Re: Contract Number FSA22-TRS24.0 – Tires: Contract Awards

We are pleased to announce that the Florida Sheriffs Association (FSA) has successfully completed its latest nationwide cooperative bid for tires which has been in existence for 24 years. This contract is in effect beginning April 1, 2022, through March 31, 2024.

This new bid has 12 tire specifications which include:

- Specification 1: Law Enforcement Pursuit and Emergency High Speed Vehicle Tires
- Specification 2: Passenger Vehicle Tires
- Specification 3: Light Truck & Related Vehicle Tires
- Specification 4: Commercial Truck & Related Vehicle Tires
- Specification 5: Off Road Equipment Tires
- Specification 6: Agricultural Farm & Implement Tire
- Specification 7: Specialty Tires
- Specification 8: Off the Road (OTR) Solid Rubber Moulded Tires
- Specification 9: Press on Solid Rubber Tires
- Specification 10: Industrial - Solid Rubber Tires
- Specification 11: Rubber Tracks for Tractors and Equipment
- Specification 12: Re-Tread Tires

The competitive process for this award began in September 2021, when FSA Fleet Advisory Committee, bidders, and stakeholders provided input regarding automotive and equipment procurement needs. Specifications were developed based on prior years activity, and new additions were included based on feedback from the FSA Committee, bidders, and stakeholders.

Advertisements of the Invitation to Bid (ITB) were placed on the FSA website on September 17, 2021, and within the Florida Administrative Register on September 17, 2021, and October 8, 2021.

From the ITB, six bidders completed the pre-bid process. Of these respondents, six submitted bids. Six responsive bidders were awarded after bids were evaluated by the FSA Fleet Advisory Committee and FSA staff.

The Florida Sheriffs Association Cooperative Purchasing Program has followed the Contract Terms and Conditions to procure this contract.

Contract prices are extended and guaranteed to any local government or political subdivision of the state, public educational institutions, other public agencies or authorities with the State of Florida, and other entities approved by the manufacturer to participate in this contract.

Out of state sales are permitted under this contract. All purchasers are bound by their local governing purchasing ordinances, rules and regulations.

All awarded vendors are governed by their manufacturer agreements and the Contract Terms and Conditions.

Purchasers may request awarded vendors to provide information regarding those brands qualified and listed in Cooperative Approved Tire List (CATL) (latest edition in effect at the time of this solicitation), published by the Associated Consultants of Technical Services, Inc., the contract manager for the Federal Government's program for testing new tire performance. In lieu of being listed in the publications, an awarded vendor may provide a Qualification Certification Form signed by the CATL Program Administrator.

**2. REQUIRED RELATED SERVICES**

Prices for the following services shall be supplied on the price sheets as separate items as shown on the attached Specifications and Price Sheets. In cases where local pricing is specified, prices for the related services shall be included in bid quotes and purchase orders provided to purchasers:

- Mounting of the tire
- Dynamic balancing of the tire including weights
- New tire valve stem and installation
- New Tire Pressure Monitoring System (TPMS) and installation
- Wheel Assembly (for solid rubber tires)

Purchasers may purchase tires alone without related optional goods or services. If additional related optional goods and services are purchased, each related cost shall be added to the invoice as a separate additional charge.

For solid rubber tires, written shipping costs are required from Vendor in bid quote prior to Purchaser order being placed. In addition, written installation costs (if applicable) are required from Vendor in bid quote prior to Purchaser order being placed.

All bulk deliveries of tires shall be completed within thirty (30) days after receipt of an order, unless the Vendor and Purchaser negotiate a different delivery schedule and include it in an order.

Additional required related services are:

- Disposal of used tires. The Purchaser has the option of retaining used tires for recycling purposes. On bulk tire deliveries to a Purchaser's facility, the Vendor must pick up and dispose of an equal number of replaced used tires. This pickup of used tires may be required at a later date. All used tires must be disposed of in accordance with all Federal, State and local requirements, and disposal fee maybe assessed (refer to "Specifications and Price Sheets") by contractor to recover such costs.
- Taxes, environmental or other waste cleanup. All taxes, environmental or other waste cleanup fees imposed by the State, Federal or local governments and in effect at the time of the bid opening shall be listed separately. Any increase or new fees effective subsequent to the bid opening date shall be approved in advance by the FSA.

### **3. PERFORMANCE STANDARDS AND WARRANTY**

All work performed shall comply with customary, reasonable, and prudent standards of care in the industry. All products shall be covered by the manufacturer's standard warranty. A copy of the Manufacturer's standard warranty must be submitted with the bid.

### **4. Testing**

Samples of delivered tires may be selected at random and tested for compliance with these specifications using the following standards:

- ASTM Standard F1922, Test Method-for Tires, Pneumatic, Vehicular Highway.
- ASTM Standard F1923, Test Method-for Tires, Pneumatic, Vehicular Low Speed, Off Highway.

Delivery of non-conforming product shall be grounds for terminating the Contract.

### **5. POSTING AND REVISION OF AUTHORIZED PRODUCT AND PRICE LIST**

Every Vendor shall maintain on the Internet a list of the products it is authorized to sell under the Contract. The list shall clearly indicate the discounted price for each product. On the Ordering Instructions form submitted with the bid, bidders shall note the proposed Universal Resource Locator (URL) for this list. Posting of the list in a form easily accessible to the FSA and Purchasers shall be a condition precedent to Vendor's right to payment under the Contract. The FSA, in its sole discretion,

may maintain Bidder's authorized list or provide electronic links to it. Regardless of the number of links to the list, Bidder shall ensure that Purchasers are able to access one, and only one, version of the authorized list. The authorized list shall include, either directly or via electronic link, the following: Contract number; contact person; part or product numbers and descriptions; ordering information; pricing information, and service/distribution points organized geographically by city. When submitting your information for your "Authorized Service Centers/Distributors," please provide the following headings:

Dealer/Distributor Name  
Address  
City  
State  
Zip  
Phone Number  
Copy of Applicable Bid Tire Specifications & Price Sheet  
Contact Name

Bidder's initial authorized list shall be identical to the discounted list submitted with the bid. Bidders shall not make the list generally available or accept any orders off it until the FSA approves the list. Bidders may thereafter amend the list to reflect product line and price changes, subject to the following restrictions:

- For product line changes, a Bidder may amend its list to reflect product developments. Any added product shall be offered at the then-current authorized percentage discount, which shall always be at least as great as the discount offered initially.
- For price changes, a Bidder shall only decrease, and shall never increase, the prices offered initially, unless approved by FSA pursuant to Terms and Conditions, Section 3.04 (annual price adjustments), or Section 3.06 (equitable adjustment). Posted price reductions shall take effect immediately and be applied to unshipped and subsequent orders. **BIDDERS ARE FREE TO OFFER GREATER DISCOUNTS FOR INDIVIDUAL TRANSACTIONS, AND PURCHASERS ARE ENCOURAGED TO SEEK THEM AND TO EXPLORE WHETHER OTHER BIDDERS AUTHORIZED FOR THE PRODUCT GROUP MIGHT OFFER BETTER DISCOUNTS.**
- At least two (2) business days before making any changes to the posted authorized list – whether to products, to prices, or otherwise – a Bidder shall notify the FSA by mail of its intent to make a change and describe the proposed change. The FSA may, in its sole discretion, prohibit any requested change or direct a Bidder to undo any change already made.
- Changes to the authorized list or to related information (i.e.: ordering information) shall not be deemed Contract amendments.

### 1.02 PURPOSE

The FSA invites interested manufacturers and manufacturer's authorized representatives to submit responses in accordance with these solicitation documents. The FSA Cooperative Purchasing Program will conduct the solicitation process and administer the resulting contract. The purpose of this bid is to establish a contract with tire manufacturers and manufacturer's authorized service centers for the purchase of tires and any optional goods and services.

