, and that no such action, to the extent such action does not compromise device certification, will impact, limit, reduce or negate Supplier's warranties or any of Supplier's other obligations hereunder.

Supplier warrants that all of the Goods and/or Services provided to UC, and other products used in the course of providing such Goods and/or Services, meet and comply with all cyber-security guidance and similar standards promulgated by the U.S. Food and Drug Administration and any other applicable regulatory body.

If the Goods and/or Services entail provision or use of medical devices, Supplier will provide UC with a completed Manufacturer Disclosure Statement for Medical Device Security (MDS2) form for each such medical device before UC is obligated to purchase or lease such medical device or prior to Supplier's use of such device(s) in its performance of Services. If Supplier provides MDS2 form(s) to UC concurrently with its provision of Goods and/or Services, UC will have a reasonable period of time to review such MDS2 form(s), and if the MDS2 form(s) is unacceptable to UC, then UC in its sole discretion may return the Goods or terminate the Agreement with no further obligation to Supplier.

ARTICLE 27 – FORCE MAJEURE

Neither Party will be liable for delays due to causes beyond the Party's control (including, but not restricted to, war, civil disturbances, earthquakes, fires, floods, epidemics, quarantine restrictions, freight embargoes, and unusually severe weather).

ARTICLE 28 – ASSIGNMENT AND SUBCONTRACTING

Except as to any payment due hereunder, Supplier may not assign or subcontract the Agreement without UC's written approval. In case such consent is given, the assignee or subcontractor will be subject to all of the terms of the Agreement.

ARTICLE 29 – NO THIRD-PARTY RIGHTS

Nothing in the Agreement is intended to make any person or entity that is not a signer to the Agreement a third-party beneficiary of any right created by this Agreement or by operation of law.

ARTICLE 30 – OTHER APPLICABLE LAWS

Any provision required to be included in a contract of this type by any applicable and valid federal, state or local law, ordinance, rule or regulations will be deemed to be incorporated herein.

ARTICLE 31 – NOTICES

A Party must send any notice required to be given under the Agreement by overnight delivery or by certified mail with return receipt requested, to the other Party's representative at the address specified by such Party.

ARTICLE 32 – SEVERABILITY

If a provision of the Agreement becomes, or is determined to be, illegal, invalid, or unenforceable, that will not affect the legality, validity or enforceability of any other provision of the Agreement or of any portion of the invalidated provision that remains legal, valid, or enforceable.

ARTICLE 33 – WAIVER

Waiver or non-enforcement by either Party of a provision of the Agreement will not constitute a waiver or non-enforcement of any other provision or of any subsequent breach of the same or similar provision.

ARTICLE 34 – AMENDMENTS

The Parties may make changes in the Goods and/or Services or otherwise amend the Agreement, but only by a writing signed by both Parties' authorized representatives.

ARTICLE 35 – GOVERNING LAW AND VENUE

California law will control the Agreement and any document to which it is appended. The exclusive jurisdiction and venue for any and all actions arising out of or brought under the Agreement is in a state court of competent jurisdiction, situated in the county in the State of California in which the UC Location is located or, where the procurement covers more than one UC Location, the exclusive venue is Alameda County, California.

ARTICLE 36 – SUPPLIER TERMS

Any additional terms that Supplier includes in an order form or similar document will be of no force and effect, unless UC expressly agrees in writing to such terms.

ARTICLE 37 – SURVIVAL CLAUSE

Upon expiration or termination of the Agreement, the following provisions will survive: WARRANTIES; INTELLECTUAL PROPERTY, COPYRIGHT AND PATENTS; INDEMNITY; USE OF UC NAMES AND TRADEMARKS; LIABILITY FOR UC-FURNISHED PROPERTY; COOPERATION; TERMS APPLICABLE TO THE FURNISHING OF GOODS; AUDIT REQUIREMENTS; PROHIBITION ON UNAUTHORIZED USE OR DISCLOSURE OF CONFIDENTIAL INFORMATION; GOVERNING LAW AND VENUE, and, to the extent incorporated into the Agreement, the terms of the APPENDIX–DATA SECURITY and/or APPENDIX–BUSINESS ASSOCIATES.

UNIVERSITY OF CALIFORNIA

Appendix- Electronic Commerce

This Electronic Commerce Appendix specifies the electronic commerce requirements applicable to Supplier in providing the Goods and/or Services.

SECTION 1 - GENERAL TERMS

Each UC Location offers an electronic web-based purchasing and catalog system to facilitate the purchase of Goods and/or Services from UC suppliers. UC Locations' eProcurement systems currently are provided by two suppliers. This Appendix sets forth the terms and conditions that will govern Supplier's sale of Goods and/or Services through UC's eProcurement systems.

SECTION 2 - DEFINITIONS

Catalog(s) refers to the list of detailed product information, agreement pricing, manufacturer part numbers and/or service descriptions relating to the Goods and/or Services to be offered either as a Punch-Out Catalog, a Hosted Catalog or in a combination. This may include the creation of multiple Hosted Catalogs.

eProcurement and eCommerce are used interchangeably to mean UC's electronic web-based purchasing and catalog systems. Each UC location has a branded eProcurement site.

Go Live Date means the date on which a Catalog will be active.

Hosted Catalog means a Catalog that is a properly formatted computer file supplied to all UC Locations through the Locations' respective eProcurement systems.

Order means a purchase order for Goods and/or Services placed by a User through an eProcurement system.

Order Data means all data and information relating to Orders, including, without limitation, the specifics of a given transaction.

Punch-Out Catalog means a Catalog, hosted by Supplier on Supplier's Site. Users may access this Punch-Out Catalog via an internet link provided by Supplier to UC that redirects a User from the campus eProcurement site to Supplier Site. The Punch-Out Catalog will permit: (a) Users to access the Supplier Website when a User selects the Punch-Out Catalog; (b) User to create an Order through the eProcurement sites; and (c) UC eProcurement sites to forward an Order to Supplier for confirmation and Order processing along with Order status inquiry.

Supplier Mark means Supplier's name, trade name, and/or trademarks, service mark, or any derivation thereof.

Supplier Site means an internet site operated and maintained by Supplier that has been made subject to this Appendix.

UC Mark means UC's name, trade name, and/or trademarks, service marks, or any derivation thereof.

User means an individual authorized by a UC location to use an eProcurement system.

SECTION 3 – RIGHT TO USE

UC grants to Supplier the right to sell Goods and/or Services to UC through the eProcurement systems. Supplier will be responsible for any cost of operation or dispute with regard to its interface with UC's eProcurement systems.

SECTION 4 – ESTABLISHMENT/MAINTENANCE OF CATALOG; SITE RESPONSIBILITY; LICENSE

(a) Establishment and Maintenance. The parties agree to electronically link the functionality of their respective systems, using commercially reasonable efforts. Supplier will provide its Catalog(s) to UC in a file format that will interface seamlessly with UC's eProcurement systems. These Catalog files will be in compliance with each UC Location's eProcurement system and Order Data will be transmitted according to the appropriate cXML or xCBL standards as the case may be. For Hosted Catalogs, Supplier must provide UC with updated versions of the Catalog file with, at a minimum, full descriptions and images that Supplier currently utilizes for items offered in its proprietary websites and Punch-Out Catalogs. The parties will update each other regarding eCommerce specifications as needed from time to time.

Supplier must notify UC's Contract Administrator at least three (3) weeks in advance of the proposed Go Live Date if it will be requesting additions, deletions or modifications to the Catalogs. After such advance notification, Supplier must provide UC with Catalog files containing the requested additions, deletions or modifications with no less than the lead time directed by UC's Contract Administrator; provided, however, that for all Catalogs that Supplier requests to have a January 1 Go Live Date, Supplier must submit proposed files no later than December 1. Upon UC's approval of the new Catalog file, Supplier will make the updated version of the Catalog file effective on the Go Live Date on which UC and Supplier agree. If UC rejects a Catalog more than once because it does not meet UC's acceptance criteria, the Contract Administrator will suspend Supplier's price/content change until the date of Supplier's next contracted change.

If there is a conflict between a price in a Hosted Catalog and a Punch-Out Catalog, UC will be invoiced at the lower price. If the price discrepancy is due to UC's failure to timely update a Hosted Catalog, Supplier may charge the higher price and UC will work with Supplier to rectify the problem as quickly as possible.

All Supplier-provided pricing in any Catalogs, whether Hosted or Punch-Out, will be inclusive of all shipping, handling, fees and charges of any sort, except applicable taxes.

Supplier is responsible for providing UC with Catalogs that contain accurate pricing and data in accordance with the Agreement. If UC determines there are errors in the pricing or data attributes of a Catalog, UC will notify Supplier of those errors in writing and reject the Catalog. Supplier will have no more than ten (10) business days to review and correct the errors. Supplier agrees that UC may block customized Catalogs at the SKU and/or category level.

UC's Terms and Conditions of Purchase state that the Goods and/or Services must be exactly as specified in the Agreement. For the avoidance of doubt, this means that Supplier may not, without UC's prior consent, substitute items, change SKU numbers or change the number of items in a package in any Catalog.

(b) Site Responsibility. Except as otherwise set forth herein, each party will be responsible, at its own expense, for: (i) developing, operating and maintaining its website; (ii) acquiring and maintaining its server hardware and software (or obtaining third-party hosting services) for its website; and (iii) maintaining Internet connectivity.

(c) License. Supplier hereby grants to UC, at no additional cost, a limited, non-exclusive, royalty-free right to link to and access the Supplier Site from the eProcurement sites, subject to the terms and conditions herein and solely for the purpose of permitting Users to access the Services. All Supplier Marks will remain the sole property of Supplier.

SECTION 5 – USER SUPPORT

(a) UC Duties. Each UC Location will provide its Users with initial contact and system support assistance on all functionality and use issues for eProcurement (including links to the Supplier Site). When known, UC will promptly notify Supplier of any such issues relating to the Catalog, the Supplier Site and/or other Supplier materials/systems.

(b) Supplier Duties. Supplier will provide all customer support relating to the Catalog, Supplier Goods and/or Services and Supplier Sites in a manner consistent with the customer support that Supplier provides to other customers, and at least as good as the customer support that Supplier provides to customers who are purchasing through means other than websites.

SECTION 6 – PROPRIETARY RIGHTS

UC's Terms and Conditions of Purchase contains provisions regarding the parties' rights and responsibilities with respect to intellectual property relating to the Goods and Services. Without altering those provisions, the parties additionally agree as follows. UC may require Supplier to "brand" Supplier's Punch-Out Catalog with one or more UC Marks. If UC requires Supplier to utilize one or more UC Marks on Supplier's Punch-Out Catalog, UC will provide the appropriate artwork and such artwork will be deemed to have been provided with a limited, non-exclusive, non-sublicensable right for Supplier to use it solely for the purpose of a UC-branded Punch-Out Catalog hosted by Supplier and subject to the following terms:

Supplier may not make any additional use of the UC Marks without UC's prior written approval.

Supplier's use of the UC Marks in the Punch-Out Catalog must acknowledge UC's ownership of the UC Marks. Supplier will include all notices and legends with respect to UC trademarks, trade names, or copyrights as may be required by applicable trademark and copyright laws or which may be reasonably requested by UC. Supplier agrees not to claim any title to UC Marks or any right to use UC Marks except as permitted by this Appendix. Upon termination of this Appendix or the Agreement, all rights to UC Marks conveyed by UC to Supplier will cease and Supplier will destroy or return to UC all media with UC Marks. UC specifically reserves any and all rights to UC Marks not specifically granted to Supplier.

Supplier grants to UC the right to use Supplier's trademarks, logos, trade names, and service marks for the purpose of promoting UC eProcurement sites to the UC community. UC acknowledges Supplier's right, title and interest in and to Supplier's Marks and Supplier's exclusive right to use and license the use of Supplier Marks and agrees not to claim any title to Supplier Marks or any right to use Supplier Marks except as permitted by this Addendum. UC will include all notices and legends with respect to Supplier trademarks, trade names, or copyrights as may be required by applicable trademark and copyright laws or which may be reasonably requested by Supplier. Upon termination of this Appendix, all rights to Supplier Marks conveyed by Supplier to UC will cease and UC will destroy or return to Supplier all media with Supplier Marks. Supplier specifically reserves any and all right to Supplier Marks not specifically granted to UC.

The licenses granted in the previous paragraphs regarding UC Marks and Supplier Marks are subject to the ongoing approval of the party owning the respective trademarks, logos, trade names, or copyrights. Such ongoing approval includes the ability to terminate – at any time, for any reason, and in the sole discretion of the owner of the respective trademarks, logos, trade names, or copyrights – the trademark licenses provided in the preceding paragraphs for any particular trademark, logo, trade name, or copyrighted work without necessarily terminating this Appendix. Each party agrees not to take any action that will adversely reflect upon or damage the goodwill, reputation, or the brand value of the other party. Each party further agrees not to take any action that is inconsistent with the other party's ownership of the respective trademarks, trade names, or copyrights. At all times (including following termination of the Agreement), Supplier agrees to comply with Section 92000 of California's Education Code.

(a) Grant of License. Supplier hereby grants UC a non-exclusive, royalty-free: (i) license to use, copy, transmit, and display the Catalog, any information contained therein and the Supplier Marks for the purposes of permitting Customers to access information about and order Supplier Goods and/or Services from a Catalog and (ii) if Supplier is using a Punch-Out Catalog, right to link to and access the Punch-Out Catalog on the Supplier Site, for the purposes of permitting Customers to access the Supplier Website and permitting Customers to order Supplier Goods and/or Services.

(b) Modifications. UC will not modify or remove any of the proprietary rights markings in the Catalog. UC will not modify the Catalog, except as supplied by Supplier. UC will not make any representations or warranties, or provide any information, to any third party regarding any Supplier Goods and/or Services (including, but not limited to, any representations or warranties of any information regarding availability, delivery, pricing, characteristics, qualifications or specifications thereof). If UC believes in good faith that any Supplier information does not conform to the requirements of the associated UC Agreement or this Appendix, UC will be entitled to withdraw the Catalog from UC eProcurement sites. In such a case, UC will promptly notify the Supplier of the actions it has taken and will work with the Supplier promptly to resolve UC's concerns. When UC's concerns are satisfactorily resolved, UC will promptly restore the Catalog, if appropriate. UC will have no liability to the Supplier or anyone else for exercising these rights.

(c) Acknowledgment. Each party acknowledges that the technology embodied in the other party's Site may be based on patented or patentable inventions, trade secrets, copyrights or other intellectual property or proprietary rights ("Intellectual Property Rights") owned by the other party and its applicable licensors.

(d) UC Rights. As between the parties, UC will be the sole owner of – or, with respect to any items licensed by UC, will retain all rights to – UC eProcurement sites and all Intellectual Property Rights associated with UC eProcurement sites, including any modifications, updates, enhancements or upgrades to any of the foregoing, as well as any Order Data generated or collected on such Site (collectively, the "UC Materials"). Except as provided herein, Supplier may not copy or use in any way, in whole or in part, any UC Materials without UC's prior written approval. Any permitted copies of such property, in whole or in part, alone or as part of a derivative work, will remain UC's sole property. Supplier agrees to reproduce and include UC's copyright, trademark and other proprietary rights notices on any permitted copies of UC Materials including, without limitation, partial copies and copied materials in derivative works. Supplier will not copy or reproduce any third-party copyrighted or trademarked materials, which appear on or are otherwise associated with any UC eProcurement site without UC's prior written consent.

SECTION 7 – MULTIPLE SUPPLIERS

Supplier acknowledges that all UC eProcurement sites are intended to facilitate Users' ability to obtain Goods and/or Services from more than one supplier. Nothing in this Appendix will be construed to prevent UC from entering into similar agreements with any third parties including, without limitation, suppliers that may be in competition with Supplier.

SECTION 8 – WARRANTY DISCLAIMER

UC does not warrant that access to UC eProcurement sites will be uninterrupted or that the results obtained by use of UC eProcurement sites will be error-free.

SECTION 9 – DISPUTES AND CHANGES IN THE SERVICES

(a) UC and Supplier agree to negotiate in good faith to resolve problems, questions and disputes.

(b) Where improvements and clarifications can be made in the business processes related to eProcurement, both parties agree to incorporate such changes as long as they are mutually agreed upon.

SECTION 10 – ADDITIONAL CONTRACTUAL TERMS [Optional Section]

[Buyer: select from the following alternatives]

In addition to the provisions of Section 4, these provisions will govern the Catalogs. If the provisions of Sections 4 and 10 conflict, this Section will govern; provided, however, that regardless of the provisions of this Section,

Supplier must provide UC with Catalog files containing the requested additions, deletions or modifications with no less than the lead time directed by UC's Contract Administrator and that for all Catalogs that Supplier requests to have a January 1 Go Live Date, Supplier must submit proposed files no later than December 1.

Annual Number of Catalogs: Supplier is allowed to submit no more than [**number**] catalogs per calendar year, with changes as follows:

- Content Additions, Deletions and Other Non-pricing Edits: [**insert number of times Supplier can change its content; quarterly or biannually would be recommended**]
- Price Changes: [**insert number of times Supplier can change its price; once per year would be recommended**]

Maximum Number of SKUs: [**insert number**]

Acceptable Categories within Catalog: [**list categories**]

Sample Calendar of Changes: [**adapt as needed; this version assumes one pricing change per year and three content changes per year**]

UC's Fiscal Quarter	Calendar Quarter	Month	New Pricing	Content Updates
FQ3	Q1	January		
		February		2/15 File Submission
		March		3/1 Go Live
FQ4	Q2	April		
		May		5/15 File Submission

REQUEST FOR PROPOSAL FOR MAINTENANCE REPAIR AND OPERATION SUPPLIES, AND RELATED PRODUCTS AND SERVICES (National IPA)

1.0 INTRODUCTION, BACKGROUND AND INTENT:

1.1 MASTER AGREEMENT

University of California Office of the President (UCOP) (herein "Principal Procurement Agency" on behalf of itself, California State University (CSU), California Community Colleges (CCC) represented by Foundation for California Community Colleges (FCCC) and all states, local governments, school districts, and higher education institutions in the United States of America, and other government agencies and nonprofit organizations (herein "Participating Public Agencies") is soliciting proposals from qualified Suppliers to enter into a Master Agreement for a complete line of **Maintenance, Repair and Operating (MRO) Supplies & Related Products and Services** (herein "Products and Services"). Moving forward, all three organizations UC, CSU, CCC will be referenced as California Higher Education Strategic Sourcing (CHESS).

1.2 OBJECTIVES

A. Provide a comprehensive competitively solicited Master Agreement offering Products and Services to Participating Public Agencies.

B. Establish Master Agreement, with a Five (5) year term and two one (1) year options, as a Supplier's primary offering to Participating Public Agencies.

C. Achieve cost savings for Suppliers and Participating Public Agencies through a competitive solicitation process that eliminates the need for multiple bids or proposals.

D. Combine the volumes of CHESS and Participating Public Agencies to achieve cost effective pricing;

E. Reduce the administrative and overhead costs of Suppliers and Participating Public Agencies through state of the art ordering and delivery systems.

F. Provide Participating Public Agencies with environmentally responsible products and services.

G. Small Business and/or Diverse Solution available to comply with those campuses required to meet Participating Entity obligations. A BETA solution is outlined in Attachment M.

H. The goal of the RFP is to establish a national contract(s).If Suppliers are unable to propose a national program due to conflicts with legal obligations or coverage area, Supplier may indicate so and propose a regional or direct solution. CHESS will evaluate responses in their entirety and determine award based on the most advantageous.

1.3 GENERAL DEFINITION OF PRODUCTS AND/OR SERVICES

Suppliers are to propose the broadest possible selection of MAINTENANCE, REPAIR, OPERATIONS SUPPLIES, AND RELATED PRODUCTS AND SERVICES they offer. The intent of this solicitation is to provide Participating Public Agencies with a comprehensive offering of products and services to meet their various needs. Therefore,

the Proposers should have demonstrated experience in providing the Products and Services as defined in this RFP, including but not limited to:

1.3.1 **Maintenance, Repair, Operations (MRO) Supplies and Related Services** – A complete and comprehensive offering of MRO supplies such as but not limited to appliances, material handling repairs, air filters, batteries, electrical, fasteners, hand tools, HVAC, lighting, lamps, ballast, fixtures, material handling repairs, motors, outdoor equipment, paint and equipment supplies, plumbing, pneumatic tools, power tools and accessories, safety, security, welding and soldering, public safety and any other miscellaneous MRO supplies offered by Supplier. Also include sourcing options for items not readily available.

1.3.2 **Related Products and Services–** A complete range of related products and services offered by Supplier including, but not limited to, supplier-managed inventory, vending machines, storehouse analytics, inventory management, safety training, and any other related services.

1.4 National Contract Requirements

University of California (UC), as the Principal Procurement Agency, as defined in Attachment C, has partnered with the National Intergovernmental Purchasing Alliance Company ("National IPA") to make the resultant contract (also known as the "Master Agreement" in materials distributed by National IPA) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through National IPA's cooperative purchasing program. University of California (UC) is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with National IPA as a Participating Public Agency in National IPA's cooperative purchasing program. Attachment C contains additional information on National IPA and the cooperative purchasing agreement.

National IPA is a subsidiary of OMNIA Partners which provides shared services and supply chain optimization to government, education and the private sector. As a channel partner with Vizient (formally, Novation), National IPA leverages over $100 billion in annual supply spend to command the best prices on products and services. With corporate, pricing and sales commitments from the Supplier, National IPA provides marketing and administrative support for the Supplier that directly promotes the Supplier's products and services to Participating
Public Agencies though multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and competed. The Supplier benefits from a contract that allows Participating Public Agencies to directly purchase goods and services without the Supplier's need to respond to additional competitive solicitations. As such, the Supplier must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Supplier and respond to the National IPA documents (Attachment C).

The University of California (UC) anticipates spending approximately $250 million over the full potential Master Agreement term for Maintenance Repair and Operations (MRO) Supplies and Related Services. While no minimum volume is guaranteed to the Supplier, the estimated annual volume of Maintenance Repair and Operations (MRO) Supplies and Related Services purchased under the Master Agreement through National IPA is approximately $500 million. This projection is based on the current annual volumes among the University of California (UC), other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through National IPA, and volume growth into other Public Agencies through a coordinated marketing approach between the Supplier and National IPA.

1.5 **INTENT:**

The Respondent(s) shall have a strong national presence for a vast array of supplies and equipment necessary for maintenance and repair in residential, commercial and industrial environments for use by various public entities nationwide.

Responses shall be for MRO and Related Products and Services. Suppliers are not required to respond to all categories. Below are the two methods in which Supplier(s) can respond:

1.5.1 **MRO Primary Distributor**: In order to be considered, Supplier(s) needs to respond to a minimum of ***14 categories*** listed in Attachment A-1 Pricing Analysis Workbook. One of the categories **required** to complete will be in the tab called "Non–Standard". This category will be used to evaluate infrequent orders. The Non-Standard category will be evaluated on cost and sourcing capabilities.

1.5.2 **Individual Category:** Suppliers interested in only individual categories have an option to submit a response for evaluation. ***Responses for individual categories must meet a minimum of 70% of items listed*** in that category with either exact match or equivalent. Suppliers submitting for individual categories will be evaluated amongst all other equivalent category responses.

UC intends to award a contract in whole, however, UC reserves the right to award in whole or in part, by item or group of items, by section or geographic area, or make multiple awards, where such action serves UC best interest. The term of the Master Agreement will be for five (5) years with two (1) year options to extend.

2.0 SCOPE OF WORK:

2.1 MAINTENANCE REPAIR AND OPERATIONS (MRO) SUPPLIES AND RELATED SERVICES:

A complete and comprehensive offering of MRO supplies such as but not limited to appliances, material handling repairs, air filters, batteries, electrical, fasteners, hand tools, HVAC, lighting, lamps, ballast, fixtures, material handling repairs, motors, outdoor equipment, paint and equipment supplies, plumbing, pneumatic tools, power tools and accessories, safety, security, welding and soldering, public safety and any other miscellaneous MRO supplies offered by Supplier.

In addition, Supplier is to propose any related services to MRO currently being offered.

2.2 RELATED PRODUCTS AND SERVICES**:**

2.2.1 Any related products and services offered by Supplier. All details of the related products and services available by Supplier are to be provided in the question section.

2.2.2 Products used in performing these services shall be procured under the awarded contract, at contract prices.

2.3 PRODUCT CATEGORIES:

This Solicitation is to establish a nationwide purchasing agreement for the acquisition of the following products. The category descriptive examples below are not to be considered restrictive, but rather, provide a general, non-inclusive, description of the category. These are standard use in the residential, commercial environments. Your firm may not have the ability to provide all categories and can propose individual categories for evaluation. Evaluation analysis for individual categories proposed will be compared to

all other Supplier(s) responding to exact individual category.

All products offered shall be new, unused and of the latest design and technology.

The intent is for each Supplier to submit their complete product line so that Participating Public Agencies may order a wide array of product as appropriate for their needs. The categories outlined, below are some of UC primary interest. It is encouraged that Supplier(s) add/enhance to the list provided in ATTACHMENT A – PRICING to further define a complete product line from Supplier. Supplier(s) have the option to add as many categories applicable which encompass the MRO category. Primary categories used for evaluation are listed below:

2.3.1 CATEGORY 1: ADHESIVES, SEALANTS AND TAPE
Caulks, Concrete & Asphalt, Dispensing Guns, Glues & Cements, Putties, Tapes, Thread & Gasket Sealants.

2.3.2 CATEGORY 2: AIR FILTERS
HVAC filters which include but are not limited to the following types: V-Bank, Pleated, Antimicrobial, Cube Filter, HEPA Filter, Pocket Air, Cartridge, Carbon, Three Ply, and all other applicable building filters.

2.3.3 CATEGORY 3: BATTERIES
Alkaline, Lithium, Coin, and Standard batteries as an example but not limited to: AA, AAA, AAAA, C, D, 9V, 2032, 123, 223 and all other applicable.

2.3.4 CATEGORY 4: ELECTRICAL
Batteries, Circuit Breakers, Conduit, Electrical Tape, Enclosures, Fuses, Outlet Boxes, Power Cords, Pushbuttons, Raceways, Receptacles, Relays, Soldering, Solenoids, Starters, Surge Suppressors, Timers, Transformers, UPS Systems, Wire, Wire Management.

2.3.5 CATEGORY 5: FASTENERS
Anchors, Bolts, Braces & Brackets, Door Hardware, Door Locks & Deadbolts, Hooks, Hydraulic Seals, Keyless Access Locks, Keystock, Lanyards, Measuring Equipment, Nails, Nuts, O-Rings & O-Ring Kits, Pins, Retaining Rings, Rivets, Screws, Spacers & Standoffs, Springs, Staples, Thread Inserts, Washers.

2.3.6 CATEGORY 6: HAND TOOLS
Hand-held (Electric, Battery, or Pneumatic-operated), including Accessories, Automotive type Tools, Welding Equipment, Testing and Measuring Tools, Carts and Hand Trucks, Work Benches, Tool Cabinets, Ladders, and all Ancillary Supplies and Components.

2.3.7 CATEGORY 7: HVAC AND REFRIGERATION
Air Circulators & Fans, Air Cleaners, Air Conditioning, Air Filters, Blowers, Central Equipment, Dehumidifiers, Exhaust Fans, Evaporative Coolers, Heaters & Accessories, Humidifiers, HVACR Controls, Power Roof Ventilators, Refrigeration, Shutters/Dampers, Thermostats, Tubeaxial Fans.

2.3.8 CATEGORY 8: LIGHTING, LAMPS, BALLAST, FIXTURES
Ballasts, Batteries, Cord Reels, Dimming Controls, Dock Lights, Exit Signs, Fixtures, Flashlights, Hand Lamps, Jobsite Lighting, Lamps, LED Lighting, Machine Tool Lights, Recycling Kits, Track Lighting, Troffers.

2.3.9 CATEGORY 9: MATERIAL HANDELING

Cabinets, Carts & Trucks, Casters, Conveyors, Drums & Docks, Hoists/Winches & Rigging, Ladders, Mounts & Vibration Control, Packaging & Shipping, Scaffolding, Tarps.

2.3.10 CATEGORY 10: MOTORS

Bearings, Belts, Brakes/Clutches, Bushings, Chain, Couplings, Definite-Purpose Motors, Gear Motors, General-Purpose Motors, HVAC Motors, Linear Motion, Pulleys, Pump Motors, Sheaves, Speed Reducers, Sprockets, Vacuum Motors, Vibrators.

2.3.11 CATEGORY 11: OUTDOOR EQUIPMENT

Cranes, Creepers, Insect Control, Jacks, Lawn Maintenance, Lift Equipment, Master Sets, Oils, Rakes, Shovels, Sprinklers, Tool Storage, Water Hoses, Wheelbarrows, and any other applicable items. Landscape Equipment (Gasoline and Electric), Shovels, Rakes, Axes, Hoes, Hoses, Nozzles, Insect Control, Herbicides, Fertilizers, Plants, Trees, Sprinkler/Irrigation Equipment and Supplies and all Ancillary Supplies, Tools, and Components.

2.3.12 CATEGORY 12: PAINTS EQUIPMENT AND SUPPLIES

All types of Paints, Equipment and Supplies, Brushes, Rollers, Spray Equipment, Aerosol Paints, Pressure Washers, Sand Blasters, Finishes, Abrasives, Epoxy, Cleaners, Drywall Supplies, Tarps, Compounds, Accessories, and all Ancillary Supplies, Tools, and Components.

2.3.13 CATEGORY 13: PLUMBING

Air-Operated Diaphragm Pumps, Centrifugal Pumps, Faucets, Flowmeters, Fuel & Oil Transfer Pumps, Pipe/Valves/Fittings, Positive Displacement Pumps, Sinks, Sump/Sewage Pumps, Toilets, Tubing, Urinals, Water Coolers, Water Filtration, Water Heaters, Water System Pumps, Kitchen Sink.

2.3.14 CATEGORY 14: PNEUMATIC TOOLS

Adapters, Air Compressors, Clamps, Couplings, Cylinders, Dryers, Filters, Filter Regulator Lubricants, Fittings, Hoses, Hose Reels, Hydraulic Motors & Gear Pumps, Hydraulic Pumps & Cylinders, Lifting, Motors, Oil Coolers, Power Units, Pumps, Regenerative Blowers, Tools, Vacuum Pumps, Valves.

2.3.15 CATEGORY 15: POWER TOOLS AND ACCESSORIES

Electric or gas operated, mobile or stationary, bench or floor mounted, including accessories, and all ancillary supplies and components. Some examples include Band Saws, Circular Saws, Cordless & Corded Drills, Cordless Tool Batteries & Chargers, Drill Presses, Dust Collectors, Grinders & Cutoff Tools, Hammer Drills, Impact Drivers & Wrenches, Lathes, Metal Forming Machinery, Reciprocating Saws, Rotary & Demo Hammers, Routers.

2.3.16 CATEGORY 16: SAFETY

Emergency Preparedness, Facility Safety, Fire Protection, First Aid, Identification, Industrial Safety, Instrumentation, Personal Protective Equipment, Safety Storage, Spill Control & Containment, Traffic Safety.

2.3.17 CATEGORY 17: SECURITY

Door and Door Frames, Key Control & Identification, Mailboxes, Padlocks, Replacement Parts, Safes, Security Alarms and Warnings, Self Defense, Specialty Locks, Video Surveillance.

2.3.18 CATEGORY 18: WELDING AND SOLDERING

Abrasives, Arc Welding, Blankets, Curtains & Pads, Drill Bits, End Mills & Milling Cutters, Fume Extraction, Gas Welding, Taps & Dies, Inserts, Machine Tool Accessories, Precision Measuring, Welding Accessories.

2.3.19 CATEGORY 19: NON-STANDARD

Items that are currently purchased by CHESS that can be considered Non-Standard for some catalog SKUs with less purchase frequency.

2.4 ADDITIONAL PRODUCT CATEGORIES OF INTEREST TO CHESS:

2.4.1 CATEGORY 1: APPLIANCES

Large Appliances: Refrigerators, Washers, Dryers, Dishwashing Machines, Stoves, Cooktops, Range Hoods and Ovens; Small Appliances: Mixers, Toasters, Microwave Ovens, Food Processors, Disposals, Trash Compactors, and all Ancillary Supplies, Tools, and Components.

2.4.2 CATEGORY 2: BUILDING MATERIALS

Lumber (Dimensional and Timber), Millwork, Roofing, Siding, Plywood, Paneling, Hardwood, Trim, Molding, Fencing, Decking, Gates, Brick, Block, Doors, Windows, Bagged Goods (Concrete, Mortar, Sand, or Asphalt), Drywall, Rebar, Acoustical Tiles, Rain Gutters, Garage Door Openers, Insulation, and all Ancillary Supplies, Tools, and Components.

2.4.3 CATEGORY 3: PUBLIC SAFETY

Access Barriers and Crowd Control, Police and EMT Uniforms, Security Management and Law Enforcement, Two Way Radios and Police Scanners, Detectors, Scanners, and all Ancillary Supplies.

2.5 PRODUCT ORDERING:

2.5.1 Suppliers complete product line (Wholesale or Retail) shall be available for ordering 24/7.

2.5.2 Products may be ordered by any of the following methods:

- E-procurement (Jagger/SciQuest, Perfect Commerce, Peoplesoft, ESM, and others) Attachment L – Campus Matrix defines locations and systems in use.
- Internet/Online Store
- Will Call (Phone or FAX order)
- POS (Point-of-sale)

2.6 PRODUCT PRICING:

Pricing shall be a fixed percentage (%) off catalog/list pricing by Product Category. Please make sure to elaborate your proposal details and structure in the section of CAPABILITES in the questions.

2.6.1 Price Increase Documentation and Price Update Procedure: It should not be a forgone conclusion that Supplier automatically be granted a price increase each year on all items in the System or Market Basket. Supplier must provide a minimum 90-day notice of a price increase with supporting documentation. CHESS will evaluate price increase supporting documents and implement upon mutual acceptance. It is the intent of both parties that the Supplier(s) utilize best practices in Supply Chain Management to minimize cost increases.

2.6.2 Volatile Product Price Increases: For any System or Local Market Basket Item, where such Volatile Product has a significant price increase in excess of 3%, the parties agree to review those prices as frequently as quarterly and to negotiate prices for such Volatile Products individually in good faith between the parties. Increases must be mutually agreed upon by the parties.

2.6.3 Price Decreases: UC accepts price decreases as soon as they are available and can be entered into e-procurement or e-commerce purchasing processes. Notwithstanding anything to the contrary, Supplier(s) shall upload new pricing files within five (5) business days of receipt or as otherwise indicated, such other time to be not less than five (5) business days.

2.6.4 Special Discounts: At a Participating Entity's request, Suppliers may offer discounts such as discounts based on large volume, sales growth, single delivery location, etc.

2.6.5 Manufacture Direct Pricing Agreement: UC may request Supplier(s) to negotiate directly with manufactures for better pricing and or discounts, for the benefit of UC and/or each Participating Entity. Further, UC reserves the right to negotiate directly with manufactures for items purchased. Upon mutual agreement, Supplier may be selected to distribute the Product to UC and/or Participating Entity.

2.6.6 Contractor Participation Contractors and Subcontractors: At the direction of Participating Public Agencies, to other Participating Agency Contractors or subcontractors, contractors shall extend this Agreement's pricing and category discounts to other UC Contractors and Subcontractors (herein referred to as "Other UC Contractor") for UC-related spend if Other UC Contractor provides Contractor with valid UC project number/project name and the Product is to be shipped directly to the Participating Entity related to the project. Contractor has the right to verify with UC and the UC Project Number/Project Name. Contractor also has the right to limit or terminate an Other UC Contractor use of this Agreement if the Other UC Contractor fails to timely pay Contractor for Product, fails to establish and maintain adequate credit worthiness or utilizes this Agreement for the benefit of anyone other than the Participating Entity for which the project relates.

a) Other UC Contractors are not required to use Contractor for materials, therefore it is important that Contractor pricing be attractive and act as an incentive to purchase against this Agreement.

b) Other UC Contractors are responsible for payment to Contractor and UC has no liability for OTHER UC Contractor purchases. Contractor shall extend payment options to Other UC Contractor such as Purchase Order or Procurement Credit Cards, or other order placement and payment methods agreed upon by Contractor.

c) Contractor shall track Other UC Contractors purchases and report on their purchases by, Other UC Contractor Name, product description, SKU and other spend related information that Contractor has available.

d) Other UC Contractor purchases shall apply to the particular Participating Entity location's contract purchases for purpose of Supplier Consolidation and Annual Incremental Growth and shall be calculated in contract purchases for the benefit of Participating Entity.

2.6.7 Core Lists:

a) National Core List- Provides for the deepest discounts on a variety of products to agencies nationwide. Pricing on the National Core List shall be provided to all Participating Agencies.

b) Customized Core List- In addition to the National Core List, Offerors MUST provide customized core lists to agencies, structure, implementation, and management. Custom Core List pricing will be held for a period of one (1) year, evaluation and selection of items will be mutually agreed upon. Supplier(s) will support a Participating Entity, if assistance is needed to create a Customized Core List that brings greatest value.

2.7 CATALOG ADJUSTMENTS:

2.7.1 Price Updates. As described above in Product Pricing, prices for Core List shall be reviewed and subject to change one per year from 1st January. Third Party Product pricing and pricing for special price promotions shall be reviewed and updated on a quarterly basis (or earlier if mutually agreed). Price decreases shall be implemented on the quarterly review (or such earlier date mutually agreed by the parties). Changes to price file shall be submitted to UC and shall have a maximum period of 30 days to review and approve updates or raise objections. Objections shall be reviewed on a case by case basis with the balance of price amendments being approved for upload. In the event that UC does not approve or reject any updates within 45 days of the revised file being submitted to UC, then Seller shall be entitled to load the new pricing.

2.7.2 Other Catalog Updates. Seller may provide other updates to the catalog quarterly or as mutually agreed. These updates may include (without limitation) changes to content, the addition of new products, removal of discontinued items, updates to unit of measure, and special promotional offers.

2.8 REBATE ON SALES:

If this pricing option is offered, describe your firm's ability to provide this service (ex. Growth incentives, e-commerce incentives, etc.). Further details can be defined in Value Add section of questions.

2.9 ON-LINE CATALOG DISCOUNT PRICING:

Capability to access an on-line catalog reflecting contract pricing of all products is a requirement. Describe your online presence and/or ecommerce capabilities in the CAPABILITIES section of the questions.

2.10 RELATED PRODUCTS AND SERVICES PRICING**:**

2.10.1 All related services that are provided as Value Add (No charge /Incentives/Benefits), please define in section Value Add of Questions.

2.10.2 All other additional related products and services which contain a pricing structure available by Supplier are to be attached to RFx event and named "Related Products and Services Pricing". Supplier is to provide detailed line item of all services and specific pricing for those services available.

2.10.3 Emergency Response Capabilities - In the event of a disaster, UC must continue

its mission of teaching, research, public service, and patient care. UC is seeking information from suppliers who can provide equipment, supplies, resources, and/or services during emergency situations. Please state your emergency response capabilities, name/title of the emergency contact, proximity of facilities/stores/resources to UC organization, and other relevant emergency information. Disasters vary and require different resources, but we are seeking common MRO items like gloves, masks, lighting, generators, chainsaws, portable restrooms, batteries, barricades, and cleaning supplies.

a) Define Supplier(s) Capabilities
b) UC priority of supplies
c) Experience
d) Ability to manage Emergency Response items for a Participating Entity.

2.11 SUPPLIER- MANAGED INVENTORY :

Describe your firm's ability to provide this service and your capabilities in the Value Add section of the questions. Please refer to Attachment L – Campus Matrix for the list of locations who currently have a Supplier-Managed Inventory program in place and vending machines. If Supplier(s) is capable to provide these services, please include how these locations would be transitioned in the Value Add section of the questions. Supplier(s) who submit to be MRO Primary Distributor MUST have a solution for these locations outlined.

2.12 SALES REPORTING:

EXHIBIT 5 – QUARTERLY REPORT is provided as a template for future quarterly reporting requirements. Describe your firm's reporting capabilities in the CAPABILITIES section of the question. Provide all line item details and alternative options that may have not been used in the example provided.

2.13 BRAND NAMES:

In some cases, brand names have been listed in order to define the desired quality and are not intended to be restrictive or to limit competition. Materials substantially equivalent to those designated shall qualify for consideration. Ability to partner with manufacturer for enhanced pricing through Master Agreement is of interested to CHESS.

2.13.1 Substitutions: UC encourages Supplier(s) to offer substitute or alternate items, brands or generic items to end users when the offer adds value to the procurement of goods and services. No substitutions of alternate items for products ordered will be permitted except with the express approval from authorized UC personnel or Participating Public Entities. Supplier shall not substitute and/or interchange a different brand or generic product of package size, other than the specific product ordered, without authorization from UC or Participating Public Entity. Any such authorization is granted on a per order basis and is not to be considered as justification for a Product substitution on any future orders or shipments.

2.14 DELIVERY, FREIGHT REQUIREMENTS:

2.14.1 All domestic ground shipments shall be FOB Destination, Freight Prepaid and Included. Any handling fees shall also be included in the pricing.

2.14.2 Should a Participating Public Entity determine that rush shipping or other alternate shipping is required, it shall notify the Supplier. The Supplier shall determine any additional costs associated with such delivery terms and communicate that cost to the Participating Public Entity.

2.14.3 The Supplier shall retain control for carrier selection and payment of freight charges of all goods until received by the requesting Participating Public Entity and the contract coverage completed. The Supplier shall also file all claims for visible

or concealed damage. The Participating Public Entity will notify the Supplier of any damaged goods and shall assist the Supplier in arranging for inspection of the goods.

2.14.4 Any requests for local delivery of orders placed at local stores shall be subject to local delivery fees, if applicable.

2.14.5 Shipping and handling fees are allowable to destinations outside the continental U.S.

2.14.6 A packing list or other suitable shipping document shall accompany each shipment and shall include the following:

a) Contract Serial number
b) Supplier's name and address
c) Participating Public Entity's name and address
d) Participating Public Entity's purchase order number
e) A description of product(s) shipped, including item number(s), quantity (ies), number of containers and package number(s), as applicable

2.15 LAST MILE DELIVERY MODEL INCENTIVE:

In this delivery model the Supplier(s) has the ability to provide an incentive to Participating Entity for a Centralized Delivery model. The Participating Entity will provide Last Mile Delivery at their location. Individual Participating Entities will work with Supplier based upon their individual location needs to determine the most appropriate delivery model and financial terms for their situation. If a location elects to change business models during the Term of this Agreement or any Extensions to the Agreement, the Supplier will provide an Incentive to that location consistent with the Incentives offered to the Participating Entities. Proposed incentive and all program details in the Value Add section of the Questions.

2.15.1 Program Requirements: Participating Entity must have one consolidated drop off and pickup for the entire campus/health system. One delivery/pick-up point will be designated by Participating Entity Staff that is accessible to Supplier. The Supplier and the Participating Entity must agree that the designated location meet program requirements before the Last Mile Delivery Program will be implemented. Once approved, the Participating Entity will be required to provide a report to substantiate the daily delivery volume to one location and the one consolidated pickup to Supplier which will be used by Supplier to verify payment amounts to the Participating Entity locations. Payment will be made to each Participating Entity designated contact, 30 days from Supplier receipt of the quarterly report.

3.0 PROCUREMENT REQUIREMENTS:

3.1 SHIPPING TERMS:

Bid price(s) and terms shall be F.O.B. Destination.

3.2 MINIMUM ORDER:

There shall be no minimum order requirement during the term of this Agreement and any extension(s) of such term.

3.3 ONLINE CATALOG:

Online/ecommerce capability to access catalog reflecting contract pricing of all products.

3.4 OPERATING MANUALS (If required):

Upon delivery, Contractor shall provide comprehensive operational manuals, service manuals and schematic diagrams, if required by the Participating Entity.

3.5 ACCEPTANCE: (If required):

Upon delivery and successful installation, the material(s) shall be deemed accepted and the warranty period shall begin. All documentation shall be completed prior to final acceptance.

3.6 TRAINING:

Supplier(s) to provide detailed list of training that is offered under proposal and all additional training. Provide any details that are available if training can be conducted from manufacture direct, with the support of Supplier/Distributor.

3.7 USAGE REPORT:

The Supplier(s) shall furnish UC a usage report upon request delineating the acquisition activity governed by the Master Agreement. The format of the report shall be approved by UC and shall disclose the quantity and dollar value of each contract item by individual unit. Exhibit 5 – Quarterly Report is to be used for quarterly reporting. Any changes requested to be made to Exhibit 5 are to be negotiated prior to acceptance of award.

3.8 BACKGROUND CHECK:

Outline your current business practices for employment and background check.

3.9 INVOICES AND PAYMENTS:

3.9.1 Invoices are required to contain the following information:

- California sales tax as a separate line item
- Shipping costs as a separate line item
- UC or each respective Participating Entity's Purchase Order, Release Number, or Agreement Number
- Description, quantity, catalog number and manufacturer number of the item ordered
- Pricing per unit of purchase
- Extended price
- Total Amount Due
- Any pay/earned/dynamic discount
- Reference to original order number for all credit memos issued

3.9.2 Settlement Method and Terms are outlined in Attachment I.

3.9.3 Problems regarding billing or invoicing shall be directed to the Participating Entity as listed on the Purchase Order.

3.9.4 Provide available payment terms.

3.9.5 Modification of Terms: Participating Agencies commonly require a modification to a term of the Master Agreement (e.g. governing law). The awarded Supplier and Participating Entity may agree to modify terms on any specific purchase by a Participating Entity without being in conflict with the Master Agreement.

3.10 SERVICE METRICS:

During the term of this Master Agreement and any extension(s) of such term, Supplier agrees to the following Service Metrics details and specifications. UC service standards provides guarantees that Supplier shall consistently adhere to the standards for all Participating Locations.

3.10.1 **Stock Item Delivery**: Orders placed before 5:00 p.m. local time will ship the same

day for next day delivery.

3.10.2 **Non Stock Item Delivery**: Contractor shall place the order on the same day it receives the order from a Location. Contractor shall then deliver the Product the next day after Contractor's receipt of the item unless the item is shipped direct to the ordering Location from the Manufacturer.

3.10.3 **Fill Rate:** 98% order fill rate; 98% line fill rate

3.10.4 **Returns:** Full credit guaranteed on any return regardless of reason if within thirty (30) days of receipt with receipt, invoice, packing slip or similar documentation.

3.10.5 **Return Pick-up:** Pick-up will occur within five (5) days from request. Return time frame begins as of date of request for pick-up.

3.10.6 **Credits:** Full credit issued in same form as payment and referencing the original purchase order number.

3.10.7 **Report Requests:** Standard reports will be generated at the CHESS and Location or Participating Entity level quarterly or as necessary to track compliance.

3.10.8 **Delivery Accuracy:** 98% calculated based on percent of entire order fulfilled accurately.

3.10.9 **On-Time Delivery:** 98% calculated based upon the percent of the entire order arriving at the customer's required time.

3.10.10 **Invoice/Billing Accuracy:** 99%

3.10.11 **Customer Service Satisfaction:** Average score of 3.75 or better on a 5 point scale.

3.10.12 **Quote Turnaround:** 24 hours

3.10.13 **Response Time:** Emergency Calls 1 hour; Non-Emergency Calls 4 business hours; Emergency Resolution Time Best efforts until issue is resolved

3.11 SURVEYS

Supplier will, at Participating Entity request, conduct customer surveys. The content of these surveys will be approved by Participating Entity. Participating Entity will be responsible for the tabulation of these surveys.

3.12 PROGRAM MANAGEMENT:

Supplier will provide the necessary staff and resources to support CHESS program management function as outlined in the RFP and Supplier's Response including, but not limited to:

- Marketing Program to increase sales activity;
- Coordinating Program implementation;
- Providing superior customer service;
- Promoting alternate Services to reduce cost and to meet CHESS sustainability objectives;
- Demonstrating new Services;
- Managing the continuous improvement process;
- Providing on-going contract monitoring and maintenance;
- Offering Services cost reduction and process improvement opportunities to CHESS;
- Conducting monthly account review meetings.

3.13 PROJECT MANAGER:

Supplier will assign a project management team to coordinate Participating Entity implementation of the Agreement.

3.14 POST AWARD MEETING:

The Supplier may be required to attend a post-award meeting with UC to discuss the terms and conditions of this Master Agreement. This meeting will be coordinated by Lead Agency Procurement Officer.

4.0 CONTRACTUAL AND SPECIAL TERMS & CONDITIONS:

4.1 **DRAFT CONTRACT SEE EXHIBIT 2**

5.0 INSTRUCTIONS TO SUPPLIERS:

Bidders and Suppliers are solely responsible for submitting bids, proposals, and any modifications or withdrawals, to be received at the time and designated location required by the solicitation (ITN, RFP, ROQ, or any other solicitation notice).

Any bid, proposal, modification, or withdrawal received after the designated time is deemed "late" and will be rejected and not evaluated.

5.1 SCHEDULE OF EVENTS:

Request for Proposals Issued:	JANUARY 31, 2018
Vendor Conference:	FEBRUARY 05, 2018
Deadline for Questions	MARCH 02, 2018

All technical/system questions shall be e-mailed to support@gep.com. All questions are to be submitted in GEP system and shall be posted for others to view.

Deadline for submission of proposals is 3:00 P.M., Pacific Time, on **March 17, 2018**. All proposals must be received before 3:00 P.M., Pacific Time, on the above date in the GEP System.

Proposed Respondent presentations: (if required)	MARCH 2018
Proposed selection and negotiation:	APRIL 2018
Proposed award of Contract:	MAY 2018

All responses to this Request for Proposal become the property of CHESS and (other than pricing) will be held confidential, to the extent permissible by law. CHESS will not be held accountable if material from proposal responses is obtained without the written consent of the Respondent by parties other than CHESS.

5.2 VENDOR CONFERENCE

5.2.1 Vendor Conference will be held related to solicitation# RFP-MRO-UCSystemWide-Jan312018.

5.2.2 Conference will be conducted using ZOOM web conference services. Audio and Video will be recorded and attached to GEP System, to document any questions or topics covered.

- Registration Required prior to participation
- Link for Audio/Video attendance: https://UCOP.zoom.us/j/380679787
- Dial In option US: +1 669 900 6833 Meeting ID: 380 679 787

5.2.3 Purpose of the Vendor Conference is to:

- Explain the RFP process and expectations
- Provide additional information to the attached documents
- Answer any questions Supplier(s) may have related to the RFP or the process

5.3 INQUIRIES AND NOTICES:

All inquiries concerning information herein shall be addressed in the GEP system. All inquiries will be posted and answered within the system for viewing purposes.

5.3.1 Proposals shall be signed by an owner, partner or corporate official who has been authorized to make such commitments. All prices shall be held firm for a period of one hundred fifty (150) days after the RFP closing date.

5.4 EXCEPTIONS TO THE SOLICITATION:

The Respondent shall identify and list all exceptions taken to all sections of RFP-MRO-UCSystemWide-Jan312018 and list these exceptions referencing the section (paragraph) where the exception exists and identify the exceptions and the proposed wording for the Respondent's exception under the heading, "Exception to the PROPOSAL Solicitation, RFP-MRO-UCSystemWide-Jan312018." **Exceptions that surface elsewhere and that do not also appear under the heading, "Exceptions to the PROPOSAL Solicitation, RFP-MRO-UCSystemWide-Jan312018," shall be considered invalid and void and of no contractual significance.**

UC reserves the right to reject, determine the proposal non-responsive, enter into negotiation on any of the Respondent exceptions, or accept them outright.

5.5 GENERAL CONTENT:

5.5.1 The Proposal should be specific and complete in every detail. It should be practical and provide a straightforward, concise delineation of capabilities to satisfactorily perform the contract being sought.

5.5.2 The Respondent should not necessarily limit the proposal to the performance of the services in accordance with this Request for Proposal but should outline any additional services and their costs if the Respondent deems them necessary to accomplish the program.

5.5.3 Include a detailed response to Attachment C, Exhibit A, and National IPA Response for National Cooperative Contract. Responses should highlight experience, demonstrate a strong national presence, describe how offeror will educate its national sales force about the Master Agreement, describe how products and services will be distributed nationwide, include a plan for marketing products and services nationwide and describe how volume will be tracked and reported to National IPA. The successful offeror will be required to sign Attachment C, Exhibit B, and National IPA Administration Agreement. Offerors should have any reviews required to sign the document prior to submitting a response. Offeror's response should include any proposed exceptions to the National IPA Administration Agreement.

5.6 EVALUATION OF PROPOSAL – SELECTION FACTORS:

An Evaluation Committee shall be appointed, chaired by CHESS to evaluate each Proposal. At UC option, Supplier may be invited to make presentations to the Evaluation Committee. Best and Final Offers and/or Negotiations may be conducted, as needed, with the highest rated Respondent(s). UC reserves the right to make additional investigations as it deems necessary to establish the competence and financial stability of any offeror submitting a proposal. Proposals will be evaluated on the following criteria which are listed below: Evaluation Category (Points Available / Percentage Weight) Total points available is 20,000.

5.6.1 Company Profile (800 / 4%)

5.6.2 Capabilities (4000 / 20%)

5.6.3 Marketing / Sales (1000 / 5%)

5.6.4 Administration (1000 / 5%)

5.6.5 Sustainability (1200 / 6%)

5.6.6 Value Add (2000 / 10%)

5.6.7 Cost (10000 / 50%)

Supplier can achieve more points than the minimum criteria by proposing additional services and/or differentiating themselves from other submittals. The Team will determine the Total Score for each category in a Bidder's Final Bid by aggregating categories in the table above, Scores will be rounded to the two (2) decimal place.

NOTE: SUPPLIERS ARE REQUIRED TO USE ATTACHED DOCUMENTS IN GEP TO SUBMIT THEIR PRICING/DISCOUNT PROPOSAL.

ATTACHMENT A - PRICING

Company Name: _____

1.0 **Base Discount:** _____ (%) Minimum discount to be applied on all categories not defined below.

2.0 Please provide the percetange off list pricing for any of the categories you want to propose in the table below. The proposed discount percentages must not exceed 2 digits (i.e. 10.37% is acceptable while 10.37862% is not)

	CATEGORY	*DISCOUNT(%)
1	Adhesives, Sealants and Tape	
2	Appliances	
3	Air Filters

I. Instructions

A Supplier(s) are **required** to complete **all tabs** with exact match (SKU and UOM), excluding private label items, that are able to be distributed or sourced.

B Supplier(s) are **required** to respond in the **Substitute**, if Supplier(s) is unable to source exact match or if item listed is private label.

C If a private label SKU is listed, Supplier(s) is **required** to provide BEST MATCH SUBSTITUTE in order to meet minimum category requirements.

D All responses **MUST** match Unit of Measure (UM) defined in SKUs. If you are unable to match SKU and UOM, it is **REQUIRED** that you provide details in the **SUBSTITUTE** section. Defined in **Substitute UOM QTY**.

E Preference will be given to those items completed under EXACT MATCH. (excluding private label items)

F Non-Standard category is **required** to be completed for those Supplier(s) interested in being MRO Primary Distributor.

II. Supplier Response Requirement

A **MRO Primary Distributor** is required to complete 14 of 19 categories outlined in Price Sheet(s). One of the required categories of the 14 is "Non-Standard".

B **Individual Category:** Suppliers interested in only individual categories have an option to submit a response for evaluation. Responses for individual categories must meet a minimum of 70% of items listed in that category with either exact match or equivalent Substitute. Suppliers submitting for individual categories will be evaluated amongst all other equivalent category responses.

III. RFP Categories.

A There are nineteen (19) categories in this RFP workbook, and about1,500 SKUs that need price submissions.

B Each category is listed separately in an individual Price Sheet within GEP system.

IV. Workbook Headers

HEADER	HEADER DESCRIPTION
Manufacture Part Number	Manufacturer part number associated with the product
Manufacture Name	Manufacture name associated with product
Description	Product description
UOM Qty	UOM per quantity
Unit of Measure	Unit of Measure
Proposed Price (USD)	Bidder's proposed price for specific product with EXACT match manufacture # and manufacture name
Total Proposed Price	Proposed price x 12 Month Usage
Substitute Catalog #	Substitute catalog number meeting similar specs to EXACT match
Substitute Manufacture	Substitute Manufacture Name proposed
Substitute Product Description	Substitute Product Description proposed
Substitute OUM QTY	Substitute unit of measure quantity at EACH. Example 1 Box = 10 EACH. Enter 10.
Substitute OUM	Substitute unit of measure (SOLD) Example: EA, BX, CA, PK
Substitute Price (USD)	Substitute Price for UOM proposed if no EXACT match possible
Substitute Total Price	Substitute Price * UOM QTY

Requirements for National Cooperative Contract
To be Administered by
National Intergovernmental Purchasing Alliance Company

The following documents are used in evaluating and administering national cooperative contracts and are included for Supplier's review and response.

National IPA Exhibit A – NATIONAL IPA RESPONSE FOR NATIONAL COOPERATIVE CONTRACT

National IPA Exhibit B – NATIONAL IPA ADMINISTRATION AGREEMENT, EXAMPLE

National IPA Exhibit C – NATIONAL IPA MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT, EXAMPLE

National IPA Exhibit D – NATIONAL IPA PRINCIPAL PROCUREMENT AGENCY CERTIFICATE, EXAMPLE

National IPA Exhibit E – NATIONAL IPA CONTRACT SALES REPORTING TEMPLATE

National IPA Exhibit F – NATIONAL IPA ADVERTISING COMPLIANCE REQUIREMENT

1.0 Scope of National Cooperative Contract

1.1 Requirement

University of California (UC) (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company ("National IPA"), is requesting proposals for Maintenance Repair and Operations (MRO) Supplies and Related Services. The intent of this Request for Proposal is that any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal (hereinafter defined and referred to as the "Master Agreement") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through National IPA's cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with National IPA (an example of which is included as Exhibit D) and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with National IPA as a Participating Public Agency in National IPA's cooperative purchasing program. Registration with National IPA as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through National IPA.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither National IPA, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency.

This Exhibit A defines the expectations for qualifying Suppliers based on National IPA's requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through National IPA.

These requirements are incorporated into and are considered an integral part of this RFP. National IPA reserves the right to determine whether or not to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement National IPA intends to provide marketing, sales and administrative support for Supplier pursuant to this section 1.2 that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

The National IPA marketing team will work in conjunction with Supplier to promote the

Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

A. Marketing collateral (print, electronic, email, presentations)
B. Website development and support
C. Trade shows/conferences/meetings
D. Advertising
E. Social Media
F. Sales Team Support

The National IPA sales teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

A. Individual sales calls
B. Joint sales calls
C. Communications/customer service
D. Training sessions for Public Agency teams
E. Training sessions for Supplier teams

The National IPA contracting teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies prospective Public Agencies through:

A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
B. Training sessions for Public Agency teams
C. Training sessions for Supplier teams
D. Regular business reviews to monitor program success
E. General contract administration

Suppliers are required to pay an administrative fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. Supplier will be required to execute the National IPA Administration Agreement (refer to Exhibit B).

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the National Intergovernmental Purchasing Alliance Company Administration Agreement between Supplier and National IPA (the "National IPA Administration Agreement")

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately $500 million annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through National IPA, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and National IPA.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will be the basis of award on a national level through National IPA. If multiple

suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same suppliers will be required to extend the Master Agreement to Participating Public Agencies through National IPA. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency are subject to modification for each Participating Public Agency as Supplier, such Participating Public Agency and National IPA shall agree. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (i.e. invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, governing law, etc.). Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to National IPA).

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through National IPA's cooperative program:

A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;
B. Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide;
C. Achieve cost savings for Supplier and Public Agencies through a single solicitation process that will reduce the Supplier's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;
D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 REPRESENTATIONS AND COVENANTS

As a condition to Supplier entering into the Master Agreement, which would be available to all Public Agencies, Supplier must make certain representations, warranties and covenants to both the Principal Procurement Agency and National IPA designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Supplier

2.1 Corporate Commitment

Supplier commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Supplier's executive management, (2) the Master Agreement is Supplier's primary "go to market" strategy for Public Agencies, (3) the Master Agreement will be promoted to all Public Agencies, including any existing customers, and Supplier will transition existing customers, upon their request, to the Master Agreement, and (4) that the Supplier has read and agrees to the terms and conditions of the Administration Agreement with National IPA and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Supplier will identify an executive corporate sponsor and a separate national account manager within the RFP response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Supplier commits the not-to-exceed pricing provided under the Master Agreement pricing is

its lowest available (net to buyer) to Public Agencies nationwide and further commits that if a Participating Public Agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, that the Supplier will match such lower pricing to that Participating Public Agency under the Master Agreement.

2.3 Sales Commitment

Supplier commits to aggressively market the Master Agreement as its go to market strategy in this defined sector and that its sales force will be trained, engaged and committed to offering the Master Agreement to Public Agencies through National IPA nationwide. Supplier commits that all Master Agreement sales will be accurately and timely reported to National IPA in accordance with the National IPA Administration Agreement. Supplier also commits that its sales force will be compensated, including sales incentives, for sales to Public Agencies under the Master Agreement in a consistent or better manner compared to sales to Public Agencies if the Supplier were not awarded the Master Agreement.

3.0 SUPPLIER QUALIFICATIONS

Supplier must supply the following information in order for the Principal Procurement Agency to determine Supplier's qualifications to extend the resulting Master Agreement to Participating Public Agencies through National IPA.

3.1 Company

A. Brief history and description of your company.
B. Total number and location of sales persons employed by your company.
C. Number and location of support centers (if applicable).
D. Annual sales for the three previous fiscal years.
E. Submit your FEIN and Dunn & Bradstreet report.

3.2 Distribution, Logistics

A. Describe how your company proposes to distribute the products/service nationwide.
B. Identify all other companies that will be involved in processing, handling or shipping the products/service to the end user.
C. Provide the number, size and location of your company's distribution facilities, warehouses and retail network as applicable.
D. State any return and restocking policy and fees, if applicable, associated with returns.
E. Describe the full line of products and services offered by your company.

3.3 Marketing and Sales

A. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to immediately implement the Master Agreement as your company's primary go to market strategy for Public Agencies to your teams nationwide, to include, but not limited to:
    i. Executive leadership endorsement and sponsorship of the award as the public sector go-to-market strategy within first 10 days
    ii. Training and education of your national sales force with participation from the executive leadership of your company, along with the National IPA team within first 90 days
B. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to market the Master Agreement to current Participating Public

Agencies, existing Pubic Agency customers of Supplier, as well as to prospective Public Agencies nationwide immediately upon award, to include, but not limited to:

i. Creation and distribution of a co-branded press release to trade publications
ii. Announcement, contract details and contact information published on the Supplier company website within first 90 days
iii. Design, publication and distribution of co-branded marketing materials within first 90 days
iv. Commitment to attendance and participation with National IPA at national (i.e. NIGP Annual Forum, NPI Conference, etc.), regional (i.e. Regional NIGP Chapter Meetings, etc.) and supplier-specific trade shows, conferences and meetings throughout the term of the Master Agreement
v. Commitment to attend, exhibit and participate at the NIGP Annual Forum in an area reserved by National IPA for partner suppliers. Booth space will be purchased and staffed by your company. In addition, you commit to provide reasonable assistance to the overall promotion and marketing efforts for the NIGP Annual Forum, as directed by National IPA.
vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement
vii. Ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)
viii. Dedicated National IPA internet web-based homepage on Supplier website with:
    - National IPA standard logo;
    - Copy of original Request for Proposal;
    - Copy of contract and amendments between Principal Procurement Agency and Supplier;
    - Summary of Products and pricing;
    - Marketing Materials
    - Electronic link to National IPA's website including the online registration page;
    - A dedicated toll free number and email address for National IPA

C. Describe how your company will transition any existing Public Agency customers' accounts to the Master Agreement available nationally through National IPA. Include a list of current cooperative contracts (regional and national) your company holds and describe how the Master Agreement will be positioned among the other cooperative agreements.
D. Acknowledge that your company agrees to provide its company/corporate logo(s) to National IPA and agrees to provide permission for reproduction of such logo in marketing communications and promotions. Acknowledge that use of National IPA logo will require permission for reproduction, as well.
E. Supplier is responsible for proactive direct sales of Supplier's goods and services to Public Agencies nationwide and the timely follow up to leads established by National IPA. All sales materials are to use the National IPA logo. At a minimum, the Supplier's sales initiatives should communicate:
    i. Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency
    ii. Best government pricing
    iii. No cost to participate
    iv. Non-exclusive contract
F. Supplier is responsible for the training of its national sales force on the Master Agreement.

At a minimum, sales training should include:

i. Key features of Master Agreement
ii. Working knowledge of the solicitation process
iii. Awareness of the range of Public Agencies that can utilize the Master Agreement through National IPA
iv. Knowledge of benefits of the use of cooperative contracts

G. Provide contact information for the person(s), who will be responsible for:

i. Marketing
ii. Sales
iii. Sales Support
iv. Financial Reporting
v. Contracts

H. Describe in detail how your company's national sales force is structured, including contact information for the highest-level executive in charge of the sales team.

I. Explain in detail how the sales teams will work with the National IPA team to implement, grow and service the national program.

J. Explain in detail how your organization will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, etc.

K. State the amount of your company's Public Agency sales for the previous fiscal year. Provide a list of your top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.

L. Describe your company's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

M. Provide the Contract Sales (as defined in Section 10 of the National Intergovernmental Purchasing Alliance Company Administration Agreement) that your company will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

$_____.00 in year one
$_____.00 in year two
$_____.00 in year three

To the extent Supplier guarantees minimum Contract Sales, the administration fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

N. Even though it is anticipated that many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

i. Respond with Master Agreement pricing (Contract Sales reported to National IPA).
ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to National IPA under the Master Agreement.

iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to National IPA).

iv. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

Detail your strategies under these options when responding to a solicitation.

NATIONAL INTERGOVERNMENTAL PURCHASING ALLIANCE COMPANY ADMINISTRATION AGREEMENT

THIS ADMINISTRATION AGREEMENT (this "Agreement") is made this ___ day of _____ 20___, between National Intergovernmental Purchasing Alliance Company ("National IPA"), and _____ ("Supplier").

