**Re: Updated Pricing**

Dear Mr. Fawcett,

We appreciate our continued partnership with the City of Hallandale Beach. As part of our commitment to transparency, we are providing an update to our pricing in response to current market conditions. The current prices are:

Product Type	Product	Price per lb (\$/lb)
Antiscalant	Megaflux Fe	\$1.70
Corrosion Inhibitor	AWC A-782	\$1.30
Cleaner	Cleanflux L12	\$3.17
Cleaner	AWC C-234	\$2.61

These prices were originally established in **November 2024** and have remained unchanged despite steady increases in raw material, packaging, and freight costs. According to the U.S. Bureau of Labor Statistics **Producer Price Index for Water Treating Compounds (WPU06790961)**, material costs have risen by approximately 10% over this period.

While we have absorbed much of the increase, a **7% price adjustment** is necessary to maintain the quality, reliability, and continuity of supply you rely on. Effective **October 1, 2025, through September 30, 2026**, the updated prices will be:

Product Type	Product	Price per lb (\$/lb)
Antiscalant	Megaflux Fe	\$1.82
Corrosion Inhibitor	AWC A-782	\$1.39
Cleaner	Cleanflux L12	\$3.39
Cleaner	AWC C-234	\$2.79

This adjustment reflects a permanent update to our cost structure. We greatly value your partnership and thank you for your continued trust in AWC.

Best Regards,

*Esmeralda Cabrera*
