Greater Friendship Baptist Church has been a beacon of community, love and friendship to the community for the past 95 years. We affectionately refer to the church as simply Friendship as this is what they embody in the community. You can always count on Friendship for open doors to everyone especially those in need. Our local organizations that serve the community often don't have the means to cover rental costs and Friendship is always readily available to lend a hand. They have opened their doors to countless organizations and service based organizations that serve the community. Each one reaching one. Friendship has also been the annual venue for Thanksgiving in July: A day to build and feed the community, everyone is welcomed to part take in the celebration of the day. Friendship has also silently collected and given toys annually for children in the community often serving families that have seen hard times and are struggling. They serve in a manner of kindness and dignity, it is what is needed and what community is all about. Friendship isn't the kind of

organization that promotes themselves they simply focus on the people. Friendship continues to be a blessing even to those who have suffered loss, providing a space to say final goodbyes.

Narrative description of Inclusiveness: Examples - Strong sense of connection to the cause work group, club or organization. Ensure that a cross-section of the community is engaged .

Friendship is the friend we all know and need. For 95 years, Friendship's fellowship Hall was the site for the First Time Home Buyers Program. This helped to promote active community engagement and Hallandale Beach being the place to live. When Friendship wasn't hosting the First Time Homebuyers program they would often host food giveaways that included groceries and more. This giveaway not only served their surrounding neighbors but residents all over Hallandale and South Broward. Friendship continues to host a Vacation Bible School that provides a much needed summer relief for parents. Kids are introduced or are helping to grow their faith while also learning practical life lessons.

Narrative description of Collaboration: Examples - Community problem solving. May elect to contribute talents through specialized services. Establishment of partnerships with a wide variety of key stakeholders.

Friendship has and continues to partner with community leaders, organizations and stakeholders committed to a unified Hallandale Beach. Connecting the community to home ownership, life services, education, health/wellness, and anywhere they are needed. Several years ago, Hallandale Beach suffered through some devastating Hurricanes. Friendship has quickly opened their doors, given volunteers and hosted a number of food giveaways and in times of power outages hot food giveaways so that residents or impacted individuals could have a hot meal or even enough food to last them a couple of days. The congregation has always had a willingness to serve and that is the definition of a humanitarian. In a matter of days post hurricane, Friendship opened the hearts and doors to the church for residents to seek refuge and assistance. They worked with other organization and another church to serve the community.

Narrative description of Ethics (Honesty & Integrity): Examples - Trustworthy to the community. Committed to the group or organization and the cause or mission it represents. Engendering trust within the community.

Greater Friendship Missionary Baptist Church serves with honesty and integrity. Throughout the church's 95 year history Friendship has been a trusted community partner. Under the leadership of the Late Rev. Ingram the following ministries were developed to meet the needs of the community: The Home Mission Society, Adult Usher Boards 1, 2, 3, Youth Ushers, The Voices of Friendship Choir, The Youth Choir, Adult and Youth Bible Study, The Hospitality Ministry, Friendship Substance Abuse Ministry, Women of Grace Women's Ministry, Caring Hands Ministry. The church even purchased a 15 passenger van to provide Transportation and the remodeled the Fellowship Hall. Rev. Timothy O. Burton, became the Senior Pastor of GFMBC after the passing of Rev. Ingram. He served steadfastly along side of Rev. Ingram for several years at GFMBC prior to being elected as Pastor. He served during the unprecedented time of the Pandemic, COVID-19 and under his leadership GFMBC continues to be "Committed To Building Back Better"! During the pandemic, Friendship served out front participating and volunteering in numerous food giveaways serving the community at large. Connecting community partners to provide lifesaving vaccinations and other supplies that were out of reach.

The Friendship Missionary Baptist Church has been an impactful institution in our community for over 95 years. The programming is currently under the leadership of Senior Pastor Tim Burton, Assistant Pastor Dr. Jennifer Reynolds, and Board Trustee President Sandra Atkins. The ministry of this church has touched the lives of many from preparing for first-time home buyers, hosting health fair, food distribution to feeding the less fortunate. Additionally, the Friendship Missionary Baptist Church has opened its Fellowship Hall which served as a safe haven for organizations to meet face-to-face. The Community Civic Association, Inc., has utilized Friendship Missionary Baptist Church Fellowship Hall for several years in preparation for the Dr. Martin Luther King Parade Celebration vendor and parade setup. The utilization of the Fellowship Hall as a meeting space was an essential component in keeping the vendors informed and relaying any messages about the celebration. Additionally, they continue supporting

The Community Civic Association, Inc. monthly as we prepare to serve the Hallandale Beach Community.