RECITALS

WHEREAS, the _____ (the "Principal Procurement Agency") has entered into a Master Agreement dated _____, Agreement No_____, by and between the Principal Procurement Agency and Supplier, (as may be amended from time to time in accordance with the terms thereof, the "Master Agreement"), as attached hereto as Exhibit A and incorporated herein by reference as though fully set forth herein, for the purchase of _____ (the "Product");

WHEREAS, said Master Agreement provides that any or all public agencies, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (collectively, "Public Agencies"), that register (either via registration on the National IPA website or execution of a Master Intergovernmental Cooperative Purchasing Agreement, attached hereto as Exhibit B) (each, hereinafter referred to as a "Participating Public Agency") may purchase Product at prices stated in the Master Agreement;

WHEREAS, Participating Public Agencies may access the Master Agreement which is offered through National IPA to Public Agencies;

WHEREAS, National IPA serves as the contract administrator of the Master Agreement on behalf of Principal Procurement Agency;

WHEREAS, Principal Procurement Agency desires National IPA to proceed with administration of the Master Agreement; and

WHEREAS, National IPA and Supplier desire to enter into this Agreement to make available the Master Agreement to Participating Public Agencies and to set forth certain terms and conditions governing the relationship between National IPA and Supplier.

NOW, THEREFORE, in consideration of the payments to be made hereunder and the mutual covenants contained in this Agreement, National IPA and Supplier hereby agree as follows:

DEFINITIONS

1. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given to them in the Master Agreement.

TERMS AND CONDITIONS

2. The Master Agreement and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement. Supplier acknowledges and agrees that the covenants and agreements of Supplier set forth in the solicitation and Supplier's response thereto

EXAMPLE

resulting in the Master Agreement are incorporated herein and are an integral part hereof.

3. National IPA shall be afforded all of the rights, privileges and indemnifications afforded to Principal Procurement Agency by or from Supplier under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to National IPA, its agents, employees, directors, and representatives under this Agreement including, but not limited to, Supplier's obligation to obtain appropriate insurance.

4. National IPA shall perform all of its duties, responsibilities and obligations as contract administrator of the Master Agreement on behalf of Principal Procurement Agency as set forth herein, and Supplier hereby acknowledges and agrees that all duties, responsibilities and obligations will be undertaken by National IPA solely in its capacity as the contract administrator under the Master Agreement.

5. With respect to any purchases by Principal Procurement Agency or any Participating Public Agency pursuant to the Master Agreement, National IPA shall not be: (i) construed as a dealer, re-marketer, representative, partner or agent of any type of the Supplier, Principal Procurement Agency or any Participating Public Agency; (ii) obligated, liable or responsible for any order for Product made by Principal Procurement Agency or any Participating Public Agency or any employee thereof under the Master Agreement or for any payment required to be made with respect to such order for Product; and (iii) obligated, liable or responsible for any failure by Principal Procurement Agency or any Participating Public Agency to comply with procedures or requirements of applicable law or the Master Agreement or to obtain the due authorization and approval necessary to purchase under the Master Agreement. National IPA makes no representation or guaranty with respect to any minimum purchases by Principal Procurement Agency or any Participating Public Agency or any employee thereof under this Agreement or the Master Agreement.

6. National IPA shall not be responsible for Supplier's performance under the Master Agreement, and Supplier shall hold National IPA harmless from any liability that may arise from the acts or omissions of Supplier in connection with the Master Agreement.

7. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, NATIONAL IPA EXPRESSLY DISCLAIMS ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING NATIONAL IPA'S PERFORMANCE AS A CONTRACT ADMINISTRATOR OF THE MASTER AGREEMENT. NATIONAL IPA SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF NATIONAL IPA IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TERM OF AGREEMENT; TERMINATION

8. This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the provisions of Sections 3 – 8 and 14 – 23, hereof and the indemnifications afforded by the Supplier to National IPA in the Master Agreement, to the extent such provisions survive any expiration or termination of the Master Agreement, shall survive the expiration or termination of this Agreement.

9. Supplier's failure to maintain its covenants and commitments contained in this Agreement or any action of the Supplier which gives rise to a right by Principal Procurement Agency to terminate the Master Agreement shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of this Agreement at National IPA's sole discretion. Notwithstanding anything contained herein to the contrary, this Agreement shall terminate on the date of the termination or expiration of the Master Agreement.

EXAMPLE

NATIONAL PROMOTION

10. National IPA and Supplier shall publicize and promote the availability of the Master Agreement's products and services to Public Agencies and such agencies' employees. Supplier shall require each Public Agency to register its participation in the National IPA program by either registering on the National IPA website, www.nationalipa.org, or executing a Master Intergovernmental Cooperative Purchasing Agreement prior to processing the Participating Public Agency's first sales order. Upon request, Supplier shall make available to interested Public Agencies a copy of the Master Agreement and such price lists or quotes as may be necessary for such Public Agencies to evaluate potential purchases.

11. Supplier shall provide such marketing and administrative support as set forth in the solicitation resulting in the Master Agreement, including assisting in development of marketing materials as reasonably requested by Principal Procurement Agency and National IPA. Supplier shall be responsible for obtaining permission or license of use and payment of any license fees for all content and images Supplier provides to National IPA or posts on the National IPA website. Supplier shall indemnify, defend and hold harmless National IPA for use of all such content and images including copyright infringement claims. Supplier and National IPA each hereby grant to the other party a limited, revocable, non-transferable, non-sublicensable right to use such party's logo (each, the "Logo") solely for use in marketing the Master Agreement. Each party shall provide the other party with the standard terms of use of such party's Logo, and such party shall comply with such terms in all material respects. Both parties shall obtain approval from the other party prior to use of such party's Logo. Notwithstanding the foregoing, the parties understand and agree that except as provided herein neither party shall have any right, title or interest in the other party's Logo. Upon termination of this Agreement, each party shall immediately cease use of the other party's Logo.

ADMINISTRATIVE FEE, REPORTING & PAYMENT

12. An "Administrative Fee" shall be defined and due to National IPA from Supplier in the amount of __ percent (__%) ("Administrative Fee Percentage") multiplied by the total purchase amount paid to Supplier, less refunds, credits on returns, rebates and discounts, for the sale of products and/or services to Principal Procurement Agency and Participating Public Agencies pursuant to the Master Agreement (as amended from time to time and including any renewal thereof) ("Contract Sales"). From time to time the parties may mutually agree in writing to a lower Administrative Fee Percentage for a specifically identified Participating Public Agency's Contract Sales.

13. Supplier shall provide National IPA with an electronic accounting report monthly, in the format prescribed by National IPA, summarizing all Contract Sales for each calendar month. The Contract Sales reporting format is provided as Exhibit C ("Contract Sales Report"), attached hereto and incorporated herein by reference. Contract Sales Reports for each calendar month shall be provided by Supplier to National IPA by the 10th day of the following month. Failure to provide a Contract Sales Report within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at National IPA's sole discretion.

14. Administrative Fee payments are to be paid by Supplier to National IPA at the frequency and on the due date stated in Section 13, above, for Supplier's submission of corresponding Contract Sales Reports. Administrative Fee payments are to be made via Automated Clearing House (ACH) to the National IPA designated financial institution identified in Exhibit D. Failure to provide a payment of the Administrative

Fee within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at National IPA's sole discretion. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. National IPA, or its designee, in National IPA's sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date National IPA receives such report. In addition, National IPA may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by National IPA at the location designated by National IPA. In the event an underreporting of Contract Sales and a resulting underpayment of Administrative Fees is revealed, National IPA will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to National IPA's reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of National IPA's costs and expenses related to such audit.

GENERAL PROVISIONS

16. This Agreement, the Master Agreement and the exhibits referenced herein supersede any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereto and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained or incorporated herein shall be valid or binding. In the event of any conflict between the provisions of this Agreement and the Master Agreement, as between National IPA and Supplier, the provisions of this Agreement shall prevail.

17. If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement or to recover any Administrative Fee and accrued interest, the prevailing party shall be entitled to reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

18. This Agreement and National IPA's rights and obligations hereunder may be assigned at National IPA's sole discretion to an affiliate of National IPA, any purchaser of any or all or substantially all of the assets of National IPA, or the successor entity as a result of a merger, reorganization, consolidation, conversion or change of control, whether by operation of law or otherwise. Supplier may not assign its obligations hereunder without the prior written consent of National IPA.

19. All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below.

A. National Intergovernmental Purchasing Alliance Company

National IPA
Attn: President
2555 Meridian Blvd
Suite 300
Franklin, TN 37067

EXAMPLE

B. Supplier

20. If any provision of this Agreement shall be deemed to be, or shall in fact be, illegal, inoperative or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid, inoperative or unenforceable to any extent whatever, and this Agreement will be construed by limiting or invalidating such provision to the minimum extent necessary to make such provision valid, legal and enforceable.

21. This Agreement may not be amended, changed, modified, or altered without the prior written consent of the parties hereto, and no provision of this Agreement may be discharged or waived, except by a writing signed by the parties. A waiver of any particular provision will not be deemed a waiver of any other provision, nor will a waiver given on one occasion be deemed to apply to any other occasion.

22. This Agreement shall inure to the benefit of and shall be binding upon National IPA, the Supplier and any respective successor and assign thereto; subject, however, to the limitations contained herein.

23. This Agreement will be construed under and governed by the laws of the State of Delaware, excluding its conflicts of law provisions and any action arising out of or related to this Agreement shall be commenced solely and exclusively in the state or federal courts in Williamson County Tennessee.

24. This Agreement may be executed in counterparts, each of which is an original but all of which, together, shall constitute but one and the same instrument. The exchange of copies of this Agreement and of signature pages by facsimile, or by .pdf or similar electronic transmission, will constitute effective execution and delivery of this Agreement as to the parties and may be used in lieu of the original Agreement for all purposes. Signatures of the parties transmitted by facsimile, or by .pdf or similar electronic transmission, will be deemed to be their original signatures for any purpose whatsoever.

MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT

This Master Intergovernmental Cooperative Purchasing Agreement (this "**Agreement**") is entered into by and between those certain government agencies that execute a Principal Procurement Agency Certificate ("**Principal Procurement Agencies**") with National Intergovernmental Purchasing Alliance Company ("**National IPA**") to be appended and made a part hereof and such other public agencies ("**Participating Public Agencies**") who register to participate in the cooperative purchasing programs administered by National IPA and its affiliates and subsidiaries (collectively, the "**National IPA Parties**") by either registering on a National IPA Party website (such as www.nationalipa.org), or by executing a copy of this Agreement.

RECITALS

WHEREAS, after a competitive solicitation and selection process by Principal Procurement Agencies, a number of suppliers have entered into "**Master Agreements**" (herein so called) to provide a variety of goods, products and services ("**Products**") to the applicable Principal Procurement Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the National IPA Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency, subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

WHEREAS, in addition to Master Agreements, the National IPA Parties may from time to time offer Participating Public Agencies the opportunity to acquire Products through other group purchasing agreements.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. Each party will facilitate the cooperative procurement of Products.

2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency's procurement practices. The Participating Public Agencies hereby acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies' participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(h), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable "safe harbor" regulations, including but not limited to any and all obligations to fully and accurately report discounts and incentives.

3. The Participating Public Agency represents and warrants that the Participating Public Agency is not a hospital and is not purchasing Products on behalf of a hospital.

EXAMPLE

4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

6. The Participating Public Agency agrees the National IPA Parties may provide access to group purchasing organization ("**GPO**") agreements directly or indirectly by enrolling the Participating Public Agency in another GPO's purchasing program, including but not limited to Vizient Source, LLC, Provista, Inc. and other National IPA affiliates and subsidiaries; provided the purchase of Products through a National IPA Party or any other GPO shall be at the Participating Public Agency's sole discretion.

7. The Participating Public Agencies (each a "**Procuring Party**") that procure Products through any Master Agreement or GPO Product supply agreement (each a "**GPO Contract**") will make timely payments to the distributor, manufacturer or other vendor (collectively, "**Supplier**") for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

8. The Procuring Party shall not use this Agreement as a method for obtaining additional concessions or reduced prices for similar products or services.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a Procuring Party, and, to the extent permitted by applicable law, the Procuring Party shall hold non-procuring party harmless from any liability that may arise from the acts or omissions of the Procuring Party.

10. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THE NATIONAL IPA PARTIES EXPRESSLY DISCLAIM ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING ANY PRODUCT, MASTER AGREEMENT AND GPO CONTRACT. THE NATIONAL IPA PARTIES SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF THE NATIONAL IPA PARTIES ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, THE PROCURING PARTY ACKNOWLEDGES AND AGREES THAT THE NATIONAL IPA PARTIES SHALL

EXAMPLE

HAVE NO LIABILITY FOR ANY ACT OR OMISSION BY A SUPPLIER OR OTHER PARTY UNDER A MASTER AGREEMENT OR GPO CONTRACT.

11. This Agreement shall remain in effect until termination by a party giving thirty (30) days' written notice to the other party. The provisions of Paragraphs 6 - 10 hereof shall survive any such termination.

12. This Agreement shall take effect upon (i) execution of the Principal Procurement Agency Certificate, or (ii) the registration on a National IPA Party website or the execution of this Agreement by a Participating Public Agency, as applicable.

EXAMPLE

PRINCIPAL PROCUREMENT AGENCY CERTIFICATE

In its capacity as a Principal Procurement Agency (as defined below) for National Intergovernmental Purchasing Alliance Company ("National IPA"), [NAME OF PPA] agrees to pursue Master Agreements for Products as specified in the attached Exhibits to this Principal Procurement Agency Certificate.

I hereby acknowledge, in my capacity as _____ of and on behalf of [NAME OF PPA] ("Principal Procurement Agency"), that I have read and hereby agree to the general terms and conditions set forth in the attached Master Intergovernmental Cooperative Purchasing Agreement regulating the use of the Master Agreements and purchase of Products that from time to time are made available by Principal Procurement Agencies to Participating Public Agencies nationwide through National IPA.

I understand that the purchase of one or more Products under the provisions of the Master Intergovernmental Cooperative Purchasing Agreement is at the sole and complete discretion of the Participating Public Agency.

NATIONAL INTERGOVERNMENTAL PURCHASING ALLIANCE COMPANY EXHIBITS
EXHIBIT F- NATIONAL IPA ADVERTISING COMPLIANCE REQUIREMENT

Pursuant to certain state notice provisions, including but not limited to Oregon Revised Statutes Chapter 279A.220, the following public agencies and political subdivisions of the referenced public agencies are eligible to register with National IPA and access the Master Agreement contract award made pursuant to this solicitation, and are hereby given notice of the foregoing request for proposals for purposes of complying with the procedural requirements of said statutes:

Nationwide:

State of Alabama*	State of Hawaii	State of Massachusetts	State of New Mexico	State of South Dakota
State of Alaska	State of Idaho	State of Michigan	State of New York	State of Tennessee
State of Arizona	State of Illinois	State of Minnesota	State of North Carolina	State of Texas
State of Arkansas	State of Indiana	State of Mississippi	State of North Dakota	State of Utah
State of California	State of Iowa	State of Missouri	State of Ohio	State of Vermont
State of Colorado	State of Kansas	State of Montana	State of Oklahoma*	State of Virginia
State of Connecticut	State of Kentucky	State of Nebraska	State of Oregon	State of Washington
State of Delaware	State of Louisiana	State of Nevada	State of Pennsylvania	State of West Virginia
State of Florida	State of Maine	State of New Hampshire	State of Rhode Island	State of Wisconsin
State of Georgia	State of Maryland	State of New Jersey	State of South Carolina	State of Wyoming
District of Columbia				

Lists of political subdivisions and local governments in the above referenced states / districts may be found at http://www.usa.gov/Agencies/State_and_Territories.shtml and https://www.usa.gov/local-governments.

*Some public agencies and political subdivisions of these states may be restricted by state statutes that limit competition among cooperative purchasing organizations by only allowing use of purchasing cooperatives sponsored by certain National Associations.

New Year Holiday	Monday, December 31, 2018 Tueday, January 1, 2019

ATTACHMENT K – SUSTAINABILITY SPECIFICATIONS

California higher education schools have a long history of being leaders in sustainability, including in environmentally and socially responsible purchasing. For example, in 2007, the University of California expanded its UC Sustainable Practices Policy to include environmentally preferable purchasing. Among other directives, these policies advise the UC to:

- Determine the appropriate sustainability requirements to be included in RFPs,
- Recognize and value total cost of ownership, closed loop systems, and contribution to LEED credits when evaluating suppliers,
- Recognize recycled content and third party certifications, and negotiate better pricing on products with these recognized criteria where opportunities exist,
- Require suppliers to report quarterly on the UC's spend on environmentally preferable products,
- Require suppliers to document their packaging practices, verify compliance with the UC's packaging criteria, and work with its suppliers to establish end-of-life reuse, recycling, or "take-back" programs at no extra cost to the University

In addition, the *UC Sustainable Practices Policy* identifies green building design and operation standards, a zero-waste by 2020 target, a climate neutrality goal by 2025, and stringent water consumption reduction goals.

To further reductions in energy, water, and toxics use, and increase the purchase of recycled-content products, the following specifications are included as directed by the above policy. Vendors participating in the CHESS Maintenance Repair and Operations Solicitation shall strive to comply with all technical and environmental specifications provided herein.

1. **Labeling**
   Environmental benefit claims concerning products or services must be consistent with the Federal Trade Commission's Guidelines for the Use of Environmental Marketing Claims. In addition, products claiming environmental benefits shall include the industry standard it meets or third party certification it has received (see below list of preferred technical and environmental specifications) in the catalog product description. A copy of the certification claimed by the vendor must be supplied upon request if it is not publically available for verification. Products offered on this contract that contain recycled content shall list in the hosted and punchout catalogs the amount of recycled content, reflecting both total recycled content (TRC) and post-consumer recycled content (PCRC).

2. **Usage Reports**
   Vendors must submit quarterly usage reports for all purchases made on this contract in the format outlined in EXHIBIT – QUARTERLY REPORT. Many campuses report on progress towards meeting the goals set forth in their respective Environmentally Preferable Purchasing (EPP) policies, and any available data that can be reported on actual EPP purchases and their associated environmental, health, and fiscal impacts is beneficial for this purpose.

3. **Environmentally Preferable Products**
   Campuses may establish a preference for Environmentally Preferable Products (EPPs), adopt additional specifications for certain categories of products, and/or negotiate during the Contract term to permit the substitution or addition of EPPs to the Contract when such products are readily available at a competitive cost and satisfy the department's performance needs.

4. **Mercury Containing Products**
   The California Environmental Protection Agency regulates the disposal of mercury waste because mercury is toxic to people and to the environment. California law restricts the level of mercury in some products (such as general purpose lights and packaging), and bans the sale of other mercury-containing products outright (such as

mercury-containing thermometers, barometers, flow meters, etc.). Vendors must ensure that their processes for the selling, handling and disposing of products containing mercury meets all California mercury control laws: http://www.dtsc.ca.gov/HazardousWaste/Mercury_Reduction.cfm.

5. **Volatile Organic Compounds (VOCs):** Campuses seek to procure products that contain no or low amounts of Volatile Organic Compounds (VOCs), wherever feasible, including but not limited to furniture, flooring, paint, sealants, architectural coatings, and building materials. Vendor shall provide low- or no-VOC product options in the above categories. To the greatest extent possible, vendors shall offer and label products that are low emitting and that contain zero or low VOCs.

6. **Energy- and Water-Efficient Products:** For product categories where ENERGY STAR® -rated or WaterSense® certified products are available, the California Higher Education System Schools seek to focus their procurement efforts only on products with an ENERGY STAR® rating or WaterSense® certification, delivered with energy efficiency and conservation features enabled. Products in applicable categories shall be offered and labeled with ENERGY STAR and WaterSense programs.

7. **Recycled Content:** Products shall be provided and labeled that meet or exceed the minimum recycled-content specifications as outlined in the EPA's Comprehensive Procurement Guidelines: https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program#products. Product categories include construction products, landscaping products, office products, paper products, park and recreation products, transportation products, vehicular products, and other miscellaneous products.

8. **Packaging:** All packaging (including carrying cases, wrappers and wrapping films, bags, and tubs) and packaging components (such as inks, labels, dyes, pigments, adhesives, stabilizers, or any other additives) must be free of Expanded Polystyrene (EPS) and polyvinyl chloride (PVC), and compliant with the Toxics in Packaging Prevention Act (AB 455) as to be free of any intentionally introduced lead, cadmium, mercury or hexavalent chromium, and containing no incidental concentrations of these regulated metals greater than 100 parts per million (ppm) by weight. In addition, all packaging must have the option to meet at least one, and preferably more than one, of the criteria listed below.

    a. Uses bulk packaging.
    b. Uses reusable/returnable packaging.
    c. Uses innovative packaging that reduces the weight of packaging, reduces packaging waste, or utilizes packaging that is a component of the product.
    d. Maximizes recycled content
    e. Uses easily recyclable or compostable packaging.

9. **CHESS SUGGESTED Prohibited Products and Materials: (May vary by location)**
    a. *Aerosols* and products in aerosol containers

    b. Antimicrobials additives used in hand soaps, furniture coatings, and any other products.

    c. Bottled Water

    d. Compact Fluorescent Lamps (CFLs)

    e. Compost that includes any chromated copper arsenate (CCA) pressure treated wood products. Provide certification that wood products are free from CCA products or byproduct.

    f. Disinfectants and Sanitizers that contain known, suspected, reasonably anticipated, or probable human carcinogens per IARC, NTP or the State of California; reproductive toxins per the State of California;

Asthmagens per AOEC (listed with a G, Rs, Rrs or Rr designation); Nonylphenol ethoxylates or other alkyl phenol ethoxylates (APEs); Chlorine Bleach (Sodium hypochlorite), Hydrogen chloride (HCL), Phenols, Pine oil, Quaternary ammonium chloride compounds, Silver, or Thyme oil.

g. *Expanded Polystyrene (EPS)* other than that utilized for laboratory supply or medical packaging. Prohibited products include but are not limited to EPS in foodservice products, and packaging.

h. *Flashlights* that do not use an LED light source

i. Hand sanitizing wipes unless they contain ethyl alcohol or isopropanol active ingredients only

j. *Incandescent light bulbs* that are standard size (size A19)

k. *Pesticides* that are harmful to pollinators including the following Neonicotinoids: Imidacloprid, Clothianidin, Thiamethoxam, Acetamiprid, Dinotefuran.

l. *Polyvinyl chloride (PVC)* - Products shall be free of PVC whenever an alternative exists. PVC-containing products must be identified in catalogs.

m. *Prop 65 Chemicals* (known to cause cancer or birth defects or other reproductive harm) unless clearly identified and labeled on all products containing them.

10. **Vendor Must Make the Following Environmentally Preferable Products Available on the Contract:**

a. *Adhesives* that comply and are labeled with at least one of the following third-party certifications: Cradle to Cradle, Green Seal, SCS FloorScore, UL GREENGUARD Gold, UL EcoLogo, Carpet and Rug Institute (CRI) Green Label Plus

b. *Batteries* with rechargeable nickel metal hydride (NiMH) that are low-self discharge and are delivered pre-charged in the following battery sizes: AA, AAA and D. All batteries shall have a minimum power rating in milliamp hours (mAh) as follows:
   i. AAA batteries: 700 mAh
   ii. AA batteries: 2000 mAh
   iii. C batteries: 2200 mAh
   iv. D batteries: 2200 mAh
   v. 9-volt batteries: 175 mAh
   vi. All chargers must be Energy Star

c. *Disinfectants and Sanitizers* that contain only Hydrogen Peroxide (including Accelerated Hydrogen Peroxide), Citric Acid, Lactic Acid, or Caprylic Acid as active ingredients.

d. *Electric Hand Dryers* that meet the following specifications:
   i. Ability to dry hands in 15 seconds or less with maximum 135 degree Fahrenheit air
   ii. Operate at a sound level of less than 80 dBA
   iii. Energy consumption should match NEC or CEC requirements.
   iv. Adherence to ADA protrusion requirements
   v. Internal air filtration

e. *Hydraulic Fuel and Lubricating Oil* that meets the following specifications:
   i. Hydraulic fluid contains a minimum of 55% re-refined base stock and/or certified by EcoLogo CCD-068 and listed in the USDA BioPreferred Catalog

ii. Lubricating oil containing a minimum of 75% re-refined base stock or certified by EcoLogo CCD-054 or Green Seal-3

f. *Luminaires and light bulbs* that are LED, high-efficiency and CEC code compliant.

g. *Motors* that are certified with the National Electronic Manufacturers Association's (NEMA) Premium Energy Efficient Motors Program.

h. *Paint products* that are certified by Green Seal and the Master Painter Institute (MPI) under its Green Performance Standards; and reprocessed and/or re-blended paint products with a minimum of 10% post-consumer recycled content paint, CARB compliant, and a total recycled content of 50%, that meet the specifications of conventional paints used for the same applications.

i. *Plastic Lumber* that conforms to standard wood dimensional lumber sizing, contains UV inhibitors and is consistent in color and nominal dimension(s) through the entire profile, contains a minimum of 90% total recovered materials, at least 25% of which must be post-consumer plastic. All plastic lumber must be guaranteed against undue warping, sagging, cracking, splitting, rotting, and insect infestation for a minimum of ten (10) years.

j. *Pesticides* that contain only active ingredients listed on the EPA's list of Active Ingredients Allowed in Minimum Risk Pesticide Products: http://www.epa.gov/minimum-risk-pesticides/active-ingredients-allowed-minimum-risk-pesticide-products or are listed on the 2015 San Francisco Reduced-Risk Pesticide List: http://www.sfenvironment.org/sites/default/files/fliers/files/sfe_reduced_risk_pesticide_list_2015_finaldraft.pdf

k. *Powered cleaning equipment* that meets the following specifications:
   i. Is equipped with controls or other devices for capturing and collecting particulates;
   ii. Operates at a sound level less than 70 dBA;
   iii. Floor Maintenance equipment: has low-emission engines certified by the California Air Resources Board under the Small Off-Road Engines or Equipment (SORE) program and is equipped with catalytic and exhaust monitoring systems;
   iv. Scrubbers: are equipped with a control method for variable rate dispensing to optimize the use of cleaning fluids;
   v. Steam Cleaners: use a dry steam application and steam heat to a minimum 200 degrees F.

l. *Roofing Materials* that are ENERGY STAR certified, approved by the Cool Roof Rating Council (CRRC), and made with recycled materials

m. *Solvents and Degreasers* certified by Green Seal.

n. *Sorbents* that contain 100% total recycled content (compliant with EPA's Comprehensive Procurement Guidelines for Sorbents: http://www.epa.gov/osw/conserve/tools/Comprehensive Procurement Guidelines/products/sorbents.htm), or USDA-certified biobased.

   a. *Wood Lumber* that is FSC Certified.

11. **Additional Market Basket Pricing**
During the life of the contract, the University reserves the right to negotiate the addition of new environmentally preferable products into the market basket for the most preferential pricing.

ATTACHMENT L – CAMPUS MATRIX

Matrix below is completed for reference purposes only, based on those location who have Supplier-Managed Inventory (SMI), Vending Machines (VM), and a listing of the E-Procurement system currently used. MRO Primary Distributor is to provide a transition plan to the locations listed below for SMI and VM.

ATTACHMENT M – UC LOCAL SMALL BUSINESS OPT-IN SOLUTION (BETA)

1. **OBJECTIVE**: Allow UC San Diego campus to use the sourcing event to introduce local Small Business (SB) or Disabled Veteran Business Enterprise (DVBE). Responsibility of UC San Diego Campus to score, evaluate, and award local agreement.
    a. Process Outline:
        i. Local campus to support the solicitation efforts by communicating and advertising the SB and DVBE opportunity.
        ii. SB and DVBE Responsibility:
            1. Participate in the BETA opportunity with campus
            2. Provide SB/DVBE Certification
            3. Complete a Price Analysis Workbooks
            4. Complete Category Discounts
            5. Respond to Questions in RFx
        iii. UC San Diego Campus Responsibility
            1. Score SB/DVBE Supplier(s) responses specifically to campus location
            2. Separately Evaluate SB/DVBE responses for UC Location
            3. Provide local award for SB/DVBE for your UC Location
                a. This process will be completely separately from the system solution.
                b. Timeline for scoring, evaluating, awarding is to be derived by UC campus and shared with SB/DVBE.
                c. Spend allocation is to be derived by UC Campus location and its local SB/DVBE goals and objectives.
    b. The UC San Diego Campus will evaluate responses in their entirety and determine award based on the most advantageous.

2. **ANNUAL SPEND**:

CAMPUS LOCATION	PAST 12 MONTH MRO SPEND
UC SAN DIEGO	$4,966,647.00

3. **SB/DVBE SUPPLIER REQUIREMENTS**: Supplier will not be required to provide services or goods to campuses or entities other than UC San Diego. If supplier does choose to supply those other entities listed in 1.1 Master Agreement, supplier will be expected to make available the terms, conditions and pricing to those other entities.
    a. Ecommerce: Supplier must be able to provide a hosted catalog through the Jaggaer/Sciquest platform.
    b. Invoicing:
        i. The Supplier shall submit invoices through Transcepta. UCSD is transitioning our suppliers to the most efficient procure-to-pay process. As part of this transition, we are phasing out all of our paper-based processes, including invoices. This will greatly reduce our invoice process time, costs around mailings and postage, and allow us to optimize our payment methods, which will help us all in our sustainability efforts.
        ii. In order to receive and process your invoices in the most efficient way possible, UCSD has joined the Transcepta Electronic Invoicing Supplier Network. As a University of California supplier, you pay NO FEES to participate. Registration and connection with Transcepta takes only a few minutes of your time and there are no requirements to change your existing systems, invoice formats, or engage in IT-intensive projects.
        iii. For more information and/or assistance with enrollment in the Transcepta Network, please contact the Transcepta Supplier Connection Team at ucsd.info@transcepta.com or 949-382-2841. If you have questions specifically for UC San Diego including payment options, contact us via email disbursements@ucsd.edu.
    c. Payment Terms: UC San Diego payment terms are Net 30. Funds will be issued via virtual payment card.
    d. Exclusions: None of the National IPA or CHESS specific requirements apply to those suppliers that may be awarded as small business suppliers for UC San Diego for the UC San Diego portion of their contract. Unless otherwise noted, all other requirements and provisions apply.

EXHIBIT 1 – SUPPLIER REGISTRATION PROCEDURES

GEP Registration is FREE and REQUIRED for all Suppliers.

EXHIBIT 4 - CHESS REQUIREMENTS

1. HOURS OF SERVICE:

   1.1. REGULAR HOURS are between 6:00 AM and 6:00 PM, Monday through Friday, excluding holidays.

   1.2. AFTER HOURS is after 6:00 PM and prior to 6:00 AM, Monday through Friday.

   1.3. WEEKENDS are anytime Saturday or Sunday.

   1.4. HOLIDAYS are CHESS Holidays (See CHESS holiday schedule attachment).

   1.5. Services shall be available 24 hours per day, 7 days per week, 365 days per year.

   1.6. Supplier shall provide 24 hours per day, 7 days per week, 365 days per year telephone access, and respond to a call for services within thirty (30) minutes of receipt.

2. RESPONSE TIMES:

   2.1. During REGULAR HOURS, AFTER HOURS, WEEKEND or HOLIDAYs, Supplier shall respond within four (4) hours of receipt of a request.

   2.2. If the request is designated by the CHESS as an EMERGENCY, the Supplier shall respond within two (2) hours of receipt of request regardless of the time of day, WEEKEND or HOLIDAY.

3. CONTRACTOR REQUIREMENTS:

   3.1. Contractor(s) shall supply all labor, supervision, materials, tools, equipment, and effort necessary to perform the Scope of Work presented.

   3.2. The Contractor's service truck fleet and/or warehouse shall carry sufficient supply of repair parts and equipment to perform services per Scope of Work presented.

   3.3. The Contractor agrees to utilize only experienced, responsible and capable people in the performance of the work.

   3.4. All employees of the Contractor shall wear a company uniform identified with the company name consisting of a minimum of one of the following:

      3.4.1. Shirt/blouse

      3.4.2. Vest

      3.4.3. Cap

   3.5. No one except authorized employees of the Contractor is allowed on the premises of CHESS. Contractor's employees are NOT to be accompanied in their work area by acquaintances, family members, assistants, or any other person unless said person is an authorized employee of the Contractor.

   3.6. The Contractor shall perform the work in a way to minimize disruption to the normal operation of building occupants. Upon completion of work the Contractor shall clean and remove from the job site all debris, materials and equipment associated with the work performed.

   3.7. Contractor shall adhere to all regulations, rules, ordinances, and standards set by Federal, State, County, and Municipal governments pertaining to safety on the job site.

4. EMPLOYEE BACKGROUND CHECK:

   4.1. A background check is required for all employees providing any services to CHESS. Any occurrence found during background check is to be provided to Participating Agency for approval, prior to placement.

5. SMALL BUSINESS

5.1. Supplier(s) must have the capability to provide a small business solution. Provide Supplier(s) capabilities in the Capabilities section in the questions.

5.2. Additional points will be made available to those suppliers able to provide Small Business and/or Disabled Veteran Business Enterprise (DVBE) solution.

5.3. California based Participating Entities have a minimum of 25% Small Business participation spend. CHESS is looking for an agreement that would allow this targeted goal. CHESS reserves the right to source certain MRO supplies to small business, who are able to meet the spend requirement.

6. ONLINE/ECOMMERCE PRESENCE

6.1. Supplier(s) must have an online capability with contracted pricing for MRO goods being purchased. Full capabilities of this is to be outlined in questions of solicitation.

7. IN-STORE OR STOREFRONT

7.1. Supplier(s) must have an in-store or storefront presence to allow CHESS or Participation Agency the ability to pick up items that may be on emergency or as needed basis.

Executive Summary

Grainger is pleased to present UC Systems, CHESS and National IPA with an RFP system wide response which will provide insights on how enhancing our partnership with Grainger will help you to continue to leverage your higher education purchasing power while supporting the current momentum you have created for improvement and change across your business. We are focused on creating a more efficient operating model that supports standardization, and consolidation for your MRO spend with an experienced supplier. We have a proven track record of successful product implementations and superior performance and delivery. We strive for continuous improvement to drive cost optimization and welcome aligning our efficient practices to support UC, CHESS and National IPA program initiatives.

Our people, products and processes focus on continuous improvement to ensure CHESS and National IPA customers receive the highest quality solutions with the most value added services. Grainger will demonstrate that we have the ability to deliver a wide range of competitively priced products and industry-leading solutions to enhance your current systems and provide reporting to ensure ongoing partnership value year over year.

Company Profile

Not all distribution models are equal. It's about how we get it done. We understand that you want to leverage your higher education purchasing power and that you have institution needs which must be fulfilled without delay. Grainger has the services, products and dedicated resources aligned to your locations for all your planned and unexpected needs. Furthermore, with over $1.3 billion in on-hand inventory, our branches and DCs can **tailor their inventory to CHESS and National IPA entity location preferences** and actual product demand to ensure continued product availability.

Our dedicated Government vertical focus helps Grainger excel at understanding CHESS and National IPA needs by building a strategy specifically around Higher Education and investing in continuous training for aligned Government Account Managers. With over 500 dedicated Government Sales Managers, our teams help Education customers reduce operational costs. In 2017, Grainger's Government sales teams had **over 65,000 "touches"** with in person meetings, emails, webinars, supplier demonstrations, Business Reviews, training, technical support, consulting and safety assessments to service and support our government customers. Our team is highly committed to providing you with more ways to streamline procurement to reduce costs and achieve your objectives while meeting industry requirements and regulations.

Capabilities

Grainger is ranked the number one eRetailer in the MRO industry and has the most comprehensive platform of eCommerce, mobile apps and eProcurement offerings in the industry. Our eCommerce team has received awards as a result of our eCommerce focus, including the Internet Retailer magazine's B2B E-Commerce as the **Website Design of the Year Award** in 2016. Grainger continues to make it easy for users to order MRO product from Grainger wherever they are, and on their preferred platform.

Our eCommerce capabilities provide a wide variety of electronic integrated solutions, including our current punch out catalog which can significantly reduce procurement and processing costs. We are flexible enough to meet the varying needs of CHESS and National IPA entities while complying with all legal requirements.

Providing small and disadvantaged businesses opportunities to assist in meeting public sector MRO procurement requirements and small business goals is integrated into our business plans and strategy. We acquire product from diverse suppliers. Our distributor alliance reseller program provides frontline service to public agencies. We assist both diverse suppliers and the distributor alliance resellers in gaining insight and experience in the MRO market and in responsibilities associated with public sector budgets, operations and compliance. Grainger relies on small and disadvantaged suppliers of goods and services to run our business.

We remain a steadfast partner delivering expeditious response and proven reliability in emergencies. Our supplier relationships and supply chain capability assures that product is directed to where and when it is needed. Grainger's reliability, expertise and experience in Continuity and Emergency Response results from participating in first responder and emergency management agency planning exercises. We commit resources throughout all stages of disaster and emergencies. In any emergency, large or small, our pricing and services remain as provided in the contract.

Sustainability

Our commitment to sustainability and green initiatives is reflected in access to 72,000 products and expertise that assists in determining the right green substitute. Grainger holds itself to corporate- wide sustainability efforts that are reported annually. 17 Grainger facilities have been built with or retrofitted to include building management systems, solar panels, green roofing, energy efficient plumbing for a footprint of over 4.1 million square feet of LEED certified space. Our DC network recycling efforts has increased each year to equal 84.8% recycling efforts. The effort includes four distribution centers recently retrofitted with building management systems.

Grainger earned a spot on Newsweek's 2016 list of America's Greenest Companies. Newsweek ranks companies according to their corporate sustainability efforts and environmental practices. Stewardship for the environment and managing our business processes and facilities consistent with sustainable practices is a key priority for Grainger. Our Website, Grainger.com/sustainability, provides details on how we are meeting our commitments along with our policies.

Value Add

Grainger's offer is drawn from actual experience with Higher Education and is available nationwide and encompasses all categories. It presents access to our extensive catalog at competitive pricing and meaningful incentives. As part of Grainger's 2017 strategic pricing initiative, Grainger introduced Contract Reference Prices ("CRP") as the new basis for its contract customer pricing. Grainger's CRP prices are market-based and lower than Grainger's historic List Prices. Because CRP prices are lower than Grainger's prior List Prices, contract category discounts are also lower. As a result, a larger category discount percentage offered by a competitor may not yield a lower product price. Our pricing offer for CHESS and National IPA includes contract incentives, a fixed category discount structure tied to CRP, prepaid standard ground shipping, product warranties, inventory management solutions, and market basket pricing that is firm for 12 months.

Grainger's strategic relationships with our suppliers allow us to provide competitive offers to our customers to meet their procurement objectives. Our proposal submission for this RFP includes the following incentives for CHESS and National IPA:

- ✓ Base Discount Program
- ✓ Category Discounts
- ✓ Incremental Growth Incentive
- ✓ Grainger Choice Incentive
- ✓ Green Product Incentive
- ✓ Freight and Payment Terms

Inventory management is not a "one size fits all" solution. Grainger takes a **customer-centric approach,** offering solutions aligned with specific entity needs. Grainger offers a variety of options customized to provide efficiencies and operational savings. By working together, we can help identify your inventory challenges, determine where and how your inventory is used, and develop a solution that best fits your needs.

Marketing / Sales

Grainger serves all agencies, small, medium and large, across all public sector jurisdictions. Our resources are available and structured for each - the breadth of our $1.3 billion in US inventory, 1.6 million product (SKUs), 13 Distribution Centers with 16.5 million square feet and 249 US branch locations, each carrying nearly $1 million of inventory. An experienced, technical support team with in-depth knowledge is but part of Grainger investment in team member skills, experience and vitality and serves all agencies.

A seamless implementation plan will support CHESS and National IPA as well as new entities across all 50 states. Grainger will utilize a combination of communications and marketing programs, to drive contract awareness, demonstrate contract value, and promote a call to action towards existing CHESS and National IPA customers, potential new customers, industry experts, strategic business partners, and internal Grainger resources within the first 90 days of the award date.

Furthermore, Grainger will collaborate with CHESS and National IPA to mutually align communication channels, messaging content, and delivery targets to demonstrate a strong partnership across our organizations when marketing the CHESS and National IPA contract.

Administration

Grainger's offering extends beyond core compliance obligations associated with public sector agencies. Grainger

has a Global Compliance Team lead by the Chief ethics and Compliance Officer comprising of US based and global compliance professionals. Employee training, including a mandatory annual ethics curriculum addressing the government sector, is integral to our compliance program. Grainger's SAP Enterprise Resource Planning (ERP) platform provides agency driven requirements that assist internal oversight and supervision.

The Grainger team is confident that enhancing our partnership to the next level will allow you to strengthen your business and achieve long term success. We remain committed in earning your important business and look forward to next steps.

Sincerely,

Pankil Desai

REQUEST FOR PROPOSAL FOR MAINTENANCE REPAIR AND OPERATION SUPPLIES, AND RELATED PRODUCTS AND SERVICES (National IPA)

1.0 INTRODUCTION, BACKGROUND AND INTENT:

1.1 MASTER AGREEMENT

University of California Office of the President (UCOP) (herein "Principal Procurement Agency" on behalf of itself, California State University (CSU), California Community Colleges (CCC) represented by Foundation for California Community Colleges (FCCC) and all states, local governments, school districts, and higher education institutions in the United States of America, and other government agencies and nonprofit organizations (herein "Participating Public Agencies") is soliciting proposals from qualified Suppliers to enter into a Master Agreement for a complete line of **Maintenance, Repair and Operating (MRO) Supplies & Related Products and Services** (herein "Products and Services"). Moving forward, all three organizations UC, CSU, CCC will be referenced as California Higher Education Strategic Sourcing (CHESS).

1.2 OBJECTIVES

A. Provide a comprehensive competitively solicited Master Agreement offering Products and Services to Participating Public Agencies.

B. Establish Master Agreement, with a Five (5) year term and two one (1) year options, as a Supplier's primary offering to Participating Public Agencies.

C. Achieve cost savings for Suppliers and Participating Public Agencies through a competitive solicitation process that eliminates the need for multiple bids or proposals.

D. Combine the volumes of CHESS and Participating Public Agencies to achieve cost effective pricing;

E. Reduce the administrative and overhead costs of Suppliers and Participating Public Agencies through state of the art ordering and delivery systems.

F. Provide Participating Public Agencies with environmentally responsible products and services.

G. Small Business and/or Diverse Solution available to comply with those campuses required to meet Participating Entity obligations. A BETA solution is outlined in Attachment M.

H. The goal of the RFP is to establish a national contract(s).If Suppliers are unable to propose a national program due to conflicts with legal obligations or coverage area, Supplier may indicate so and propose a regional or direct solution. CHESS will evaluate responses in their entirety and determine award based on the most advantageous.

1.3 GENERAL DEFINITION OF PRODUCTS AND/OR SERVICES

Suppliers are to propose the broadest possible selection of MAINTENANCE, REPAIR, OPERATIONS SUPPLIES, AND RELATED PRODUCTS AND SERVICES they offer.
The intent of this solicitation is to provide Participating Public Agencies with a comprehensive offering of products and services to meet their various needs. Therefore, the Proposers should have demonstrated experience in providing the Products and Services as defined in this RFP, including but not limited to:

1.3.1 **Maintenance, Repair, Operations (MRO) Supplies and Related Services** – A complete and comprehensive offering of MRO supplies such as but not limited to appliances, material handling repairs, air filters, batteries, electrical, fasteners, hand tools, HVAC, lighting, lamps, ballast, fixtures, material handling repairs, motors, outdoor equipment, paint and equipment

supplies, plumbing, pneumatic tools, power tools and accessories, safety, security, welding and soldering, public safety and any other miscellaneous MRO supplies offered by Supplier. Also include sourcing options for items not readily available.

1.3.2 **Related Products and Services–** A complete range of related products and services offered by Supplier including, but not limited to, supplier-managed inventory, vending machines, storehouse analytics, inventory management, safety training, and any other related services.

1.4 National Contract Requirements

University of California (UC), as the Principal Procurement Agency, as defined in Attachment C, has partnered with the National Intergovernmental Purchasing Alliance Company ("National IPA") to make the resultant contract (also known as the "Master Agreement" in materials distributed by National IPA) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through National IPA's cooperative purchasing program. University of California (UC) is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with National IPA as a Participating Public Agency in National IPA's cooperative purchasing program. Attachment C contains additional information on National IPA and the cooperative purchasing agreement.

National IPA is a subsidiary of OMNIA Partners which provides shared services and supply chain optimization to government, education and the private sector. As a channel partner with Vizient (formally, Novation), National IPA leverages over $100 billion in annual supply spend to command the best prices on products and services. With corporate, pricing and sales commitments from the Supplier, National IPA provides marketing and administrative support for the Supplier that directly promotes the Supplier's products and services to Participating Public Agencies though multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and competed. The Supplier benefits from a contract that allows Participating Public Agencies to directly purchase goods and services without the Supplier's need to respond to additional competitive solicitations. As such, the Supplier must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Supplier and respond to the National IPA documents (Attachment C).

The University of California (UC) anticipates spending approximately $250 million over the full potential Master Agreement term for Maintenance Repair and Operations (MRO) Supplies and Related Services. While no minimum volume is guaranteed to the Supplier, the estimated annual volume of Maintenance Repair and Operations (MRO) Supplies and Related Services purchased under the Master Agreement through National IPA is approximately $500 million. This projection is based on the current annual volumes among the University of California (UC), other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through National IPA, and volume growth into other Public Agencies through a coordinated marketing approach between the Supplier and National IPA.

1.5 INTENT:

The Respondent(s) shall have a strong national presence for a vast array of supplies and equipment necessary for maintenance and repair in residential, commercial and industrial environments for use by various public entities nationwide.

Responses shall be for MRO and Related Products and Services. Suppliers are not required to respond to all categories. Below are the two methods in which Supplier(s) can respond:

1.5.1 **MRO Primary Distributor**: In order to be considered, Supplier(s) needs to respond to a minimum of ***14 categories*** listed in Attachment A-1 Pricing Analysis Workbook. One of the categories **required** to complete will be in the tab called "Non-Standard". This category will be used to evaluate infrequent orders. The Non-Standard category

will be evaluated on cost and sourcing capabilities.

1.5.2 **Individual Category:** Suppliers interested in only individual categories have an option to submit a response for evaluation. ***Responses for individual categories must meet a minimum of 70% of items listed*** in that category with either exact match or equivalent. Suppliers submitting for individual categories will be evaluated amongst all other equivalent category responses.

UC intends to award a contract in whole, however, UC reserves the right to award in whole or in part, by item or group of items, by section or geographic area, or make multiple awards, where such action serves UC best interest. The term of the Master Agreement will be for five (5) years with two (1) year options to extend.

2.0 SCOPE OF WORK:

2.1 MAINTENANCE REPAIR AND OPERATIONS (MRO) SUPPLIES AND RELATED SERVICES:

A complete and comprehensive offering of MRO supplies such as but not limited to appliances, material handling repairs, air filters, batteries, electrical, fasteners, hand tools, HVAC, lighting, lamps, ballast, fixtures, material handling repairs, motors, outdoor equipment, paint and equipment supplies, plumbing, pneumatic tools, power tools and accessories, safety, security, welding and soldering, public safety and any other miscellaneous MRO supplies offered by Supplier.

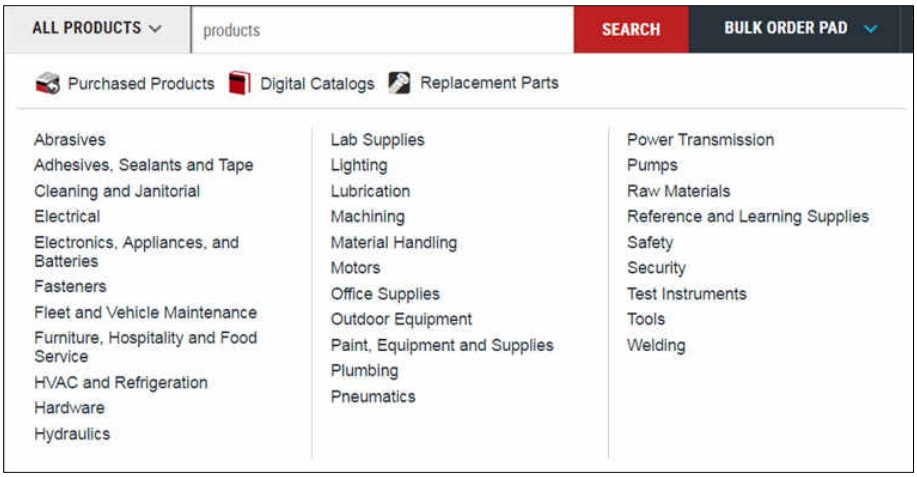
In addition, Supplier is to propose any related services to MRO currently being offered.

2.2 RELATED PRODUCTS AND SERVICES:

2.2.1 Any related products and services offered by Supplier. All details of the related products and services available by Supplier are to be provided in the question section.

2.2.2 Products used in performing these services shall be procured under the awarded contract, at contract prices.

2.3 PRODUCTCATEGORIES:



This Solicitation is to establish a nationwide purchasing agreement for the acquisition of the following products. The category descriptive examples below are not to be considered restrictive, but rather, provide a general, non-inclusive, description of the category. These are standard use in the residential, commercial environments. Your firm may not have the ability to provide all categories and can propose individual categories for evaluation. Evaluation analysis for individual categories proposed will be compared to all other Supplier(s) responding to exact individual category.

All products offered shall be new, unused and of the latest design and technology.

Grainger confirms all products will be new, unused and of the latest design and technology

The intent is for each Supplier to submit their complete product line so that Participating Public Agencies may order a wide array of product as appropriate for their needs. The categories outlined, below are some of UC primary interest. It is encouraged that Supplier(s) add/enhance to the list provided in ATTACHMENT A – PRICING to further define a complete product line from Supplier. Supplier(s) have the option to add as many categories applicable which encompass the MRO category. Primary categories used for evaluation are listed below:

Grainger's General Catalog and Grainger.com carries **over 1.6 million total products** from **more than 5,100 manufacturers and suppliers** in the following categories:

2.3.1 CATEGORY 1: ADHESIVES, SEALANTS AND TAPE

Caulks, Concrete & Asphalt, Dispensing Guns, Glues & Cements, Putties, Tapes, Thread & Gasket Sealants.

2.3.2 CATEGORY 2: AIR FILTERS

HVAC filters which include but are not limited to the following types: V-Bank, Pleated, Antimicrobial, Cube Filter, HEPA Filter, Pocket Air, Cartridge, Carbon, Three Ply, and all other applicable building filters.

2.3.3 CATEGORY 3: BATTERIES

Alkaline, Lithium, Coin, and Standard batteries as an example but not limited to: AA, AAA, AAAA, C, D, 9V, 2032, 123, 223 and all other applicable.

2.3.4 CATEGORY 4: ELECTRICAL

Batteries, Circuit Breakers, Conduit, Electrical Tape, Enclosures, Fuses, Outlet Boxes, Power Cords, Pushbuttons, Raceways, Receptacles, Relays, Soldering, Solenoids, Starters, Surge Suppressors, Timers, Transformers, UPS Systems, Wire, Wire Management.

2.3.5 CATEGORY 5: FASTENERS

Anchors, Bolts, Braces & Brackets, Door Hardware, Door Locks & Deadbolts, Hooks, Hydraulic Seals, Keyless Access Locks, Keystock, Lanyards, Measuring Equipment, Nails, Nuts, O-Rings & O-Ring Kits, Pins, Retaining Rings, Rivets, Screws, Spacers & Standoffs, Springs, Staples, Thread Inserts, Washers.

2.3.6 CATEGORY 6: HAND TOOLS

Hand-held (Electric, Battery, or Pneumatic-operated), including Accessories, Automotive type Tools, Welding Equipment, Testing and Measuring Tools, Carts and Hand Trucks, Work Benches, Tool Cabinets, Ladders, and all Ancillary Supplies and Components.

2.3.7 CATEGORY 7: HVAC AND REFRIGERATION

Air Circulators & Fans, Air Cleaners, Air Conditioning, Air Filters, Blowers, Central Equipment, Dehumidifiers, Exhaust Fans, Evaporative Coolers, Heaters & Accessories, Humidifiers, HVACR

Controls, Power Roof Ventilators, Refrigeration, Shutters/Dampers, Thermostats, Tubeaxial Fans.

2.3.8 CATEGORY 8: LIGHTING, LAMPS, BALLAST, FIXTURES

Ballasts, Batteries, Cord Reels, Dimming Controls, Dock Lights, Exit Signs, Fixtures, Flashlights, Hand Lamps, Jobsite Lighting, Lamps, LED Lighting, Machine Tool Lights, Recycling Kits, Track Lighting, Troffers.

2.3.9 CATEGORY 9: MATERIAL HANDELING

Cabinets, Carts & Trucks, Casters, Conveyors, Drums & Docks, Hoists/Winches & Rigging, Ladders, Mounts & Vibration Control, Packaging & Shipping, Scaffolding, Tarps.

2.3.10 CATEGORY 10: MOTORS

Bearings, Belts, Brakes/Clutches, Bushings, Chain, Couplings, Definite-Purpose Motors, Gear Motors, General-Purpose Motors, HVAC Motors, Linear Motion, Pulleys, Pump Motors, Sheaves, Speed Reducers, Sprockets, Vacuum Motors, Vibrators.

2.3.11 CATEGORY 11: OUTDOOR EQUIPMENT

Cranes, Creepers, Insect Control, Jacks, Lawn Maintenance, Lift Equipment, Master Sets, Oils, Rakes, Shovels, Sprinklers, Tool Storage, Water Hoses, Wheelbarrows, and any other applicable items. Landscape Equipment (Gasoline and Electric), Shovels, Rakes, Axes, Hoes, Hoses, Nozzles, Insect Control, Herbicides, Fertilizers, Plants, Trees, Sprinkler/Irrigation Equipment and Supplies and all Ancillary Supplies, Tools, and Components.

2.3.12 CATEGORY 12: PAINTS EQUIPMENT AND SUPPLIES

All types of Paints, Equipment and Supplies, Brushes, Rollers, Spray Equipment, Aerosol Paints, Pressure Washers, Sand Blasters, Finishes, Abrasives, Epoxy, Cleaners, Drywall Supplies, Tarps, Compounds, Accessories, and all Ancillary Supplies, Tools, and Components.

2.3.13 CATEGORY 13: PLUMBING

Air-Operated Diaphragm Pumps, Centrifugal Pumps, Faucets, Flowmeters, Fuel & Oil Transfer Pumps, Pipe/Valves/Fittings, Positive Displacement Pumps, Sinks, Sump/Sewage Pumps, Toilets, Tubing, Urinals, Water Coolers, Water Filtration, Water Heaters, Water System Pumps, Kitchen Sink.

2.3.14 CATEGORY 14: PNEUMATIC TOOLS

Adapters, Air Compressors, Clamps, Couplings, Cylinders, Dryers, Filters, Filter Regulator Lubricants, Fittings, Hoses, Hose Reels, Hydraulic Motors & Gear Pumps, Hydraulic Pumps & Cylinders, Lifting, Motors, Oil Coolers, Power Units, Pumps, Regenerative Blowers, Tools, Vacuum Pumps, Valves.

2.3.15 CATEGORY 15: POWER TOOLS AND ACCESSORIES

Electric or gas operated, mobile or stationary, bench or floor mounted, including accessories, and all ancillary supplies and components. Some examples include Band Saws, Circular Saws, Cordless & Corded Drills, Cordless Tool Batteries & Chargers, Drill Presses, Dust Collectors, Grinders & Cutoff Tools, Hammer Drills, Impact Drivers & Wrenches, Lathes, Metal Forming Machinery, Reciprocating Saws, Rotary & Demo Hammers, Routers.

2.3.16 CATEGORY 16: SAFETY

Emergency Preparedness, Facility Safety, Fire Protection, First Aid, Identification, Industrial Safety, Instrumentation, Personal Protective Equipment, Safety Storage, Spill Control & Containment, Traffic Safety.

2.3.17 CATEGORY 17: SECURITY

Door and Door Frames, Key Control & Identification, Mailboxes, Padlocks, Replacement Parts, Safes, Security Alarms and Warnings, Self Defense, Specialty Locks, Video Surveillance.

2.3.18 CATEGORY 18: WELDING AND SOLDERING

Abrasives, Arc Welding, Blankets, Curtains & Pads, Drill Bits, End Mills & Milling Cutters, Fume Extraction, Gas Welding, Taps & Dies, Inserts, Machine Tool Accessories, Precision Measuring, Welding Accessories.

2.3.19 CATEGORY 19: NON-STANDARD

Items that are currently purchased by CHESS that can be considered Non-Standard for some catalog SKUs with less purchase frequency.

Grainger's sourcing team procures MRO Materials and supplies products and related services not found in the Grainger General Catalog. Grainger's sourcing team leverages Grainger's buying power for miscellaneous MRO products and services and provides customers with a total cost solution for acquiring infrequently ordered items. Through this channel, Grainger provides quick access to **over 6,500 suppliers** and more than **five million products and services beyond the Grainger catalog** offering. Additionally, this channel provides access to line extensions (non-Grainger General Catalog product from Grainger General Catalog suppliers) and some discontinued product catalog lines.

Grainger sourcing team accomplishes this through:

- A centralized, dedicated, and experienced team to quote and manage orders.
- An expanded assortment through a large supplier network of manufacturers and distributors. This generally includes:
  - ✓ Expanded offering from core (Catalog) suppliers
  - ✓ Products from non-core suppliers
  - ✓ Custom products
  - ✓ Select services
  - ✓ Shipping orders directly from suppliers to Grainger customers

Grainger's sourcing team will continue its current practice of providing UC System customers with access to non-standard items as described in Category 19 above.

2.4 ADDITIONAL PRODUCT CATEGORIES OF INTEREST TO CHESS:

2.4.1 CATEGORY 1: APPLIANCES

Large Appliances: Refrigerators, Washers, Dryers, Dishwashing Machines, Stoves, Cooktops, Range Hoods and Ovens; Small Appliances: Mixers, Toasters, Microwave Ovens, Food Processors, Disposals, Trash Compactors, and all Ancillary Supplies, Tools, and Components.

2.4.2 CATEGORY 2: BUILDING MATERIALS

Lumber (Dimensional and Timber), Millwork, Roofing, Siding, Plywood, Paneling, Hardwood, Trim, Molding, Fencing, Decking, Gates, Brick, Block, Doors, Windows, Bagged Goods (Concrete, Mortar, Sand, or Asphalt), Drywall, Rebar, Acoustical Tiles, Rain Gutters, Garage Door Openers, Insulation,

and all Ancillary Supplies, Tools, and Components.

2.4.3 CATEGORY 3: PUBLIC SAFETY

Access Barriers and Crowd Control, Police and EMT Uniforms, Security Management and Law Enforcement, Two Way Radios and Police Scanners, Detectors, Scanners, and all Ancillary Supplies.

2.5 PRODUCTORDERING:

2.5.1 Suppliers complete product line (Wholesale or Retail) shall be available for ordering 24/7.

2.5.2 Products may be ordered by any of the following methods:

- E-procurement (Jagger/SciQuest, Perfect Commerce, Peoplesoft, ESM, and others) Attachment L – Campus Matrix defines locations and systems in use.
- Internet/Online Store
- Will Call (Phone or FAX order)
- POS (Point-of-sale)

Grainger offers CHESS Participating Entities multiple ordering methods:

1. **Grainger.com** online ordering catalog
2. Toll Free phone
3. Email / Fax
4. Branch Location (Will Call, POS)
5. eProcurement (Hosted or Punch-Out shopping and electronic transactions, Jagger/SciQuest, Perfect Commerce, Peoplesoft, ESM, and others).
6. KeepStock® (inventory management solutions) at the customer's workplace
7. Mobile Offering
8. ePro Mobile

2.6 PRODUCTPRICING

Pricing shall be a fixed percentage (%) off catalog/list pricing by Product Category. Please make sure to elaborate your proposal details and structure in the section of CAPABILITES in the questions.

2.6.1 Price Increase Documentation and Price Update Procedure: It should not be a forgone conclusion that Supplier automatically be granted a price increase each year on all items in the System or Market Basket. Supplier must provide a minimum 90-day notice of a price increase with supporting documentation. CHESS will evaluate price increase supporting documents and implement upon mutual acceptance. It is the intent of both parties that the Supplier(s) utilize best practices in Supply Chain Management to minimize cost increases.

2.6.2 Volatile Product Price Increases: For any System or Local Market Basket Item, where such Volatile Product has a significant price increase in excess of 3%, the parties agree to review those prices as frequently as quarterly and to negotiate prices for such Volatile Products individually in good faith between the parties. Increases must be mutually agreed upon by the parties.

2.6.3 Price Decreases: UC accepts price decreases as soon as they are available and can be entered into e-procurement or e-commerce purchasing processes. Notwithstanding anything to the contrary, Supplier(s) shall upload new pricing files within five (5) business days of receipt or as otherwise indicated, such other time to be not less than five (5) business days. UC will receive a new file three times per year.

2.6.4 Special Discounts: At a Participating Entity's request, Suppliers may offer discounts such as discounts based on large volume, sales growth, single delivery location, etc.

2.6.5 Manufacture Direct Pricing Agreement: UC may request Supplier(s) to negotiate directly with manufactures for better pricing and or discounts, for the benefit of UC and/or each Participating Entity. Further, UC reserves the right to negotiate directly with manufactures for items purchased. Upon mutual agreement, Supplier may be selected to distribute the Product to UC and/or Participating Entity.

2.6.6 Contractor Participation Contractors and Subcontractors: At the direction of Participating Public Agencies, to other Participating Agency Contractors or subcontractors, contractors shall extend this Agreement's pricing and category discounts to other UC Contractors and Subcontractors (herein referred to as "Other UC Contractor") for UC-related spend if Other UC Contractor provides Contractor with valid UC project number/project name and the Product is to be shipped directly to the Participating Entity related to the project. Contractor has the right to verify with UC and the UC Project Number/Project Name. Contractor also has the right to limit or terminate an Other UC Contractor use of this Agreement if the Other UC Contractor fails to timely pay Contractor for Product, fails to establish and maintain adequate credit worthiness or utilizes this Agreement for the benefit of anyone other than the Participating Entity for which the project relates.

a) Other UC Contractors are not required to use Contractor for materials, therefore it is important that Contractor pricing be attractive and act as an incentive to purchase against this Agreement.

b) Other UC Contractors are responsible for payment to Contractor and UC has no liability for OTHER UC Contractor purchases. Contractor shall extend payment options to Other UC Contractor such as Purchase Order or Procurement Credit Cards, or other order placement and payment methods agreed upon by Contractor.

c) Contractor shall track Other UC Contractors purchases and report on their purchases by, Other UC Contractor Name, product description, SKU and other spend related information that Contractor has available.

d) Other UC Contractor purchases shall apply to the particular Participating Entity location's contract purchases for purpose of Supplier Consolidation and Annual Incremental Growth and shall be calculated in contract purchases for the benefit of Participating Entity.

2.6.7 Core Lists:

a) National Core List- Provides for the deepest discounts on a variety of products to agencies nationwide. Pricing on the National Core List shall be provided to all Participating Agencies.

b) Customized Core List- In addition to the National Core List, Offerors MUST provide customized core lists to agencies, structure, implementation, and management. Custom Core List pricing will be held for a period of one (1) year, evaluation and selection of items will be mutually agreed upon. Supplier(s) will support a Participating Entity, if assistance is needed to create a Customized Core List that brings greatest value.
Grainger confirms a **Customized Core List** will be jointly developed and mutually agreed upon for a Participating Entity.

2.7 CATALOG ADJUSTMENTS:

2.7.1 Price Updates. As described above in Product Pricing, prices for Core List shall be reviewed and subject to change one per year from 1st January. Third Party Product pricing and pricing for special price promotions shall be reviewed and updated on a quarterly basis (or earlier if mutually agreed). Price decreases shall be implemented on the quarterly review (or such earlier date mutually agreed by the parties). Changes to price file shall be submitted to UC and shall have a maximum period of 30 days to review and approve updates or raise objections.

Objections shall be reviewed on a case by case basis with the balance of price amendments being approved for upload. In the event that UC does not approve or reject any updates within 45 days of the revised file being submitted to UC, then Seller shall be entitled to load the new pricing.

2.7.2 Other Catalog Updates. Seller may provide other updates to the catalog quarterly or as mutually agreed. These updates may include (without limitation) changes to content, the addition of new products, removal of discontinued items, updates to unit of measure, and special promotional offers.

2.8 REBATE ON SALES:

If this pricing option is offered, describe your firm's ability to provide this service (ex. Growth incentives, e-commerce incentives, etc.). Further details can be defined in Value Add section of questions.