Trade-ins are not addressed in this contract. If a purchaser has a desire to offer tires for trade or recycling to the dealer, the purchaser and dealer may do so at their sole discretion, separate and apart from this contract. Under no circumstances shall trade-in transactions be deemed to constitute part of, or to have been conducted pursuant to, this contract.

### 1.03 TERM OF CONTRACT

This contract shall remain in effect for twenty-four months from date of contract execution by the FSA, and may be renewed or extended by mutual agreement for two additional one-year terms, at the sole option and discretion of the FSA, pursuant to the terms of Section 3.04.

The twenty-four month contract will begin April 1, 2022 and end March 31, 2024.

### 1.04 ESTIMATED QUANTITIES

From June 3, 2019, through October 31, 2021, approximately 168,262 tires were sold using the FSA contract.

Quantities provided do not guarantee or imply future contract sales. Neither the FSA nor any eligible purchasers are obligated to place any order for a given amount subsequent to the award of this bid solicitation.

### 1.05 SHERIFF AS COUNTY CONSTITUTIONAL OFFICER

The Offices of the Sheriff in the State of Florida are constitutional offices of the State of Florida. Each has the authority either individually or collectively to execute contracts for all goods and services for the proper conduct of that office. Section 30.53, Florida Statutes, exempts the sheriff's offices from the provisions of the Florida Statutes that would otherwise require sealed and competitive bidding procedures.

The Office of the Sheriff is not required by law to accept the lowest priced proposal and may reject any or all of the bids without recourse. Bidders are solely responsible for their own bid preparation costs and nothing in this solicitation in any way obligates the participating sheriffs' offices for any payment for any activity or costs incurred by any bidder in responding to this solicitation.

### 1.06 FUNDING

In the case of certain purchasers, including state agencies, funds expended for the purposes of the contract must be appropriated by the Florida Legislature, the individual participating agency, or the agency's appropriating authority for each fiscal year included within the contract period. For such agencies, their performances and obligations to pay for products or services under any resulting contract, or purchase order, are contingent upon such an annual appropriation by the Legislature, individual agency or by the appropriating authority. Therefore, any contract or purchase order with such an agency shall automatically terminate without penalty or termination costs in the event of non-appropriation.

### 1.07 CURRENCY

All transaction amounts, bids, quotes, provisions, payments, or any part of this contract relating to currency are to be made in United States Dollar.

#### 1.24 CLARIFICATION AND ADDENDA

Any questions or clarifications concerning the Invitation to Bid shall be submitted by e-mail to the contacts listed in Section 1.01 with the bid title and number referenced on all correspondence. Final questions must be received by the date for Request for Clarification stated on the Bid Calendar.

Questions received after the cone of silence date listed on the bid calendar will not be addressed. The FSA reserves the right to address technical questions.

The FSA shall issue a Formal Addendum if substantial changes which impact the submission of bids are required. Any such addenda shall be binding on the bidder and shall become a part of the solicitation document. In the event of conflict with the original specifications, addenda shall govern to the extent specified. Subsequent Addenda shall govern over prior Addenda only to the extent specified.

FSA will make every attempt to e-mail updates to registered bidders. However, posting on the FSA website constitutes proper notice of addenda.

The bidder shall be required to acknowledge receipt of the Formal Addendum by signing in the space provided. Failure to acknowledge Addendum shall deem the bid non-responsive; provided, however, that pursuant to Section 2.26, the FSA may waive this requirement in its best interest. The FSA will not be responsible for any explanation or interpretation made verbally or in writing except those made through the posting of a Formal Addendum.

The bid submission constitutes acknowledgment of addenda to the specifications. Bids that fail to account for the specification addenda shall be determined to be nonresponsive; however, that pursuant to Section 2.26, the FSA may waive this requirement in its best interest.

After the start of the contract term, FSA will notify all vendors of any addenda and will require acknowledgement of the new terms and conditions. If the vendor does not agree to the new terms and conditions, the vendor's award can be removed or replaced by another vendor or qualified responsive bidder.

An electronic signature may be used and shall have the same force and effect as a written signature.

#### 1.26 ASSIGNMENT OF CONTRACT

No right or interest in this Contract may be assigned, transferred, conveyed, sublet or otherwise disposed of, without prior written consent of the FSA.

If the original vendor sells or transfers all assets or the entire portion of the assets used to perform this Contract, a successor-in-interest must perform all obligations under this Contract. FSA reserves the right to reject the acquiring entity as vendor. A change of name agreement will not change the contractual obligations of the vendor.

#### 1.27 TERMINATION OF PRODUCT LINE

If a vendor terminates a product line (manufacturer or brand), the vendor is required to notify the FSA at the time of contract renewals or any mid-term adjustments. In the event that a product line is terminated, FSA reserves the right to procure such goods or services, or similar goods or services, from alternate sources.

At the time of the contract renewal or mid-term adjustment, the vendor must supply the Specification and Pricing Sheet with the updated model, clearly identifying which model was discontinued and which model serves as the replacement. Any replacement model shall be offered at the then-current contract award price, and at no time shall the percent discount be less than the percent discount offered on the original item bid.

In the event a manufacturer reassigns the product line to an alternate vendor, the manufacturer and the vendor are required to immediately notify the FSA in writing of the change within 10 business days confirming the reassignment. If the vendor is not already an approved FSA vendor, the vendor is required to apply to the FSA to become an approved vendor *prior to* conducting any qualified sales. The vendor and the manufacturer are required to honor the contract pricing and all of the applicable terms and conditions throughout the remaining term of the contract.

#### 1.28 METHOD OF AWARD

The award is made to responsive and responsible bidders. FSA uses its discretion in determining if bids meet the requirements of this solicitation.

The FSA reserves the right to make multiple awards within a specification, if deemed in the best interest of the FSA and the purchasers.

Awards will be posted on the FSA website according to the date posted in the bid calendar, or as later modified through addenda.

## 1.29 DEMONSTRATION OF COMPETENCY

Bidders must be able to demonstrate a good record of performance for a reasonable period of time, and have sufficient financial support, equipment, and organization to ensure they can satisfactorily execute the services if awarded a contract under the terms and conditions herein stated.

The terms "equipment" and "organization" as used herein shall be construed to mean a fully equipped and well-established company in line with the best business practices in the industry and as determined by the FSA.

The FSA may consider any evidence available and may require submission of additional information regarding the financial, technical, and other qualifications and abilities of a bidder, including past performance with the FSA in making the award.

The FSA may require bidders to show proof that they are designated authorized representatives of the manufacturer or supplier which is the actual source of supply. In these instances, the FSA may also require information from the source of supply regarding the quality, packaging, and characteristics of the products. Any conflicts between this material information provided by the source of supply and the information contained in the bid submission may render the bid nonresponsive.

Pre-award inspection of the bidder's facility may be made prior to the award of contract. Bids will only be considered from firms which are regularly engaged in the business of providing the goods or services as described in this Invitation to Bid.

Information submitted in the bid may not be plagiarized and, except in the case of materials quoted from this solicitation or developed by the manufacturer, must be the original work of the individual or company that submits the bid for evaluation.

## 1.30 VENDOR ABILITY TO PERFORM

During the contract period, FSA may review the vendor's record of performance and may require submission of additional information to ensure that the vendor is providing sufficient financial support, equipment, and organization.

If the FSA determines that the vendor no longer possesses the financial support, equipment, and organization in order to comply with this section, FSA has the authority to immediately terminate the contract awarded.

By responding to this bid the vendor warrants that, to the best of his or her knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the vendor's ability to satisfy the obligations of the Contract. The vendor warrants that neither it nor any affiliate is currently on the convicted vendor list maintained pursuant to Section 287.133, Florida Statutes, or on any similar list maintained by any other state or the federal government. The vendor shall immediately notify the FSA and

purchaser in writing if its ability to perform is compromised in any manner during the term of the contract.