The Friendship Missionary Baptist Church has been a beacon light that touched the lives of many, please see their amazing programs that are sponsored weekly, monthly, and yearly: The Friendship Missionary Baptist Church each year provides solutions for families in need during the Thanksgiving and Christmas holidays. This amazing church has contributed to changing the lives of residents with the following initiatives:

Sponsor Thanksgiving Baskets – During the Thanksgiving season the Friendship Missionary Baptist Church hosts a Thanksgiving basket giveaway for the NW Community. Because the holidays often can be challenging for many residents, the Friendship Missionary Baptist Church realizes the need for approximately 300 families they provide bags for a Thanksgiving meal.

Hope for the Holidays - The Friendship Missionary Baptist Church hosts an annual Hope for the Holidays, the event is a life changer for many parents who cannot afford to give their children gifts for the Holidays. On December 17, 2023, I served as a volunteer at this event and it was remarkable. The Friendship Missionary Baptist church team even provided a Santa Claus for the kids to discuss their holiday wishes. Additionally, turkeys, canned goods, dressing, and other foods that will assist with the holiday meal.

First Time Homebuyers Program – The Friendship Missionary Baptist Church for over 10 years offered First-Time Homebuyers programs that assisted residents with the complexity of being a first-time home buyer and partnered with Housing Foundation of America, Inc. which assisted residents with the process of understanding how to prepare for home ownership, qualifying for the home and finally home ownership.

Narrative description of Community Service of Nominee: Examples - Accomplishments of voluntary and/or unpaid work, intended to help the community and its residents, e.g., fundraising, collecting, and preparing, distributing, or serving others, etc. The number of residents impacted by the accomplishments, and years of public service.

Irvon Plummer is a passionate community leader whose work has touched countless lives through the programs he has created. He's the driving force behind BeyondCon, a youth entrepreneur conference that goes far beyond teaching business skills—it's about helping young people discover their potential and inspiring them to pursue their dreams. Irvon's vision for BeyondCon is to give teens the tools they need to think creatively, build confidently, and connect with mentors who can guide them on their journey. His work with BeyondCon has helped dozens of young people gain the confidence to push past their limits and reach for something greater.

But Irvon's commitment to the community doesn't stop there. He also founded Shop with a Boss, a national program that provides financial assistance to inner-city families during the holiday season. Through this initiative, Irvon has made the holidays brighter for over 700 kids across South Florida, especially Hallandale Beach. On the day of the event, kids

are paired with entrepreneurs and business owners who not only help them shop but also encourage them to think about others and give back. The program is about more than just shopping—it's about creating a memorable experience that teaches generosity and community spirit.

Through these initiatives, Irvon has made a profound impact on the lives of those around him. His work is driven by a genuine desire to help others, and the positive effects of his efforts are felt by the entire community. His years of service reflect his deep commitment to making the world a better place, one initiative at a time.

Narrative description of Inclusiveness: Examples - Strong sense of connection to the cause work group, club or organization. Ensure that a cross-section of the community is engaged .

Irvon Plummer's commitment to inclusiveness shines through in the annual Business and Entrepreneurship Brunch he has hosted at Hallandale Magnet High School for the past two years. This event gathers a diverse group of entrepreneurs from across South Florida, all eager to pour back into the community by sharing their knowledge and experiences with Hallandale Beach students.

Last year's brunch was particularly impactful, as it not only provided students with valuable insights and mentorship but also led to two students receiving scholarships worth \$10,000 in business services. These scholarships were awarded to help the students kickstart their entrepreneurial dreams, offering them the resources and support they needed to turn their ideas into reality.

Irvon's dedication to creating an inclusive environment ensures that students from all backgrounds can benefit from these opportunities. By connecting them with a wide range of successful entrepreneurs, he opens doors for students who might not otherwise have access to such resources, fostering a sense of community and support that extends far beyond the event itself. Through this brunch, Irvon continues to build an inclusive network that empowers the next generation of leaders and entrepreneurs.

Narrative description of Collaboration: Examples - Community problem solving. May elect to contribute talents through specialized services. Establishment of partnerships with a wide variety of key stakeholders.

Irvon Plummer is a master collaborator, bringing together diverse stakeholders to address community challenges and create lasting solutions. His approach to community problem-solving is rooted in the belief that meaningful change happens when people work together, combining their unique talents and resources to achieve a common goal.

One of Irvon's standout achievements in collaboration is the establishment of key partnerships with a wide variety of stakeholders, including local businesses, schools, nonprofits, and government agencies. Through his leadership, these partnerships have flourished, enabling the launch of impactful programs like BeyondCon and Shop with a Boss. These initiatives are prime examples of how Irvon leverages the strengths of each partner to maximize the impact on the community.

For instance, BeyondCon wouldn't be the success it is without the contributions of business leaders, educators, and community organizers who come together to mentor students and provide essential entrepreneurial training. Irvon's ability to bring these diverse groups to the table has resulted in a program that not only educates but also inspires and empowers the youth to become active participants in their community's economic development.