2.9 ON-LINE CATALOG DISCOUNT PRICING:

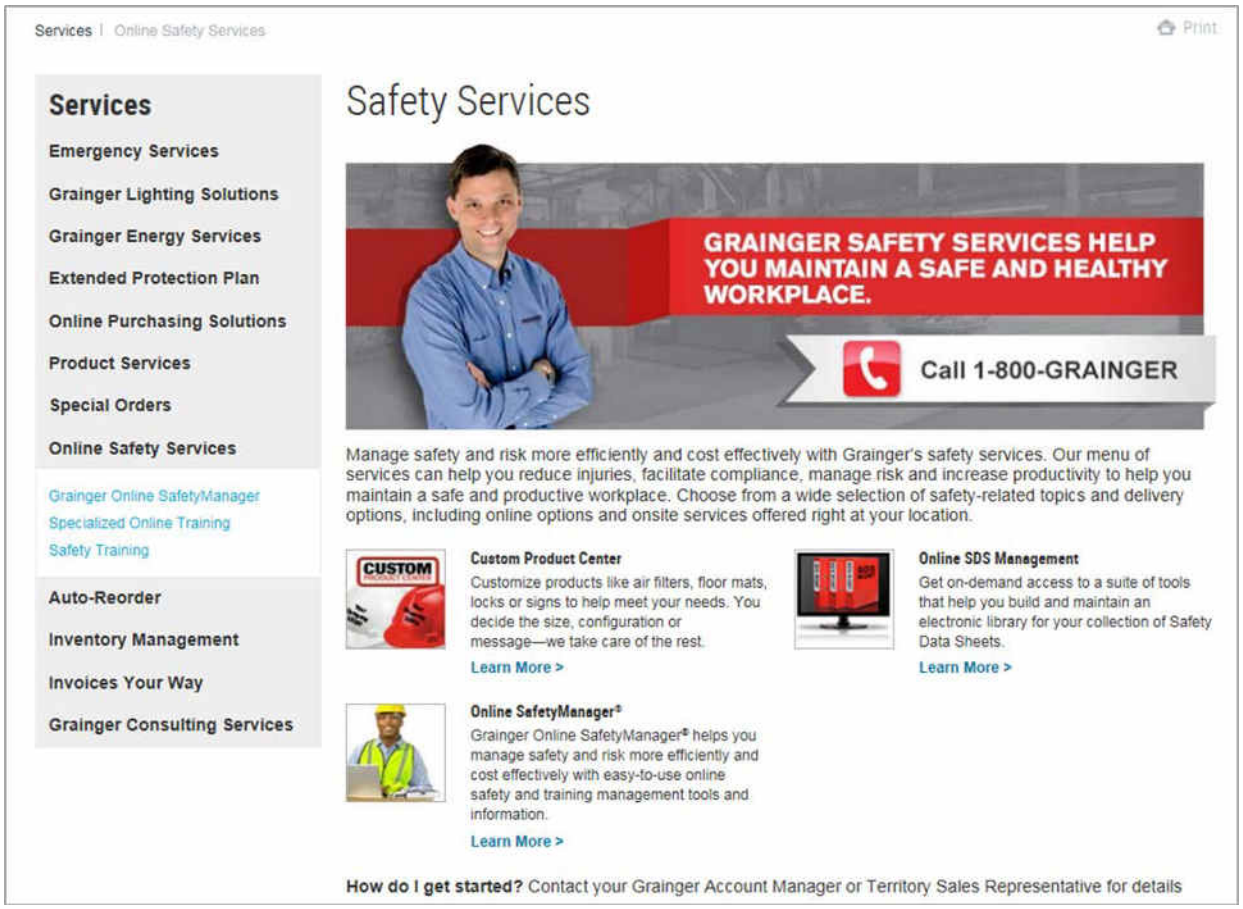
Capability to access an on-line catalog reflecting contract pricing of all products is a requirement. Describe your online presence and/or ecommerce capabilities in the CAPABILITIES section of the questions.

2.10 RELATED PRODUCTS AND SERVICES PRICING**:**

2.10.1 All related services that are provided as Value Add (No charge /Incentives/Benefits), please define in section Value Add of Questions.

Grainger will support CHESS and Participating Entities in achieving additional cost savings and efficiencies over the duration of the Contract by leveraging our years of experience in saving customers time and money. Grainger's core value proposition is centered on helping customers identify ways to "take costs out of their business," specifically in the areas of time, space and dollar savings. Provided below is a comprehensive offering of Grainger value-added (no-charge) solutions:

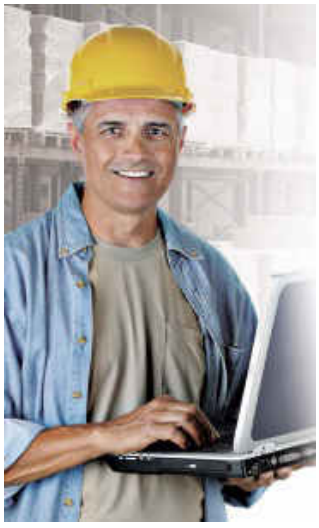
- **Safety Solutions**
  - **Training and Assessments**
  - **Safety In-Field Specialist**
  - **Online Solution Center**
- **Consulting Services**
- **Technical Support and Training**
- **EPP Product Training**
- **KeepStock Inventory Management Services**



Any chargeable, non-chargeable and/or third-party services currently offered or added by Grainger to its catalog will be immediately included as part of the current contract offering and no written amendment shall be necessary to include them under the Agreement.

Safety Solutions

Training and Assessments



Grainger's network of health and safety service providers is committed to providing you with quality, cost-effective on-site and online services. Consisting of a highly trained network of Certified Industrial Hygienists (CIH) and Certified Safety Professionals (CSP), as well as other safety and health professionals—Grainger possesses the expertise and resources to provide training, on-site testing and auditing, and web-based tools designed to aid in your occupational safety and health programs on a national scale.

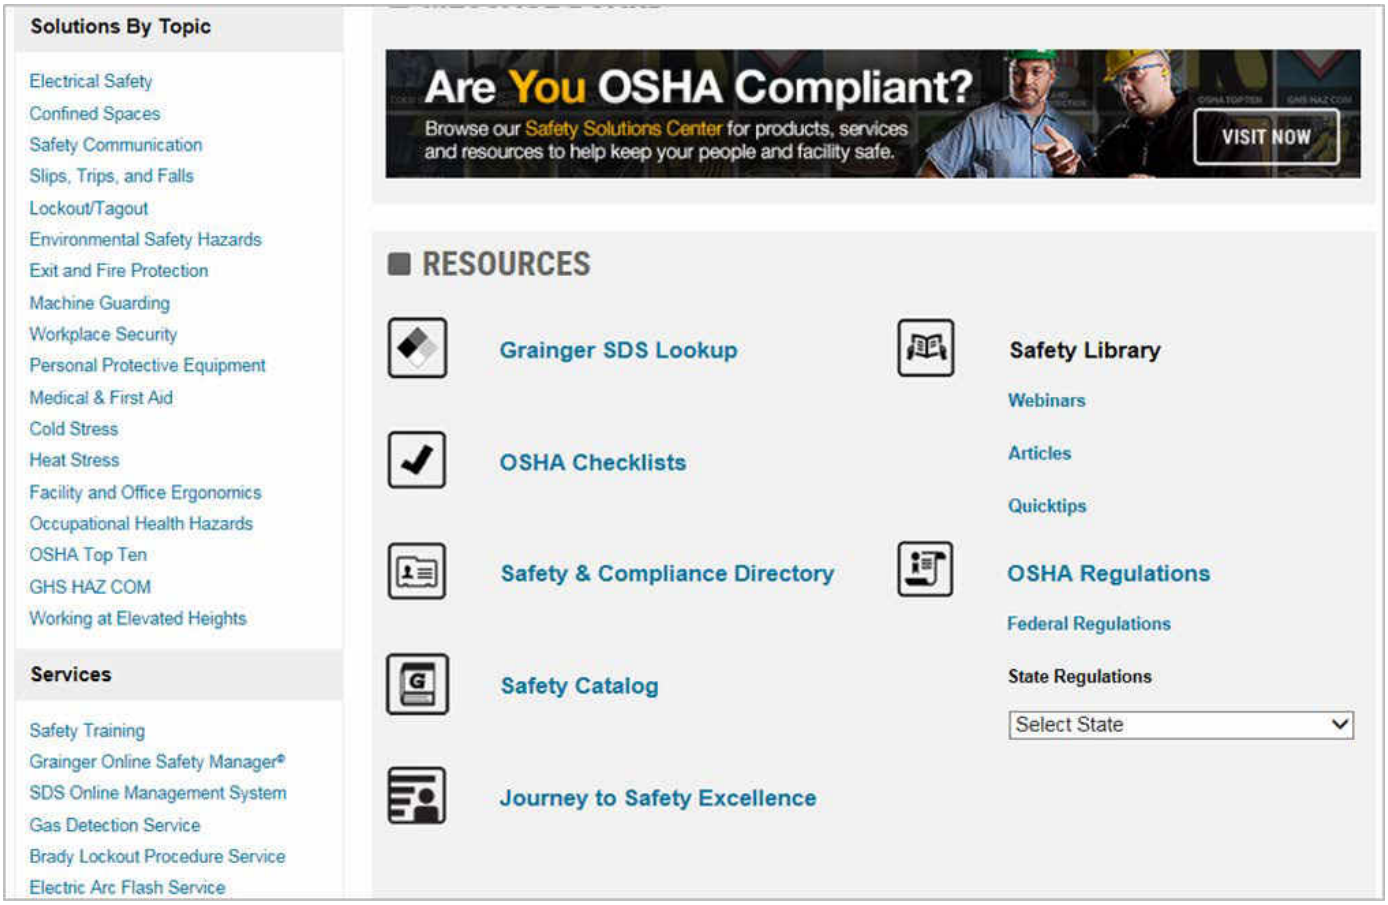
FALL PROTECTION — FROM HEIGHTS	Value Add
Fall Protection Assessment* A plant/site survey is conducted to identify potential fall protection hazards as well as suggest products or programs to minimize risk	√
Fall Protection Training (Basic) Specific courses designed to train for safety at heights, equipment inspection, rescue planning and tower climbing. Customized training courses are also available. Training can also be done using a mobile demonstration vehicle which demonstrates arresting forces workers would experience during a fall.	√
SAFETY COMMUNICATION	**Value Add**
Safety Paint Assessment Conducts an on-site survey to determine the condition and location of safety markings and recommend the proper safety coatings.	√
HAND PROTECTION	**Value Add**
Hand Protection & Glove Program Assessment Evaluates your glove program to determine proper selection and use, and identify cost savings. Samples are provided, allowing users to ensure proper fit and application.	√
EXTENDED STANDING/SITTING	**Value Add**
Ergonomic Matting Assessment Evaluates your facility to recommend anti-fatigue matting to help reduce back and lower leg fatigue for employees who stand while working. Identifies the proper mat for use in areas with oils or chemicals and provides 12" samples to stand on or test against chemicals.	√
FALL PREVENTION — FROM SLIPS & TRIPS	**Value Add**
Slips, Trips & Falls Assessment Provides a pedestrian safety site assessment that takes in customer facility observations and gives back recommended products and solutions to help your facility become safer for employees and guests	√
Floor Coating & Anti-Slip Assessment An evaluation based on application, hazard concerns and safety color-coded paint requirements**.**	√
LADDERS & SCAFFOLDING SAFETY	**Value Add**
Climbing Pro Ladder Safety Kit Includes training literature and video to help provide training on safe and proper ladder use, how to select the correct ladders for the job and ladder inspection. Includes a quiz to reinforce learning.	√
FALL PREVENTION — FROM FLOOR AND WALL OPENINGS	**Value Add**
Flexiguard™ Engineered Service Custom engineered Flexiguard™ systems create unique fall protection and access solutions that meet the requirements of your specific application. Also includes on-site assembly and user training services**.**	√
HEARING PROTECTION	**Value Add**
Hearing Protection & Conservation Training Designed to assist your business or institution in becoming compliant with OSHA standard 29 CFR 1910.95. Includes instruction on the importance of proper use of hearing protection devices.	√
ELECTRICAL SAFETY	**Value Add**
Arc Flash Awareness Seminar Designed to bring awareness to the NFPA 70E standard. Additional topics reviewed are methods of assessment, PPE equipment, proper electrical tools, test instruments and labeling of hazards.	√

Safety In-Field Specialist

Grainger's safety professionals bring education, experience and expertise to help you address a wide range of questions and issues, save time and improve your safety program. **Our people deliver support and expertise to you and your field locations, working with you to understand your goals and align best-in-class solutions that fit your needs**. We have the depth and structure to help deploy, support and track your enterprise-wide initiatives. Our teams' accreditations include:

- Certified Safety Professionals (CSP – as conferred by the Board of Certified Safety Professionals)
- Qualified Safety Sales Professionals (QSSP – as conferred by the International Safety Equipment Association (ISEA))
- OSHA-30 hour and OSHA-10 hour trained sales professionals
- Numerous suppliers/manufacturers' reps training
- HACCP (Hazard Analysis & Critical Control Points) planning and program development

Support to customers from In-Field Safety Specialist Resources*:*



- Grainger's OSHA-30 hour / QSSP certified field resources are strategically positioned locally across the country. Our growing team of Safety Specialists brings practical safety knowledge to CHESS and National IPA facilities and locations.
- This field based safety team, provides expertise solving safety business issue challenges, on-site safety assessments, cost-savings proposals, and program standardization strategies.

- Your assigned Safety Specialist will also align the right supplier representatives and additional safety technical resources to meet your facilities selection of appropriate product use and subsequent training.
- Grainger has over 600 Safety Suppliers' whose representative resources are dedicated to Grainger's customers in order to help bring additional technical, service, and resources to help you with your Safety programs.
- In the field, on the phone or online, Grainger's tested team of safety specialists can help you identify, control and prevent workplace safety and health hazards.
  Email them at safetysupport@grainger.com

Safety Online Solution Center

Organizations have told us they think about and manage their safety programs in two main categories, how they keep their people safe and healthy, and how they operate safer facilities. We've organized the Grainger safety solutions based on these two themes. Grainger developed our Safety Solution Center for invaluable online resources which are available to our customers 24/7. Our online safety center is brimming with information and resources including the latest safety news, trends and regulatory issues. All are free of charge to help protect your employees and site visitors. Get access to:

- Quick Tips technical resources
- Additional industry articles
- SDS sheets
- OSHA checklists
- Webinars.

A screen shot of Grainger's online Safety Solutions Center presents some of the resources available to customers 24/7 to help with their safety programs.

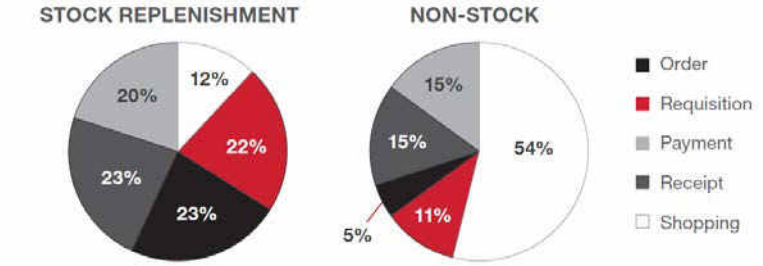
Consulting Services

Grainger Consulting Services (GCS) engages with customers to evaluate their MRO Supply Chain. This evaluation employs a strategic framework of identified cost drivers to benchmark and provide ideal and cost effective solutions. This strategic framework of cost drivers focuses on:

Using proven methodologies, Grainger's Consulting Services evaluate identified cost drivers to assist customers in reducing operational costs

- **Process:** Driving costs out of the processes can help you gain a competitive advantage. GCS helps redesign purchasing and inventory management processes to reduce complexity and cycle time while helping to improve service levels. We offer Grainger solutions that can help streamline the purchasing process and automate the inventory replenishment process to enhance productivity.

- **Inventory:** Inventory can be a critical, expensive component of a company's facilities maintenance operation. GCS provides expertise within inventory management to help optimize inventory levels. We work with resources to understand inventory demand and supply requirements, identify obsolete stock, recommend proper on-hand inventory levels and set effective reorder points for MRO items.



- **Supplier / Product:** Supplier/product management strategies can greatly impact the ability to drive cost savings and product standardization. GCS helps segment, classify and analyze supplier/product usage to identify opportunities for greater leverage and incremental value. Supplier management is an area that continues to have opportunities for savings in indirect materials management.

- **Technology:** The procurement and management of MRO via electronic solutions impacts the business. GCS assists with developing the right strategies and implementation plan to get the most out of your electronic solution. Effectively integrating electronic solutions into the MRO procurement strategies is the key to enable long-term success and cost savings.

Grainger Consulting Services (GCS) analyzes the operations of customers who want to take costs out of running their business. **Based on our findings, most customers have the opportunity to take as much as 25% or more out of their costs.**

Consulting Engagement: Partnering With a University to Save Time & Money	
Overview This Northeast Public University sits on nearly 1450 acres with an enrollment of over 28,000 students. It has long struggled with managing its MRO inventory - maintaining proper levels and parts while still providing first class service to its shops and technicians. The University was seeking to establish the most efficient method of maintaining inventory and streamlining its process.	
Findings • On-hand value of MRO inventory was $2,298,928 • 7254 unique items in inventory • 74% of inventory is inactive (yearly carrying cost of $313,000) • 21% of inventory is slow moving (yearly carrying cost of $61,000) • 206 suppliers being utilized	• Top 10 suppliers receive 45% of total MRO spend • Annual MRO spend of $4.5 million • Annual MRO procurement and inventory carrying cost of $640,000 • Primary activity for stock replenishment process was receipt and order (46% of all activities) • Primary activity for non-stock procurement process was shopping (54% of all activities)

Consulting Engagement: Partnering With a University to Save Time & Money

Recommendations

- Identify and remove obsolete inactive inventory. Inactive inventory reduction goal of 35%. Consider moving "slow-moving" inventory to strategic suppliers. Have supplier be responsible for positioning inventory (Just-in-Time strategy).
- **Impact:** Slow-moving reduction goal of 35%; estimated savings of $131,000
- Continue supplier reduction by partnering even further with Grainger as its primary MRO supplier. The University has agreed to deploy the Grainger Cross Reference team to identify those items in inventory that can be consolidated to Grainger. The University has also agreed to give Grainger the "first look" at unplanned spot-buy MRO requests.
- **Impact:** Decrease in supplier base; ability to leverage contracts and cost
- Consolidate 16 stocking locations to three. Utilize Grainger KeepStock® Inventory Management* to assess the current state of inventory and storage space utilization, and design an optimized Central Store.
- **Impact:** Reduce square footage from 12,745 to 6500 to help facilitate the management of inventory materials, and improve organization and visibility of stocked parts
- Utilize Grainger KeepStock Onsite® service** (20 to 40 hours).
- **Impact:** Potential $50,000 reduction in process cost and $90,000 productivity gain
- • Revisit current and or develop new standard operating procedures as they relate to the procurement and management of MRO materials. Communicate effectively and reinforce compliance (e.g., formal issuance requirements).

Technical Support and Training

Technical Support: Grainger provides direct technical support from knowledgeable field personnel and manufacturers' field representatives. In our key supplier programs, manufacturers dedicate field resources to work solely with Grainger's field representatives. In addition, Grainger has an in-house Technical Product Support Department whose members have an average of 28 years of experience to answer your product related questions across all product categories. Customers have easy access to this service during standard business hours;

Approximately 5,800 times a day, 102 technically trained product specialists answer questions regarding the following:

- Product selection
- Application assistance
- Troubleshooting/problem solving
- Installation
- Product specifications (available through an automated "fax-on-demand")
- Performance data/wiring diagram
- Government requirements and agency approvals

Technical Training: Grainger will work with our customers to identify products and product categories for which they would like additional training. Grainger will work with our General Catalog manufacturers and suppliers to develop training programs as required to meet your needs. Some examples of programs that we currently use:

DeWalt Power Tools - Customer safety presentation and tape. Hands on demonstration of safe operating practices for power tools. Joint presentation by Grainger Account Manager and DeWalt

representative, generally performed at customer location.

GE Lighting Site analysis of requirements - Detailed evaluation of current usage and types of lamps used. Recommendations based upon most energy efficient and cost effective available products. Performed jointly by Grainger Account Manager and GE Sales Representative and performed at customer location.

Proto Tools Hand tool safety seminar and film - Demonstration of correct method of tool usage. Joint sales presentation by Proto and Grainger representatives. Certificate issued upon completion of class. Generally conducted at customer site locations.

Brady Manufacturing Lock Out/Tag Out Class - Training for correct methods to apply lock out/tag out devices for compliance to OSHA. Film presentation and hands on demonstration of different devices. Joint presentation by Grainger Account Manager and Brady Representative at the customer location. Note: Fee-based seminar.

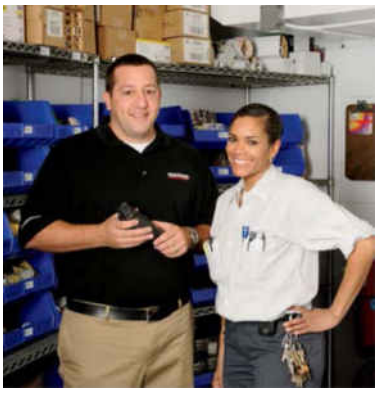
In-plant Safety Sign and Pipe Marking Survey - This survey consists of taking a plant tour during which the Brady representative notes any areas that they feel additional signage or pipe markers are needed. There is a short meeting after the tour to discuss the findings and to show possible solutions. Performed jointly by Grainger Account Manager and Brady Representative at the customer location.

EPP Product Training

Grainger offers the following training in collaboration with our key supplier partners:

SUPPLIER / NAME OF SERVICE	NO CHARGE	BRIEF DESCRIPTION
Cree Lighting Audit	✓	For customers considering large indoor or outdoor lighting projects, Cree offers lighting audit services. The audit consists of a site walk-thru, fixture count, energy audit, return on investment and payback analysis, utility rebate assistance, applications (photometrics) and future commissioning.
Cree / SmartCast Wireless Lighting & Controls Commissioning	✓	Cree's SmartCast PoE embeds intelligence to make buildings more efficient and people more productive, while delivering far better light for less energy than ordinary LED lighting systems. Cree will provide onsite resources to support the commissioning of SmartCast enabled fixtures to optimize energy saving benefits.
Cree / Photometric Application for Indoor & Outdoor Lighting	✓	Cree application Engineering develop a report identifying fixture locations and light levels for the specific application which is critical for outdoor lighting and large indoor applications. Provides point by point lighting calculations on the end user's CAD drawing, resulting in optimized energy savings.
Cree / Utility Rebate Assistance	✓	Cree's Rebate Team works directly with Grainger's Mid-Stream Rebate Team and sellers to identify and offer mid-stream rebate opportunities for light fixtures and retrofit kits.
Diversey / Greenguard Certification	✓	Minimize contaminants introduced to the air during cleaning and improve indoor air quality. Greenguard certification identifies the proper products, tools and processes to clean the facility. Diversey supports certification efforts via on-site setup, training and system auditing.
Diversey / Floor Care Productivity Survey	✓	Improve productivity, appearance and reduce waste in your floor care processes. Diversey provides support via a facility survey identifying potential improvements to your current floor care program. Identifies opportunities to realize potential cost savings in overall labor costs and/or chemical usage costs.
Air Handler Air / Filtration Audits	✓	Realize opportunities to reduce pressure drop and save energy. This filter audit analyzes air filtration systems and current filter list to generate recommendations that will reduce operating costs.

SUPPLIER / NAME OF SERVICE	NO CHARGE	BRIEF DESCRIPTION
Georgia-Pacific / Dispenser Refurbish, Recycle, Reuse (RRR) Program	✓	Providing an end of life solution for old paper towel and toilet paper dispensers. GP team removes old dispensers and reuses components. Old dispenser components are utilized in manufacturing new products, such as computers and automobile parts. Dispensers are picked up at the end user's location.
Georgia-Pacific / LEED® Calculator & LEED® Reporting	✓	For customers interested in earning LEED® credits under the LEED® v4 Operations & Maintenance (O+M) Rating System. Georgia Pacific can generate a report for you illustrating & calculating how GP Pro products can support your efforts. Reports can be downloaded and provided to your LEED auditor.
Georgia-Pacific /Battery Recycling Program	✓	Reduce the number of batteries in landfills. Through this service boxes are provided to enable the collection of used batteries in the area of your choice. Boxes are picked up at the facility and new boxes are provided for continued collection and environmental disposition.
GOJO / Dispenser Disposal & Recovery	✓	GOJO will coordinate the removal, transport, and sustainable disposal of old hand soap and sanitizer dispenser materials when completing a GOJO managed dispenser installation project. This is a great option for large installation/conversion projects and a great way to support sustainability initiatives within your facilities.
GOJO / Pre-Installation Site Survey	✓	For large hand soap & sanitizer installation or conversion projects (> 250 dispensers), GOJO will conduct a site walk-thru with material planning and project management. This service addresses challenges related to storage space constraints and reduces materials that must be moved, stored, shipped, or disposed of.
Acuity / Lighting & Controls - Audit & Design	✓	For large lighting projects Acuity offers on-site audit of lighting & controls, recommendations, layout & design, ROI analysis, assistance with utility rebates & project management support with installer.
Zing / Lockout Audit	✓	To ensure compliance of lockout programs Zing offers a site survey conducted by a specialist to audit your current lockout program and provide recommendations.
Rubbermaid / Innovative Solutions - Mobile Showroom	✓	Discover more ways to reduce cost, improve productivity and enhance employee safety. Rubbermaid's mobile showcase vehicle provides an interactive experience and hands-on demonstrations featuring innovative solutions.
Rubbermaid / Recycling Solutions	✓	Explore solutions designed to support your recycling efforts. Rubbermaid's mobile showcase vehicle presents innovative solutions to help you achieve your recycling goals.
Rubbermaid / Waste Audits	✓	For those interested in waste-reduction or recycling initiatives Rubbermaid offers on-site audits designed to help educate users on the impact of implementing a recycling system. This service provides an evaluation of current waste stream habits and processes and diversion practices and provides recommendations and assistance in designing a recycling system.
Rubbermaid / Site Assessments & ROI Calculators	✓	Rubbermaid representatives share their expertise and recommendations through an on-site assessment with ROI calculators to support recycling, hand hygiene and many other common facility initiatives.
Rubbermaid / LEED® Certification Support	✓	For customers pursuing LEED Certification Rubbermaid offers a site visit providing guidance, product recommendation and support with LEED implementation initiatives.
Hubbell / Energy Audit	✓	Gain insight into opportunities to leverage occupancy sensor technology to reduce energy costs. Service includes a site audit, occupancy sensor layout recommendations -drawing, detailed bill of materials and a return on investment (ROI) calculator to estimate savings potential and project payback.



KeepStock Inventory Management Services

KeepStock® is Grainger's portfolio of inventory management solutions that help businesses better understand their inventory and reduce the costs associated with managing it. This portfolio

provides both customer-managed (CMI) and Grainger-managed (GMI) inventory options, including Vending. Solutions

Inventory management is not a "one size fits all" solution. Grainger takes a **customer-centric approach**, offering solutions aligned with specific needs. That is why Grainger offers a variety of options customized to work the way you need it to. By working together, we can help identify your inventory challenges, determine where and how your inventory is used, and develop a solution that best fits your needs

KeepStock® Onsite[SM] provides valuable inventory management services right inside your facility—helping you save time and money. You keep control of your overall inventory needs but this solution offers inventory support from a **dedicated Grainger Onsite Support Representative** who will:

Knowledgeable Grainger professionals will visit your branch locations to ensure your inventory is effectively managed.

- Identify Inventory Needing Replenishment
- Cross-reference Grainger items from your approved purchase requisitions and orders
- Coordinate Grainger resources to identify the best product solutions.
- Place Orders for You
- Scan managed items and place spot buy orders for you, as needed
- Handle invoice inquiries, process product returns, and expedite orders
- Source hard-to-find products
- Organize inventory and restock products in proper location
- Understand Your Inventory Needs to provide valuable inventory insight

KeepStock® Secure Solutions

Coil	Carousel	Locker	Cabinet	Drawers
• High security • Single-item dispensing • Low SKU count, high usage • 60 unique item capacity • Small to medium item storage	• High security • Single-item dispensing • High SKU count • 560 unique item capacity • Modular design provides check-out/check-in capability	• High-Medium security • Consumables and durables • Single or multi-item dispensing • Flexible volume • Check-in/out capability	• Medium security • Single door/shelf access • Requires little to no product repackaging • Flexible shelf configurations accommodates items of various sizes	• Medium security • Controllable drawer access • Assemble tools by use for easy access • Various drawer configurations to accommodate items of different sizes

Grainger offers a variety of KeepStock® dispensing machines. Each machine is customized and configured for your needs.

KeepStock® Secure[SM] is the best answer when you need 24/7 access to products at point-of-use. This is also an ideal solution for controlled access to consumable inventory, as well as durable items that can be used and returned. This is a valuable option in order to help ensure correct item usage, and reduce over-use or shrinkage.

Please visit http://keepstocksecuredemo.com/ for a demonstration of the KeepStock program.

There are no delivery, installation, maintenance, rental or usage fees, as long as you maintain a minimum annual purchase level ("MAPL") of Grainger goods through each individual machine.

2.10.2 All other additional related products and services which contain a pricing structure available by Supplier are to be attached to RFx event and named "Related Products and Services Pricing". Supplier is to provide detailed line item of all services and specific pricing for those services available.

Grainger leads the way with cutting edge initiatives, which include our expanded catalog and sourced offering of MRO related services and customized value added solutions. Grainger remains focused on providing CHESS / National IPA unsurpassed support. Please see Attachment VA-38 Fee Services, for the following list of value added fee based MRO related solutions and services.

- **Managed MRO Solutions**
- **KeepStock Organize**
  - **KeepStock Layout**
  - **KeepStock Cleanup**
  - **KeepStock Content**
- **Safety Services - Fee Based**

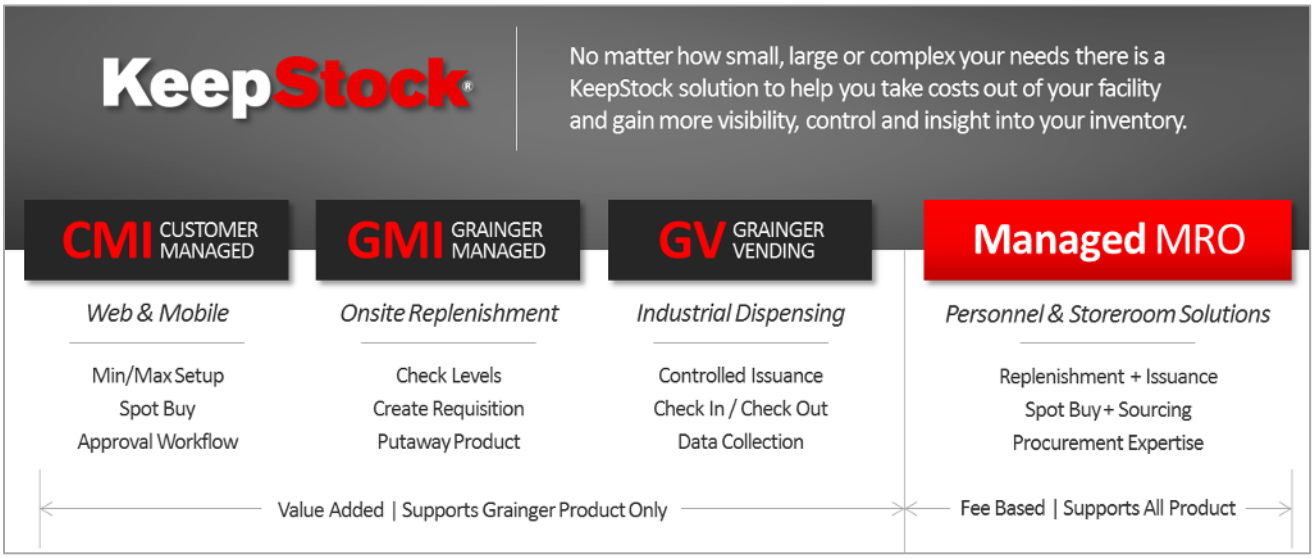
- **Energy Services**
- **Environmentally Preferred Products (EPP) Services and Solutions**



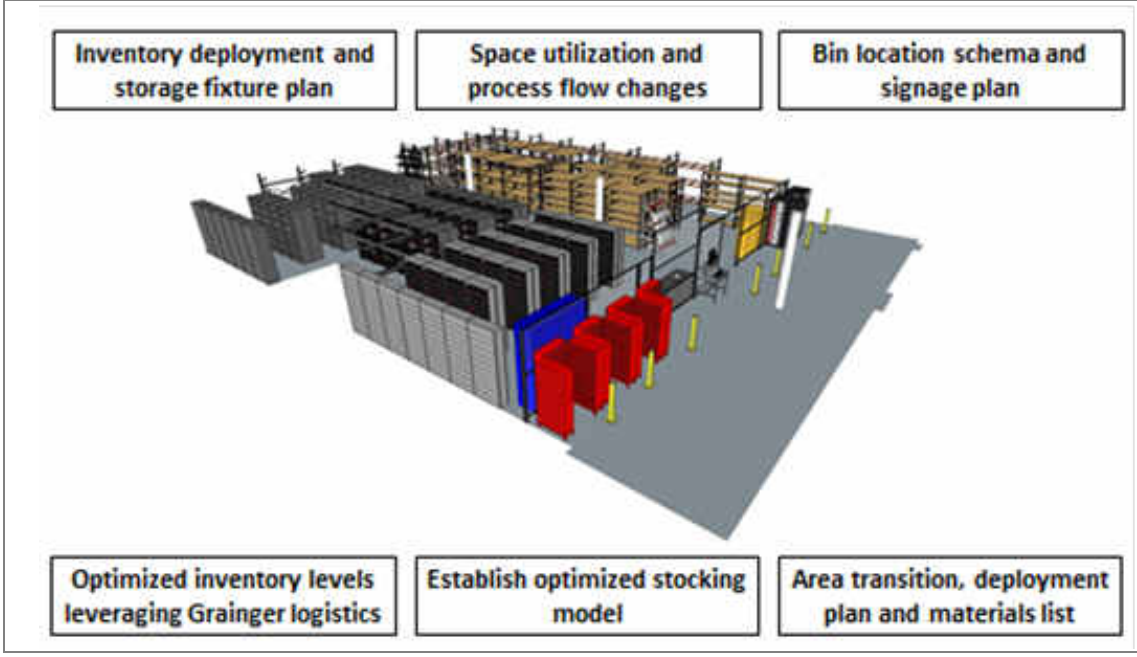
Managed MRO Solutions

Grainger's Managed MRO Solution provides customers with daily, onsite, expert support services to help maximize the value of their entire MRO inventory investment. Managed MRO is a fee-based service where our Inventory Specialists work at your facility to manage all of your indirect materials—both Grainger and non-Grainger product

Benefits

- Rapid access to missing expertise and skills
- Avoidance of hiring / de-hiring costs
- Reclaim time of skilled trade employees and reallocate to higher value tasks
- Transparency of costs given simple fee structure
- Maintain control of procurement (i.e., supplier selection, price negotiation, contracting)

We can do this by working with your existing processes and systems or implementing our own; either way you always maintain full control of all procurement and purchasing decisions. Our focus is on MRO material management and finding ways to reduce your product expense, better leverage your inventory investment, or increase the productivity of your technicians.



KeepStock Organize

As part of the KeepStock® portfolio, Grainger offers KeepStock® Organize. This service is a comprehensive offering focused on inventory organization that includes storeroom layout, organization, fixture construction, and content development for existing and new tool cribs. KeepStock® Organize consists of three (3) fee-based parts or phases which can be deployed together or independently.

***KeepStock® Layout*:** Comprehensive inventory management planning, virtual layout configuration, and project planning. (There is a flat fee for this service. The fee is waived if racking and shelving is purchased from Grainger).

KeepStock Organize/ Layout

KeepStock® Cleanup: execution of the project plan including labor for teardown of current storage fixtures, repositioning of retained fixtures, build of new fixtures, product movement and product positioning. (Quotes for this service depend on the KeepStock® Layout assessment.)

KeepStock® Content: capture current inventory items, their attribute elements, providing the ability to upload the data into a computerized materials management system. This may also include ongoing item database management. (Quotes for this service are dependent on a defined scope-of-work.)

Safety Services - Fee Based

For years Grainger has been helping customers in all industries with their safety programs. Grainger team members know they are part of something bigger than just their jobs. Every day, they serve those who keep facilities running and the people in those facilities safe. Team members are motivated to bring their whole self – including their own ideas, experiences and differences – to work every day and, in turn Grainger is dedicated to ensuring team member safety and well-being. Grainger continues to invest in its team members by fostering an environment of empowerment, inclusion and professional development, while keeping workplace safety paramount.

As a full line distributor of safety products, Grainger carries **more than 130,000 safety products from 600 industry-leading safety manufacturers;** however, in addition to our broad breadth of products, Grainger offers strategic safety services and resources.

Training, Assessments and Solutions

Grainger's network of health and safety service providers is committed to providing you with quality, cost-effective on-site and online services. Consisting of a highly trained network of Certified Industrial Hygienists (CIH) and Certified Safety Professionals (CSP), as well as other safety and health professionals—Grainger possesses the expertise and resources to provide training, on-site testing and auditing, and web-based tools designed to aid in your occupational safety and health programs on a national scale.

GRAINGER ONLINE SERVICES	Fee-Based
• Grainger Online SafetyManager® System†	
• Online Safety Training Library with Tracking	
• Authorized Online OSHA 10- & 30-Hour Outreach Training	
• Online NFPA 70E Electrical Safety Training	√
• SDS Management	
• Safety Prescription Eyewear Services	
• LOTO Procedure Services/ Training	
FOOTWEAR OFFERING	**Fee-Based**
• Customized Online Website	
• Grainger Footwear Center	√
• Grainger Shoemobile (additional details presented in the following section)	
FALL PROTECTION — FROM HEIGHTS	**Fee-Based**
Fall Protection Training (Competent Person) Covers the OSHA Fall Protection standards 29 CFR 1910 Subpart D and 29 CFR 1926 Subpart M for both General Industry and Construction. Special attention will be given to personal fall arrest systems. Participants evaluate hazards and develop practical resolutions within the general industry and construction environments. This training will give participants the skills necessary to fulfill the role of "competent person" as defined by OSHA for their company.	√
Flexi-guard™ Engineered Service Custom engineered Flexi-guard™ systems create unique fall protection and access solutions that meet the requirements of your specific application. Also includes on-site assembly and user training services.	√
HAZARD COMMUNICATION/GHS	**Fee-Based**
Haz-Comm/GHS Production Workshop This workshop combines regulatory training and Globally Harmonized System (GHS) label creation to help your business or institution meet OSHA GHS implementation requirements and sustain in-house compliance.	√

Hazardous Communication Training Focusing on the specific requirements of OSHA 29 CFR 1910.1200 Subpart Z, this course offers an overview of hazard communication standards, requirements and responsibilities; training requirements; how to make a hazard determination; hazard chemical characteristics; container labeling and other hazard warnings; safety data sheets; employee training requirements; hazard prevention; minimization; preparedness; and exposure monitoring plans.	√
ERGONOMICS	**Fee-Based**
Ergonomic Assessment* A comprehensive on-site ergonomic job assessment which reviews potential hazardous areas. Assessment includes a review of any job hazard analysis (JHAs) for the jobs, a review of employees performing jobs at workstations, measurements of workstations and tasks, and an outline of all findings and recommendations with an action list for each job reviewed.	√
FALL PREVENTION — FROM SLIPS & TRIPS	**Fee-Based**
Floor Coating Installation Service Includes an on-site professional survey, quote and installation of Rust-Oleum® floor coatings.	√
HEARING PROTECTION	**Fee-Based**
Audiometric Testing On-site audiometric testing employs state-of-the-art technology in a clean, comfortable setting. Designed to help you comply with OSHA's Hearing Conservation standard 29 CFR 1910.95.	√
ELECTRICAL SAFETY	**Fee-Based**
Arc Flash Hazard Assessment Designed to assist your facility in complying with the NFPA 70E standard. Includes identification, data collection, analysis and labeling of all electrical arc flash hazards in your facilities. Includes regulatory compliance training of qualified persons in safe workplace practices.	√
Arc Flash Training Safety seminar for anyone working on or near electricity. Topics include flash protection boundaries, PPE, hazard/risk category classifications, shock/electrocution, arc flash calculations, related regulations, and safe work practices and procedures. This training is required for electrical maintenance personnel, operators, troubleshooters, electricians, linemen, engineers, supervisors, site safety personnel or anyone exposed to energized equipment of 50 volts or more.	√

Shoemobile

Grainger offers more than 40 years of experience in the protective toe footwear industry, with expertise consisting of members of the ASTM F13 committee that develops standards for industrial footwear. Grainger's Shoemobile fleet is unsurpassed in the industry. We operate a growing fleet of 45' tractor-trailers and 26' trucks. These Shoemobiles display and stock a variety of safety footwear options to help meet your needs.

As a leading distributor of protective toe footwear, Grainger carries more than 500 styles and has over 100,000 pairs in stock for same-day shipping. Up to 2,000 pairs of shoes can be inventoried on our large Shoemobile for a visit. With over 40 brand names and comfort technologies and one of the largest selections of women's protective toe styles in the industry, we will find the right fit for your employees.

During scheduled visits, trained professionals measure your employees to help ensure a proper fit. Grainger will maintain and provide a selection of footwear styles on the Shoemobile that comply with your safety footwear program's guidelines. Shoes are given to your employee during the Shoemobile visit, as Grainger meets an average 96% fulfillment rate for Shoemobile visits. If a particular shoe is not inventoried in your employee's size, it will be mailed directly to them for no additional charge.

Grainger's Shoemobile is a convenient way for CHESS entities employees to find safety footwear. With more than 500 styles, we will find the right shoe for each employee

Point of Sale and Benefit Management System (BMS): We are leaders in Shoemobile Automation Technology. We process transactions in seconds using computer-generated sales tickets and barcode technology, leaving more time for proper fitting and style selection. Our BMS program can help reduce your administrative time by managing subsidy eligibility, payroll deduction, style restrictions and reporting. We even offer an electronic payroll deduction file interface system.

Customized Summary Invoicing (Event or Monthly) puts all footwear program sales (Shoemobile, Safety Footwear Center, Online, On-site Store) on one invoice.

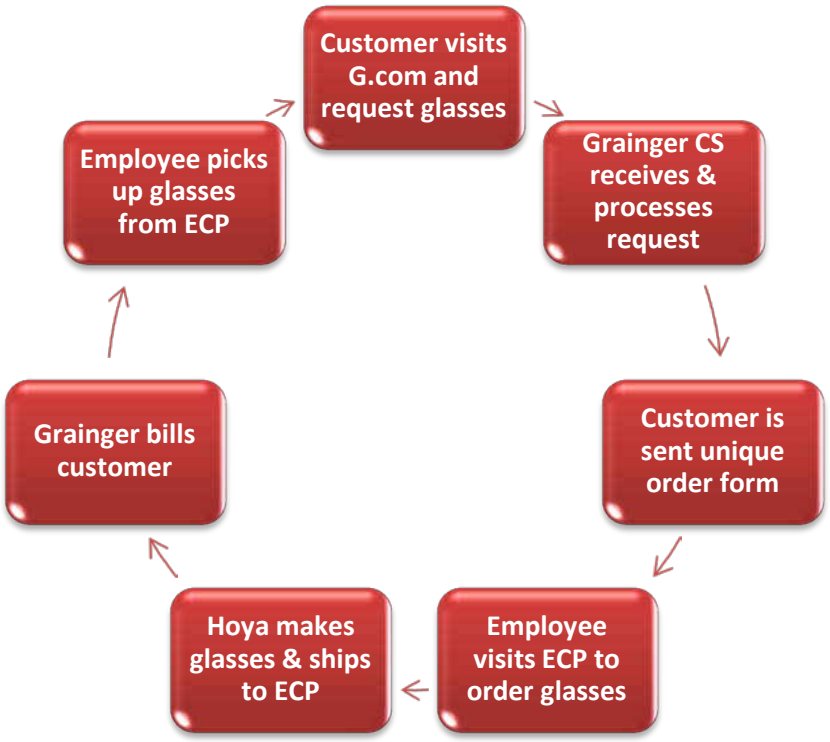
Eyewear Solution

Hoya's SRx Made Easy provides a simple process for customer's to purchase prescription safety eyewear through a national network of independent eye care professionals.



- Program works for any size customer or location
- Simplified SKU Process - Only 4 Price Packages & SKU's
- Each SKU is a complete pair of glasses and includes professional optician fitting services (regular eye exam is not included)
- Access to Hoya's nationwide network of eye care provider

Four (4) Packages

1. Basic Clear Lens Package / 29XL93 (any plastic frame)
2. Enhanced Clear Lens Package / 29XL95 (any frame including metal)
3. Basic Sunglasses Package / 29XL94 (any plastic frame plus transition or polarized lens)
4. Enhanced Sunglasses Package / 45ET93 (any frame including metal, plus transition or polarized lens)

How It Works

Grainger Online SafetyManager®:

Grainger's Online SafetyManager system makes it easier than ever to manage critical workplace safety programs right from your location. This online solution gives you instant access to a set of comprehensive safety management tools and resources.

- **Save** time, money and create a safer workplace!
- **Reduce** injuries, accidents and exposure to fines
- **Manage** compliance, documents and SDSs from your PC
- **Share** assign and track training and documentation
- **Ensure** compliance and drive standardization
- **Support** your transition to GHS (Globally Harmonized System)

Grainger Online SafetyManager includes a set of comprehensive safety management tools and resources for one administrator (plus document sharing and tracking of training for of up to 250 employees, with more Employee Seats available as a cost option). Online training courses covering more than 100 different safety topics are also available for purchase via "tokens." One token is required per participant, per training course. Or, an Unlimited Training Option, a 12-month subscription allowing unlimited individual access to all online training courses, is available.

The above-described program is linked to a unique Grainger item number and is purchased as a 12-month subscription period. If you have more than one location, you may want to purchase an individual administrative subscription for each location.

Energy Services

The Grainger Energy Services team serves as your resource to help identify and implement a wide range of efficient solutions for your agency through its network of qualified, insured and licensed service providers. Working closely with you, our service providers can help identify and facilitate the installation of energy-saving and water conservation measures with minimal disruption to your agency. Our service can help Members secure applicable incentives and rebates for energy and water-saving projects.

Potential Benefits:

- Improved use of energy and water
- Reduced operating costs
- Upgraded infrastructure
- Warranties on new equipment
- Lowered operational risk
- Avoided maintenance expenses
- Reduced facility carbon footprint

Comprehensive Services*:

- Multiple energy- and water-saving solutions
- Audit and financial analysis
- Material, contractor and project management
- Installation by qualified, insured and licensed service partners
- Administration of utility rebates
- Disposal and recycling

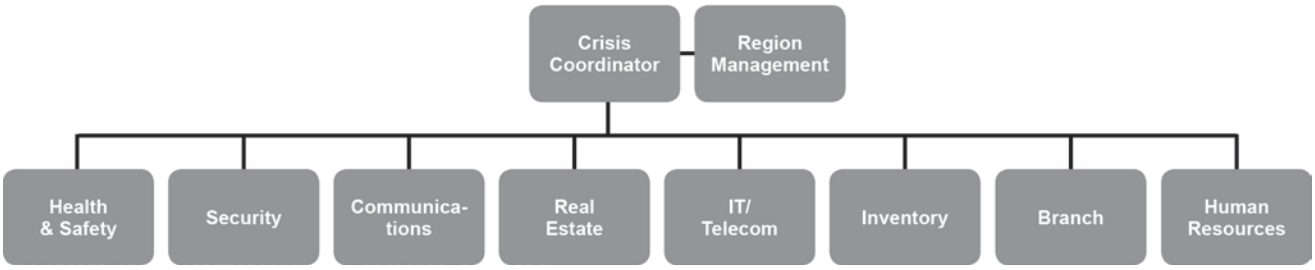
	related supplies.
	**Electric Vehicle Charging Station Projects** – Specifying, supplying, installing and commissioning electric vehicle charging stations and accessories. **Typical Products** – Electric vehicle chargers and other related supplies.
	**Steam Trap System Studies and Upgrade Projects –** Auditing, specifying, optimizing, supplying, installing and commissioning/verifying energy-efficient steam trap retrofit projects. **Typical Products –** Steam traps and other related supplies.
	**Water Conservation Upgrade Projects** – Auditing, specifying, optimizing, supplying, installing and commissioning/verifying energy-efficient plumbing solutions. **Typical Products –** Toilets, faucets, shower heads, aerators and other related supplies.

Environmentally Preferred Product (EPP) Services, Training and Solutions

Grainger offers the following fee-based services, training and solutions in collaboration with our key supplier partners:

SUPPLIER / NAME OF SERVICE	FEE BASED	BRIEF DESCRIPTION
Cree / SmartCast Wireless Lighting & Controls Commissioning	✓	Cree's SmartCast PoE embeds intelligence to make buildings more efficient and people more productive, while delivering far better light for less energy than ordinary LED lighting systems. Cree will provide onsite resources to support the commissioning of SmartCast enabled fixtures to optimize energy saving benefits.
Cree / Engineering Site Audit for Lighting & Controls	✓	For large sophisticated lighting and controls projects Cree offers an on-site walk-thru conducted by a Cree Engineer who will perform audit on applications and other services. Cree does the complete upfront engineering of the project, maximizing lighting performance, reducing maintenance and optimizing energy savings.
Cree / SmartCast PoE Energy Advisor	✓	The Cree SmartCast Advisor™ is a powerful suite of applications that offers immediate and actionable business insights. It intelligently monitors your building with the SmartCast® PoE lighting network and provides tips on making your business more profitable with recommendations for energy efficiency, putting your spaces to better use, and much more. SmartCast Advisor™ is available for a monthly fee.
Cree / Turnkey Project Management	✓	For customers seeking specialized expertise and support on large lighting & control opportunities - Cree offers a fee-based Turnkey Project Management service to manage lighting projects from engineering to installation to commissioning. Every aspect of the project is billed on one invoice.
Georgia-Pacific / Harmon Recycling Program	✓	GP Harmon's Retail & Distribution Solutions recycling program diverts paper, plastic and metal from landfills in order to avoid waste and minimize the environmental impact of your business. Our recycling program is unique and custom-designed to help meet, and even exceed, your sustainability goals.
Georgia-Pacific / Packaging System Optimization	✓	Collaborate with a team of engineers and packaging scientists to develop innovative packaging solutions that improve functionality and reduce waste.
GOJO / Dispenser Disposal & Recovery	✓	GOJO will coordinate the removal, transport, and sustainable disposal of old hand soap and sanitizer dispenser materials when completing a GOJO managed dispenser installation project. This is a great option for large installation/conversion projects and a great way to support sustainability initiatives within your facilities.

SUPPLIER / NAME OF SERVICE	FEE BASED	BRIEF DESCRIPTION
Henkel-LOCTITE / Air Leak Survey	✓	The sooner any loss of air, steam or other pressurized gases is detected in equipment, the faster it can be returned to optimal efficiency. To reduce consumption and costs this service includes a site survey, documented findings, cost savings analysis and training.
Henkel-LOCTITE / Terracycle Program	✓	For customers utilizing LOCTITE Anerobics or Light Cure Technologies Henkel has a solution to help you meet recycling goals and recycle items that were previously non-recyclable. Through an innovative partnership with TerraCycle® boxes are provided to enable convenient return shipping.



2.10.3 Emergency Response Capabilities - In the event of a disaster, UC must continue its mission of teaching, research, public service, and patient care. UC is seeking information from suppliers who can provide equipment, supplies, resources, and/or services during emergency situations. Please state your emergency response capabilities, name/title of the emergency contact, proximity of facilities/stores/resources to UC organization, and other relevant emergency information. Disasters vary and require different resources, but we are seeking common MRO items like gloves, masks, lighting, generators, chainsaws, portable restrooms, batteries, barricades, and cleaning supplies.

a) Define Supplier(s) Capabilities
b) UC priority of supplies
c) Experience
d) Ability to manage Emergency Response items for a Participating Entity.

(a) Capabilities: Grainger's emergency management plan assures immediate response and delivery of goods/services to address emergencies, large and small. Our plan is drawn from many years of experience and supported by unmatched inventory and supply chain resources and team Member expertise. Our supplier relationships and supply chain capability assures that product is directed to where and when it is needed. In any emergency situation, all products are provided at the CHESS / National IPA contract pricing.

Grainger's Crisis Management Team is the foundation of the effort to assist CHESS / National IPA emergency responders and their communities. The Crisis Response Team assists in planning and responding to weather events and other forecasted circumstances. It assesses needs to position supplies, personnel and other resources to locations prior to the incident so that distribution commences immediately. Much of the planning is drawn from Grainger participation in local first responder preparation exercises.

Crisis Management Team Chart

Grainger moves products from its 249 branch network and 13 regional Distribution Centers or directly from product suppliers. In the event of a damaged or destroyed branch, our expansive network allows us to continue to service customers under the most extreme conditions. Depending on the type of emergency, a tailored requirement and inventory assessment is pursued. If additional products are

required, a critical element in Grainger expeditious response is its breadth of inventory, capability to determine where inventory is located, and its transportation proficiency, personnel with expertise and experience and long term relationships with state, county local and federal agencies.

For specific Participating Entities emergency needs, the local Grainger field representative will engage the Participating Entity to address the circumstance within 60 minutes to understand the challenge and to commence response. Grainger provides emergency response services, whether the incident is small or large, at any time, to all CHESS Participating Entities. The Grainger Call Center provides **24/7** service at our 1-**800-GRAINGER** service line. Upon receiving a call, the Grainger representative contacts the Crisis Management Team leadership and/or communicates with the local Branch representative to open the nearest branch location.

Other Goods and Services Grainger Offers:

- **Grainger's Emergency Preparedness Landing Page** highlights relevant product categories for a wide range of emergency situations.
- **Additional Product Solutions** obtained to respond to the specific emergency
- **Preparation of Product Needs and Requirements** are provided and updated on our Emergency Landing Page
- **Custom Kitting** packaged in response to specific Participating Entity needs

(b) CHESS & Participating Entity Priority of Supplies: Grainger is cognizant of the need to ensure the health and safety of the public. In severe emergency situations, product can be prioritized for First Responders/First Receivers and government organizations. A pre-determined product list, coordinated with local emergency response agencies from the planning, is used to move supplies to the affected area. Local leadership works with the Crisis Management Team and emergency management agencies, local law enforcement, first responders and first receivers, along with others to ensure appropriate and fair distribution to those prioritized entities. Grainger has demonstrated its capability to meet some of the most demanding needs in New York City during 9/11 and for the Gulf Coast region's responders during Hurricanes Katrina and Rita.

(c) Experience: Summarized below are some recent examples of Grainger's disaster support capabilities.

***Hurricane Harvey - August 2017*:** Hurricane Harvey became the first major hurricane to make landfall in the US since 2005 when it made landfall as a category-4 hurricane near Rockport, Texas, in August. As the storm tracked toward Texas, Grainger activated the Crisis Management Team for briefings every morning and afternoon. Supply chain teams quickly repositioned critical supplies within the Grainger distribution network of branches and regional distribution centers (DC). Grainger field representatives maintained a supporting presence within the State Emergency Operations Center (EOC) as well as the Harris County-City of Houston EOC and the Texas Department of Transportation EOC. Grainger's Roanoke Distribution Center, located near Fort Worth, played a central role in the distribution of supplies throughout response and recovery operations. Grainger transportation managers expedited deliveries in coordination with State, County and Local emergency offices. Grainger supplied ten truckloads of MRE's and several truckloads of bottled water to City of Houston and Harris County facilities to support evacuation shelters.

Grainger supported evacuation shelter operations in Dallas, Austin, San Antonio and other jurisdictions throughout Texas. Thousands of cots, blankets, sheets, sanitary and other supplies were delivered. Grainger also supplied several incident command centers with cones, barriers, canopies and other products. Working with the Texas Department of Public Safety and the Department of Emergency Management, Grainger

delivered water rescue suits, hard hats, gloves, respirator masks. Grainger supplied the Texas Department of Transportation items including waders, rain boots, insect repellent, nets, respirators, and rain suits. Other items prioritized for first-responders and first-receivers included thousands of generators, electric cords, fuses, emergency lighting solutions and personal protective equipment.

Northern and Southern California Wildfires - 2017: The Northern California wildfires, in October 2017, stretched across Napa, Sonoma, Lake, Mendocino, Butte and Solano counties. The December 2017 Southern California wildfires covered Ventura, Los Angeles, San Bernardino, Riverside and San Diego counties. Engaging protocols established by the California Department of General Services (DGS), Office of Emergency Services (OES) Cal Fire, City and County Fire and Emergency Medical departments and the Federal Emergency Management Agency, agencies were assigned a Grainger team member as a single point of contact to coordinate. Each team member coordinated product requirements, transportation and delivery to facilities, staging areas and other mobile locations for various agencies. Team members were also assigned to area hospitals and schools to support as needed. Team members worked and were on call 24/7 during the height of each of these emergencies.

The Grainger Crisis Management Team from Lake Forest, Field Sales, local branches, DCs and other units coordinated assistance and prioritization through twice-daily calls. Most items were same-day shipped from Grainger's Patterson, California DC and delivered to Fire Crews, supporting agencies such as Cal Trans, the shelters established for citizen fleeing the fires, and area hospitals. Items included carbon filters, air purifiers, N95 masks, gloves, cots, tents, and cleaning and sanitary products. Effort was also made to push product from other Grainger DCs and branch facilities to the emergency areas.

Hurricane Irma – September 2017: While ongoing support from Hurricane Harvey continued in Texas, Grainger responded with product and resources to support emergency response for Hurricane Irma in Florida. Hurricane Irma first made landfall as a category-4 hurricane with maximum sustained winds at 130mph. In preparation for Hurricane Irma, Governor Rick Scott declared a state of emergency for Florida. Grainger deployed field representatives to the Emergency Operations Center (EOC) in Tallahassee as well as local EOC's across the state to maintain support to prepare, respond, and recover from the hurricane. Grainger leveraged its supply chain and DC in Jacksonville, FL to provide products such as sandbags, batteries, generators, and tarps.

Grainger played a central role in working with the EOC's to support First Responders throughout the state by providing supplies, equipment, and personal protective equipment. While Florida had the largest evacuation in the state's history, many people remained and needed recovery from dangerous situations. The hurricane left over 70% of the state without power putting generators in high demand. Working directly with the EOC's Grainger was able to provide truckloads of generators, electrical cords, and batteries to state agencies as well as local cities and counties. Many generators were provided to the Department of Transportation (DOT) to keep traffic signals operational.

Grainger also provided chain saws, cones, barriers, signs, and other various supplies to DOC and the Department of Public Safety Shelters were established throughout the state and Grainger worked directly with the Department of Health EOC and local cities / county's EOCs to supply medical equipment, lighting solutions, MRE's, water, paper products, tents, wheelchairs, sanitary products, cots, etc.

Grainger aligned directly with the Department of Health to help prevent the spread of disease (Zika) which was a major concern after the hurricane. Grainger provided insect repellant, netting, mosquito dunks, and personal protective equipment.

Zika Virus - April 2016: A Zika Virus core team was established to identify supply requirements and to assess product availability based upon the Centers for Disease Control and Prevention (CDC) guidance. Grainger quickly added additional product solutions to our product portfolio and distribution network. The Grainger Technical Product Services team prepared and published the Zika Virus Quick

Tip Bulletin to the Grainger.com Info Library. A Mosquito-Borne Virus page was added to the Grainger.com/emergency landing page highlighting the wide range of solutions offered to help customers mitigate the risk posed by this new threat.

Ebola - July 2014: During the Ebola emergency, the Crisis Management team and Grainger technical product support team gained an understanding of the CDC Guidance for personal protection to respond to government and healthcare customer inquiries. Working with suppliers, additional product was obtained to meet healthcare and emergency management agency needs. Product prioritization procedures were activated to ensure that critical supplies were distributed to first responders and first receivers – especially regional treatment centers identified by the federal Department of Health and Human Services.

(d) Ability to manage Emergency Response items for a Participating Entity: Grainger has proven capability to manage Emergency Response items for Participating Entities. As a first measure to ensure a Participating Entity has specific product availability during an emergency, Grainger's branches and DCs can tailor their inventory to specific Participating Entity location preferences and actual product demand. This provides a higher concentration of critical material needs closer to the Participating Entity during a crisis. Grainger transportation managers also expedite deliveries from within our distribution network in coordination with customer's key contacts to support emergencies such as Grainger did in Hurricane Irma to provide truckloads of generators, electrical cords, and batteries to state and local agencies. The Grainger Crisis Management Team from Lake Forest, Field Sales, local branches, DCs and other units bring their experience and knowledge as the corner stone to our response plan. The Crisis Management Team provides assistance in communication, product prioritization and command center status updates through scheduled drum-beat calls. Grainger's team aligns and communicates directly with the local, state and regional emergency management teams to ensure product availability for all types of emergencies and circumstances.

2.11 SUPPLIER-MANAGED INVENTORY:

Describe your firm's ability to provide this service and your capabilities in the Value Add section of the questions. Please refer to Attachment L – Campus Matrix for the list of locations who currently have a Supplier-Managed Inventory program in place and vending machines. If Supplier(s) is capable to provide these services, please include how these locations would be transitioned in the Value Add section of the questions. Supplier(s) who submit to be MRO Primary Distributor MUST have a solution for these locations outlined.

Grainger currently supports and maintains Supplier-Managed Inventory for UC and the locations listed in Attachment L.

2.12 SALES REPORTING:

EXHIBIT 5 – QUARTERLY REPORT is provided as a template for future quarterly reporting requirements. Describe your firm's reporting capabilities in the CAPABILITIES section of the question. Provide all line item details and alternative options that may have not been used in the example provided.

Grainger can provide the majority of the data points listed in the Quarterly Report. Some information, manufacturer name, delivery date, and cash discount, are not available.

2.13 BRAND NAMES:

In some cases, brand names have been listed in order to define the desired quality and are not intended to be restrictive or to limit competition. Materials substantially equivalent to those designated shall qualify for consideration. Ability to partner with manufacturer for enhanced pricing through Master Agreement is of interested to CHESS.

2.13.1 Substitutions: UC encourages Supplier(s) to offer substitute or alternate items, brands or generic items to end users when the offer adds value to the procurement of goods and services. No substitutions of alternate items for products ordered will be permitted except with the express approval from authorized UC personnel or Participating Public Entities. Supplier shall

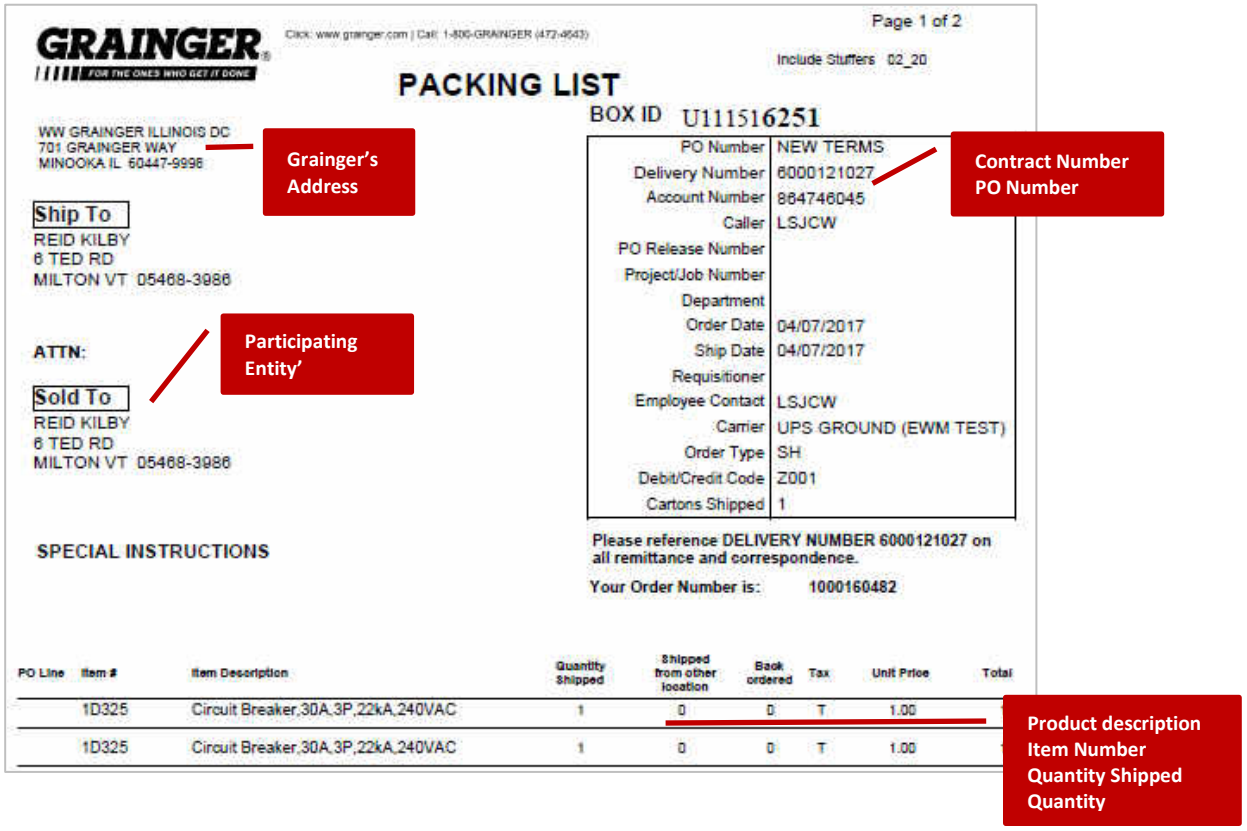
not substitute and/or interchange a different brand or generic product of package size, other than the specific product ordered, without authorization from UC or Participating Public Entity. Any such authorization is granted on a per order basis and is not to be considered as justification for a Product substitution on any future orders or shipments.

2.14 DELIVERY, FREIGHT REQUIREMENTS:

2.14.1 All domestic ground shipments shall be FOB Destination, Freight Prepaid and Included. Any handling fees shall also be included in the pricing.

2.14.2 Should a Participating Public Entity determine that rush shipping or other alternate shipping is required, it shall notify the Supplier. The Supplier shall determine any additional costs associated with such delivery terms and communicate that cost to the Participating Public Entity.

2.14.3 The Supplier shall retain control for carrier selection and payment of freight charges of all goods until received by the requesting Participating Public Entity and the contract coverage completed. The Supplier shall also file all claims for visible or concealed damage. The Participating Public Entity will notify the Supplier of any damaged goods and shall assist the Supplier in arranging for inspection of the goods.



2.14.4 Any requests for local delivery of orders placed at local stores shall be subject to local delivery fees, if applicable.

2.14.5 Shipping and handling fees are allowable to destinations outside the continental U.S.

2.14.6 A packing list or other suitable shipping document shall accompany each shipment and shall include the following:

a) Contract Serial number
b) Supplier's name and address
c) Participating Public Entity's name and address
d) Participating Public Entity's purchase order number
e) A description of product(s) shipped, including item number(s), quantity (ies), number of containers and package number(s), as applicable

Grainger confirms our packing list will contain all required information listed above.

2.15 LAST MILE DELIVERY MODEL INCENTIVE:

In this delivery model the Supplier(s) has the ability to provide an incentive to Participating Entity for a Centralized Delivery model. The Participating Entity will provide Last Mile Delivery at their location. Individual Participating Entities will work with Supplier based upon their individual location needs to determine the most appropriate delivery model and financial terms for their situation. If a location elects to change business models during the Term of this Agreement or any Extensions to the Agreement, the Supplier will provide an Incentive to that location consistent with the Incentives offered to the Participating Entities. Proposed incentive and all program details in the Value Add section of the Questions.