### 1.31 FINANCIAL RESPONSIBILITY

- Has fully read and understands the scope, nature, and quality of work to be performed or the services to be rendered under this bid, and has the adequate facilities and personnel to fulfill such requirements;

- Has assessed the financial responsibility required to serve the contract as bid, including such details as the obligations to perform all specifications bid, zones bid, and quantities that could be ordered, as well as timing of payment from purchasers, which can be 45 days from receipt of invoice.

### 1.32 QUALITY AND SAFETY

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new. The items bid must be new, the latest model, of the best quality, and highest-grade workmanship that meet or exceed federal safety standards.

Products requiring certification should require certification of options in cases where non-certified options could result in the decertification of the original product or warranty. In all cases where options are not certified, the vendor must disclose to the end user that the non-certified options are not required to be certified. All options must meet or exceed federal safety standards.

Bidders shall offer only those brands qualified and listed in Cooperative Approved Tire List (CATL), latest edition in effect at the time of this solicitation, published by the Associated Consultants of Technical Services, Inc., the contract manager for the Federal Government's program for testing new tire performance. In lieu of being listed in the publications, a Bidder may provide a Qualification Certification Form signed by the CATL Program Administrator.

Tires bid must meet the following standards:

- ASTM Standard F1922, Test Method-for Tires, Pneumatic, Vehicular Highway.
- ASTM Standard F1923, Test Method-for Tires, Pneumatic, Vehicular Low Speed, Off Highway.
- ASTM Standard for Rubber Tires.

### 1.33 NONCONFORMANCE TO CONTRACT CONDITIONS

Items may be tested for compliance with specifications. Items delivered that do not conform to specifications may be rejected and returned at the vendor's expense. Items not meeting the specifications and items not delivered within a reasonable period of time after expected delivery date may be purchased outside of the FSA contract.

Any violation of these stipulations may also result in:

- Vendor's name being removed from the awarded vendor list;
- Termination of contract;
- FSA and purchasers being advised not to do business with vendor.

#### 1.34 GRATUITIES

Proposers shall not offer any gratuities, favors, or anything of monetary value to any official, employee, or agent of the FSA, for the purpose of influencing consideration of this bid.

#### 1.35 TIE BIDS

In case of tie bids and both businesses have qualifying drug-free work programs, the award will be made using the following criteria:

- Bidder within the State of Florida
- Dealers performance record with purchasers
- Coin toss

#### 1.36 RIGHT TO AUDIT

Vendor shall establish and maintain a reasonable accounting system that enables FSA to readily identify vendor's sales.

FSA and its authorized representatives shall have the right to audit and to make copies of all related records pertaining to this contract, including all government sales and eligible users' information whether kept by or under the control of the vendor, including, but not limited to those kept by its employees, agents, assigns, successors, sub-vendors, or third party suppliers in whatever form they may be kept – written or electronic. Such records shall include, but not be limited to:

- Accounting records, including paid vouchers, cancelled checks, deposit slips, ledgers, and bank statements;
- Written policies and procedures;
- Subcontract files (including proposals of successful and unsuccessful bidders, bid recaps, etc.);
- Original estimates or work sheets;
- Contract amendments and change order files;
- Insurance documents; or
- Memoranda or correspondence.

Vendor shall maintain such records during the term of this contract and for a period of three (3) years after the completion of this contract. At the vendor's expense and upon written notice from FSA, the vendor shall provide such records for inspection and audit by FSA or its authorized representatives. Such records shall be made available to FSA during normal business hours within three business days of receipt of the written notice. FSA may select the vendor's place of business or offsite location for the audit. The FSA may also request the vendor provide requested records via e-mail.

Vendor shall ensure FSA has these rights with vendor's employees, agents, assigns, successors, and third-party supplier and the obligations of these rights shall be explicitly included in any subcontracts or agreements formed between the vendor and any sub-vendors to the extent that those subcontracts or agreements relate to fulfillment of the vendor's obligations to FSA.

Professional fees, personnel costs, and travel costs incurred by FSA under its authority to audit and not addressed elsewhere will be the responsibility of the FSA. However, if the audit identifies under reporting, overpricing or overcharges (of any nature) by the vendor to FSA or a customer in excess of three percent (3%) of the total contract billings, the vendor shall reimburse FSA for the total costs of the audit not to exceed \$5,000. If the audit discovers substantive findings related to fraud, misrepresentation, or nonperformance, FSA may recoup all the costs of the audit work from the vendor.

Any adjustments or payments that must be made as a result of any such audit or inspection of the vendor's invoices or records shall be made within a reasonable amount of time (not to exceed 60 days) from presentation of FSA's findings to vendor.

FSA has the right to assess damages or seek reimbursements or refunds based on audit results.

### 1.37 LIABILITY, INSURANCE, LICENSES, AND PERMITS

Where bidders are required to enter or go onto FSA or purchaser property to deliver materials or perform work or services as a result of a bid award, the successful bidder will assume the full duty, obligation, and expense of obtaining all necessary licenses, permits, and insurance and assure all work complies with all applicable county and municipal code requirements. The bidder shall be liable for any damages or loss to the FSA or purchaser occasioned by negligence of the bidder or any person the bidder has designated in the completion of the contract as a result of his or her bid.

### 1.38 BID BONDS, PERFORMANCE BONDS, CERTIFICATES OF INSURANCE

Bid Bonds, when required, shall be submitted with the bid in the amount specified in Bidder Instructions.

Purchaser may request a performance bond from a vendor. Performance Bonds are recommended with pre-payment and will be at the expense of the requesting purchaser. Purchasers should determine the best practice in comparing performance bond expense against any prior discounts that may be available.

After acceptance of a bid, the FSA will notify the successful bidder to submit the applicable certificates of insurance in the amounts specified in the Bidder Instructions and/or Insurance Checklist.

#### 1.39 ELIMINATION FROM CONSIDERATION

This Invitation to Bid shall not be awarded to any person or bidder who has outstanding debts to the FSA, whether in relation to current or previous bid awards or for other business purposes.

#### 1.40 COLLUSION

Collusion is a non-competitive secret or sometimes illegal agreement between rival bidders that attempts to disrupt the contract process equilibrium. Collusion involves people or companies that would typically compete but are conspiring or working together in which the outcome results in an unfair bid advantage. The parties may collectively choose to agree to increase or decrease its product base price in one or more zones to maximize awards thus denying the public a fair price.

Examples of Bid Collusion:

- Cover bidding: a competitor agrees to submit a non-competitive bid that is too high to be accepted or contains terms that are unacceptable to the buyer.
- Bid suppression or withdrawal: a competitor agrees not to bid or to withdraw a bid from consideration.
- Market sharing: a competitor agrees to submit bids only in certain geographic areas or only to certain public organizations.
- Bid rotation: competitors agree to take turns at winning business while monitoring their market shares to ensure they all have a predetermined market share.

Bidders or vendors who have been found to have engaged in collusion will be considered non-responsive and will be suspended or barred from bid participation. Any contract award resulting from collusive bidding may be terminated for default. Further, any collusion that is detected by the FSA may be reported to relevant law enforcement and/or prosecutorial agencies.

Bidders and their representatives may submit multiple bids without conflict of collusion if the bid submitted is not from the same manufacturer and product line. Bidders which share the same ownership may submit multiple bids without conflict of collusion if the bidders are not in the same region featuring the same manufacturer and product line.

#### 1.41 DEFAULT

Failure or refusal of a bidder to execute a contract upon award or withdrawal of a bid before such award is made, may result in forfeiture of any bid surety required that is equal to damages incurred by the FSA therefrom, or where surety is not required, failure to execute a contract as described above may be grounds for removing the bidder from the awarded vendor's list.

In case of default on the part of awarded bidder, the FSA may take necessary steps to otherwise procure the products sought, including but not limited to procuring the products or services from the next highest ranked bidder or from other sources. A defaulting bidder may be held liable for costs incurred by the FSA in procuring replacement products.

#### 1.42 PROTESTS AND ARBITRATION

Options are for informational purposes only and will not serve as a basis for protest.

