Subject: **CDBG 49**

RG was recently notified of being low bidder in the reference contract, bid opening was August 5, 2024. There were only 2 bidders, RG with \$348,694.00 and Emerald \$614,561.26, with a difference of \$265,867.26 among the contractors.

We informed the bond company but they are not awarding RG with a performance bond because the difference between the first and second place is so large and the company does not feel comfortable.

As such, we would like to rescind RG from the contract.

We apologies for the inconvenience

Sincerely,