2.15.1 Program Requirements: Participating Entity must have one consolidated drop off and pickup for the entire campus/health system. One delivery/pick-up point will be designated by Participating Entity Staff that is accessible to Supplier. The Supplier and the Participating Entity must agree that the designated location meet program requirements before the Last Mile Delivery Program will be implemented. Once approved, the Participating Entity will be required to provide a report to substantiate the daily delivery volume to one location and the one consolidated pickup to Supplier which will be used by Supplier to verify payment amounts to the Participating Entity locations. Payment will be made to each Participating Entity designated contact, 30 days from Supplier receipt of the quarterly report.

3.0 PROCUREMENT REQUIREMENTS:

3.1 SHIPPINGTERMS:

Bid price(s) and terms shall be F.O.B. Destination.

3.2 MINIMUM ORDER:

There shall be no minimum order requirement during the term of this Agreement and any extension(s) of such term.

3.3 ONLINE CATALOG:

Online/ecommerce capability to access catalog reflecting contract pricing of all products.

3.4 OPERATING MANUALS (If required):

Upon delivery, Contractor shall provide comprehensive operational manuals, service manuals and schematic diagrams, if required by the Participating Entity.

3.5 ACCEPTANCE: (If required):

Upon delivery and successful installation, the material(s) shall be deemed accepted and the warranty period shall begin. All documentation shall be completed prior to final acceptance.

3.6 TRAINING:

Supplier(s) to provide detailed list of training that is offered under proposal and all additional training. Provide any details that are available if training can be conducted from manufacture direct, with the support of Supplier/Distributor.
Grainger provides a robust offering of free and fee based (catalog or sourced) training for CHESS customers including but not limited to the following beginning with contract and eProcurement training:

Contract & eProcurement: Grainger's contract management provides **contract and eProcurement** training at no additional charge to CHESS customers.

New Product Training: Grainger introduces new products continually which may be viewed by

CHESS customers at: **NEW PRODUCTS** .

Training for use and/or utilization of any of these products can be coordinated through Grainger's local Government Sales Representatives, local branch personnel and / or General Catalog manufacturers and suppliers. Grainger will work with CHESS customers to schedule training on new products for which they identify a need.

Manufacturer & Supplier Training: Grainger will assist via our local Government Sales Representative, CHESS customers in working with manufacturers, suppliers and third party installers for equipment and operation manufacturer-certified set up and training, post-installation services and maintenance as needed.

CHESS Customers will have opportunity for a variety of additional training at no charge. Through our relationship with industry leading manufacturers and suppliers, Grainger offers a variety of product training topics. While most of these training seminars are conducted at CHESS customer locations, other options are available. These programs include:

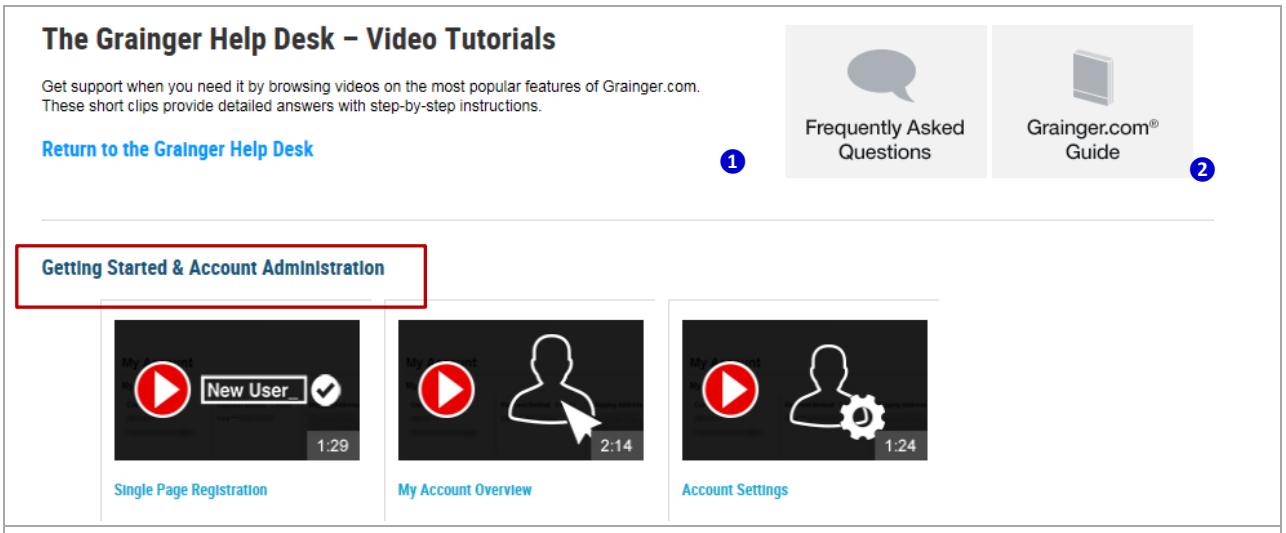
- **Proto Tools Hand tool safety seminar and film** – Training includes a demonstration of the correct method of tool usage through a presentation by Proto and Grainger representatives. A certificate is issued upon completion of class.
- **DeWalt Power Tools** – Training and customer safety presentations includes demonstrations of safe operating practices for power tools. Presented jointly by Grainger and DeWalt representatives.
- **Fire-Resistant Workwear Training** - Evaluation and training of hazards to help determine proper product selection and use, and identifying cost savings.
- **Fall Protection Training** - Specific courses designed to train for safety at heights, equipment inspection, rescue planning and tower climbing. Customized training courses are also available.
- **Hearing Protection & Conservation Training** – Training includes instruction on the importance of proper use of hearing protection devices and is designed to assist your business in becoming compliant with OSHA standard 29 CFR 1910.95.
- **Gas Detection Equipment Training** - Instruction on how to use gas detection products, including calibrating the equipment.
- **Arc Flash Awareness Seminar** - Designed to bring awareness to the National Fire Protection Agency. Topics include methods of assessment, Personal Protective Equipment (PPE), proper electrical tools, test instruments and labeling of hazards.
- **Fuses & Power Distribution Training** - Seminars are tailored to site safety requirements in proper application of fuses to help protect electrical equipment and power distribution systems.

- **Spill Containment Training** - Employees are trained to use correct products and procedures for specific spill control and absorbent applications. Assessment involves detailing current spill maintenance procedures, identification of new and enhanced procedures and suggested improvements.
- **Climbing Pro Ladder Training** - Includes training literature and video on safe and proper ladder use, how to select the correct ladders for the job and ladder inspection.

Grainger Online Training: CHESS customers will have free access to various Grainger resources such as our "On the Job Webinar Series" that relate to work environment topics.

Grainger's "On the Job Webinar Series" addresses work environment issues such as:

- **Safety**
- **OSHA Regulations**
- **Productivity**
- **Procurement & Inventory Management**
- **Green Solutions**
- **Emergency Preparedness**



At Grainger's On the Job website, (**https://www.grainger.com/content/webinars**) you will be able to register and attend **FREE** online Webinars, all at the convenience from your desk. If a CHESS customer is unable to attend the scheduled live Webinar date, recordings of previous Webinars are readily available online.

Safety Training and Assessments: Through our strategic suppliers, the following solutions are offered to CHESS Customers:

Assessment	Description
Job Hazard Assessment Program	Designed to assist with workplace hazard assessments, qualifying the specific product solution. Samples may be provided to check proper fabric, fit and application.

Assessment	Description
Safety Eyewear Assessment	Designed to assist agencies and institutions with workplace eye protection assessments, qualifying the specific product solution.
Hand Protection & Glove Program Assessment	Evaluates glove programs to determine proper selection and use, and identify cost savings. Samples are provided, allowing users to ensure proper fit and application.
Head Protection Assessment	Designed to assist workplace head protection assessments, qualifying the specific product solution
Ergonomic Matting Assessment	Evaluates your facility to recommend anti-fatigue matting to help reduce back and lower leg fatigue for employees who stand while working. Identifies the proper mat for use in areas with oils or chemicals and provides 12" samples to stand on or test against chemicals.
First Aid Assessment	Designed to assist agencies or institutions with establishing a first aid program, understanding regulations and meeting ANSI fill requirements.
Confined Space Analysis	Site audit to determine potential confined space hazards.
STUD-E Safety Check Program	Site Assessment evaluates concerns associated with storage, transfer, use and disposal of hazardous liquids. Product suggestions promote using the right equipment for the right job. Provides assistance with regulatory code compliance to OSHA and EPA standards.
Hazardous Liquid Handling & Storage Assessment	On-site audit of hazardous/flammable storage, use and handling.
Process Safety Management	Includes the assembling of required process hazard information, which included field tracing piping and developing Piping & Instrumentation Diagrams (P&IDs); reviewing and commenting on operating procedures (startup, shutdown and emergency shutdown); and health, safety, emergency response procedures and preventive maintenance practices.
Lockout Program Needs Survey	On-site survey to assess current lockout/tagout practices and provide suggestions to improve current LOTO program.
Safety Paint Assessment	Conducts an on-site survey to determine the condition and location of safety markings and recommend the proper safety coatings.
Slips, Trips & Falls Assessment **Floor Coating & Anti-Slip Assessment**	Provides a pedestrian safety site assessment that takes in facility observations and gives back recommended products and solutions to help Member's facility become safer for employees and guests.

3.7 USAGE REPORT:

The Supplier(s) shall furnish UC a usage report upon request delineating the acquisition activity governed by the Master Agreement. The format of the report shall be approved by UC and shall disclose the quantity and dollar value of each contract item by individual unit. Exhibit 5 – Quarterly Report is to be used for quarterly reporting. Any changes requested to be made to Exhibit 5 are to be negotiated prior to acceptance of award.

3.8 BACKGROUND CHECK:

Outline your current business practices for employment and background check.
Every new hire who has accepted an offer of employment with Grainger is required to pass a background check. Any rehire being hired back to Grainger is required to pass a background check if their break in service is over 60 days.

3.9 INVOICES AND PAYMENTS:

3.9.1 Invoices are required to contain the following information:

- California sales tax as a separate line item
- Shipping costs as a separate line item
- UC or each respective Participating Entity's Purchase Order, Release Number, or Agreement Number
- Description, quantity, catalog number and manufacturer number of the item ordered
- Pricing per unit of purchase
- Extended price
- Total Amount Due
- Any pay/earned/dynamic discount
- Reference to original order number for all credit memos issued

3.9.2 Settlement Method and Terms are outlined in Attachment I.

3.9.3 Problems regarding billing or invoicing shall be directed to the Participating Entity as listed on the Purchase Order.

3.9.4 Provide available payment terms.
Grainger's standard payment terms are NET 30.

3.9.5 Modification of Terms: Participating Agencies commonly require a modification to a term of the Master Agreement (e.g. governing law). The awarded Supplier and Participating Entity may agree to modify terms on any specific purchase by a Participating Entity without being in conflict with the Master Agreement.

3.10 SERVICE METRICS:

During the term of this Master Agreement and any extension(s) of such term, Supplier agrees to the following Service Metrics details and specifications. UC service standards provide guarantees that Supplier shall consistently adhere to the standards for all Participating Locations.

3.10.1 **Stock Item Delivery**: Orders placed before 5:00 p.m. local time will ship the same day for next day delivery.
Same-day shipping is achieved for 99% of in-stock items within the continental U.S. when your order is received by 5 p.m. local time at the shipping facility. Through the use of commercial carriers such as UPS, customers receive most shipments the following business day. Additionally, Grainger uses local delivery sources, such as messenger services or common carriers, which can guarantee emergency deliveries.

Please note: delivery of Vendor Managed Inventory for KeepStock Inventory Management programs will be ordered and delivered according to min/max inventory level requirements. Grainger's Onsite Service Representative will put inventory away in its proper vending machine or inventory shelf/bin.

3.10.2 **Non Stock Item Delivery**: Contractor shall place the order on the same day it receives the order from a Location. Contractor shall then deliver the Product the next day after Contractor's receipt of the item unless the item is shipped direct to the ordering Location from the Manufacturer.
Grainger will place the order for a non-stock item the same day it receives the order (if before 5pm local time) from a location. Delivery of a non-stock item is typically direct from a supplier to the customer and will be delivered on the arrival date provided at the time of order. In the case where a non-stock item is delivered to Grainger, it will be immediately shipped from our distribution center to the end user.

3.10.3 **Fill Rate:** 98% order fill rate; 98% line fill rate

3.10.4 **Returns:** Full credit guaranteed on any return regardless of reason if within thirty (30) days of receipt with receipt, invoice, packing slip or similar documentation.

Returns for Grainger products must be made within one (1) year from the date of purchase, unless otherwise indicated. Returned product must be in original packaging, unused, undamaged and in saleable condition. Proof of purchase is required. Grainger will either replace the product or issue a credit for the purchase price. Returns of non-General Catalog items may be subject to a restocking charge (credited for less than full purchase price) up to 35% or more of the sale price.

Custom orders and sourcing orders may be subject to "Final Sale" basis. This will be identified on the Quote prior to purchase.

3.10.5 **Return Pick-up:** Pick-up will occur within five (5) days from request. Return time frame begins as of date of request for pick-up.
For assistance with returns, call Grainger Customer Care at 1-800-GRAINGER (472-4643)

Steps for a Standard Return originally shipped to a customer for the following reasons:

- **Wrong item shipped from Grainger**
- **Item damaged when received**
- **Faulty defective item that has warranties**

1. Call Grainger Customer Care at **1-800-GRAINGER** (472-4643)
2. Indicate whether you would like a replacement product or a credit
3. Grainger takes responsibility for the return and will send a return label to the customer
4. At their convenience, the customer carefully packages the item(s) and includes the packing slip
5. Pre-paid shipping label is placed on return package
6. Customer notifies carrier to pick up the return.
7. New product is sent to the customer or their account is credited

Steps for a Standard Return originally shipped to a customer for the following reasons:

- **Incorrect item ordered**
- **Ordered too many items**
- **No longer need or want**

If the customer needs to return an item it can be shipped back to Grainger or drop off the product to any of our Grainger branch locations.

If customer is shipping the product:

1. Call Grainger Customer Care at 1-800-GRAINGER (472-4643)
2. Grainger takes responsibility for the return and will send a return label to the customer
3. Carefully package the item(s) and include the packing slip
4. Write the reason for returning the product on your packing slip; if the packing slip is not available, please provide the purchase date, the original invoice number and the item number for the product
5. Indicate whether you would like a replacement product or a credit
6. Ship the package to the nearest Grainger branch location

3.10.6 **Credits:** Full credit issued in same form as payment and referencing the original purchase order number.
Grainger confirms statement 3.10.6

3.10.7 **Report Requests:** Standard reports will be generated at the CHESS and Location or Participating Entity level quarterly or as necessary to track compliance.
Any reports currently being provided to CHESS will continue to be provided.
Reports will be provided within 30 days after the end of the previous month.
Reports provided for admin fee or rebates will be provided within 45 days after the end of the previous quarter.
Standard reports for Participating Entities can be provided on a monthly or quarterly basis.

3.10.8 **Delivery Accuracy:** 98% calculated based on percent of entire order fulfilled accurately.
Grainger will continue to provide delivery accuracy of 98%

3.10.9 **On-Time Delivery:** 98% calculated based upon the percent of the entire order arriving at the customer's required time.
Grainger's carriers make every attempt to deliver orders by the arrival date given at the time of order. Due to circumstances beyond our control such as weather or delivery is attempted but customer is not available to receive the order, some deliveries may miss the original arrival date.

3.10.10 **Invoice/Billing Accuracy:** 99%
Grainger makes best effort to have correct invoices and billing for customers. For any billing questions, customers may call the 800 number located on their invoice or reach out to their local Account Manager.

3.10.11 **Customer Service Satisfaction:** Average score of 3.75 or better on a 5 point scale.
Grainger will work with CHESS / National IPA to develop a customer satisfaction survey. Results can be viewed during Business Review Meetings. Action Plans can be put in place for any scores that fall below 3.75.

3.10.12 **Quote Turnaround:** 24 hours
Grainger's average Sourcing quote turnaround time is 1-2 days from time of request.

3.10.13 **Response Time:** Emergency Calls 1 hour; Non-Emergency Calls 4 business hours; Emergency Resolution Time Best efforts until issue is resolved
Grainger's after hours emergency service provides product fulfillment after standard Grainger branch business hours through a toll-free number (1-800-CALL-WWG). Service is available in most branches throughout the US, but varies by market. Calls are routed to one of our US based Grainger Call Centers. A Call Center employee then contacts a local Grainger branch employee, via phone, and relays the customer information. Grainger's branch employees are committed to contacting the customer within 60 minutes of the initial customer call to make arrangements to meet the customer at the local Grainger branch to fulfill the emergency order.

3.11 SURVEYS

Supplier will, at Participating Entity request, conduct customer surveys. The content of these surveys will be approved by Participating Entity. Participating Entity will be responsible for the tabulation of these surveys.

3.12 PROGRAM MANAGEMENT:

Supplier will provide the necessary staff and resources to support CHESS program management function as outlined in the RFP and Supplier's Response including, but not limited to:

- Marketing Program to increase sales activity;
- Coordinating Program implementation;
- Providing superior customer service;
- Promoting alternate Services to reduce cost and to meet CHESS sustainability objectives;
- Demonstrating new Services;
- Managing the continuous improvement process;
- Providing on-going contract monitoring and maintenance;
- Offering Services cost reduction and process improvement opportunities to CHESS;
- Conducting monthly account review meetings.

Please see Attachment ***Grainger's National Government Sales Force*** Organizational Chart

3.13 PROJECT MANAGER:

Supplier will assign a project management team to coordinate Participating Entity implementation of the Agreement.

3.14 POST AWARD MEETING:

The Supplier may be required to attend a post-award meeting with UC to discuss the terms and conditions of this Master Agreement. This meeting will be coordinated by Lead Agency Procurement Officer.

4.0 CONTRACTUAL AND SPECIAL TERMS & CONDITIONS:

4.1 **DRAFT CONTRACT SEE EXHIBIT 2**

5.0 INSTRUCTIONS TO SUPPLIERS:

Bidders and Suppliers are solely responsible for submitting bids, proposals, and any modifications or withdrawals, to be received at the time and designated location required by the solicitation (ITN, RFP, ROQ, or any other solicitation notice).

Any bid, proposal, modification, or withdrawal received after the designated time is deemed "late" and will be rejected and not evaluated.

5.1 SCHEDULE OF EVENTS:

Request for Proposals Issued:	JANUARY 31, 2018
Vendor Conference:	FEBRUARY 05, 2018
Deadline for Questions	MARCH 02, 2018

All technical/system questions shall be e-mailed to support@gep.com. All questions are to be submitted in GEP system and shall be posted for others to view.

Deadline for submission of proposals is 3:00 P.M., Pacific Time, on **March 17, 2018**. All proposals must be received before 3:00 P.M., Pacific Time, on the above date in the GEP System.

Proposed Respondent presentations: (if required)
MARCH 2018

Proposed selection and negotiation:
APRIL 2018

Proposed award of Contract:
MAY 2018

All responses to this Request for Proposal become the property of CHESS and (other than pricing) will be held confidential, to the extent permissible by law. CHESS will not be held accountable if material from proposal responses is obtained without the written consent of the Respondent by parties other than CHESS.

5.2 VENDOR CONFERENCE

5.2.1 Vendor Conference will be held related to solicitation# RFP-MRO-UCSystemWide-Jan312018.

5.2.2 Conference will be conducted using ZOOM web conference services. Audio and Video will be recorded and attached to GEP System, to document any questions or topics covered.

- Registration Required prior to participation
- Link for Audio/Video attendance: https://UCOP.zoom.us/j/380679787
- Dial In option US: +1 669 900 6833 Meeting ID: 380 679 787

5.2.3 Purpose of the Vendor Conference is to:

- Explain the RFP process and expectations
- Provide additional information to the attached documents
- Answer any questions Supplier(s) may have related to the RFP or the process

5.3 INQUIRIES AND NOTICES:

All inquiries concerning information herein shall be addressed in the GEP system. All inquiries will be posted and answered within the system for viewing purposes.

5.4 GENERAL CONTENT:

5.4.1 The Proposal should be specific and complete in every detail. It should be practical and provide a straightforward, concise delineation of capabilities to satisfactorily perform the contract being sought.

5.4.2 The Respondent should not necessarily limit the proposal to the performance of the services in accordance with this Request for Proposal but should outline any additional services and their costs if the Respondent deems them necessary to accomplish the program.

5.4.3 Include a detailed response to Attachment C, Exhibit A, and National IPA Response for National Cooperative Contract. Responses should highlight experience, demonstrate a strong national presence, describe how offeror will educate its national sales force about the Master Agreement, describe how products and services will be distributed nationwide, include a plan for marketing products and services nationwide and describe how volume will be tracked and reported to National IPA. The successful offeror will be required to sign Attachment C, Exhibit B, and National IPA Administration Agreement. Offerors should have any reviews required to sign the document prior to submitting a response. Offeror's response should include any proposed exceptions to the National IPA Administration Agreement.

5.5 EVALUATION OF PROPOSAL – SELECTION FACTORS:

An Evaluation Committee shall be appointed, chaired by CHESS to evaluate each Proposal. At UC option, Supplier may be invited to make presentations to the Evaluation Committee. Best and Final Offers and/or Negotiations may be conducted, as needed, with the highest rated Respondent(s). UC reserves the right to make additional investigations as it deems necessary to establish the competence and financial stability of any offeror submitting a proposal. Proposals will be evaluated on the following criteria which are listed below: Evaluation Category (Points Available / Percentage Weight) Total points available is 20,000.

5.5.1 Company Profile (800 / 4%)

5.5.2 Capabilities (4000 / 20%)

5.5.3 Marketing / Sales (1000 / 5%)

5.5.4 Administration (1000 / 5%)

5.5.5 Sustainability (1200 / 6%)

5.5.6 Value Add (2000 / 10%)

5.6.7 Cost (10000 / 50%)

Supplier can achieve more points than the minimum criteria by proposing additional services and/or differentiating themselves from other submittals. The Team will determine the Total Score for each category in a Bidder's Final Bid by aggregating categories in the table above, Scores will be rounded to the two (2) decimal place.

NOTE: SUPPLIERS ARE REQUIRED TO USE ATTACHED DOCUMENTS IN GEP TO SUBMIT THEIR PRICING/DISCOUNT PROPOSAL.

ATTACHMENT A - PRICING

Company Name: **W.W. Grainger, Inc.**

1.0 **Base Discount:** **3%** (%) Minimum discount to be applied on all categories not defined below.

2.0 Please provide the percetange off list pricing for any of the categories you want to propose in the table below. The proposed discount percentages must not exceed 2 digits (i.e. 10.37% is acceptable while 10.37862% is not)

	CATEGORY	*DISCOUNT(%)
1	Adhesives, Sealants and Tape	3
2	Appliances	3
3	Air Filters	35
4	Batteries	10
5	Electrical	11
6	Fasteners	3
7	Hand Tools	5
8	HVAC and Refrigeration	10
9	Lighting, Lamps, Ballast, Fixtures	17
10	Material Handling Repairs	4
11	Motors	10
12	Outdoor Equipment	5
13	Paint, Equipment and Supplies	3
14	Plumbing	9
15	Pneumatics Tools	3
16	Power Tools and Accessories	5
17	Safety	11
18	Security	11
19	Welding and Soldering	3
20	Public Safety	11
21	Lab Supplies	10
22	Furniture, Hospitality and Food Service	10
23	Cleaning and Maintenance	15
24	Hardware	3
25	Hydraulics	3
26	Lubrication	3
27	Machining	3
28	Power Transmission	3
29	Test Instruments	3
30	Office Supplies	3
31	Fleet and Vehicle Maintenance	3

Note:

***This Pricing discount structure (%) must comply with pricing proposed in ATTACHMENT A-1 PRICING ANALYSIS WORKBOOK.**

As part of Grainger's 2017 strategic pricing initiative, Grainger introduced Contract Reference Prices ("CRP") as the new basis for its contract customer pricing. Grainger's CRP prices are market-based and lower than Grainger's historic List Prices. Because CRP prices are lower than Grainger's prior List Prices, contract category discounts are also lower. As a result, a larger category discount percentage offered by a competitor may not yield a lower product price.

ATTACHMENT A-1 PRICING ANALYSIS WORKBOOK

I. Instructions

A Supplier(s) are **required** to complete **all tabs** with exact match (SKU and UOM), excluding private label items, that are able to be distributed or sourced.

B Supplier(s) are **required** to respond in the **Substitute**, if Supplier(s) is unable to source exact match or if item listed is private label.

C If a private label SKU is listed, Supplier(s) is **required** to provide BEST MATCH SUBSTITUTE in order to meet minimum category requirements.

D All responses **MUST** match Unit of Measure (UM) defined in SKUs. If you are unable to match SKU and UOM, it is **REQUIRED** that you provide details in the **SUBSTITUTE** section. Defined in **Substitute UOM QTY**.

E Preference will be given to those items completed under EXACT MATCH. (excluding private label items)

F Non-Standard category is **required** to be completed for those Supplier(s) interested in being MRO Primary Distributor.

II. Supplier Response Requirement

A **MRO Primary Distributor** is required to complete 14 of 19 categories outlined in Price Sheet(s). One of the required categories of the 14 is "Non-Standard".

B **Individual Category:** Suppliers interested in only individual categories have an option to submit a response for evaluation. Responses for individual categories must meet a minimum of 70% of items listed in that category with either exact match or equivalent Substitute. Suppliers submitting for individual categories will be evaluated amongst all other equivalent category responses.

III. RFP Categories.

A There are nineteen (19) categories in this RFP workbook, and about1,500 SKUs that need price submissions.

B Each category is listed separately in an individual Price Sheet within GEP system.

IV. Workbook Headers

HEADER	HEADER DESCRIPTION
Manufacture Part Number	Manufacturer part number associated with the product
Manufacture Name	Manufacture name associated with product
Description	Product description
UOM Qty	UOM per quantity
Unit of Measure	Unit of Measure
Proposed Price (USD)	Bidder's proposed price for specific product with EXACT match manufacture # and manufacture name
Total Proposed Price	Proposed price x 12 Month Usage
Substitute Catalog #	Substitute catalog number meeting similar specs to EXACT match
Substitute Manufacture	Substitute Manufacture Name proposed
Substitute Product Description	Substitute Product Description proposed
Substitute OUM QTY	Substitute unit of measure quantity at EACH. Example 1 Box = 10 EACH. Enter 10.
Substitute OUM	Substitute unit of measure (SOLD) Example: EA, BX, CA, PK
Substitute Price (USD)	Substitute Price for UOM proposed if no EXACT match possible
Substitute Total Price	Substitute Price * UOM QTY

Requirements for National Cooperative Contract
To be Administered by
National Intergovernmental Purchasing Alliance Company

The following documents are used in evaluating and administering national cooperative contracts and are included for Supplier's review and response.

National IPA Exhibit A – NATIONAL IPA RESPONSE FOR NATIONAL COOPERATIVE CONTRACT

National IPA Exhibit B – NATIONAL IPA ADMINISTRATION AGREEMENT, EXAMPLE

National IPA Exhibit C – NATIONAL IPA MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT, EXAMPLE

National IPA Exhibit D – NATIONAL IPA PRINCIPAL PROCUREMENT AGENCY CERTIFICATE, EXAMPLE

National IPA Exhibit E – NATIONAL IPA CONTRACT SALES REPORTING TEMPLATE

National IPA Exhibit F – NATIONAL IPA ADVERTISING COMPLIANCE REQUIREMENT

1.0 Scope of National Cooperative Contract

1.1 Requirement

University of California (UC) (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company ("National IPA"), is requesting proposals for Maintenance Repair and Operations (MRO) Supplies and Related Services. The intent of this Request for Proposal is that any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal (hereinafter defined and referred to as the "Master Agreement") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through National IPA's cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with National IPA (an example of which is included as Exhibit D) and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with National IPA as a Participating Public Agency in National IPA's cooperative purchasing program. Registration with National IPA as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through National IPA.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither National IPA, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency.

This Exhibit A defines the expectations for qualifying Suppliers based on National IPA's requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through National IPA.

These requirements are incorporated into and are considered an integral part of this RFP. National IPA reserves the right to determine whether or not to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement National IPA intends to provide marketing, sales and administrative support for Supplier pursuant to this section 1.2 that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

The National IPA marketing team will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

A. Marketing collateral (print, electronic, email, presentations)
B. Website development and support
C. Trade shows/conferences/meetings
D. Advertising
E. Social Media
F. Sales Team Support

The National IPA sales teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

A. Individual sales calls
B. Joint sales calls
C. Communications/customer service
D. Training sessions for Public Agency teams
E. Training sessions for Supplier teams

The National IPA contracting teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies prospective Public Agencies through:

A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
B. Training sessions for Public Agency teams
C. Training sessions for Supplier teams
D. Regular business reviews to monitor program success
E. General contract administration

Suppliers are required to pay an administrative fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. Supplier will be required to execute the National IPA Administration Agreement (refer to Exhibit B).

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the National Intergovernmental Purchasing Alliance Company Administration Agreement between Supplier and National IPA (the "National IPA Administration Agreement")

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately $500 million annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through National IPA, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and National IPA.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will be the basis of award on a national level through National IPA. If multiple suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same suppliers will be required to extend the Master Agreement to Participating Public Agencies through National IPA. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency are subject to modification for each Participating Public Agency as Supplier, such Participating Public Agency and National IPA shall agree. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (i.e. invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, governing law, etc.). Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to National IPA).

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through National IPA's cooperative program:

A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;
B. Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide;
C. Achieve cost savings for Supplier and Public Agencies through a single solicitation process that will reduce the Supplier's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;
D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 REPRESENTATIONS AND COVENANTS

As a condition to Supplier entering into the Master Agreement, which would be available to all Public Agencies, Supplier must make certain representations, warranties and covenants to both the Principal Procurement Agency and National IPA designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Supplier

2.1 Corporate Commitment

Supplier commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Supplier's executive management, (2) the Master Agreement is Supplier's primary "go to market" strategy for Public Agencies, (3) the Master Agreement will be promoted to all Public Agencies, including any existing customers, and Supplier will transition existing customers, upon their request, to the Master Agreement, and (4) that the Supplier has read and agrees to the terms and conditions of the Administration Agreement with National IPA and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Supplier will identify an executive corporate sponsor and a separate national account manager within the RFP response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Supplier commits the not-to-exceed pricing provided under the Master Agreement pricing is its lowest available (net to buyer) to Public Agencies nationwide and further commits that if a Participating Public Agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, that the Supplier will match such lower pricing to that Participating Public Agency under the Master Agreement.

2.3 Sales Commitment

Supplier commits to aggressively market the Master Agreement as its go to market strategy in this defined sector and that its sales force will be trained, engaged and committed to offering the Master Agreement to Public Agencies through National IPA nationwide. Supplier commits that all Master Agreement sales will be accurately and timely reported to National IPA in accordance with the National IPA Administration Agreement. Supplier also commits that its sales force will be compensated, including sales incentives, for sales to Public Agencies under the Master Agreement in a consistent or better manner compared to sales to Public Agencies if the Supplier were not awarded the Master Agreement.

3.1 SUPPLIER QUALIFICATIONS

Supplier must supply the following information in order for the Principal Procurement Agency to determine Supplier's qualifications to extend the resulting Master Agreement to Participating Public Agencies through National IPA.

3.2 Company

A. Brief history and description of your company.

Grainger was founded in 1927 and incorporated in the State of Illinois in 1928, as W.W. Grainger, Inc. Grainger is a publicly held Fortune 500 company with shares traded on the New York Stock Exchange (NYSE). With 2016 sales of over $10 billion, Grainger is the leading North American provider of maintenance, repair, and operating (MRO) supplies. Grainger's capabilities include:

- A strategic US distribution network of 249 branches and 13 distribution centers.
- An extensive product line, now **more than 1.6 million products** and repair parts and over $1.3 billion of on-hand inventory that meets every agency's requirements.
- 95% of customers receive next day product delivery; 99.6% of in-stock orders are shipped within 24 hours.
- Proven experience in negotiating and implementing multi-state, complex, nationwide contracts.

Grainger's continued investment in exceptional service, value-added programs, eProcurement solutions, KeepStock inventory management solutions and physical presence has enabled 38 states, hundreds of political subdivisions, and thousands of end-users across the US to benefit from Grainger's solutions. We are proud to work with CHESS to provide a contract of scope and scale meeting every MRO requirement at a competitive overall value.

B. Total number and location of sales persons employed by your company.

Grainger has approximately 6,000 sales persons located throughout the US strategically positioned to support our customers. 500 of Grainger's sellers are dedicated to Government customers.

C. Number and location of support centers (if applicable).

Grainger has **249 branch locations** and **13 distribution centers** in the US and three

Customer Support Centers. Grainger's headquarters located in Lake Forest, IL, maintains support services for our online eCommerce and eProcurement solutions, inventory management solutions, administrative support such as Accounts Receivable and other services. Please see Attachment ***Grainger's Branch and DC Network*** Grainger US Branch & DC Locations for all address locations and key contact information.

D. Annual sales for the three previous fiscal years.
2017: $10,424,858,000
2016: $10,137,204,000
2015: $9,973,384,000

E. Submit your FEIN and Dunn & Bradstreet report.
DUNN#: 005-10-3494
FEIN: B36-1150280

3.3 Distribution, Logistics

A. Describe how your company proposes to distribute the products/service nationwide.

Grainger provides the best combination of product selection, local availability, speed of delivery and simplicity of ordering in the industry, and operates in all 50 states through a **network of 249 branches and 13 distribution centers.** Grainger's standard operations consist of methods to make inventory available to customers on a just-in-time basis. Through Grainger's logistic network, we carry over $1.25 billion in inventory on hand every day which is provided by over 5,100 Grainger suppliers and manufacturers.

Grainger's branches and DCs can tailor their inventory to customer's location preferences and actual product demand to mitigate potential stock outs. In-stock products can then be made available for immediate pick-up, same-day shipment, or same-day delivery.

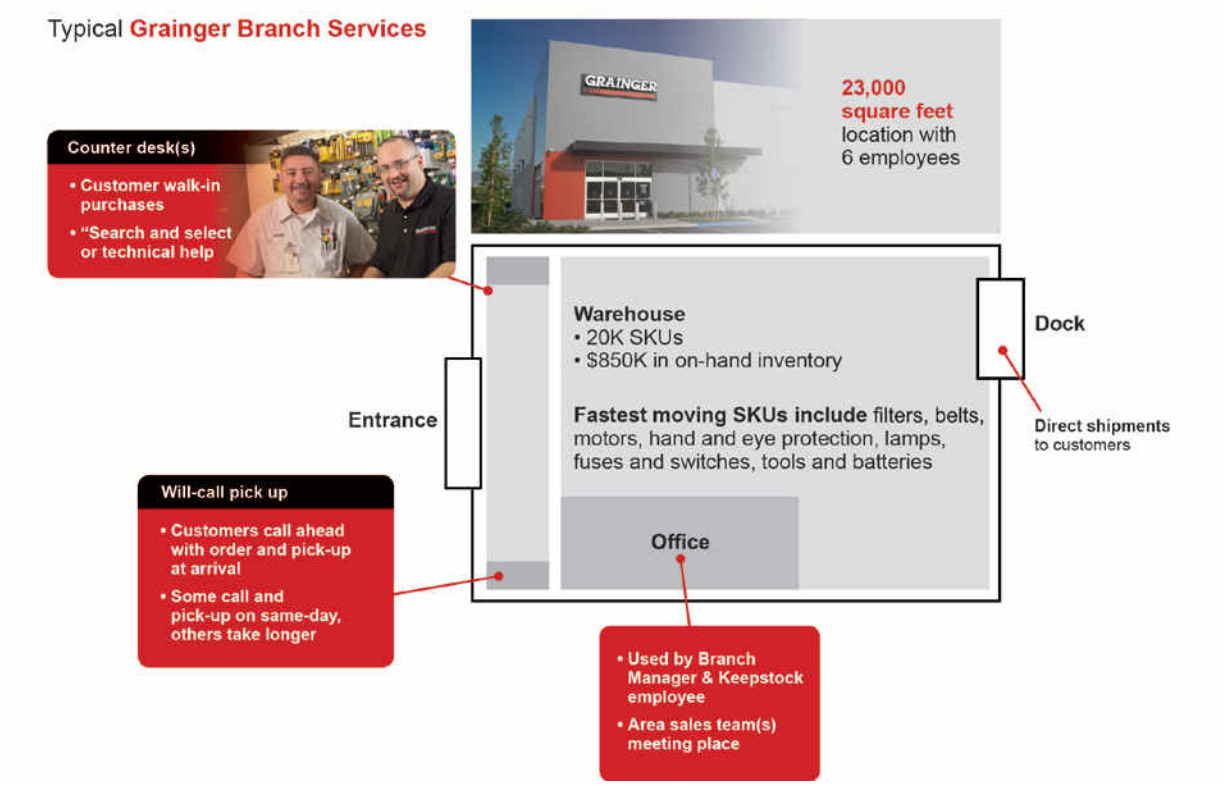
Integrated Distribution Network: Grainger uses an electronic communications network which links together branches and distribution centers across the country. This results in almost instantaneous transmittal of product inventory and shipment information. When a Grainger Customer Service Associate (CSA) receives a customer inquiry, the CSA not only has computer access to the inventory records of the local branch, but also has access to the national inventory records for the product at each branch and distribution center across the nation.

This total asset visibility permits the representative to draw material from across the Grainger system to immediately satisfy the material needs of the customer. Standard stock product can be stored at the local branch, based on customer needs, on a case-by-case basis.

Grainger ships in-stock orders received by 4:00 pm local time on the day the order is received. Through the use of commercial carriers such as UPS, customers receive most shipments the following business day. Additionally, Grainger uses local delivery sources, such as messenger services or common carriers, which can guarantee emergency deliveries.

Grainger's US Branch & Distribution Center Network

Grainger's US 249 branch network and 13 Distribution Centers (DCs) maintain over $1.25 billion inventory which is immediately available to send to customers. Grainger provides 95% of our ***customers with next day service.***



Unlike our competitors, **the majority of our orders ship complete**, which means our customers have what they need to get their jobs done in one shipment without the hassle of multiple shipments and POs.

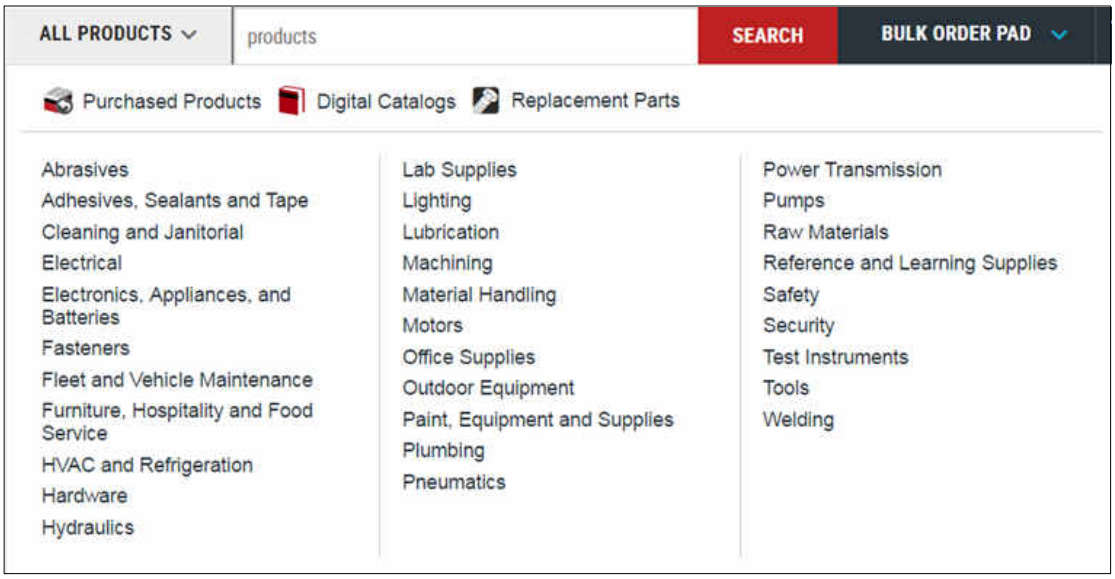
B. Identify all other companies that will be involved in processing, handling or shipping the products/service to the end user.

Grainger uses commercial carriers such as UPS and local delivery sources such as common carriers to delivery products to our customers.

C. Provide the number, size and location of your company's distribution facilities, warehouses and retail network as applicable.

Grainger's distribution network consists of 249 branches and 13 distribution centers. Each of our 249 domestic branches carries on average $1 million in inventory within **23,000 square feet** and is managed by an average of 13 employees processing 160 transactions per day. Please see ***Attachment Grainger Branch and DC Network*** for Grainger branch locations.

Our DCs are more than **300,000 square feet** in size on average, and stock more than 100,000 of Grainger's fastest selling items. Automated equipment and processes in the DCs allow them to handle most of the customer shipping and also replenish branch inventories. The DCs ship orders, including Internet orders, directly to customers for all branches located in their service areas.



Grainger US Distribution Centers				
Location	**Approximate Number of SKU's**	**Approximate Square Footage**	**Approximate Inventory Value**	**Number of Employees**
Southaven, MS	111,000	230,000	$32,800,000	144
Cleveland, OH	134,000	395,000	$44,600,000	218
Dallas, TX	150,000	560,000	$66,400,000	322
Greenville, SC	305,000	1,100,000	$113,400,000	492
Jacksonville, FL	119,000	230,000	$35,800,000	144
Kansas City, MO	131,000	1,300,000	$50,100,000	265
Minooka, IL	464,000	1,100,000	$174,100,000	632
Mira Loma, CA	133,000	345,000	$46,400,000	181
Patterson, CA	269,000	820,000	$91,100,000	358
Bordentown, NJ	283,000	1,300,000	$115,400,000	574
Denver, CO	73,000	45,000	$6,700,000	30
Plymouth, MN	89,000	35,000	$8,000,000	34
Seattle, WA	88,000	56,000	$10,400,000	46

D. State any return and restocking policy and fees, if applicable, associated with returns.

Grainger's standard return policy reads as follows: Returns for Grainger products must be made within one (1) year from the date of purchase, unless otherwise indicated. Returned product must be in original packaging, unused, undamaged and in saleable condition. Proof of purchase is required. Grainger will either replace the product or issue a credit for the purchase price. Returns of non-General Catalog items may be subject to a restocking charge (credited for less than full purchase price) up to 35% or more of the sale price.

E. Describe the full line of products and services offered by your company.

Grainger is a broad line, business-to-business distributor of maintenance, repair and operating (MRO) supplies and other related products and services. Over the years, Grainger's product line has expanded to **more than 1.6 million products and repair parts** provided by over 5,000 suppliers and manufacturers and covering 31 broad MRO categories.

A screen shot of Grainger's online ordering solution, Grainger.com, presenting all product categories where customer may select to search products.

For products not found in the Grainger general catalog, Grainger's sourcing team procures those MRO Materials. Grainger's sourcing team leverages Grainger's buying power for miscellaneous related products and provides customers with a total cost solution for acquiring infrequently ordered items. Through this channel, Grainger provides quick access to **an additional 6,500 suppliers** and more than **five million products beyond the Grainger catalog** offering. Additionally, this channel provides access to line extensions (non-Grainger General Catalog product from Grainger General Catalog suppliers) and some discontinued product catalog lines.

In addition to products, Grainger's robust offering of services helps our customers save time, money and space while being environmentally conscious:

- Inventory Management Services
  - Vending
  - Customer Managed Solutions
  - Vendor Managed Solutions
  - Managed MRO Services
  - KeepStock Organize

- Consulting Services
- Technical Support & Training
- Safety Services
    - Surveys, Assessments & Training
    - Shoemobile
    - Eyewear Program
- eCommerce Solutions
- eProcurement Integration
- Energy Services
- Lighting Services
- Janitorial Services
- Implementation
- Training
- Environmentally Preferred Product Assessments
    - Green Reporting
    - Supplier Assessments
- Cross Referencing Services
- Sourcing Services
- Export Services
- Account Management
- Hazardous Recycling Services

3.4 Marketing and Sales

A. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to immediately implement the Master Agreement as your company's primary go to market strategy for Public Agencies to your teams nationwide, to include, but not limited to:

Grainger has a proven track record of successfully implementing our current National IPA contract to over 1,000 customers over the eight years, meeting the needs of both our customers and National IPA. Immediately upon award, Grainger will meet with National IPA to build a comprehensive 30/60/90 day plan that will meet the objectives of all parties involved. It is Grainger's goal to continue to execute on all of the initiatives and strategies that have proven successful under our current contract and to enhance those initiatives and strategies where all parties agree. The following are draft plans and can be further customized to meet the needs of our organizations as we continue our successful partnership.

Please see Attachment CHESS and National IPA Project Schedule for further details.

Grainger believes that the unique offering that this contract provides will meet or exceed the needs of CHESS and Education customers. This offering is based on actual purchase histories of the buyers under the existing UC Systems Agreement with a focus on their buying patterns and product demand to create an offer that is specifically targeted to address their education needs. The benefits of this contract will be presented as an option to any qualified Participating Public Agency buyers.

i. Executive leadership endorsement and sponsorship of the award as the public sector go-to-market strategy within first 10 days

Upon notice of award, Grainger Executive Leadership will circulate e-mail notifications, voice messages and company intranet messages to all involved Grainger team members announcing the new Master Agreement. These messages will endorse the new Master Agreement as a viable option for Participating Public Entities and will highlight the value and benefits of the new contract. Sellers, in particular, will be immediately equipped with information to position the new Master Agreement with our current customers and potential new customers to ensure the success of our relationship and contract.

A specific call to action with additional details will also be developed and communicated to the Government regional leadership teams explaining implementation strategies and plans for the new Master Agreement.

ii. Training and education of your national sales force with participation from the executive leadership of your company, along with the National IPA team within first 90 days.

In addition to our Project Schedule, (see Attachment CHESS and National IPA Project Schedule), Grainger will train and educate our national government sales force and the National IPA team on the features and benefits of our new CHESS Master Agreement. The training plan includes two main phases, as detailed here:

Weeks 1-12

Phase 1: Grainger will work with CHESS and the National IPA team to develop training materials to incorporate the benefits, products and services provided under the new Master Agreement. Online training materials will be developed to allow for delivery through a Web-Ex format which will then be presented on a regional basis to the national audience. The training materials will provide a complete overview of the new Master Agreement and how the Grainger team members can continue to deliver great service and solutions.

Training Materials include:

1. Detailed marketing brochure
2. Co-branded one page customer-facing marketing flyer
3. Internal Contract Overview PPT Deck for Grainger training
4. Update National IPA Landing Page with CHESS award details to educate potential customers

Phase 2: Training will be rolled out regionally, with endorsement from Grainger and National IPA executive leadership, to all Grainger and National IPA customer-facing employees and phone associates. Our eCommerce customer service representatives will also go through the training to ensure consistency of experience in delivering the e-Commerce solutions. Other teams that will be trained include: Customer Service (Call Centers and Branches), Inventory Management, Emerging Small Business, Minority Business Enterprise, Women Business Enterprise, And Disabled Veteran Owned Business (ESB/MBE/WBE/DV & DBE) Team and others necessary for a seamless contract launch

All training will be tracked to ensure that all national sales employees have successfully completed the training and have a full understanding of how to bring the new program under the Master Agreement to market for our mutual customers.

B. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to market the Master Agreement to current Participating Public Agencies, existing Pubic Agency customers of Supplier, as well as to prospective Public Agencies nationwide immediately upon award, to include, but not limited to:

Grainger will leverage proven processes and practices to ensure seamless transitions to the contract for CHESS and National IPA Members and application of an efficient and effective onboarding for new participating Members. Our objective is to make it easier for more CHESS and National IPA Members to adopt the new contract through a three phase

implementation approach:

Phase I: Execute Affiliation Document & Marketing

Timeline: First 30 Days

Goal: Promote and leverage the value of the CHESS / National IPA contract, obtain and sign Affiliation documents and activate contract terms.

Through Grainger's dedicated government sales force, digital marketing and trade publications, Grainger will target current CHESS and National IPA entities and explain the benefits of the new master agreement so each entity can realize the new contract's value. First, Grainger's Government Sales Manager's will prioritize Grainger's current CHESS and National IPA Entities. Second, Grainer will pursue the remaining entities that currently do not participate under the CHESS or National IPA contract.

Day 1 – 30: CHESS and National IPA Implementation Kick-off
Grainger Resources: Grainger Leadership Team, Government Sales Managers, Account Managers; Account Relationship Managers, Customer Service, Corporate Communications Team, Marketing Team

Grainger Actions

- **Conduct national conference calls internally with Grainger Executives** providing the details of the CHESS / National IPA agreement and implementation plan. The agenda includes an overview of the products and services that Grainger will provide Members, a list of key Member leaders, and specific assignments for the Grainger Executive team to promote the new contract
- **Conduct national conference calls internally with Grainger Government Sales Force** Training will be rolled out regionally, with endorsement from Grainger and National IPA executive leadership, to all Grainger and National IPA customer-facing employees and phone associates. Our eCommerce customer service representatives will also go through the training to ensure consistency of experience in delivering the e-Commerce solutions. Other teams that will be trained include: Customer Service (Call Centers and Branches), Inventory Management, Emerging Small Business, Minority Business Enterprise, Women Business Enterprise, And Disabled Veteran Owned Business (ESB/MBE/WBE/DV & DBE) Team and others necessary for a seamless contract launch
- **Execute Co-branded Marketing Plan** to educate customers on the benefits of the new Master Agreement through digital marketing and trade publications.
- **Activate CHESS and National IPA dedicated online portal** as a tool to educate customers on the benefits of the contract and tools and resources to assist in the Affiliation process.

CHESS and National IPA Existing and New Participating Members

- Grainger will leverage its 500+ strong Government sales force to promote and launch the contract through email and face to face meetings with CHESS customers.
- Continue to engage and market to unaffiliated customers to highlight and explain the benefits of the new CHESS and National IPA.
- Co-brand marketing material created and delivered through social media, Grainger website (www.Grainger.com), and other media channels.
- Lead regional calls between Grainger and National IPA to review affiliation progress, new targets and customer satisfaction.
- Work in coordination with CHESS and National IPA to identify trade shows, conferences or publications to market the new agreement.
- Activate pricing for affiliated customers within 48 hours of affiliation to new contract.

Phase II: Identify and Execute Cost Savings Solutions

II

Timeline: 30 - 90 DAYS

Goal: Understand customer's goals and initiatives to allow Grainger to leverage the full value of the contract to our customers.

- Grainger will leverage its 500+ strong Government sales force to understand customer goals and initiatives to align the appropriate resources to implement cost saving and valued add solutions.
- Leverage sales tools, resources and reporting capabilities to ensure Grainger sales force is touching all potential contacts within each customer to explain the benefits of the Master Agreement.
- Begin conducting Quarterly Business Reviews to measure progress, review cost savings and check and adjust to meet objectives.

Phase III: Check & Adjust with CHESS and National IPA

III

Timeline: 90 and above

Goal: Ensure progress towards mutually agreed upon goals and continuous improvement.

- Continue program marketing and participation in trade shows, conferences and other events to promote the contract.
- Facilitate monthly regional calls between Grainger and National IPA field sales to review affiliations, new targets and opportunities for improvement.
- Development marketing plan between Grainger and National IPA to target key unaffiliated customers.

i. Creation and distribution of a co-branded press release to trade publications

Grainger will continue to work with and support CHESS and National IPA to develop and distribute a new co-branded press release within the first 10 days (Phase I) after a contract award. Grainger, CHESS and National IPA will identify a targeted list of publications for the press release and other related communications.

ii. Announcement, contract details and contact information published on the Supplier company website within first 90 days

Upon award, Grainger will publish an announcement to our employees on our dedicated internal corporate website highlighting the features and benefits of the new Master Agreement. (Phase I) In conjunction, Grainger will also update the dedicated National IPA page on our internal corporate website to assist in the training of our Sales team on the new features and benefits of the Master Agreement.

iii. Design, publication and distribution of co-branded marketing materials within first 90 days

Grainger will work with CHESS and National IPA marketing team to update the dedicated National IPA landing page within the first 30 days of award. (Phase I) This dedicated landing page will provide customers with the features, benefits, products and services offered through the Master Agreement. This portal will allow customers an easy access through the affiliation process.

Grainger will collaborate with the National IPA to continue and enhance a Go-To-Market plan that will include multiple marketing channels such as collateral materials, e-mail

communications and web content to ensure a keen awareness of the new program and usage of the new agreement. (Phase I)

iv. Commitment to attendance and participation with National IPA at national (i.e. NIGP Annual Forum, NPI Conference, etc.), regional (i.e. Regional NIGP Chapter Meetings, etc.) and supplier-specific trade shows, conferences and meetings throughout the term of the Master Agreement

Grainger will continue to exhibit and staff a booth at the NIGP Annual Forum as well as other national and regional trade shows. Grainger will also continue to assist and develop a strategy with CHESS / National IPA by providing the same level or greater assistance to the overall promotion and marketing effort with regard to mutually agreed-upon national and regional trade shows.

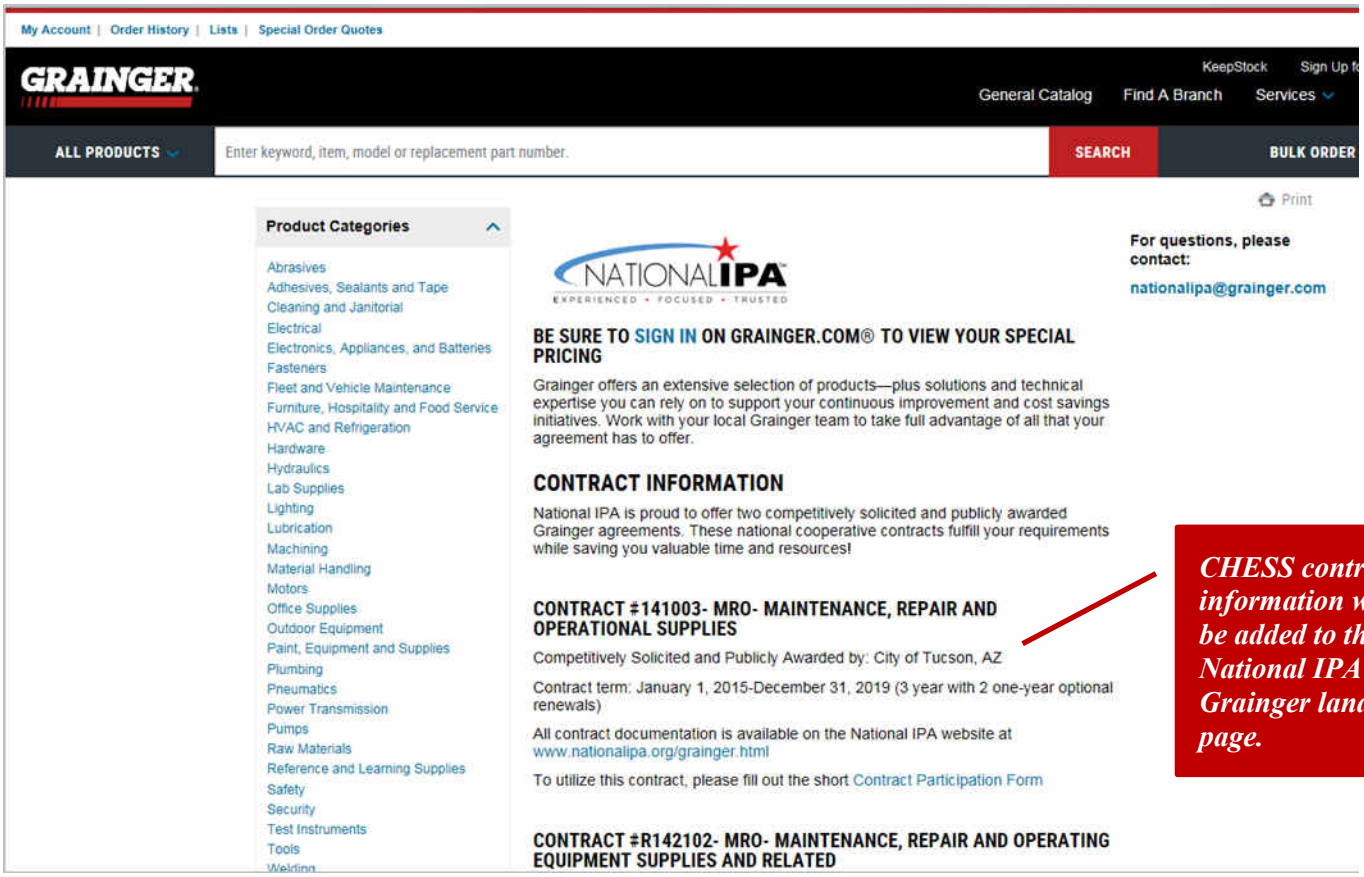
v. Commitment to attend, exhibit and participate at the NIGP Annual Forum in an area reserved by National IPA for partner suppliers. Booth space will be purchased and staffed by your company. In addition, you commit to provide reasonable assistance to the overall promotion and marketing efforts for the NIGP Annual Forum, as directed by National IPA.

Grainger will continue to assist National IPA in the overall promotion of the NIGP Annual Forum by providing the same or greater assistance to the overall promotion and marketing effort as mutually agreed-upon by the parties. Grainger will exhibit and staff a booth at the NIGP Annual Forum. Additionally, Grainger will continue to work with National IPA to participate in additional trade shows that are mutually beneficial.

vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement

A new joint advertising plan will be developed in collaboration with CHESS and National IPA and implemented upon contract award, including, but not limited to, the design and publication of national and regional advertising in trade publications as mutually agreed-upon by the parties. (Phase I)

vii. Ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)



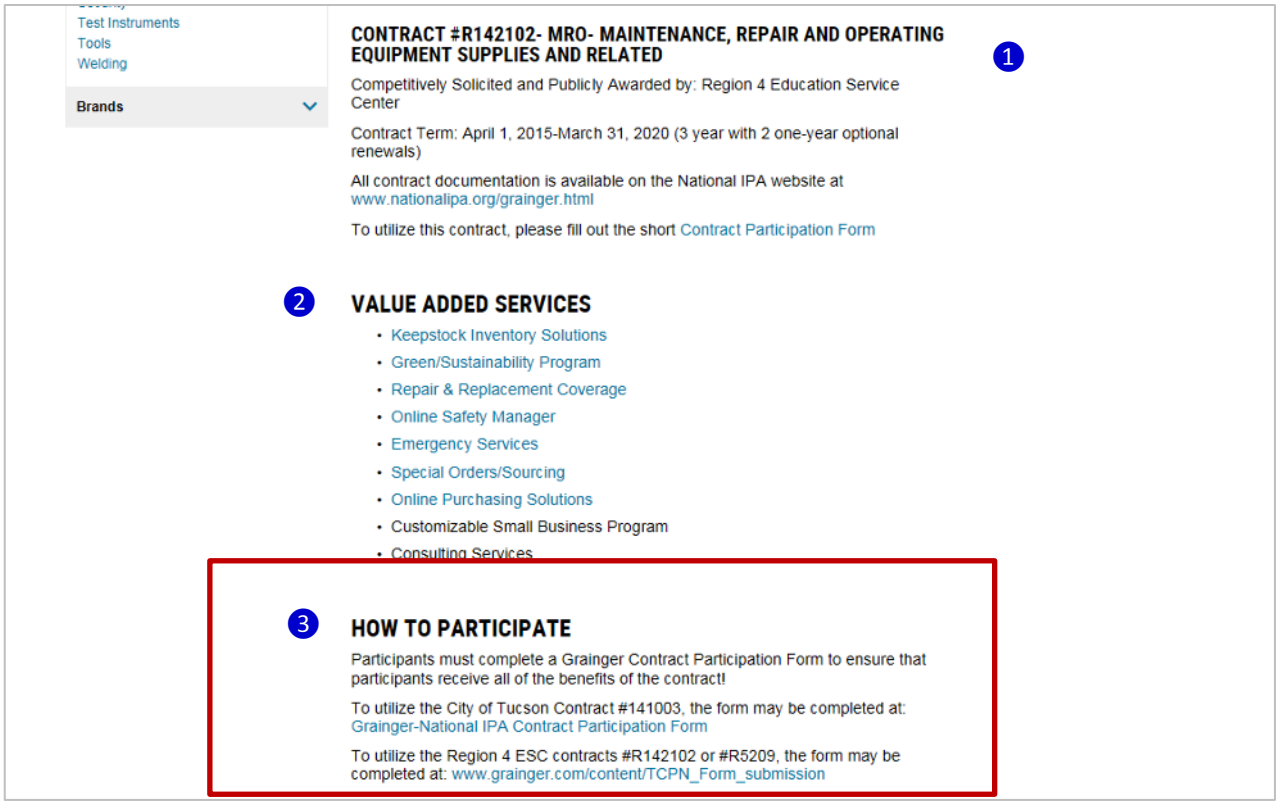
Grainger will continue to work in conjunction with National IPA on the successful marketing and promotional efforts that have been implemented over the term of our current contract. Grainger is also committed to working on developing new co-branded material that would benefit all parties including Participating Public Agencies. Such efforts may consist of case studies, collateral pieces and presentations. (Phase III)

viii. Dedicated National IPA internet web-based homepage on Supplier website with:

- National IPA standard logo;
- Copy of original Request for Proposal;
- Copy of contract and amendments between Principal Procurement Agency and Supplier;
- Summary of Products and pricing;
- Marketing Materials
- Electronic link to National IPA's website including the online registration page;
- A dedicated toll free number and email address for National IPA

Grainger will continue to house and develop enhancements to the existing National IPA landing page which can be accessed via the following link: www.grainger.com/nationalipa

This landing page features the National IPA standard logo, a summary of products and pricing, marketing material, an electronic link to National IPA's online registration page, new products, a contract overview and live links to solutions to assist National IPA and Participating Public Agencies to reduce facilities costs (i.e. Inventory Solutions, Site Audits). (Phase I)



The dedicated landing page on Grainger.com for the National IPA contract helps market the contract and provides Participating Entities or potential Participating Entities helpful information regarding the contract.

The landing page information may be used to communicate and create awareness of the contract benefits to National IPA and Participating Public Agency customers, including information regarding products and services available through the new Master Agreement. The homepage will also include the following **dedicated email address** for National IPA: nationalipa@grainger.com

Grainger's dedicated customer service toll free number (800-GRAINGER) will be included and available on the National IPA landing page.

The CHESS / National IPA contract will be highlighted and marketed along with the other National IPA contracts for potential customer affiliates. Affiliation information will be provided in the **HOW TO PARTICIPATE** section of the landing page, . (Please see the following graphic)

The landing page presents ❶ General contract information, ❷ Value-added services, and ❸ How to affiliate to one of the National IPA contracts – The CHESS / National IPA information will be added here.

C. Describe how your company will transition any existing Public Agency customers' accounts to the Master Agreement available nationally through National IPA. Include a list of current cooperative contracts (regional and national) your company holds and describe how the Master Agreement will be positioned among the other cooperative agreements.

Upon award, existing Grainger customers that are purchasing products under the existing UC Systems contract will transition over to the new Master Agreement from the first day the terms and conditions of this contract take effect. All new public entity customers that would like to use the CHESS and National IPA Master agreement and its terms will execute an affiliation document. Affiliation declaration can be done electronically through:

1. Dedicated National IPA landing page
2. Grainger.com
3. Hard copy.

Grainger will support all customers who choose to access our broad product line through the CHESS / National IPA MRO Supplies contract. Grainger holds contracts with other national cooperatives, such as NASPO, E&I, NJPA and TCPN. However, as stated above, Grainger will support the National IPA cooperative contract in all noted market segments based on the customer's decision to utilize the National IPA Master Agreement.

D. Acknowledge that your company agrees to provide its company/corporate logo(s) to National IPA and agrees to provide permission for reproduction of such logo in marketing communications and promotions. Acknowledge that use of National IPA logo will require permission for reproduction, as well.

Upon contract award, Grainger will provide National IPA with Grainger's corporate logo and updated use requirements.

E. Supplier is responsible for proactive direct sales of Supplier's goods and services to Public Agencies nationwide and the timely follow up to leads established by National IPA. All sales materials are to use the National IPA logo. At a minimum, the Supplier's sales initiatives should communicate:

Grainger will continue to educate its sale force on the key features and benefits of the CHESS and National IPA contracting process as well as the benefits of National IPA membership. Grainger requires that the Public Sector sales team members have knowledge, at a minimum, of each of the following:

i. Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency

ii. Best government pricing

Competitive Market pricing – Grainger's prices for items sold to Buyer will not exceed the price for the same or similar items sold to other government customers for the same of similar quantities of product in a similar product mix, under the same or similar terms and conditions. Buyer acknowledges, however, that due to the vast number of items sold by Grainger and Grainger's extensive customer base, as well as the different ways customers structure requests for proposals and bids, Grainger cannot assure any buyer that items sold to other customers for products will not be sold at a better price or discount. Even within the Master Agreement, since Grainger will provide Customized Market Baskets as noted above, NIPA Participating Agencies will receive different pricing and discounts on products. This is also true for other customers.

iii. No cost to participate

No cost to participate

iv. Non-exclusive contract

Non-exclusive contract - Grainger will conduct and lead monthly calls with each National IPA Regional Sales team regarding business topics such as leads, targets and membership needs pertaining to the Master Agreement. It is Grainger's expectation that both Grainger's Sales team and the National IPA Sales teams continue to participate actively during these calls to move our mutual business forward.

F. Supplier is responsible for the training of its national sales force on the Master Agreement. At a minimum, sales training should include:

i. Key features of Master Agreement
ii. Working knowledge of the solicitation process
iii. Awareness of the range of Public Agencies that can utilize the Master Agreement through National IPA
iv. Knowledge of benefits of the use of cooperative contracts

Grainger has developed a team of Contract Enablement Managers (CEMs) to assist in facilitating contract Implementations. One of the goals of this team is to educate our sales team members on the contract requirements for the CHESS and National IPA Master Agreement, including key features, and administer a working knowledge of the solicitation process, awareness of the range of Public Agencies that can utilize the CHESS and National IPA Master Agreement and the benefits that cooperative contracts offer our customers.