Any person who is adversely affected by the decision or intended decision to award shall file a "Notice of Protest" in writing to the Administrator within three (3) business days after the posting of the Intent to Award and shall file a formal written protest within five (5) business days after filing the Notice of Protest. Failure to file both a notice of protest and a formal written protest within the above referenced timelines shall constitute a waiver of proceedings.

The burden is on the party protesting the award of the bid to establish grounds for invalidating the award(s). The formal written protest must state with particularity the facts and law upon which the protest is based. Failure to do so will result in a denial of protest. A formal written protest which states with particularity the facts and law upon which the protest is based will be reviewed by FSA legal counsel for legal soundness and validity, and corrective action will be taken as needed contingent upon the validity of such claims. However, any additional time required and cost incurred by the FSA to substantiate a protesting party's claim(s) beyond the normal scope of its legal review due to the vague or inconclusive nature of the protesting party's filing will be reimbursable to the FSA and deducted from the protesting party's bond or security which must accompany their filing.

Any person who files an action protesting a decision or intended decision pertaining to this contract shall post a bond, cashier's check, or money order payable to the "Florida Sheriffs Association," at the time of filing the formal written protest or within the five (5) business day period to file a formal written protest, in the amount equal to the greater of \$5,000 or ten percent (10%) of the product line bid being protested. FSA will provide the amount required within two (2) business days of the notice of protest received. This bond or security will be conditioned upon the payment of all costs which may be adjudged against the protesting party in a court of law and/or to reimburse the FSA for additional legal expenses incurred and required to substantiate the protesting party's claim(s). Failure to post the bond or security requirement within the time allowed for filing will result in a denial of the protest. The filing of the protest shall not stay the implementation of the bid award by the FSA.

Should the unsuccessful bidder(s) decide to appeal the decision of the FSA, they shall file a notice to FSA within three (3) business days of the FSA bid protest decision regarding their intent to request arbitration. A demand for arbitration with the American Arbitration Association's (AAA) commercial panel under its rules and regulations must be made within ten (10) business days of the FSA bid protest decision. Any person who files for an arbitration with the AAA shall post a bond, cashier's check, or money order payable to the "Florida Sheriffs Association," at the time of filing the formal written arbitration request in the amount equal to ten percent (10%) of the product line being

protested. This amount will be the same amount as the FSA provided at the time of filing the initial protest.

Failure to provide written notice to FSA, file a demand for arbitration with the AAA, or failure to post the required bond and security requirement within the specified timelines shall constitute a waiver of arbitration proceedings. By responding to this bid, the bidder expressly agrees to the use of mandatory binding arbitration to resolve any appeals of the decision of the FSA, and any claims arising from or in any way relating to the procurement process, and expressly waives any and all rights that it may otherwise have to pursue such claims in any other forum, judicial or otherwise.

If the party filing for arbitration does not prevail, it shall pay all costs, legal expenses, and attorney's fees of the prevailing party incurred in connection with the arbitration. However, if the filing party prevails, the parties shall share equally the fees and expenses of the arbitration and AAA and each shall bear the cost of their own attorney's fees. The filing for arbitration shall not stay the implementation of the bid award by the FSA.

#### 1.43 NON-PERFORMANCE

The vendor shall at all times during the contract term remain responsive and responsible. In determining vendor's responsibility, the FSA shall consider all information or evidence that demonstrates the vendor's ability or willingness to fully satisfy the requirements of the solicitation and the contract.

Vendors that are not in compliance with any of the provisions of this contract can be assessed liquidated damages, suspended, or terminated from the contract, or have their ongoing participation in the contract limited. The FSA has the discretion to remove a noncompliant vendor from future competitive bid solicitations.

At the FSA's discretion, vendors may be required to develop corrective action plans to address contract compliance. Failure to abide by corrective action plans will result in termination from the existing contract and future competitive bid solicitations at the discretion of the FSA.

In situations where there is evidence that the vendor has engaged in egregious breaches of the contract with respect to either the FSA and/or the purchaser, the contract can be terminated and the vendor will be removed from future solicitations for a period of three (3) years and up to a permanent ban from the bid process.

Specific conditions for termination include, but are not limited to: failure to perform, refusal to accept orders during the contract period while manufacturer orders are still being accepted for current model year or the new year if the tire is price protected by the factory, charging amounts exceeding MSRP on factory or manufacturer's authorized service center installed items and packages, requiring the purchase of additional options over and above the base tire as a condition of acceptance of order, providing aftermarket options where factory options are available without the consent of the purchaser, any misrepresentation of optional equipment or service as being factory that fails to meet the definition as described in this document, and any other practice deemed to be inconsistent with the intent of the contract.

Any vendor presented with a valid purchase order is required by this contract to accept such purchase order and deliver the product. Orders must be fulfilled if the tire is a base model or whether it includes any optional goods or services. The vendor must deliver this product if they were awarded the contract – regardless of profit or loss.

Failure to deliver tires may result in the purchaser seeking damages for the difference of cost to issue the exact same order with another vendor plus any legal fees and damages that may be incurred in the process to facilitate a completed order. Additionally, FSA may seek damages for nonpayment of administrative fees, to which FSA is entitled, according to Section 3.29 and any attorney's fees incurred in the recovery of these damages.

All terms and conditions are applicable throughout the term of the contract and not any given Year, Make, or Model.

#### 1.44 SEVERABILITY

In the event any provision of this contract is held to be unenforceable for any reason, the unenforceability thereof shall not affect the remainder of the contract which shall remain in full force and effect and enforceable in accordance with its terms.

#### 1.45 TERMINATION FOR CAUSE

If through any cause within the reasonable control of the vendor, it shall fail to fulfill in a timely manner, or otherwise violate any of the terms of this contract, the FSA shall have the right to terminate the services remaining to be performed. Written notice of the deficiencies shall be given to the vendor and unless the deficiencies are corrected within ten (10) business days, the contract may be terminated for cause immediately. The right to exercise the option to terminate for cause shall be in the sole discretion of the FSA, and the failure to exercise such right shall not be deemed to constitute a waiver of this right.

In that event, the FSA shall compensate the successful bidder in accordance with the contract for all services performed by the bidder prior to termination, net of any costs incurred by the FSA as a consequence of the default.

Notwithstanding the above, the vendor shall not be relieved of liability to the FSA for damages sustained by the FSA by virtue of any breach of the contract by the vendor, and the FSA may reasonably withhold payments to the vendor for the purposes of off-set until such time as the exact amount of damages due the FSA from the vendor is determined.

#### 1.46 TERMINATION WITHOUT CAUSE

The FSA can terminate the contract in whole or part without cause by giving written notice to the vendor of such termination, which shall become effective thirty (30) calendar days following receipt by vendor of such notice.

In that event, all finished or unfinished documents and other materials shall be properly delivered to the FSA.

The vendor shall not furnish any product after it receives the notice of termination, except as necessary to complete the continued portion of the contract, if any. The vendor shall not be entitled to recover any lost profits that the vendor expected to earn on the balance of the contract or cancellation charges.

Any payments to the vendor shall be only to the total extent of the FSA liability for goods or services delivered prior to the date of notice to terminate the contract.

#### 1.47 CONTRACT ADVERTISEMENT AND USE OF FSA LOGO

The CPP logo is an official logo of the FSA designed to promote the program. The logo may be used by vendors in accordance with this policy. Use of the logo is limited to the original version received from the FSA. Modifications are not permitted.

Methods of use include, but are not limited to:

- Electronic media such as websites, digital marketing campaigns, social media, and e-mail;  
or

### 2.02 LICENSING/FACILITIES

Vendors must maintain sales, service, and repair/warranty facilities within the State of Florida to provide sales and service for the tires purchased on this bid.

The FSA reserves the right to periodically request additional or updated information from vendors regarding their sales, service, and repair/warranty facilities during the solicitation and the term of the contract, if awarded. The FSA may also exercise discretion in examining such facilities as deemed necessary.