Similarly, with Shop with a Boss, Irvon has forged partnerships with entrepreneurs, local businesses, and community organizations to create a memorable and meaningful holiday experience for inner-city families. This program showcases Irvon's talent for uniting people with a shared purpose—providing financial assistance and mentorship to children while also encouraging a spirit of giving back.

In addition to these programs, Irvon has worked closely with organizations like Target and the Children's Services Council of Broward County to tackle issues ranging from educational inequities to youth development. His collaborative efforts have not only addressed these challenges but have also strengthened the bonds within the community, creating a more cohesive and supportive environment for all.

Through his collaborative leadership, Irvon Plummer has proven that when people come together, they can solve even the most complex community problems, making a real difference in the lives of those they serve.

Narrative description of Ethics (Honesty & Integrity): Examples - Trustworthy to the community. Committed to the group or organization and the cause or mission it represents. Engendering trust within the community.

Irvon Plummer is a beacon of honesty and integrity, consistently earning the trust of the communities he serves. His unwavering commitment to the causes he champions is evident in every initiative he undertakes, and it's this dedication that has made him a trusted leader and role model.

At the heart of Irvon's work is a deep sense of responsibility to the people and organizations he represents. Whether he's leading a youth entrepreneurship conference like BeyondCon or coordinating a charitable event through Shop with a Boss, Irvon approaches each task with transparency and a genuine desire to make a positive impact. His straightforward communication and follow-through on promises have built strong, lasting relationships with partners, participants, and the wider community.

Irvon's commitment to ethics is further demonstrated by his inclusive approach to leadership. He ensures that everyone involved in his initiatives feels valued and respected, creating an environment where trust can flourish. This is particularly evident in the way he engages with young people, offering them not just opportunities, but also guidance and mentorship grounded in honesty and moral integrity.

In every aspect of his work, Irvon embodies the values of honesty, integrity, and trustworthiness. His actions consistently reflect his belief that true leadership is not just about achieving goals but about doing so in a way that is ethical, transparent, and in the best interests of the community. Through his commitment to these principles, Irvon Plummer has earned the respect and trust of all who have had the privilege of working with him.

My mother, a Hallandale High Schools attendee and graduate has a heart that does not stop giving, she chose the selfless pass and left corporate America to pursue a more fulfill career as a high school Math teacher in our local community at Hollywood Hills High School. Though she is just a math teacher, her students fall in love. She offers guidance in and out of the classroom even coming to students rescues outside of school. She is texted after hours when they have a math problem, and she is texted after students graduate high school to check up on her. They never forget my mom. This past weekend, when she dropped me off to my second year of college, 5 students were all in Tallahassee. My mother somehow persuaded these kids to get out of South Florida and explore what else the world had to offer. I knew they trusted my mother when all 5 students ended up living in the same apartment complex as I do in Tallahassee. Kids that never thought that college was in their future, in Tallahassee with their own

apartments, heading to the local community college all because they trusted my mother. Her service for other shows in her everyday actions.

Narrative description of Inclusiveness: Examples - Strong sense of connection to the cause work group, club or organization. Ensure that a cross-section of the community is engaged .

Inclusivity is something that everyone wants to be a part of. My mother has a disabled brother (my uncle) and my little brother is Autistic. She has for the last 3 years participated and coached Special Olympics. Her patience that she shows these individuals that just want to be normal and feel included, brings tears to my eyes. Waking up on Sunday more to go be a coach in the South Florida sun, with no pay, no reward, no recognition, shows that she is in it for the love and passion she has for people.

Narrative description of Collaboration: Examples - Community problem solving. May elect to contribute talents through specialized services. Establishment of partnerships with a wide variety of key stakeholders.

My mother, Ms. Valdes, as most refer to her has teamed up with Hispanic Unity of Florida, a non-profit organization located in Hollywood to assist individuals after hours to learn English. She also intertwines her lessons and assists with the Citizenship classes. While there is a lack of accessibility for individual who want to further their knowledge at an affordable rate, this organization along with my mom, provides them an opportunity and resources to help them get to the next dream this country has to offer.

Narrative description of Ethics (Honesty & Integrity): Examples - Trustworthy to the community. Committed to the group or organization and the cause or mission it represents. Engendering trust within the community.

Her honesty and integrity go beyond the classroom. My mother unwavering love to help others has been reflected through her efforts in the community. She has helped build more than 6 homes through Habitat for Humanity. She has left our family to volunteer at schools' shelters during hurricane season and help those that have been displaced. Does a monthly lunch bag giveaway with the City of Miami homeless shelter. She takes walks around our neighborhood and just picks up trash that happen to be left behind by others. Her kind, selfless demeanor is one that we all need to learn to be more like in our everyday.