A national kick off call will be held by the CEM to develop and present the sales force training plan. Grainger's national sales force will be trained through scheduled local, regional and national webinar sessions where all aspects of the new CHESS / National

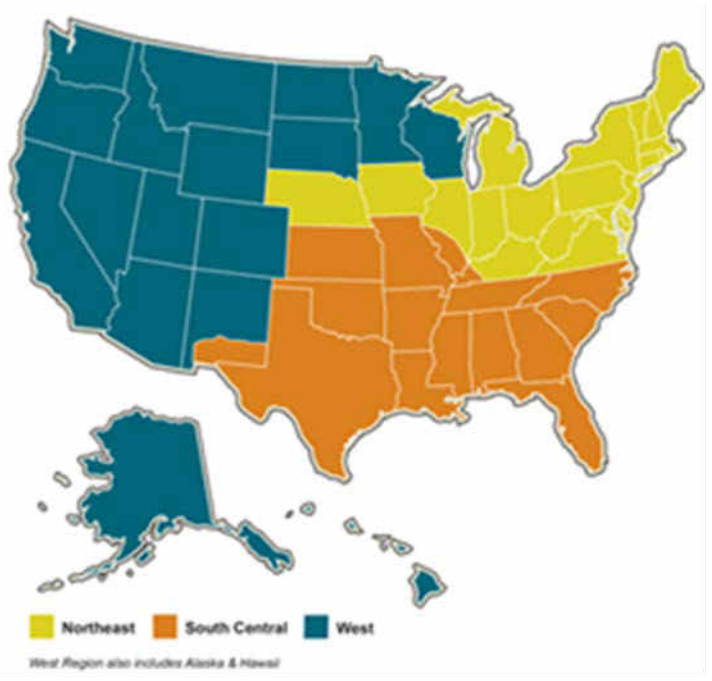
IPA Master Agreement will be reviewed. Specific regions, such as California, will hold in-person kick off meetings coordinated with the Grainger CHESS primary Government Sales Account Manager. (Phase I)

Once implementation training is completed, regularly scheduled team status meetings will be held on an ongoing basis throughout the life of the contract in support of the CHESS / National IPA Master Agreement. New Grainger team members will be brought up to speed on the Master Agreement during these meetings. (Phase II)

G. Provide contact information for the person(s), who will be responsible for:
   i. Marketing
   ii. Sales
   iii. Sales Support
   iv. Financial Reporting
   v. Contracts

Grainger will continue to support our successful partnership with both UC Systems and National IPA in the joint **CHESS and National IPA Master Agreement**, with one point of contact that will coordinate all sales support efforts including, but not limited to, marketing, sales, sales support, financial reporting and contracts.

Primary POC – National IPA
Pankil Desai
Sr. Government Sales Manager
Email: pankil.desai@grainger.com
Phone: 847-309-4722
Pankil Desai will coordinate all Grainger resources to support the various requirements of the CHESS / National IPA Master Agreement.



Secondary POC – Backup
Denise Childress
Government Sales Manager
Email: denise.childress@grainger.com
Phone: 520-205-2023

H. Describe in detail how your company's national sales force is structured, including contact information for the highest-level executive in charge of the sales team.

Grainger has a dedicated sales organization focused on Government, Healthcare and Education-based customers. The sales personnel under this organization are trained on the specific requirements of this segment including procurement integrity, ethics and contract compliance.

Grainger's Government Sales Organization is divided into 3 regions – West, South Central and Northeast to ensure service to CHESS Participating Entities. We have coverage in all time zones including 24/7 online, phone and email support.

Grainger's Government Regional Sales Coverage

Government-dedicated Grainger sellers manage and service the contract through an **experienced team of over 500 government sellers**, throughout all 50 states, Washington D.C. and US Territories. Grainger provides full geographic coverage to all state, local, and education government Members.

In the rare event that an Account Manager cannot be reached, the local Market Manager and the branch staff are available for assistance. If a situation arises outside of normal business hours, CHESS / National IPA and participating Public Agencies will have access to the Grainger emergency line, 1-800-CALLWWG. This line is answered live 24/7 and a local branch manager will be contacted to immediately take care of your emergent need.

Grainger's Customer Service Representatives will be available 24/7 via a toll free number; fax and email in each time zone for CHESS Participating Entities.

For CHESS Participating Entities with KeepStock® Inventory Management solutions, Grainger's Onsite Service Representatives are available during normal business hours at member specific locations to help customers manage their inventory, place orders and provide other assistance as needed.

Please see ***Attachment Grainger's National Government Sales*** **Force for Grainger's Government Sales Organization Chart.**

The contact information for the highest level executive responsible for Government sales is:

Ben Nichols
VP Government
847-535-1222
Benjamin.Nichols@grainger.com

I. Explain in detail how the sales teams will work with the National IPA team to implement, grow and service the national program.

1. Grainger's primary Sr. Government Sales Manager will conduct regularly scheduled meetings with CHESS and National IPA team and our account team to ensure open communication and effective deployment of the strategy and related plans.

2. Facilitate monthly regional calls between Grainger and National IPA field sales to review affiliations, new targets and opportunities for improvement.

3. Grainger will also participate in mutually agreed-upon Business Reviews with CHESS and National IPA Participating Entities to review reports and align objectives.

4. Continue to enhance joint-marketing plan between Grainger and National IPA to target key unaffiliated customers.

5. Continue program marketing and participation in trade shows, conferences and other events to promote the contract.

6. Continue to collaborate and educate National IPA team members about all Grainger resources, solutions, and capabilities.

J. Explain in detail how your organization will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, etc.

Grainger will continue to support our successful partnership with one point of contact who will manage the overall national program and all marketing and sales efforts for the entire term of

the Master Agreement. This will also include coordinating any and all other resources that could or will contribute to the success of our new agreement.

Grainger will continue to collaborate with National IPA and Participating Public Agencies on a comprehensive marketing communication plan, including objectives and target goals. The marketing communication plan will ensure high awareness and usage of the Master Agreement by Participating Public Agencies by continuing to include multiple channels such as collateral materials, e-mail communications, participation in trade shows and web content.

Grainger has an established framework to support all Participating Entities who affiliate to the CHESS master contract. The Participating Entity-aligned Grainger seller will engage with the entity and also engage any necessary resources to address customer inquiries or solutions. The following chart explains all Government- aligned Grainger team members and their responsibilities:

Grainger's Government Teams		
Dedicated Government Resource		**Role/Responsibility**
VP	**VP, Government Sales (1)**	Responsible for all aspects of Grainger's business with our Government customers and for creating and fostering partnerships with our Government customers and understanding their MRO needs. Also ensures Government account representatives are properly trained and understand their customer's procurement processes and ethics rules.
SUP-PORT	**Regional VP, Government Sales (RSVP) (3)**	Responsible for all aspects of Grainger's Government within their particular region (Northeast, South Central, and West). RSVPs facilitate and guide their sellers to ensure that the Members' and other customers' needs are met. Assist sellers with critical processes such as contract implementation, and new program deployment.
REG-IONAL	**Directors, Government Sales (4)**	Responsible for Grainger's Government contracts in their aligned region (Northeast, South Central, and West and inside sales). Manage Government Sales Managers aligned to all of the states and engage with government procurement directors and other key procurement leaders to ensure that Grainger is meeting Members' needs.
	Govt. Sales Mgr. (GSM) & Sr. Manager, Govt. Sales (41)	100% dedicated to CHESS and have the lead for ensuring the success of our contract working directly with CHESS leadership.
	Govt. District Sales Mgrs. (DSM) (38)	Responsible for managing the Government dedicated front line sales force. Help promote the NAPSO ValuePoint contract and coach and guide their aligned sellers to grow the CHESS business in their aligned geography.
	Govt. Account Mgr. (GAM) (353)	Grainger's sale's team members working face to face with CHESS Participating Entities and are dedicated to serving and addressing customer's MRO needs.
	Govt. Account Relationship Mgr. (GARM) (69)	Grainger's sale's team members working virtually, generally on the phone with customers, and are dedicated to serving and addressing customer's MRO needs and growing the CHESS contract by demonstrating its and Grainger's value as their partner of choice.
	Govt. Site Relationship Mgrs.(GSRM), Field Sales Reps (FSR) & Govt. Sales Account Reps (GSAR) (9)	Partner with Government Account Managers to help support Members, particularly at large Member locations. They perform the same sales and service activities as a Government Account Manager, but focus more on those Members and buyers at a specific location.
	Sr. Government Program Manager (1)	Manages the Public Safety Program and also supports all Government sellers.
	Govt. Program Managers –Safety (GPM) (6)	Responsible for executing our safety strategy.
	Govt. Contract Enablement Mgrs. CEM) (6)	Responsible for assisting the SR. GSM (CHESS) with contract implementation. Activities include cross functional project management, development of implementation plan, stakeholder's management and progress reporting to ensure all Members within a state can readily and quickly access the benefits of the CHESS contract.
	Government Sourcing Manager (2)	Responsible for managing the Government Sourcing Specialists to ensure that those Members seeking Grainger's sourcing service.
	Government Sourcing Specialist	Respond to all requests for product not available in Grainger's catalog. Activities include researching product requests and ensuring products meet Members' requirements.

	(28)	
	Dedicated Government Customer Service Representatives (CSR) (60)	Responsible for addressing customers' inbound inquiries (Phone, Email, Fax and Chat). Customer inquiries may include but not limited to product identification, order management, account management, product returns and assistance on Grainger.com, among others.
	Sr. Managers, Government Strategy (4)	Responsible to develop the programs to assist the sales team and Members in meeting their MRO needs. This team researches the needs and challenges of different public sector sub-segments including State, Local, Federal, K/12 and Higher Education and develops programs to help them better meet their MRO needs.
	Customer Life Cycle Managers and Commitment Management (5)	Responsible for supporting the Government sales team with bid and contract development. CLPM activities include but are not limited to cross functional project management, risk assessment that includes operational and financial viability and proposal development.

Primary Contract Management Responsibility to Manage the CHESS Contract			
Title	**Name**	**Geography**	**Email / Phone / Phone**

	36 Years' Experience with Grainger • Government Sales Manager • Experienced in Higher Ed with current alignment to Higher Ed • Experienced in large multi-site account management • Branch Manager		

K. State the amount of your company's Public Agency sales for the previous fiscal year. Provide a list of your top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.

Grainger's Government and Public Agency business in 2017 totaled $1.9 billion. Grainger has contracts with 50 States, numerous Local government entities, as well as the Federal government. Grainger's Public Sector sales organization, supported by approximately 500 professional Government Account Managers, is solely dedicated to servicing government customers.

The Government sales organization has been in place since 2005 and has allowed Grainger to focus on the unique needs of the government customer while gaining insight into, and expertise in, government procurement. Grainger's Government team members receive annual compliance training to ensure that they know and understand our customers' requirements and can meet our customers' ethical standards. Grainger takes seriously its commitment to its customers and the dedicated Government sales organization ensures government customers can count on Grainger to meet those promises.

Grainger will provide names and addresses of our top Government, Healthcare and Education customers upon contract award and after permission is received from such customers to release this information.

L. Describe your company's information systems capabilities and limitations regarding

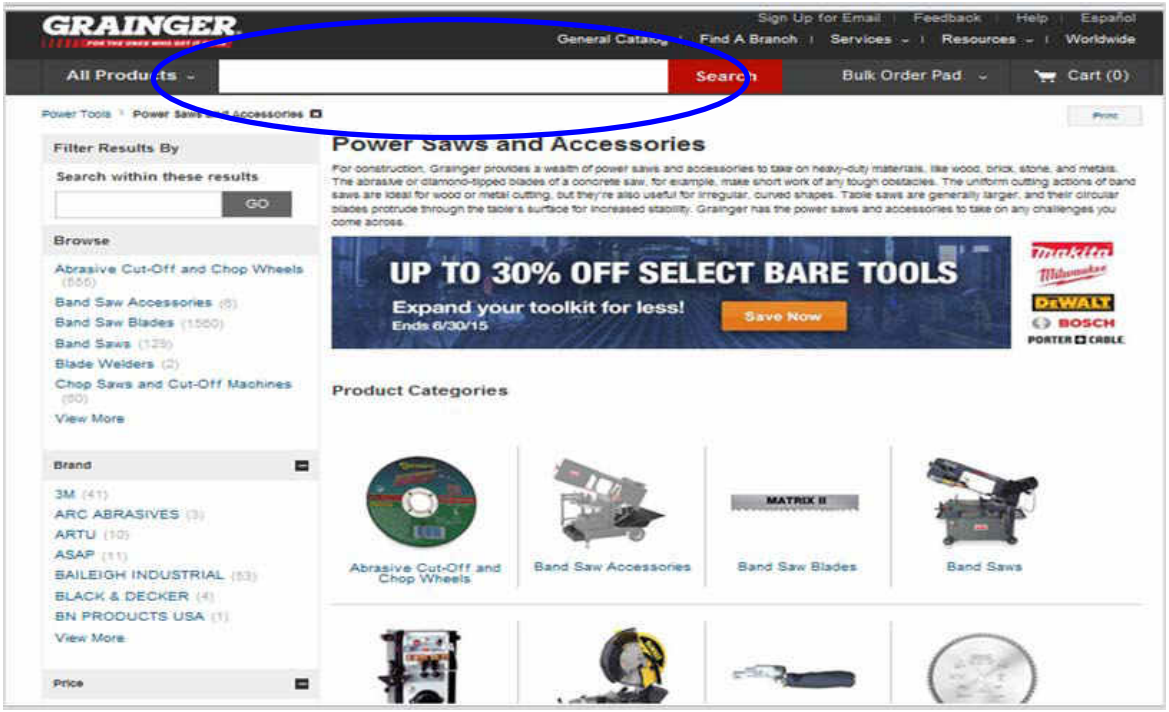
order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

Grainger is well positioned to support today's e-commerce market and to continue to be an innovator in the MRO market. With its eCommerce capabilities and its distribution support, customers may choose to call, fax, walk-in, order over the Internet through Grainger.com, place an EDI order or order through a procurement solution such as **Ariba, SAP or Oracle** and be confident they are receiving the customer service Grainger has built its business on for 90 years.

Grainger.com - At the heart of Grainger's eCommerce solutions is Grainger.com. Our online ordering solution allows users to find the products they need, compare like items, and purchase products efficiently. Users can also access real time availability and track purchase history. This solution is available on a desktop computer as well as on mobile devices

Advanced Features of Grainger.com include order approval, workflow, spend limits and reporting features. All features are provided for no additional cost. Improve control over spend and increase contract compliance with these features.

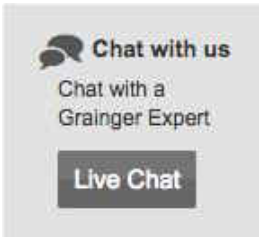
Grainger Mobile App - Grainger has as an app for iPhone and Android devices as well as a mobile site, optimized for use on any smartphone. Your employees now have access to an optimized Grainger.com no matter the location: job site, truck, plant floor, and garage or maintenance shop. Using the new mobile website or app, employees can log into their account, view pricing, confirm local product availability, approve pending orders, and check out – with the product ready for pickup at a Grainger branch or shipped directly to their office or job site.



eProcurement - Grainger offers the ability to integrate its General Catalog and buying process with customers' purchasing and ERP systems. Grainger connects to customers through electronic marketplaces, exchanges or enterprise purchasing software systems using universal technology standards such as EDI and cXML.

Grainger.com Benefits: Some of the benefits that Grainger.com provides are listed below.

- **Access to over 1,600,000 products** for each of your US sites
- Your specific **Grainger Agreement pricing**
- **Ordering 24 hours per day** – Online customers can send orders anytime. Orders are processed during normal Grainger branch hours. This allows for quick and easy ordering when convenient for each of your locations, during or after standard business hours, or during busy Grainger branch times.
- **Up-to-date pricing** - Any customer who accesses Grainger.com and logs in can see their specific pricing and sale pricing, if they apply, which are in effect at the time. This stops your locations from having to call any Grainger branch or sales person to check prices.
- **Item Comparison** - Customers placing orders through Grainger.com may take advantage of our website's Item Comparison function. Products and their attributes, including price, are arranged in an easy-to-read chart for fast comparison and selection. Use of your Grainger account number while navigating our website ensures an accurate comparison of your discounted pricing for each item.
- **Product Availability** – Real-time Availability allows you to make informed purchasing decisions during checkout on Grainger. When any of your locations completes an online order, the system will show whether the complete order is or is not available at the selected Grainger branch or branch link cluster. This also assists in eliminating your



locations from having to call a Grainger branch or sales person to check product availability.

- **Easy and Secure Ordering** - Open account or credit card, order confirmation, saved order form – Your locations can pay for their online orders through their already established open account with Grainger or credit card. They will receive an email order confirmation and their online order form is saved for up to 24 hours. This will provide your locations with the payment options they need and the service levels they expect from Grainger. Grainger's encryption technology ensures secure online ordering and payment processing by encrypting customers critical financial information before transmission. So, even if someone were able to intercept a transmission, they would not be able to use it.

A screen shot of Grainger.com. Products are easy to find, easy to search and quickly ordered. The Search feature is located right at the top of the page for quick assistance.

- **Order Status** – Grainger.com customers can check the status of online orders by date, Purchase Order number, online reference number or item number. By using your PO number you can check the status of orders you placed by phone, fax or at a branch. One click transfers your order information to UPS for instant shipping information.
- **Order Confirmation and Shipment Notification Emails** – Grainger provides an email notification for every order placed online. The Order Confirmation notification includes the Order Number, Order Details, Item Availability and Shipping Location. The Shipment Confirmation contains the updated status of each line on the order as well as the Tracking number for the shipment(s)
- **Order History** - You have easy access to your Order History from any page on the site. Simply log in and click on the Order History link in the "Your Profile" box. Search for orders containing a particular item number; sort by any column; add previously purchased items to an order or a personal list; or view item details, which now include a product image. The Order History page displays a list of all your online orders within the past 2 years. (Order History will not reflect orders placed over the phone or at your local branch.)

- **Click to Call/Chat –** Our new "Click to Call/Chat" feature layers

the great service provided to you on the phone and in the branches into Grainger.com. If any of your employees have a question when shopping on the site – about products, technical specifications, or account information – a knowledgeable representative is just a click away. Employees can chat instantly online with a Grainger representative, or enter a phone number for immediate dial back for a live conversation.

- **Auto Reorder** - Auto-Reorder is a feature that helps you make sure you don't run out of the products you need by allowing you to set up recurring orders. You decide exactly how much you need and how often you need it, and we'll take care of the rest. You'll always receive email notifications before your order is automatically replaced, and you can adjust or cancel orders at any time.
- **Product Reviews and Ask & Answer** - Product Reviews on Grainger.com mean you can get honest feedback from other people who have used our products. Now you have access to information that will help you make more informed buying decisions and provide feedback that will help us serve you better. With Ask & Answer, you now have the expertise of fellow customers, Grainger staff and other contributors to help guide you through all of your toughest product-related questions.
- **eQuotes –** Lets you view your actively quoted items and easily add those items to an order on Grainger.com or your procurement system. You can also leverage the Grainger.com Order Management System to electronically route orders with quoted items for internal approval.
- **Product technical support** – Any of your locations can email a product question directly to Grainger online. The questions are forwarded by email, to the appropriate subject matter expert, who in turn responds. This type of email product support saves you time and money.
- **Product search capabilities and Matchmaker selection guidelines** – Grainger.com's unique advanced Search feature allows each participating location to search by keywords, brand, product category, or Grainger catalog page number. This feature allows you to view the full Grainger catalog page. Other search features allow the search by Grainger item number or manufacturer model number. Enhanced features help you find items within certain product categories based on specifications needed. This helps you save significant time by not having to page through a catalog or an index, or having to call for help to find one of these products.
- **Grainger branch locator** – Any of your locations can enter their zip code, area code, or state, and they will obtain information on the nearest Grainger branch along with the address, telephone and fax numbers, and a map to that location.
- **Supplier Diversity Products** – Grainger.com offers easy access to a wide range of quality products from small, disabled, minority, and women-owned businesses that participate in Grainger's Supplier Diversity Program. You simply enter the words "supplier diversity" in the grainger.com search bar to see the full assortment of products available from our diversity manufacturers. These can be reported to you as Direct Tier 2 supplier diversity spend
- **Custom Product Center –** Allows you the ability to configure select products based on specific requirements by using a web interface to you from item attribute selection to order. Configurable products include Air Filters, Band Saw Blades, Hard/Safety Hats, Pipe Markers, Property Id Tags, Safety Signs, Traffic Signs and Valve/Key Tags.
- **Global Safety Data Sheets (GSDS) and Catalog requests** – Each of your locations can view or print GSDS as well as request the Grainger General Catalog online.
- **Multiple users per customer account** – When any of your locations registers online with Grainger, that person becomes the customer location "agent". This can add one or more people as "users" to place orders under the same Grainger account number. This

allows for efficient ordering by only the properly authorized users within each of your locations.

Advanced Features of Grainger.com

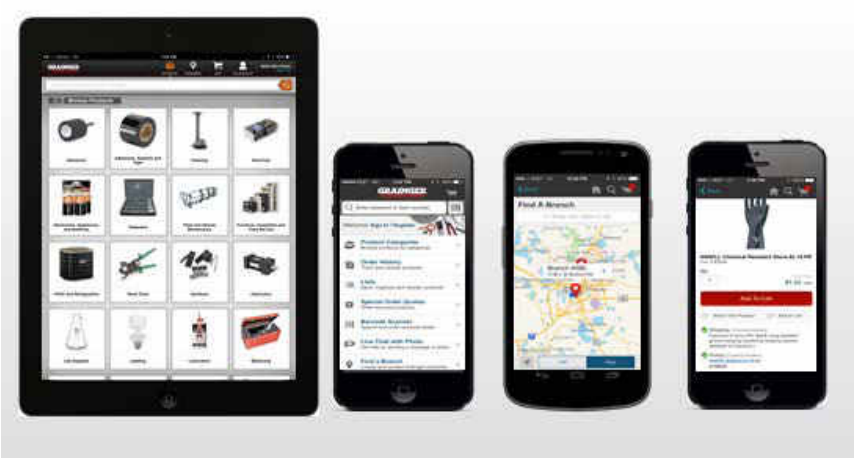
In addition to all the great features above, Grainger.com offers enhanced features for greater purchasing control and a customized experience, through **Grainger Procurement Solutions** (GPS). GPS is a targeted eCommerce solution that provides companies with greater purchasing control. Through customizable spend management and order visibility functionality, GPS aims to help customers manage expenses more efficiently allowing you to create customizable order approval workflows and spend limits per user.
The features and benefits of GPS include:

- **Order Management System** -. Order Management System (OMS) on Grainger.com allows you to manage spend through spend limits and order approvals. Grainger has a support team in place to help in the creation of users as well as building the approval workflows. We have experience creating simple 1-to-1 user-to-approver workflows, to complex multi-user to a single approver, multiple approvers or even a reviewer.

  There are multiple ways to the Order Management system: from allowing Full Rights Users the ability to create users and approvers directly on the site, to Walk-up options that allow users self-register via an account number or we can upload users through an Excel template that you can populate. Grainger works with you during the implementation phase to determine the best way to create the user ids, approvers and workflow that meet your needs.

  Grainger Order Management System Helps You:

  - √ Manage one sign-in system for both your online and KeepStock® solution orders
  - √ Create up to 4 levels of order approvals
  - √ View your order history for all your Grainger orders
  - √ Set spend limits for multiple users
  - √ Track the status of your order
  - √ Change delivery information for standard shipping orders
  - √ Set order approval controls
  - √ Receive order confirmations



- **Personal & Shared Lists** – Grainger.com offers customers the opportunity to create personalized lists of frequently purchased items and share those with others on the account for simplicity of repeat ordering.
- **Custom Catalog –** Custom catalogs direct users to the best value items or to restrict items that should not be ordered. Users can choose to view only Your Products.

- **Customized Account Settings** - Set up your OMS with the line item details you choose, such as GL, Cost Centers, COPS and more.
- **Multi-User Management and Approval**
- **Custom Home Page and landing pages** – Grainger can customize the user experience by enabling customer specific content on the home page of Grainger.com. Grainger can also set certain pages as the default landing page for the Grainger.com experience.
- **Reporting (Order History Download)** Easy access to detailed order history information such as Order, Shipping, Payment, Product, Price/Qty, Account Defaults, etc.
- **Mass Registration –** For customers with large numbers of users, Grainger can complete a mass registration of those users for quicker start up.

Mobile Application
Get access to over 1,000,000 products with the smartphone app from Grainger. Now it's even easier to quickly find and order products, view your account pricing and check product availability from anywhere.

- **Pending Orders** - View pending Order Management System orders that require your attention and quickly approve them regardless of your location.

- **Lists** - Access the same personal and shared lists you already use on Grainger.com® to quickly reorder products.
- **Order History** - Access orders you have placed online within the past 18 months to check order status or reorder the same products.
- **Live Chat with Photo -** Have questions about a product? Engage in a chat, upload a photo and get answers from a Grainger Representative on the spot.
- **Barcode Scanning -** Need to reorder a product from Grainger quickly? Scan the product barcode and drop it right into your cart.
- **Real-Time Product Availability -** View this feature from the product search results to get an expected ship arrival date or to find out the closest branch that has it in stock.
- **Find A Branch** - Quickly find branches based on your location, zip code, area code or even state. No need to stop and ask for directions—you can access turn-by-turn directions from your current location.
- **Integrated Cart** - When you're signed in to Grainger.com, what you do on your phone is also available on your desktop, and vice versa. You can add products to your cart before you hit the road. When you arrive at the job site to confirm they're the one you need, open the app to access your cart and check out.

Available now for your iOS or Android mobile device, download the Grainger mobile app today!

eProcurement
eProcurement solutions automate the purchase and invoicing of MRO purchases, eliminating many of the manual steps involved in processing transactions, and increasing data accuracy. With eProcurement, companies are able to control spend more effectively, increase the amount of spend being managed, reduce purchasing agent overhead and improve requisition-to-order cost and cycle time. Grainger offers the following eProcurement solutions and services:

Electronic marketplaces: Grainger connects to customers through electronic marketplaces, exchanges or enterprise purchasing software systems using universal technology standards such as cXML. Customers can "Punch-Out" to Grainger's online catalog, create a requisition and return the shopping cart back to the marketplace for review and approval.

Direct connections to customers' Enterprise Resource Planning (ERP) systems: Grainger offers the ability to integrate its General Catalog and buying process with customers' purchasing and ERP systems. Customers who wish to "Punch-Out" directly from their ERP can access Grainger's online catalog and return the shopping cart back to their purchasing system to manage the order workflow.

Grainger can provide Oracle R12, and a scoping call with our e-business integration team to determine specific need and customization will ensure proper integration. Our experience with over 125 customer platforms (including those in the graphic below) gives us an end-to-end integration capability to drive streamlined processes resulting in cost savings through productivity enhancements and reduction of direct ordering cost. We have a dedicated team of experts that will assist with customization and implementation.

These are some of Grainger's supported ERP and Supply Chain/Procurement Networks (A complete list is available upon request):

Supported eProcurement Transactions: Grainger also supports custom non-standard transactions on a per request basis, in addition to the following standard transaction sets:

- Invoice - 810 ANSIx12, cXML , xCBL
- Payment (CTX Format ONLY) - 820 ANSIx12
- Remittance Advice - 824 ANSIx12
- Purchase Order - 850 ANSIx12, cXML, xCBL
- Purchase Order Acknowledgement - 855 ANSIx12, cXML, xCBL
- Ship/Bill Notice - 856 ANSIx12
- Functional Acknowledgement - 997 ANSIx12

Grainger can currently support up to an ANSI X12 version 5050.
Grainger can currently support most versions of cXML.
Grainger supports xCBL 3.5 version.

Technology Standards			Electronic Catalog Formats
cXML	**OCI**	**UNSPSC**	**CIF**
EDI Transaction Sets: **810, 820, 824, 850, 855, 857, 860, 997**	**Punch-Out**	**xCBL**	**Delimited**

M. Provide the Contract Sales (as defined in Section 10 of the National Intergovernmental Purchasing Alliance Company Administration Agreement) that your company will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

$_____.00 in year one
$_____.00 in year two
$_____.00 in year three

This RFP response has been specifically tailored for National IPA and Participating Public Agencies with a focus on city, county and education customers. Upon contract award, the Master Agreement will be offered as an option to National IPA's Participating Public Agencies. Further, Grainger will work with the National IPA in marketing the contract with a goal of trending growth.

To the extent Supplier guarantees minimum Contract Sales, the administration fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

N. Even though it is anticipated that many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

i. Respond with Master Agreement pricing (Contract Sales reported to National IPA).

If the customer solicitation allows for a cooperative response and Grainger and National IPA have identified this customer as a mutual target, Grainger will respond with the National IPA Master Agreement pricing.

ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to National IPA under the Master Agreement.

In addition to the response above, Grainger can respond with the CHESS / National IPA Master Agreement and incorporate a key feature of our CHESS response: the ability to customize a specific market basket for that customer to achieve lower pricing on a select number of products.

iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to National IPA).

In the event a public agency's formal solicitation for Maintenance Repair and Operating supplies will not entertain a cooperative response, Grainger will respond with a competitive offer that relates to the committed volume stated in the solicitation and is responsive to other requirements in the solicitation.

iv. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

In the event a public agency's formal solicitation for Maintenance Repair and Operating Supplies will entertain alternative or multiple proposals, Grainger will evaluate the solicitation and respond with its best offer based on committed volume and other requirements of the solicitation. Our response may be a combination of a stand-alone response and the CHESS/National IPA Master Agreement. In some cases, it may be in the best interest of Grainger and/or the customer to respond with only the CHESS/National IPA Master Agreement.

Detail your strategies under these options when responding to a solicitation.

NATIONAL INTERGOVERNMENTAL PURCHASING ALLIANCE COMPANY ADMINISTRATION AGREEMENT

THIS ADMINISTRATION AGREEMENT (this "Agreement") is made this____day of_____20____, between National Intergovernmental Purchasing Alliance Company ("National IPA"), and _____ _____ ("Supplier").

RECITALS

WHEREAS, the _____ (the "Principal Procurement Agency") has entered into a Master Agreement dated _____, Agreement No_____, by and between the Principal Procurement Agency and Supplier, (as may be amended from time to time in accordance with the terms thereof, the "Master Agreement"), as attached hereto as Exhibit A and incorporated herein by reference as though fully set forth herein, for the purchase of _____ (the "Product");

WHEREAS, said Master Agreement provides that any or all public agencies, including state and local governmental entities, public and private primary, secondary, and higher education entities, non-profit entities, and agencies for the public benefit (collectively "Public Agencies") that register (either via registration on the National IPA website or execution of a Master Intergovernmental Cooperative Purchasing Agreement, attached hereto as Exhibit B) may, each, hereinafter referred to as a "Participating Public Agency") may purchase Product at prices stated in the Master Agreement;

WHEREAS, Participating Public Agencies may access the Master Agreement which is offered through National IPA to Public Agencies;

WHEREAS, National IPA serves as the contract administrator of the Master Agreement on behalf of Principal Procurement Agency;

WHEREAS, Principal Procurement Agency desires National IPA to proceed with administration of the Master Agreement; and

WHEREAS, National IPA and Supplier desire to enter into this Agreement to make available the Master Agreement to Participating Public Agencies and to set forth certain terms and conditions governing the relationship between National IPA and Supplier.

NOW, THEREFORE, in consideration of the payments to be made hereunder and the mutual covenants contained in this Agreement, National IPA and Supplier hereby agree as follows:

DEFINITIONS

1. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given to them in the Master Agreement.

TERMS AND CONDITIONS

2. The Master Agreement and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement. Supplier acknowledges and agrees that the covenants and agreements of Supplier set forth in the solicitation and Supplier's response thereto

EXAMPLE

resulting in the Master Agreement are incorporated herein and are an integral part hereof.

3. National IPA shall be afforded all of the rights, privileges and indemnifications afforded to Principal Procurement Agency by or from Supplier under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to National IPA, its agents, employees, directors, and representatives under this Agreement including, but not limited to, Supplier's obligation to obtain appropriate insurance.

4. National IPA shall perform all of its duties, responsibilities and obligations as contract administrator of the Master Agreement on behalf of Principal Procurement Agency as set forth herein, and Supplier hereby acknowledges and agrees that all duties, responsibilities and obligations will be undertaken by National IPA solely in its capacity as the contract administrator under the Master Agreement.

5. With respect to any purchases by Principal Procurement Agency or any Participating Public Agency pursuant to the Master Agreement, National IPA shall not be construed as a dealer, re-marketer, representative, partner or agent of any type of the Supplier, Principal Procurement Agency or any Participating Public Agency; (ii) obligated, liable or responsible for any order for Product made by Principal Procurement Agency or any Participating Public Agency or any employee thereof under the Master Agreement or for any payment required to be made with respect to such order for Product; and (iii) obligated, liable or responsible for any failure by Principal Procurement Agency or any Participating Public Agency to comply with procedures or requirements of applicable law or the Master Agreement or to obtain the due authorization and approval necessary to purchase under the Master Agreement. National IPA makes no representation or guaranty with respect to any minimum purchases by Principal Procurement Agency or any Participating Public Agency or any employee thereof under this Agreement or the Master Agreement.

6. National IPA shall not be responsible for Supplier's performance under the Master Agreement, and Supplier shall hold National IPA harmless from any liability that may arise from the acts or omissions of Supplier in connection with the Master Agreement.

7. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, NATIONAL IPA EXPRESSLY DISCLAIMS ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING NATIONAL IPA'S PERFORMANCE AS A CONTRACT ADMINISTRATOR OF THE MASTER AGREEMENT. NATIONAL IPA SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF NATIONAL IPA IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TERM OF AGREEMENT; TERMINATION

8. This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the provisions of Sections 3 – 8 and 14 – 23, hereof and the indemnifications afforded by the Supplier to National IPA in the Master Agreement, to the extent such provisions survive any expiration or termination of the Master Agreement, shall survive the expiration or termination of this Agreement.

9. Supplier's failure to maintain its covenants and commitments contained in this Agreement or any action of the Supplier which gives rise to a right by Principal Procurement Agency to terminate the Master Agreement shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of this Agreement at National

EXAMPLE

IPA's sole discretion. Notwithstanding anything contained herein to the contrary, this Agreement shall terminate on the date of the termination or expiration of the Master Agreement.

NATIONAL PROMOTION

10. National IPA and Supplier shall publicize and promote the availability of the Master Agreement's products and services to Public Agencies and such agencies' employees. Supplier shall require each Public Agency to register its participation in the National IPA program by either registering on the National IPA website, www.nationalipa.org, or executing a Master Intergovernmental Cooperative Purchasing Agreement prior to processing the Participating Public Agency's first sales order. Upon request, Supplier shall make available to interested Public Agencies a copy of the Master Agreement and such price lists or quotes as may be necessary for such Public Agencies to evaluate potential purchases.

11. Supplier shall provide such marketing and administrative support as set forth in the solicitation resulting in the Master Agreement, including assisting in the development of marketing materials as reasonably requested by Principal Procurement Agency and National IPA. Supplier shall be responsible for obtaining permission or license of use and payment of any licensing fees for all content and images Supplier provides to National IPA or posts on the National IPA website. Supplier shall indemnify, defend and hold harmless National IPA for use of all such content and images including copyright infringement claims. Supplier and National IPA each hereby grant to the other party a limited, revocable, non-transferable, non-sublicensable right to use such party's logo (each, the "Logo") solely for use in marketing the Master Agreement. Each party shall provide the other party with the standard terms of use of such party's Logo, and such party shall comply with such terms in all material respects. Both parties shall obtain approval from the other party prior to use of such party's Logo. Notwithstanding the foregoing, the parties understand and agree that except as provided herein, neither party shall have any right, title or interest in the other party's Logo. Upon termination of this Agreement, each party shall immediately cease use of the other party's Logo.

ADMINISTRATIVE FEE, REPORTING & PAYMENT

12. An "Administrative Fee" shall be defined and due to National IPA from Supplier in the amount of __ percent (__%) ("Administrative Fee Percentage") multiplied by the total purchase amount paid to Supplier, less any credits on returns, rebates and discounts, for the sale of products and/or services to Principal Procurement Agency and Participating Public Agencies pursuant to the Master Agreement (as amended from time to time and including any renewal thereof) ("Contract Sales"). From time to time the parties may mutually agree in writing to a lower Administrative Fee Percentage for a specifically identified Participating Public Agency's Contract Sales.

13. Supplier shall provide National IPA with an electronic accounting report monthly, in the format prescribed by National IPA, summarizing all Contract Sales for each calendar month. The Contract Sales reporting format is provided as Exhibit C ("Contract Sales Report"), attached hereto and incorporated herein by reference. Contract Sales Reports for each calendar month shall be provided by Supplier to National IPA by the 10th day of the following month. Failure to provide a Contract Sales Report within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at National IPA's sole discretion.

EXAMPLE

14. Administrative Fee payments are to be paid by Supplier to National IPA at the frequency and on the due date stated in Section 13, above, for Supplier's submission of corresponding Contract Sales Reports. Administrative Fee payments are to be made via Automated Clearing House (ACH) to the National IPA designated financial institution identified in Exhibit D. Failure to provide a payment of the Administrative Fee within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at National IPA's sole discretion. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. National IPA, or its designee, in National IPA's sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date National IPA receives such report. In addition, National IPA may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by National IPA at the location designated by National IPA. In the event an underreporting of Contract Sales and a resulting underpayment of Administrative Fees is revealed, National IPA will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to National IPA's reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of National IPA's costs and expenses related to such audit.

GENERAL PROVISIONS

16. This Agreement, the Master Agreement and the exhibits referenced herein supersede any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereto and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained or incorporated herein shall be valid or binding. In the event of any conflict between the provisions of this Agreement and the Master Agreement, as between National IPA and Supplier, the provisions of this Agreement shall prevail.

17. If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement or to recover any Administrative Fee and accrued interest, the prevailing party shall be entitled to reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

18. This Agreement and National IPA's rights and obligations hereunder may be assigned at National IPA's sole discretion to an affiliate of National IPA, any purchaser of any or all or substantially all of the assets of National IPA, or the successor entity as a result of a merger, reorganization, consolidation, conversion or change of control, whether by operation of law or otherwise. Supplier may not assign its obligations hereunder without the prior written consent of National IPA.

19. All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below.

EXAMPLE

A. National Intergovernmental Purchasing Alliance Company

National IPA
Attn: President
2555 Meridian Blvd
Suite 300
Franklin, TN 37067

B. Supplier

20. If any provision of this Agreement shall be deemed to be, or shall in fact be, illegal, inoperative or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid, inoperative or unenforceable to any extent whatever, and this Agreement will be construed by limiting or invalidating such provision to the minimum extent necessary to make such provision valid, legal and enforceable.

21. This Agreement may not be amended, changed, modified, or altered without the prior written consent of the parties hereto, and no provision of this Agreement may be discharged or waived, except by a writing signed by the parties. A waiver of any particular provision will not be deemed a waiver of any other provision, nor will any waiver given on one occasion be deemed to apply to any other occasion.

22. This Agreement shall inure to the benefit of and shall be binding upon National IPA, the Supplier and any respective successor and assign thereto; subject, however, to the limitations contained herein.

23. This Agreement will be construed under and governed by the laws of the State of Delaware, excluding its conflicts of law provisions, and any action arising out of or related to this Agreement shall be commenced solely and exclusively in the state or federal courts in Williamson County Tennessee.

24. This Agreement may be executed in counterparts, each of which is an original but all of which together, shall constitute but one and the same instrument. The exchange of copies of this Agreement and of signature pages by facsimile, or by .pdf or similar electronic transmission, will constitute effective execution and delivery of this Agreement as to the parties and may be used in lieu of the original Agreement for all purposes. Signatures of the parties transmitted by facsimile, or by .pdf or similar electronic transmission, will be deemed to be their original signatures for any purpose whatsoever.

MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT

This Master Intergovernmental Cooperative Purchasing Agreement (this "**Agreement**") is entered into by and between those certain government agencies that execute a Principal Procurement Agency Certificate ("**Principal Procurement Agencies**") with National Intergovernmental Purchasing Alliance Company ("**National IPA**") to be appended and made a part hereof and such other public agencies ("**Participating Public Agencies**") who register to participate in the cooperative purchasing programs administered by National IPA and its affiliates and subsidiaries (collectively, the "**National IPA Parties**") by either registering on a National IPA Party website (such as www.nationalipa.org) or by executing a copy of this Agreement.

RECITALS

WHEREAS, after a competitive solicitation and selection process by Principal Procurement Agencies, a number of suppliers have entered into "**Master Agreements**" (herein so called) to provide a variety of goods, products and services ("**Products**") to the applicable Principal Procurement Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the National IPA Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

WHEREAS, in addition to Master Agreements, the National IPA Parties may from time to time offer Participating Public Agencies the opportunity to acquire Products through other group purchasing agreements.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. [illegible] party will facilitate the cooperative procurement of Products.

2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency's procurement practices. The Participating Public Agencies hereby acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies' participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(h), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable "safe harbor" regulations, including but not limited to any and all obligations to fully and accurately report discounts and incentives.

3. The Participating Public Agency represents and warrants that the Participating Public

EXAMPLE

Agency is not a hospital and is not purchasing Products on behalf of a hospital.

4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

6. The Participating Public Agency agrees the National IPA Parties may provide access to group purchasing organization ("**GPO**") agreements directly or indirectly by enrolling the Participating Public Agency in another GPO's purchasing program, including but not limited to Vizient Source, LLC, Provista, Inc. and other National IPA affiliates and subsidiaries; provided the purchase of Products through a National IPA Party or any other GPO shall be at the Participating Public Agency's sole discretion.

7. The Participating Public Agencies (each a "**Procuring Party**") that procure Products through any Master Agreement or GPO Product supply agreement (each a "**GPO Contract**") will make timely payments to the distributor, manufacturer or other vendor (collectively, "**Supplier**") for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

8. The Procuring Party shall not use this Agreement as a method for obtaining additional concessions or reduced prices for similar products or services.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a Procuring Party, and, to the extent permitted by applicable law, the Procuring Party shall hold non-procuring party harmless from any liability that may arise from the acts or omissions of the Procuring Party.

10. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THE NATIONAL IPA PARTIES EXPRESSLY DISCLAIM ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING ANY PRODUCT, MASTER AGREEMENT AND GPO CONTRACT. THE NATIONAL IPA PARTIES SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF THE NATIONAL IPA PARTIES ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, THE

EXAMPLE

PROCURING PARTY ACKNOWLEDGES AND AGREES THAT THE NATIONAL IPA PARTIES SHALL HAVE NO LIABILITY FOR ANY ACT OR OMISSION BY A SUPPLIER OR OTHER PARTY UNDER A MASTER AGREEMENT OR GPO CONTRACT.

11. This Agreement shall remain in effect until termination by a party giving thirty (30) days' written notice to the other party. The provisions of Paragraphs 6 - 10 hereof shall survive any such termination.

12. This Agreement shall take effect upon (i) execution of the Principal Procurement Agency Certificate, or (ii) the registration on a National IPA Party website for the execution of this Agreement by a Participating Public Agency, as applicable.

EXAMPLE

PRINCIPAL PROCUREMENT AGENCY CERTIFICATE

In its capacity as a Principal Procurement Agency (as defined below) for National Intergovernmental Purchasing Alliance Company ("National IPA"), [NAME OF PPA] agrees to pursue Master Agreements for Products as specified in the attached Exhibits to this Principal Procurement Agency Certificate.

I hereby acknowledge, in my capacity as_____of and on behalf of [ ] ("Principal Procurement Agency"), that I have read and hereby agree to the general terms and conditions set forth in the attached Master Intergovernmental Cooperative Purchasing Agreement regulating the use of the Master Agreements and purchase of Products that from time to time are made available by Principal Procurement Agencies to Participating Public Agencies nationwide through National IPA.

I understand that the purchase of one or more Products under the provisions of the Master Intergovernmental Cooperative Purchasing Agreement is at the sole and complete discretion of the Participating Public Agency.

ATTACHMENT K – SUSTAINABILITY SPECIFICATIONS

California higher education schools have a long history of being leaders in sustainability, including in environmentally and socially responsible purchasing. For example, in 2007, the University of California expanded its UC Sustainable Practices Policy to include environmentally preferable purchasing. Among other directives, these policies advise the UC to:

- Determine the appropriate sustainability requirements to be included in RFPs,
- Recognize and value total cost of ownership, closed loop systems, and contribution to LEED credits when evaluating suppliers,
- Recognize recycled content and third party certifications, and negotiate better pricing on products with these recognized criteria where opportunities exist,
- Require suppliers to report quarterly on the UC's spend on environmentally preferable products,
- Require suppliers to document their packaging practices, verify compliance with the UC's packaging criteria, and work with its suppliers to establish end-of-life reuse, recycling, or "take-back" programs at no extra cost to the University

In addition, the *UC Sustainable Practices Policy* identifies green building design and operation standards, a zero-waste by 2020 target, a climate neutrality goal by 2025, and stringent water consumption reduction goals.

To further reductions in energy, water, and toxics use, and increase the purchase of recycled-content products, the following specifications are included as directed by the above policy. Vendors participating in the CHESS Maintenance Repair and Operations Solicitation shall strive to comply with all technical and environmental specifications provided herein.

1. **Labeling**
   Environmental benefit claims concerning products or services must be consistent with the Federal Trade Commission's Guidelines for the Use of Environmental Marketing Claims. In addition, products claiming environmental benefits shall include the industry standard it meets or third party certification it has received (see below list of preferred technical and environmental specifications) in the catalog product description. A copy of the certification claimed by the vendor must be supplied upon request if it is not publically available for verification. Products offered on this contract that contain recycled content shall list in the hosted and punchout catalogs the amount of recycled content, reflecting both total recycled content (TRC) and post-consumer recycled content (PCRC).

2. **Usage Reports**
   Vendors must submit quarterly usage reports for all purchases made on this contract in the format outlined in EXHIBIT – QUARTERLY REPORT. Many campuses report on progress towards meeting the goals set forth in their respective Environmentally Preferable Purchasing (EPP) policies, and any available data that can be reported on actual EPP purchases and their associated environmental, health, and fiscal impacts is beneficial for this purpose.

3. **Environmentally Preferable Products**
   Campuses may establish a preference for Environmentally Preferable Products (EPPs), adopt additional specifications for certain categories of products, and/or negotiate during the Contract term to permit the substitution or addition of EPPs to the Contract when such products are readily available at a competitive cost and satisfy the department's performance needs.

4. **Mercury Containing Products**
   The California Environmental Protection Agency regulates the disposal of mercury waste because mercury is toxic to people and to the environment. California law restricts the level of mercury in some products (such as general purpose lights and packaging), and bans the sale of other mercury-containing products outright (such as

mercury-containing thermometers, barometers, flow meters, etc.). Vendors must ensure that their processes for the selling, handling and disposing of products containing mercury meets all California mercury control laws: http://www.dtsc.ca.gov/HazardousWaste/Mercury_Reduction.cfm.

5. **Volatile Organic Compounds (VOCs):** Campuses seek to procure products that contain no or low amounts of Volatile Organic Compounds (VOCs), wherever feasible, including but not limited to furniture, flooring, paint, sealants, architectural coatings, and building materials. Vendor shall provide low- or no-VOC product options in the above categories. To the greatest extent possible, vendors shall offer and label products that are low emitting and that contain zero or low VOCs.

6. **Energy- and Water-Efficient Products:** For product categories where ENERGY STAR® -rated or WaterSense® certified products are available, the California Higher Education System Schools seek to focus their procurement efforts only on products with an ENERGY STAR® rating or WaterSense® certification, delivered with energy efficiency and conservation features enabled. Products in applicable categories shall be offered and labeled with ENERGY STAR and WaterSense programs.

7. **Recycled Content:** Products shall be provided and labeled that meet or exceed the minimum recycled-content specifications as outlined in the EPA's Comprehensive Procurement Guidelines: https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program#products. Product categories include construction products, landscaping products, office products, paper products, park and recreation products, transportation products, vehicular products, and other miscellaneous products.

8. **Packaging:** All packaging (including carrying cases, wrappers and wrapping films, bags, and tubs) and packaging components (such as inks, labels, dyes, pigments, adhesives, stabilizers, or any other additives) must be free of Expanded Polystyrene (EPS) and polyvinyl chloride (PVC), and compliant with the Toxics in Packaging Prevention Act (AB 455) as to be free of any intentionally introduced lead, cadmium, mercury or hexavalent chromium, and containing no incidental concentrations of these regulated metals greater than 100 parts per million (ppm) by weight. In addition, all packaging must have the option to meet at least one, and preferably more than one, of the criteria listed below.

    a. Uses bulk packaging.
    b. Uses reusable/returnable packaging.
    c. Uses innovative packaging that reduces the weight of packaging, reduces packaging waste, or utilizes packaging that is a component of the product.
    d. Maximizes recycled content
    e. Uses easily recyclable or compostable packaging.

9. **CHESS SUGGESTED Prohibited Products and Materials: (May vary by location)**
    a. *Aerosols* and products in aerosol containers

    b. Antimicrobials additives used in hand soaps, furniture coatings, and any other products.

    c. Bottled Water

    d. Compact Fluorescent Lamps (CFLs)

    e. Compost that includes any chromated copper arsenate (CCA) pressure treated wood products. Provide certification that wood products are free from CCA products or byproduct.

    f. Disinfectants and Sanitizers that contain known, suspected, reasonably anticipated, or probable human carcinogens per IARC, NTP or the State of California; reproductive toxins per the State of California;

Asthmagens per AOEC (listed with a G, Rs, Rrs or Rr designation); Nonylphenol ethoxylates or other alkyl phenol ethoxylates (APEs); Chlorine Bleach (Sodium hypochlorite), Hydrogen chloride (HCL), Phenols, Pine oil, Quaternary ammonium chloride compounds, Silver, or Thyme oil.

g. *Expanded Polystyrene (EPS)* other than that utilized for laboratory supply or medical packaging. Prohibited products include but are not limited to EPS in foodservice products, and packaging.

h. *Flashlights* that do not use an LED light source

i. Hand sanitizing wipes unless they contain ethyl alcohol or isopropanol active ingredients only

j. *Incandescent light bulbs* that are standard size (size A19)

k. *Pesticides* that are harmful to pollinators including the following Neonicotinoids: Imidacloprid, Clothianidin, Thiamethoxam, Acetamiprid, Dinotefuran.

l. *Polyvinyl chloride (PVC)* - Products shall be free of PVC whenever an alternative exists. PVC-containing products must be identified in catalogs.

m. *Prop 65 Chemicals* (known to cause cancer or birth defects or other reproductive harm) unless clearly identified and labeled on all products containing them.

10. **Vendor Must Make the Following Environmentally Preferable Products Available on the Contract:**

a. *Adhesives* that comply and are labeled with at least one of the following third-party certifications: Cradle to Cradle, Green Seal, SCS FloorScore, UL GREENGUARD Gold, UL EcoLogo, Carpet and Rug Institute (CRI) Green Label Plus

b. *Batteries* with rechargeable nickel metal hydride (NiMH) that are low-self discharge and are delivered pre-charged in the following battery sizes: AA, AAA and D. All batteries shall have a minimum power rating in milliamp hours (mAh) as follows:
   i. AAA batteries: 700 mAh
   ii. AA batteries: 2000 mAh
   iii. C batteries: 2200 mAh
   iv. D batteries: 2200 mAh
   v. 9-volt batteries: 175 mAh
   vi. All chargers must be Energy Star

c. *Disinfectants and Sanitizers* that contain only Hydrogen Peroxide (including Accelerated Hydrogen Peroxide), Citric Acid, Lactic Acid, or Caprylic Acid as active ingredients.

d. *Electric Hand Dryers* that meet the following specifications:
   i. Ability to dry hands in 15 seconds or less with maximum 135 degree Fahrenheit air
   ii. Operate at a sound level of less than 80 dBA
   iii. Energy consumption should match NEC or CEC requirements.
   iv. Adherence to ADA protrusion requirements
   v. Internal air filtration

e. *Hydraulic Fuel and Lubricating Oil* that meets the following specifications:
   i. Hydraulic fluid contains a minimum of 55% re-refined base stock and/or certified by EcoLogo CCD-068 and listed in the USDA BioPreferred Catalog

ii. Lubricating oil containing a minimum of 75% re-refined base stock or certified by EcoLogo CCD-054 or Green Seal-3

f. *Luminaires and light bulbs* that are LED, high-efficiency and CEC code compliant.

g. *Motors* that are certified with the National Electronic Manufacturers Association's (NEMA) Premium Energy Efficient Motors Program.

h. *Paint products* that are certified by Green Seal and the Master Painter Institute (MPI) under its Green Performance Standards; and reprocessed and/or re-blended paint products with a minimum of 10% post-consumer recycled content paint, CARB compliant, and a total recycled content of 50%, that meet the specifications of conventional paints used for the same applications.

i. *Plastic Lumber* that conforms to standard wood dimensional lumber sizing, contains UV inhibitors and is consistent in color and nominal dimension(s) through the entire profile, contains a minimum of 90% total recovered materials, at least 25% of which must be post-consumer plastic. All plastic lumber must be guaranteed against undue warping, sagging, cracking, splitting, rotting, and insect infestation for a minimum of ten (10) years.

j. *Pesticides* that contain only active ingredients listed on the EPA's list of Active Ingredients Allowed in Minimum Risk Pesticide Products: http://www.epa.gov/minimum-risk-pesticides/active-ingredients-allowed-minimum-risk-pesticide-products or are listed on the 2015 San Francisco Reduced-Risk Pesticide List: http://www.sfenvironment.org/sites/default/files/fliers/files/sfe_reduced_risk_pesticide_list_2015_finaldraft.pdf

k. *Powered cleaning equipment* that meets the following specifications:
   i. Is equipped with controls or other devices for capturing and collecting particulates;
   ii. Operates at a sound level less than 70 dBA;
   iii. Floor Maintenance equipment: has low-emission engines certified by the California Air Resources Board under the Small Off-Road Engines or Equipment (SORE) program and is equipped with catalytic and exhaust monitoring systems;
   iv. Scrubbers: are equipped with a control method for variable rate dispensing to optimize the use of cleaning fluids;
   v. Steam Cleaners: use a dry steam application and steam heat to a minimum 200 degrees F.

l. *Roofing Materials* that are ENERGY STAR certified, approved by the Cool Roof Rating Council (CRRC), and made with recycled materials

m. *Solvents and Degreasers* certified by Green Seal.

n. *Sorbents* that contain 100% total recycled content (compliant with EPA's Comprehensive Procurement Guidelines for Sorbents: http://www.epa.gov/osw/conserve/tools/Comprehensive Procurement Guidelines/products/sorbents.htm), or USDA-certified biobased.

   a. *Wood Lumber* that is FSC Certified.

11. **Additional Market Basket Pricing**
During the life of the contract, the University reserves the right to negotiate the addition of new environmentally preferable products into the market basket for the most preferential pricing.

ATTACHMENT L – CAMPUS MATRIX

Matrix below is completed for reference purposes only, based on those location who have Supplier-Managed Inventory (SMI), Vending Machines (VM), and a listing of the E-Procurement system currently used. MRO Primary Distributor is to provide a transition plan to the locations listed below for SMI and VM.

ATTACHMENT M – UC LOCAL SMALL BUSINESS OPT-IN SOLUTION (BETA)

1. **OBJECTIVE**: Allow UC San Diego campus to use the sourcing event to introduce local Small Business (SB) or Disabled Veteran Business Enterprise (DVBE). Responsibility of UC San Diego Campus to score, evaluate, and award local agreement.
    a. Process Outline:
        i. Local campus to support the solicitation efforts by communicating and advertising the SB and DVBE opportunity.
        ii. SB and DVBE Responsibility:
            1. Participate in the BETA opportunity with campus
            2. Provide SB/DVBE Certification
            3. Complete a Price Analysis Workbooks
            4. Complete Category Discounts
            5. Respond to Questions in RFx
        iii. UC San Diego Campus Responsibility
            1. Score SB/DVBE Supplier(s) responses specifically to campus location
            2. Separately Evaluate SB/DVBE responses for UC Location
            3. Provide local award for SB/DVBE for your UC Location
                a. This process will be completely separately from the system solution.
                b. Timeline for scoring, evaluating, awarding is to be derived by UC campus and shared with SB/DVBE.
                c. Spend allocation is to be derived by UC Campus location and its local SB/DVBE goals and objectives.
    b. The UC San Diego Campus will evaluate responses in their entirety and determine award based on the most advantageous.

2. **ANNUAL SPEND**:

CAMPUS LOCATION	PAST 12 MONTH MRO SPEND
UC SAN DIEGO	$4,966,647.00

3. **SB/DVBE SUPPLIER REQUIREMENTS**: Supplier will not be required to provide services or goods to campuses or entities other than UC San Diego. If supplier does choose to supply those other entities listed in 1.1 Master Agreement, supplier will be expected to make available the terms, conditions and pricing to those other entities.
    a. Ecommerce: Supplier must be able to provide a hosted catalog through the Jaggaer/Sciquest platform.
    b. Invoicing:
        i. The Supplier shall submit invoices through Transcepta. UCSD is transitioning our suppliers to the most efficient procure-to-pay process. As part of this transition, we are phasing out all of our paper-based processes, including invoices. This will greatly reduce our invoice process time, costs around mailings and postage, and allow us to optimize our payment methods, which will help us all in our sustainability efforts.
        ii. In order to receive and process your invoices in the most efficient way possible, UCSD has joined the Transcepta Electronic Invoicing Supplier Network. As a University of California supplier, you pay NO FEES to participate. Registration and connection with Transcepta takes only a few minutes of your time and there are no requirements to change your existing systems, invoice formats, or engage in IT-intensive projects.
        iii. For more information and/or assistance with enrollment in the Transcepta Network, please contact the Transcepta Supplier Connection Team at ucsd.info@transcepta.com or 949-382-2841. If you have questions specifically for UC San Diego including payment options, contact us via email disbursements@ucsd.edu.
    c. Payment Terms: UC San Diego payment terms are Net 30. Funds will be issued via virtual payment card.
    d. Exclusions: None of the National IPA or CHESS specific requirements apply to those suppliers that may be awarded as small business suppliers for UC San Diego for the UC San Diego portion of their contract. Unless otherwise noted, all other requirements and provisions apply.

EXHIBIT 4 - CHESS REQUIREMENTS

1. HOURS OF SERVICE:

   1.1. REGULAR HOURS are between 6:00 AM and 6:00 PM, Monday through Friday, excluding holidays.

   1.2. AFTER HOURS is after 6:00 PM and prior to 6:00 AM, Monday through Friday.

   1.3. WEEKENDS are anytime Saturday or Sunday.

   1.4. HOLIDAYS are CHESS Holidays (See CHESS holiday schedule attachment).

   1.5. Services shall be available 24 hours per day, 7 days per week, 365 days per year.

   1.6. Supplier shall provide 24 hours per day, 7 days per week, 365 days per year telephone access, and respond to a call for services within thirty (30) minutes of receipt.

2. RESPONSE TIMES:

   2.1. During REGULAR HOURS, AFTER HOURS, WEEKEND or HOLIDAYs, Supplier shall respond within four (4) hours of receipt of a request.

   2.2. If the request is designated by the CHESS as an EMERGENCY, the Supplier shall respond within two (2) hours of receipt of request regardless of the time of day, WEEKEND or HOLIDAY.

3. CONTRACTOR REQUIREMENTS:

   3.1. Contractor(s) shall supply all labor, supervision, materials, tools, equipment, and effort necessary to perform the Scope of Work presented.

   3.2. The Contractor's service truck fleet and/or warehouse shall carry sufficient supply of repair parts and equipment to perform services per Scope of Work presented.

   3.3. The Contractor agrees to utilize only experienced, responsible and capable people in the performance of the work.

   3.4. All employees of the Contractor shall wear a company uniform identified with the company name consisting of a minimum of one of the following:

      3.4.1. Shirt/blouse

      3.4.2. Vest

      3.4.3. Cap

   3.5. No one except authorized employees of the Contractor is allowed on the premises of CHESS. Contractor's employees are NOT to be accompanied in their work area by acquaintances, family members, assistants, or any other person unless said person is an authorized employee of the Contractor.

   3.6. The Contractor shall perform the work in a way to minimize disruption to the normal operation of building occupants. Upon completion of work the Contractor shall clean and remove from the job site all debris, materials and equipment associated with the work performed.

   3.7. Contractor shall adhere to all regulations, rules, ordinances, and standards set by Federal, State, County, and Municipal governments pertaining to safety on the job site.

4. EMPLOYEE BACKGROUND CHECK:

   4.1. A background check is required for all employees providing any services to CHESS. Any occurrence found during background check is to be provided to Participating Agency for approval, prior to placement.

5. SMALL BUSINESS

5.1. Supplier(s) must have the capability to provide a small business solution. Provide Supplier(s) capabilities in the Capabilities section in the questions.

5.2. Additional points will be made available to those suppliers able to provide Small Business and/or Disabled Veteran Business Enterprise (DVBE) solution.

5.3. California based Participating Entities have a minimum of 25% Small Business participation spend. CHESS is looking for an agreement that would allow this targeted goal. CHESS reserves the right to source certain MRO supplies to small business, who are able to meet the spend requirement.

6. ONLINE/ECOMMERCE PRESENCE

6.1. Supplier(s) must have an online capability with contracted pricing for MRO goods being purchased. Full capabilities of this is to be outlined in questions of solicitation.

7. IN-STORE OR STOREFRONT

7.1. Supplier(s) must have an in-store or storefront presence to allow CHESS or Participation Agency the ability to pick up items that may be on emergency or as needed basis.

Company Profile		6	* Please provide contact information for the person(s) who will be responsible for the following areas, including resumes: (a.)Sales (b.)Sales Support (c.)Marketing (d.)Financial Reporting (e.)Executive Support	Please see Grainger's Contact Information - Company Profile 6 attachment with contact information for key persons who will be supporting the CHESS / National IPA contract. Also, attached is the org chart for our National Government Sales Force. The team members listed on our attachment have experience with CHESS in the current contract and will facilitate all marketing activities. Our key contacts are familiar with CHESS customers, purchasing patterns, procurement history and continuous improvement activities. They will be instrumental for a successful transition of the CHESS contract. At the contract gains momentum outside of California, the lead Government Sales Manager of each state will be responsible for engaging the local support teams that will be needed to transition any new Participating Entities. Please note: Grainger considers resume information confidential and can provide team resumes after contract award. The talent and training of our employees is critical to Grainger to ensure customer satisfaction and a high level of continuous improvement and partnership. Talent Management is a process to attract, develop and retain people with the right knowledge, skills and behaviors to meet current and future organizational needs. As the global business footprint changes, managing talent becomes a critical driver to allow Grainger to grow. In order for Grainger to become the best we can be, our focus must be on our talent model. This integrated model represents our approach to Talent Management
Company Profile		7	* Please select your settlement option preferred using Attachment I - Settlement Matrix Terms.	Settlement Matrix - Option 1
Company Profile		8	* Overall annual sales for last three (3) years; 2015, 2016, 2017	Our annual sales for the last three years is below. I have also attached our annual fact book. This attachment provides much more detail around these sales. $10,424,858,000 - 2017 $10,137,204,000- 2016 $9,973,384,000 - 2015
Company Profile		9	* Has your company done anything that is trans-formative or innovative to the industry? If yes, please describe.	Yes. Consulting, Sustainability, Tools for Tomorrow, Diversity and Safety Programs.

Company Profile		10	* What differentiates your company from competitors?	•Dedicated Vertical Focus: Grainger excels in understanding our Education customer's needs by building a strategy specifically around Higher Education and investing in continuous training for dedicated Government Account Managers. Our product portfolio, service offering, and contracting efforts have evolved and grown with the changing needs and requirements of government customers. Our team is highly committed to providing you with more ways to streamline procurement, reduce costs and achieve your objectives while meeting industry requirements and regulations. •Dedicated Vertical Focus: Grainger excels in understanding our Education customer's needs by building a strategy specifically around Higher Education and investing in continuous training for dedicated Government Account Managers. With over 500 dedicated Government Sales Managers, our teams help Education customers reduce operational costs. In 2017, Grainger's Sales Teams had over 65,000 "touches" with in person meetings, emails, webinars, supplier demonstrations, Business Reviews, training, technical support, consulting and safety assessments to service and support our government customers. •Ecommerce Solutions: Grainger is the number one eRetailer in the MRO industry and has the most comprehensive platform of eCommerce website, mobile apps and eProcurement offerings in the industry. Our eCommerce team has received awards as a result of our eCommerce focus, including the Internet Retailer magazine's B2B E-Commerce as the Website Design of the Year Award in 2016. Grainger continues to make it easy for users to order MRO product from Grainger wherever they are, and on their preferred platform. •Safety Services & Assessments: Grainger works with well

Company Profile		11	* Does your company have a “Lead Point of Contact” for e-commerce integration issues? If yes, please provide detail contact information.	The lead POC for the University of California Systems eCommerce for integration issues is Dan Kloes, eCommerce Solutions Manager, office phone - 847-535-0530, mobile phone - 224-254-3406, email - dan.kloes@grainger.com. Dan received a degree in Organizational Small Business Management with a Masters in Business Management. Dan has been with Grainger for 13 years and has been a technical ecommerce Solutions Manager for eight years. Electronic marketplaces: Grainger connects to customers through electronic marketplaces, exchanges or enterprise purchasing software systems using universal technology standards such as cXML. Customers can “Punch-Out” to Grainger’s online catalog, create a requisition and return the shopping cart back to the marketplace for review and approval. Direct connections to customers’ Enterprise Resource Planning (ERP) systems: Grainger offers the ability to integrate its General Catalog and buying process with customers’ purchasing and ERP systems. Customers who wish to “Punch-Out” directly from their ERP can access Grainger’s online catalog and return the shopping cart back to their purchasing system to manage the order workflow. Grainger can provide Oracle R12, and a scoping call with our e-business integration team to determine specific need and customization will ensure proper integration. Our experience with over 125 customer platforms (including those in the graphic below) gives us an end-to-end integration capability to drive streamlined processes resulting in cost savings through productivity

Company Profile		12	* Provide information regarding whether your firm, either presently or in the past, has been involved in any litigation, bankruptcy or reorganization.	W.W. Grainger has never filed for bankruptcy. W.W. Grainger, Inc. is a publicly held company with over 25,750 employees, 249 locations, involved in international operations, and is party to thousands of contracts and other relationships. From time to time the Company is involved in various other legal and administrative proceedings that are incidental to its business, including claims related to product liability, general negligence, contract disputes, environmental issues, wage and hour laws, intellectual property, employment practices, regulatory compliance or other matters and actions brought by employees, consumers, competitors, suppliers or governmental entities. As a government contractor selling to federal, state and local governmental entities, the Company is also subject to governmental or regulatory inquiries or audits or other proceedings, including those related to pricing compliance. It is not expected that the ultimate resolution of any of these matters will have, either individually or in the aggregate, a material adverse effect on the Company's consolidated financial position or results of operations. While Grainger cannot provide you with all of the specific information you request with respect to each lawsuit, Grainger can state that, to the best of its knowledge and belief, without conducting exhaustive investigations or inquiries, there are no lawsuits that, if unfavorably concluded against this company would have a material adverse impact on its financial condition or ability to do business.