### 2.03 INSURANCE AND INDEMNIFICATION

Vendor shall be fully liable for the actions of its agents, employees, partners, or third party suppliers (including manufacturer's authorized service centers) and shall fully indemnify, defend, and hold harmless the FSA, the participating purchasers, and their officers, agents, and employees from suits, actions, damages, and costs of every name and description, including attorney's fees, arising from or relating to personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by bidder, its agents, employees, partners, or third party suppliers (including manufacturer's authorized service centers); provided, however, that the bidder shall not indemnify for that portion of any loss or damages resulting directly from the negligent acts or omissions of the FSA and participating purchasers or proximately caused by intentional wrongful acts or omissions of the FSA and participating purchasers.

Vendor's obligations under the above paragraph with respect to legal action are contingent upon the FSA and/or participating purchasers giving the bidder (1) written notice of any action or

threatened action, and (2) the opportunity to take over and settle or defend any such action at bidder's sole expense. Vendor shall not be liable for any cost, expense, or compromise incurred by the FSA, or participating purchasers, in any legal action without bidder's prior written consent, which consent shall not be unreasonably withheld, conditioned, or delayed.

The vendor shall be responsible for the work and every part thereof, and for all materials, tools, appliances, and property of every description, used in connection with this particular project.

The vendor shall specifically and distinctly assume, and does so assume, all risks of damage or injury to property or persons used or employed on or in connection with the work and of all damage or injury to any person or property wherever located, resulting from any action or operation under the contract or in connection with the work. It is understood and agreed that at all times the vendor is acting as an independent contractor.

The vendor at all times during the full duration of work under this contract, including extra work in connection with this project shall meet the requirements of this section.

The vendor shall maintain liability insurance including property damage covering all materials and equipment used in connection with the work performed under this bid. The vendor shall maintain comprehensive general liability insurance and general aggregate insurance in the amount and coverage levels specified on the Insurance Checklist.

No change or cancellation in insurance shall be made without thirty (30) days written notice to the FSA.

All insurance policies shall be issued by companies authorized to do business under the laws of the State of Florida and must have a rating of at least B+: VI or better per Best's Key Rating Guide, latest edition.

Copies of signed Certificates of Insurance, evidencing such coverages and endorsements as required herein shall be filed within five (5) days of the award of the contract. The certificate must state Bid Number and Title. Vendor may not begin performance under the contract until such Certificates have been approved by the FSA.

Upon expiration of the required insurance, the vendor must submit updated Certificates of Insurance for as long as any work is still in progress. It is understood and agreed that all policies of insurance provided by the vendor are primary coverage to any insurance or self-insurance the FSA possesses that may apply to a loss resulting from the work performed under this contract. All policies issued to cover the insurance requirements herein shall provide full coverage from the first dollar of exposure. No deductibles will be allowed in any policies issued on this contract unless specific safeguards have been established to assure an adequate fund for payment of deductibles by the insured and approved by the FSA. The liability insurance coverage shall extend to and include the following contractual indemnity and hold harmless agreement:

The vendor hereby agrees to indemnify and hold harmless the FSA, a 501(c)3, its officers, agents, and employees from all claims for bodily injuries to the public for each occurrence and for all damages to the property of others for each occurrence per the insurance requirement under the specifications including costs of investigation, all expenses of

litigation, including reasonable attorney's fees and the cost of appeals arising out of any such claims or suits because of any and all acts of omission or commission of any by the vendor, their agents, servants, or employees, or through the mere existence of the project under contract.

The foregoing indemnity agreement shall apply to any and all claims and suits other than claims and suits arising out of the sole and exclusive negligence of the FSA, its officers, agents, and employees, as determined by a court of competent jurisdiction.

The vendor will notify the insurance agent without delay of the existence of the Hold Harmless Agreement contained within this contract and furnish a copy of the Hold Harmless Agreement to the insurance agent and carrier.

The vendor will obtain and maintain contractual liability insurance in adequate limits for the sole purpose of protecting the FSA under the Hold Harmless Agreement from any and all claims arising out of this contractual operation. All policies shall be made available to the FSA upon demand. Compliance by the vendor with the foregoing requirements as to carrying insurance and furnishing copies of the insurance policies shall not relieve the vendor and all third-party suppliers of their liabilities and obligations under any section or provisions of this contract. Vendor shall be as fully responsible to the FSA for the acts and omissions of the third-party suppliers (including manufacturer's authorized service centers) and of persons employed by them as they are for acts and omissions of persons directly employed by him.

Insurance coverage required in this contract shall be in force throughout the contract term. The required Insurance Checklist summarizes the bidder's insurance obligations, if awarded. The FSA can request, and the vendor shall furnish proof of insurance within seven days of receipt of the written request from FSA. Should the vendor fail to provide acceptable evidence of current insurance during the contract term, the FSA shall have the right to consider the contract breached and justifying the termination thereof. If bidder does not meet the insurance requirements of the specifications; the FSA may consider alternate insurance coverage.

## 2.06 SEALED BIDS

For purposes of this solicitation, a sealed bid is considered a bid submitted using VendorLink.

## 2.07 EXCEPTIONS, OMISSION AND ERRORS

Any exceptions, deviations, or contingencies a bidder may have to specifications or Contract Conditions, Section 3.0 of this document, must be documented in bidder's submission. Exceptions to the specifications at the time of the bid submission shall reference the section and a written explanation for the request for exception. At FSA's discretion, exceptions, deviations, or contingencies to the specifications or Contract Conditions stipulated by the bidder may result in disqualification of a bidder's submission.

Specifications are based on the most current manufacturer literature available. Bidders should immediately notify the FSA of any inaccuracies in the specifications or required submittal documents. All notifications of inaccuracies must be in writing and timely submitted.

Failure of a bidder to comply with these provisions will result in bidders being held responsible for all costs required to bring the item into compliance with the contract specifications. Exceptions, deviations or contingencies to the General Conditions or Bidder Instructions, other than those determined to constitute minor irregularities and waived by the FSA pursuant to Section 2.26, may be cause for the rejection of a bidder's submission.

## 2.08 MISTAKES

Bidders are expected to examine the specifications, delivery schedules, bid prices, and all information pertaining to servicing this contract before submitting a bid. Failure to do so will be at the bidder's risk.

## 2.09 EQUIVALENTS

Bidders must first request approval from the FSA before submitting a bid that includes an equivalent that will supplement an item on the base specifications. The FSA will determine whether the proposed equivalent is equal to or exceeds the quality, design, and construction than the intended replacement item in the base specification.

Bidders must provide the manufacturer name and model number (or product identifier) of each equivalent when seeking approval. Complete, descriptive, technical literature should demonstrate that the equivalent conforms with specific replacement item. If the equivalent is approved by the

FSA, the bidder must include the supporting material in the bid submission. Bids will not be considered without this information. If a bid uses equivalents without prior approval, the bid will be deemed non-responsive.

FSA lists specification groups and not specific makes and models for this bid. Bidders are permitted to offer alternate makes and models they are authorized to sell when bidding. When selling equivalents, vendors must disclose to the purchaser that an approved equivalent is being offered.

## 2.10 MANDATORY PRE-BID MEETING

Prospective bidders are required to participate in a mandatory Pre-Bid Meeting as designated by FSA in the Bidder Instructions, Section 2.0. The Pre-Bid Meeting is designed for bidders, the Fleet Advisory Committee and the FSA to clarify questions on the terms and conditions and to confirm all base specifications are correct.

Bidders have the opportunity to suggest technical modifications or corrections before the specifications are finalized. Questions relating to the specifications, the bid process, or award can be asked at the Pre-Bid Meeting.

FSA reserves the right to grant attendance exceptions to the mandatory meeting or conference call if the bidder has requested prior authorization, signs a memo of understanding to agree to meet all the terms and conditions without exception and further waives their right to protest the bid process in its entirety or any portion thereof.

