Leasing Options and Pricing Structure

PLEASE PROVIDE YOUR PURCHASE OPTIONS AND PRICING FOR ALL EQUIPMENT
CATEGORIES INCLUDED IN YOUR RENTAL/LEASING OFFERINGS

Big Truck Rental offers a rent to purchase program. The customer and Big Truck Rental agree to a purchase price(see below) on the vehicle and 25% of all paid rentals can be applied to the purchase price of the vehicle. The minimum rental period on the program is 6 months with a maximum of 18 months. This program rental rate is the monthly rate as proposed in the market basket.

Big Truck Rental also markets/sells our off-rent trucks that typically range in 1.5-2 years in age. Big Truck Rental will offer the City of Charlotte and U.S. Communities members a 1% discount off of the standard retail price of the vehicle.

Big Truck Rental can offer US Communities members a full maintenance option on all of our rented trucks. This can cover anything from standard preventative maintenance requirements (oil changes, filter changes, etc.) or encompass the full requirements of any consumable items the truck may require during its rental term (tires, brakes, etc.). Because of the variability of this program, these services will be billed on an a la carte basis dependent on the customer request.

Big Truck Rental has added a comprehensive new long term rental program called Complete Fleet. With a minimum 18 month rental, cities can upgrade to our full maintenance package which includes such as oil changes and fuel filter changes, as well as tires and brakes needed throughout the duration of the rental. We provide this service through our Nationwide Dealer network and pricing varies based on location and is dependent on type of services needed since each program is individually crafted to meet the specific needs of each municipality.

Through our Complete Fleet program, Big Truck Rental can purchase municipalities existing trucks and provide start-up capital for a new long term rental program. Pricing is based on make, model, hours, mileage and condition of city's existing truck fleet and will be quoted after review of its existing inventory.