Company Profile		13	* Provide your experience working in the public sector ?	Grainger's Public Sector experience is extensive. Grainger has been providing MRO Supplies over 89 years on a state, regional and nationwide basis, including public sector experience. In 2017, Grainger's sales to public sector customers were over $1.9 billion. To appreciate the breadth and extent of this business, Grainger has contracts with all 50 states, as well as local government entities and the federal government. We have proven experience in negotiating and implementing multi-state, complex, nationwide contracts. Grainger's government sales organization is supported by over 500 sales professionals dedicated to servicing only government customers. Our government sales organization allows Grainger to focus on the unique needs of the public sector customer while gaining insight into and expertise in government procurement. All government team members receive annual compliance training to ensure that they know and understand our government customers' requirements and can meet our customers' ethical standards for procurement. The Grainger Government teams have detailed knowledge and experience in providing MRO products to higher education institutions, healthcare facilities and state and local governments and have been providing significant cost savings to Public Sector customers based on our industry leading Supply Chain efficiencies, experienced personnel and our ability to leverage our expansive U.S. operations.
Company Profile		14	* Please provide a list of four (4) complete Customer References. Submit Name, Title, Company Name, Phone Number and Email Address. Two of the references should be an entity of similar size and with comparable scope of operations as the University, i.e., academic, research, or statewide operations. Such services should have been provided for a period of not less than two (2) years within the last three (3) years. At least two of the four provided references must be located in California. Provide annual sales and description of the services provided.	Grainger's dedicated Government and Public Sector teams have helped thousands of Public Agency customers to save time, money and space with our savings solutions. Grainger is happy to provide the attached four references. More references can be provided upon request.
Questionnaire Name: *	Marketing / Sales			
Questionnaire Description:

Marketing / Sales		2	* Describe how your company will demonstrate the benefits of this contract to eligible entities if awarded.	Upon Award, Grainger will demonstrate the benefits of the CHESS and National IPA contract to eligible entities through direct and indirect engagements leveraging a unified position across both our organization in the following ways: 1. Endorsement of the contract by Grainger Executive Leadership with targeted messaging showcasing the benefits and our strong partnership. 2. Produce customer facing materials describing the CHESS and National IPA contract value, benefits, and solutions to be used within advertising, marketing, and communications campaigns as mutually agreed upon 3. Deliver consistent and timely messaging through mutually agreed upon multi-media channels and industry events such as direct mail (including email), national and regional publications, trade-shows, and web promoting the benefits of the CHESS and National IPA contract and strength of the partnership between CHESS and National IPA and Grainger. 4. Target key entities, including existing CHESS and National IPA customers and potential new entities, with consistent and timely messaging of the new contract's value and benefits. 5. Train and Deploy Grainger's 500+ Government sales force, Customer Service, and Solutions team members to effectively target and position the value and benefits of the CHESS and National IPA contract. Sales and Customer Service team members will articulate the contract value to meet potential members' goals. 6. Participate with National IPA on mutually agreed upon national and regional trade-shows, conferences and seminars to promote the value of the new CHESS/National IPA contract.

Marketing / Sales		3	* Provide a detailed ninety (90) day plan describing how the contract will be implemented within your firm.	Upon Award, Grainger will execute a comprehensive implementation plan consisting of contract Execution, Communication, and Training of the CHESS and National IPA Master Agreement. 1 – 10 Day CHESS, National IPA and Grainger will: CHESS, National IPA and Grainger will finalize Master Agreement terms and conditions, including any formal requirements such as obtaining signatures. Grainger will assign Master agreement implementation project lead, Communication lead, and Marketing lead Grainger will activate internal contract management standards inclusive of but not limited to: •Process to assign CHESS and National IPA contract terms, conditions including pricing to Participating Agencies •Execution of Master Agreement and assessment reporting tracking affiliations. Grainger Sales Leadership will deliver contract endorsement and awareness messages to internal key stakeholders highlighting contract value and benefits to all parties – Grainger, CHESS, National IPA, and Participating Entities. 10 - 30 Day Grainger will: Conduct national conference calls with Grainger Executives providing the details of the CHESS and National IPA agreement and implementation plan. The agenda includes an overview of the products and services that Grainger will provide, a list of key entities, and specific assignments for the Grainger Executive team to promote the new contract. Conduct national conference calls internally with Grainger Government Sales Force, Customer Service, and key stakeholders

Marketing / Sales		4	* Describe how you intend to rollout your MRO program to a Participating Agency. What preparation, training, education, meetings, etc will be provided?	Grainger will use proven implementation processes and practices to construct an effective roll out plan and drive adoption of the contract for all entities. The following implementation activities: Pre-Affiliation •Construct communication and marketing materials to be tailored and used to promote the contract benefits and solutions within the Participating Entity's environment. •Present the CHESS and National IPA contract benefits and solutions to the Participating Agency's key stakeholders and decision makers through formal meetings. •Participating Agency will, affiliate to the CHESS/National IPA contract through online request form Post-Affiliation •Activate CHESS and National IPA contract terms and conditions, including pricing, to all Participating Entity's Grainger accounts within 48 hours of approval. •Identify the Participating Entity's short and long term goals and objectives and develop strategies to meet them leveraging solutions available through the CHESS and National IPA contract. •Mutually agree on applicable solutions, contract success performance criteria, change management and communication plans, timing, and other relevant roll out requirements. •Engage resources and mutually develop a launch plan with defined milestones and roles to launch contract across the Participating Entity's organization. •Designate a Site Champion(s) to lead Entity contract implementation within the their organization •Deliver contract awareness to all Entity team members to promote benefits, utilization processes, and support channels

Marketing / Sales		5	* Describe how you intend on train your national sales force on the Awarded agreement.	Grainger will apply an extensive training program to accomplish the following: 1. Ensure comprehensive understanding of the new CHESS and National IPA contract terms, benefits, and solutions 2. Understand and develop a target list of entities for affiliation. 3. Assist Government sellers to develop good pre-call planning skills to allow for a targeted meeting agenda 4. Joint planning session with National IPA partner on key strategic accounts Step 1: Build contract awareness across 500+ Grainger Government dedicated sales force, Customer facing team members, and solution support resources • Deliver Contract announcement messages via electronic vehicles from Sales and National IPA Leadership • Launch National IPA intranet site • Provide co-branded marketing collateral Step 2: Provide Contract training • Conduct dedicated training on implementation plan and process to existing and potential CHESS/National IPA customer. • Deliver contract support materials and tools through Grainger sales management systems. • Provide seller action plans and timelines to achieve implementation success criteria. Step 3: Reinforcement and Inspection • Conduct, at minimum, quarterly contract educational calls with Sales and Customer Service teams to refresh knowledge of contract benefits, promote key initiatives, ensure implementation processes are followed, and share customer success stories. • Sales leaders to provide in the moment coaching and support
Marketing / Sales		6	* Describe how your organization will ensure agencies receive the Awarded contract pricing in retail stores/storefront locations.	Grainger's pricing team will apply coding to all of your account numbers (locations) within our company wide SAP Business Enterprise System. This coding will include pricing and freight terms, as well as all contract terms and conditions unique to your agreement. No matter what ordering channel is used, CHESS and National IPA specific contract pricing will be available to all locations.

Marketing / Sales		7	* What is your strategy to increase market share?	• Execute a 90 day contract implementation plan to ensure all Sale and Customer Service team members can articulate the value and benefits of our contract to all customers. This knowledge will assist our sellers in affiliating CHESS and national Public Agencies' entities to our new agreement. Please refer to the attachment ""Grainger 90 Day Implementation Project Plan"" for a project plan under Supplier Attachments. ◄Leverage our 500+ sales members to drive contract awareness and educate CHESS entities to the value of the contract and the affiliation process. ◄Understand our CHESS Entities' goals and initiates and implement key Grainger solutions to assist entities save time, money and space. • Identify mutually agreed upon entities for affiliation targets. The Sr. Government Sales Manager will work with Grainger field leadership and National IPA to identify mutually agreed upon targets for affiliation. • Consistent monthly contract status communications. The Sr. Government Sales Manager will be responsible to conduct regularly scheduled meetings with both Grainger aligned Sellers and the National IPA team to ensure open communication and effective deployment of the strategy and related plans. • Scheduled quarterly call. The Sr. Government Sales Manager will lead a call with Grainger Sales and Customer Service Teams to re-fresh the value and benefits of the contract, share success stories and discuss opportunities to improve our market share. • Business Reviews with National IPA and CHESS entities. Grainger will continue to participate in mutually agreed upon Business Reviews with National IPA and Participating Public Agencies to
Questionnaire Name: *	Administration			
Questionnaire Description:				
QUESTIONNAIRE NAME	**SECTION NAME**	**QUESTION NUMBER**	**QUESTION TITLE**	**W. W, Grainger, Inc.**

Administration		1	* Describe your company's implementation and success with existing cooperative purchasing programs, if any, and provide the cooperative's name(s), contact person(s) and contact information as reference(s).	Over the past 12 months, Grainger has implemented approximately 180 contracts within the Government, Healthcare and Commercial segments. Over the years Grainger continues to gain experience with contract implementation and uses proven processes and practices to ensure the seamless transition and implementation of a new contract. Grainger continues to develop tools and resources for efficient and effective processes for the onboarding of new participating Members. Grainger's current cooperatives contracts include NJPA, TCPN, E&I & NASPO. Grainger will provide cooperative contact information upon contract award and after permission is received from such contacts to release this information.
Administration		2	* If awarded, please describe your plan to differentiate the National IPA contract from other State, Local and National Cooperatives.	The CHESS / National IPA contract differentiates itself from other State, Local and National Cooperative contracts based on the contract's structure and our response. 1. The CHESS / National IPA contract is being solicited by a University, UC as the lead agency for all CHESS members and the public sector segments. 2. Market Basket develop based on actual UC Systems historical spend 3. Additional category discounts offered to CHESS/National IPA based on value to the Participating Entities 4. Unique incentive programs 5. Grainger and National IPA field support provided to Participating Entities During Contract Implementation (see Section 3.4 Marketing in the UC Response) Grainger will differentiate the CHESS / National IPA contract by highlighting the above benefits that make our offer unique from other State, Local and National Cooperative contracts. Grainger will support all customers who choose to access our broad product line through the CHESS / National IPA MRO Supplies contract. Grainger will support the National IPA cooperative contract in all market segments related to State, Local, Primary Education and Higher Education.

Administration		3	* Do you have a policy or policies requiring compliance with all federal, state, international and applicable local laws? Please attach or provide a link:	Yes. At Grainger, in our 90 years in business, ethics and integrity guide how we work and serve our communities. The nature and scope of our operations place a significant trust in our team members, and they consistently display a commitment to exemplary conduct. The philosophies outlined in our Business Conduct Guidelines, Corporate Governance Principles, Supplier Code of Ethics and our work in supplier diversity are brought to life in our collaborative and inclusive culture that fosters a positive and productive work environment. (See Grainger's Social Responsibility Report attached under Sustainability Question 1) Grainger's compliance program starts with a commitment to ethics and integrity. The foundation of this program is Grainger's Business Conduct Guidelines which apply to team members globally and provide a common understanding of ethical principles that guide the way Grainger works with customers, suppliers and colleagues. (Add Link to BCGs) In addition, Grainger is unique in the industry in its commitment to ethics and integrity with our government customers. Grainger has a second ethics and compliance code which provides guidance for our team members servicing our government customers in the US and sets out the standards for servicing those customers. See attachment: Code of Ethics for Doing Business with Government, Healthcare and Education-based customers. In addition to the guidelines, Grainger requires training on these guidelines and standards along with an annual certification that they are met. Grainger also provides live Gov't Ethics and Compliance training for its government sales team and support personnel at its National Sales Meeting annually. Outside attorneys and consultants provide a 2 hour live training session

Administration		4	* Do you have a compliance department? If so, please list the standards this department monitors compliance with (e.g. applicable federal and state laws, internal policy, ISO processes, GSA regulations, etc.)	Grainger has a Global Compliance Team lead by the Chief ethics and Compliance Officer comprising of US based and global compliance professionals. This team focuses on several critical areas; some of these focus areas are: ● Anti-bribery and Corruption: for example FCPA and UK Bribery Act along with other jurisdictions anti-bribery laws and regulations. ● Data Privacy and general privacy standards: 2018 includes significant focus on implementing processes and systems to manage the GDPR, General Data Privacy Regulation mainly in Europe but its reach is global. ● Trade Compliance as Grainger imports and exports product globally. ● Environmental, Health and Safety manages product safety and regulations globally along with safety and environmental concerns all dependent on jurisdiction. ● US Federal, state and local government procurement laws and related regulations under our government compliance efforts ◆ Because Grainger holds a GSA MAS contract Grainger has specific team that focuses solely on our GSA contract compliance
Administration		5	* Within the past 5 years, has your organization been made aware of any investigations involving your organization for violations(s) of a law or laws, the legally authorized penalties for which exceeded $500,000? IF YES, please list all such investigations and their outcomes.	In the last five years, Grainger has not violated any U.S. law that resulted in a penalty of five hundred thousand dollars or more. However, Grainger does not know or inquire as to the potential penalty for violations, potential violations or investigations so it cannot comment on whether any applicable statute(s) may have allowable fines/penalty's which may exceed 500K in the last five years. From time to time Grainger is involved in various other legal and administrative proceedings that are incidental to its business, including claims related to product liability, general negligence, contract disputes, environmental issues, wage and hour laws, intellectual property, employment practices, regulatory compliance or other matters and actions brought by employees, consumers, competitors, suppliers or governmental entities. As a government contractor selling to federal, state and local governmental entities, Grainger is also subject to governmental or regulatory inquiries, audits or other proceedings, including those related to contract administration or pricing compliance. It is not expected or anticipated that the ultimate resolution of any of these matters will have, either individually or in the aggregate, a material adverse effect on Grainger's consolidated financial position or results of operations.

Administration		6	* Please provide any suggested improvements and alternatives for doing business with your company that will make this arrangement more cost effective for your company and Participating Public Entities.	"Grainger presents the following suggested improvements that will provide additional cost savings to Participating Entities upon affiliation to the CHESS / National IPA contract: 1. Tracking and reporting of rogue spend (i.e. P-card spend) that is not visible to Grainger. This will allow Grainger teams to focus on departments with rogue spend to explain the benefits of the contract. 2. Provide supplier onsite trainings to present new products and other activities to encourage contract compliance. This will increase rebates and incentives available to the participating entity. 3. Key Administrators of CHESS to act as a reference to potential Participating Entities and also endorsement of the contract to current CHESS customers. This will facilitate growth of the contract spend, resulting in higher rebates and incentives. 4. Provide Grainger with the opportunity to review expiring or underperforming contracts for consideration of inclusion into the new CHESS contract. This will increase rebates and incentives. 5. Continue to identify opportunities to streamline ecommerce solutions to increase operational savings. This is a more cost effective way to transact for both Grainger and the Participating Public Entity."

Sustainability		1	* The University of California is committed to sustainability. The policy can be found here: http://www.universityofcalifornia.edu/sustainability/policy.html) The California State University is committed to sustainability. The policy can be found here: http://www.calstate.edu/cpdc/sustainability/policies-reports/documents/JointMeeting-CPBG-ED.pdf The California Community Colleges sustainability policy can be found here: http://extranet.cccco.edu/Portals/1/CFFP/Sustainability/BOG_Energy_Sustainability_Policy_FINAL.pdf Please upload your company's sustainability policy.	At Grainger, we are committed to conducting business in an environmentally responsible manner, while working to reduce energy use and minimize waste in our operations. To do so most effectively, we focus on the environmental challenges within the material parts of our business: our operations, our products and our supply chain. Grainger works to continuously improve our environmental performance across our value chain from our suppliers through our operations and to our customers. We encourage stewardship in our operations, and seek to share the lessons we have learned with others. We partner with several third party sustainability organizations, such as the CDP (formally known as the Carbon Disclosure Project), the GreenBiz Executive Network, the U.S. Environmental Protection Agency, Smartway program, UL Inc. (formerly Underwriter's Laboratories, Inc.) and the U.S. Green Building Council to help us align our environmental investments with our stakeholders' expectations. We are committed to the global effort to reduce GHG. We focus our reduction strategy around two specific areas: reducing GHG intensity and waste in our own operations and supporting emissions reduction in our supply chain through increases in transparency. Scope 1 emissions are direct emissions from owned or controlled sources. Scope 2 emissions are indirect emissions from the generation of purchased energy. We chose 2011 as our baseline year, in which emissions totaled 142,306 metric tons. During that period, we have reduced Scope 1

Sustainability		2	* Please detail company philosophy, efforts, and programs in the following areas: (a.) Policies incorporating environmental and/or social sustainability and stewardship (b.) Energy efficiency in operations (e.g. LEED buildings) (c.) Transportation and shipping (EPA SmartWay Partner or Affiliate, fuel efficient/alternatively fueled vehicles used in transport and delivery) (d.) Reduction of waste, water, chemical use, and/or carbon emissions throughout manufacturing or distribution (e.) Criteria used to evaluate suppliers or manufacturing plants (if applicable) (f.) Environmental Management Standards (ISO 14001)	a) Our Operations: We primarily focus our efforts where we can have the most influence. Grainger's DCs account for 38% of our operations. We closely monitor our energy consumption and improve our green energy mix by researching sustainable solutions to increase efficiency and utilize renewable energy Our Products Grainger provides customers with more than 72,000 products that help customers maintain sustainable facilities through efficient energy management, water conservation, waste reduction and air-quality improvement. Our Supply Chain Our suppliers are our allies in improving our emissions and waste reduction. We engage with suppliers through the CDP Supply Chain survey to create more change than would be possible on our own. In 2016, this partnership helped us successfully complete our pilot year with responses from more than 80 of our largest vendors. In total, our suppliers' efforts reduced 76 million metric tons of CO2 resulting in more than $700 million in annual savings for their respective businesses b) Grainger has implemented and installed hundreds of efficiency solutions in our operations ◆ Solar Panel Roof: To date, Grainger has installed 5.3 MW of solar panels on the roofs of its Distribution Centers. ◆ LED Lighting: Approximately one quarter of our operations use LED lighting with occupancy sensors, reducing electricity consumption by 80 percent compared to conventional lighting. ◆ Recycling & Waste: Grainger boxes used to distribute products in the United States are made of paper products certified by the

Sustainability		3	* Does your company report or set reduction targets for annual greenhouse gas emissions (especially resulting from staff air travel and commuting, and facility energy use)? Please state these targets and your progress towards achieving them.	Climate Change Disclosure We recognize that climate change is a significant global issue. The company is taking steps to more effectively manage its energy use and greenhouse gas (GHG) emissions. Grainger has participated in the CDP since 2009, providing detail on business risks and opportunities related to climate change. In 2012, we became the first industrial distributor to publicly disclose its carbon footprint. Intensity Target Grainger became the first industrial distributor to set a GHG reduction goal. Our target is an intensity goal for GHG over revenue: to reduce our North American Scope 1** and Scope 2** GHG emissions per unit revenue 33 percent by 2020. The goal was designed to be achievable, yet challenge our operations to identify innovative ways to operate more efficiently. We are currently more than half way to our goal, and have reduced intensity to 14.7, a 20 percent reduction since 2011. A 33 percent reduction by 2020 goal focused Grainger on doing business the right way by investing in renewable energy and energy efficiency. To drive progress toward this goal, our GHG target is included in the performance appraisals for our corporate sustainability team. In addition, energy reduction and efficiency projects reduce utility expenses and improve operating expenses, indirectly effecting profit sharing for U.S. team members. Greenhouse Gas Emissions** We are committed to the global effort to reduce GHG. We focus our reduction strategy around two specific areas: reducing GHG intensity and waste in our own operations and supporting
Sustainability		4	* Are your company reps capable of utilizing a video conferencing tool, such as Zoom (https://zoom.us/) in lieu of on-site meetings, in an effort to reduce transportation related emissions?	Yes. All Grainger sellers use WebEx and Microsoft Lync for on-line meetings and video conferencing.

Sustainability		5	* Describe your company's process for defining, verifying, and labeling green/sustainable products and services in your offering. Explain how you help public agencies navigate toward the green products in your offering through website filters, keyword searches, displaying eco-logos, etc.	Environmentally Preferable Products (EPP), designated on Grainger.com by a green leaf symbol fall into two categories: 1) those maintaining a third-party certification, and 2) those that have one or more environmentally preferable attributes. In each case, the basis for the presence of the symbol is explained, including information either about the specific third-party certification, or the relevant product attributes within the technical specifications for each item on Grainger.com. Grainger relies on information from our third-party suppliers for claimed certifications and relevant product attributes. To provide an additional measure of confidence, Grainger works with outside experts to review EPP claims and verify respective product referenced standards. On Grainger.com, product searches can be refined via filtering capabilities to quickly identify "green" or Environmentally Preferable alternatives available. Grainger also maintains a "Green Resources" page highlighting EPP solutions tied to energy efficiency, water conservation, waste reduction and indoor air quality.
Sustainability		6	* If applicable, list products in your offering that have any third-party environmental certifications or standards, such as: a. Biodegradable Products Institute (e.g., compostable bags, food service ware, etc.) b. Carpet and Rug Institute Green Label Plus (e.g., Adhesives, caulk, sealants and tape) c. Consortium for Energy Efficiency (lamps) d. Cradle to Cradle (e.g., building materials, construction adhesives, paint) e. Design Lights Consortium (e.g., LED lighting equipment) f. EPA Safer Choice (cleaners, hand soaps, deicers, floor maintenance chemicals) g. EPA's Comprehensive Procurement Guidelines h. ENERGY STAR (e.g., appliances, HVAC and lighting equipment) i. Forest Stewardship Certified (FSC) j. Green Seal (e.g., cleaners, hand soap, janitorial paper products, paint) k. Organic Materials Review Institute (OMRI) or National Organic Program (NOP) (e.g., organic fertilizers) l. Processed Chlorine Free (PCF) or Totally-Chlorine Free (TCF) (e.g., janitorial paper products) m. Master Painters Institute (MPI) Green Performance Standard (paints and coatings) n. NEMA Premium Efficiency (e.g., motors, ballasts) o. Scientific Certification Systems (SCS) FloorScore (e.g., carpet, flooring, flooring adhesives, underlayment, etc.) p. Scientific Certification Systems (SCS) Indoor Advantage (building materials, furniture, etc.) q. Scientific Certification Systems (SCS) Recycled Content r. USDA Certified Biobased (lubricants, building materials, etc.) s. UL EcoLogo (cleaners, deodorizers, hand soaps and sanitizers, floor polish and strippers, etc.) t. UL GREENGUARD (adhesives, flooring, insulation, sealants, etc.) u. WaterSense (water efficient fixtures, toilets, etc.)	Sustainability Alliance.pdf ; THD_Responsibility Report 2017.pdf ; 2015-09-02_compliance_assistance_tutorial.pdf ; Q 6.pdf ; WESCO Sustainable Procurement Guidelines - 2017.pdf ; Sustainability_Q.6_HDSFM_Parts_List_CHESS_Sustainability.pdf ; Green-Sku-List-09-12-2017.xlsx

Sustainability		7	* The University seeks products and packaging that is free of the following hazardous additives, including those mixed into the product and those used as surface treatments, unless no feasible alternative exists, and it is determined that the benefit outweighs the risk. Please describe your company's ability to help CHESS schools achieve this outcome: (a) Carcinogens and reproductive toxins (b) Persistent bioaccumulative toxins (PBTs), including lead, mercury, dioxins, and furans (c) Ozone-depleting substances such as chlorofluorocarbons (CFCs) (d) Heavy metals and hexavalent or trivalent chromium, in concentrations greater than 100 ppm, consistent with the Restriction of the Use of Certain Hazardous Substances of the European Union Directive (EU RoHS) (e) Organohalogen-based chemicals (bromine, chlorine, fluorine, and iodine) (f) Polyvinyl chloride (PVC) greater than 1% of product by weight, excluding electrical components (g) Antimicrobials	Grainger is not a manufacturer of products, and therefore rely on our suppliers to provide information on chemicals contained in its products. However, if a party provides a list of products purchased from Grainger, Grainger can provide chemical data contained in those products per the SDS sheet.
Sustainability		8	* Does your company have a chemicals policy? Do you restrict any chemicals of concern in your products beyond what is required by federal and state laws? Does your company label products in your offering that are free of these chemicals of concern? Please describe.	We do not have a chemical policy; however, we restrict products containing certain chemicals that are banned on a local, state or federal law. We expect our suppliers to comply with the appropriate regulations that govern their products, labels and packaging.
Sustainability		9	* Does your company provide links to products' SDS/MSDS sheets and/or Health Product Declaration or Environmental Product Declaration Forms?	Grainger provides two easy ways to obtain Safety Data Sheets. 1. Search for Safety Data Sheets with Grainger's SDS Search Engine. Simply enter your Grainger item number, manufacturer, common name or manufacturer model number. http://complyplus.grainger.com/grainger/ 2. Find an SDS on the Item Details Page. Enter the product item number in the search area. Go to Compliance and Restrictions section of the Item Details Page. Click on View SDS. SDS will display in a separate window. NOTE: Not all products have an SDS. If Grainger states that the SDS is available, but NOT online, you may call the Grainger Automated SDS Request Line at 1-877-286-9860 to get the information you need.

Sustainability		10	* Describe any end-of-life reuse, recycling, or take back programs your company can offer for products sold on this contract (such as batteries, mercury-containing equipment, paint, chemicals, electronics, etc.), at no extra cost to the University, and in compliance with federal, state, and local laws, and University environmental standards regarding waste disposal.	Grainger offers end of life take back and recycling options for the following product types through recycling partnerships, product portfolio and through value-added (no-charge) recycling programs offered by our key suppliers: BATTERIES • Alkaline • Lead acid • Lithium metal • Lithium ion • Mercury • Nickel-cadmium • Nickel metal hydride • Silver • Zinc Carbon • Dry cell and sealed lead acid LAMPS • Linear fluorescent • Compact fluorescent (CFL) • Circular fluorescent • U-bend or U-tube • High intensity discharge (HID) • Neon • Shatterproof & other specialty • Broken or crushed • LED LAMP BALLASTS • PCB

Sustainability		11	* Describe your company's ability to comply with the packaging standards outlined in the Sustainability Specifications section.	Grainger utilizes recycled materials in our packaging and meets the criteria below: a. Uses bulk packaging. b. Uses reusable/returnable packaging. c. Uses innovative packaging that reduces the weight of packaging, reduces packaging waste, or utilizes packaging that is a component of the product. d. Maximizes recycled content e. Uses easily recyclable or compostable packaging. Our distribution and branch facilities use recycled materials in our packaging in the following ways: • Grainger boxes are made from 43% post-consumer content and are fully recyclable. Grainger's boxes are made from SFI (Sustainable Forestry Initiative) certified fiber sourcing systems • Grainger has transitioned to a custom wrapping solution that employs technology to provide right-sized packaging for oversized items, reducing the overall amount of packaging required • In 2016, Grainger eliminated all non-recycled foam packaging material and transitioned to recycled Kraft paper • Grainger continues to expand their use of plastic air pillows as dunnage for small parcel shipments, of which most are bio-degradable (non-oxo-salt containing material). In 2016 Grainger transitioned our air pillows to a high efficiency film – which helps reduce overall plastic use. • Grainger's Distribution Centers manage carton consolidation and identify a key metric "Carton to order ratio." This metric shows that the more we can consolidate cartons the less impact we have on the environment. As a result of this initiative, Grainger has seen a
Sustainability		12	* What percentage of your offering is environmentally preferable and what are your plans to improve this offering?	Grainger currently offers more than 72,000 "green" or Environmentally Preferred Products (EPP). We continually solicit input from our suppliers and customers in an effort to expand and grow our EPP product offering. Grainger also hosts a Sustainability Focus Group at our annual Supplier show to solicit customer feedback on areas they feel Grainger should focus. Annual customer feedback allows Grainger to evaluate customer EPP requirements for future products to evaluate for inclusion in our catalog. Our EPP product offering has grown by more than 300% over the last 5 years. For additional SKU specific details please refer to the attachment on Sustainability Question 6 above.

Sustainability		13	* Is your company willing and able to work with campuses in creating tailored environmentally preferable product catalogs that meet each location's specific criteria and policies for environmentally and socially responsible products?	Yes. Grainger is willing and able to work with campuses to develop EPP product catalogs within their ecommerce punch-out systems.
Sustainability		14	* Is your company able to provide a Sustainable Products Guide for buyers, which clearly illustrates: 1) how to identify which products are green, 2) where to find third party certifications, 3) the criteria used to assign products non-third party certified environmental attributes, and 4) how those attributes are verified.	Yes, upon contract award Grainger can make a Sustainable products Guide for CHESS customers. We will work with you to customize the guide for a specific UC Systems program. Additionally, all information requested is currently provided on our Green Resources page (grainger.com/green) and can be accessed 24/7.
Sustainability		15	* Can your company verify compliance with the Federal Trade Commission's (FTC) guidelines for environmental marketing claims found here (https://www.ftc.gov/sites/default/files/attachments/press-releases/ftc-issues-revised-green-guides/greenguides.pdf) for any environmental attributes you publish? If not, how will you work with your suppliers to remove claims from products that do not meet these guidelines?	Yes. To provide an additional measure of confidence, Grainger works with outside experts to review the basis claimed by our third-party suppliers to verify respective product referenced standards.
Sustainability		16	* Is your company an EPA registered SmartWay Partner or Affiliate (https://www.epa.gov/smartway/meet-smartway-partners-and-affiliates), or do you work with companies who are registered? If not, describe any other sustainability initiatives along your company's supply chain.	Grainger continues to be the only industrial supplier to be recognized by the U.S. Environmental Protection Agency (USEPA) as a SmartWay® partner. Many of our transport carriers (FEDEX, UPS, DHL) and supplier partners (Ex: Canon, Diversey, Earth Friendly Products, Energizer, Epson, Georgia-Pacific) are also SmartWay® partners.

Sustainability		17	* How does your company supporting the outreach, education and equal access of small, diverse, and disadvantaged suppliers?	Grainger has over 20 years of successful experience offering ESB/MBE/WBE/DV & DBE companies opportunities through two core programs. Grainger's SMALL AND DIVERSE SUPPLIER PROGRAM affords customers with access to diverse manufacturers and suppliers through our catalogs and distribution channels. Products provided by diverse manufacturers and suppliers are identified in our catalog with a supplier diversity symbol. Grainger's DISTRIBUTOR ALLIANCE PROGRAM enables diverse companies to assist customers to meet their MRO product and service requirements. In the Distributor Alliance reseller program, customers leverage these companies' experience as a reseller to meet diverse goals. Grainger has supported diversity spend programs for more than 10 years and currently is contractually partnered with over 60 certified resellers across the country Grainger product managers review small, diverse, and disadvantaged suppliers profiles when examining product opportunities generated by our customers. Companies certified as a small, diverse, and disadvantaged supplier who are interested in doing business with Grainger can register online at Grainger's Portal. This initiative provides Grainger and interested small, diverse, companies with yet another vehicle to explore possible business opportunities associated with our small and diverse supplier program. Once a small, diverse company is reviewed and approved, they are
Sustainability		18	* Please attach a sample of your GREEN spend reporting capabilities ? Questionnaire Name: *	Value Add			
Questionnaire Description:				
QUESTIONNAIRE NAME	**SECTION NAME**	**QUESTION NUMBER**	**QUESTION TITLE**	**W. W, Grainger, Inc.**

Value Add		1	* Please include any additional products and/or related services that you think will enhance and/or add value to this contract for participating agencies.	Grainger will support CHESS and Participating Entities in achieving additional cost savings and efficiencies over the duration of the Contract by leveraging our years of experience in saving customers time and money. Grainger's core value proposition is centered on helping customers identify ways to "take costs out of their business," specifically in the areas of time, space and dollar savings. Provided on the Attachment are additional details around our comprehensive offering of the following solutions. Value-added (no-charge) solutions: ·Safety Solutions Training and Assessments Safety In-Field Specialist Online Solution Center ·Consulting Services ·Technical Support and Training ·PPP Product Training ·KeepStock Inventory Management Services Value-added fee-based solution: ·Managed MRO Solutions ·KeepStock Organize KeepStock Layout KeepStock Cleanup

Value Add		2	* Does your company provide Vendor Managed Inventory? Describe your firm's ability to provide this service and your capabilities.	Grainger's KeepStock inventory management program allows Government customers to be more productive through solutions including onsite branches, vendor-managed inventory, customer-managed inventory and vending machines. The KeepStock program currently provides services to nearly 23,000 customers. Sales of product through the KeepStock channel were more than 10 percent of U.S. revenue in 2016. Grainger offers two KeepStock suites of vendor managed inventory: KeepStock Onsite and KeepStock Secure. KeepStock® OnsiteSM provides valuable inventory management services right inside your facility—helping you save time and money. You keep control of your overall inventory needs but this solution offers inventory support from a dedicated Grainger Onsite Support Representative who will: • Identify Inventory Needing Replenishment • Cross-reference Grainger items from your approved purchase requisitions and orders • Coordinate Grainger resources to identify the best product solutions. • Place Orders for You • Scan managed items and place spot buy orders for you, as needed • Handle invoice inquiries, process product returns, and expedite orders • Source hard-to-find products • Organize inventory and restock products in proper location • Understand Your Inventory needs to provide valuable inventory

Value Add		3	* Does your company have the ability to provide vending machines for product or equipment ? Please provide full details.	Grainger offers a variety of vending machine solutions covering High Security single issuance, Medium Security for low cost consumables, and Check In and Out for durable items. Our current offer includes five core machines: Coil, Carousel, Locker, Drawer, and Cabinet units. The Coil and Carousel units are for customers needing high security and consumption control. The Carousel and Locker provide check in-check out capability at point of use. Lockers deliver medium to high security. Cabinets provide access to a variety of products of different sizes and types. Drawers deliver a solution for small consumable parts. Grainger works with the customer to help identify products and the best secure machine configurations to achieve measurements and controls. There are no delivery, installation, maintenance, rental or usage fees, as long as you maintain a minimum annual purchase level of Grainger goods through each individual machine. Key understandings: ● The KeepStock® dispensing machines and lockers are owned by Grainger and placed in operation without any fees or charges for delivery ,installation, rental, maintenance, software licensing or connectivity. The numbers and types of machines and facilities in which they will be placed are subject to mutual agreement between Grainger and CHESS Participating Entities. ● Only Grainger product purchased before it was loaded into the equipment may be dispensed, although consumable products purchased from suppliers other than Grainger may be dispensed in
Value Add		4	* The team has an interested in a COST PLUS model for items that are direct negotiations with manufactures. Please provide detailed information on your current experience with COST PLUS models and how we can share a partnership with use of your distribution network.	Grainger is familiar with both cost-plus and market-based pricing. Although Grainger's primary pricing model is market-based it will, if mutually agreed upon, consider application of cost-plus product pricing on a case by case basis. Grainger's business model supports use of market-based versus cost-plus product pricing. Market-based pricing is generally based upon an evaluation of market conditions including: product cost, prices for competitive or similar products, the customer's requirements (such as quantity, timing of delivery, and delivery method), and the source of supply, (e.g., distributor or manufacturer), the current market price, and competition, among other factors. Since the pricing (as well as the mark-up) is wholly market driven, it will vary from customer to customer, order to order, and product to product.
Value Add		5	* Please provide your COST PLUS mark up (%) on direct manufacture agreements?	If mutually agreed upon, Grainger will consider cost-plus pricing on a case by case basis.

Value Add		6	* GROWTH VOLUME INCETIVE - Please provide how you would structure a growth incentive for Participation Entities.	Participating Agencies are eligible to earn an Annual Growth Incentive on their incremental purchases if their prior Contract Year Net Annual Spend meets or exceeds an established growth threshold. A one percent (1%) incentive will be paid on growth in Net Annual Spend that is ten percent (10%) or greater than prior Contract Year Net Annual Spend. A two percent (2%) incentive will be paid on growth in Net Annual spend that is twenty percent (20%) or greater than prior Contract Year Net Annual Spend. Notwithstanding the foregoing, Grainger may, at its sole discretion, award a growth incentive to a Participating Agency pursuant to alternate terms. Net Annual Spend is the total invoice price of all Contract Year Grainger contract purchases less: refunds; credits on returns; discounts; freight; taxes; other credits issued by Grainger during the calendar year; and monies paid on any purchases pursuant to the Grainger Distributor Alliance Program. The Growth Incentive shall be paid to qualifying Participating Agencies on an annual basis for all qualifying purchases made by the Participating Agencies directly from Grainger between January 1st and December 31st of an Agreement year (the “Contract Year”). Payment of the Growth Incentive will be made to Participating Agencies by Grainger within ninety (90) days of the close of the prior Contract Year. Grainger will work with National IPA on the distribution of funds.

Value Add		7	* E-COMMERCE INCENTIVE - Please provide how you would structure an incentive for e-commerce use, which increases efficiencies. (Example: electronic invoice/payment, e-procurement, etc.)	Participating Agencies are eligible to earn an e-commerce incentive if fifty percent (50%) or more of their calendar year Net Annual Spend is made through a Grainger approved e-commerce platform. A one percent (1%) incentive will be paid on all e-commerce spend, to all Purchasing Agencies if fifty percent (50%) to seventy four percent (74%) of their Contract Year Net Annual Spend is made through a Grainger approved e-commerce platform. A two percent (2%) incentive will be paid on all e-commerce spend, to all Purchasing Agencies if seventy five percent (75%) or more of their Contract Year Net Annual Spend is made through a Grainger approved e-commerce platform. Net Annual Spend is the total invoice price of all Contract Year Grainger contract purchases less: refunds; credits on returns; discounts; freight; taxes; other credits issued by Grainger during the calendar year; and monies paid on any purchases pursuant to the Grainger Distributor Alliance Program. The e-commerce Incentive shall be paid to qualifying Participating Agencies on an annual basis for all qualifying purchases made by the Participating Agencies directly from Grainger between January 1st and December 31st of an Agreement year (the “Contract Year”). Participating Agencies must utilize a Grainger approved e-commerce procurement vehicle (e.g., Grainger’s website, Jaggaer/SciQuest, ESM, Ariba, etc.) for a minimum of fifty percent (50%) of its qualifying purchases during a Contract Year in order for purchases to qualify for the e-commerce incentive.

Value Add		8	LAST MILE - Do you provide Participating Entities an incentive for single distribution delivery and LAST MILE ? If so, please provide all details and benefit rate/discount.	Grainger is developing a Last Mile Incentive Delivery program. Once operational, a point two five percent (.25%) incentive will be paid on all Participating Agency total qualifying Contract Year Net Annual Last Mile Deliveries. Incentive details will be provided to Participating Agencies. Qualifying Contract Year Net Annual Last Mile Deliveries is the total invoice price of all Contract Year Grainger product delivered in compliance with Grainger's Last Mile Delivery incentive program less: refunds; credits on returns; discounts; freight; taxes; other credits issued by Grainger during the calendar year; and monies paid on any purchases pursuant to the Grainger Distributor Alliance Program. The Qualifying Contract Year Net Annual Last Mile Deliveries Incentive shall be paid to qualifying Participating Agencies on an annual basis for all qualifying deliveries made between January 1st and December 31st of an Agreement year (the "Contract Year").
Questionnaire Name: *	Capabilities			
Questionnaire Description:				
QUESTIONNAIRE NAME	**SECTION NAME**	**QUESTION NUMBER**	**QUESTION TITLE**	**W. W, Grainger, Inc.**
Capabilities		1	* STATES COVERED: Indicate any and all states where products and services can be offered ? (Answer "ALL 50 STATES" if you are capable to provide product and services to all 50 states. If not, then list those applicable states.)	All 50 States Capabilities
Capabilities		2	* STATES COVERED: Indicate any and all Territories & Outlying Areas where products and services can be offered ? (Answer "ALL" if you are capable to provide product and services to all Outlying Areas. If not, then select those applicable locations.)	Guam; Puerto Rico; U.S. Virgin Islands

Capabilities		3	* Please define your companies standard SERVICE METRICS as it relates section 3.10 in the scope of work? (Stock Item Deliver, Non Stock Item Delivery, Fill Rate, Returns, Return Pick-up, Credits, Report Requests, Delivery Accuracy, On-Time Delivery, Invoice/Billing Accuracy, Customer Service Satisfaction, Quote Turnaround, Response Time)	Grainger's standard metrics are: Fill Rate: 98% Next Day Delivery: Provided to 95% of our customers Stock Item Delivery: 1-2 days from order Non-Stock Item Delivery: varies by manufacturer Returns: products may be returned 1 year from purchase in accordance with Grainger's Return Policy Credits: credit process is customized on a per customer basis Quote Turn Around Time: 1-3 days Emergency Response Time: Call back to customer within 1 hour of call
Capabilities		4	* Please define and detail any Related Products and/or Services available that your company can offer Participating Entities and CHESS?	Grainger looks to find unique solutions for each industry's customers. Below are specific Education solutions, products, services and programs that Grainger offers our customers: Tools for Tomorrow - Program Grainger partners with community colleges nationwide through the Grainger Tools for Tomorrow Scholarship Program, which assists students in earning the education and resources needed to help achieve their career goals. The program focuses on the skilled trades, public safety and supply chain. Since 2006, Grainger has awarded over $4 million through the Tools for Tomorrow® scholarship program. The scholarship recognizes outstanding students with a $2,000 scholarship and a customized Westward® toolkit upon successful completion of the student's technical education program. Click2BuySM Solution - Solution Click2Buy is a partnership between Grainger and SchoolDude to provide a new and efficient way to help educational institutions better manage workflow when purchasing products used to maintain, repair and operate their facilities. The Click2Buy solution is cloud-based and helps customers in the education industry automate the purchase process, from request to procurement to payment to closeout. In addition, Click2Buy is designed to work across multiple departments without affecting each group's required workflows.

Capabilities		5	* Detail any rebates, custom core lists, or other incentive offers, that will be extended through the contract. (Example: Growth Incentives, E-commerce Incentives, Manufacture Rebates, etc.)	Grainger recognizes that each Participating Agency has unique procurement goals. To identify which incentive(s) are best aligned with their respective procurement goals and objectives, Grainger will work with each Participating Agency during their participating addendum onboarding process. Grainger's 2017 strategic pricing initiative introduced Contract Reference Prices ("CRP") as the new basis for its contract customer pricing. CRP prices are lower than Grainger's historic List Prices. Because CRP prices are lower than prior List Prices, category discounts are also lower. Thus, a larger category discount % offered by a competitor may not yield a lower product price. ❶ Growth Incentive A 1% incentive will be paid on growth in Net Annual Spend that is 10% or greater than prior Contract Year Net Annual Spend. A 2% incentive will be paid on growth in Net Annual spend that is 20% or greater than prior Contract Year Net Annual Spend. Please see #6, Value Add TAB, for additional details. ❷ E-Commerce Incentive Participating Agencies are eligible to earn an e-commerce incentive if 50% or more of their calendar year Net Annual Spend is made through a Grainger approved e-commerce platform. A 1% incentive will be paid on all e-commerce spend, to all PA if 50% to 74% of their Contract Year Net Annual Spend is made through a Grainger approved e-commerce platform. A 2% incentive will be paid on all e-commerce spend, to all Purchasing Agencies if 75% or more of their Contract Year Net Annual Spend is made through a Grainger approved e-commerce

Capabilities		6	* Describe the capabilities and functionality of your firm's on-line catalog/ordering website.	Grainger's web based ordering system has a proven record as the largest e-Retailer in the MRO industry. Grainger has the most comprehensive website platform with user friendly, customer focused, flexible web portals, mobile apps, and eProcurement offerings in the industry. Some of the benefits that Grainger.com provides are: ◆ Access to over 1,600,000 products ◆ Your specific Grainger Agreement pricing ◆ Product Availability ◆ Order Status ◆ Order Confirmation and Shipment Notification Emails ◆ Order History ◆ Click to Call/Chat ◆ Item Comparison ◆ Auto Reorder ◆ Product Reviews and Ask & Answer ◆ Product technical support ◆ Product search capabilities and Matchmaker selection guidelines Search and filter by the following attributes: ◀Keyword(s) ◀CHESS Market Basket items ◀Manufacturer/brand ◀Manufacturer model number ◀National Stock Number (NSN) ◀Grainger item number
Capabilities		7	* Product - provide an attachment with Identification and Description of Product categories offered.	Grainger offers customers over 1.6 million SKUs in our general catalog provided by over 5,200 key suppliers and covering over 32 product categories. Please see Attachment Grainger Product Categories Line Card for more details. Grainger's online ordering solution can be found at the following: https://www.grainger.com
Capabilities		8	* Product - provide an attachment with Identification and Description of Sub Categories	Grainger's product sub-categories are presented on the attached Grainger Categories Line Card.

Capabilities		9	* Product - What is the total number of products offered in your catalog? Are all catalog products stocked in your distribution warehouse?	Grainger's product line has expanded to more than 1.6 million products and repair parts provided by over 5,200 suppliers and manufacturers. Grainger stocks 500K of these items in our network which are included in on-hand inventory of over $1.3 billion, with the goal of making sure the fastest moving, most relevant products are closest to the customer. Grainger's branches and DCs can tailor their inventory to CHESS location preferences and actual product demand to mitigate potential stock outs. In-stock products can then be made available for immediate pick-up, same-day shipment, or same-day delivery.
Capabilities		10	* Product - Do you offer "Private Line/Label" products? Please describe.	Yes, Grainger's private label is called Grainger Choice. Grainger exclusive brands and products carrying the Grainger Choice designation are continually evaluated for their dependability and durability to help ensure their performance. Grainger offers approximately 215,000 products in the Grainger Choice Line. The Grainger Choice badge signals affordable, durable products that will help CHESS save time and money – plus CHESS has the opportunity to earn an incentive on Grainger Choice products. Product categories include safety supplies, hand tools and motors to material handling, pneumatics and cleaning products; you'll find the Grainger Choice badge on thousands of items to help keep your facility running. Some of the Grainger Choice brands include: Air Handler, Condor, Westward, Dayton, Luma

Capabilities		11	* Describe your capability to source hard to find or discontinued items.	Grainger's sourcing team procures those MRO Materials and supplies products not found in the Grainger General Catalog. Grainger's sourcing team leverages Grainger's buying power for miscellaneous related products and provides customers with a total cost solution for acquiring infrequently ordered items. Through this channel, Grainger provides quick access to over 6,500 suppliers and more than five million products beyond the Grainger catalog offering. Additionally, this channel provides access to line extensions (non-Grainger General Catalog product from Grainger General Catalog suppliers) and some discontinued product catalog lines. Grainger sourcing team accomplishes this through: ◆ A centralized, dedicated, and experienced team to quote and manage orders. ◆ An expanded assortment through a large supplier network of manufacturers and distributors. This generally includes: ◀Expanded offering from core (Catalog) suppliers ◀ Products from non-core suppliers ◀ Custom products ◀ Select services ◀ Shipping orders directly from suppliers to Grainger customers
Capabilities		12	* Describe your ability to provide U.S.A. Manufactured goods and/or reporting capabilities, based on customer specific needs.	YES, provides hundreds of USA manufactured goods and can provide reporting for USA manufactured products.
Capabilities		13	* Describe your ability to provide parts that are special order, or how you process special requests?	Grainger has extensive experience providing special order parts. The customer may first search on Grainger.com to see if we carry the required part. If not, it they can call 800-GRAINGER for assistance. The Customer Service Representative will send the item needed to our sourcing team to have them find the product and price. This information will be sent back to the Customer Service Representative to provide to the customer.

Capabilities		14	* Describe your company's level of expertise with web-based procurement providers such as SciQuest, Perfect Commerce, ESM, Lawson, Oracle, SAP, PeopleSoft, and all others your company has successfully interfaced with a public agency.	Grainger offers the following eProcurement solutions and services: Electronic marketplaces: Grainger connects to customers through electronic marketplaces, exchanges or enterprise purchasing software systems using universal technology standards such as cXML. Customers can "Punch-Out" to Grainger's online catalog, create a requisition and return the shopping cart back to the marketplace for review and approval. Direct connections to customers' Enterprise Resource Planning (ERP) systems: Grainger offers the ability to integrate its General Catalog and buying process with customers' purchasing and ERP systems. Customers who wish to "Punch-Out" directly from their ERP can access Grainger's online catalog and return the shopping cart back to their purchasing system to manage the order workflow. Grainger can provide Oracle R12, and a scoping call with our e-business integration team to determine specific need and customization will ensure proper integration. Our experience with over 125 customer platforms gives us an end-to-end integration capability to drive streamlined processes resulting in cost savings through productivity enhancements and reduction of direct ordering cost. We have a dedicated team of experts that will assist with customization and implementation.

Capabilities		15	* Describe the capacity of your company to report monthly sales through this agreement and what level of details are available? (Describe and attach an example)	Grainger offers a wide range of reports. Examples of currently available reports: •Cost Savings Analysis (CSA): Reports savings based off of catalog price. •Item Purchase History (IPH): Summary report that shows items purchased by track code, sub track code, and or account number. Include total sales and quantity per item. •Item Purchase History by Account (IPH by Account): Reports items purchased by track code, sub track code, and or account number broken down at the account level. •Green Item Purchase History (Green IPH): Summary report that show green items purchased by track code, sub track code, and or account number. Capabilities		16	* Describe the capacity of your company to provide management reports, i.e. consolidated billing by location, time and attendance reports, etc. for each eligible agency.	Grainger provides robust reporting for customers, some of which can be reviewed online at the convenience of the customer. Summary Billing (Consolidated Invoicing) Grainger's summary billing is an invoicing system that helps customers simplify their procurement process while reducing internal costs. Grainger can provide a single bill containing a periodic summary of purchasing activity (monthly, semi-monthly, or weekly). By receiving a summary bill rather than individual invoices for each transaction, CHESS will have fewer pages to approve and fewer checks to write. This reduction in procurement process steps will save you both time and money. If CHESS customers meet the requirements for Grainger's Summary Billing program and choose to participate in this cost savings program, the CHESS customer will decide: 1. Manner in which bill is sorted 2. Cycle ending day Summary billing sorts and subtotals individual invoices over a specified time frame. CHESS may select from more than twenty sorting options. Each CHESS will receive a bill approximately one week after the selected cycle-end date. For CHESS, Grainger is offering new management reports call Value Reports that will provide a an overview of savings generated from implemented solutions.
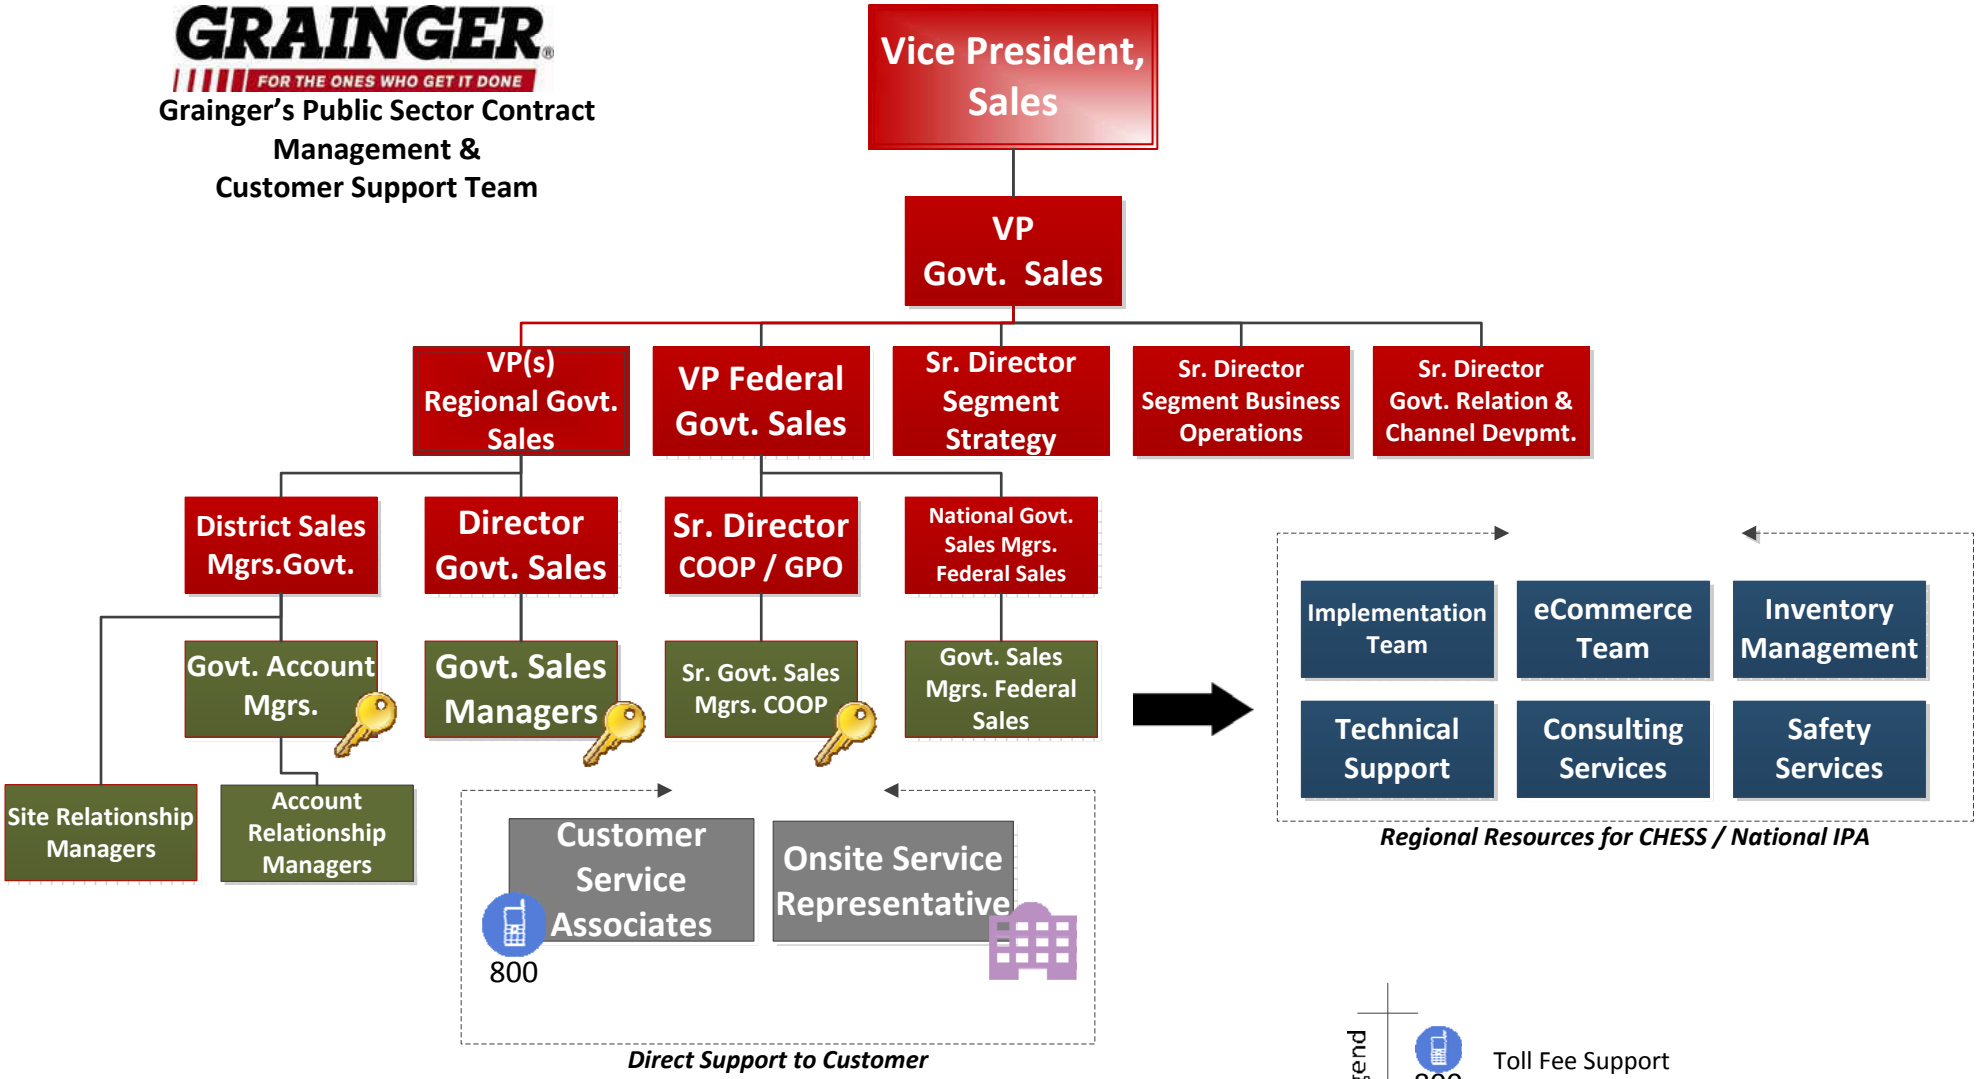
Capabilities		17	* Describe how you would propose a market basket structure for Participating Entities?	Grainger offers each CHESS entity a custom market basket of up to 500 items in addition to the CHESS MRO market basket. To drive additional cost savings while enhancing procurement stability, Grainger's Individual CHESS Entity Custom Market Basket option offers each customer the ability to define a custom market basket that consists of products that the individual customer most frequently procures. Grainger's Government Account Managers will work with each CHESS customer to identify this product list and price these products accordingly based on volume procured.

Capabilities		18	* Describe how would you propose working with campuses and participating entities to provide additional value based on individual needs or custom market basket? How would the custom market basket be structured?	Grainger's local Government Account Managers will evaluate each CHESS customer's procurement history to help build a custom market basket of relevant items. Similar type customers procurement history would also be evaluated to provide suggestions for SKUs to include. As previously mentioned, to add additional value, Grainger's 2017 strategic pricing initiative includes Contract Reference Prices ("CRP") as the new basis for its contract customer pricing. Grainger's CRP prices are market-based and lower than Grainger's historic List Prices. Because CRP prices are lower than Grainger's prior List Prices, contract category discounts are also lower. As a result, a larger category discount percentage offered by a competitor may not yield a lower product price.
Capabilities		19	* Are SKUs presented make sense for a national core list. If not, please propose products avialable on a national core list.	MRO needs change over time and to ensure relevant SKUs are maintained on the CORE list, Grainger will continually evaluate the CORE list with CHESS. Items can be added or deleted to the CORE list with discussion and approval from CHESS. Local CHESS customer list needs will also be evaluated on an annual basis.
Capabilities		20	* Describe your company's ability to create and maintain a dedicated GPO page on your company's website, as well as any other capabilities your company may have of promoting the contract online.	Grainger can customize the user experience by enabling customer specific content on the home page of Grainger.com, or create a default landing page for the Grainger.com experience.

Capabilities		21	* What training programs do you offer? Please clearly elaborate those that are proposed as part of the agreement and those that may incur a fee ?	Grainger will provide all training specific to contract utilization, online ordering, product delivery, product returns, EPPs and customer service processes at no additional cost to CHESS and National IPA customers. Grainger offers Grainger.com online tutorials for Grainger.com (Getting started, order management system, finding products, my shopping cart etc.), Additional subject specific online training on topics such as General Safety Procedures, OSHA Regulations, Productivity, Procurement & Inventory Management, Green Solutions, Emergency Preparedness. Grainger's Online KnowledgeCenter is designed to provide insights and information to customers who are looking for ways to save time and money, while increasing productivity. Product training will also be provided for no additional charge. Grainger will work with our customers to identify products and product categories for which they would like additional training. Grainger will work with our General Catalog manufacturers and suppliers to develop training programs as required to meet your needs. Additionally, some of our suppliers offer onsite training at the supplier locations to our customers with the class fee waived. One example, GE provides training for Grainger customers (Lighting and Electrical) at their Lighting and Electrical Institute. For additional information please refer to the Grainger CHESS Training Programs and Grainger Value Added and Fee Based Service attachments.
Capabilities		22	* Is your organization Small Business and/or Diverse?	N/A

Capabilities		23	* Describe your company's ability to do business with manufacturer/dealer/distribution organizations that are small businesses as defined by the Office of Small Business and Disabled Veteran Business Enterprise Services (OSDS)? http://www.dgs.ca.gov/pd/Programs/OSDS.aspx (a.) If applicable, describe other way your company can be sensitive to a Participating Public Agency's desire to utilize local small business companies, such as number of local employees and offices in a particular geographic area, companies your firm is using that may be local (i.e. local delivery truck company), your company's diversity of owner employees, etc. (b.) If applicable, provide details on any products or services being offered by your company where the manufacturer or service provider is either a small or DVBE business as fended by the Small Business Administration. Provide product/service name, company name and small/DVBE designation. (c.) CSU and CCC have a 25% Small Business requirement, describe how can you support this goal to assure minimum target is met? If unable to meet requirement, CHESS reserves the right to source items to meet the California Small Business Standards.	Grainger has over 20 years of successful experience offering ESB/MBE/WBE/DV & DBE companies opportunities through two core programs. 1. GRAINGER'S SMALL AND DIVERSE COMPANIES PROGRAM affords CHESS access to small diverse businesses, manufacturers and suppliers through our catalogs and distribution channels. 2. Grainger's DISTRIBUTOR ALLIANCE PROGRAM enables small & diverse companies to assist government agencies to meet their MRO product and service requirements by acting as a reseller. Grainger has actively supported diversity spend programs for more than 10 years and currently is contractually partnered with more than 60 certified resellers across the country. a) Grainger managers review small/diverse supplier profiles when examining product opportunities generated by our customers. Certified ESB/MEB/WBE/DV companies who are interested in doing business with Grainger can register online at Grainger's Supplier Portal. Once a small business is reviewed and approved, they are added to our database and their product is made available in our general online catalog which is visible to our product and procurement managers. CHESS customers can look directly to our online website to access these supplier products which are designated with a small/diverse symbol. Grainger can also provide a small/diverse handbook to CHESS entities to review certified products. Grainger will also look to registered or certified small business companies to meet a CHESS customer's unique product requirements for sourcing requirements.



Capabilities		24	* In the event of a disaster, Participating Entities must continue its mission of teaching, research, public service, and patient care. Participating Entities is seeking information from suppliers who can provide equipment, supplies, resources, and/or services during emergency situations. Please describe your emergency response capabilities and response time, in the MRO category, and any other relevant emergency information. Please respond with the four items listed below: (a.) Capabilities (b.) CHESS/Participating Entity Priority (c.) Experience (d.) Ability to manage Emergency Response items for a Participating Entity	a) Grainger's emergency management plan assures immediate response and delivery of goods/services to address emergencies, large and small. Our plan is drawn from many years of experience and supported by unmatched supply chain resources and team member expertise. Our supplier relationships and supply chain capability assures that product is directed to where and when it is needed. RESPONSE TIME: A Grainger field representative will engage the CHESS customer to address the circumstance within 60 minutes to understand the challenge and begin response. SUPPLY AVAILABILITY: A pre-determined product list, coordinated with local emergency response agencies, is used to move supplies to the affected area. A tailored requirement and inventory assessment is pursued. If additional products are required, a critical element in Grainger expeditious response is its breadth of inventory, capability to determine where inventory is located, and its transportation proficiency, personnel with expertise and experience and long term relationships with state, county local and federal agencies. b) Grainger works with First Responders/First Receivers and government agencies to make sure they have priority access from Grainger. c) Below are some recent examples of Grainger's disaster support capabilities. Additional examples can be provided upon request due to the character limitation. Hurricane Harvey - August 2017: Grainger tracked the storm and activated the Crisis Management Team for briefings twice a day. Supply chain teams quickly repositioned critical supplies within the Grainger distribution network of branches and regional distribution

Capabilities		25	* Describe your company's escalation process?	Grainger offers an expeditious escalation process that includes senior level leadership engagement to ensure fast resolution of a customer's issue to complete satisfaction. Problem resolution begins with the primary Account Manager, and if they are unable to resolve the issue and depending on the type of issue, they will escalate it to their direct manager or the local Branch Manager. The escalation process continues until problem resolution. Grainger understands that communication and responsiveness are essential to meeting a customer's needs. Grainger's multi-channel approach for problem identification and resolution allows members to communicate in ways that work for the member and Grainger's responsiveness ensures that their issues will be addressed and resolved. Grainger has invested in sound quality management principles within its operating philosophy such as Lean, Six Sigma and ISO 9001. This innovation in technology and expertise minimizes problems. Should a problem occur, our goal is to make it right for the CHESS customer. The key to problem identification and resolution is open communication between CHESS customers and Grainger's experienced team. Grainger continuously solicits customer feedback via multiple channels to improve the customer experience and resolve customer issues. Grainger assesses the information customers provide, seeks clarification when necessary, and immediately address the customer's needs so that they can continue to serve the public. Grainger will remain engaged with the customer to ensure their
Capabilities		26	* Describe your company's Customer Service Department (hours of operation, number of service centers, etc.).	Grainger's Customer Service Representatives (CSRs) within the branch network will be available 8:00 am to 5:00 pm each day. Additionally, CSRs are available 24/7 via a toll free number, fax, and email for CHESS customers. Grainger's national footprint provides CHESS customers with comprehensive resources needed to answer questions and resolve inquiries.
Capabilities		28	* NATIONAL CONTRACT - Please define if your company is unable to propose a national program due to conflicts with legal obligations or coverage area. Indicate so and propose a regional or direct solution. CHESS will evaluate responses in their entirety and determine award based on the most advantageous.	Yes, we are interested in a National Contract and have no legal obligations.