## 2.11 QUALIFICATION

Prices quoted in the bid submission should reflect the final amount the bidder can expect to receive for payment for the specifications bid for the duration of the contract award, unless otherwise addressed by a contract extension or price adjustment as provided in the contract. These prices must be inclusive of all of the components included in the base specification.

Prices bid, including options, must include the administrative fee FSA charges to administer the contract, as outlined in Section 3.28.

Once awarded, the vendor has the authority to offer discounts for prompt payment. Cash or quantity discounts offered will not be a consideration in determination of award of the contract.

## 2.13 OPTION PRICING

The FSA has the discretion to disqualify bidders if the option pricing is excessive. The bidder shall offer discount below Manufacturer's Standard Retail Pricing (MSRP) or manufacturers published list price for any optional goods or services included in the bid submission and in resulting customer orders, if awarded.

Purchasers are encouraged to negotiate option pricing with vendors. Discounts can be provided beyond published list price of optional goods or services. The additional discounts for each optional good or service shall be decided by the vendor.

Bidder must indicate in their bid submission any option requiring the purchase of other options, and also indicate options that are a part of or dependent on another option.

The use of options to facilitate the sale of an alternate manufacturer's product which is outside the scope of the written base specification will be construed as noncompliant and the bid will be rejected in whole or part by the FSA.

Option pricing will include all costs of labor associated with the option and should not be listed separately within the bid, with the exception of purchaser-owned wheel assemblies where the cost of labor is the sole item bid for Specifications 8-10. For Specifications 8-10, the purchaser is responsible for the tire mount installation on the wheel assemblies of the vehicle or piece of equipment unless the purchaser elects the tires installed on purchaser-owned wheel assemblies option.

This information is necessary to accurately report and submit the administrative fees under this contract.

Quarterly Reporting Plans should include details as to how the bidder will comply with quarterly reports. Bids can be withdrawn in writing prior to the contract award. If a bidder believes that the bidder must withdraw the bid, the bidder must contact the FSA immediately. Bid withdrawals are handled on a case by case basis and can result in a limitation of participation in future bids.

## 2.19 LATE BIDS

The responsibility for submitting a bid before the stated due date and time on the bid calendar is solely and strictly the responsibility of the bidder. The FSA is not responsible for delays caused by technical problems, any internet outages or delays incurred by electronic delivery, or any other occurrence. Any reference to time will be based on Eastern Time.

## 2.20 BID OPENING

Bids shall be opened on the date and time specified on the Bid Calendar. The bid opening will occur at the Florida Sheriffs Association, 2617 Mahan Drive, Tallahassee, Florida.

FSA shall read only the bidder name and if they have provided all the required information.

## 2.21 DETERMINATION OF RESPONSIVENESS

Determination of responsiveness will take place at the time of bid opening and evaluation. In order to be deemed a responsive bidder, the bid must conform in all material respects to the requirements stated in the contract. As set forth in Section 2.26, FSA reserves the right to waive or allow a vendor to correct minor irregularities.

## 2.22 RESPONSIVE AND RESPONSIBLE BIDDER CRITERIA

Bids will be evaluated to determine if eligibility and contract requirements are met. Responses that do not meet all requirements of this Invitation to Bid or fail to provide all required information, documents, or materials may be rejected as non-responsive.

Bidders whose responses, past performance, or current status do not reflect the capability, integrity, or reliability to fully and in good faith perform the requirements of the contract may be rejected as non-responsible. In determining a responsible bidder, the following factors may be considered:

- Adequacy of facilities, staffing, and financial resources;
- Previous experience with an FSA contract or other similar government contracts;
- Ability to provide excellent customer service, including past customer service performance in previous FSA contracts;
- Any other information relevant to the responsibility of a vendor that FSA is aware of.

In addition to bidders required by Section 2.01 to submit qualification information, FSA reserves the right to request staffing, performance, and financial information from any bidder during the evaluation process if the FSA determines this information is necessary to award the bid.

FSA reserves the right to determine which responses meet the requirements, specifications, terms, and conditions of the solicitation, and which bidders are responsive and responsible.

FSA further reserves the right to limit participation of bidders who, in FSA's sole discretion, are determined to present responsibility concerns that call into question the bidder's ability to perform but that do not rise to the level of requiring rejection of the bidder as non-responsible.

## 2.23 BASIS FOR AWARD

The FSA shall make awards to the lowest bidder by specification and by manufacturer to bidders deemed to be responsive and responsible.

The Fleet Advisory Committee serves as the initial review for bid submissions. The Fleet Advisory Committee's review is submitted to the FSA for final evaluation and determination of award.

The optional goods and services in the bid shall be for informational purposes only and will not serve as a basis for bid protest. However, the FSA has the discretion to consider option pricing in making the award if doing so would be in the best interests of the FSA or the purchaser.

The FSA reserves the right to accept or reject any and all bids, and to waive any minor irregularity, technicality, or omission if it determines that doing so will serve the purchaser's best interest.

## 2.25 BID TABULATIONS

The Bid Tabulation will be posted as provided in the bid calendar.

## 2.26 MINOR IRREGULARITIES/RIGHT TO REJECT

The FSA has the right to accept or reject any and all bids, or separate portions thereof, and to waive any minor irregularity, technicality, or omission if the FSA determines that doing so will serve its best interest or the best interest of the purchasers. A minor irregularity is a variation from the terms and conditions of this procurement that does not affect the price of the bid or give the bidder a substantial advantage over other bidders and thereby restrict or stifle competition and does not adversely impact the interests of the FSA or the purchasers. At its option, the FSA may allow a bidder to correct minor irregularities but is under no obligation to do so. In doing so, the FSA may request a bidder to provide clarifying information or additional materials to correct the irregularity. However, the FSA will not request and a bidder may not provide the FSA with additional materials that affect the price of the bid, or give the bidder an advantage or benefit not enjoyed by other bidders.

The FSA may also reject any bids not submitted in the manner specified in this document.

## 2.27 CONE OF SILENCE

This Invitation to Bid is subject to the Cone of Silence that begins the date the bid submission opens as indicated in the Bid Calendar. During this period all communications regarding this solicitation between FSA and bidder will cease, except for procedural questions, questions regarding problems incurred in the use of the bid system, or communications initiated by the FSA. All permitted communications during this period shall be made in writing to the procurement contacts identified in Section 1.01 of this Invitation to Bid. Bidders are encouraged to read the Bidder Instructions, Section 2.0.

## 3.0 CONTRACT CONDITIONS

### 3.01 GENERAL REQUIREMENTS

Once the bid has been awarded, the terms and conditions of this document become the contract between the FSA and the awarded vendor.

The terms and conditions apply to all tires, including any optional goods and services, purchased from this contract.

### 3.02 STATEMENT OF AUTHORITY

Each person signing the Contract warrants that he/she is duly authorized to do so and binds the respective party to the Contract.

### 3.03 VENDOR CONTACT INFORMATION

The vendor will maintain current contact information with FSA at all times.

If a change occurs during the Contract, the vendor must notify the FSA immediately. The Vendor Change Document must be completed, signed by an authorized representative, and submitted via e-mail to [CPP@flsheriffs.org](mailto:CPP@flsheriffs.org). An electronic signature may be used and shall have the same force and effect as a written signature.

A sample Vendor Change Document can be found in Appendix 4.

### 3.04 OPTION TO RENEW AND PRICE ADJUSTMENTS

#### Renewal Option

The contract may be renewed by mutual agreement, initiated at the discretion of the FSA, for up to two additional one-year terms on a year-to-year basis. The FSA reserves the right to in its sole discretion elect to renew the contract in whole or in part.

Contract extensions will only be executed when FSA determines, based on then-existing conditions, that it is in the best interest of the FSA and purchasers to do so.