W.W. Grainger, Inc. is a broad line, business-to-business distributor of maintenance, repair and operating (MRO) supplies and other related products and services. More than 3.2 million businesses and institutions worldwide rely on Grainger for products such as safety gloves, ladders, motors and janitorial supplies, along with services like inventory management and technical support. These customers represent a broad collection of industries including commercial, government, healthcare and manufacturing. They place orders online, on mobile devices, through sales representatives, over the phone and at local branches. Approximately 5,000 suppliers provide Grainger with more than 1.6 million products stocked in Grainger's distribution centers (DCs) and branches worldwide. For more information on Grainger, visit www.grainger.com/investor.

FORWARD-LOOKING STATEMENTS

All statements in this Fact Book, other than those relating to historical facts, are "forward-looking statements." These forward-looking statements are not guarantees of future performance and are subject to a number of assumptions, risks and uncertainties, many of which are beyond the company's control, which could cause actual results to differ materially from such statements.

These statements include, but are not limited to, statements about future strategic plans and future financial and operating results. Important factors that could cause actual results to differ materially from expectations include, among others: higher product costs or other expenses; a major loss of customers; loss or disruption of source of supply; increased competitive pricing pressures; failure to develop or implement new technologies or business strategies; the outcome of pending and future litigation or governmental or regulatory proceedings, including with respect to wage and hour, anti-bribery and corruption, environmental, advertising, privacy and cybersecurity matters; investigations, inquiries, audits and changes in laws and regulations; disruption of information technology or data security systems; general industry or market conditions; general global economic conditions; currency exchange rate fluctuations; market volatility; commodity price volatility; labor shortages; facilities disruptions or shutdowns; higher fuel costs or disruptions in transportation services; natural and other catastrophes; unanticipated weather conditions; loss of key members of management; Grainger's ability to operate, integrate and leverage acquired businesses; changes in credit ratings; changes in effective tax rates and other factors, which can be found in the company's filings with the Securities and Exchange Commission, including the company's most recent periodic reports filed on Form 10-K and Form 10-Q, which are available on the company's Investor Relations website.

Caution should be taken not to place undue reliance on the company's forward-looking statements and the company undertakes no obligation to publicly update any of its forward-looking statements, whether as a result of new information, future events or otherwise.

[1] Estimated MRO market size where Grainger has operations. The total worldwide MRO market is approximately $550 billion.
[2] Comprised of 254 stand-alone branches, 28 onsite branches and 2 will-call express locations.
[3] For segment reporting, Zoro U.S. is reported in Other Businesses.
[4] Although Puerto Rico is a U.S. territory, the company manages this business as part of Latin America.
[5] Cromwell also has operations in Europe, Africa and Asia, representing approximately 12 percent of its revenue.

STRATEGY

In the large and fragmented MRO industry, Grainger holds an enviable position with its advantaged infrastructure, broad product offering and deep customer relationships. MRO markets have grown in line with gross domestic product (GDP) over the long term, but growth has slowed during the past few years. This deceleration is a result of a weak industrial environment driven by contraction in the energy sector. Despite these challenges, the global MRO market remains an attractive space with ample opportunity for broad line distributors such as Grainger that are able to leverage scale positions in purchasing, supply chain and IT systems to better serve customers.

Grainger participates in a $550 billion global market for MRO. The most attractive markets for Grainger are those with high GDP per capita and a developed infrastructure. Consequently, Grainger's strategy is to concentrate on growth in North America, Western Europe and Japan.

Over the past three years, Grainger has invested heavily to configure its business to meet the evolving needs of its customers. With a robust IT infrastructure and supply chain in place, in 2016 the company established strategic priorities for its five focus areas: U.S. Large, U.S. Medium, Single Channel, Canada and International (see below).

As a result, Grainger is well-positioned to:

- Create unique value for a broader set of customers, resulting in stronger volume growth across more customer types and existing geographies.
- Improve the customer experience through a competitively advantaged product offer and delivery, an industry-leading digital experience and market relevant pricing.
- Improve financial performance through revenue growth, operating margin expansion and strong free cash flow generation.

STRATEGIC PRIORITIES

<tr><td>Reduce cost</td><td colspan="5">Improve cost structure throughout the company</td></tr>
<tr><td>Help each other grow and succeed</td><td colspan="5">Instill leadership behaviors and ensure focus on team member development and engagement</td></tr>
<tr><td>Be responsible stewards</td><td colspan="5">Maintain highest standards of ethics and integrity</td></tr>
</table>

PRICING ACTIONS

In late 2016, Grainger initiated pricing changes that will continue in 2017. These actions will result in more competitive pricing, which will allow Grainger to attract new customers and increase penetration with existing customers, resulting in improved financial performance over the long term. Pricing initiatives in 2017 include:

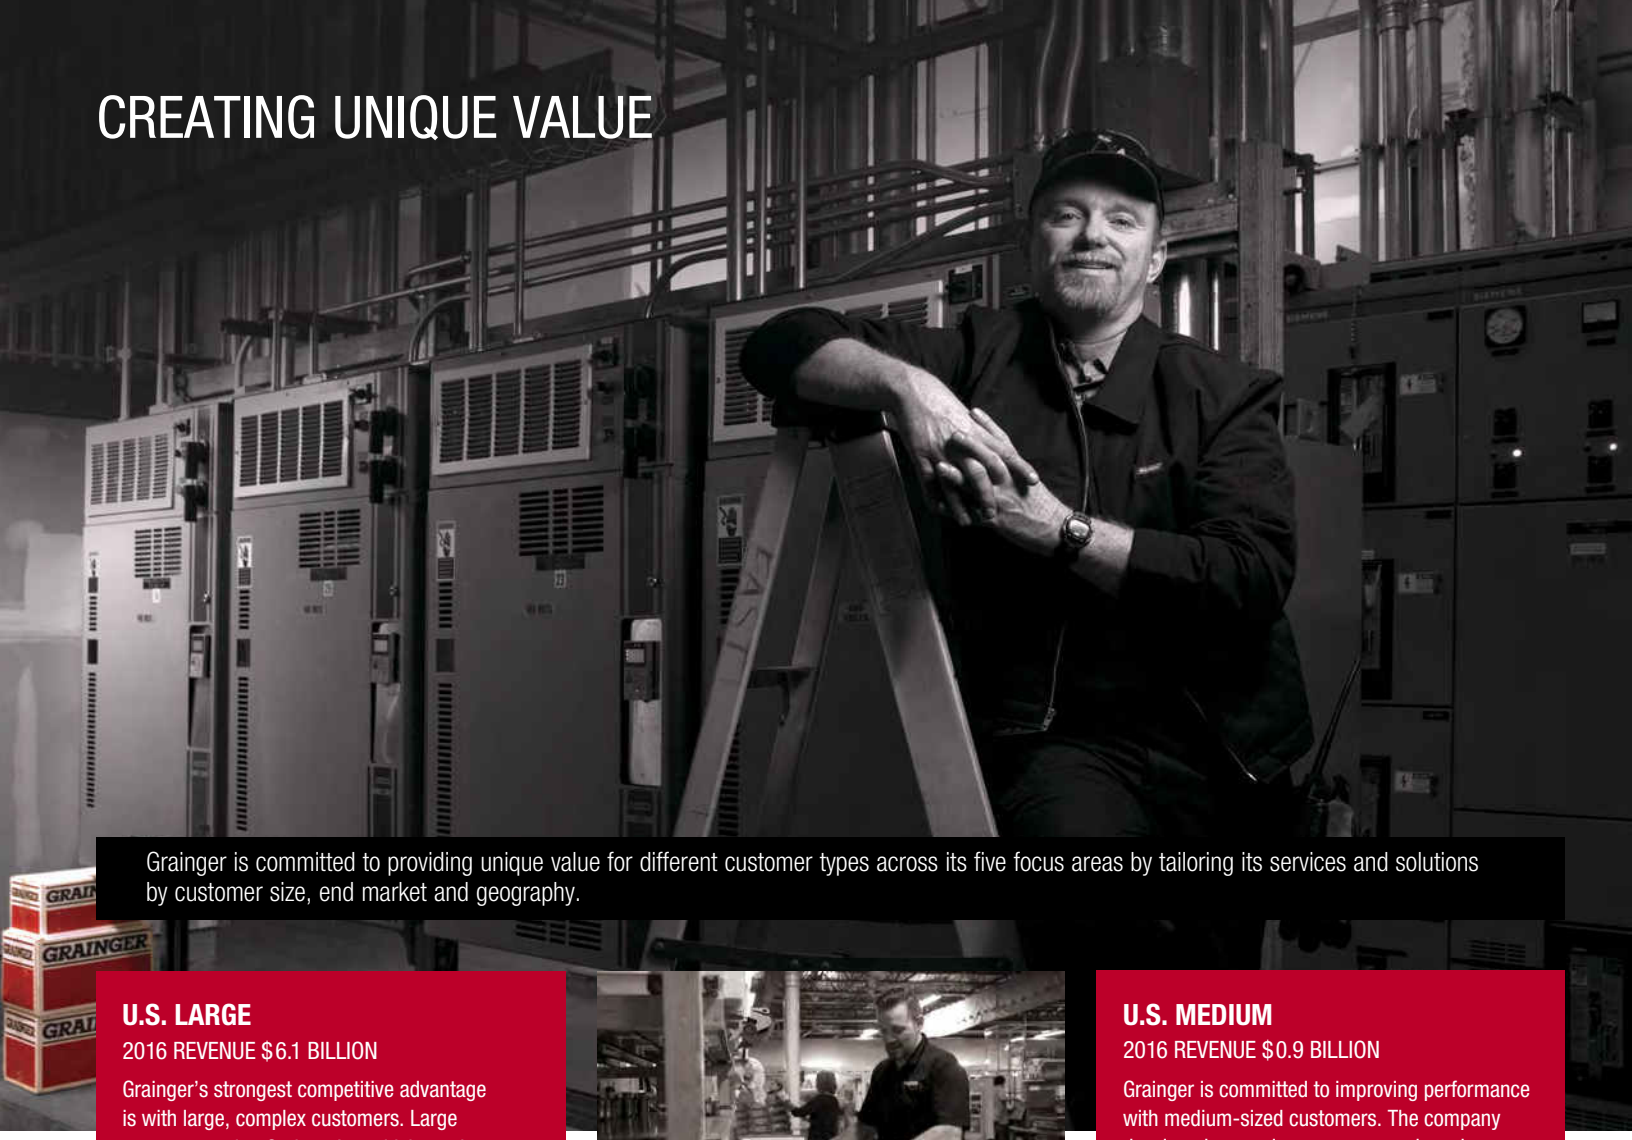
U.S. LARGE: Offer comprehensive pricing programs that support large customers consolidating their purchases. (See more on page 5.)

U.S. MEDIUM: Offer a subscription program, which includes better pricing with a freight offer, to grow with these customers. (See more on page 6.)

CANADA: Introduce more relevant pricing for products not under contract to better compete in the current market environment. (See more on page 8.)

Businesses and institutions today are intensely focused on becoming more productive. One of the primary methods for driving better productivity has been reducing process cost. Increasingly, businesses have shifted from ordering through traditional channels, such as using phones or visiting branches, to online and onsite channels including Grainger.com,® electronic purchasing platforms (EDI/ePro) and inventory management systems. Grainger has anticipated and evolved with these changes in customer buying behavior. In 2016, more than 65 percent of Grainger orders originated via a digital channel (including Grainger.com, KeepStock® and EDI/ePro) and more than 85 percent of orders were shipped directly to the customer or were made immediately available through onsite services.

The shifts in buying behavior are even more pronounced when looking at the unique needs of customers of different sizes.



- Large customers value Grainger's multichannel model and high-touch service.
- Medium customers want competitive pricing and a relevant product offer.
- Small customers tend to purchase similarly to individual consumers. They value a simple, web-based solution to quickly identify and buy items at a competitive price.

Grainger uses a combination of multichannel and single channel online business models to serve customers of all sizes.

SERVING CUSTOMERS OF ALL SIZES

CUSTOMER	SALES FORCE	ORDER ORIGINATION					ORDER FULFILLMENT		
		Online	Phone	KeepStock	eProcurement (EDI/ePro)	Branch	DC	Branch	KeepStock
LARGE • Complex needs • Multiple sites • Supplier consolidation • Increasing onsite fulfillment • Relationship-driven	OUTSIDE								
MEDIUM • Fewer sites or a single site • Less-complex needs • Focus on product categories that are relevant to their operations	INSIDE								
SMALL • Comfort with and preference for online buying • Behavior similar to individual consumers • Transaction-driven	N/A								

CREATING UNIQUE VALUE

Grainger is committed to providing unique value for different customer types across its five focus areas by tailoring its services and solutions by customer size, end market and geography.

U.S. LARGE

2016 REVENUE $6.1 BILLION

Grainger's strongest competitive advantage is with large, complex customers. Large customers value Grainger's multichannel approach, which has proven to help them reduce their labor, product and inventory costs.

U.S. MEDIUM

2016 REVENUE $0.9 BILLION

Grainger is committed to improving performance with medium-sized customers. The company developed new price, coverage and service offerings in 2016 to more effectively compete for medium customers that are not part of a negotiated contract.

SINGLE CHANNEL

2016 REVENUE $1 BILLION

Grainger has leveraged its eCommerce expertise and infrastructure to establish a model that will continue to be a driver of revenue and profitability. The company has single channel businesses in North America, Europe and Asia.

CANADA

2016 REVENUE $0.7 BILLION

Grainger is dedicated to returning its business in Canada to profitable growth. Heavily affected by disproportionate exposure to the oil and gas sector, this multichannel business has been challenged the past two years.

INTERNATIONAL

2016 REVENUE $0.8 BILLION

Grainger's international portfolio includes businesses in Europe, Asia and Latin America. Grainger has narrowed its international strategy to focus on the highest return opportunities by investing in markets with high GDP per capita and a developed infrastructure.

NOTE: TOTAL COMPANY 2016 REVENUE OF $10.1 BILLION ALSO INCLUDES SPECIALTY BRANDS SUCH AS E&R INDUSTRIAL, IMPERIAL SUPPLIES AND TECHNI-TOOL.

U.S. LARGE

With 2016 sales of $6.1 billion, the U.S. Large business represents approximately 60 percent of Grainger's total revenue. It is comprised of businesses and institutions with multiple locations that centralize, or plan to centralize, the purchase of MRO. In addition, single-site businesses with $60,000 or more in annual MRO spend potential are also categorized as large customers. This market is approximately $75 billion and Grainger has roughly an 8 percent share.

U.S. Large customers tend to be complex and require services at their place of business. Grainger is well-positioned to serve their needs by offering value-added services such as KeepStock® (see below). Large customers also rely on Grainger's broad product offering, high product availability, dedicated sales representatives, eProcurement, branches, contact centers and technical support to help them achieve their goals of saving time and money.

U.S. BUSINESS

MRO Spend	Contract Customer	Noncontract Customer
> $60K	U.S. LARGE	U.S. LARGE
$10 – $60K	U.S. LARGE	U.S. MEDIUM
< $10K	U.S. LARGE	U.S. MEDIUM

Actions in 2016

Grainger has taken several steps since late 2015 to further penetrate and grow with large customers. The company has vertically aligned its sales force, and now 90 percent of sales representatives are organized by industry segment (commercial, government, healthcare and manufacturing). This realignment enables the sales force to provide more customized, segment-specific focus, allowing for more relevant conversations and deeper customer relationships. Grainger has also implemented a new customer relationship management (CRM) system to help sales representatives be more effective and productive. The CRM tool helps Grainger better understand the activities that drive revenue and profitability with customers. Grainger also expanded its U.S. Large business development team to include sales representatives who specifically target companies transitioning to a more centralized MRO purchasing approach. Finally, Grainger piloted new pricing programs to accelerate share gains with these customers.

Initiatives in 2017

Grainger is growing share with U.S. Large customers. In 2017, the company will build upon the work completed in 2016 to improve sales force execution and expand new pricing programs. The new U.S. Large customer pricing programs support customers consolidating their purchases. These programs have improved performance across both frequent and infrequent purchases and will position the company to continue to gain share going forward.

DIFFERENTIATED SERVICE OFFERING

SALES FORCE

The U.S. business has an outside sales force of more than 3,000 professionals who help large businesses and institutions save time and money. Grainger utilizes its outside sales force to grow with large customers in the United States who typically have more complex purchasing requirements and value the collaborative relationship.

KEEPSTOCK

Grainger's KeepStock inventory management program allows large customers to be more productive through solutions including onsite branches, vendor-managed inventory, customer-managed inventory and vending machines. The KeepStock program currently provides services to nearly 23,000 customers. Sales of product through the KeepStock channel were more than 10 percent of U.S. revenue in 2016.

EDI/EPRO

For large customers with sophisticated electronic purchasing platforms, the U.S. business utilizes eProcurement, a technology that allows these systems to communicate directly with Grainger.com.® The direct connection ensures that the right assortment, workflow and processes for that customer are available. eProcurement also has the added benefit of being Grainger's lowest cost order origination channel. In 2016, approximately 17 percent of revenue in the U.S. was generated through eProcurement.

TECHNICAL SUPPORT

For customers who require a higher level of technical expertise, Grainger sellers can leverage a network of trained specialists. From safety to metalworking, these specialists consult with customers on specific needs to provide tailored solutions.

U.S. MEDIUM

The U.S. Medium business contributed roughly $900 million in sales in 2016 and represented approximately 9 percent of company revenue. The strategy for medium-sized customers is focused on noncontract customers who spend between $10,000 and $60,000 per year on MRO, representing $600 million of the U.S. Medium business. The remaining $300 million consists of noncontract customers who spend less than $10,000 on MRO per year and purchase through the Grainger brand. U.S. Medium participates in a roughly $50 billion market ($30 billion medium and $20 billion small), and Grainger has approximately 2 percent share.

In general, U.S. Medium customers do not require the same services as U.S. Large customers and instead want a purchasing experience that gives them peace of mind that their immediate business problems will be solved. Grainger's broad product offer and availability serves their needs.

Actions in 2016 and initiatives in 2017

Today, Grainger has a dedicated team focused on U.S. Medium customers, a group with an operating margin at 25 to 30 percent, which is above the company average. Over the past year, Grainger has built a more relevant offer for this highly profitable customer group centered on improved sales coverage and tailored marketing, enhanced merchandising and more competitive pricing. In April 2016, Grainger began hiring sales associates at its new inside sales facility located in San Antonio, Texas. Inside sales associates allow Grainger to make more frequent contact with a larger number of medium customers at a lower cost per contact. By the end of 2016, Grainger had approximately 200 inside sales associates calling on roughly 100,000 medium customers. In 2017, Grainger plans to extend coverage to even more customers.

An important part of the new approach with U.S. Medium customers is providing more market-relevant pricing. With the right marketing approach, sales coverage and more competitive pricing, Grainger is able to grow with medium customers. In 2016, Grainger introduced a subscription program, which allows medium customers who qualify to receive more relevant pricing on industry-specific products along with a freight offer. By late 2016, Grainger had roughly 20,000 customers on the subscription program and intends to increase that number in 2017.

The company is encouraged by the early results with medium customers and expects to deliver improved performance with this customer group in 2017.

BUILDING THE MEDIUM CUSTOMER OFFER AND TEAM

	Q4 2015 and Q1 2016	Q2 2016 and Q3 2016	Q4 2016 and 2017
	Team Launch	Inside Sales Start-up	Offer Rollout
Activity	• Formed offer and marketing team • Signed lease for inside sales center	• Expanded sales coverage • Began contacting ~100,000 customers with inside sales	• Begin tailored marketing offers • Cover ~10,000 additional customers
Team Members	<20	<200	~230

SINGLE CHANNEL

Grainger is leading the way with the single channel model in the MRO industry. With operations in Europe, Asia and North America, these businesses focus on small customers but are attracting new customers of all sizes. The single channel businesses serve customers through a streamlined search and transactional experience, and the model has proven successful across multiple countries. In 2016, single channel revenue grew by 35 percent to $1 billion, and the business acquired more than 1 million new customers. In addition to strong revenue growth, operating margin improved by more than 100 basis points in 2016. The single channel businesses are forecasted to reach roughly $2 billion in revenue by 2019 and are expected to expand operating margin over the same time period.

MonotaRO

Grainger's most mature single channel business, MonotaRO in Japan, began in 2000 and has grown from a joint venture into a publicly traded company with 2016 sales of $631 million. Grainger owns 51 percent of MonotaRO, which was built to serve small and medium customers within Japan's $41 billion MRO market. With an operating margin of 13 percent and a reported ROIC of more than 50 percent in 2016, MonotaRO illustrates the potential of the single channel model.

Behind MonotaRO's success is a robust customer segmentation and data analytics capability that helps conceive, develop and deploy customer offers. As a result, MonotaRO has created a loyal customer following. In 2016, MonotaRO added 450,000 new customers, fueling 21 percent revenue growth in local currency over the prior year.

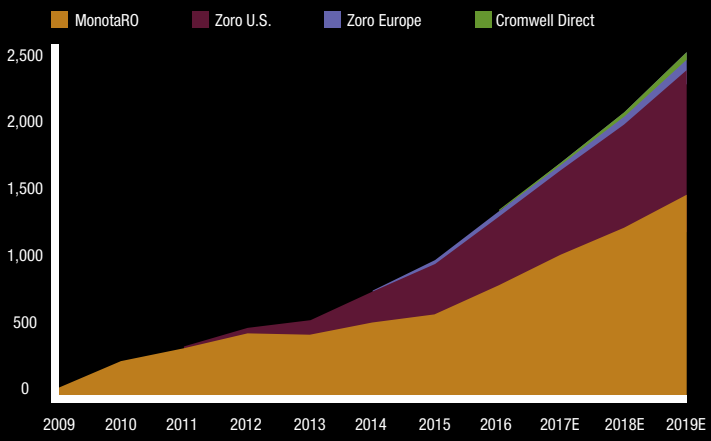
MonotaRO's broad product line, including an assortment of approximately 10 million SKUs with over 300,000 products stocked, an easy-to-use website and competitive pricing, makes the company's offering attractive to small and medium businesses. To accommodate its strong growth, MonotaRO will open a 590,000 square-foot DC in the Tokyo area in 2017.

Zoro U.S.

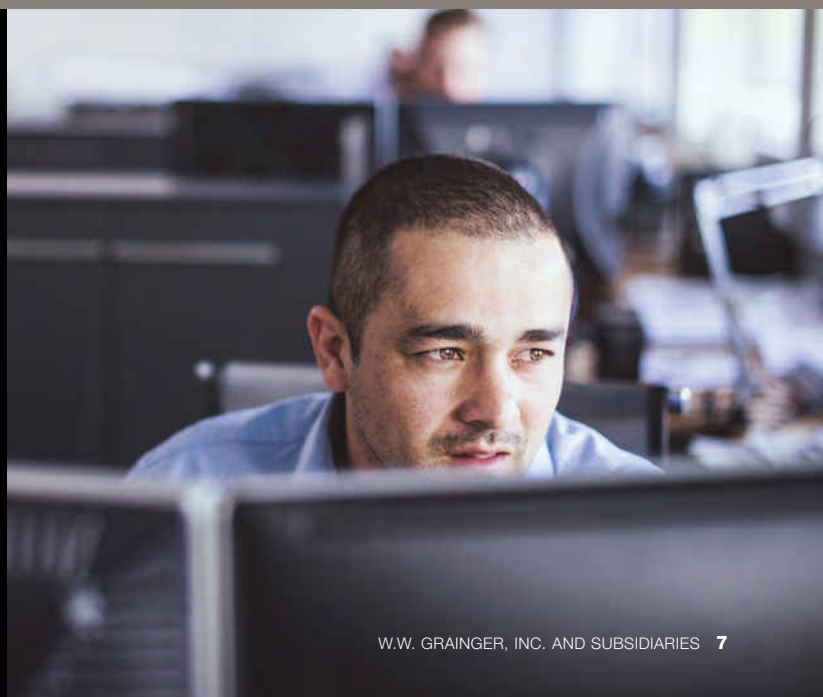
Zoro U.S. launched in 2011 to serve the small business market in the United States. Zoro U.S. offers small customers competitive pricing, simplified transactions, an easy-to-use website and convenient payment options. The combination of an expansive product offering, a simplified process, reliable delivery and both digital and traditional marketing strategies has helped Zoro U.S. rapidly expand its customer base.

Zoro U.S. fulfills customer orders through the same supply chain used by Grainger's core U.S. business. Access to a preexisting distribution network is one advantage Zoro U.S. has that MonotaRO did not have at its founding. As a result, Zoro U.S. has experienced faster growth and profitability than MonotaRO did at comparable stages.

Today, Zoro U.S. continues to focus on small customers and, like many other single channel businesses, is growing with a diverse set of customers. In 2016, Zoro U.S. had sales of $403 million, up 36 percent from 2015, and its operating margin improved to 7.4 percent.



Cromwell Direct



Leveraging the Cromwell business (see page 9), the Cromwell Direct website (www.cromwell.co.uk) was launched in March 2016 to expand the online model in the United Kingdom. Since the launch, site conversion has doubled, and the business has acquired tens of thousands of new customers. Cromwell Direct showed promising sales results in its first partial year of operations, and the momentum is expected to continue in 2017.

Zoro Europe

Located in Düsseldorf, Germany, Zoro Europe was launched in 2014 as a way to expand the single channel model in Europe. Today, the business offers customers an assortment of 400,000 products available through www.zoro.de.

SINGLE CHANNEL BUSINESS REVENUE
(Dollars in millions)

CANADA

Acklands–Grainger Inc., is Grainger's largest business outside the United States with revenues of more than $700 million. The original business was founded by Dudley Ackland more than 125 years ago and was acquired by Grainger in 1996.

Acklands–Grainger is at a transformational point in its history. As Canada's leading broad line distributor of industrial and safety supplies, Acklands–Grainger had reached the limit on its legacy systems and two-tier distribution model. In addition, its decentralized operating model resulted in inefficiencies and inconsistencies in customer service across the business. Lastly, with a large portion of its business heavily skewed to oil and gas customers in western Canada, low energy and commodity prices in 2015 and 2016 had negatively affected business results.

In 2016, the company began laying a strong, stable foundation to position itself for long-term sustainable growth and profitability by addressing the following areas:

Strategy Developed and implemented a clear, customer-focused strategy and reorganized business to improve execution and reduce cost.

Cost structure Centralized functions, closed branches and restructured the workforce.

Systems Implemented and stabilized an enterprise resource planning (ERP) system that replaced dozens of disparate legacy systems with a common North American platform.

Distribution Launched direct-to-customer (DTC) shipping—moving from 8 percent DTC to more than 50 percent in less than one year.

Key improvements in 2017 include:

A new eCommerce experience Launched in the first quarter of 2017, the new acklandsgrainger.com website makes it easier for customers to transact business online. This new platform leverages Grainger's eCommerce strength, backed by the common North American infrastructure and technology.

Market-relevant pricing In 2017, Acklands–Grainger introduced more relevant pricing for products not under contract to better compete in the current market environment.

A customer-centric stocked product assortment Historically, Acklands–Grainger made assortment decisions at the branch level. With the company's new ERP system, these decisions are now centralized and scalable. The result is an improved stocked assortment resulting in a better customer experience.

Diversification While oil and gas customers remain a long-term strategic priority, the company is focused on further diversifying its business and growing in eastern Canada. In 2016, the company launched a pilot with a tailored product offer and a sales force trained to serve a specific type of customer. The results were promising. Leveraging the experience of Grainger's U.S. business in product assortment, offer development and customer service, Acklands–Grainger plans to further diversify its business by customer type and geography in 2017.

Going forward, it is expected that Acklands–Grainger will maintain its historic strength with large natural resources customers in western Canada and establish lasting relationships with different types of customers, particularly in the areas of significant opportunity in Ontario and the eastern provinces.

REPOSITIONING THE BUSINESS FOR SUSTAINABLE GROWTH

2014-15–INVESTMENT	2016–STABILIZATION	2017–GROWTH
• ERP system • Toronto DC • Warehouse management system	• DTC fulfillment path • ERP transition • Business restructuring	• Improved stocked assortment • Diversified customer base • New eCommerce platform

WILL POSITION ACKLANDS–GRAINGER TO:

- Leverage Grainger U.S. scale and expertise
- Deliver a business less susceptible to market volatility
- Grow share in high-opportunity areas of Canada

INTERNATIONAL

Grainger's operations outside of North America include businesses in Europe, Asia and Latin America. Revenue for Grainger's international businesses totaled $844 million in 2016. In 2017, Grainger is focused on optimizing its international portfolio to improve performance and is narrowing its exposure to the highest return opportunities, including markets with high GDP per capita and a developed infrastructure. The primary businesses in the portfolio include:

Cromwell

Cromwell, Grainger's multichannel business in the United Kingdom, offers a broad product line, a stable supply chain and a robust private label assortment and has a solid base of more than 70,000 industrial and manufacturing customers worldwide. Cromwell was acquired by Grainger in 2015 and is headquartered in Leicester, England. In 2016 Cromwell represented a little under half of the international portfolio's revenue.

Through a DC reconfiguration, Cromwell will double its capacity to grow in 2017. The reconfiguration will improve productivity levels and the overall customer experience by updating the way product is stored to improve order accuracy and increase the capacity for stocked items. The investment will enhance Cromwell's ability to ship same-day and DTC, supporting traditional channels and Cromwell Direct, which launched in 2016. Cromwell will also offer more tailored online pricing in 2017.

Fabory

With operations in nine countries in Europe, 70 branches and more than 200,000 fastener SKUs and other MRO products, Netherlands-based Fabory is known as Europe's specialist in quality fasteners and fastener-related products and services. Fabory has been restructured to position the business to better respond to changing customer buying behaviors and improve its cost structure; however, sales declined for Fabory in 2016 and the business reported an operating loss. Priorities for 2017 are focused on returning the business to profitable growth by enhancing its eCommerce offer.

Mexico

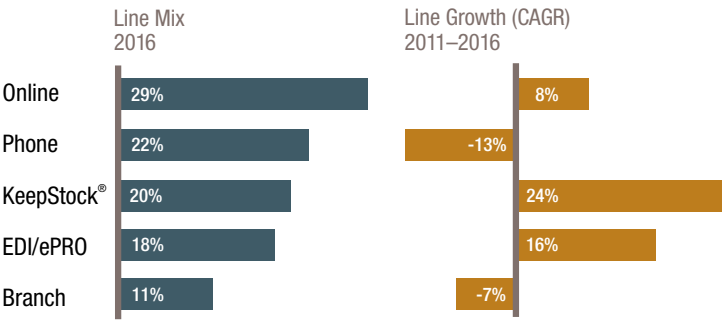
Grainger Mexico, a business with 18 branches, 2 DCs and more than 300 salespeople, serves the needs of local customers and Grainger's accounts that have locations across North America. Leveraging its first full year on an ERP system, which provides better visibility into inventory management and greater operating efficiency, the business grew 16 percent in local currency in 2016. In 2017, the company expects to drive continued growth and market share gains in Mexico through product line expansions, customer penetration and acquisition initiatives, improvements to eCommerce and investments in the KeepStock® inventory management system.

China

Grainger has maintained a presence in China, the world's second-largest economy, since 2006. This business serves the needs of both multinational companies and local businesses. In 2016, the business grew and was profitable in local currency. Grainger is working to accelerate sales growth in China in 2017 through its focus on inside sales, product line expansion and eCommerce to best serve the needs of customers.

LATIN AMERICA

Grainger has a presence in five other Latin American countries: Colombia, Dominican Republic, Panama, Peru and Puerto Rico to serve the needs of local customers.



EXPORT

Through its Export business, Grainger also offers products to customers in more than 150 different countries. Export helps customers across the globe procure products quickly and at a competitive price.

CREATING AN EFFORTLESS CUSTOMER EXPERIENCE (U.S. BUSINESS)

Providing great customer service is the foundation of Grainger's standing as a distribution leader and a key lever in accelerating profitable growth. As order origination and fulfillment trends shift, the company adapts its platform to provide a better end-to-end experience giving Grainger an advantage over competitors.

ORDER ORIGINATION

ORDER FULFILLMENT

Phone

Over the past five years, order origination has shifted from branches and phones to digital channels such as Grainger.com,® eProcurement (EDI/ePro) and KeepStock. While phones are the company's second-largest origination channel, customers continue to shift to digital channels.

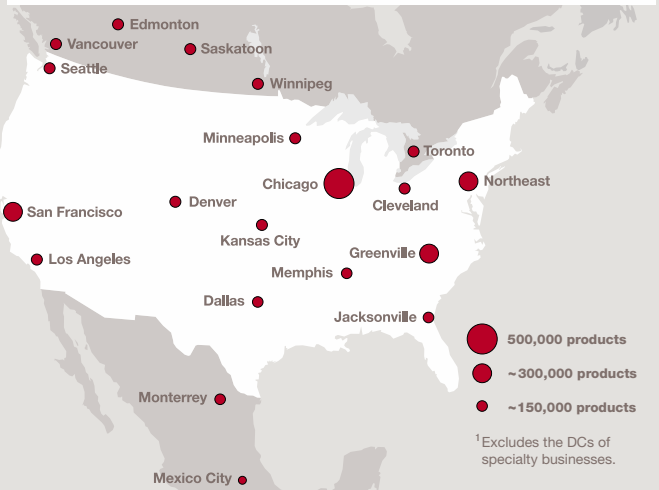
In response to this migration, Grainger has begun the process of consolidating its 150 contact centers in the United States into three national contact centers in Janesville, Wisc.; Waterloo, Iowa; and Phoenix, Ariz. This strategy will lead to more effective and cost-efficient customer service. In addition, this consolidation will create the ability to deploy service changes faster and offer better training and more robust career paths for contact center team members.

U.S. CONTACT CENTER NETWORK

Digital Channels: Online, EDI/ePro and KeepStock

Through Grainger.com, eProcurement connections and KeepStock, Grainger continues to develop features that promote a personalized, relevant, effortless experience for each customer. In 2016, more than 65 percent of orders originated through a digital channel and approximately 57 percent of revenue in the United States came from such channels.

Grainger.com had more than 38 million visitors in 2016, an increase of 15 percent from 2015 and was ranked the eleventh largest eCommerce site in North America by *Internet Retailer* in 2016. To further increase digital traffic in the United States, Grainger is focused on its customers' journey from initial consideration to evaluation to purchase. The company created metrics to track each part of the journey and is leveraging a continuous improvement approach to drive progress. One key focus area is the "search-and-select" process. With approximately 1.9 million SKUs available online in the United States, finding the right product quickly is critical for a successful experience. In 2016 Grainger improved search terms and presentation for products representing more than 30 percent of Grainger.com revenue and will continue this work in 2017.



For large customers with complex needs, the KeepStock inventory management system and eProcurement drive significant value. Together, these two channels represent just under 40 percent of all U.S. orders.

GRAINGER GLOBAL SOURCING

Grainger's private label products offer customers high-quality options at generally lower price points, while providing Grainger with stronger gross profit margins. In 2016, private label products—which include exclusive brands such as Dayton,® Westward,® LumaPro® and Tough Guy®—represented 17 percent of total company sales.

The engine behind much of the company's private label offering is Grainger Global Sourcing (GGS), which works with more than 700 suppliers in 33 countries to provide Grainger's businesses with access to approximately 65,000 high-quality products. In 2016, sales of product procured by the GGS operation exceeded $1 billion and were just under 11 percent of total company sales.

NORTH AMERICAN DISTRIBUTION CENTERS[1]

[1] Excludes the DCs of specialty businesses.

U.S. BRANCH NETWORK CUSTOMER

Four distinct customer types visit Grainger branches each day:

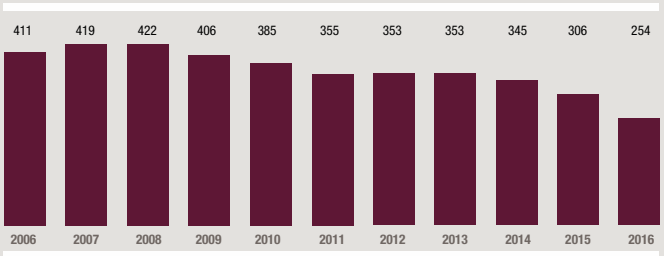
ON-THE-GO
Broad geographic coverage makes it easier for on-the-go customers to drop by any branch and get what they need, when and where they need it.

EMERGENCIES
Local inventory allows Grainger to provide same-day service for customers' emergency needs.

NEAR A BRANCH
Many customers prefer pickup at their nearby branch on the same day versus having the product shipped.

PRODUCT EXPERTISE
Branch staff members are well-versed in Grainger products and can provide technical or "search-and-select" support.

Supply Chain



In today's connected world, the need for a well-developed logistics infrastructure in mature markets like the United States is more important than ever. Over the past eight years, Grainger has invested heavily in its DC network to ensure optimum capacity, increased automation and standardization in response to the need for on-demand delivery of products, information and services (see order fulfillment chart). Grainger has invested in new and improved DCs in California, Illinois and New Jersey, and significantly expanded its DC in South Carolina. In 2017, Grainger announced it had purchased land for a new DC in Louisville, Ky. Construction of the facility is projected to be complete in late 2020.

This robust and evolving global DC network allows Grainger to manage more than 700,000 stocked SKUs in the United States and also ship most orders complete with next-day delivery. To increase the speed at which products move through the supply chain, Grainger's more than 3,000 key product suppliers in the United States are measured on consistent and reliable service. Availability, the percent of time a product is in stock when and where the customer needs it, has remained at very high levels even as Grainger increased its product line seven-fold, creating a strong service experience enabled by the company's supply chain.

U.S. Branch Network

Just as Grainger has seen dramatic shifts in how customers place orders, order fulfillment has experienced a significant transition as well. In 2016, more than 85 percent of Grainger's U.S. orders were delivered directly to customers, which means less activity in the branches. Given this trend, Grainger conducted a market-by-market study to determine the right branch footprint for each local market and right-sized the network for the expected level of demand. Grainger restructured its stand-alone branch network in the United States from 411 branches in 2006 to 254 branches in 2016, a 40 percent reduction. At the end of 2016, the U.S. branch network was profitably growing revenue. Grainger will continue to evaluate its branch network going forward to ensure it effectively services its customer base.

U.S. BRANCH NETWORK[2]

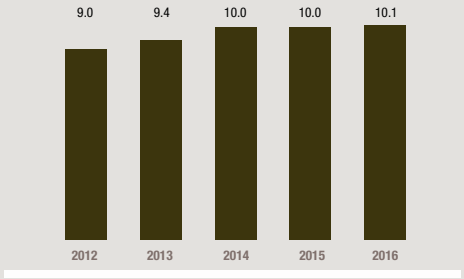
[2] Reflects core U.S. business excluding acquisitions and specialty businesses

PRODUCT PROCUREMENT OPTIMIZATION (PPO)

In 2015, Grainger began an initiative called Product Procurement Optimization (PPO). Grainger's engineering and sourcing teams break down products to their individual components, leading to a better understanding of what the manufactured product should cost. By deploying dedicated teams, the project has enabled Grainger to review the product assortment, realize cost savings, implement decisions faster than a traditional line review, have more productive supplier negotiations and better manage costs of goods sold. The process also helps ensure the right supplier mix to serve customers.

CREATING SHAREHOLDER VALUE

Excellent customer service, a focus on market share gains, margin expansion and a strong balance sheet all contribute to Grainger's success. Through the ups and downs of economic cycles, Grainger has generated strong cash flow and delivered solid long-term returns to shareholders.



Margin

Grainger manages its business for the long term. The company's goal is to accelerate growth and expand operating margin over the next five years. However, the current economic environment has contributed to a change in the composition of that expansion. Historically, gross margin has been a greater contributor to operating margin growth. But in a challenging industrial environment intensified by a lack of inflation and greater price transparency, Grainger's emphasis has centered on growth while reducing its cost structure. Over the next five years, Grainger targets annual operating margin expansion, driven by mid-single-digit organic sales growth and improved expense productivity.

The company began taking action to improve its cost structure in 2015 by closing 81 stand-alone branches and restructuring management layers. Another 78 stand-alone branches were closed in 2016. In late 2016, the company announced an 18-month plan to consolidate its contact center network (see page 9), which will result in additional cost savings going forward. Continuous improvement in DCs and the shift to eCommerce also contribute to better expense leverage. At the same time, the company is focused on generating better returns for its investments, including supply chain infrastructure, IT systems and sales force productivity in the United States as well as improving the profitability of smaller businesses in the portfolio.

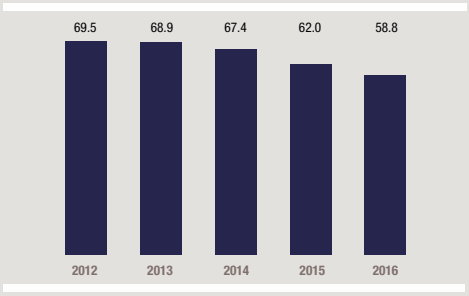
Cash flow

Grainger's business model generates strong cash flow through economic cycles. In 2016, the company reported cash flow from operations of $1 billion and free cash flow of $774 million. Grainger began emphasizing the free cash flow metric (see page 16) in late 2016 to provide a clearer picture of its cash generation capabilities given the expected decline in capital expenditures and the anticipated increase in depreciation and amortization. Grainger's priorities for uses of cash are investment in the business, paying down debt, dividends and share repurchases.

Capital structure

Grainger's strong free cash flow generation allows it to maintain a liquidity position that provides flexibility in funding working capital needs and long-term cash requirements. In 2015, Grainger announced plans to issue $1.8 billion in long-term debt over the course of three years. Along with $1.2 billion of internally generated cash from operations, the three-year plan called for $3 billion in share repurchases. As a result, average share count decreased from 67.4 million at the end of 2014 to 58.8 million in 2016. In 2017, the company plans to complete the third year of the debt issuance program. The $400 million in new long-term debt will be split evenly between short-term debt reduction and share repurchases. The remainder of the share repurchases will be funded by cash from operations. Grainger expects to repurchase $600 million in stock in 2017, a reduction from the $800 million announced in 2015.



CAPITAL DEPLOYMENT

Business investment is expected to subside in the coming years due to lower capital requirements. In prior years, the company made significant investments to upgrade its distribution center network, technology systems and eCommerce platform to support the shift to online purchasing. As less cash is required for capital expenditures, more cash is freed up for paying down debt, while funding dividends and share repurchases.

In 2016, Grainger returned $1.1 billion in cash to shareholders in the form of dividends and share repurchases. The company repurchased approximately 3.6 million shares of stock for $790 million and paid $303 million in dividends. Grainger is proud of its 45-year track record of increasing its dividend. The company is among only 3 percent of S&P 500 companies that have increased their dividend each year for more than four decades.

OPERATING RESPONSIBLY

Grainger's Corporate Social Responsibility (CSR) program is a natural extension of the company's core operating principles. At the heart of those principles lies a commitment to customers, communities and team members. Grainger built its CSR strategy around four pillars that define its values as a corporate citizen:

SUSTAINING OUR ENVIRONMENT

Grainger recognizes that environmental stewardship is a significant global issue, and the company is taking steps to more effectively manage its energy use and greenhouse gas (GHG) emissions. Grainger has participated in the CDP* since 2009, and in 2012 the company became the first industrial distributor to publicly disclose its carbon footprint. In 2016, Grainger earned a CDP score of "A-" for the second consecutive year.

Recycling rates have improved for 4 consecutive years in Grainger's DCs. In 2016, **85 percent** of DC waste was recycled.

In 2016, Grainger completed its inaugural CDP supply chain survey. CDP supply chain partners reported a combined 76 million metric tons of CO_2 reduction resulting in more than **$700 million** in annual emissions reduction savings.

With more than **70,000** green product SKUs, Grainger's 2016 sales of green products exceeded **$550 million.**

SERVING OUR COMMUNITIES

Grainger continues to positively influence the places its team members live and work. The company is proud to participate in the Grainger Community Grant Program (GCGP), sponsored by The Grainger Foundation, an independent, private foundation established in 1949 by William W. Grainger, the company's founder. In 2016, The Grainger Foundation made grants through the GCGP totaling $6.6 million, supporting more than 1,000 nonprofit organizations. In 2017, Grainger will look to share best practices and connect its partners with each other to increase effectiveness.

In 2016, more than **$2 million** in contributions were awarded through the Grainger Matching Charitable Gifts Program.

In 2016, Grainger committed to a **$1 million** level of support for the American Red Cross during its 2017 fiscal year through its Annual Disaster Giving Program.

162 scholarships totaling **$324,000** were awarded to **86** community colleges in 2016 as part of the Grainger Tools for Tomorrow® Scholarship Program in support of technical education.

VALUING OUR PEOPLE

Grainger succeeds when its team members thrive. In 2017, the company will continue to work to ensure global team members have the knowledge, training and support to perform their roles safely and confidently.

Grainger employees completed a combined **22,000 hours** of safety training in 2016.

In 2016, Grainger had **2 locations** with more than **1,000,000 hours** worked without a lost time accident (LTA).

Grainger had **307 branches** with no Occupational Safety and Health Administration (OSHA) recordable event in 2016.

OPERATING RESPONSIBLY

Professionalism and integrity are the foundation of Grainger's culture. In 2017, the company will continue to exhibit the highest standards of corporate governance and business ethics.

170 Certified Supplier Diversity businesses offered more than **33,000** items to Grainger's U.S. customers in 2016.

100 percent of U.S. and Grainger Choice Suppliers and their subsuppliers are expected to comply with the company's supplier code of ethics as a condition of doing business.

100 percent of new and existing team members completed business ethics training in 2016.

** The CDP (formerly known as Carbon Disclosure Project) climate performance scoring methodology awards points for companies that highlight they are undertaking, or have undertaken, "positive" climate change actions.*

Within each of these four pillars, Grainger addresses issues that are material to the business and its stakeholders and most meaningful to the company's role in the industry, the marketplace and the environment. Please visit **www.GraingerCSR.com** for more information on Grainger's approach to Corporate Social Responsibility. While Grainger's CSR commitments are global, the CSR report is primarily focused on the company's operations in the United States. These operations currently represent the majority of Grainger's business, based on percentage of revenue, scope of operations and number of employees. Where applicable, the specific geography is noted in the relevant footnotes to that data.

HELPING EACH OTHER GROW AND SUCCEED

In 2017, Grainger was again named to *Fortune's* annual list of the World's Most Admired Companies. Among industry competitors in the Wholesalers: Diversified category, Grainger ranks No. 1 for the fourth consecutive year.

"We attract, develop and retain top talent in every market we serve and leverage their diverse perspectives to grow the business aggressively and profitably. When every team member knows that his or her voice is being heard and accomplishments are recognized, we unlock the team's full potential and the potential of the business."

Joseph C. High, Senior Vice President and Chief People Officer

"Our team members bring different skills, perspectives and experiences to the table to help customers keep their facilities running and the people in them safe. In turn, Grainger is committed to fostering a workplace where dedicated, talented people can thrive."

D.G. Macpherson, Chief Executive Officer

For the past 90 years, Grainger has recognized that building a team with the right skills and a deep commitment to service is foundational for success. That is why Grainger has made it a priority to create a culture where the company and its team members can grow and thrive. The company's focus is to:

Select and develop people who anticipate and create a great customer experience: Grainger recruits talent from diverse organizations and the best colleges and universities. At the same time, Grainger recognizes that sometimes the best candidates can be internal.

Equip and energize team members to excel amid change: Grainger will keep evolving as customer needs and purchasing preferences change. To be successful, the company must have team members who can adapt quickly. Grainger is committed to team members' professional and personal growth. From its onboarding and orientation programs to on-the-job development, formal classes and mentoring, the company provides many opportunities for team members to engage in learning and development to serve customers in ways most effective for them.

Reward and recognize performance and results: Grainger understands that offering competitive and comprehensive benefits is critical to attracting and retaining talented team members. Key offerings of the company's benefits package include competitive health benefits, a premier profit-sharing plan and educational assistance, a program providing tuition reimbursement for courses or degree programs that are job-related.

Creating a great team member experience and an inclusive workplace: Grainger is committed to cultivating a diverse workforce and an inclusive workplace where talented and engaged people can bring their whole selves to work. Grainger is committed to being a company where all individuals are respected, treated fairly, recognized for accomplishments, provided work-life balance and given the opportunity to excel. Grainger leverages its people leaders and Business Resource Groups (BRGs) to help achieve this goal. BRGs are an inclusive collection of team members who voluntarily work together to advance the company's position in the global marketplace by leveraging their unique perspectives and skills. Grainger's BRGs cover the following employee populations:

- Administrative Business Partners
- African-Americans
- Asian Pacific Islanders
- Equality Alliance
- Generational
- Latino
- Veterans and Military Supporters
- Women

Grainger's team members are passionate about helping businesses and institutions keep their facilities running and people safe. In turn Grainger offers the stability of an established industry leader combined with interesting opportunities to learn, grow and make a difference at customer sites and in communities. Grainger's team members have helped it build a rich heritage of service for the past nine decades. Their commitment will enable Grainger to deliver an effortless customer experience for years to come.

FINANCIAL DEFINITIONS AND RECONCILIATIONS

The company supplements GAAP financial information with certain non-GAAP measures, including adjusted operating earnings, adjusted net earnings, adjusted diluted earnings per share and free cash flow.

Adjusted measures

Adjusted measures exclude items noted below that may not be indicative of core operating results and provide a better baseline for analyzing trends in the underlying business.

	Twelve Months Ended December 31,	
	2016	2015
Operating earnings reported	$1,119,497	$1,300,320
Restructuring	39,613	45,351
Other:

NOTE ON ROIC

Prior to January 2011, ROIC was calculated using annual operating earnings divided by a 13-point (monthly) average for net working assets. Since 2011, ROIC has been calculated using a 5-point (quarterly) average for net working assets to provide greater transparency. Net working assets are working assets minus working liabilities defined as follows: working assets equal total assets less cash equivalents (non-operating cash), deferred taxes and investments in unconsolidated entities, plus the LIFO reserve. Working liabilities are the sum of trade payables, accrued compensation and benefits, accrued contributions to employees' profit sharing plans and accrued expenses.

GRAINGER LEADERSHIP TEAM

JAMES T. RYAN
Chairman of the Board

James T. Ryan is Grainger's Chairman of the Board, a role he has held since April 2009. Mr. Ryan served as Chief Executive Officer from June 2008 through September 2016. He was Chief Operating Officer from 2007 to 2008 and was appointed to the Board of Directors in February 2007.

Prior to these roles, Mr. Ryan served as Group President, responsible for the company's businesses operating under the Grainger brand in the United States. Mr. Ryan began his career at Grainger in 1980.

D.G. MACPHERSON
Chief Executive Officer

D.G. Macpherson was named Chief Executive Officer effective October 2016. He served as Chief Operating Officer for Grainger from August 2015 through September 2016.

Prior to these roles, Mr. Macpherson was Senior Vice President and Group President, Global Supply Chain and International, where he led the development of the corporate strategy and continuous improvement, the global supply chain organization, the company's single channel online business model and international operations in Europe and Asia. Prior to that, Mr. Macpherson was Senior Vice President and President, Global Supply Chain and Corporate Strategy. Prior to joining Grainger, Mr. Macpherson was Partner and Managing Director at the Boston Consulting Group.

LAURA D. BROWN
Senior Vice President, Communications and Investor Relations

Laura D. Brown was named Senior Vice President, Communications and Investor Relations in 2010. She is responsible for Grainger's internal and external communications, public affairs and investor relations.

Since joining Grainger, Ms. Brown has held a number of executive roles, including Vice President, Global Business Communications and Vice President, Investor Relations, a role she assumed in 2008. Prior to this role, Ms. Brown served as Vice President of Marketing. Ms. Brown joined Grainger in 2000 as Vice President, Internet Business Analysis and Supplier Management for Grainger.com®.

FRED J. COSTELLO
Vice President and President, Grainger International

Fred J. Costello was named Vice President and President, Grainger International effective October 2016. In this role, Mr. Costello is responsible for leading Grainger's multichannel and Export operations in Europe, Asia and Latin America.

Prior to this role, Mr. Costello was Vice President and President, Global Product Management and was responsible for managing the overall product offering, developing key global product categories and the company's global private label offer and driving leverage across the North American product teams. Mr. Costello joined Grainger in 2002 and has held roles of increasing responsibility.

MATTHEW E. FORTIN
Vice President and President, Global Product Management

Matthew E. Fortin was named Vice President and President, Global Product Management effective October 2016. He is responsible for Grainger's overall product assortment strategy.

Mr. Fortin joined Grainger in 2006 to help start the Lean initiative, taking on roles of increasing responsibility in Supply Chain before building and leading Grainger Global Sourcing operations in China in 2010. He helped lead Grainger China to profitable growth and since 2014 served as Vice President, Grainger Global Sourcing, where he gained private label sourcing alignment across various business units and consolidated all China operations.

GREGORY J. HARMAN
Vice President, Chief Information Officer

Gregory J. Harman was named Chief Information Officer effective April 2016. In this role he is responsible for leading the Enterprise Systems team in building a scalable and responsive systems infrastructure that meets the needs of customers, suppliers and team members worldwide.

Since joining Grainger in 2002, Mr. Harman has held a number of roles of increasing responsibility. Most recently, he led the Supply Chain team at Acklands – Grainger, the company's business in Canada. While there, he oversaw the launch of the Toronto distribution center, the implementation of the warehouse management system and the SAP implementation.

JOSEPH C. HIGH
Senior Vice President and Chief People Officer

Joseph C. High joined Grainger as Senior Vice President and Chief People Officer in June 2011. As the global Human Resources leader, he aligns business strategies with people initiatives to build high performing leaders and teams that meet the needs of diverse customers, driving company success and shareholder value.

Prior to joining Grainger, Mr. High was the Senior Vice President of Human Resources at Owens Corning in Toledo, Ohio. Previous to that role, he was head of Human Resources for ConocoPhillips in Houston. Mr. High also served as an Officer at Rockwell Automation and Cummins Engine Company.

JOHN L. HOWARD
Senior Vice President and General Counsel

John L. Howard joined Grainger as Senior Vice President and General Counsel in January 2000. His responsibilities include all of the company's legal and corporate development functions.

Before joining Grainger, Mr. Howard served as Vice President and General Counsel for Tenneco Automotive and as Vice President, Law at Tenneco, Inc. From 1990 to 1993, Mr. Howard served in The White House as Counsel to the Vice President of the United States. His prior government positions include service as an Associate Deputy Attorney General at the U.S. Department of Justice.

RONALD L. JADIN
Senior Vice President and Chief Financial Officer

Ronald L. Jadin was named Senior Vice President and Chief Financial Officer for Grainger in March 2008. His responsibilities include financial planning and analysis, financial reporting, internal audit, treasury operations and financial services.

Prior to this role, Mr. Jadin served as Vice President and Controller. Since joining Grainger in 1998, Mr. Jadin held roles of increasing responsibility including serving as Vice President, Finance, for Grainger Industrial Supply and Director of Financial Planning and Analysis. Prior to joining Grainger, Mr. Jadin spent 15 years serving in financial analysis and management capacities within General Electric.

JOHN B. KAUL
Vice President and President, Acklands – Grainger Inc.

John B. Kaul was named Vice President and President, Acklands–Grainger Inc. effective September 2015. He is responsible for all aspects of Grainger's business in Canada.

Mr. Kaul returned to Acklands–Grainger in 2015, following a more than two-year term as president of Fabory, Grainger's fastener business operating in Europe. Mr. Kaul first joined Acklands–Grainger in 2004, after serving in a series of progressively senior roles, including Vice President and General Manager, western Canada, and Vice President, National Accounts.

GRAINGER LEADERSHIP TEAM

DEIDRA C. MERRIWETHER

Vice President, Pricing and Indirect Procurement

Deidra C. Merriwether was named Vice President, Pricing and Indirect Procurement effective March 2016 and is responsible for leading all aspects of Grainger's U.S. pricing strategy. She is also responsible for Grainger's procurement of indirect goods and services. Prior to this role, Ms. Merriwether was the Vice President, Finance, Americas, where she led financial planning and analysis supporting the U.S., Canadian and Latin American businesses.

Prior to joining Grainger, Ms. Merriwether held positions of increasing responsibility at Sears Holdings Corporation, PriceWaterhouseCoopers and Eli Lilly & Company.

DEBRA S. OLER

Vice President and President, Large Customer and Direct Sales

Debra S. Oler was named Vice President and President for the Large Customer and Direct Sales organizations in September 2015. Ms. Oler has responsibility for growing profitable sales with Grainger's large customers in the U.S.; she also leads Grainger's Inventory Management Solutions and Sourcing operations.

Since joining Grainger in 2002, Ms. Oler has held positions of increasing responsibility. Prior to her current role she was General Manager, Grainger Industrial Supply, responsible for leading Grainger's Sales, Customer Service and Brand operations in the United States. Before this she led Grainger's Brand organization.

DAVID L. RAWLINSON II

President, Online Business

David L. Rawlinson II is the President of Grainger's global Online Business. In this role, Mr. Rawlinson is responsible for the operations, strategy and continued growth of the Online Business, which operates under the brands Zoro (U.S.), MonotaRO (Japan and Indonesia), NaviMRO (South Korea), Cromwell Direct (U.K.) and Zoro Tools Europe (Germany). Immediately prior to this role, Mr. Rawlinson was Vice President of Operations, Online Business.

Mr. Rawlinson joined Grainger in 2012 as Vice President, Deputy General Counsel and Corporate Secretary. He was responsible for the Company's corporate governance initiatives, M&A and legal support for eCommerce and the Online Business.

PAIGE K. ROBBINS

Senior Vice President, Global Supply Chain, Branch Network, Contact Centers and Corporate Strategy

Paige K. Robbins is Grainger's Senior Vice President, Global Supply Chain, Branch Network, Contact Centers and Corporate Strategy. Ms. Robbins has responsibility for all aspects of the customer experience from order to delivery. Her responsibilities include managing the company's distribution center operations, branch network, contact centers, inventory investment, transportation and fulfillment networks, along with Grainger's corporate strategy, analytics and customer insight team.

Ms. Robbins joined Grainger in September 2010 as Vice President of Logistics Management and most recently led the Global Supply Chain. Prior to joining Grainger, Ms. Robbins served as Partner and Managing Director at the Boston Consulting Group.

ELIZABETH B. UBELL

Vice President and President, Medium Customer, Marketing and eCommerce

Elizabeth B. Ubell is responsible for Marketing and eCommerce for the U.S. along with leading and expanding Grainger's U.S. Medium Customer Business, which includes Inside Sales. Ms. Ubell joined Grainger as the Vice President of Corporate Strategy and Continuous Improvement in July 2014.

Ms. Ubell brings extensive global experience in strategy, marketing and general management across a variety of industries. Prior to joining Grainger, Ms. Ubell was Vice President, Corporate Strategy at Newell Rubbermaid where she also served as Consumer Group Vice President, Strategy, Customer & Marketing Services.

Grainger would like to thank Bill Chapman for his 33 years of service to the company and congratulate him on his retirement on April 30, 2017. Mr. Chapman has served both the company and the investment community with leadership and professionalism over the past two decades. His contributions to the company are countless.

Mr. Chapman was named Senior Director, Investor Relations, in April 2012 and serves as the company's primary contact with the investment community. Prior to this role, he was Director, Investor Relations. Mr. Chapman serves on the advisory board of the Chicago Chapter of the National Investor Relations Institute (NIRI) and is a past president and chairman. He is also a member of the NIRI National Senior Roundtable.

Mr. Chapman was nominated by the investment community as the Best Investor Relations Officer (Mid Cap) in the 2015 IR Magazine Awards. In 2012–2014, he was recognized by *Institutional Investor* magazine as the top IR professional in the capital goods/industrials sector.

Mr. Chapman serves as a director, past president and current scholarship chairman of the Wisconsin Alumni Association–Chicago Chapter and is a former director of the National Wisconsin Alumni Association.

For 90 years, Grainger has remained committed to helping professionals keep their operations running and their people safe by staying ahead of customer needs. As North America's leading broad line maintenance, repair and operating (MRO) products distributor, with operations also in Europe, Asia and Latin America, Grainger has built an advantaged supply chain network to support its multichannel offering which includes branches, eCommerce channels and comprehensive inventory management capabilities. With customers as a central focus and a continued commitment to innovation, Grainger is well-positioned for the long term. Grainger will uphold its legacy of making responsible decisions for its customers, team members, shareholders and the communities it serves now and in the future.

A Letter From Our CEO

This marks Grainger's fifth annual Corporate Social Responsibility (CSR) report, and my first as CEO of Grainger. I was honored to serve as Grainger's CSR executive sponsor for two years and I am excited that Matt Fortin, Vice President and President of Global Product Management, will continue to build on our foundation of good works as the new executive sponsor. As in year's past, our goal with this report is to provide interested stakeholders with important updates and information on Grainger's key CSR-related initiatives. There are new elements to this year's report that are outlined below, but first, it's important to set context on where we are as a company.

> "Grainger was founded on the principles of an equal focus on team members, community and customers. While these principles were important 90 years ago, I believe they are even more important today."

As we all know and have experienced, technology has led businesses to evolve at an unprecedented pace, and Grainger is no exception. Increasingly, our customers have shifted from ordering through the more traditional channels of phone and branch visits to online and onsite channels including Grainger.com, electronic purchasing platforms (EDI/ePro) and inventory management systems. Grainger anticipated these changes in customer buying behavior, and has invested and evolved to stay ahead of many key trends in an effort to provide unique value for different customers and an effortless experience for all. As a result, in 2016, more than 65 percent of Grainger orders originated through a digital channel and more than 85 percent of orders were shipped directly to the customer or made immediately available through onsite services.

This spirit of ingenuity and anticipating needs permeates the entire company, including our efforts around CSR. You'll see in this report that we've added new and different elements, including:

- A report content index referencing the Global Reporting Initiative's (GRI) Standards
- A letter from our CSR Executive Sponsor, outlining our pathway to a more stakeholder-responsive program aligned with Grainger's business strategy
- A graphical representation of our business across our value chain
- New quantitative and qualitative information about each of our pillars including our corporate governance practices, our CSR program governance, our environmental stewardship and our approach to team member wellness

These should give you a better idea of who we are as a company and where we are headed.

In 2017, Grainger turns 90. It's a great milestone and certainly shows sustainability in an ever-changing world. It also shows that despite all of the change, keeping true to core values can make all of the difference. Grainger was founded on the principles of an equal focus on team members, community and customers. While these principles were important 90 years ago, I believe they are even more important today.

The ability for us to stay true to who we are as an organization against the backdrop of a rapidly evolving world will allow us to complement technology with empathy, innovation with appreciation and the latest solutions with an unwavering commitment to service.

I wish you the very best.

DG Macpherson
Chief Executive Officer

A Letter From Our Executive Sponsor

Matt Fortin Vice President, President Global Product Management, Executive Sponsor of the CSR Working Group

The release of this report marks the beginning of my term as executive sponsor of Grainger's CSR Working Group. I'm thrilled to join such a dynamic, cross-functional team dedicated to the long-term sustainability of our business. My intention is to actively support our CSR Working Group as they drive awareness about our program at Grainger and execute on our commitments. My goal as executive sponsor is to continue to take practical steps to integrate our corporate responsibility practices into the core operations of our business.

> "As leaders in our industry, we believe we have the responsibility to lead by example. Our stakeholder engagement process is designed to provide fresh momentum, further integrating sustainability into Grainger's DNA."

Grainger has a strong track record of being a responsible steward, and that shows in this report. Persistent, hard work within our carbon footprint and safety targets is showing great signs of progress; our work with the American Red Cross to help prevent fires is saving lives; and the goal to reduce our emissions intensity by 33 percent is an industry-leading commitment.

We made headway in 2016 and look forward to enriching our program further in 2017. An important next step in our journey is to examine how our CSR reporting practices meet the needs of our stakeholders and align with Grainger's overall strategy. We are accountable to a variety of stakeholders, each with distinct expectations of our business. In the months ahead, we plan to deepen our dialogue with both internal and external stakeholders, to confirm that our approach to CSR aligns with our stakeholders' needs, and to the most material aspects of our business. While we don't anticipate significant changes, we do believe this process will result in a more focused and strategic program.

As leaders in our industry, we believe we have the responsibility to lead by example. Our stakeholder engagement process is designed to provide fresh momentum, further integrating sustainability into Grainger's DNA. We have the products and expertise to help create unique value for our customers with their business and sustainability goals, and we hope to inspire new customers along the way.

I know that we cannot do this alone, and I am thankful for all of the support we receive from those that have helped us thus far. Grainger has a unique opportunity to be a force for good in our industry. If we keep that in mind, we will achieve great things together.

Grainger At A Glance

Grainger works to create unique value for customers, regardless of size, and ensure an effortless experience along the way. The result: customers get what they need, when they need it, which means less time spent looking for and ordering products, and more time spent on the task at hand. After 90 years of serving customers, Grainger has seen its fair share of challenges right along with them, and the company has the experience and knowhow of a superior team to serve them best. When a customer comes to Grainger, they know we have them covered, regardless of challenge.

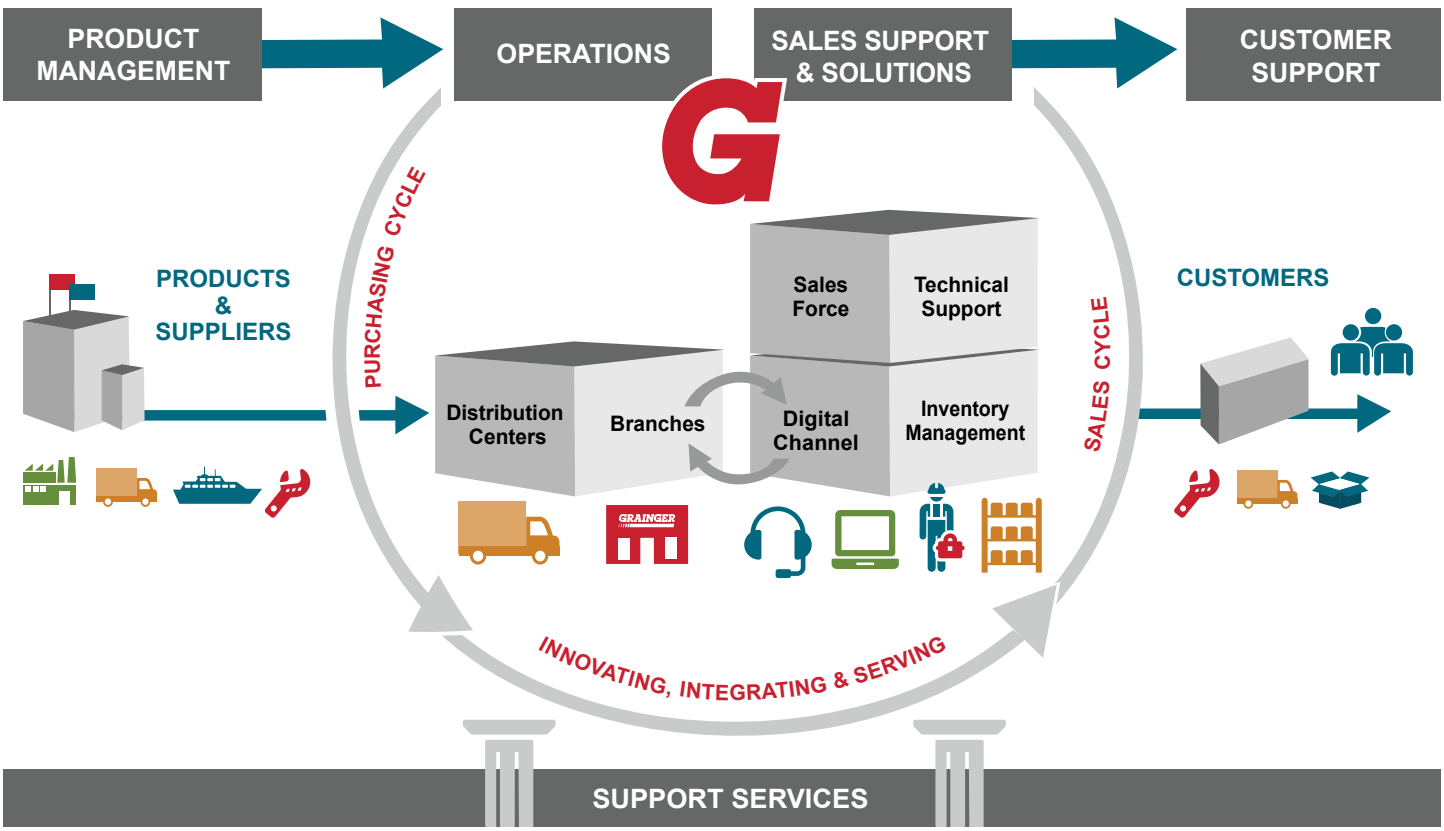
About Grainger

OUR BUSINESS

Grainger is a primarily business-to-business distributor of products used to maintain, repair and operate facilities. Approximately three million businesses and institutions worldwide rely on Grainger for products such as safety gloves, ladders, motors and janitorial supplies, along with services like inventory management and technical support. These customers represent a broad collection of industries including healthcare, manufacturing, government and hospitality. They place orders through our sales force, online, over the phone and at local branches. Approximately 5,000 key manufacturers supply Grainger with 1.6 million products stocked in Grainger's distribution centers and branches.

OUR REACH



OUR BRANDS

Grainger takes great pride in bringing our customers top quality products. Items that are designated with a Grainger Choice Badge (such as Dayton, Westward, and Condor) are part of a broad selection of our private brand products that deliver high quality at a competitive price.

GRAINGER CHOICE℠

OUR VALUE CHAIN

Where are the opportunities for shared value in our network?

ABOUT THIS REPORT (SCOPE)

While Grainger's CSR commitments are global, this report is primarily focused on the company's operations in North America. These operations currently represent the majority of Grainger's business based on percentage of revenue, scope of operations and number of team members. Where applicable, the specific geography is noted in the relevant footnotes to that data.

Grainger seeks validation of its greenhouse gas emissions, energy consumption, waste generation and water consumption data from Bureau Veritas, an independent third party. In addition, Grainger's Environmental Health and Safety team received validation from Environ International Corporation for their safety reporting process in 2014.

Listening to the Voice of the Customer to Improve Product Quality

Product engineer specialists from Grainger Global Sourcing (GGS) work to improve products and/or processes by capturing the Voice of the Customer when Grainger Choice products are returned. When returns happen, this team contacts those customers to gain an understanding of the reason for the purchase and subsequent return. By capturing the Voice of the Customer in this way, the GGS engineering team identifies opportunities to improve products and/or product information, helping Grainger maintain a proactive focus on enhancing the integrity of our products.

Operating Responsibly

Grainger is evolving with the marketplace, while continuing to value the same sound business practices that helped shape us 90 years ago. Ethics and integrity define our culture, and we embrace the interests of our stakeholders across the value chain through a detailed set of business policies and procedures.

COMMITMENT TO ETHICS AND INTEGRITY

At Grainger, ethics and integrity guide how we work and serve our communities. The nature and scope of our operations place a significant trust in our team members, and they consistently display a commitment to exemplary conduct. The philosophies outlined in our Business Conduct Guidelines, Corporate Governance Principles, Supplier Code of Ethics and our work in supplier diversity are brought to life in our collaborative and inclusive culture that fosters a positive and productive work environment.

Business Conduct Guidelines

Our Business Conduct Guidelines apply to all areas of Grainger's business, both domestic and international. These guidelines define a common understanding of ethical principles that guide the way Grainger works with customers, suppliers and colleagues. In addition to our primary guidelines, guidelines specific to customer segments (such as our healthcare and public sector segments) and geography may be required for operations.

100% Completed

100% of Grainger team members complete training for the Business Conduct Guidelines each year

Ethics Training

All Grainger team members are expected to demonstrate their personal commitment to the company's high operating standards by certifying to their compliance with the guidelines annually. In addition, each new U.S. team member joining Grainger is required to complete training and certification within five days of hire. New international team members are required to complete training and certification within 35 days. Team members also complete training every three years to fully understand the expectation of legal and ethical behaviors defined by the Business Conduct Guidelines.

Human Rights

At Grainger, the way we conduct business is as important as the products and services we provide. Grainger's Human Rights Principles reflect our philosophy on how we will conduct business on a global basis, including the company's commitment to providing a safe and fair workplace that upholds and respects international human rights standards. These principles are applicable to all Grainger team members, and are approved and monitored regularly by Grainger's senior leadership.

Our Human Rights Principles create the foundation upon which we build a respectful, inclusive and ethically sound workplace. Harassment, exclusion, discrimination, child or forced labor, and violation of any applicable laws or regulations are explicitly prohibited and excluded from Grainger's workforce as part of these principles.

Anti-Bribery and Corruption

Grainger places the highest value on integrity in its business dealings and the ethical conduct of its directors, officers, team members, agents, shareholders, customers and suppliers. As set forth in our Business Conduct Guidelines, Grainger is committed to business practices that are consistent with the highest ethical and legal standards. Grainger expects the same ethical and legal commitment from all third parties (business partners, brokers, consultants and agents) acting on Grainger's behalf, and others with whom Grainger conducts business. Grainger team members in certain roles are required to complete biannual Anti-Corruption and Anti-Bribery training and certification to reinforce the requirements of this policy. For more information regarding our assessment of risk please review our 10-K.

Encouraging Reporting Practices Grainger engages a third party to maintain a helpline for anyone (inside or outside the company) to report ethical concerns or complaints regarding company practices. Those within North America can call a secure, 24-hour hotline at 888-873-3731. A global website is also available at www.tnwgrc.com/grainger. The company takes all reports seriously and does not tolerate retaliation against team members or others for asking questions or voicing legal or ethical concerns in good faith.

STEWARDSHIP IN THE SUPPLY CHAIN

Supplier Code of Ethics

Grainger works with thousands of suppliers to offer more than 1.6 million products used by customers to maintain, repair and operate their facilities. To help ensure the products we distribute are manufactured and delivered with high ethical standards, our Supplier Code of Ethics focuses on four main areas of ethical sourcing: human rights, labor, environment and anti-corruption.

All Grainger suppliers and their sub-suppliers with dealings in the U.S., Canada and Mexico are expected to comply with the Supplier Code of Ethics. This also will be introduced to Cromwell suppliers in 2017. These suppliers must acknowledge our Code of Ethics and agree to the expectations within as a condition of doing business with Grainger. Prior to onboarding, a new supplier must agree to abide by the Supplier Handbook. This handbook includes Grainger processes, transportation and our Code of Ethics agreement. All suppliers must agree to abide by these rules and confirm this by the signing of their Supplier Agreement Letter.

Supplier Diversity

Grainger has more than 20 years of successful experience offering small and diverse companies opportunities through two core programs. Started in 1999, Grainger's Supplier Diversity Program is designed to grow this sector of the economy while helping customers get their jobs done with quality products made by women, minority, disabled, veteran and LGBTQ-owned businesses. This year, 170 Certified Supplier Diversity businesses offered more than 38,000 items to Grainger's U.S. customers. In 2016, Grainger customers spent approximately $157 million on products supplied by these organizations.

170
Certified supplier diversity businesses

Distributor Alliance Program

Since 2006, the Distributor Alliance (DA) Program has helped customers support Diverse Business Enterprises while consolidating maintenance, repair and operating purchases. Over 60 DA members resell the full 1.6 million products offered by Grainger and provide services to customers with mandated procurement goals to support small businesses and provide employment opportunities to women, minority and veteran-owned businesses. The DA member is one of the many points of contact for the customer, including regional business managers who mentor the diverse DA members and act as a liaison between Grainger, the end customer and the DA.

$157M+
Total supplier diversity spend

As with all of our catalog suppliers, we monitor each partner's performance with a monthly balanced scorecard. We provide feedback and offer assistance in performance areas where improvement is needed. We seek to provide meaningful focus in pragmatic areas where efficiency can be gained and effectiveness can be improved.

Ethical Sourcing

Conflict Minerals As a distributor of hundreds of thousands of branded and private label products manufactured by thousands of other companies located around the world, Grainger is invariably many levels away from the beginning of the supply chain for the products it distributes. Even so, Grainger is committed to acting in a socially and environmentally responsible manner and we take our responsibility within the supply chain seriously. Grainger supports the goal of the Dodd-Frank Act of preventing armed groups in the Democratic Republic of the Congo and adjoining countries from benefiting from the sourcing of certain minerals from that region.

Sustainable Packaging As part of Grainger's commitment to ethical sourcing, we work closely with suppliers to identify potential opportunities to minimize unnecessary packaging while reducing the risk of damage to the products we offer. In 2015, the company introduced Supplier Packaging Guidelines to its U.S. and GGS suppliers to encourage suppliers to take sustainability into account when making packaging decisions. The guidelines include best practices to help reduce damage and waste while maximizing recyclable materials.

A Bright Idea

In 2016, all U.S. Grainger distribution centers transitioned packaging materials for light bulbs from foam to kraft paper made with 100 percent recycled raw materials. The paper is produced at a paper mill certified by the Sustainable Forestry Initiative with a closed water system that produces no municipal wastewater. The transition was a win-win-win: a cost savings for Grainger, easy to recycle for our customers and better at protecting our light bulbs.

CSR Governance

CORPORATE GOVERNANCE

Governance at Grainger is built around the long-term interest of our shareholders and is supported by the commitment of our Board of Directors to monitor and provide counsel to our executive leaders in their efforts to maximize our overall performance.

Governance at Grainger

Our commitment to Corporate Social Responsibility begins with our Board of Directors. Our board, guided by the Operating Principles for the Board of Directors, is responsible for the overall stewardship, governance and performance of Grainger. The board oversees the company's business affairs and integrity, works with management to determine the company's mission and long-term strategy, establishes internal control over financial reporting and assesses company risks and strategies for risk mitigation.

In accordance with the Operating Principles for the Board of Directors, the board maintains three committees: Audit Committee, Compensation Committee and Board Affairs and Nominating Committee. The board has delegated authority to each committee through individual charters that establish the roles and responsibilities of the committees in accordance with Grainger's Bylaws and the Operating Principles. Only independent directors serve on these committees.

Among the responsibilities of the Board Affairs and Nominating Committee is reviewing and providing guidance to management on our Corporate Social Responsibility policies and programs, including environmental sustainability and community engagement.

CSR Governance

Corporate Social Responsibility Governance

Grainger strives to serve others responsibly. To do so, we harness the power of our sound business principles, strong policies, sustainable facilities and engaged workforce to drive the investment and strategic alignment of our Corporate Social Responsibility program.

Structure and Strategy The Corporate Social Responsibility Working Group, established in 2014, is led by a senior executive and is composed of leaders and subject matter experts in targeted functional areas. These individuals lead teams that support initiatives within our four pillars and are responsible for implementing programs to drive progress against our citizenship goals.

The executive sponsor of the CSR Working Group provides guidance on the implementation of our Corporate Social Responsibility initiatives, and ensures that program development is designed with our business objectives in mind.

The Charter for the Board Affairs and Nominating Committee of our Board of Directors includes the responsibility to review and provide guidance to management about our policies and programs that relate to Corporate Social Responsibility, including environmental sustainability and community engagement. It conducts this review on an annual basis, with information provided by the CSR Working Group.

Our team members' engagement with these programs helps embed corporate stewardship into the fabric of our company. By volunteering in our communities, participating in our Green Ambassador program and collaborating on cross-functional projects, our team members bring to life our citizenship ambition as we help each other grow and succeed.

WHAT'S COMING IN OUR 2017 REPORT

- Insights from our 2017 stakeholder engagement process and materiality assessment

Valuing Our People

Grainger's purpose is to help professionals keep their operations running and their people safe while creating a company where dedicated, talented people can thrive. This commitment comes to life in a number of ways, including our commitment to Workplace Safety, and through our dedication to the people who make Grainger A Place to Thrive.

Inclusion and Diversity

WORKPLACE SAFETY

Grainger is committed to providing a safe work environment and ensuring team members are properly trained in all aspects of their work. Therefore, the company's Environmental, Health and Safety Program (EHS) is designed to integrate EHS initiatives into all aspects of business operations. The program encompasses five key components as follows:

- Leadership provided through partnership with Operations and EHS Teams;
- Policy Guidelines outlining company and regulatory requirements;
- Education and Awareness which is disseminated throughout Grainger's Operations;
- Goals and Measurements defined as Key Performance Indicators; and
- Monitoring and Recognition to evaluate progress intermittently throughout the year and recognize achievements.

EHS is also responsible for interpreting and acting upon applicable federal, state and local regulations and/or proposed legislation relevant to the Occupational Health & Safety Administration (OSHA), Environmental Protection Agency (EPA), and the Department of Transportation (DOT). Our safety program infrastructure is designed to have tangible links from Grainger headquarters to field operations with local expertise and resources allocated to support implementation regionally.

"At the core, safety is the foundation that our branch network metrics, goals and our everyday tasks rest on."

Safety Performance

Since 2011, Grainger's injury rate for all U.S. team members has declined by 13%. During 2016, our managers conducted more than 11,000 behavior-based observations accounting for 2,308 hours of coaching. In addition, our team members logged over 22,000 safety training hours.

22,000 safety training hours

Grainger team members spend 22,000 hours training in the U.S.

100%

Of operational team members completed safety training

"Creating and supporting an environment that allows our team members to go home safe after work each day is our number one priority. We have a number of practices dedicated to achieving this goal including required safety training for all team members, a dedicated safety council, and frequent leadership reviews of ongoing safety practice adherence during market visits.

While these practices are important to us, what I am most proud of is the true passion that we share for the well-being of each and every member of our team."

DAVE LAGONER
VICE PRESIDENT, U.S. BRANCH NETWORK

Training We know that in order to get everyone home safely, our safety practices and principles must be fully embedded in our corporate culture. That is why we ask all team members involved in shipping our products to complete extensive training so they can confidently perform their duties. We provide very clear parameters to our safety leaders to ensure that every team member has the knowledge they need.

All operational team members continue to demonstrate their personal commitment to safety by completing the required certifications. In addition, team members re-certify at least every three years and, in some cases, annually. Team members also complete training to fully understand the expectation of behaviors defined by the Global Environmental Health and Safety Policy. Although precise year-over-year training numbers can fluctuate due to the staggered recertification process, in 2016, our team members completed 22,000 hours worth of training.

Safety Culture

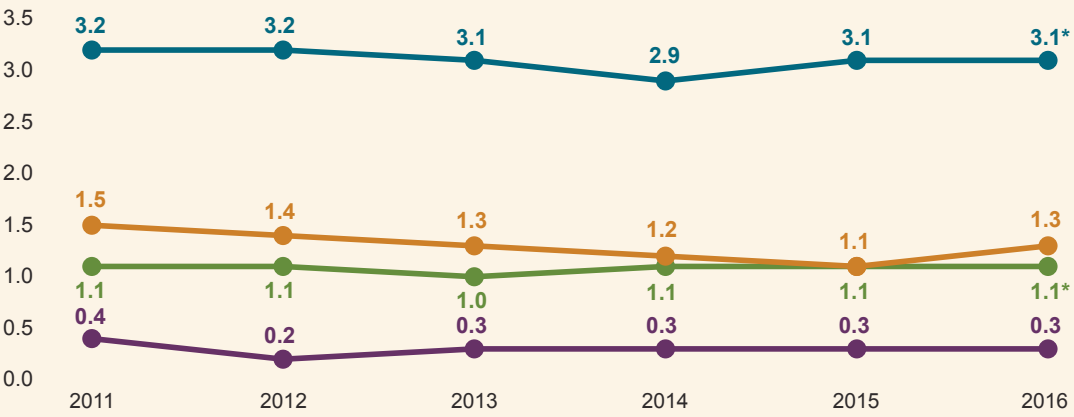
Our EHS program is driven by engaged team members who are committed to maintaining a strong culture of safety protecting themselves and their colleagues and creating a safe environment every day. Each Grainger U.S. distribution center (DC) has a dedicated Area EHS Manager who helps ensure operations are safe and effective. The company's Global Environmental, Health and Safety Policy requires team members to understand and comply with EHS regulations related to facility safety, personal protection and emergency response.

To support this culture, we have several initiatives that provide team members with opportunities to be active participants in safety processes. These include:

- Conducting safety audits and inspections
- Leading safety training and safety reminder discussions during pre-shift huddle meetings



Safety Committees Our team members assist in safety stewardship and injury prevention through their leadership and participation in our safety committees. These committees were created to align safety-related solutions across DC operations.

Safety committee meetings are executed monthly, foster observational and data-driven decision-making, and ensure common resolution and consistent execution within our DC operations. Leadership of these committees rotates, providing development and recognition opportunities for improvement. “On-the-Floor” meetings enable team members to take walks through a facility and identify opportunities to create a safer working environment. “Off-the-Floor” meetings encourage team members to share safety trends and the chance to review safety videos. These committees create greater engagement among our team members and foster a more team member-led safety culture.

96

Contractor service organizations onboarded

Contractor Safety Program From time to time, contractors enter our facilities to assist in the maintenance of our facilities or systems. Although these contractors are not Grainger team members, they are expected to work in the same safe manner as Grainger team members. Contractors provide important services to the company but may be unfamiliar with their surroundings. Through the creation of this contractor safety program, which includes training and audits, we can create a safe environment for all individuals on-site. Since the implementation of this program, we have on-boarded 96 contractors onto our EHS Management System.

Systems and Partnerships

Technology Grainger continues to align and standardize safety programs across the company’s operations through its web-based EHS Management System, which helps turn complex, global compliance requirements into multilingual, actionable processes and identifies safety risks and trends across geographies. The Digitized Injury and Illness Reporting Module of the system is active in the company’s U.S. operations and the company began implementation in the UK in 2016.

Partnerships Grainger is the National Founding Sponsor of the National Safety Council’s Journey to Safety Excellence.® This initiative mainly targets small-and medium-sized organizations, offering measurement tools and easy-to-access resources to help keep team members safe and healthy.

Acklands-Grainger is the National Founding Sponsor of Canada’s Safest Employers Award, a nationwide competition to raise awareness about the importance of safety in the workplace.

A PLACE TO THRIVE

We work hard to cultivate a great work environment for our team members because they are critical to the success of our business. We know that a great customer experience starts with a great team member experience and those experiences are driven by engaged and effective leaders. We provide our team members with training and development designed to help them succeed and grow their careers. We focus our efforts in three areas: talent management, team member well-being and creating an inclusive and diverse workplace.

Team Member Experience

Grainger is continuously improving our team member experience. We support each team member through talent management and team member learning programs, and we encourage career and leadership development at each stage of a team member's tenure.

Talent Management We offer a comprehensive talent program that begins at orientation and continues throughout a team member's career. This is aligned to our business strategy; our company succeeds when we equip and energize team members to excel. Our talent program is comprised of career management, team member learning, performance management, and leadership development offerings to help develop and mobilize our team members to grow and succeed.

GRAINGER TALENT MANAGEMENT

211,000+
Total number of training hours completed by team members

Team Member Learning
Our team members continue to learn and develop as the needs of our business change. Whether a team member requires role-specific training, foundational skill training or leadership training, Grainger offers 569 courses through our Learning Management System, and 201 courses through our Mobile Learning Platform for Sales as well as formal mentoring opportunities and on-the-job development. Through these opportunities, team members can grow in their current roles while developing skills for the future. In total, Grainger team members completed more than 211,000 non-operational training hours in 2016. The average number of training hours per team member was 13.

569 classes offered through learning management system

201 course offerings through sales mobile learning platform

Leadership Development We create a sustainable workforce through the development of strong leaders from all parts of the business. Our leadership development process succeeds by:

- Creating a strong bench of well-prepared leaders
- Enhancing organizational effectiveness and team member engagement through strong leadership

Grainger's commitment to the growth of its team members is exhibited through its leadership development programs. These multi-week, cross-functional sessions are targeted toward key team members world-wide. Offerings include Grainger's Global Emerging Leader Program, First Time Manager Program and Global Experienced Manager, a program added in 2014 for frontline and mid-level managers. Each program is designed to provide guidance to leaders wherever they are on their leadership journey. 1,029 team members participated in these programs in 2016.

STAGES OF LEADERSHIP DEVELOPMENT

Houses Performance Reviews, Individual Development Plans, Talent Summaries, and Job Postings.

In 2016, Grainger increased its investments in leadership effectiveness as part of its people strategy. Additional investments include implementing a people leader effectiveness goal, an upward feedback survey which allows team members to provide anonymous feedback to their leaders to help them grow and accelerating leader participation in leadership programs. Increasing the investment in leader effectiveness enables strong people leaders at every level of the company, which in turn has a significant effect on Team Member Experience and, ultimately, customer experience and business results.

100%

Of team members participate in performance reviews

Performance Management Performance Management is a continuous process that helps team members focus on the right priorities. Team members receive regular feedback and coaching to improve their performance and are provided with opportunities to help them grow and develop. Each team member develops three to five clear, meaningful goals that are aligned to company strategy and receive biannual performance assessments based on progress against goals and demonstrated behaviors.

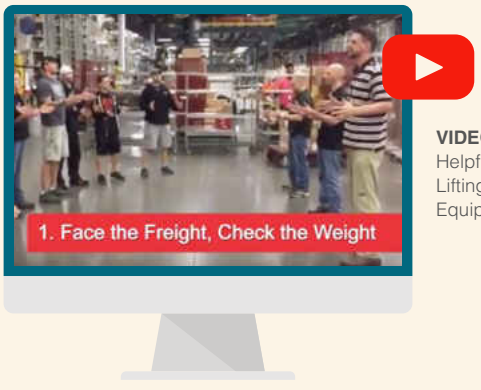
Development Planning and Career Management

All team members are required to have a robust Individual Development Plan (IDP). An IDP is a documented plan shared between a team member and their leader that outlines a team member's plan to grow and develop in their current roles and to prepare for future roles at Grainger. Additionally, we offer career planning tools for team members to explore new roles in different parts of Grainger's business. A role library provides real life stories from team members that work in different functions, and self-assessments allow team members to discern opportunities that might be a strong fit.

Team Member Well-Being

At Grainger, we encourage our team members to take charge of their health and create their own wellness journey. Our benefits are designed to meet the diverse needs of our team members and support their health and well-being, financial future and work-life balance. Team members are given access to general health resources, disease management resources, online support communities, a 24-hour nursing hotline and many other resources so they can get timely health-related advice. We regularly seek team member feedback and conduct external compensation and benefits-related benchmarking to remain competitive in each of the markets in which we operate.



In addition, we provide variable health coverage, time off and retirement savings, as well as a variety of other health and wellness programs to U.S. team members. Each program is refined with a team member's geography in mind, and additional benefits may include life and accident insurance, dental and vision insurance, disability insurance, paid holidays, product discounts, educational assistance, parental time off and team member profit sharing.

3,400
Team members participating in Industrial Athlete Program

Industrial Athletes

Bending, twisting and lifting might describe a day in the life of a professional athlete. But the people who work in our distribution centers climb stairs, twist through small areas and lift heavy equipment. Therefore, Grainger developed the Industrial Athlete Program to prevent pain and injury, and encourage well-being. The program combines conditioning exercises and stretching and is designed to improve the physical and mental resilience of team members. Our goal is for team members to be able to fully engage in life without pain and injury and stay in the game for themselves, their families and their career.

Team members experience improved flexibility, higher energy levels, a more positive outlook, greater resistance to injury and disease and an enhanced ability to handle stress on and off the job. Those who participate in the program are also given tools, like physical therapy, to recover more quickly if an injury occurs.

Total Rewards Road Show At Grainger, our long-term success is the direct result of team member collaboration and individual contribution. In return for everything our team members do, we deliver an above-market benefits program we call *Total Rewards*—with lots of flexibility and choice, and the opportunity for our team members to actively participate in the benefits that are most important to them.

In 2016, we traveled to 19 of our largest facilities to conduct the Total Rewards Road Show, an expansion of our health and benefits fair, with representatives from many of our core programs. The Total Rewards team and our program partners were on-site to engage in personalized dialogue with team members. Our approach is innovative and builds awareness and accountability for our team members around the services available to them as a member of Grainger's team. Our team's purpose during the roadshow was to:

- Reinforce the value of Grainger's Total Rewards offerings
- Increase engagement, utilization and program and plan participation
- Create a closer, personal connection between team members and Total Rewards program
- Help team members understand the tools and resources available

Inclusion and Diversity

At Grainger, focusing on our common purpose and leveraging our differences makes us extraordinary. We are deeply committed to a culture of inclusion that is meaningful to our team members, allowing us to attract, develop, engage and retain the best talent available. We serve the business needs of an increasingly global and diverse customer base, and we strive to ensure our team reflects this rapidly changing world. Inclusion and diversity is integral to Grainger's business success, and the company is committed to fostering an inclusive environment where all team members feel safe, valued and encouraged to voice their opinions, regardless of age, gender, race, ethnicity, sexual orientation, veteran status, disabilities or backgrounds.

The company reinforces its commitment to inclusion and diversity by offering instructor-led and e-learning courses such as *Inclusion and Diversity: A Business Imperative* and *The Inclusive Team Member*, which help team members understand the business case for diversity, explore the enabling mindset and behaviors that facilitate inclusion in the workplace, respond effectively to differences and increase the level of inclusion in their work area. Another offering, *The Inclusive Leader*, equips people leaders with inclusive behaviors, skills and best practices around attracting, developing, engaging and retaining the best and brightest people at Grainger.

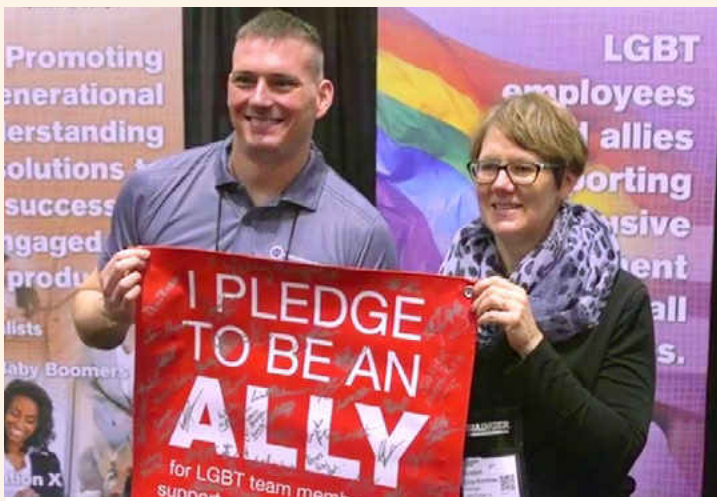
Business Resource Groups Grainger has eight Business Resource Groups (BRGs) that foster team member engagement and help team members share information, ideas, experiences and resources. These groups provide peer support, career development and mentoring opportunities, in addition to raising awareness, through a variety of discussion groups and activities that are open to all.

OUR BRGs

- Administrative Business Partner
- African American
- Asian-Pacific Islander
- Equality Alliance
- Generational
- Latino
- Veterans and Military Supporters
- Women's



Approximately 3,500 U.S. team members participate in the BRGs. Every BRG has an executive sponsor who works with these team member-led groups to help us create the right work*place* by fostering inclusion and create the right work*force* by attracting, developing and retaining top diverse talent. They have helped support the business strategy by creating unique value for different customers and reducing cost, and they have contributed to our communities as responsible stewards. In 2016, the BRGs contributed $48,000 in donations and volunteered with 14 different organizations including One Million Degrees, Girls on the Run, Uhlich Children's Advantage Network, i.c. stars and Junior Achievement.

A+

Grainger's perfect score on The Corporate Equality Index for the past three years

The Equality Alliance

The Equality Alliance BRG had a number of accomplishments in 2016, including creating a program of 1,500 Allies across the company dedicated to demonstrating acceptance and mutual respect, while advocating for the equality and fair treatment of all. Grainger is proud to foster a positive environment for all Grainger team members.

In addition, the team launched two new chapters in the U.S. and one in Canada, helped expand our product offering to include gender neutral restroom signs and sponsored a team member engagement event in support of National Anti-Bullying Day. Finally, Grainger earned a perfect score on the 2017 Corporate Equality Index. This marks the third consecutive year the company garnered this designation, which comes with the designation of "Best Place to Work for LGBT Equality" by the Human Rights Campaign Foundation.

WHAT'S COMING IN OUR 2017 REPORT

- Safety DNA: leadership development through operations
- Implementation of 1:1 behavior-based safety coaching for select international locations
- Expanded metrics on our talent ecosystem

The African American BRG

In 2016 the African American Business Resource Group (AA BRG) launched a series of career symposiums, chapter development and community outreach projects to align with its "Reach Beyond" theme.

To begin the year, the AA BRG sponsored its second annual mixer at Grainger's National Sales and Service Meeting. Attendees celebrated Black History Month, recognized Dr. Martin Luther King's birthday, networked and met with Grainger's leadership team. Also in 2016, the AA BRG provided coaching and mentorship to team members transitioning to new roles while establishing a new chapter and strengthening an existing chapter. Lastly, in 2016, the AA BRG and our Talent Acquisition team teamed up with National Sales Network to connect with 135 prospective diverse candidates, interview 74, and hire 15 new team members onto the Grainger team.

Sustaining Our Environment

At Grainger, we are committed to conducting business in an environmentally responsible manner, while working to reduce energy use and minimize waste in our operations. To do so most effectively, we focus on the environmental challenges within the material parts of our business: our operations, our products and our supply chain.

IN THIS SECTION

OUR APPROACH
- Our Operations
- Our Products
- Our Supply Chain

OUR OPERATIONS
- Greenhouse Gas Emissions
- Recycling and Waste
- Water Conservation
- Anatomy of a Sustainable Distribution Center

OUR PRODUCTS
- Environmentally Preferable Product Offering
- Easy Search and Select for Greener Products

OUR SUPPLY CHAIN
- Supply Chain Stewardship
- Transportation

OUR APPROACH

We work to continuously improve our environmental performance across our value chain from our suppliers through our operations and to our customers. We encourage stewardship in our operations, and seek to share the lessons we have learned with others. We partner with several third party sustainability organizations, such as the CDP (formally known as the Carbon Disclosure Project), the GreenBiz Executive Network, the U.S. Environmental Protection Agency, Smartway program, UL Inc. (formerly Underwriter's Laboratories, Inc.) and the U.S. Green Building Council to help us align our environmental investments with our stakeholders' expectations.

Our Operations

We primarily focus our efforts where we can have the most influence. Grainger's DCs account for roughly 38 percent of our operations and will proportionally increase as we expand our service offering. Inherent to this footprint is an opportunity for energy management. We closely monitor our energy consumption and improve our green energy mix by researching sustainable solutions to increase efficiency and utilize renewable energy. When possible, we invest in onsite renewable energy, purchase renewable energy credits and green tariffs.

>>Learn More About Our Operations

Our Products

Grainger provides customers with the products they need to keep their businesses running over the long term. As part of this, we work to understand how these products affect the environment. Our customers have increasingly requested environmentally preferable products and we stock them to improve our service. We currently offer more than 72,000 products that help customers maintain sustainable facilities through efficient energy management, water conservation, waste reduction and air-quality improvement.

>>Learn More About Our Products

Our Supply Chain

We view our suppliers and vendors as our allies in improving our emissions and waste reduction performance. We rely on a network of third-party carriers to meet our transportation needs, we work with our largest suppliers to innovate and improve our distribution packaging, and collect data and share best practices in sustainability across our value chain by expanding our partnership with the CDP to include suppliers who participate in the CDP Supply Chain Program.

OUR OPERATIONS

Climate Change Disclosure We recognize that climate change is a significant global issue. The company is taking steps to more effectively manage its energy use and greenhouse gas (GHG) emissions. Grainger has participated in the CDP since 2009, providing detail on business risks and opportunities related to climate change. In 2012, we became the first industrial distributor to publicly disclose its carbon footprint.

CDP

Grainger maintains the A- CDP score for two years in a row

We are proud to have received an A- rating for the second year in a row, highlighting our commitment to transparency about our GHG emissions.

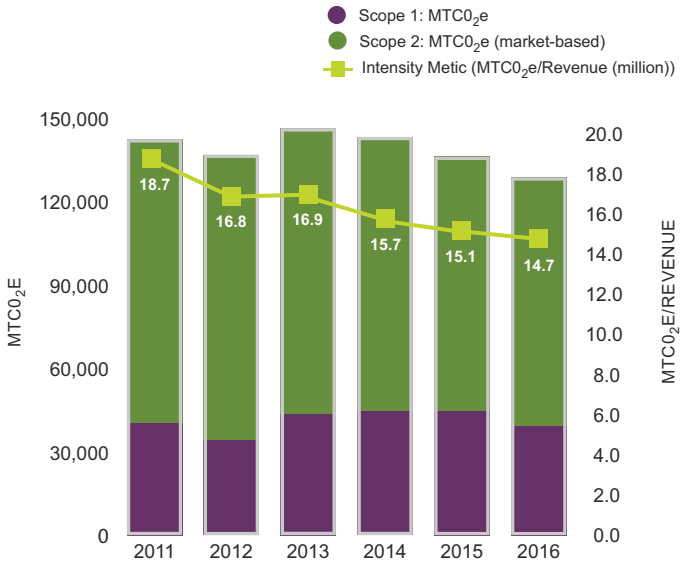
Greenhouse Gas Emissions

We are committed to the global effort to reduce GHG. We focus our reduction strategy around two specific areas: reducing GHG intensity and waste in our own operations and supporting emissions reduction in our supply chain through increases in transparency. Scope 1 emissions are direct emissions from owned or controlled sources. Scope 2 emissions are indirect emissions from the generation of purchased energy.

Scope 1 and 2 We chose 2011 as our baseline year, in which emissions totaled 142,306 metric tons. During that period, we have reduced Scope 1 and Scope 2 emissions by nearly 10 percent. In 2016, our Scope 1 and 2 GHG emissions were 128,572 metric tons. To help offset these emissions, we participate in green energy procurement.

Intensity Target In 2013, Grainger became the first industrial distributor to set a GHG reduction goal. Our target is an intensity goal for GHG over revenue: to reduce our North American Scope 1 and Scope 2 GHG emissions per unit revenue 33 percent by 2020. The goal was designed to be achievable, yet challenge our operations to identify innovative ways to operate more efficiently. We are currently more than half way to our goal, and have reduced intensity to 14.7, a 20 percent reduction since 2011. A 33 percent reduction by 2020 goal focused Grainger on doing business the right way by investing in renewable energy and energy efficiency.

To drive progress toward this goal, our GHG target is included in the performance appraisals for our corporate sustainability team. In addition, energy reduction and efficiency projects reduce utility expenses and improve operating expenses, indirectly effecting profit sharing for U.S. team members.



Intensity Target

33%

GHG Reduction By 2020 Goal

SCOPE 1 AND SCOPE 2 EMISSIONS WITH INTENSITY

Grainger's intensity metric includes the GHG emissions from operations that were under direct operational control as of 2014, the year our goal was set. This includes Grainger, Inc. in the U.S., Grainger Mexico and Acklands-Grainger in Canada. Starting in 2015, Grainger improved its calculations to include all business within operational control after 2014. We verified only our U.S. data through a third party in 2011. Therefore our Base Year calculations include estimates for Acklands-Grainger and Grainger Mexico. We calculated these estimates using the average of 2012 and 2013.

Recycling and Waste

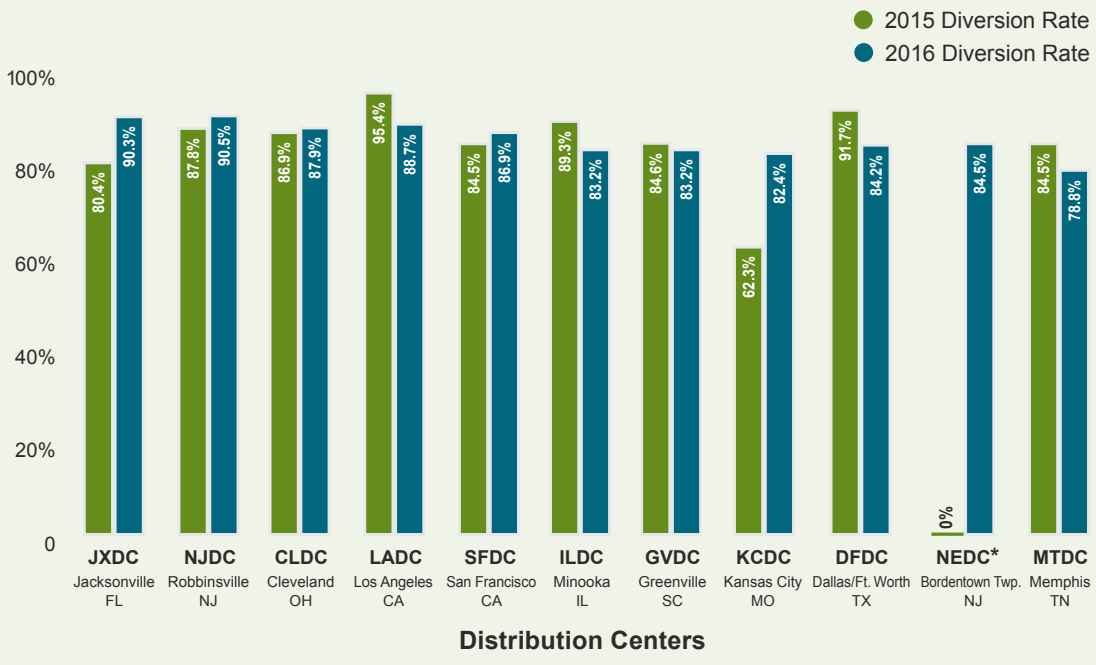
By standardizing recycling practices and sharing best practices across its network, we are continually improving the recycling rate in our U.S. distribution centers. Teams are trained to use a color-coded system to separate and bale materials such as cardboard, plastic wrap and metal and are encouraged to share and test ideas for ongoing improvements. As a result of these efforts, our diversion rate has increased for four consecutive years.



Water Conservation

Grainger does not directly manufacture the products it sells so our water consumption is minimal. However, we do measure our water footprint and look for opportunities to reduce usage, such as installing water efficient fixtures and evaluating the landscaping irrigation programs at our largest facilities. Grainger's total water consumption in the U.S. in 2016 was 514,802 cubic meters.

DC NETWORK DIVERSION RATE
(Amount of waste diverted from a landfill)

DC RECYCLING RATE

*New DC brought into the network in 2016

HIGHLIGHTS

- **The DC network recycling rate finished 2016 at 84.7 percent.**
- **KCDC saw the highest improvement with a 20 percent improvement in their 2016 diversion rate.**
- **The recycling rates at JXDC, NJDC, CLDC and SFDC also improved in 2016 vs. 2015.**
- **NEDC finished at 84.5 percent in the first year of operations at the facility.**

ANATOMY OF A SUSTAINABLE DISTRIBUTION CENTER

LED LIGHTING
Approximately one quarter of our operations use LED lighting with occupancy sensors, reducing electricity consumption by 80 percent compared to conventional lighting.

ELECTRIC CAR CHARGES
Grainger encourages team members to use electric cars by installing charging stations closest to the entryways.

ROOF
Light-colored materials reflect heat, while dark roofs, such as those made of asphalt and tar, absorb heat, driving up air-conditioning consumption in order to offset it.

NATURAL LANDSCAPING
The landscaping at our distribution centers are designed to work with the natural environment, reducing the need for irrigation.

RECYCLING
We design our distribution centers with conveyor systems that help Grainger sort recycling from the waste stream.

RENEWABLE ENERGY
We have installed 5.3MW of renewable energy on the rooftops of our DCs.

BUILDING MANAGEMENT SYSTEMS
A state of the art building automation system controls HVAC, Lighting, and building systems, reducing energy consumption by 10 percent.

LEED CERTIFICATION
Six of our distribution centers are LEED certified which helps ensure the design of the building is built to high standards of efficiency.

OUR PRODUCTS

Environmentally Preferable Product Offering

Partnering with our suppliers, we work to create a more sustainable workplace for our customers and our communities through our offering of environmentally preferable products. These environmentally preferable products are designated on Grainger.com® by a green leaf and totaled more than $556,000,000 in sales in 2016.

Easy Search and Select for Greener Products

For a product to be classified as environmentally preferable it must maintain one or more environmentally preferable attributes or third-party certifications such as WaterSense®, ENERGY STAR® or Green Seal. We ask our suppliers to provide these attributes or certifications, and our external partner, UL Inc., verifies the viability of the attribute to the product.

$556,000,000+
Sales In Green Product In 2016

Green Ambassadors

In 2016, more than 100 Grainger team members registered to serve as Green Ambassadors, a group of team members who are passionate about the environment and work together to raise awareness and change behavior for the good of our business and the planet. The program encourages sharing sustainability best practices among Grainger locations and offers opportunities for grassroots involvement.

1,300
Sustainability Tasks Completed by Green Ambassadors

For example, in 2016, the Green Ambassadors organized an Earth Day event at our Lake Forest headquarters. More than 20 vendors displayed green products from Grainger.com® that help team members reduce their environmental footprint at home and at the office. The team also ran a recycling drive for household materials that often are hard to recycle at home. They collected shoes, paper shredding, batteries and wine corks. During the year, our ambassadors completed more than 1,300 sustainability tasks and are the lifeblood of our sustainability efforts.

$8.1B
Emissions Reduction Investment

76m tCO_2e
Total CO_2 Reduction

$723M
Annual Emissions Reduction Savings

OUR SUPPLY CHAIN

Supply Chain Stewardship

We are proud to have received an A- rating for our supply chain survey.

Addressing emissions across our value chain is as significant as addressing them in our own operations. That's why we're engaging with suppliers through the CDP Supply Chain survey to create more change than would be possible on our own. In 2016, this partnership helped us engage with our suppliers to learn more about their emissions reduction strategies. We successfully completed our pilot year with responses from more than 80 of our largest vendors. In total, our suppliers' efforts reduced 76 million metric tons of CO_2 resulting in more than $700 million in annual savings for their respective businesses.

Transportation

Grainger relies on a network of third-party carriers for its transportation needs. The company works closely with these providers to continually identify opportunities to maximize efficiency and minimize fuel use. In 2016 Grainger improved container utilization, resulting in an annual reduction of 27.4 CO_2 metric tons. Grainger continues to be the only industrial supplier to be recognized by the U.S. Environmental Protection Agency (USEPA) as a SmartWay® partner. The program provides a forum for the USEPA and businesses to collaborate in order to improve the environmental efficiency of their supply chains by reducing GHG emissions and air pollution.

DISASTER PREPAREDNESS AND RESPONSE

Pride in service, our products and our supply chain expertise make us a natural leader in disaster preparedness and response, and as a result, we have been a long-time partner of the Red Cross. In fact, Grainger has donated nearly $17 million in cash and product to the American Red Cross since 2001 and the Canadian Red Cross since 2009.

Each year, the American Red Cross responds to disasters across the country—from home fires to tornadoes and severe winter weather, hurricanes and floods to transportation accidents and explosions. The Red Cross not only provides food, shelter and clothing but also offers comfort and care to those affected by disaster during their time of greatest need. Through our relationship with the American Red Cross, we continue to leverage our resources, best practices in logistics, team member engagement and technology to assist in the accomplishment of their mission.

Giving

As a supporter of the American Red Cross Annual Disaster Giving Program® (ADGP), we invest in disaster relief before the disaster occurs, ensuring the Red Cross can pre-position supplies, secure shelters, maintain vehicles and train volunteers nationwide.

In 2016, we committed to the $1 million level of AGDP support for the American Red Cross during its 2017 fiscal year. These funds will be used to provide for signature programs like AGDP, activities like fire alarm distribution and installation, increased volunteer engagement and local emergency response vehicles. A large part of this support was Grainger's contribution to replenish nearly $400,000 worth of supplies when the Red Cross' inventory was depleted by Hurricane Matthew and the floods in Louisiana.

50,000+

Smoke Alarms Donated (As of 2016)

One-on-One

Celena Roldan, CEO of American Red Cross of Chicago, sat down with Grainger's Fred Costello, Vice President of Grainger International to discuss his work as a member of their Board of Directors.

CELENA ROLDAN
CEO OF AMERICAN RED CROSS OF CHICAGO

Eileen T. Meslar / for the Chicago Tribune

CR: *The first question I ask anyone who wants to get involved with us is – why the Red Cross? What motivated you to give your time and become a board member of the Red Cross?*

FC: I personally admire the commitment it takes to run an organization that has to be in a constant state of emergency. You deal with so many disasters that would cripple an individual if he/she solely had to deal with the devastation encountered as a result. Although I feel I can contribute professionally and personally to your mission, I also feel because of the complexities of the issues you help others face, I can truly make a difference in a meaningful, powerful way.

CR: *What do you think are Grainger's most valuable contributions and investments to the Red Cross and its mission?*

FC: Grainger's expertise in the areas of supply chain operations and logistics. I'm proud of all we do to support the Red Cross, but what stands out for me is when we partnered to help you build Volunteer Connection, a resource to mobilize volunteers across the nation to support disaster relief. This is one single effort that drives home the notion of making a meaningful, powerful difference! This is something we believe in not only as individuals, but also as an organization.

CR: *In your view, how does our partnership benefit Grainger team members?*

FC: Our Red Cross partnership has given our team members a means by which to unite to support a single organization's mission and purpose. As a company, it is important to us to collaborate to resolve issues or concerns for our customers, investors, team members and the community. The Red Cross partnership allows us to use our many resources – human, expertise and in-kind – to support local communities when they need us most.

130
Lives Saved by Smoke Detectors

Home fires are the most common disaster in the U.S., and the Red Cross responds to one every eight minutes. In 2014, the Red Cross launched a nationwide campaign aimed at reducing home fire deaths and injuries by 25 percent in the next five years. Grainger supports the program with an annual donation of smoke detectors, which are installed by volunteers and fire departments in at-risk communities. The campaign makes a huge difference, as more than 656,000 smoke detectors have been installed since the beginning of the program, including more than 50,000 donated by Grainger thus far, and more than 130 lives have been saved.

Team Member Engagement

Grainger is the National Founding Sponsor of the Red Cross Ready When the Time Comes® (RWTC) corporate volunteer program in the U.S. and Canada. More than 1,700 Grainger team members have been trained as RWTC volunteers. Volunteers have helped the Red Cross respond to fires, floods and storms and have also become important preparedness partners, helping the Red Cross with disaster relief product kitting and smoke alarm installations.

VIDEO: American Red Cross Responds to Home Fires Across the Country

One-on-One (continued)

CR: *Are there any examples that you can share to illustrate how close and supportive our partnership has become?*

FC: Our team members are passionate and continue to find creative ways to engage with this partnership. Our BRGs and Total Rewards team partnered with the Red Cross to recognize National Preparedness Month. Together, they held blood drives, hosted speakers, rallied to pack comfort kits for survivors of home fires and provided education to team members during the Total Rewards Road Show. The Red Cross was the first non-profit partner we have engaged with in that way.

FC: Celena, I'd like to ask you a few things now. Of the opportunities we've shared to connect our team members with the Red Cross, what stands out most to you?

CR: *In 2014, we launched a national initiative to reduce deaths and injuries from home fires in the U.S. by 25 percent by 2020. Grainger provides tens of thousands of smoke alarms for this initiative, and your team members volunteer to visit homes, install alarms, and better prepare households. I am so proud that the very first officially documented life saved in this initiative was an alarm that Grainger donated. Through the volunteer efforts of your team members, lives are being saved.*

FC: How can we help the Red Cross leverage Grainger's expertise to deliver the services you provide to the community?

CR: *You mentioned Grainger's expertise in supply chain operations and logistics. In 2014 Grainger helped us streamline our national warehouse operations, which was extremely valuable. Our model requires a consistent and reliable supply chain to be effective, so we work to shield our logistics against new and emerging risks. Grainger's thought leadership helped us recognize assumptions we had about our inventory planning and supply chain.*

FC: How have you seen Grainger strengthen our partnership?

CR: *Grainger has been such a long, steadfast partner of the Red Cross. A key collaboration that comes to mind is our Annual Disaster Giving Program® (ADGP). As an ADGP member, Grainger provides the Red Cross with sustainable, non-episodic funding that is critical to plan and invest before disaster happens. This collaboration means that we can be there – day or night – to offer shelter, supplies, meals and hope after a disaster and during recovery, no matter how long it takes.*

FC: As a board, how do we help the Red Cross reach its mission?

CR: *Board members play a valuable role in helping the Red Cross fulfill its mission. We want to support, engage and recognize our volunteers, and we look to our board members to lead the symbiotic relationship with our partners. This year, our Board helped us identify new opportunities for growth and connect with potential new partners in our community. With your help, we further developed the resources and expertise we need to assist individuals and families in the face of emergencies and disasters.*

EDUCATION AND WORKFORCE DEVELOPMENT

Since 2001, Grainger has leveraged its passion for education and job training to create positive changes and new opportunities in our communities. We work with several nonprofit organizations to build a foundation of new possibilities for highly motivated students based on need. We leverage the strength and backing of our BRGs to partner with several organizations to provide guidance, funding and tools to students in our communities.

Giving

We invest in the future of the skilled trade workforce through our Tools for Tomorrow® scholarship program. Each year, Grainger works with the American Association of Community Colleges to offer two scholarships of $2,000 each at participating community colleges in the U.S. The scholarships are awarded to students in skilled trade and public safety programs such as plumbing, welding, automotive, construction, fire safety and law enforcement. Half of the scholarships offered are earmarked for veterans of the U.S. Armed Forces. In addition to the scholarship, Grainger provides tools to students after they graduate to help them launch a successful career. Since 2006, Grainger has donated more than $4 million to support technical education.

Tools for Tomorrow® 10th Anniversary Celebration

In 2016, we marked a full decade of support for the Tools for Tomorrow® scholarship program. What began as a way to support workforce development in the skilled trades has grown into a robust program dedicated to the success of highly motivated students who demonstrate commitment and aptitude in their field. To commemorate the occasion we awarded special one-time grants to the six community colleges most active in the Grainger Tools for Tomorrow® scholarship program, to three community colleges with the most students earning scholarships overall during the last 10 years and to three community colleges with the most veterans earning scholarships.

Tools for Tomorrow® Student Profile

There were 162 scholarships provided in the amount of $2,000 each awarded to 86 community colleges in 2016 as part of Grainger's Tools for Tomorrow® scholarship program. Chad Olson, a recently retired Marine and Reservist from Wisconsin, earned his Tools for Tomorrow® Scholarship in 2016 pursuing a career in Heating Ventilation and Air Conditioning (HVAC) at Blackhawk Technical College in Janesville, WI.

Photo left to right:

Kari Gates, Supervisor, National Facility Service Center; **Chad Olson**
Bill Koenig, VP, Mergers, Acquisitions & Integrations

"Throughout my 23 years in the United States Marine Corps and the Wisconsin Army National Guard, the process of exchanging heat and HVAC systems designed to meet specific needs piqued my interest. As a recently retired First Sergeant who is changing careers from logistics passed operations to a service technician with the Heating and Air Conditioning career field, the opportunity to help offset the cost associated with purchasing quality diagnostic tools was outstanding.

"The tuition assistance has allowed me to focus on the challenging aspects of HVAC training, and the Westward™ tool kit will be instrumental in the success of my transition from education to full-time immersion in the HVAC career field.

"I take great pride in a job that is complete and done right. As a technician, I've found that one of the best feelings is when I leave a service call and the homeowner thanks me because they noticed the attention to detail and because they feel confident that their system will work when needed."

Team Member Engagement

We are proud of the passion demonstrated by team members toward the causes they care most about. That is why we encourage our BRGs to align with nonprofit partners to echo the effect our team members have in communities where we live and work. In 2014, Grainger launched the BRG Community Fund to partner with each BRG to support local nonprofit organizations with programs that align collectively with our Inclusion & Diversity and philanthropic goals. A critical component of the fund is BRG collaboration and volunteer engagement. BRGs are encouraged to partner with community organizations where they can embed team member volunteer engagement to make a more meaningful difference. In 2016, the BRGs worked together to support community partners by giving time and money.

One Million Degrees In 2016, our African American and Latino BRGs partnered to support One Million Degrees (OMD). OMD is dedicated to providing comprehensive support to low-income, highly-motivated community college students to help them succeed in school, work and life. From tutors and coaches to financial assistance and leadership development, OMD provides tools and resources that empower scholars to transform their lives. Currently, Grainger is the second-largest provider of OMD coaches. As a result of our support of community college students, Grainger received One Million Degrees' inaugural Corporate Leadership Award.

YWCA Tech GYRLS Our Women's BRG partnered with YWCA of Metropolitan Chicago to support the TechGYRLS program, a youth empowerment program designed to raise girls' interest, confidence and self-efficacy in the critical areas of science, technology, engineering, arts and mathematics. The TechGYRLS program helps young girls develop the usage of technological tools, critical thinking and problem-solving skills in any profession they pursue. The program offers students a safe, supportive environment for exploration and learning using curriculum comprised of design, animation, programming and robotics.

Our Leaders in Action: Executive Board Placement Program

The Grainger Executive Board program is designed to accomplish the following goals:

- *Provide opportunities for executives to refine/enhance their leadership skills*
- *Raise awareness of Grainger in the local community*
- *Engage in civic activities that foster inclusion and diversity*
- *Cultivate strong and strategic partnerships with nonprofit organizations and civic leaders*
- *Enhance opportunities for team member volunteer engagement*

Currently, approximately 20 Grainger executives participate on Boards focusing on:

- *Education & Workforce Development*
- *Disaster Preparedness & Response*
- *Civic Engagement*
- *General Business*

"The opportunity to serve One Million Degrees while representing Grainger has been an amazing experience. The ability to serve the communities in which we do business, while providing an opportunity for team members to participate and engage is where we as an organization deliver against our corporate vision and strategy of delivering increased value. This is a win for the business, our team members, and the community. I am proud to serve in an organization that values investing time, energy and resources into the local community, and fully embracing the development of their team members through differentiated investments and experiences."

BRENT TOLLISON
VICE PRESIDENT OF COMMERCIAL SALES

"From the first time Brent came to see a One Million Degrees program, he was hooked. His enthusiasm and passion for our work serving highly motivated community college students is inspiring and infectious. But most importantly, Brent is a doer – a focused board member who works to engage his colleagues at Grainger to muster more support for OMD, while being a strategic thought partner who asks all the right questions and pushes us to do the best work for our scholars and staff."

LOCAL CIVIC AND COMMUNITY ENGAGEMENT

Matching Gifts Program

The Grainger Matching Charitable Gifts Program aims to amplify our U.S. team members' personal community support. Through the program, the company offers a 3:1 match of eligible team member contributions (up to $2,500 annually) to qualifying organizations.

The program places Grainger in an elite group of U.S. companies that match team members' contributions at this rate. Our intention is to encourage our team members to engage with the eligible non-profit organizations that matter most to them in their community.

$2.2M+ **Total Matching Gifts Contribution**

Community Grant Program

The Company is proud to participate with The Grainger Foundation in the Grainger Community Grant program to help address local community needs throughout the United States and Puerto Rico.

Under the Program, Grainger's Branch/Operations Managers and Distribution Center Directors identify charitable organizations in their local communities and make grant recommendations to The Grainger Foundation ranging from $5,000 up to $10,000. As a result of recommendations submitted throughout 2016, The Grainger Foundation made more than 1,100 grants totaling $6.6 million to a wide variety of organizations in the areas of health and human services, food banks, civic, disaster relief, and education.

The Grainger Foundation, an independent private foundation, was established in 1949 by William W. Grainger, the Company's founder.

Accelerating our Community Engagement through Partner Collaboration

We are only one organization, and we cannot solve the challenges we face in education, community engagement and disaster relief in isolation. To address the challenges we face in our focus areas, it is important that we look outside of our own operations and resources.

For example, for the last three years, we have received a 100 percent rating on the Human Rights Campaign's Corporate Equality Index for our practices, policies and procedures pertinent to our LGBTQ team members. One of the practices that has contributed to our success was the development of our Equality Alliance Business Resource Group (BRG) in 2013. Our partner, the American Red Cross, saw an opportunity to embrace great diversity among their own team members. We met with the Red Cross to share best practices integral to the success of our BRG, which they used to develop the first Red Cross LGBTQ Business Resource Group.

Community Engagement Survey

Our team members' commitment to their communities is a key ingredient in the success of our community affairs program. As the program develops and grows with our team, we wanted to better understand how connected our team members are to the partners and programs we offer. To do so, we sent a community engagement survey to 2,100 U.S. team members in various areas within the organization. Nearly 600 team members responded to the survey (approximately 33 percent of recipients).

The survey was designed to uncover how and when our team members become engaged in their local communities. The questions ranged from high-level: *How important is it to your engagement that Grainger offers volunteer opportunities?* to specific: *If we offered a company-wide service event, would you participate?*

65% Of Respondents

Want to participate in small and large volunteer events organized by their fellow team members

The results were overwhelmingly positive, and we have started to shape our strategy and programs in accordance with our findings. For example, 67 percent of team members agreed that they preferred to volunteer in small and large groups organized by a fellow Grainger team member. With that in mind, we organized on-site volunteer events with our partner, the American Red Cross, to pack comfort kits for survivors of home fires in honor of National Preparedness Month. In addition, our Veterans and Military Partners BRG also recruited volunteers to pack comfort kits for disabled veterans to recognize Veteran's Day. The kits included basic necessities such as toiletries, wash cloths and more. Together with our Red Cross partners, 60 members of the Grainger team packed 800 comfort kits in 120 minutes.

Mexico Grainger Mexico gave back to the community in a big way in 2016. Through their community affairs program, they support the elderly, at-risk children, childhood cancer, children with autism and refugees. Team Mexico generously donated $16 million pesos to local nonprofit organizations in cash and product, inspired 40 team members to participate in a blood drive, contributed 253.5 volunteer hours and supported over 288 members of their community. Team members also continued with internal recycling, waste reduction and energy saving programs.

Also in 2016, Grainger Mexico formed a Women's BRG of 18 team members empowering women inside and outside the organization.

Grainger Mexico was recognized for the second year in a row by the Mexican Center for Philanthropy as a recipient of the 2016 Empresa Socialmente Responsable Award. This group annually recognizes companies that demonstrate excellence in social responsibility and have a commitment to team members, investors, customers and their local communities.

Canada Acklands-Grainger is a national founding partner of Ready When the Time Comes®, a disaster preparedness program administered by the Canadian Red Cross. The program prepares employees of organizations to mobilize as a community-based volunteer force when large-scale disasters strike. Grainger's Canadian business is also actively engaged in Aboriginal development, through its work with the Canadian Council on Aboriginal Business, and supplier diversity, with its support of the Canadian Aboriginal and Minority Supplier Council. Acklands-Grainger is in the early stages of developing a third pillar of its community investment efforts—focused on skilled trades development.

United Kingdom Team Cromwell supported several charitable causes in 2016. The world distribution centre showed their support for a loved colleague suffering from a brain tumor by raising over £345. In addition, a group of keen cyclists undertook a 100km bike ride and successfully raised more than £2357 in memory of a dear friend who was lost to the same condition. Additional charities supported during the year included Children in Need, Sports Relief and Christmas Jumper Day for Save the Children, nationally raising over £2,500.

China Grainger China focused on drives and donations in their local community in 2016. Team China collected over 17 boxes of clothing and office supplies, which will be distributed to need-based organizations supporting children and adults. This donation represents the 7th round of donations organized over the past 4 years.

Europe In 2016, Fabory team members in the Netherlands volunteered at Amarant, an organization that provides guidance and living accommodation to people who are mentally challenged or have autism. The walls of the public areas of their home received a fresh coat of paint.

The Fabory team once again supported COCOCI, an organization that supports poor, sick or abandoned children and teenagers. They were able to put a smile on the faces of numerous children in Cameroon when the children were given toys to play with. Fabory continued to support the European chapters of the Red Cross by giving team members the option to make a donation rather than receive a company Christmas gift.

Forward

WHAT'S COMING IN OUR 2017 REPORT

- Inaugural volunteer event at the National Sales and Service Meeting portion of our 2017 Grainger Show
- Increase the engagement with and use of our technology-based tools for tracking and adjusting our programs
- Implement an organization-wide Grainger month of service to celebrate our 90th anniversary as an organization

305-4	Emissions	GHG emissions intensity	Sustaining Our Environment, **Page 25**
305-5	Emissions	Reduction of GHG emissions	Sustaining Our Environment, **Page 25**
306-1	Effluents and Waste	Water discharge by quality and destination	Sustaining Our Environment, **Page 26**
306-2	Effluents and Waste	Waste by type and disposal method	Sustaining Our Environment, **Page 26**
306-3	Effluents and Waste	Significant spills	None, Material items would be disclosed in our **10-K**
306-5	Effluents and Waste	Water bodies affected by water discharges and/or runoff	None, Material items would be disclosed in our **10-K**
307-1	Environmental Compliance	Non-compliance with environmental laws and regulations	None, Material items would be disclosed in our **10-K**
308-1	Supplier Environmental Assessment	New suppliers that were screened using environmental criteria	Sustaining Our Environment, **Page 29** Operating Responsibly, **Page 9**
308-2	Supplier Environmental Assessment	Negative environmental impacts in the supply chain and actions taken	None, Material items would be disclosed in our **10-K**
Social			
403-1	Occupational Health and Safety	Workers representation in formal joint management–worker health and safety committees	Workplace Safety, **Pages 16-17**
403-2	Occupational Health and Safety	Types of injury and rates of injury, occupational diseases, lost days, and absenteeism, and number of work-related fatalities	Workplace Safety, **Page 16**
403-3	Occupational Health and Safety	Workers with high incidence or high risk of diseases related to their occupation	Grainger has not identified any operations with high incidence or risk of disease related to occupation
404-1	Training and Education	Average hours of training per year per employee	Workplace Safety, **Page 15** A Place to Thrive, **Page 18**
404-2	Training and Education	Programs for upgrading employee skills and transition assistance programs	A Place to Thrive, **Pages 18-23**
404-3	Training and Education	Percentage of employees receiving regular performance and career development reviews	A Place to Thrive, **Page 19**
407-1	Freedom of Association and Collective Bargaining	Operations and suppliers in which the right to freedom of association and collective bargaining may be at risk	Grainger has not identified any operations where the right to freedom of association is at risk.
408-1	Child Labor	Operations and suppliers at significant risk for incidents of child labor	Grainger has not identified any operations where there are significant risks of child labor
409-1	Forced or Compulsory Labor	Operations and suppliers at significant risk for incidents of forced or compulsory labor	Grainger has not identified any operations where there are incidents of forced or compulsory labor
410-1	Security Practices	Security personnel trained in human rights policies or procedures	Grainger has not identified any operations where there are significant risks of human rights violations
411-1	Rights of Indigenous Peoples	Incidents of violations involving rights of indigenous peoples	Material items would be disclosed in our **Grainger 2016 Annual Report, 10-K**
412-1	Human Rights Assessment	Operations that have been subject to human rights reviews or impact assessments	Operating Responsibly, **Page 9**
412-2	Human Rights Assessment	Employee training on human rights policies or procedures	Operating Responsibly, **Page 8**
412-3	Human Rights Assessment	Significant investment agreements and contracts that include human rights clauses or that underwent human rights screening	Operating Responsibly, **Page 9**
413-1	Local Communities	Operations with local community engagement, impact assessments, and development programs	Serving our Communities, **Pages 30-37**
413-2	Local Communities	Operations with significant actual and potential negative impacts on local communities	Grainger has not identified any operations where there are significant actual or potential negative impacts on local communities
414-1	Supplier Social Assessment	New suppliers that were screened using social criteria	Operating Responsibly, **Page 9**
414-2	Supplier Social Assessment	Negative social impacts in the supply chain and actions taken	Grainger has not identified any negative social impacts in the supply chain
418-1	Customer Privacy	Substantiated complaints concerning breaches of customer privacy and losses of customer data	Material items would be disclosed in our **Grainger 2016 Annual Report, 10-K**
419-1	Socioeconomic Compliance	Non-compliance with laws and regulations in the social and economic area	Material items would be disclosed in our **Grainger 2016 Annual Report, 10-K**