In the event that the contract is held beyond the initial contract term and any extensions, it shall be on a month-to-month basis and shall not constitute an implied renewal of the contract. Such a month-to-month extension shall be upon the same terms of the contract and at the compensation and payment provided herein.

#### Price Adjustments

Prior to completion of each contract term, the FSA may consider a price adjustment due to manufacturer price changes; changes in the Producer Price Index (PPI) as published by the U.S. Department of Labor, Bureau of Labor Statistics; as a result of any changes to national or state standards that require substantial cost adjustments; or in the event of material changes in tariffs

that result in cost increases of 15% or more. Price adjustment requests based upon manufacturer price changes or changes in the PPI will be considered and implemented by FSA on an annual basis during the initial term, upon the completion of the initial term or a 12-month renewal period.

Any vendor-initiated price adjustment request under this provision must be received at least sixty (60) days prior to the end of a 12-month period or the expiration of the current contract term or extension period, as applicable. The FSA reserves the right to accept or reject vendor price adjustment requests, as it determines to be in the best interests of FSA and the purchasers.

Such adjustments based upon changes in the PPI or manufacturer certified price changes may be implemented upon request from a vendor or in the event that the FSA determines in its sole discretion that such a price adjustment is warranted.

It is the intent of this provision that events or changes affecting the industry as a whole will be addressed through adjustments based upon the PPI. Notwithstanding the foregoing, FSA reserves the right to, but is not obligated to, consider price adjustments based upon events or changes that impact a given vendor in a manner materially different than the industry if the vendor presents evidence that FSA determines, in its sole discretion, clearly substantiate material cost increases specific to such vendor. In the event of changes to national or state standards, the vendor must present verifiable changes in cost to the FSA. The FSA will consider the cost changes and will make a final determination on the change in price.

The vendor price adjustment request must clearly substantiate the requested change. If no request is received from the vendor prior to the expiration of the initial term, the FSA will assume that the vendor has agreed that the renewal option may be exercised without pricing adjustment. Any adjustment request received after the commencement of a renewal term will not be considered.

Upward price adjustments (i.e. price increases) may only be made through FSA-approved price adjustments pursuant to the terms of this section. Vendors may make downward price adjustments (i.e. price decreases) at any point during the term of the contract or extension period.

The FSA reserves the right to accept the renewal adjustment or to allow the contract to terminate and re-advertise for bids, whichever is in the best interest of the FSA.

### 3.05 ADDITIONS AND DELETIONS

The FSA reserves the right to add or delete any items from this bid or resulting contract when deemed to be in the best interest of FSA and the participating purchasers.

FSA reserves the right to remove, discontinue, or suspend the sale or offering of any product within the Invitation to Bid document or existing contract, at its discretion.

This decision to take action may be based upon and not limited to:

- Fewer or no sales;
- Product recalls and other safety issues;
- Vendor or Manufacturer performance; or
- Lack of relevance of products or commodities.

### 3.06 EQUITABLE ADJUSTMENT

The FSA may make an equitable adjustment to the contract terms or pricing at its discretion.

### 3.07 DISCOUNTS

Discounts shall be below Manufacturer's Standard Retail Pricing (MSRP) or manufacturers published list price for any tires, including any optional goods and services.

The vendors and their approved service centers have the authority to offer additional discounts based on quantity, as well as additional manufacturer or retailer discounts.

It is understood and agreed that any item offered or shipped as a result of this bid shall be the most current model offered, i.e. the most current production model at the time of this bid.

### 3.09 PRODUCTION CUTOFF

Any substitutes will be returned at the vendor's expense. Delivery of substitutes and the delay in supplying the correct specification can be deemed grounds for termination for default.

### 3.12 PURSUIT RATED VEHICLES/MOTORCYCLES

Purchasers should refer to manufacturers' published information regarding recommended tires for pursuit rated vehicles and motorcycles, including any optional goods and services.

### 3.13 SPECIAL SERVICE VEHICLES

The FSA may at any time during the contract period request proof that installations and service work is completed in accordance with manufacturer specifications and guidelines. Any vendor that violates this provision will be considered in default of the contract. FSA may terminate the contract in accordance with Section 1.45.

#### Purchaser Installations & Services:

Purchasers may elect to purchase and install tires and optional goods under this contract. In such instances, the purchaser agrees to a release of liability and hold harmless for the vendor and the FSA for installations performed by purchasers. This release shall not apply to defects or failures with respect to the tires and optional goods themselves, or to workmanship with respect to the manufacture of such tires or optional goods but shall instead encompass only defects or failures arising from the installation of such tires and optional goods.

### 3.17 NON-SCHEDULED OPTIONS

FSA attempts to include scheduled, factory, and aftermarket options in the bid document. If a purchaser requests a non-scheduled option that is not identified in the bid document, the vendor may provide this non-scheduled option. The purchaser has the opportunity to request the vendor's discount pricing for any non-scheduled options during the quote process. At no time should the non-scheduled option exceed MSRP or Published List Price.

Non-scheduled options should be listed as a separate line item and noted on the purchase order to include the price. All non-scheduled options are covered under these terms and conditions.

### 3.18 FORCE MAJEURE

A vendor shall not be penalized for a delay resulting from the vendor's failure to comply with delivery requirements if neither the fault nor the negligence of the vendor or its employees contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar causes wholly beyond the vendor's control, or for any of the foregoing that third party suppliers if no alternate source of supply is available to the vendor.

### 3.19 DELIVERY

Vendors or manufacturer's authorized service center shall specify the estimated delivery time in calendar days for each item. The purchaser should consult the vendor regarding vehicle production schedules. Delivery shall be within the normal working hours of the user, Monday through Friday, excluding holidays.

Bulk deliveries of tires shall be completed within thirty (30) calendar days after receipt of an order, unless the vendor and purchaser negotiate a different delivery schedule in writing.

### 3.20 ORDER

Each order and invoice must include the FSA Contract: FSA22-TRS24.0.

Required delivery or due dates for tires, including any optional goods or services, should be discussed with the vendor or manufacturer's authorized service center at the time of the price quote.

If a vendor receives a purchase order or request for price quote for a specification for which they were not awarded, the vendor must notify the purchaser and return the purchase order or request or price quote to the purchaser within three (3) business days.

All tires and optional goods ordered prior to manufacturer's close of production and in accordance with the contract shall be supplied in the manufacturer's next model run of that class even if it requires supplying a later model at the original bid prices.

It is the vendor's responsibility to ensure that the tires ordered by the purchaser and installed by manufacturer approved service center, including any optional goods or services, are fully compatible with the vehicle, and complies with all applicable manufacturer specifications, guidelines, and industry standards. The vendor's acceptance of a purchaser's order will indicate that the vendor agrees to deliver tires, including any optional goods or services, that will be fully compatible with the vehicles.

Any changes that are required to correct an incorrect installation or order will be accomplished at the vendor's expense.

### 3.21 TIRE DELIVERY AND SHIPPING

In cases where tires must be shipped to the purchaser, the vendor or manufacturer's authorized service center shall specify any delivery or shipping costs as a separate line item in a bid quote to purchasers prior to any order being placed.

### 3.22 INSPECTION AND ACCEPTANCE

It is the responsibility of the purchaser to inspect tires, including any optional goods or services, for any damages or workmanship issues.

Each purchaser shall make a good faith effort to inspect the vehicle tires, including any optional goods or services, before or at the time of delivery for acceptance. One (1) business day is the suggested period for inspection. However, if reasonable accommodations for inspection cannot be made upon delivery, the purchaser may have up to three (3) business days to inspect the vehicle tires, including any optional goods or services, for acceptance.

### 3.23 DISPOSAL AND OTHER FEES

The purchaser has the option of retaining used tires for recycling purposes. On bulk tire deliveries to a purchaser's facility, the vendor or manufacturer's authorized service center may pick up and dispose of an equal number of replaced used tires. This pickup of used tires may be required at a later date by the purchaser. All used tires must be disposed of in accordance with all Federal, State and local requirements.

Disposal or other fees imposed by the State, Federal or local governments and in effect shall be listed separately on the quote to the purchaser. For Specifications 1-8, the Waste Fee is included in the base price.

### 3.24 INVOICING AND PAYMENTS

Each order and invoice must include the FSA Contract: FSA22-TRS24.0.

Invoicing and payments shall be the responsibility of the vendor and purchaser placing orders using this contract. Vendors must invoice each purchaser independently.

The vendor shall be paid upon submission of invoices to the purchaser after satisfactory delivery and acceptance of the purchased items or services.

The Local Government Prompt Payment Act will apply to ensure timely payment of Vendor invoices. The Local Government Prompt Payment Act is defined in Sections 218.70–218.79, Florida Statutes.

### 3.25 WARRANTY REPAIRS AND SERVICE

Tires, including optional goods and services, shall be covered by the manufacturer’s standard warranty. A copy of the Manufacturer’s standard warranty shall be provided to the purchaser upon request at time of purchase.

All warranties shall begin at the time of final acceptance by the purchaser. Failure by any manufacturer or manufacturer’s authorized representative to render proper warranty service or adjustments, including providing a copy of the warranty work order to the purchaser, may subject the vendor to suspension from the approved vendor listing until satisfactory evidence of correction is presented to the FSA.

### 3.26 INADEQUATE SERVICE

When tires, including any optional goods and services, require service or adjustments upon final acceptance, the vendor shall either remedy the defect. Such service or adjustments shall be initiated by the vendor within 48 hours of notification by a purchaser, not to include weekends and holidays. Final acceptance will not be considered complete until all services or adjustments are satisfactory.

### 3.27 QUARTERLY REPORTS

Quarterly reports are the contractual responsibility of each vendor. Quarterly Reports which do not adhere to the required format or are not complete for all sales will be returned to the reporting vendor to correct deficiencies.

Information in the Quarterly Report shall include:

- Volume sold by specification and brand
- Total dollar by brand sold

Quarterly reports are to be filled out on the website at <https://www.flsheriffs.org/law-enforcement-programs/cooperative-purchasing-program/dealers-only>, then by clicking on the proper contract number. After the forms are completed, vendors submit the report online by selecting “submit” at bottom of form. An example of the quarterly report can be found in the Appendix 3.

Quarterly Reports are due no later than the 30<sup>th</sup> calendar day of the month following the end of the quarter. Quarterly reports shall follow this schedule for the duration of the contract:

Contract Year 1: April 1, 2022 – March 31, 2023

Year 1 Quarter 1:	April 1 – June 30, 2022	Q1 Report Due:	July 30
Year 1 Quarter 2:	July 1 – September 30, 2022	Q2 Report Due:	October 30
Year 1 Quarter 3:	October 1 – December 31, 2022	Q3 Report Due:	January 30
Year 1 Quarter 4:	January 1 – March 31, 2023	Q4 Report Due:	April 30

Contract Year 2: April 1, 2023 – March 31, 2024

Year 2 Quarter 1:	April 1 – June 30, 2023	Q1 Report Due:	July 30
Year 2 Quarter 2:	July 1 – September 30, 2023	Q2 Report Due:	October 30
Year 2 Quarter 3:	October 1 – December 31, 2023	Q3 Report Due:	January 30
Year 2 Quarter 4:	January 1 – March 31, 2024	Q4 Report Due:	April 30

If a contract extension is executed, the quarterly reports will maintain the same schedule for future reporting periods.

If a vendor has no sales within a quarter, the vendor is required to submit a quarterly report and must indicate “NO SALES REPORTED THIS QUARTER” on the quarterly report.

FSA reserves the right to modify the procedure for submitting Quarterly Reports during the term of the contract. Such a change shall not materially modify the substance of the information to be reported but may change the method by which future Quarterly Reports are to be submitted. In the event of such a change, FSA will provide written notice to all vendors of the method by which future Quarterly Reports are to be submitted.

### 3.28 ADMINISTRATIVE FEE

The FSA charges three quarters of one percent (.0075) to procure, process, and administer the contract.

After receipt of payment from contract purchases, the vendor shall remit all administrative fees to the FSA no later than 30 calendar days after the close of the quarter. All fees payable to the FSA during any given quarter will be accompanied and supported by a Quarterly Report.

Vendors are to include the administrative fee of three quarters of one percent (.0075) in all base bid prices. The fee should be incorporated into the price at the time of bid submission. This fee should also be included on all options and services. The administrative fee will remain payable to FSA and no relief from payment of the administrative fee, nor any additional charge to recoup the administrative fee, will be permitted if a dealer fails to incorporate the administrative fee in its bid pricing.

Administrative fees shall never be listed as a separate line item on any purchase order or invoice.

The administrative fee is based on the total purchase order amount of tires, optional goods and services. This administrative fee excludes any value given to purchasers for trade-ins. Trade-ins, extended warranties, and other exchanges will not reduce or impact the fee calculation.

The administrative fees are the contractual responsibility of each vendor.

By submission of the Quarterly Reports and administrative fee, the vendor is certifying the accuracy of the reports and payments. All reports and fee submissions shall be subject to audit by the FSA or their designee.

All vendors will be responsible for making sure that the FSA Cooperative Purchasing Program has the contact information, including e-mail address, for the person responsible for Quarterly Reports. There will be no reminders for the Quarterly Reports or the administrative fee.

Checks for the administrative fee can be sent to:

Florida Sheriffs Association  
Cooperative Purchasing Program  
ATTN: Quarterly Report  
2617 Mahan Drive  
Tallahassee, FL 32308

Vendors are encouraged to submit payments via ACH. If your company is able to pay via ACH, please consider adding the Florida Sheriffs Association to your list of vendors paid via electronic payment.

Contact [accounting@flsheriffs.org](mailto:accounting@flsheriffs.org) to set up.

### 3.29 LIQUIDATED DAMAGES

The vendor warrants that the products supplied to the FSA or purchaser shall conform in all respects to the standards set forth and the failure to comply with this condition will be considered as a breach of contract. Any liquidated damages levied because of inadequacies or failures to comply with these requirements shall be borne solely by the vendor responsible for same.

Failure to submit the administrative fee with accompanying Quarterly Reports within thirty (30) calendar days following the end of each quarter as specified in 3.27 will result in the imposition of liquidated damages. Vendors failing to submit administrative fees and Quarterly Reports will incur liquidated damages in the amount of \$25 for each day that fees and reports are past due, beginning on the 31<sup>st</sup> day following the end of the quarter. Failure to report sales will incur liquidated damages in the amount of .0075% of the sales price plus 1.5% each month following the date of the quarterly report for which non-reported sales were due.

If a civil action is initiated by the FSA to recover administrative fees or liquidated damages as set forth in this section and Section 3.28, the prevailing party shall be entitled to its reasonable attorney's fees and costs incurred in the litigation. Venue shall lie in the Circuit Court for the Second Judicial Circuit in and for Leon County, Florida.

When quarterly reports are late, liquidated damages are to be included in vendor's Quarterly Report and administrative fee submission. Liquidated damages that remain unpaid beyond forty-five (45) days can result in disqualification for future solicitations or termination for cause.

**Schedule of Liquidated Damages**

Failure to submit quarterly report on time	\$25 per calendar day
Failure to submit administrative fee on time	\$25 per calendar day
Failure to Report Sales	.0075 of the sales price plus 1.5% each month following the delivery date.

Vendor agrees and acknowledges that its failure to take any of the actions specified in the above schedule will damage the FSA, but by their nature such damages are difficult to ascertain. Accordingly, the above specified schedule of liquidated damages shall apply to this contract. Vendor agrees and acknowledges that these liquidated damages are not intended to be and do not constitute a penalty but are instead intended solely to compensate the FSA for damages, and that these amounts are reasonably calculated to compensate the FSA for the damages that it will incur as a result of the vendor's failure to take the specified actions.
